The total number of shares of Common Stock to be issued to Interpharm shareholders at the closing of the acquisition of Interpharm will represent approximately 42% of all of the issued and outstanding Common Stock post-closing. If no conversion restriction existed and all of the Series K Convertible Preferred Stock to

be issued to Interpharm shareholders were converted into Common Stock immediately following the closing of the acquisition of Interpharm, the total number of shares of Common Stock issued to the Interpharm shareholders at the closing together with the total number of shares of Common Stock issued upon conversion of the Series K Stock will represent approximately 80% of all of the issued and outstanding voting securities.

** The proposed maximum value of the transactions is \$24,052,555, calculated as follows: Each share of Common Stock is valued at its "market value" (the average of the high and low prices for such a share on the American Stock Exchange on December 19, 2002), each share of Series K Convertible Preferred Stock is valued at the market value of the number of shares of the registrant's Common Stock into which a share of Series K Convertible Preferred Stock is convertible, calculated on March 15, 2003; and \$2,748,084, which represents the amount of net cash and promissory notes to be paid to the registrant for the sale of its assets. The registrant will receive two promissory notes in the aggregate principal amount of \$1.75 million for the sale of its assets and will receive cash for the remainder of the purchase price. The registrant anticipates that the cash portion of the purchase price will be paid in part by approximately \$1.171 million of the registrant's cash which is part of the assets to be sold in the asset sale.

The total number of shares of Atec Common Stock to be issued to Interpharm shareholders at the closing of the acquisition of Interpharm will represent approximately 42% of all of the issued and outstanding Common Stock post-closing. If no conversion restriction existed and all of the Series K Convertible Preferred Stock to be issued to Interpharm shareholders were converted into Common Stock immediately following the closing of the acquisition of Interpharm, the total number of shares of Common Stock issued to the Interpharm shareholders at the closing together with the total number of shares of Common Stock issued upon conversion of the Series K Stock will represent approximately 80% of all of the issued and outstanding voting securities;

3. To approve the sale of the assets relating to the sole current business of Atec to, and assumption of substantially all of the liabilities of Atec by, Baar Group, Inc., the principals of which are certain members of present management, in consideration of cash and promissory notes. As of December 31, 2002, Atec estimates it would have received net proceeds of approximately \$2.748 million and that Baar Group would have assumed approximately \$1.889 million in liabilities. The net proceeds would have consisted of promissory notes in the aggregate amount of \$1.75 million and cash of approximately \$998,000. This figure is based upon a base purchase price of \$4,278,184, less approximately \$359,700 in closing adjustments and less approximately \$1.171 million of Atec's cash which Atec anticipates will be returned to Atec as part of the purchase price;
4. To elect six members to the board of directors of Atec to serve until their respective successors are elected and qualified;
5. To ratify and approve Weinick Sanders Leventhal & Co., LLP, as our independent public accountants, to audit our financial statements for the fiscal year ending June 30, 2003; and
6. To approve the adjournment of the annual meeting to permit the solicitation of additional proxies in the event a quorum is not present at the meeting or sufficient votes in favor of Proposals 1, 2 and 3 are not received by the date of the meeting.

Edgar Filing: ATEC GROUP INC - Form PRER14A

The acquisition of Interpharm and the sale of Atec's assets to Baar Group are contingent on each other. Specifically, the manner in which they are contingent on each other is as follows: Passage of Proposals 1 and 2 is contingent upon approval of each of Proposals 1 through 3. In addition, passage of Proposals 1 and 2 is contingent upon the election of Dr. Maganlal K. Sutaria and Bhupatlal K. Sutaria, the two director nominees of Interpharm, Inc., in Proposal 4. In the event that Proposal 1, 2 and/or 3 is not approved or that the two director nominees of Interpharm, Inc. are not elected, Proposals 1 and 2 will not pass, the two director nominees of Interpharm, Inc. will not be elected and immediately after the annual meeting of stockholders the Board of Directors will appoint Ashok Rametra and James Charles (current Atec directors) to fill the vacancies created.

In addition, the passage of Proposal 3 is contingent on the approval of Proposals 1 and 2 and the election of Dr. Maganlal K. Sutaria and Bhupatlal K. Sutaria, the two director nominees of Interpharm, Inc., in Proposal 4. In the event that Proposals 1 and 2 are not approved and/or the two director nominees of Interpharm, Inc. are not elected, Proposal 3 will not pass.

Under Delaware law, Atec's stockholders will not be entitled to dissenters' rights of appraisal in connection with the acquisition of Interpharm or the sale of assets to Baar Group.

Mona Rametra, the owner of 20% of Interpharm's capital stock, is the daughter-in-law of Surinder Rametra, our chairman and a member of Atec's Board. She is also the daughter of Dr. Maganlal K. Sutaria, the Chairman of the Board and chief executive officer of Interpharm. Mrs. Rametra will receive 20% of all of the consideration to be issued to the Interpharm shareholders for their Interpharm stock. Although Dr. Sutaria does not own any Interpharm stock, his other two children (i.e. Mrs. Rametra's brothers) collectively own 55% of Interpharm stock and his nephew, Ravi Sutaria, owns the remaining 25%. Ravi Sutaria is the son of Bhupatlal K. Sutaria, the President of Interpharm. In addition, Munish K. Rametra, who is Mrs. Rametra's husband and Surinder Rametra's son, will share a finder's fee of \$100,000 with three other individuals relating to the acquisition of Interpharm.

As of March 15, 2003, our affiliates, directors, executive officers and the members of management who also are principals of Baar Group, including all stockholders who beneficially own more than 5% of our voting securities, own approximately 26% of Atec stock entitled to vote on the proposals. Atec believes that these individuals will vote their shares to approve all of the proposals. In addition, taking into account shares of Common Stock which are issuable upon the exercise of options, such persons beneficially own approximately 57% of our voting securities.

A proxy statement and proxy are enclosed with this notice. If you are unable to attend the meeting in person you are urged to sign, date and return the enclosed proxy promptly in the envelope provided, which requires no postage if mailed within the United States. Series K Stock (page 42)

The Series K Stock to be issued to the Interpharm shareholders has the following terms:

- o Conversion (page 43). The Series K Stock will be convertible into shares of our Common Stock no sooner than one year after the closing of the acquisition of Interpharm, upon the occurrence of any of the following events: (a) the American Stock Exchange ("Amex") deems Atec to be in compliance with its applicable listing standards; (b) Atec is deemed by another exchange to be in compliance with its applicable listing standards in the event Atec's securities are listed on such exchange; or (c) Atec is no longer listed on AMEX, the Nasdaq National Market or SmallCap Market or the New York Stock Exchange.

Based upon the estimate that approximately 1,854,152 shares of Series K Stock will be issued at closing, the aggregate total amount of the liquidation preference will be approximately \$14 million. Atec agreed to the liquidation preference at the request of the Interpharm shareholders in the course of negotiations for purpose of providing them greater security in their investment.
- o Dividends (page 43). The holders of the Series K Stock will be entitled to dividends to the same extent and in the same amount as holders of our Common Stock.

3

Registration Rights (page 47)

The Interpharm shareholders will receive rights to demand that we register the shares of our Common Stock they receive for resale by them, including the shares of Common Stock that they will receive upon the conversion of the Series K Stock.

Conditions to closing (page 45)

The obligations of each of the parties to complete the Acquisition are subject to the satisfaction or waiver of various conditions, including various customary conditions to closing and the following conditions:

- o the Acquisition and the Management Buy-Out must be approved by our stockholders.

Edgar Filing: ATEC GROUP INC - Form PRER14A

- o the Management Buy-Out must have been completed; and

- o we must have not more than \$650,000 in total liabilities, not less than \$3.7 million in stockholders' equity and not less than \$1.25 million in cash.

Interests of our directors and officers in the Acquisition (page 49)

Mona Rametra is married to the son of our Chairman of the Board, Surinder Rametra. Ms. Rametra is a shareholder of Interpharm and will receive 20% of all of our Common Stock and Series K Stock that is issued to the Interpharm shareholders. Additionally, Ms. Rametra's father is the chairman and chief executive officer of Interpharm. Her husband, Surinder Rametra's son, will share a \$100,000 finder's fee with three other individuals.

Recommendation of the Board (page 41)

Our Board has determined that the Acquisition of Interpharm is fair to you and in your best interests. Accordingly, our board, including all of the unaffiliated members, has approved the Acquisition and has recommend that you vote "FOR" the Acquisition.

The Management Buy-Out

The sale of our assets (page 50)

- o Purchase Price (page 52). Our board of directors has unanimously approved the sale of our sole current business consisting of computer operations to, and assumption of substantially all of the liabilities of Atec by, Baar Group in consideration of ash and promissory notes. As of December 31, 2002, Atec estimates that it would have received net proceeds of approximately \$2.748 million and that Baar Group would have assumed approximately \$1.889 million in liabilities.

The net proceeds would have consisted of two promissory notes in the aggregate amount of \$1.75 million and cash in the amount of approximately \$998,000. This figure is based upon a base purchase price of \$4,278,184, less \$359,700 in closing adjustments and less approximately \$1.171 million of Atec's cash which Atec anticipates will be returned to Atec as part of the purchase price. We anticipate that the \$998,000 cash portion of the net proceeds will be paid by contributions made by the principals of Baar Group.

- o Adjustment to Purchase Price (page 52). The base purchase price will be increased by 34% of income from operations from our Albany, New York City and New Jersey computer operations from July 1, 2002 through the date of the closing and reduced by expenses which are allocated to our Long Island, New York office from July 1, 2002 through the date of the closing.

Edgar Filing: ATEC GROUP INC - Form PRER14A

As of December 31, 2002, the base purchase price would have increased by approximately \$86,600, representing 34% of income from operations from our Albany, New York City and New Jersey operations from July 1, 2002 through December 31, 2002, and would have reduced by approximately \$445,700, representing the expenses which are allocated to our Long Island office from July 1, 2002 through December 31, 2002.

Taking into account (a) the base purchase price of \$4,278,184, (b) less \$359,100 adjustment to the purchase price described in the preceding paragraph, (c) plus \$1.889 million of liabilities to be assumed by Baar Group, and (d) less the \$1.171 of Atec's cash, as of December 31, 2002, the total amount of net proceeds and assumed liabilities would have been approximately \$4.637 million.

The promissory notes (page 53)

The principal amount of the first note is \$1 million and is to be paid in 12 monthly equal installments. The second note is \$750,000 and is to be paid in 36 equal monthly installments. Both of the promissory notes also have the following terms:

- o Interest. The interest rate is equal to 1.5% in excess of the prime rate as announced by Citibank.
- o Repayment. Repayment of the principal and interest commences one month from the date of closing of the Management Buy-Out.
- o Security Interest. The obligations under the promissory notes are secured by substantially all of the assets of Baar Group, including the assets it acquires pursuant to the Management Buy-Out.
- o Personal Guarantees. The obligations under the promissory notes are personally guaranteed by Ashok Rametra, Rajnish Rametra and Arvin Gulati.

