Notes to the Consolidated Financial Statements

June 30, 2012

(Unaudited)

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The consolidated financial statements presented are those of PCS Edventures!.com, Inc., an Idaho corporation, and its wholly owned subsidiary, PCS LabMentors, Ltd., a Canadian company (collectively, the Company).

On August 3, 1994, PCS Education Systems, Inc. was incorporated under the laws of Idaho to develop and operate stand-alone learning labs.

In October 1994, PCS exchanged common stock on a one-for-one basis for common stock of PCS Schools, Inc. As a result of this exchange, PCS Schools, Inc. became a wholly owned subsidiary of PCS. In the late 1990s, the Company divested the stand-alone learning labs to focus more on a hands-on module coupled with web-based technology for use in the classroom.

On March 27, 2000, PCS changed its name from PCS Education Systems, Inc. to PCS Edventures!.com, Inc.

On November 30, 2005, PCS entered into an agreement with 511092 N.B. LTD., a Canadian corporation (LabMentors) to exchange PCS common stock for common stock of 511092 N.B. LTD. as disclosed in the 8-K as filed with the Securities and Exchange Commission (the SEC) on December 9, 2005 and amended on February 15, 2006. As a result of the definitive Share Exchange Agreement, 511092 N.B. LTD. became a wholly owned subsidiary of the Company. In December 2005, the name of this subsidiary was formally changed to PCS LabMentors, Ltd. It remains a Canadian corporation.

NOTE 2 - UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

The June 30, 2012, consolidated financial statements presented herein are unaudited, and in the opinion of management, include all adjustments (consisting of only normal recurring accruals) necessary for a fair presentation of financial position, results of operations and cash flows. Such financial statements do not include all of the information

and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America. This Quarterly Report on Form 10-Q should be read in conjunction with the Annual Report on Form 10-K for PCS Edventures!.com for the fiscal year ended March 31, 2012. The March 31, 2012, consolidated balance sheet is derived from the audited balance sheet included therein.

The operating results for the three-month period ended June 30, 2012, are not necessarily indicative of the results that may be expected for the fiscal year ending March 31, 2013.

NOTE 3 - GOING CONCERN

The Company's consolidated financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. The established sources of revenues are not sufficient to cover the Company's operating costs. The Company has accumulated significant losses and payables and generated negative cash flows. The combination of these items raises substantial doubt about its ability to continue as a going concern. Management's plans with respect to alleviating this adverse position are as follows:

During the fiscal year ended March 31, 2012, PCS began the transition to a new marketing model that would address the challenges presented by the current budgetary cuts in the educational market. PCS recognizes that its experience in operating learning centers combined with the chaos of our current national education crisis creates a unique opportunity to supplement the current PCS business model through opening learning centers in partnership with schools. This approach combines PCS expertise in experiential learning with its considerable store of intellectual property comprised of learning frameworks, content, proprietary hardware, and software developed

over the past two decades while increasing the throughput of our existing direct sales efforts. This marketing approach will incorporate the large body of PCS intellectual property into an afterschool program that families will pay tuition to attend. PCS developed a relationship with Sage International, an International Baccalaureate charter school based in Boise, to provide the facility and classroom for the afterschool program, and PCS, in exchange, provides the equipment and support. The school uses the material during the day as part of the curriculum, and PCS operates for-profit afterschool classes on weekends, evenings, during breaks and after the close of the school day. PCS conducted successful market tests of holiday camps during November and December of 2011 and in March of 2012, refining and confirming basic assumptions related to the business plan, and opened for afterschool and summer programs in April of 2012. The PCS Learning Center at Sage generated \$11,907 in revenue and \$16,052 in expenses for the fiscal quarter ended June 30, 2012 for a net loss of \$4,145.

The business plan proposes the continued promotion and growth of the PCS Learning Center at Sage to further demonstrate proof of the concept, and the opening of two additional learning centers in FY2013, one more located in the Boise market, partnering with another local school, and a third opening in a market of strategic importance yet to be determined. The premise of the business plan is two-fold: 1) learning center revenues will be more consistent and predictable for the Company to plan and manage cash and growth; and 2) an established network of learning centers will serve as highly effective showrooms for sales of PCS products and services into neighboring districts. Also of note, close partnerships with schools provide an opportunity to test and improve PCS products on a regular basis.

Also related to the transitional emphasis to the learning center business, PCS signed a license and royalty agreement with Creya Learning of India (CL). CL will use PCS content and support services to implement experiential learning curriculums into Indian schools and to build out a network of experiential learning centers in India that will function as premier afterschool locations as well as product showrooms. PCS, as part of the agreement, will receive ongoing royalties on the tuition charged to students attending PCS based programs. In Q1, FY2013, PCS also executed a STEM consulting agreement with Cultural Innovations for science center and STEM consulting services in the Kingdom of Saudi Arabia and concluded work associated with a tender competition contract initiated in Q2 of FY2012 with Tatweer Holding Company of Saudi Arabia. PCS will continue to pursue additional international opportunities to offset the continued challenges to the domestic economy and to take advantage of global market needs for PCS type products and services.

Product development in Q1 focused on continued improvements and refinements to PCS products and curriculum, primarily PCS Robotics related materials. Executive management continues in its conviction that the K12 educational robotics market represents a significant market opportunity for PCS.

Management changes initiated in Q4 of FY2012 have proven effective with the executive management team, comprised of Robert Grover, CEO, Leann Gilberg, CFO, and Brett Newbold, COO, working well together to refine operations, improve cash management, and direct the Company in a new direction that will stabilize revenues and position the Company for growth both domestically and in partner countries around the world.

