#### Message from the CEO: Merger Milestones Update

Today, AGL Resources and Nicor each filed a “Notification and Report Form” with the Federal Trade Commission and the Department of Justice as required by the Hart-Scott-Rodino Antitrust Improvements Act of 1976. This Act is a set of amendments to the antitrust laws of the United States and provides that before certain mergers or other transactions can close, both parties must file this form for review. The review period is generally 30 days.

We continue to respond to comments received from the Securities and Exchange Commission on our Registration Statement on Form S-4 relating to the merger. Once we have completed the review process, which we expect to occur in the coming weeks, we intend to file a final amendment to the registration statement, at which time we expect the registration statement to be declared effective. Once the registration statement is declared effective, the date for the special meeting of shareholders of both companies will be finalized and the proxy statement included in the registration statement will be distributed to Nicor's shareholders for their vote on the merger and to our shareholders for their vote on the share issuance and board expansion contemplated by the merger agreement. We expect to hold our special meeting of shareholders on June 14, 2011, pending clearance from the SEC.

Regarding the Illinois Commerce Commission proceeding, we continue to receive and respond to data requests as part of the customary regulatory process. We still expect to close the merger during the second half of 2011. I will continue to keep you informed of our progress and all other important developments.

As always, if you have any questions, please speak with your supervisor or send an email to [merger@aglresources.com](mailto:merger@aglresources.com).

Thank you for your ongoing commitment to our company and customers.