Proposal 1: Acquisition of Interpharm. Although the Delaware General Corporation Law does not require Atec's stockholders to approve the acquisition of Interpharm, such approval is being sought because of (i) the significant relationships family members of certain members of our Board of Directors and our management have with shareholders and members of management of Interpharm and (ii) the rules of the American Stock Exchange ("AMEX"), which require stockholder approval of issuances of our Common Stock, among other things, in connection with an acquisition of another company (A) if any individual director, officer or substantial shareholder has a 5% or greater interest (or such persons have a 10% or greater interest), directly or indirectly, in the company to be acquired and the issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares by 5% or more, or (B) if the issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more. Under Delaware law, the affirmative vote of at least a majority of our shares entitled to vote, and voting together as a class, present in person or represented by proxy at our annual meeting at which a quorum is present is necessary for ratification of the acquisition of Interpharm. A quorum is present if one-third of our outstanding shares of common stock and Series A, B and C preferred stock collectively is present in person or by proxy at the annual meeting. In the event Proposal 1 is not ratified by our stockholders, Atec will not consummate the acquisition of Interpharm or the Management Buy-Out.

Proposal 2: Amendment to Certificate of Incorporation. The affirmative vote of stockholders owning at least a majority of the issued and outstanding shares of our Series A, B and C preferred stock and Common Stock, voting together as a class, is necessary for ratification of the amendment of the Certificate of Incorporation changing our name to "Interpharm Holdings, Inc."

Edgar Filing: ATEC GROUP INC - Form PRER14A

Proposal 3: Sale of the Assets in the Management Buy-Out. The affirmative vote of stockholders owning at least a majority of the issued and outstanding shares of our Series A, B and C preferred stock and Common Stock, voting together as a class, is necessary for ratification of the sale of our assets to Baar Group. In the event Proposal 3 is not ratified by our stockholders, Atec will not consummate the Management Buy-Out or the acquisition of Interpharm.

Proposal 4: Election of Directors. Directors are elected by a plurality vote and the six nominees who receive the most votes will be elected. In the election of Directors, votes may be cast in favor of or withheld with respect to each nominee.

Proposal 5: Ratification of Selection of Auditors. The affirmative vote of stockholders owning at least a majority of our shares of common and preferred stock entitled to vote, and voting together as a single class, present in person or represented by proxy at our annual meeting at which a quorum is present is necessary for ratification of the selection of our auditors.

Proposal 6: Adjournment of the Annual Meeting. The affirmative vote of stockholders owning at least a majority of our shares of common and preferred stock entitled to vote, and voting together as a single class, present in person or represented by proxy at our annual meeting at which a quorum is present is necessary to adjourn the meeting.

The Acquisition and the Management Buy-Out are contingent on each other. Specifically, the manner in which they are contingent on each other is as follows: Passage of Proposals 1 and 2 is contingent upon approval of each of Proposals 1 through 3. In addition passage of Proposals 1 and 2 is contingent upon the election of Dr. Maganlal K. Sutaria and Bhupatlal Sutaria, the two director nominees of Interpharm, Inc., in Proposal 4. In the event that Proposal 1, 2 and/or 3 is not approved or that the two director nominees of Interpharm, Inc. are not elected, Proposals 1 and 2 will not pass, the two director nominees of Interpharm, Inc. will not be elected and immediately after the annual meeting of stockholders the Board of Directors will appoint Ashok Rametra and James Charles (current Atec directors) to fill the vacancies created.

7

In addition, the passage of Proposal 3 is contingent on the approval of Proposals 1 and 2 and the election of Dr. Maganlal K. Sutaria and Bhupatlal K. Sutaria, the two director nominees of Interpharm, Inc., in Proposal 4. In the event that Proposals 1 and 2 are not approved and/or the two director nominees of Interpharm, Inc. are not elected, Proposal 3 will not pass.

Tabulation of Votes

The votes will be tabulated and certified by Atec's transfer agent, North American Transfer.

Voting by Street Name Holders

If you are the beneficial owner of shares held in "street name" by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to the broker, the broker will nevertheless be entitled to vote the shares with respect to "discretionary" items but will not be permitted to vote the shares with respect to "non-discretionary" items (in which case, the shares will be treated as "broker non-votes").

Edgar Filing: ATEC GROUP INC - Form PRER14A

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the annual meeting is one-third of the issued and outstanding shares of common and Series A, B and C preferred stock, collectively, at the annual meeting, in person or by proxy. Shares that are voted "FOR," "AGAINST" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares represented and voting the votes cast at the annual meeting with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, Atec believes that abstentions should be counted for purposes of determining both: (i) the presence or absence of a quorum for the transaction of business; and (ii) the total number of votes cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, Atec intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Under current Delaware case law, while broker non-votes (i.e. the votes of shares held of record by brokers as to which the underlying beneficial owners have given no voting instructions) should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. Atec intends to treat broker non-votes in this manner. Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the voting on a proposal.

PROPOSALS TO STOCKHOLDERS

PROPOSAL NO. 1

ACQUISITION OF INTERPHARM

On November 25, 2002, Atec entered into a Capital Stock Exchange Agreement with Interpharm and all of the shareholders of Interpharm, whereby Atec agreed to acquire all of the outstanding stock of Interpharm in exchange for Common Stock and a new Series K Stock. For a discussion on the number of

Edgar Filing: ATEC GROUP INC - Form PRER14A

Common Stock and Series K Stock to be issued to the Interpharm shareholders, and the number of shares that will be outstanding after the Acquisition, see pages 42-44. The issuance of the Common Stock and Series K Stock may substantially dilute your ownership percentage in us and the value of your shares. The Capital Stock Exchange Agreement provides that the Acquisition is subject to the approval of Atec's stockholders. You should carefully read the documents, including the Capital Stock Exchange Agreement, as well as an amendment thereto, the Certificate of Designations, Preferences and Rights of the Series K Stock and the Registration Rights Agreement which are included in this Proxy Statement as Appendix A, as well as Atec's Form 10-K and Form 10-K/A for the year ended June 30, 2002 and Form 10-Q for the quarter ended December 31, 2002 which also are included in this Proxy Statement.

In the event there is a material change in the terms of the Acquisition, including a material change resulting from the waiver of a condition to closing, Atec will not consummate the Acquisition until its stockholders have approved the Acquisition, with such change.

The Series K Stock to be issued to the Interpharm shareholders has the following material terms and characteristics:

- Title. \$.01 par value per share Series K Convertible Preferred Stock.
- Voting. The Series K Stock is entitled to one vote per share, voting together as a class with the holders of our Common Stock.
- Conversion. Upon the occurrence of certain events as detailed at page 43 below, the Series K Stock will be convertible into shares of our Common Stock. Upon full conversion of the Series K Stock, the number of shares of our Common Stock Interpharm shareholders will own will be equal to approximately 80% of our outstanding voting securities on the date of the closing of the Acquisition.

The Generic Drug Market and Necessary Approvals

Pharmaceutical products in the United States are generally marketed as either "brand-name" or "generic" drugs. Brand-name products are drugs generally sold by the holder of the drug's patent or through an exclusive marketing arrangement. A company that receives approval for a new drug application ("NDA") from the U.S. Food and Drug Administration ("FDA"), usually the patent holder, has the exclusive right to produce and sell the drug for about 20 years from the date of filing of the patent application. This market exclusivity generally provides brand-name products the opportunity to build up physician and customer loyalties.

Once a patent on a drug expires, a manufacturer can obtain FDA approval to market a "generic" version. A generic drug is therefore usually marketed after the patent on a brand drug expires and is comparable to a brand-name drug. In fact, the FDA requires that generic drugs to have the same quality, strength, purity, identity and efficacy as brand-name drugs. While comparable to brand-name drugs, generic drugs are usually far less costly than brand-name drugs, resulting in substantial savings to consumers and hospitals. These cost savings have resulted in sustained growth of the generic pharmaceutical industry in the United States. According to a Congressional Budget Office study, "How Increased Competition from Generic Drugs has Affected Prices and Returns in the Pharmaceutical Industry," (available at <http://www.cbo.gov/showdoc.cfm?index=655&sequence=0>) in 1984, 19% of prescription drugs sold in the United States were generic. In 2002, according to a Federal Trade Commission Study in July, 2002, "Generic Drug Entry Prior to Patent Expiration," (available at <http://www.ftc.gov/os/2002/07/genericdrugstudy.pdf>) that figure reached more than 47%.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Much of the growth of the generic pharmaceutical industry has been attributed to The Drug Price Competition and Patent Term Restoration Act of 1984 (the "Waxman-Hatch Act") which encourages generic competition. Before the Waxman-Hatch Act, generic drug manufacturers had to put their products through an approval process similar to that for the original approval for brand-name drugs. Now, there is an accelerated approval process in which the generic manufacturer needs only to demonstrate to the FDA that the generic product is bioequivalent to the brand-name product through the filing of an abbreviated new drug application ("ANDA"). The ANDA may rely on information from the brand-name drug's application with the FDA.

10

It has been estimated that the average drug takes 12 years and \$270 million from initial discovery, through FDA testing and approvals, to public use. (1) Generic drug manufacturers can avoid almost all of these costs through the ANDA process, which has typically cost Interpharm less than \$500,000.

Interpharm's Business

Interpharm currently manufactures and markets twenty generic drug products in solid dosage form. Interpharm holds an ANDA for ten of the products. The remaining products are manufactured under an OTC monogram or are pre-1938 drugs which do not require ANDAs. Interpharm's products are solid oral dosage form consisting of tablets, caplets and capsules.

Approximately 35% of Interpharm's sales are to wholesalers and distributors which sell Interpharm's products to retailers and other wholesalers under their own labels. Approximately 65% of Interpharm's sales are under its own label. Interpharm distributes its products as follows:

- to distributors who sell to retail chain stores;
- directly to retail chains;
- to resellers who repackage Interpharm's products and sell them to retail chains; and
- with respect to a contract awarded to Interpharm by the U.S. Department of Veterans Affairs described below, through a government appointed prime vendor which purchases Interpharm's products and ships them as needed by the end user hospitals and facilities.

During the fiscal year ended December 31, 2002, two Interpharm customers collectively accounted for approximately 48% of total sales. During the fiscal year ended December 31, 2001, three customers accounted for approximately 19%, 20% and 22%, respectively, of total sales. Except as described below, Interpharm does not have a contract with any of these customers. The customers submit purchase orders to Interpharm and are invoiced for their orders.

During 2001, Interpharm had a contract with the Department of Veterans Affairs for the supply of Ibuprofen through a prime vendor which accounted for 22% of total sales. That contract expired June 30, 2002, but has again been awarded to Interpharm as of December 5, 2002 as described under "Recent Business Developments," below.

The loss of any of Interpharm's largest customers could have a material

Edgar Filing: ATEC GROUP INC - Form PRER14A

adverse effect on Interpharm's business.

As is the case with Interpharm's largest customers, most of Interpharm's other sales are not made pursuant to contracts, but pursuant to individual purchase orders. Therefore, there is nothing requiring many of Interpharm's customers to continue to purchase generic drugs from Interpharm and there can be no guarantee that they will continue to do so.

Interpharm's Product Line

Below is a list of drugs manufactured by Interpharm. The names of all of the drugs under the caption "Brand-Name Drug" are registered trademarks. The holders of the registered trademarks are non-affiliated pharmaceutical manufacturers.

Product Development

During the fiscal years ended December 31, 2002, 2001 and 2000, the majority of Interpharm's revenues were derived from sales of Ibuprofen tablets in both OTC and prescription strength.

Interpharm believes that its growth in recent years has been due primarily to its ability to create competitive advantages in its existing product line through efficient manufacturing processes, cost competitiveness, and the ability to create loyalty among its customers.