The ability of the Company to continue as a going concern is dependent upon our ability to successfully accomplish the plans described in the preceding paragraphs, to raise capital as needed, to continue to monitor and reduce overhead

costs, and to attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Notes Payable

On December 30, 2011, the Company entered into a note payable in the amount of \$30,000. The note bears interest at ten percent (10%) per annum and was due on February 28, 2012. This note was subsequently extended to July 31, 2012. A second extension was issued on this note, under the same terms and conditions, with a new maturity date of December 31, 2012.

On January 6, 2012, the Company entered into a promissory note in the amount of \$35,000. The note paid interest at ten percent (10%) per annum. The note was due and payable with accrued interest on or before March 6, 2012, and was secured by certain accounts receivable of the Company. Upon collection of the pledged receivables the amount was rolled into a new promissory note dated January 26, 2012, in the aggregate amount of \$175,000 with interest payable at fifteen percent (15%) per annum. This note was due and payable on or before April 10, 2012. The aggregate amount of \$175,000 plus accrued interest was paid in full on April 18, 2012, upon receipt of the receivable related to the pledged purchase order used to secure the January 26, 2012 note. The January 26, 2012 note included attached warrants to purchase 175,000 shares of restricted Rule 144 common stock at a rate of \$0.12 per share for the first 18 months and \$0.18 per share for the remaining 18 months. The warrants expire 36 months from date of the agreement. The warrants attached to the note were valued using the Black Scholes Valuation Model, resulting in a fair value of \$8,006, the balance of which was fully amortized as of March 31, 2012.

On January 13, 2012, the Company entered into two separate promissory notes in the amount of \$35,000 each for an aggregate amount of \$70,000. The notes bear interest at nine percent (9%) per annum and are due and payable on or before January 10, 2013. Minimum monthly payments of 1.5% of the loan balances are required and are submitted to Lenders financial institution. Principal payments of \$2,849 had been paid as of June 30, 2012.

On March 14, 2012, the Company entered into a promissory note for \$10,000. The note bears interest at ten percent (10%) per annum and is due and payable on or before April 30, 2012. This note was subsequently extended and is due and payable on or before July 31, 2012. On July 30, 2012, the Company repaid this note in the amount of \$10,380.83. The payment consisted of \$10,000 in principal and \$380.83 in accrued interest. The interest paid included \$46.58 that was accrued in Interest Payable and expensed as of March 31, 2012.

Edgar Filing: PCS EDVENTURES COM INC - Form 10-Q

On April 18, 2012, we agreed to enter into a promissory note with Anthony A. Maher for \$25,000 with an interest rate of 7.5% per annum. The balance is due in full on or before April 18, 2017.

On June 14, 2012, we executed a promissory note with a note holder and one of our shareholders, for \$60,000 at 15% interest per annum, secured by seven of our sales orders to finance inventory purchases. The promissory note is due on or before August 14, 2012. There is no conversion feature associated with this promissory note.

Line of Credit

On September 13, 2011, the Company drew down a line of credit at a financial institution in the amount of \$39,050. The line of credit bears interest at 17.5% per annum. The Company makes variable monthly payments. As of June 30, 2012, the Company has paid \$3,817 in principal leaving a balance of \$35,233 payable.

Convertible Notes

On March 31, 2011, the Company entered into several convertible promissory notes in the aggregate amount of \$215,000. The notes are convertible into common stock at a rate of \$0.15 per share. The notes bear interest at ten percent (10%) per annum and include attached warrants to purchase two shares of restricted Rule 144 common stock for every dollar loaned, at a rate of \$0.15 per share, for an aggregate total of 430,000 restricted Rule 144 common shares. The notes were due on June 29, 2011, and are secured by that portion or percentage of the Borrower's Intellectual Property which the principal amount of the note bears to the fair market value of all Intellectual Property of the Borrower. Intellectual Property of the Borrower is defined to mean all trademarks, registered or unregistered, marks, logos, business names, proprietary computer software, curriculum, copyrighted material, registered or unregistered, trade names, patents and patent applications, and all general intangibles relating to the foregoing. Notwithstanding the foregoing, Intellectual Property shall not include any license, property or contract right the granting of a security in which would be prohibited by law or contract. The warrants expire 36 months from date of agreements. The Company recognized a discount on the debt issued, which was composed of an embedded beneficial conversion feature and attached warrants. The Company measured the beneficial conversion feature by allocating a portion of the proceeds equal to the intrinsic value of the feature to additional paid-in-capital. The intrinsic value of the feature was calculated on the commitment date using the effective conversion price of the notes. This intrinsic value is limited to the portion of the proceeds allocated to the notes, and was calculated as \$58,000. The warrants attached to the notes were valued using the Black Scholes Valuation Model, resulting in a fair value of \$63,479, the balance of which was fully amortized as of June 30, 2011.

The Company extended the due date on the convertible notes payable dated March 31, 2011 in the aggregate amount of \$215,000. These notes were originally due on June 29, 2011 and subsequently extended. In consideration for the first note extension, the Company issued an additional 430,000 in restricted Rule 144 common stock warrants. The restricted Rule 144 common stock warrants allow for the purchase of one share of restricted Rule 144 common stock at \$0.15 per restricted Rule 144 common stock warrant. The warrants expire 36 months from the date of the original

warrant agreement. The fair market value of these warrants was calculated using the Black Scholes Valuation Model, resulting in an expense of \$61,995 during the quarter ended June 30, 2011. On February 10, 2012, the notes were extended to August 25, 2013, with repayments to be made quarterly beginning in May, 2012, in the amount of \$40,000 per quarter, with the remaining balance due in August 2013. No additional warrants were issued in connection with subsequent extensions.

On August 1, 2012, the Company issued amendments to the convertible note agreements and extended the due date with the repayments in the amount of \$40,000 per quarter to begin April, 2013, and the final payments due in August, 2014, with any remaining balance due at that time. In consideration for extending the due date of the promissory notes, the expiration dates on the warrants issued on March 31, 2011 and June 27, 2011, were amended and extended an additional three years, making the new expiration dates March 31, 2017. Not all Lenders have executed the amended agreements at the time of this filing, although the terms were agreed upon prior to issuance of the extension documents and they are all expected to execute. The May 2012 payments have not been paid and until the amendments are executed by the Lenders the May 2012 payments on the notes are past due. No notice of default has been executed or received. At the Lender's sole option, Lenders may elect to receive payment of their respective note and all accrued interest in restricted common stock of the Borrower at the price per share of said common stock at same rate as the warrants.

On February 29, 2012, the Company entered into three separate convertible promissory notes in the aggregate amount of \$100,000. The notes bear interest at ten percent (10%) per annum and were due on May 30, 2012. At the sole option each respective Lender, the outstanding balance of the notes may be converted into shares of restricted Rule 144 common stock of the Borrower at a price per share of \$0.05. In the event Lender elects to convert any outstanding balance due under this note into such shares, Lender shall give written notice to the Borrower seven (7) days prior to the effective date of such exercise. At Borrower's sole option, Borrower may elect to pay Lender in cash up to one-half (1/2) of the then principal and interest due under the note. In such event, the remaining balance of principal and interest shall be converted as provided under the note agreement. On June 14, 2012, one of the notes, in the amount of \$50,000, was converted into 1,028,770 shares of our restricted common stock in accordance with the terms of the convertible promissory note. A second extension was issued for the remaining two notes in an aggregate amount of \$50,000, under the same terms and conditions, with a new maturity date of October 31, 2012.

On April 23, 2012, we entered into a Securities Purchase Agreement whereby we issued an 8% convertible promissory note in an aggregate amount of \$32,500, convertible into shares of common stock of the Company at the expiration of six months, at a discount to market of 42% of the Market Price, which means the average of the lowest three (3) Trading Prices for the common stock during the ten (10) Trading Day period ending on the latest complete Trading Day prior to the Conversion Date. The Company recognized a discount on the debt issued related to the derivative liability. The Company measured the derivative liability using a lattice model as described in Note 7, of which \$2,311 was amortized during the three months ended June 30, 2012.

The convertible promissory note has a due date of January 26, 2013; can be pre-paid, subject to varying Optional Prepayment Date payments ranging from 125% if prepaid during the first 30 days to 150% if prepaid prior to the expiration of 180 days. Conversion is restricted so that conversions will not result in an ownership of more than 4.99% of the outstanding common stock of the Company by the note holder. The Company is at all times required to reserve at least four times the amount of shares that may be subject to conversion at any time for issuance on conversion. The note holder also has a first right of refusal on any additional funding of up to \$100,000.

The agreements contain customary representations and warranties, customary affirmative and negative covenants, customary anti-dilution provisions, and customary events of default that entitle the note holder to accelerate the due date of the unpaid principal amount of, and all accrued and unpaid interest on, the convertible promissory note.

The note holder is an accredited investor as that term is defined in Rule 501 of Regulation D of the Securities and Exchange Commission. These securities were offered and sold pursuant to an exemption from registration under the Securities Act of 1933, as amended (the Securities Act), pursuant Section 4(2) thereof.

On June 4, 2012, we entered into a second Securities Purchase Agreement with the same party as the April 23, 2012 agreement, whereby we issued an 8% convertible promissory note in an aggregate amount of \$28,750, convertible into shares of common stock of the Company under the same terms as the first note dated April 23, 2012. The Company recognized a discount on the debt issued related to the derivative liability. This debt discount was calculated as \$28,750, of which \$2,045 was amortized during the three months ended June 30, 2012.

On June 7, 2012, Leann R. Gilberg, Robert O. Grover and Brett A. Newbold, three of our officers, as well as one employee shareholder, and one additional shareholder, each converted his/her respective \$2,400 convertible promissory note dated May 3, 2012, into 60,288 shares of our restricted common stock in accordance with the terms of said convertible promissory notes. Forms 4 were filed for the three officers on June 12, 2012. The Company recognized a discount on the debt issued related to the embedded beneficial conversion feature. The Company measured the beneficial conversion feature by allocating a portion of the proceeds equal to the intrinsic value of the feature to additional paid-in-capital. The intrinsic value of the feature was calculated on the commitment date using the effective conversion price of the notes. This intrinsic value was calculated as \$9,889, of which \$7,184 was amortized during the three months ended June 30, 2012, at the time of conversion with the remaining balance included in the gain on redemption at conversion.

NOTE 7 DERIVATIVE FINANCIAL INSTRUMENTS

The Company generally does not use derivative financial instruments to hedge exposures to cash-flow risks or market-risks that may affect the fair values of its financial instruments. The Company utilizes various types of financing to fund our business needs, including convertible debts with conversion features and other instruments

not indexed to our stock. The convertible notes include fluctuating conversion rates. The Company uses a lattice model for valuation of the derivative. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and then re-valued at each reporting date, with changes in the fair value reported in income in accordance with ASC 815. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is reassessed at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether net cash settlement of the derivative instrument could be required within the 12 months of the balance sheet date.

As discussed in Note 6 under convertible notes, the Company issued convertible notes payable that provide for the issuance of convertible notes with variable conversion provisions. The conversion terms of the convertible notes are variable based on certain factors, such as the future price of the Company's common stock. The number of shares of common stock to be issued is based on the future price of the Company's common stock. As of June 30, 2012, the number of shares of common stock issuable upon conversion of promissory notes and warrants could exceed the Company's maximum number of authorized common shares. Due to the fact that the number of shares of common stock issuable is not able to be determined definitively, the equity environment is tainted and all additional convertible debentures and warrants are included in the value of the derivative. Pursuant to ASC 815-15 Derivatives, the fair values of the variable conversion option and warrants and shares to be issued were recorded as derivative liabilities on the issuance date. The fair values of the Company's derivative liabilities were estimated at the issuance date and are revalued at each subsequent reporting date, using a lattice model. The Company recorded current derivative liabilities of \$112,017 at June 30, 2012. The change in fair value of the derivative liabilities for the three months ended June 30, 2012 resulted in a loss of \$77,227, which was reported as other income/(expense) in the consolidated statements of operations.