Over the next few years, patent protections on a large number of brand-name drugs are expected to expire which represent billions of dollars in sales. These patent expirations may provide opportunities for the manufacturers

12

of generic drugs. In order to take advantage of these opportunities, Interpharm intends to expand its product line and concentrate its new product development activities on brand-name products that have proven markets.

FDA approval is required before any generic drug can be marketed through an ANDA. While the ANDA has significantly streamlined the process of obtaining FDA approval for generic drugs, it is difficult to predict how long the process will take for any specific drug. Therefore, there is always the risk that the introduction of new products can be delayed.

The ANDA process requires that a company's manufacturing procedures and operations conform to FDA requirements and guidelines, generally referred to as current Good Manufacturing Practices ("cGMP"). The requirements for FDA approval encompass all aspects of the production process, including validation and record keeping, and involve changing and evolving standards. Compliance with cGMP regulations requires substantial expenditures of time, money and effort in such areas as production and quality control to ensure full technical compliance. The evolving and complex nature of these regulatory requirements, the broad authority and discretion of the FDA and the generally high level of regulatory oversight result in a continuing possibility that Interpharm may be adversely affected by regulatory actions despite its efforts to comply with regulatory requirements.

The ANDA process also requires bioequivalency studies to show that the generic drug is bioequivalent to the approved drug. Bioequivalence compares the bioavailability of one drug product with that of another formulation containing the same active ingredient. When established, bioequivalency confirms that the rate of absorption and levels of concentration in the bloodstream of a formulation of the approved drug and the generic drug are equivalent.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Bioavailability indicates the rate and extent of absorption and levels of concentration of a drug product in the bloodstream needed to produce the same therapeutic effect.

Supplemental ANDAs are required for approval of various types of changes to an approved application, and these supplements may be under review for six months or more. In addition, certain types of changes may only be approved once new bioequivalency studies are conducted or other requirements are satisfied.

In December 2001 Interpharm received ANDA approval from the FDA to produce prescription strength Naproxen. In addition, Interpharm has two new drugs that are under development. There can be no assurances, however, that the FDA will ultimately approve the drugs that are under development.

Even if an ANDA is approved, brand-name companies can impose substantial barriers to market entry which may include: filing new patents on drugs whose original patent protection is about to expire, developing patented controlled-release products or other product improvements, developing and marketing, as OTC products, brand-name products that will soon face generic competition, and commencement of marketing initiatives, regulatory activities and litigation. While none of these actions have been taken against Interpharm, to date, there can be no assurance that they will not be taken in the future.

Recent Business Developments

In January 2002 Interpharm entered into an agreement to manufacture, on a contract basis, four drugs in various dosage strengths. The contract is subject to Interpharm receiving a Site Transfer Approval ("STA") from the FDA.

The agreement is for a five year term, which may be renewed for an additional two years. The agreement also contains a non-compete provision stating that Interpharm may not distribute any of the drugs covered by the agreement for five years after its termination.

Whereas an ANDA approves the formula for a given product produced at a specified location, an STA granted by the FDA allows for the production of an approved drug at a site other than the one approved in the ANDA. In order for the FDA to approve an STA, the new production location must demonstrate that it

13

will be able to comply with all of the terms and conditions set forth in the approved ANDA, which include sources for raw materials, equipment, facility approval, and standard operating procedures. Interpharm believes that it may obtain an STA for the four drugs by the end of the second quarter of 2003. There can be no assurances, however, that an STA for each drug will be granted by the FDA.

On December 5, 2002, Interpharm was awarded a contract by the Department of Veterans Affairs to supply Ibuprofen tablets for the period January 2, 2003 through January 1, 2004 and includes four one year renewal options after that at the option of the Department of Veterans Affairs. The Department of Veterans Affairs has advised Interpharm that its estimated yearly value of the contract is \$5,054,879. Interpharm previously had this contract which expired June 30, 2002.

The contract covers sales to the following entities: all Department of Veterans Affairs facilities, all Indian Health Service facilities, Department of Health and Human Service Supply Center at Perry Point and all Option 2 State

Edgar Filing: ATEC GROUP INC - Form PRER14A

Veterans Homes. Upon mutual agreement, other government entities may be added to the contract.

Interpharm believes that its continued growth is dependent upon its ability (i) to continue increasing its market share in its existing product lines by utilizing its manufacturing efficiency, cost competitiveness, and customer loyalty, (ii) to obtain FDA approval for the drugs currently under development, (iii) to continue to increase its product line, (iv) to leverage off of its competitive strengths to capture market share on its new product lines and (v) to utilize its manufacturing efficiencies to enter into additional contract manufacturing arrangements. Interpharm believes that it will be successful in implementing the strategies above, but there can be no assurance that it will do so.

Research and Development

Interpharm's research and development expenses in and prior to 2000 were negligible. In the fiscal years ended 2002 and 2001, Interpharm's expenditures on research and development were approximately \$211,450 and \$110,000, respectively.

Interpharm's research and development activities consist of (i) identifying and conducting patent and market research on brand name drugs for which patent protection has expired or will expire in the near future, (ii) researching and developing new product formulations based upon such drugs, (iii) obtaining approval from the FDA for such new product formulations, and (iv) introducing technology to improve production efficiency and enhance product quality. The scientific process of developing new products and obtaining FDA approval is complex, costly and time consuming and there can be no assurance that any products will be developed and approved despite the amount spent on research and development. The development of products may be curtailed in the early or later stages of development due to the introduction of competing generic products or for other strategic reasons.

The research and development of oral solid dosage products requires studies and FDA review and approval which has historically taken approximately two to three years. However, the length of time necessary to bring a product to market can vary significantly and can depend on, among other things, availability of funding, problems relating to formulation, safety or efficacy, patent issues associated with the product or barriers to market entry from brand-name product manufacturers.

Interpharm contracts with outside laboratories to conduct biostudies, which, in the case of oral solids, generally are required for FDA approval. Historically, the vast majority of Interpharm's research and development expenditures have been on biostudies. While Interpharm believes that the companies contracted to perform the biostudies are reliable, there can be no assurance that they will use the proper due diligence or that their work will otherwise be accurate.

Intellectual Property

Interpharm does not currently hold or license any patents and has not trademarked its name.

Marketing

Interpharm markets its products primarily to wholesalers, drug distributors, repackagers, and other manufacturers through its internal sales staff as well as independent sales representatives. Some of Interpharm's wholesalers and distributors purchase products that are warehoused for drug chains, independent pharmacies, state and federal governmental agencies and managed healthcare organizations. Consistent with industry practice, Interpharm has a return goods policy. Pursuant to its policy, any unopened items in its original packaging may be returned if accompanied by (i) an authorization form obtained from Interpharm, a "Returned Goods Authorization Number" obtained from Interpharm and a proof of purchase. Transportation charges for returns are paid by the customer. If the foregoing procedures are followed, Interpharm will return the customer's original purchase price or the current market price, whichever is lower.

Pursuant to its return policy, Interpharm will not accept any of the following for return: (i) short-dated products (14 months or less remaining on the expiration date), (ii) expired products, products which have been opened, tampered with or which have a broken seal, (iii) products which have stickers or other price markings, (iv) products which have been damaged by improper handling, fire, flood or other catastrophes, (v) products stored under conditions other than as specified on the label, (vi) products returned by someone other than the direct purchaser from Interpharm, or (vii) products without proof of purchase.

Interpharm has not experienced returns of material quantities of any of the products it sells and therefore, does not believe that it is subject to material risk of inventory buildup attributable to returns.

Subsidiary

Interpharm has a 50% owned subsidiary called Saturn Chemical, LLC, a New York limited liability company. Saturn acts solely as a purchasing agent for Interpharm by purchasing Ibuprofen powder and supplying it to Interpharm. No written agreement exists between Interpharm and the other 50% owner of Saturn with respect to Saturn or the supply of Ibuprofen powder.

Interpharm has in the past sold finished goods to the other 50% owner of Saturn. For the fiscal year ended December 31, 2001, there were \$3,506,267 in sales to the other owner. For the year ended December 31, 2002 however, there were no sales to it.

Competition

The generic pharmaceutical industry is immensely competitive. Interpharm has identified at least seven principal competitors. The primary means of competition involve manufacturing capabilities and efficiencies, innovation and development, timely FDA approval, product quality, marketing, reputation, level of service, including the maintenance of sufficient inventory levels to assure timely delivery of products, product appearance and price. Price is one of the key factors in the generic pharmaceutical business. To compete effectively and remain profitable, a generic drug manufacturer must manufacture its products in a cost effective manner. Interpharm maintains adequate levels of inventories to meet customer demand and have them readily

available.

In addition to generic manufacturers, Interpharm has also experienced competition from brand-name companies that have purchased generic companies or license their products prior to or as relevant patents expire. No further regulatory approvals are required for a brand-name manufacturer to sell its pharmaceutical products directly or through a third party to the generic market, nor do such manufacturers face any other significant barriers for entry into such market.

As is the case with many generic pharmaceutical manufacturers, many of Interpharm's competitors have longer operating histories and greater financial resources than Interpharm. Consequently, some of these competitors may have larger production capabilities, may be able to develop products at a

15

significantly faster pace at a reduced cost, and may be able to devote far greater resources to marketing their product lines.

Certain manufacturers of brand-name drugs and/or their affiliates have been introducing generic pharmaceutical products equivalent to such brand-name drugs at relatively low prices. Such pricing, with its attendant diminished profit margins, could have the effect of inhibiting Interpharm and other manufacturers of generic pharmaceutical products from developing and introducing generic pharmaceutical products comparable to certain brand-name drugs. This, in turn, may discourage Interpharm's development of new products, reduce Interpharm's sales and limit or preclude its profitability. Additionally, consolidation among wholesalers, distributors, and repackagers, and technological advances in the industry and pricing pressures from large buying groups, could create pricing pressure, which would reduce Interpharm's profit margins on its product lines.

In addition, increased price competition among manufacturers of generic pharmaceutical products, resulting from new generic pharmaceutical products being introduced into the market and other generic pharmaceutical products being reintroduced into the market, has led to an increase in demands by customers for downward price adjustments by the manufacturers of generic pharmaceutical products. No assurance can be given that such price adjustments, which reduce gross profit margins, will not continue, or even increase, with a consequent adverse effect on Interpharm's earnings.

Brand-name companies also pursue other strategies to prevent or delay generic competition. These strategies may include: seeking to establish regulatory and legal obstacles that would make it more difficult to demonstrate bioequivalence, initiating legislative efforts in various states to limit the substitution of generic versions of certain types of brand-name pharmaceuticals, instituting legal action that automatically delays approval of generic products, the approval of which requires certifications that the brand-name drug's patents are invalid or unenforceable, or introducing "second generation" products prior to the expiration of market exclusivity for the reference product, obtaining extensions of market exclusivity by conducting trials of brand-name drugs, persuading the FDA to withdraw the approval of brand-name drugs, for which the patents are about to expire, thus allowing the brand-name company to obtain new patented products serving as substitutes for the products withdrawn, or seeking to obtain new patents on drugs for which patent protection is about to expire.

The ability of brand-name companies to successfully delay generic competition in any of Interpharm's targeted new product lines may adversely affect Interpharm's ability to enter into the desired product line or may impact its ability to attain its desired market share for that product.

Edgar Filing: ATEC GROUP INC - Form PRER14A

The Food and Drug Modernization Act of 1997 includes a pediatric exclusivity provision that may provide an additional six months of market exclusivity for indications of new or currently marketed drugs if certain agreed upon pediatric studies are completed by the applicant. Brand-name companies are utilizing this provision to extend periods of market exclusivity.