The following presents the derivative liability value by instrument type at June 30, 2012:

	June 30, 2012
Convertible Notes	\$ 106,073
Common Stock Warrants	5,944
	\$ 112,017

The fair market value determined for the derivative liability is \$112,017. A total of \$71,139 were recorded as a debt discount up to the face value of the note and the excess of \$1,040 was expensed.

The following is a summary of changes in the fair market value of the derivative liability during the three months ended June 30, 2012:

Derivative
Liability Total

Balance, April 23, 2012		
Increase in derivative value due to issuances of convertible notes and tainting of other	\$	108,905
convertible notes and warrants		
Promissory notes converted during the period		(36,349)
Change in fair market value of derivative liabilities due to mark to market adjustments		39,461
Balance, June 30, 2012	\$	112,017

Key inputs and assumptions used to value the convertible debentures and warrants issued during the three months ended June 30, 2012:

.

The projected volatility curve for each valuation period was based on the historical volatility of the Company.

.

The stock price would fluctuate with the Company projected volatility.

.

An event of default for the convertible note would occur 5% of the time, increasing 1.00% per month to a maximum of 10%.

.

Alternative financing for the convertible note would be initially available to redeem the note 0% of the time and increase monthly by 1% to a maximum of 10%.

The monthly trading volume would average \$3,136,330 in the period and would increase at 5% per month.

The Holder would automatically convert the notes at the greater of two times the conversion price or stock price if the registration was effective and the Company was not in default.

The Holder would exercise the warrant at maturity if the stock price was above the exercise price.

The Holder would exercise the warrant at target prices starting at the greater of two times the exercise price or the stock price; and lowering such target as the warrants approached maturity.

The Holder would automatically convert all of the shares at a stock price of price equal to the target price.

The Holder would convert on a monthly basis in amounts not to exceed the average quarters trading volume based on historical performance, assuming the volume would increase by 5% each month.

NOTE 8 FAIR VALUE OF FINANCIAL INSTRUMENTS

On January 1, 2008, the Company adopted guidance which defines fair value, establishes a framework for using fair value to measure financial assets and liabilities on a recurring basis, and expands disclosures about fair value measurements. Beginning on January 1, 2009, the Company also applied the guidance to non-financial assets and liabilities measured at fair value on a non-recurring basis, which includes goodwill and intangible assets. The guidance establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions of what market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of the inputs as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 - Inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).

Level 3 - Unobservable inputs that reflect our assumptions about the assumptions that market participants would use in pricing the asset or liability.

The following schedule summarizes the valuation of financial instruments at fair value on a recurring basis in the balance sheets as of June 30, 2012:

	Fair Value Measurements at June 30, 2012			
	Level 1	Level 2	Level 3	Gain/(loss)
Liabilities				
Derivative Liabilities	\$ -	\$ -	\$ 112,017	\$(77,227)
	\$ -	\$ -	\$ 112,017	\$(77,227)

NOTE 9 - COMMITMENTS AND CONTINGENCIES

a. Operating Lease Obligation

The Company leases its main office under a non-cancelable lease agreement accounted for as an operating lease. The lease expired in May 2012. This lease was extended for 13 months beginning June 1, 2012. Rent expense for the corporate offices was \$29,591 and \$30,879 for the three months ended June 30, 2012 and 2011, respectively, under this lease arrangement.

The Company leases additional warehouse space in Boise, Idaho. This warehouse space consists of approximately 2,880 square feet. The lease expired in June 2012. Rent expense for the warehouse was \$4,200 and \$4,200 for the three months ended June 30, 2012 and 2011, respectively. This lease was extended for 24 months beginning July 1, 2012.

Effective March 31, 2010, the Company relinquished its leased space for the LabMentors subsidiary located in Fredericton, New Brunswick, Canada. For the period April 2010 through September 2010 the employees of LabMentors worked from their respective homes. There was no rent expense during that period. Effective October 2010 LabMentors entered into a five year office lease. Rent expense, converted to USD, for LabMentors was \$4,983 and \$4,673 for the three months ended June 30, 2012 and 2011, respectively. This lease was cancelled effective July 1, 2012 in which the Company incurred a 3 month penalty for opting out early. The Company was able to obtain a new fully furnished office at the National Research Council facility effective July, 1, 2012. The new lease is a three year commitment to be paid in Canadian dollars each month. Lease payments are \$395 per month CAD, before 13% tax, for the first nine months, then increase annually over the three-year term with payments for the final three months of the term being \$558 per month CAD, before tax. The move was initiated as part of the cost savings efforts being implemented within LabMentors and reduces the monthly lease payments.

b. Litigation

(i) On January 3, 2012, the U.S. District Court for the District of Idaho signed the Final Judgment in the SEC case pursuant to the Consent that the Company and Mr. Anthony Maher, its former CEO, had previously executed. Without admitting or denying the allegations of the Complaint, the Company and Mr. Maher consented to the entry of the Final Judgment which, among other things: permanently restrained and enjoined the Company from violations of, and permanently restrained and enjoined Mr. Maher from aiding and abetting violations of, Section 13(a) of the Securities Exchange Act of 1934 (the Exchange Act) and Rules 12b-20, 13a-1, and 13a-11 thereunder; permanently restrained and enjoined Mr. Maher from violations of Section 10(b) of the Exchange Act and Rule 10b-5 thereunder; permanently restrained and enjoined Mr. Maher from violations of Section 13(a) of the Exchange Act and Rule 13a-14 thereunder; barred Mr. Maher from serving as an officer or director of any issuer that has a class of securities registered pursuant to Section 12 of the Exchange Act, as amended, or that is required to file reports pursuant to Section 15(d) of the Exchange Act, for a period of five years from the date of the entry of the Final Judgment; and ordered Mr. Maher to pay a civil penalty in the amount of \$100,000 to be paid in equal quarterly amounts of \$25,000. There were no monetary sanctions imposed against the Company.