Some brand-name companies have lobbied Congress for amendments to the Waxman-Hatch legislation that would give them additional advantages over generic competitors. For example, although the term of a company's drug patent can be extended to reflect a portion of the time an NDA is under regulatory review, some companies have proposed extending the patent term by a full year for each year spent in clinical trials, rather than the one-half year that is currently permitted. If proposals like these become effective, Interpharm's entry into the market and its ability to generate revenues associated with these products will be delayed.

Raw Materials

Production and development depends upon Interpharm's ability to procure raw materials, which are generally available, at prices which allow Interpharm to compete with other generic drug manufacturers. The raw materials purchased by Interpharm consist primarily of the generic drugs it sells, in powder form, which Interpharm then mixes with several other ingredients and manufactures into tablet form. Interpharm does not have any contracts or other long-term arrangements with any supplier and therefore, there is no guarantee that

16

necessary materials will continue to be procured at the prices or delivery terms currently available or acceptable to Interpharm. Interpharm usually purchases its raw materials by submitting a purchase order to the supplier for which it receives an invoice.

With respect to raw material purchases, Interpharm's 50% owned subsidiary, Saturn Chemical, LLC, acts as a purchasing agent to supply Ibuprofen to Interpharm. Saturn, however, is not the sole supplier. There is no written agreement between Interpharm and Saturn.

During the fiscal year ended December 31, 2002, Interpharm purchased raw materials from three suppliers totaling approximately 59% of its total raw material purchases. During the fiscal years ended December 31, 2001 and December 31, 2000, Interpharm purchased raw materials from three suppliers totaling approximately 65% and 53% of its total raw material purchases.

To date, Interpharm has experienced no significant difficulty in obtaining raw materials and believes that raw materials will generally continue to be available in the future.

Generally Interpharm attempts to minimize the effects of any lack of raw materials supply by specifying, where economical and feasible, two or more suppliers of raw materials for the drugs it manufactures.

Employees

Interpharm currently has 128 full time employees.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Product Liability

Like all pharmaceutical companies, Interpharm faces the risk of loss resulting from, and adverse publicity associated with, product liability lawsuits, whether or not such claims are valid. Interpharm currently has products liability coverage for \$2,000,000 per occurrence with a \$2,000,000 aggregate limit. Although Interpharm believes that it has reasonably adequate insurance coverage, it cannot be certain that such coverage will, in fact, be adequate to cover claims or that Interpharm will be able to get adequate insurance coverage in the future at acceptable costs. A successful product liability claim that is excluded from coverage, or that exceeds Interpharm's policy limits, could require it to pay substantial sums.

Government Regulation

All pharmaceutical manufacturers are subject to extensive, complex and evolving regulation by Federal local and state governmental entities, principally by the FDA, and, to a lesser extent, by the Drug Enforcement Administration and state governmental agencies. The Federal Food, Drug, and Cosmetic Act, the Controlled Substances Act, the Waxman-Hatch Act, the Generic Drug Enforcement Act and other Federal statutes and regulations govern or influence the testing, manufacture, packaging, safety, labeling, storage, record keeping, approval, advertising and promotion of Interpharm's products.

Noncompliance with applicable requirements can result in judicially and/or administratively imposed sanctions including the initiation of product seizures, injunction actions, fines and criminal prosecutions. Administrative enforcement measures can involve the recall of products, as well as the refusal of the government to enter into supply contracts or to approve new drug applications. The FDA also has the authority to withdraw approval of drugs in accordance with regulatory due process procedures. Although, Interpharm has internal compliance programs and standard operating procedures which have been reviewed by independent consultants, and has had a favorable compliance history, if these programs were not to meet regulatory agency standards in the future, or if Interpharm's compliance were deemed deficient in any significant way, it could have a material adverse effect on Interpharm's business and earnings.

The FDA inspects manufacturer's facilities to assure compliance with cGMP. Manufacturers must follow cGMP regulations at all times during the manufacture and processing of drugs. To comply with the standards set forth in

17

these regulations, Interpharm must continue to expend significant time, money and effort in the areas of production, quality control and quality assurance.

In addition to the Federal government, individual states have laws regulating the manufacture and distribution of pharmaceuticals, as well as regulations pertaining to the substitution of generic drugs for brand-name drugs. Interpharm's operations are subject to regulation, licensing requirements and inspection by the states in which Interpharm is located or conducts business.

Interpharm must also comply with federal, state and local laws of general applicability, such as laws regulating working conditions and equal opportunity employment. Additionally, Interpharm is subject, as are all manufacturers, to various federal, state and local environmental protection laws and regulations, including those governing the discharge of materials into the environment. Historically, the costs of complying with such environmental

Edgar Filing: ATEC GROUP INC - Form PRER14A

provisions have not had a material adverse effect on Interpharm's earnings, cash requirements or competitive position, and Interpharm does not expect such costs to have any such material adverse effect in the foreseeable future. However, if changes to such environmental provisions are made that require significant changes in its operations or the expenditure of significant funds, such changes could have a material adverse effect on Interpharm's earnings, cash requirements or competitive position.

Continuing studies of the proper utilization, safety and efficacy of pharmaceutical products are being conducted by the industry, government agencies and others. Such studies, which increasingly employ sophisticated methods and techniques, can call into question the utilization, safety and efficacy of previously marketed products. There can be no assurances that these studies will not, in the future, result in the discontinuance of product marketing.

Description of Property

Interpharm does not own any real property. It leases an entire building in Hauppauge, New York, pursuant to a lease expiring in October, 2019, which houses its manufacturing, warehousing and executive offices. The leased building is approximately 100,000 square feet and is located in an industrial/office park. The current annual lease payments to the landlord, Sutaria Family Realty, LLC, are \$480,000. Sutaria Family Realty, LLC is owned by Mona Rametra, Perry Sutaria and Raj Sutaria. Upon a change in ownership of Interpharm, and every three years thereafter, the annual base rent will be adjusted to fair market value, as determined by an independent appraisal. There are no tenants in the building other than Interpharm.

Legal Proceedings

On or about January 31, 2002, Teresa Casey and Jerry Casey, as plaintiffs, commenced a lawsuit against Interpharm, as defendant in Superior Court, State of Washington, County of Pierce. Plaintiffs allege that Teresa Casey suffered a hemorrhagic stroke and aneurysm caused by ingesting guaifenesin/phenylpropanolamine ("PPA") for relief of bronchitis symptoms. Plaintiffs allege that Teresa Casey suffered severe injuries, including, but not limited to, invasive surgery, physical and cognitive impairment, emotional distress and other economic and non-economic damages. Plaintiffs allege that Interpharm was the alleged designer, constructor, manufacturer, producer, marketer, seller and distributor of the PPA Teresa Casey ingested. Plaintiffs have alleged nine causes of action for product liability, tort liability, negligence, breach of implied and express warranties and violation of the Washington Consumer Protection Act. Plaintiffs seek unspecified damages, attorney's fees, prejudgment interest, punitive damages and such other relief as the court deems just.

Interpharm has denied the material allegations of the complaint, believes it has meritorious defenses to the complaint and plans to vigorously defend the action.

On or about August 13, 2002, Interpharm, as plaintiff, commenced a lawsuit against General Star Indemnity Company, G.P. Insurance Agency, Inc. and Mortsan General Agency, Inc., as defendants in the Supreme Court of the State of New York, County of Suffolk. The lawsuit arose from General Star's refusal to

cover or defend Interpharm under an insurance policy with respect to the Casey action discussed in the preceding paragraph. The insurance policy is alleged to

Edgar Filing: ATEC GROUP INC - Form PRER14A

have been obtained for Interpharm by G.P. Insurance Agency, Inc. and Mortsan General Agency, Inc.

The alleged factual basis for Interpharm's claims is as follows. On or about July 28, 2001, General Star notified Interpharm that its Commercial General Liability Insurance Policy would not be renewed, but did not provide it with notice of extended reporting period coverage as required under New York law. When Interpharm received the complaint in the Casey action above and forwarded it to General Star in February, 2002, General Star refused coverage. On or about June 7, 2002, Interpharm exercised its right to obtain extended reporting coverage under its General Star policy.

Interpharm seeks a declaratory judgment that General Star is obligated to cover and defend the action and seeks damages, costs and attorney's fees for fraud misrepresentation and other claims.

In the event that Interpharm is not successful in its claim against General Star, the payment of damages or a settlement of the Casey action could have a material adverse effect on Interpharm's business and financial condition.

Interpharm Related Party Transactions

Because Interpharm is a family owned business, it and its owners and affiliates have engaged in a number of related party transactions as detailed below.

Loans from Shareholders, Officers and Directors

Dr. Maganlal K. Sutaria and Interpharm shareholders, from time to time have made loans to Interpharm. Approximately \$3,000,000 of the loans have a maturity date of January 1, 2012, and the balance of the advances, as reflected in Interpharm's December 31, 2002 financial statements, have no definitive repayment terms. As of December 31, 2002, repayment of \$3,000,000 of these loans is subordinated to Interpharm's bank debt.

Lease

On November 17, 1997, Interpharm entered into a lease for its facility with Perry Sutaria, Mona Rametra and Raj Sutaria as landlords, ending October 31, 2019. Each of the landlords is an Interpharm shareholder and Raj Sutaria is an Interpharm Officer. The current monthly lease payments are \$40,000. The lease was subsequently assigned to, and assumed by, Sutaria Family Realty, LLC which is owned by Perry Sutaria, Raj Sutaria and Mona Rametra. Pursuant to the terms of the lease, upon a change in ownership of Interpharm, and every three years thereafter, the annual base rent will be adjusted to fair market value, as determined by an independent appraisal.

No third party assessment or appraisal of the lease was made at the time it was entered into or at any subsequent time. The Special Committee of Atec's Board of Directors has taken the lack of a third party assessment into account but believe that the lease terms are in line with other leases in the area. This belief is based on the fact that Atec's offices are in the same area as Interpharm's leased premises and ATEC is currently subletting similar space for \$5.50 per square foot whereas Interpharm is paying \$4.80 per square foot.

Edgar Filing: ATEC GROUP INC - Form PRER14A

An oral agreement exists among Vimojy Realty, Inc. and the owners of 75 Adams Avenue, Hauppauge, New York for Vimojy to act as managing agent for the property. Vimojy is wholly owned by Bhupatlal K. Sutaria, Interpharm's President.

As managing agent, Vimojy is responsible for and performs the following functions: collection of rent, making mortgage, tax and insurance payments and management and maintenance of the property, including, but not limited to, arranging repairs, purchasing supplies and ensuring compliance with the lease.

Pro Forma Financial Statements

INTRODUCTION TO UNAUDITED PRO FORMA CONDENSED COMBINED BALANCE SHEET

The following unaudited pro forma condensed combined balance sheet, as of December 31, 2002, is based on the historical financial statements of Atec Group, Inc. and Subsidiaries ("Atec") and Interpharm, Inc. and Subsidiary ("Interpharm") and gives effect to the pro forma adjustments described herein as though the Management Buy-Out (as defined below) and the acquisition of Interpharm (as described below) had been consummated at December 31, 2002. The acquisition of Interpharm will be accounted for as a reverse merger in the form of a recapitalization of Interpharm. The pro forma statement of operations have not been provided since the pro forma statements of operations would be substantially identical to the historical statement of operation of Interpharm.