(ii) Class Action Lawsuit: The Company, along with its former CEO and former Controller, was named in a class action lawsuit (Niederklein v. PCS Edventures!.com, Inc., et al., U.S. District Court for the District of Idaho, Case 1:10-cv-00479-CWD). The class action was brought on behalf of shareholders who purchased shares of the Company's common stock during the period between March 28, 2007 and August 15, 2007. In September, the

Company announced that it had entered into an agreement to settle the class action lawsuit, subject to further proceedings and approval by the Court. While the Company denies the allegations made in the class action lawsuit, the settlement was entered to eliminate the burden and expense of further litigation. On October 5, 2011, the Court granted preliminary approval to the settlement, and approved the notices that were sent to potential class members. At the Settlement Fairness Hearing on February 22, 2012, the Court gave final approval to the settlement and entered the Final Judgment and Order of Dismissal With Prejudice. The class action was settled for \$665,000, with the Company's insurance carrier providing most of the settlement funds. In accordance with the Court ordered settlement, all settlement funds were paid on or before February 29, 2012.

c. Contingencies

During the year ended March 31, 2012, the Company worked with the State of California and a private consulting firm specializing in California State sales and use tax in relation to a review of sales and use tax for our California customers during the period April 1, 2002 through June 30, 2011. During this period, there was an estimated \$0.6 million in reportable sales in which the Company did not file or collect sales and use tax, as required by California State law. The review determined that approximately \$60,000 in prior period sales and use tax, including interest and late fees, was due to the California State Board of Equalization (BOE) as of June 30, 2011. Of this amount the Company was successful in collecting approximately \$41,000 from prior customers. A check in the amount of \$41,473 was mailed to the BOE on August 31, 2011 and applied against the liability leaving a balance of \$7,146 in sales and use tax and \$13,316 in interest. The Company was able to work with the BOE to have all penalties allotted, relieved from the account. The estimated recognized loss due to the inability to collect from customers was decreased to adjust the reported loss during fiscal year 2011 from \$30,000 to approximately \$7,100 during the quarter ending September 30, 2011. The Company was able to establish a payment plan with the Board of Equalization to begin payments starting February 20th, 2012 in the amount of \$3,542 per month until the remaining balance is paid in full. The final payment was paid in July 2012.

NOTE 10 - STOCKHOLDERS EQUITY

The Company is required to recognize expense of options or similar equity instruments issued to employees using the fair-value-based method of accounting for stock-based payments in compliance with the financial accounting standard pertaining to share-based payments. This standard covers a wide range of share-based compensation arrangements including share options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. Application of this standard requires significant judgment regarding the assumptions used in the selected option pricing model, including stock price volatility and employee exercise behavior. Most of these inputs are either highly dependent on the current economic environment at the date of grant or forward-looking over the expected term of the award.

On April 4, 2012, the Company reconvened the Special Meeting of Shareholders which was adjourned on March 14, 2012, due to lack of a quorum present. Two proposals were submitted to and approved by the Company's shareholders. The holders of 24,537,546 shares of common stock, representing 55.16% of the outstanding shares entitled to vote as of the record date and which constituted a quorum, were represented at the meeting in person or by proxy. Proposal No. 1 increased our authorized no par value common stock from 60,000,000 to 90,000,000. Proposal No. 2 increased the shares of common stock available for grants, incentive or other purposes under our 2009 Equity Incentive Plan from 4,000,000 shares to 8,000,000.

The Articles of Amendment to the Second Amended and Restated Articles of Incorporation of the Company were filed with the Secretary of State, of the State of Idaho effective April 9, 2012.

On April 27, 2012, a Registration Statement on Form S-8 was filed adding the additional 4,000,000 shares to the 2009 Equity Compensation Plan (the Plan) of the Company and incorporates by reference all of the information contained in the Company's S-8 Registration Statement filed with the Securities and Exchange Commission on November 19, 2009 (SEC File No. 333-163232), related to the registration of the initial 4,000,000 shares authorized by the Company's Board of Directors and stockholders for grants, awards and stock issuances under the Plan.

During the three months ended June 30, 2012, the Company issued 329,549 shares of common stock for services. The per share value was \$0.05 for a net value of \$16,477 based on the closing price of the Company's common stock on the date of grant. These shares were issued in payment of amounts accrued at March 31, 2012. During the period, \$13,557 has been accrued in stock payable that will be issued in future periods. The net reduction in stock payable for services during the period was \$2,920.

During the three-month period ended June 30, 2012, the Company issued 200,000 shares of restricted Rule 144 common stock to an officer at \$0.11 per share. The total value of the award was \$22,000. The officer received the grant in fiscal year 2012 and the shares vested over six months. Stock Payable was accrued during the year ended March 31, 2012 in the amount of \$18,334. During the three months ended June 30, 2012, the Company accrued \$17,400 for stock bonuses to be paid to two officers and one employee. The net change in stock payable for bonuses during the period was a decrease of \$934.

During the three-month period ended June 30, 2012, the Company recognized \$22,500 of restricted stock units payable to non-management directors for services rendered at a rate of one share of common stock for each restricted stock unit. Each restricted stock unit is valued at \$0.20, based on the closing price of the Company's common stock at the date of grant. These agreements call for payment of current year director fees via issuance of restricted stock units over a vesting period of not less than twelve months, and require continued service for twelve months and reelection at the next annual shareholder meeting.

During the three months ended June 30, 2012, the Company accrued \$63,496 representing 1,330,210 shares of common stock to be issued for conversion of notes payable. The notes were converted within the terms of the convertible note agreement, therefore, no gain or loss was recorded.

During the three-month period ended June 30, 2012, the Company expensed amounts related to stock options granted in the current period as well as prior periods valued at \$26,779.

During the three months ended June 30, 2012, the Company recognized \$36,349 for the change in Derivative Liabilities due to conversion of convertible notes payable. See Note 7.

NOTE 11 - BASIC AND DILUTED NET LOSS PER COMMON SHARE

Basic and diluted net loss per common share for the three-month periods ended June 30, 2012 and 2011, are based on 45,284,144 and 42,829,001, respectively, of weighted average common shares outstanding. No adjustment has been made for any common stock equivalents outstanding because their effects would be antidilutive.

NOTE 12 - DEPRECIATION AND AMORTIZATION EXPENSE

During the three-month period ended June 30, 2012 and 2011, the Company had depreciation and amortization expense of \$4,679 and \$55,340, respectively. These amounts were related to depreciation and amortization of fixed assets, educational software, and intellectual property for the quarter.

NOTE 13 - DILUTIVE INSTRUMENTS

Stock Options and Warrants

The Company is required to recognize expense of options or similar equity instruments issued to employees using the fair-value-based method of accounting for stock-based payments in compliance with the financial accounting standard pertaining to share-based payments. This standard covers a wide range of share-based compensation arrangements including share options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. Application of this standard requires significant judgment regarding the assumptions used in the selected option pricing model, including stock price volatility and employee exercise behavior. Most of these inputs are either highly dependent on the current economic environment at the date of grant or forward-looking over the expected term of the award.

On March 16, 2012, the Company granted 150,000 incentive stock options to an officer. The incentive stock options are convertible to restricted Rule 144 common stock. The restricted Rule 144 shares have an expected volatility rate of 219.31% calculated using the Company stock price over the period beginning June 1, 2009 through the date of issue. A risk free interest rate of 0.21% was used to value the options. The options were valued using

the Black-Scholes valuation model. The total value of this option was \$5,915. The options vest over a 12-month period and are exercisable at \$0.04 per share which represents the fair market value at the date of grant in accordance with the 2009 Equity Incentive Plan. During the three-months ended June 30, 2012, \$1,479 in value of the options was expensed.

On April 13, 2012, the Company granted 450,000 incentive stock options to an officer. The incentive stock options are convertible to restricted Rule 144 common stock. The restricted Rule 144 shares have an expected volatility rate of 220.15% calculated using the Company stock price over the period June 1, 2009 through date of issue. A risk free interest rate of 0.41% was used to value the options. The options were valued using the Black-Scholes valuation model. The total value of this option was \$22,192. The options vest over a two year period and are exercisable at \$0.05 per share which represents the fair market value at the date of grant in accordance with the 2009 Equity Incentive Plan. During the three-months ended June 30, 2012, \$9,247 in value of the options was expensed.

On May 15, 2011, the Company granted 850,000 incentive stock options to an officer. The incentive stock options are convertible to restricted Rule 144 common stock. The restricted Rule 144 shares have an expected volatility rate of 223.62% calculated using the Company stock price over the period beginning June 1, 2009 through date of issue. A risk free interest rate of 0.38 % was used to value the options. The options were valued using the Black-Scholes valuation model. The total value of this option was \$46,175. The options vest over a three year period and are exercisable at \$0.06 per share which represents the fair market value at the date of grant in accordance with the 2009 Equity Incentive Plan. During the three-months ended June 30, 2012, \$1,283 in value of the options was expensed.

NOTE 14 - SUBSEQUENT EVENTS

Effective July 1, 2012, the Company entered into a new lease agreement for office space for its subsidiary, LabMentors. Lease payments are \$388 per month for the first nine months then increase annually over the three year term with payments for the final three months being \$549 per month. The move was initiated as part of the cost savings efforts being implemented within LabMentors and reduces the monthly lease payments.

On July 16, 2012, we entered into a third Securities Purchase Agreement with the same party as our April 23 and June 4, 2012 agreements, whereby we issued an 8% convertible promissory note in an aggregate amount of \$13,750, convertible into shares of common stock of the Company under the same terms as the first note dated April 23, 2012.

On July 17, 2012, the Company issued 122,942 shares of common stock as benefits to employees, valued at \$5,376, based on the closing price of the Company's common stock on the date of grant.

On July 17, 2012, the Company issued 281,667 shares of common stock for consulting services rendered valued at \$13,111, based on the closing price of the Company's common stock on the date of grant.

On July 17, 2012, the Company issued 301,440 shares of common stock for the conversion of promissory notes to a group of five lenders, valued at \$12,058, based on the closing price of the Company's common stock on the date of conversion.

On July 17, 2012, the Company issued 1,028,770 shares of common stock for the conversion of a promissory note, valued at \$51,439, based on the closing price of the Company's common stock on the date of conversion.

On July 17, 2012, we entered into a loan transaction in the amount of \$560,000 with an accredited investor as that term is defined in Rule 501 of Regulation D of the SEC. The transaction involved the issuance of a promissory note, which is payable with interest of 15% per annum, in cash on or before September 30, 2012. PCS has agreed to issue 100,000 warrants with a 36 month term at \$0.15 per share exercise price. The promissory note is secured by a purchase order in the amount of \$741,780 dated July 16, 2012. The loan proceeds were utilized to purchase inventory to fulfill the Purchase Order, bring certain vendors and payable accounts current, and finance the operations and logistics required to fulfill and support the order.

On July 30, 2012, the Company repaid in full the promissory note dated March 14, 2012 in the amount of \$10,380.83. The payment consisted of \$10,000 in principal and \$380.83 in accrued interest. The interest paid included \$46.58 that was accrued in Interest Payable and expensed as of March 31, 2012.