The unaudited pro forma condensed combined balance sheet should be read in conjunction with the notes thereto and with the historical financial statements of Atec, as filed in its annual report on Form 10-K and Form 10-K/A for the year ended June 30, 2002 and in its quarterly report on Form 10-Q for the quarter ended December 31, 2002 and with the historical financial statements of Interpharm included elsewhere herein. The unaudited pro forma condensed combined balance sheet is not necessarily indicative of the Company's combined financial position that would have been achieved had the Management Buy-Out and the acquisition been consummated at December 31, 2002.

On November 25, 2002, Atec entered into an Asset Purchase Agreement with Baar Group whereby Baar Group agreed to purchase the assets of Atec's sole

Edgar Filing: ATEC GROUP INC - Form PRER14A

current operations and assume substantially all of the liabilities of Atec for a purchase price of \$4,278,184, subject to certain adjustments (the "Management Buy-Out"). The purchase price is payable by delivery of (a) a \$1 million promissory note payable within 12 months, (b) a \$750,000 promissory note payable within 3 years and (c) cash for the remainder of the purchase price. The principals of Baar Group consist of current directors, officers, employees and/or shareholders of Atec. The column labeled "Atec Group, Inc.- After Management Buy-Out" in the pro forma condensed combined balance sheet reflects the Atec financial position as if the Management Buy-Out were completed on December 31, 2002, prior to recording the affects of the Interpharm acquisition.

Under the terms of the Capital Stock Exchange Agreement dated November 25, 2002, Atec will purchase all of the issued and outstanding common stock of Interpharm, in exchange for Atec common stock and a new Series K Convertible Preferred Stock. Immediately following the exchange, Interpharm shareholders will own approximately 48% of Atec's total voting stock.

The pro forma adjustments reflect the transactions based on currently available information and certain estimates and assumptions as set forth in the notes to the unaudited pro forma condensed combined balance sheet. However, the actual amounts may differ from the pro forma amounts.

PRO FORMA EARNINGS PER SHARE DATA

Introduction

At February 20, 2003, Atec had the following capital structure:

- o 7,719,326 shares of common stock issued and outstanding.
- o 424,429 shares of Series A, B, C and J Preferred stock which are convertible into 113,158 shares of common stock.
- o Options to purchase 6,032,900 shares of Atec common stock.

The number of shares of Atec Common Stock and Series K Stock issuable to the Interpharm shareholders is determined based upon the number of shares of Atec common and preferred stock outstanding as of the date of closing. Accordingly,

Edgar Filing: ATEC GROUP INC - Form PRER14A

the number of shares issuable to Interpharm shareholders at Closing is variable. Additionally, the number of Common Stock shares issuable pursuant to the conversion provisions of the Series K Stock is also variable. The exact number of Atec shares that will be outstanding at closing are not presently determinable. It is possible that some of the Atec Common Stock options could be exercised, and such exercises are beyond the control of management. The following tables present pro forma earnings per share ("EPS") based upon the transactions that are likely to or may occur, which would significantly affect the pro forma basic and diluted EPS. Other stock transactions could occur, but they are not currently reasonably likely.

Table 1:

The following table sets forth the computation of pro forma basic and diluted EPS for the year ended December 31, 2002 giving effect to the acquisition of Interpharm by Atec as if the transaction (including the Management Buy-Out) occurred on January 1, 2002, based upon Atec's currently existing shares outstanding.

- (1) Book value per share is computed by reducing the Atec historical stockholders' equity as of December 31, 2002 (prior to the Management Buy-Out) by the liquidation preference of the Series A, B and C preferred stocks. Such liquidation preference totaled \$2,399,680 at December 31, 2002. The resulting amount is divided by the total shares of common and Series J preferred stock outstanding.
- (2) Book value per share is computed by reducing the Atec stockholders' equity as of December 31, 2002 (after giving effect to the Management Buy-Out) by the liquidation preference of the Series A, B and C preferred stocks. Such liquidation preference totaled \$2,399,680 at December 31, 2002. The resulting amount is divided by the total shares of common and Series J preferred stock outstanding.
- (3) Reflects the retroactive effect of recording the recapitalization of Interpharm. Book value (net deficit) per share is computed by reducing stockholders' equity by the liquidation preference of the Series K Stock issued in the transaction. The resulting net deficit is divided by the number of shares of Common Stock issued to the Interpharm shareholders by Atec. Such liquidation preference totaled \$13,906,140, based on an estimate of 1,854,152 shares of Series K Stock issued.
- (4) Net deficit per share is computed by subtracting the liquidation preference of all issues of preferred stock (totaling \$16,305,820) from the pro forma post acquisition stockholders' equity and dividing such amount by the total number of post acquisition common and Series J preferred stock outstanding.

Overview

Interpharm, Inc. was incorporated in November 1984 and is in the business of developing, manufacturing, and selling both prescription strength and over the counter ("OTC") generic drugs in the United States. Approximately 35% of Interpharm's sales are to wholesalers and distributors which sell Interpharm's products to retailers and other wholesalers under their own labels. Approximately 65% of Interpharm's sales are under its own label. Interpharm currently manufactures and markets twenty generic drug products in solid dosage form. Most of Interpharm's revenues, approximately 70%, are derived from the sale of Ibuprofen in four different OTC and prescription dosages.

Interpharm sells its products through an internal sales staff as well as independent sales representatives. Some of Interpharm's wholesaler and distributor customers purchase products that are warehoused for drug chains, independent pharmacies, state and federal governmental agencies and managed healthcare organizations. Consistent with industry practice, Interpharm has a return goods policy. Sales are recognized when the product is shipped and appropriate provisions are made for returns.

Interpharm has not experienced returns of material quantities of any of the products it sells during the fiscal years ended December 31, 2002, 2001 or 2000, and therefore, does not believe that it is subject to material risk of inventory buildup attributable to returns.

For the fiscal year ended December 31, 2002, two Interpharm customers accounted for approximately 48% of sales. For the fiscal year ended December 31, 2001, three Interpharm customers accounted for 61% of sales. The loss of any of these larger customers and Interpharm's lack of a very large customer base could adversely impact Interpharm's business.

Over the previous three fiscal years, Interpharm has expanded its operations and production facilities in order to meet increased demand from its existing customers which have expressed satisfaction with Interpharm's products and prices and indicated that they would buy more from Interpharm if Interpharm could produce more. Accordingly, Interpharm leased an additional 38,000 square feet of space in its building in January 2002 and has a plan to spend an additional \$1 million on equipment over the 12 to 18 month period which began in January, 2003. Interpharm believes these expenditures will allow it to increase manufacturing capacity by 40 to 50%.

The increase in Interpharm's production facilities consists of equipment purchase and the lease of additional space. This increase in production facilities has not changed Interpharm's cost structure which has increased in proportion to the increase in production capacity.

The market for Interpharm's products is extremely competitive and Interpharm anticipates that average selling prices for its products may decrease in future periods, although the timing and amounts of these decreases cannot be predicted with any certainty. These decreases may be offset by the introduction of new drug products.

Interpharm believes that period to period comparisons of its historical operating results should not be relied upon as being a good indication of Interpharm's future performance because of Interpharm's dependence on a small number of customers for the bulk of its sales. Should Interpharm lose one or more of those customers, its business and operating results would be materially affected. Although Interpharm has experienced significant sales growth recently, it may not be able to sustain this trend.

Edgar Filing: ATEC GROUP INC - Form PRER14A

The Special Committee of Atec's Board of Directors has taken Interpharm's dependence on a small number of customers for the bulk of its sales into account but determined that the acquisition of Interpharm is nevertheless in the best interests of Atec shareholders because of demonstrated growth in the past and the potential for future growth.

Results of Operations

Fiscal Year ended December 31, 2002 compared to December 31, 2001

Financial Highlights

- o Net sales increased 32% or \$5.9 million to \$24.3 million from \$18.4 million.
- o Gross profit increased 22% or \$.8 million to \$4.3 million from \$3.5 million.
- o Operating income increased 80% or \$.8 million to \$1.8 million from \$1.0 million.
- o Net income increased 104% or \$535,854 to \$1,050,419 from \$514,565.

Net Sales and Gross Profit

Net sales for the fiscal year ended December 31, 2002 were \$24.3 million compared to \$18.4 million for the fiscal year ended December 31, 2001, an increase of \$5.9 million. Of this 32% increase in net sales approximately \$5.1 million is attributable to increased orders from existing customers spread evenly across Interpharm's product lines and resulting from Interpharm's increased production capacity and \$800,000 is attributable to the introduction of Naproxen to Interpharm's product line. The increase in net sales was not attributable to any change in prices which, for all products in Interpharm's product line, remained stable from the fiscal year ended December 31, 2001 to the year ended December 31, 2002. Gross profit for the year ended December 31, 2002 was \$4.3 million, an increase of 22% or .8 million from the \$3.5 million for the prior year.

During the year ended December 31, 2002, two Interpharm customers accounted for approximately 48% of Interpharm's total sales.

Cost of Sales

Cost of sales increased to \$20 million in the fiscal year ended December 31, 2002, or 34% from \$14.9 million in the prior year due to increased production. Approximately \$3.7 million, or 73% of this increase is primarily raw material purchases and approximately \$1.0 million, or 12%, was for increased labor costs. Raw material prices were constant during the period.

Interpharm increased its production to satisfy existing demand from existing customers which have additional purchasing capacity. The increase in production is attributable to the introduction of Naproxen as well as increased production of Ibuprofen and Iso Cap, the production of which increased 25% and 30% respectively.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Research and Development

Research and development expenses for the fiscal year ended December 31, 2002 were \$211,450, or 1% of net sales, compared to \$110,000, or 1% of net sales in 2001, an increase of \$101,450. Research and development expenses were used primarily for a biostudy for a new drug currently in development.

Selling, General and Administrative

Selling, general and administrative expenses were \$2.1 million, in the year ended December 31, 2002, or 9% of net sales, compared to \$2.0 million, or 11% of net sales, for 2001.

Selling, general and administrative expenses for the fiscal year ended December 31, 2002 were primarily made up of salaries (\$492,000), selling commissions (\$164,000) freight expenses (\$370,000), legal, accounting and other professional services (\$328,000), repairs and maintenance costs (\$74,000) and insurance expense (\$23,000). Salaries increased \$37,000 due to increases in staff to accommodate increased production. In addition, bad debt expense decreased by \$214,000 due to the write-off of one customer balance in the preceding year and write-offs occurring during the year ended December 31, 2002

30

were \$47,000. No sales were made to the customer whose balance was written off in the fiscal year ended December 31, 2002.

Income Taxes

The effective tax rate for the fiscal year ended December 31, 2002 was 32% compared to 29% for 2001. The increase in the effective tax rate for 2002 was primarily due to a decrease in the net deferred tax asset valuation allowance in the 2001 fiscal period. The deferred tax asset was primarily attributable to New York State investment tax and employment incentive tax credits. The tax credits utilized are limited to the state taxes computed on the minimum taxable income base. These tax credits also expire in 15 years if not utilized. Management has estimated a reserve for the deferred tax asset based upon prior years' actual credits utilized and projected credits to be utilized on future taxable income. The valuation allowance reserve has decreased due to Interpharm's increased taxable income which has utilized more credits and management's estimate of future growth which has reduced the estimated credits that will not be utilized

Year ended December 31, 2001 compared to December 31, 2000

Financial Highlights

- o Net sales increased 62% or \$7 million to \$18.4 million from \$11.4 million
- o Gross profit increased 58% or \$1.3 million to \$3.5 million from \$2.2 million

Edgar Filing: ATEC GROUP INC - Form PRER14A

- o Operating income increased 20% or \$172,679 to \$1,035,957 from \$863,278
- o Net earnings increased 52% or \$176,801 to \$514,565 from \$337,764

Net Sales and Gross Profit

Net sales for 2001 were \$18.4 million compared to \$11.4 million for fiscal 2000, an increase of \$7 million or 62%. In 2001, Interpharm increased its production capacity to satisfy demand from existing customers with the capacity to make additional purchases. Once Interpharm's production capacity was increased, it received a corresponding increase in orders from these customers.

Gross profit for 2001 was \$3.5 million, or 19% of net sales, compared to \$2.2 million, or 19% of net sales, for fiscal 2000. This increase of \$1.3 million, or 58%, was also attributable to increased production of Interpharm's generic products.

The increase in net sales was not attributable to any change in prices which, for all products in Interpharm's product line, remained stable between 2000 and 2001.

Cost of Sales

Cost of sales increased from \$9.2 million in 2000 to \$14.9 million in 2001, an increase of \$5.7 million or 62% due to increased production. \$2.6 million, or 46%, of this increase was attributable to raw material purchases, \$1.9 million, or 33%, was attributable to manufacturing overhead, \$.2 million, or 4%, was attributable to increases in the purchase of packing supplies and \$.1 million, or 2%, was attributable to increased labor costs. Raw material prices were constant during the period.

Research and Development

Research and development expenses for fiscal 2001 were \$110,000, or 1% of net sales, compared to \$0, in fiscal 2000. This increase was largely attributable to the new drugs currently in development.

Selling, General and Administrative Expenses

Selling, general and administrative expenses were \$2.0 million, or 11% of net sales, for fiscal 2001, compared to \$1.3 million, or 11% of net revenues, for fiscal 2000. For fiscal 2001, selling general and administrative expenses were primarily made up of salaries (\$456,000), freight expenses (\$248,000),

31

commissions (\$166,000), legal, accounting and other professional services (\$199,000), repairs and maintenance expenses (\$89,000) and, a bad debt of \$297,000 for one customer, the other 50% owner of Interpharm's Saturn subsidiary. The bad debt and an increase in salaries of \$218,000 relating to the hiring of additional personnel in order to increase production comprised most of the increase in selling, general and administrative expenses from 2000 to 2001.

Income Taxes

The effective tax rate for fiscal 2001 was 29% compared to 39% for fiscal 2000. The decrease in the effective tax rate was due to the decrease in the tax effect of permanent differences, primarily due to the minority owner's share of the loss of Interpharm's subsidiary during 2000. At December 31, 2001, Interpharm has net deferred tax assets of \$298,000 primarily related to New York State investment tax credits of approximately \$268,500 and cumulative losses in excess of its subsidiary basis. The net deferred tax asset has been reduced by a

Edgar Filing: ATEC GROUP INC - Form PRER14A

valuation allowance of \$151,000 because Interpharm may not be able to utilize all of these deferred tax assets prior to their expiration.

Liquidity and Capital Resources

Since Interpharm's inception, it has financed its operations and met capital expenditure requirements primarily through cash flows from operations, bank loans and lines of credit and loans from Interpharm's shareholders. While Interpharm relied more heavily on its shareholders in previous years, cash provided from operations is currently the primary source of funds to operate and expand Interpharm's business. Cash flows from operations were \$1,747,585 during the fiscal year ended December 31, 2002, \$906,343 during year ended December 31, 2001 and \$353,293 during 2000. As a result of Interpharm's cash flows from operations during fiscal 2002, working capital increased \$.2 million to \$2.3 million from \$2.1 million in 2001. Interpharm believes that its working capital and cash provided by operating activities are sufficient to meet current operating needs.

Net cash used in investing activities for the fiscal year ended December 31, 2002, 2001 and 2000 were \$1,203,221, \$964,259 and \$175,583, respectively. These were all for the purchase of production equipment except for \$19,011 in 2002 for the purchase of marketable securities. In the year ended 2002, Interpharm used \$1,044,176 to repay bank notes of \$236,455 and loans to related parties of \$807,721. In the year ended 2001, Interpharm removed \$313,166 of net equipment from service.

Accounts Receivable

The accounts receivable increase from December 31, 2001 to December 31, 2002 is primarily attributable to the increase in sales throughout 2002. This increase resulted in an increased accounts receivable balance at December 31, 2002.

The accounts receivable days outstanding for the periods December 31, 2001 through December 31, 2002 consistently ranged from 54-59 days.

Inventory

During the later part of 2000 and early 2001 Interpharm commenced a program to increase inventory production levels to meet the demand for increasing sales. Due to the increase in sales at the end of 2001 Interpharm's inventory had decreased. During 2002 Interpharm had increased production capacity to produce more inventory to meet future demand resulting in a more optimal level of inventory at December 31, 2002.

The inventory turnover for the periods ended December 31, 2001 through December 31, 2002 has consistently improved with a decrease in number days sales in inventory from 58 days to 50 days.

Accounts Payable

The accounts payable, accrued expenses and other liabilities increase

Edgar Filing: ATEC GROUP INC - Form PRER14A

from December 31, 2001 to December 31, 2002 is primarily attributable to increased inventory production to meet future sales demands.

Interpharm expects to devote substantial resources to continue its research and development efforts, equipment purchases and internal expansion necessary to support its growth. As a result, Interpharm anticipates that capital expenditures will increase in absolute dollars over the next 12 to 18 months by approximately \$1 million, which will be used primarily for purchases of equipment. Interpharm also plans to spend approximately \$500,000 on leasehold improvements over the next 12 months to house additional equipment and production facilities. While Interpharm anticipates that its cash flow and current credit arrangements will be sufficient for at least the next 12 to 18 months, it may need or choose to raise additional funds or seek other financing arrangements to facilitate more rapid expansion, to develop new products, or to acquire or invest in complimentary businesses, technologies, services or products. In the event that additional financing is required, Interpharm may not be able to acquire it on acceptable terms, if at all.

Interpharm anticipates that once it has completed its internal expansion it will be able to sell more of the products it currently produces to its existing customers which have indicated additional purchasing capacity and which have increased the volume of their orders when Interpharm has increased its production capacity in the past. However, there can be no assurance that additional orders will be received from existing customers once Interpharm's internal expansion is completed because Interpharm has no agreements or other binding commitments for such orders.

From time to time in the past, Interpharm's shareholders, directors and officers had made loans to it for working capital. As of December 31, 2002, each of these loans was paid by Interpharm with the exception of a loan with a \$3 million principal balance from Dr. Maganlal K. Sutaria to Interpharm. The \$3,000,000 loan reflected in Interpharm's December 31, 2002 financial statements has a maturity date of January 1, 2012. Repayment of this loan is subordinated to Interpharm's bank debt.

Interpharm's Obligations

As of December 31, 2002, Interpharm's obligations and the periods in which they are scheduled to become due are set forth in the following table:

The line of credit is due on demand, but is reviewed by the bank at least annually, and automatically expires unless extended in writing. The line of credit is scheduled to be reviewed by September 30, 2003. The credit facility is collateralized by substantially all Interpharm assets and personally guaranteed by Interpharm's stockholders. In addition, Interpharm must comply with certain financial covenants. The material covenants (as defined in the agreement) are as follows:

Repayment of \$3,000,000 of the amounts due to related parties are subordinated to the bank.

- Interpharm is also required to provide financial statements and other financial information on a regular basis.

As of December 31, 2002 and 2001 and through the date of this proxy statement, the Company is in compliance with all of the above covenants.

(2) See Note 7 to Interpharm's Consolidated Financial Statements for the years ended December 31, 2002, 2001 and 2000, which describes the Company's guarantee of the mortgage related to these leased premises.

Bank Loans and Lines of Credit

Interpharm has the following loans and credit lines outstanding as of December 31, 2002:

1. HSBC Advised Secured Line of Credit Facility for \$2.0 million (\$1.5 million for Interpharm and \$500,000 for its subsidiary). The interest rate on this credit line is at HSBC's prime rate plus .5% or, at Interpharm's option,

Edgar Filing: ATEC GROUP INC - Form PRER14A

a fixed rate equal to HSBC's cost of funds plus 2.0%. The line of credit is due on demand. The facility is reviewed by the bank at least annually and automatically expires unless extended in writing. The line of credit is scheduled to be reviewed by September 30, 2003.

2. HSBC Non-Revolving Secured Facility for Equipment Purchases for \$1.5 million. The secured credit facility is to amortize in no more than 60 equal monthly installments of principal and interest. Each advance under the Equipment Purchase Line cannot exceed 90% of the invoice amount of the new equipment. Each advance is converted into a separate note that is fully amortizing in up to 60 equal monthly installments of principal and interest. Interest on the notes payable is charged at the bank's prime rate plus .5%. At December 31, 2002, there were four separate notes outstanding with current aggregate monthly installments totaling \$24,597. Such notes mature at various dates through July 2006.

Loans that are guaranteed by Interpharm

The following loans are guaranteed by Interpharm as of December 31, 2002:

1. July 21, 1999 Loan and Use Agreement relating to an \$820,000 loan for the purchase of 75 Adams Avenue, Hauppauge, New York, among Bi-County Development Corporation, Perry M. Sutaria (Shareholder), Mona M. Sutaria (Shareholder), Raj M. Sutaria (Shareholder/Officer), Interpharm and the New York Job Development Authority; and

34

2. July 21, 1999 Loan Agreement by and among Perry M. Sutaria (Shareholder), Mona M. Sutaria (Shareholder) and Raj M. Sutaria (Shareholder/Officer), as borrower, Interpharm as guarantor, and the Long Island Development Corporation ("LIDC") for an \$850,000 loan from LIDC under guarantee by the U.S. Small Business Administration.

3. April 29, 2002 \$1,859,000 mortgage loan from HSBC to Sutaria Family Realty, LLC, which is owned by Perry Sutaria, Raj Sutaria and Mona Rametra.

As of December 31, 2002, there is approximately \$3,305,000 due under the above guaranteed loans.

Interpharm leases its business premises from an entity controlled by three of its stockholders under a noncancelable lease expiring in October, 2019. Interpharm is obligated to pay minimum annual rent of \$480,000, plus property taxes, insurance, maintenance and other expenses related to the premises. Upon a change in ownership of Interpharm, and every three years thereafter, the annual rent will be adjusted to fair market value, as determined by an independent party.

Critical Accounting Policies and Estimates

Management's discussion and analysis of financial condition and results

Edgar Filing: ATEC GROUP INC - Form PRER14A

of operations discusses Interpharm's financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires that Interpharm make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, Interpharm evaluates judgments and estimates made, including those related to revenue recognition, inventories, income taxes and contingencies including litigation. Interpharm bases its judgments and estimates on historical experience and on various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Interpharm considers the following accounting policies to be most critical in understanding the more complex judgments that are involved in preparing its financial statements and the uncertainties that could impact results of operations, financial condition and cash flows.

Revenue Recognition

Revenues from the sale of Interpharm products are recognized upon shipment of the product. Revenues are recorded net of provisions for rebates, charge-backs, discounts and returns, which are established at the time of sale. Estimates for rebates, charge-backs, and discounts are calculated based on actual experience and also cover discounts on sales to intermediary wholesale prime vendors for the supply of ibuprofen to the Department of Veterans Affairs.