On July 31, 2012, the Company executed a second extension on two notes in an aggregate amount of \$50,000 dated February 29, 2012. The extension extends the maturity date to October 31, 2012, while all other terms and conditions of the original notes remain in effect.

On July 31, 2012, the Company executed a second extension on a note in the amount of \$30,000 dated December 30, 2011. The note was due on February 28, 2012. This note was subsequently extended to July 31, 2012. A second extension was issued on this note, under the same terms and conditions, with a new maturity date of December 31, 2012.

On August 1, 2012, the Company amended warrants previously issued to a group of eight note holders on March 31, 2011 and June 27, 2011, adjusting the expiration date from March 31, 2014 to March 31, 2017. The expiration date was extended in consideration for the extension of the promissory note due dates.

On August 3, 2012, Todd R. Hackett was appointed to serve as a member of the Board of Directors until the next annual meeting of the Company or his prior resignation or termination.

Item 2. Management's Discussions and Analysis of Financial Condition and Results of Operations.

Cautionary Statements for Purposes of Safe Harbor Provisions of the Private Securities Litigation Reform Act of 1995:

Except for historical facts, all matters discussed in this report, which are forward-looking, involve a high degree of risk and uncertainty. Certain statements in this report set forth management's intentions, plans, beliefs, expectations, or predictions of the future based on current facts and analyses. When we use the words "believe", "expect", "anticipate", "estimate", "intend" or similar expressions, we intend to identify forward-looking statements. You should not place undue reliance on these forward-looking statements. Actual results may differ materially from those indicated in such statements, due to a variety of factors, risks and uncertainties. Potential risks and uncertainties include, but are not limited to, competitive pressures from other companies within the Educational Industries, economic conditions in the Company's primary markets, exchange rate fluctuation, reduced product demand, increased competition, inability to produce required capacity, unavailability of financing, government action, weather conditions and other uncertainties, including those detailed in the Company's Securities and Exchange Commission filings. The Company assumes no duty to update forward-looking statements to reflect events or circumstances after the date of such statements.

The following discussion should be read in conjunction with our audited consolidated financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) contained in our Form 10-K for the year ended March 31, 2012.

Plan of Operation

In fiscal year 2013, PCS will expand its commitment to the research and development of PreK-16, brain-based learning programs in Science, Technology, Engineering and Math (STEM) that embed 21st century thinking skills and new technologies through the deployment of Centers for STEM Education starting in Boise, Idaho. PCS implemented a new Strategic Business Unit (SBU) and subsidiary structure in fiscal year 2011 that targeted sales efforts to the following markets:

- 1) K6 programs for the elementary classroom
- 2) Tech Ed programs for grades 6-12
- 3) Afterschool programs
- 4) Services that provide K-16 educational solutions for the international market
- 5) Virtual labs for community colleges and universities

Fiscal year 2012 was the second year of implementation of the K6 and Tech Ed SBUs and saw PCS programs becoming well accepted in the core classroom market as evidenced by our presence in over 350 Idaho

classrooms, classroom deployments of our programs in Texas, Illinois Florida, California, Maryland, and many other states. Despite the challenges presented by a discouraging economy and school budget landscape, we feel we have clearly demonstrated our ability to move beyond the afterschool market. Additional progress was made in terms of establishing district and university relationships, expanding the pilot programs, compiling research, developing grant partnerships, and refining the products and services for the classroom through continued application and testing.

During fiscal year 2013 we will continue to build upon the SBU foundations established in FY2011 and drive toward the establishment of synergies between these SBUs and our subsidiary, LabMentors. This will include a more focused approach to our web-based marketing efforts and tightened sales processes. The PCS Centers for STEM Learning are a key strategic addition to our plan for FY2013 as they will serve the following purposes: 1) R&D test bed for product improvement and refinement; 2) Revenue generation through afterschool and summer course fees. This course revenue stream will be more predictable and consistent compared to the seasonal revenues associated with education budgets; 3) The centers will serve as showrooms for PCS products in strategic locations and key districts around the country. We believe this will provide PCS with significant competitive advantages over other solution providers since administrators and educators can visit local centers for support, training, and demonstrations of our products in action; 4) Revenues from experiential retail. We believe e-commerce sales of kits associated with STEM learning targeting the families of students attending the courses will provide a boost in Q3 revenues to offset low education sales traditionally anticipated during this time frame.

To capitalize on the expansion of the Learning Centers, we are actively pursuing funding vehicles such as EB5 foreign investment capital as well as private equity and licensing arrangements. Our plan is to refine operations in our first center in Boise, then deploy a second program in Eagle Idaho in Q3 of 2012, and a third in a yet to be determined market in Q4 of FY2013. The establishment of this initial network of centers will enable more rapid expansion in FY2014 and beyond. We believe the strategic deployment of PCS Learning Centers to be a viable and sound approach based on our initial trial programs.

Results of Operations

For the quarter ended June 30, 2012, the Company reported a net comprehensive loss of (\$362,369) as compared to a net comprehensive loss for the quarter ended June 30, 2011, of (\$607,120), a 40% improvement in bottom line. Reduced operating expenses and a decrease in interest and debt expense due to the discounting of debt and the issuance of warrants attached to financing in the prior year, partially offset by the loss on the change in fair value of derivatives in the current year, resulted in reduction of the net loss. The Basic Loss per Share for the quarter ended June 30, 2012, is (\$0.01), which is equivalent to the (\$0.01) loss per share for the three-month period ended June 30, 2011.

Revenue for the quarter ended June 30, 2012, was \$565,032, as compared to revenue during the quarter ended June 30, 2011 of \$563,790. Cost of sales and gross profit as a percentage of sales were consistent between the periods as well.