Interpharm purchases raw materials from a supplier, which is then used in the manufacturing of completed goods and sold back to the supplier, by direct drop shipment to the supplier's customers. The raw materials are also used in the manufacturing of products for other Interpharm customers. Interpharm also (i) has the general inventory risk by taking title to all of the raw material purchased, (ii) establishes the selling price for the finished product and, (iii) significantly changes the raw materials into the finished product under Interpharm's specifications and formulas. These factors among others, qualify Interpharm as the principal under the indicators set forth in EITF 99-19, Reporting Revenue Gross as a Principal vs. Net as an Agent. If the terms and substance of the arrangement change, such that Interpharm no longer qualified to report these transactions on a gross reporting basis, Interpharm's net income and cash flows would not be affected. However, Interpharm's sales and cost of sales would both be reduced by a similar amount.

Principles of Consolidation

Interpharm consolidates the results of operations, financial position, and cash flows of its 50% owned subsidiary as if we were operating as a single entity. Interpharm's 50% owned subsidiary purchases raw materials on behalf of Interpharm as a purchasing agent. Virtually all of the 50% owned subsidiary's sales are to Interpharm (which are eliminated in consolidation) and all management decisions relating to purchasing, selling price, storage and accounting functions are performed unilaterally by Interpharm's management. In addition, all of the subsidiary's bank debt is guaranteed by Interpharm. Interpharm has not recorded a minority interest in the net losses of the subsidiary, since the 50% minority owner is not responsible to fund any losses

Edgar Filing: ATEC GROUP INC - Form PRER14A

beyond its initial investments. Therefore, Interpharm, although owning a 50% interest in the subsidiary, recorded all of the losses in its consolidated statements of income for each of the years in the three year period ended December 31, 2002. Additionally, all of the guaranteed debt of the subsidiary is included in our consolidated balance sheets.

Allowance for Doubtful Accounts

Interpharm records allowances for doubtful accounts based upon customer specific analysis and assessment of past-due balances. Additional allowances for doubtful accounts may be required if there is an increase in past-due balances or for customer specific circumstances. The allowance for doubtful accounts was \$47,776 at December 31, 2002 and 2001.

Inventory

Interpharm's inventories are valued at the lower of cost or market, determined on a first-in, first-out basis, and include the cost of raw materials and manufacturing. Interpharm continually evaluates the carrying value of its inventories and when factors such as expiration dates and spoilage indicate that impairment has occurred, either a reserve is established against the inventories' carrying value or the inventories are disposed of and completely written off in the period incurred.

Recent Accounting Pronouncements

In January 2002, Interpharm adopted SFAS No. 142, "Goodwill and Other Intangible Assets". SFAS No. 142 provides guidance on how to account for goodwill and intangible assets after an acquisition is completed. The most substantive change is that goodwill will no longer be amortized, but instead will be tested for impairment periodically. Implementation of SFAS 142 did not have any material impact on the consolidated financial statements of Interpharm.

In January 2002, Interpharm adopted SFAS 144, "Accounting for the Impairment of Disposal of Long Lived Assets." SFAS No. 144 addresses the accounting model for long-lived assets to be disposed of by sale and resulting implementation issues. This statement requires that those long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reported in continuing operations or in discontinued operations. Therefore, discontinued operations will no longer be measured at net realizable value or include amounts for operating losses that have not yet occurred. It also broadens the reporting of discontinued operations to include all components of an entity with operations that can be distinguished from the rest of the entity and that will be eliminated from the ongoing operations of the entity in a disposal transaction. Implementation of SFAS No. 144 did not have any material impact on the consolidated financial statements of Interpharm.

On April 30, 2002, the Financial Accounting Standards Board issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections". SFAS No. 145 eliminates the requirement that gains and losses from the extinguishment of debt be aggregated and, if material, classified as an extraordinary item, net of the related income tax effect and eliminates an inconsistency between the accounting for sale-leaseback transactions and certain lease modifications that have economic effects that are similar to sale-leaseback transactions. Generally, SFAS No. 145 is effective for transactions occurring after May 15, 2002. The adoption of this standard had no material impact on the consolidated financial statements of Interpharm.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Effective July 30, 2002, the FASB issued SFAS No. 146 "Accounting for Cost Associated with Exit or Disposal Activities". The main provisions of this statement address the recognition of liabilities associated with an exit or disposal activity. The adoption of this standard had no material impact on the consolidated financial statements of Interpharm.

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN 46"), "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51." FIN 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the equity investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN 46 is effective for all new variable interest entities created or acquired after January 31, 2003. For variable interest entities created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. Interpharm is currently evaluating the effect that the adoption of FIN 46 will have on its results of operations and financial condition.

In November 2002, the FASB issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"). FIN 45 requires a company, at the time it issues a guarantee, to recognize an initial liability for the fair value of obligations assumed under the guarantee and elaborates on existing disclosure requirements related to guarantees and warranties. The initial recognition requirements of FIN 45 are effective for guarantees issued or modified after December 31, 2002 and adoption of the disclosure requirements are effective for Interpharm in the December 31, 2002 financial statements. Interpharm does not expect the adoption the initial recognition requirements to FIN 45 will have a significant impact on its consolidated financial position or results of operations.

Risk of Product Liability Claims

The testing, manufacturing and marketing of pharmaceutical products subject Interpharm to the risk of product liability claims. Interpharm believes that it maintains an adequate amount of product liability insurance, but no assurance can be given that such insurance will cover all existing and future claims or that Interpharm will be able to maintain existing coverage or obtain additional coverage at reasonable rates.

Quantitative And Qualitative Disclosures About Market Risk

Interpharm presently does not use any derivative financial instruments to hedge its exposure to adverse fluctuations in interest rates, fluctuations in commodity prices or other market risks, nor does it invest in speculative financial instruments. Borrowings under Interpharm's lines of credit are indexed to the prime rate.

Due to the nature of Interpharm's borrowings and short-term investments, it has concluded that there is no material risk exposure.

Background of the Acquisition

The Atec Board of Directors has been considering potential suitable acquirers of, or merger candidates with, Atec for some time. Consideration of such a transaction began in February 2000, when Atec received an unsolicited proposal from Applied Digital Solutions, Inc. ("ADS") to acquire Atec. Following negotiations, a non-binding letter of intent was entered into during the Spring 2000. The letter of intent provided that Atec and a wholly owned subsidiary of ADS would merge. The letter of intent provided that each share of Atec Common Stock would be exchanged for 1.25 shares of ADS common stock. However, following due diligence, the parties mutually terminated the term sheet in Summer 2000, and the transaction was never consummated.

Then, in October 2000, ADS revisited the transaction but indicated that it only wanted to acquire the shares of Atec held by our then Chairman and Chief Executive Officer, Surinder Rametra. Accordingly, it entered into a Stock Purchase Agreement with Surinder Rametra. However, the transaction was terminated by ADS in March 2001.

Thereafter, in April 2002, in order to improve shareholder value, our Board instructed management to explore strategic opportunities for Atec, including exploring potential candidates which could merge with Atec and thus create a larger, more competitive company or which could acquire or could be acquired by Atec. The Board believed that, given the current economic conditions, which were compounded by the recent tragic events of September 2001, the acquisition by, or a merger with, another company would be in the best interest of Atec and its stockholders.

In Spring 2002, we entered into negotiations with Chell Group Corporation ("Chell") to sell our assets for a purchase price of \$4 million in cash and stock of Chell. In June 2002, following due diligence, Atec ceased any further discussions with Chell.

At about the same time, Ashok Rametra, Balwinder Singh Bathla, Rajnish Rametra and Arvin Gulati, all members of our management, approached our Board to inquire about acquiring the assets of Atec and assuming its liabilities. Such members of management believed Atec's current computer operation would be more competitive and profitable as a privately held business without the overhead associated with a public reporting company. According to the Baar Group, they believe that they could save approximately \$750,000 annually in administrative and overhead expenses such as legal expenses, auditing fees, printing costs,

Edgar Filing: ATEC GROUP INC - Form PRER14A

transfer agent fees, premiums for directors and officers liability insurance, exchange listing fees and reduction of work force. In addition, Baar Group hopes to realize further savings by implementing additional cost cutting measures, such as further reduction in the number of employees and reductions in individuals' salaries, in order to make the computer operations profitable. As a result of these savings, the Baar Group believes that the computer operations could become profitable as a private company. Once the Chell transaction was abandoned, the management group proposed to purchase our computer operations for the value of our working capital plus \$750,000.

As a result of the management team's proposal, a special committee of independent directors of the board (the "Special Committee"), consisting of David Reback and Stewart Benjamin, with Mr. Reback as the Chairperson of the Special Committee, was formed to review the proposed management buy-out. Although the members of the Special Committee believed that the management's proposal appeared fair and was on terms more favorable than any other viable proposal, Atec continued to explore other candidates for a potential merger or to acquire Atec. At the same time, Mr. Reback continued his discussions with the management group. Following the receipt of the management group's proposal, Atec considered numerous other potential transactions, including potential acquisitions of Atec; however discussions with such parties to potential transactions ceased at the initial due diligence phase, and the Special Committee determined that the terms offered by the management group, including the purchase price, were more favorable than any of the other potential transactions. In addition, the Special Committee believed that the parties to the other potential transactions, none of which involved the payment of cash and/or promissory notes, were less attractive candidates because of limited operating history and/or inadequate revenues and assets. Accordingly, Mr. Reback and our Chief Financial Officer continued negotiations with the management group in order to consummate a management buy-out.

39

Munish K. Rametra, our Chairman's son who is a merger and acquisition consultant, was aware that Interpharm was considering going public and that Atec was seeking an acquisition candidate. He recommended that Atec and Interpharm meet for discussions. As a result, Surinder Rametra met with Interpharm's management. The Chairman of Interpharm's Board of Directors, Dr. Maganlal K. Sutaria, is Munish K. Rametra's father-in-law and Mr. Rametra's wife, Mona Rametra, is an Interpharm shareholder.

During the next few weeks, the discussions and negotiations continued between Surinder Rametra, Dr. Sutaria and Bhupatlal K. Sutaria (Interpharm's President). These discussions and negotiations resulted in a proposal whereby Atec would acquire all of the outstanding stock of Interpharm in exchange for 40,000,000 shares of Atec Common Stock and whereby the loans made by Dr. Sutaria to Interpharm would be converted into a new series of Atec preferred stock paying 5% dividend per year. The 40 million shares of Common Stock would have represented approximately 80% of the total number of Atec Common Stock issued and outstanding after the closing.

On October 21, 2002 after reviewing the above-described proposal submitted by Interpharm, our Board recommended that Surinder Rametra and James Charles continue to negotiate with Interpharm with a view towards consummating the acquisition of Interpharm.

Following further negotiations between Atec and Interpharm management and further due diligence review, Interpharm revised its proposal. Interpharm proposed that Atec acquire all of its outstanding capital stock in exchange for Atec Common Stock and a new series of voting convertible preferred stock whereby

Edgar Filing: ATEC GROUP INC - Form PRER14A

immediately following the closing of the acquisition the former Interpharm shareholders would hold approximately 48% of Atec's voting stock.. The shares of Common Stock to be issued upon conversion of the new series of preferred stock, together with the shares of Common Stock to be issued at closing, would represent approximately 80% of the total number of Atec Common Stock. In addition, Interpharm agreed that the new series of preferred stock would not be convertible for at least one year and only after Atec is deemed to be in compliance with the applicable exchange listing standards. Interpharm also agreed that only one seventh of the total number of shares of the new series of preferred stock will be convertible each year. The revised proposal also eliminated the requirement that Dr. Sutaria's loan to Interpharm be converted into Atec preferred stock.