Edgar Filing: PCS EDVENTURES COM INC - Form 10-Q

Operating expenses for the three-month period ended June 30, 2012, decreased by \$193,537 (26%) to \$554,692, as compared to \$748,229 for the three-month period ended June 30, 2011. The table below identifies the quarter over quarter changes:

Operating Expenses		
Option Warrant expense	(\$ 81,753)	(1)
Contract labor	(29,077)	(2)
Depreciation	(50,661)	(3)
Employee Insurance Benefits	(10,428)	(4)
Legal	(10,401)	(5)
Marketing	(11,725)	(6)
Public Relations	13,029	
Other, net	(12,521)	
	(\$193,537)	

22

1)

Option Warrant expense decreased due to older grants expiring and fully vesting.

2)

Contract labor decreased due to termination of the relationship with the public relations firm and business development consultant.

3)

Depreciation decreased due to full impairment recorded on LabMentors assets in Q4 FY2012.

4)

Employee insurance benefits decreased due to larger portions being paid by employees.

5)

Decrease in legal expense due to negotiated settlement with insurance carrier as related to the SEC investigation.

6)

Marketing costs decreased due fewer trade shows attended and fewer lead generation campaigns.

Total other income (expense) for Q1 FY 2013 and FY 2012 was (\$91,818) and (\$144,910), respectively. The change was primarily due to interest expense recorded in FY2012 resulting from the discounting of debt and the issuance of warrants attached to financing associated with the short term notes payable issued, which was partially offset by the

charge due to the change in fair value of derivatives recorded in the current quarter.

Liquidity

Cash provided by operations for Q1 was \$32,199 compared to cash used by operations of (\$69,017) in the same period last year. The Company ended the first quarter of FY 2013 with \$24,678 in cash, total current assets of \$458,088 and total current liabilities of \$1,503,630, resulting in a working capital deficit of \$1,045,542 compared to a working capital deficit of \$317,623 for the quarter ended June 30, 2011. The Company had a current ratio at June 30, 2012 and 2011 of 0.30 and 0.69, respectively. This decrease in liquidity was due primarily to continuing net losses which were partially financed through short term debt and minimal equity financing. We have an accumulated deficit of (\$36,902,324) and shareholders' equity of (\$995,978).

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

The Company is a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the Exchange Act) and is not required to provide the information required under this item.

Item 4. Controls and Procedures

Changes in Internal Control Over Financial Reporting.

None.

Disclosure Controls and Procedures

We maintain disclosure controls and procedures, as the Securities and Exchange Commission (SEC) defines such term. We have designed these controls and procedures to reasonably assure that information required to be disclosed in our reports filed under the Exchange Act, such as this Form 10-Q, is recorded, processed, summarized, and reported within the periods specified in the SEC's rules and forms. We have also designed our disclosure controls to provide reasonable assurance that such information is accumulated and communicated to the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow them to make timely decisions regarding our required disclosures.

Our management, including the Chief Executive Officer and the Chief Financial Officer, has evaluated the effectiveness of the our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934) as of June 30, 2012. Based on this evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that our Company's disclosure controls and procedures, including the accumulation and communication of disclosures to the Company's Chief Executive Officer and Chief Financial Officer as appropriate to allow timely decisions regarding required disclosure, were effective as of this date to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms.

Management's Report on Internal Control Over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rule 13a-15(f) under the Exchange Act. Our management assessed the effectiveness of our internal control over financial reporting as of June 30, 2012. In making this assessment, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework.

Management has concluded that the Company maintained effective internal control over financial reporting as of June 30, 2012, based on the criteria established in Internal Control-Integrated Framework issued by the COSO.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

(i) On January 3, 2012, the U.S. District Court for the District of Idaho signed the Final Judgment in the SEC case pursuant to the Consent that the Company and Mr. Anthony Maher, its former CEO, had previously executed. Without admitting or denying the allegations of the Complaint, the Company and Mr. Maher consented to the entry of the Final Judgment which, among other things: permanently restrained and enjoined the Company from violations of, and permanently restrained and enjoined Mr. Maher from aiding and abetting violations of, Section 13(a) of the Securities Exchange Act of 1934 (the Exchange Act) and Rules 12b-20, 13a-1, and 13a-11 thereunder; permanently restrained and enjoined Mr. Maher from violations of Section 10(b) of the Exchange Act and Rule 10b-5 thereunder; permanently restrained and enjoined Mr. Maher from violations of Section 13(a) of the Exchange Act and Rule 13a-14 thereunder; barred Mr. Maher from serving as an officer or director of any issuer that has a class of securities registered pursuant to Section 12 of the Exchange Act, as amended, or that is required to file reports pursuant to Section 15(d) of the Exchange Act, for a period of five years from the date of the entry of the Final Judgment; and ordered Mr. Maher to pay a civil penalty in the amount of \$100,000 to be paid in equal quarterly amounts of \$25,000. There were no monetary sanctions imposed against the Company.

(ii) Class Action Lawsuit: The Company, along with its former CEO and former Controller, was named in a class action lawsuit (Niederklein v. PCS Edventures!.com, Inc., et al., U.S. District Court for the District of Idaho, Case 1:10-cv-00479-CWD). The class action was brought on behalf of shareholders who purchased shares of the Company's common stock during the period between March 28, 2007 and August 15, 2007. In September, the Company announced that it had entered into an agreement to settle the class action lawsuit, subject to further proceedings and approval by the Court. While the Company denies the allegations made in the class action lawsuit, the settlement was entered to eliminate the burden and expense of further litigation. On October 5, 2011, the Court granted preliminary approval to the settlement, and approved the notices that were sent to potential class members. At the Settlement Fairness Hearing on February 22, 2012, the Court gave final approval to the settlement and entered the Final Judgment and Order of Dismissal With Prejudice. The class action was settled for \$665,000 with the Company's

insurance carrier providing most of the settlement funds. In accordance with the Court ordered settlement, all settlement funds were paid on or before February 29, 2012.