Interpharm agreed to forgo its initial demand for 40 million shares of Common Stock in exchange for its capital stock and agreed its shareholders would receive, at closing, only such number of shares equal to approximately 48% of Atec's voting stock in order to address Atec's concerns regarding the immediate dilution of its stockholders. Further, Interpharm agreed to the restrictions on the conversion of the new series of preferred stock described-above in order to delay the full dilutive effect of conversion on the Atec stockholders.

Financial and legal due diligence review of Interpharm was conducted by our Chief Financial Officer and its outside legal counsel. On November 25, 2002, our Chief Financial Officer reported to the Special Committee the results of the due diligence review. He summarized the due diligence review and noted that although the results of the due diligence review appeared satisfactory overall, there was concern regarding a personal injury product liability claim pending in the Superior Court of Washington (see "Legal Proceedings", page 18). He reported that Interpharm's insurance carrier has refused to provide coverage for the claim. After considering the Chief Financial Officer's due diligence report, the Special Committee determined that both the proposed management buy-out and the proposed acquisition were fair and in the best interests of Atec and its stockholders. With regard to the product liability litigation, the Special Committee believed that the uncertainty associated with that litigation was outweighed by the favorable consideration to be paid for the acquisition of Interpharm and the potential growth of Interpharm's business. It recommended the consummation of both the management buy-out and the acquisition of Interpharm, each subject to a fairness opinion. Upon receipt of the Special Committee's recommendation, our Board unanimously approved the management buy-out and the acquisition of Interpharm and recommended their approval to Atec stockholders, each subject to a fairness opinion.

Consequently, on November 25, 2002, both the Asset Purchase Agreement and the Capital Stock Exchange Agreement were executed by the relevant parties.

40

Reasons for the Acquisition

In concluding that the Acquisition was fair to, and in the best interest of all Atec stockholders, including unaffiliated stockholders, the Board and the Special Committee considered the following information and factors:

1. The Board and the Special Committee also felt that the acquisition of Interpharm was in the best interests of Atec and its stockholders due to Interpharm's historical growth rate and the potential for future growth. The Board and the Special Committee noted that Interpharm has experienced

Edgar Filing: ATEC GROUP INC - Form PRER14A

substantial revenue growth. It also noted the fact that Interpharm's revenue grew from approximately \$11 to \$12 million during year 2000 to approximately \$18 million in year 2001. The Board and the Special Committee also considered studies which show that the generic drug market has been growing and the likelihood that the generic drug market is likely to continue to grow due to the anticipated expiration of patents for brand-name drugs.

2. The Board and the Special Committee believed that the acquisition of Interpharm was in the best interests of Atec and its stockholders due to Interpharm's historical profitability. It noted that the net income of Interpharm for the year 2000 was approximately \$300,000 and for the year 2001 was approximately \$500,000. Further, Interpharm's net income for the nine months ended September 30, 2002 was approximately \$800,000.
3. In contrast to Interpharm's historical performance, the Board and the Special Committee considered the downturn in demand for Atec's services and products, as well a general reduction in spending for information and computer technology due to the recent economic and market conditions. In that regard, the Board and the Special Committee noted that Atec's revenues had decreased from approximately \$72 million in fiscal 2000 to approximately \$39 million in fiscal 2002. Similarly, Atec's net income had decreased during that same period from approximately \$300,000 to a net loss of approximately \$1.7 million.
4. The Board and the Special Committee believed that the consideration to be paid for the acquisition of Interpharm was fair. They estimated, based upon the number of shares of Common Stock issued and outstanding on November 25, 2002, that the total amount of Common Stock to be issued to the Interpharm stockholders at the closing and upon the conversion of their preferred stock would be approximately 31 million shares. Based upon the then current trading price of Atec Common Stock of approximately \$.32, the Board and the Special Committee estimated that the value of the Common Stock to be issued to the Interpharm shareholders was approximately \$10 million, or less than Interpharm's historical annual revenues. In light of Interpharm's historical growth, potential for future growth and historical profitability, as contrasted by the declining revenues and net income of Atec, the Board and the Special Committee believed that the consideration to be paid to for the acquisition of Interpharm was fair to Atec and its stockholders.
5. The offer to purchase Atec's computer operations by the management group was, in the determination of the Board and the Special Committee, superior to all the other potential transactions considered, including the proposed transaction with Chell, or any other bona fide offer the Board and the Special Committee believed they could receive. In this regard, the Board and the Special Committee noted that only the management group proposed all of the consideration to be paid in cash and promissory notes which were secured by assets and were personally guaranteed. The Board and the Special Committee also noted that the consideration offered by the management group was superior to the \$4 million purchase price offered by Chell, most of which was to be paid in Chell

capital stock. The Board and the Special Committee believed that in the event the Management Buy-Out is consummated, Atec would not have any operations and therefore, it was in the best interests of Atec and its stockholders to acquire an operating business.

6. The Board and the Special Committee also considered other information concerning the historical financial performance, business operations, financial condition and prospects of Interpharm.

The Board and the Special Committee also considered potentially negative factors relating to the Acquisition, including (i) the dilutive effect on the current stockholders of Atec, and (ii) the risk factors and uncertainties which are described above in the description of Interpharm's business.

The Board and the Special Committee also considered the uncertainties associated with the Acquisition, including (i) the possibility that the transaction would not be approved by Atec's stockholders, (ii) the uncertainty regarding the number of shares of Common Stock that may be issued to Interpharm stockholders, and (iii) the possibility that AMEX would delist Atec's Common Stock.

Based upon a review of the AMEX rules and regulations, we believe Atec's Common Stock will not be delisted for the following reasons: (i) Atec will continue to exist, (ii) Interpharm shareholders will own less than 50% of the voting power of Atec, (iii) the majority of the board of directors will consist of incumbent board members, and (iv) our Chairman and Chief Financial Officer would remain as executive officers and only two new executive officers would be added. However, no assurance can be given that Atec will retain its AMEX listing. Delisting would likely result in the trading of our Common Stock in the over-the-counter market and cause the trading volume and share price of our Common Stock to decline.

The Acquisition of Interpharm is not a "going private" transaction under SEC Rule 13e-3 in that it is not being done with the purpose of, and is not reasonably likely to cause, a delisting of Atec's Common Stock from trading on the AMEX.

The Board and the Special Committee concluded that these potentially negative factors were outweighed by the potential benefits to be gained by the Acquisition. Thus, after taking into consideration all of the factors set forth above, the Board and the Special Committee unanimously determined that the Acquisition was in the best interests of Atec and its stockholders, and that Atec should consummate the Acquisition.

Terms of the Acquisition

Pursuant to the terms of the Capital Stock Exchange Agreement, each Interpharm shareholder will exchange all of their Interpharm stock for shares of Atec Common Stock and Atec Series K Stock, thus making Interpharm a wholly owned subsidiary of Atec. Immediately following the exchange, the Interpharm shareholders will own approximately 48% of Atec's voting securities. This will be accomplished by issuing to Interpharm shareholders (i) ATEC Common Stock equal to approximately 72% of the total outstanding number of shares of Atec Common Stock outstanding as of the closing, and (ii) Atec Series K Stock equal

Edgar Filing: ATEC GROUP INC - Form PRER14A

to approximately 24% of the total outstanding number of shares of Atec Common Stock outstanding as of the closing. As a result, your ownership percentage in Atec will be substantially diluted. Your ownership percentage in Atec will be further substantially diluted upon the conversion of the Series K Stock. If the Interpharm shareholders were to sell the Common Stock they receive at closing or upon conversion of their Series K Stock and sell such shares of Common Stock into the market, such sales could have a negative effect on the market price of our Common Stock and could dilute the value of your shares. In addition, once the Interpharm shareholders are able to convert their Series K Stock, they will most likely own in the aggregate the majority of the total voting equity of Atec.

Based upon the number of shares of Common Stock outstanding as of March 15, 2003, Interpharm shareholders would receive 5,562,456 shares of Atec Common Stock and 1,854,152 shares of Atec Series K Stock at the closing of the Acquisition. Although Atec has no present intention of issuing shares of Common Stock prior to the closing of the Acquisition, it may be required to do so in

42

the event holders of our options, warrants or convertible preferred stock elect to exercise their options, warrants or the conversion rights under such preferred stock. Under such circumstances, the number of shares of Common Stock and Series K Stock to be issued to the Interpharm shareholders will increase. For every 100 shares of Common Stock issued by Atec prior to the closing of the Acquisition, the Interpharm shareholders will be entitled to receive approximately 72 additional shares of Atec Common Stock and 24 additional shares of Series K Stock at closing.

The Series K Stock. The relative rights, preferences and limitations of the Series K Stock, \$.01 par value per share, will be governed by the Certificate of Designations, Preferences and Rights of the Series K Stock, annexed to the Capital Stock Exchange Agreement which is attached to this Proxy Statement. As of March 15, 2003, the total number of shares of Series K Stock to be required to be issued to the Interpharm shareholders will be 1,854,152. Each share of Series K Stock will be entitled to one vote, voting as a class with the holders of Atec Common Stock. It also will be entitled to receive dividends to the same extent and in the same amounts as Atec Common Stock. So long as any shares of Series K Stock remain outstanding, Atec may not create any new series or class of shares having preferences prior to, or in parity with or superior to the Series K Stock as to voting or liquidation preferences.

At the request of the Interpharm shareholders' request for greater security in their investment in the Series K Stock, Atec agreed to provide a liquidation preference for the Series K Stock. In the event of a liquidation, dissolution or winding up of Atec, the holders of the Series K Stock will be entitled to receive, subject to the rights of any other class of stock ranking senior to the Series K Stock, \$7.50 per share prior to distribution on any class of stock ranking junior to the Series K Stock, including the Common Stock. This means that if 1,854,152 shares of Series K Stock are issued and outstanding, the holders of the Series K Stock will be entitled to receive approximately \$14 million upon the liquidation, dissolution or winding up of Atec before the holders of our Common Stock. No assurance can be given that Atec will have sufficient funds or assets to satisfy the liquidation preference of the holders of the Series K Stock.

The Series K Stock will be convertible into shares of Atec Common Stock, no sooner than one year after the closing of the Acquisition, upon the happening of any of the following events (the "Triggering Events"): Atec is (i)

Edgar Filing: ATEC GROUP INC - Form PRER14A

deemed by AMEX to be in compliance with applicable listing standards; (ii) deemed by another exchange to be in compliance with its applicable listing standards in the event Atec's securities are listed on such exchange; or (iii) Atec is no longer listed on AMEX, the Nasdaq National Market or SmallCap Market, or the New York Stock Exchange.

Upon the occurrence of any of the above Triggering Events, the shares of Series K Stock will become convertible into shares of Common Stock. The aggregate number of shares of Common Stock to be issued upon the full conversion of all of the Series K Stock is equal to the difference of (a) four times (i) the difference of (i) the number of shares of Common Stock issued and outstanding immediately prior to the closing of the date of the Triggering Event and the number of shares of Common Stock that are issuable upon the full conversion of any outstanding shares of Series A, B, C and J preferred stock on the date of the Triggering Event, (ii) less the number of shares of Common Stock issued after the date of the closing pursuant to obligation which arose after the closing of the Acquisition, and (iii) less the number of shares of Common Stock issued to the Interpharm shareholders, and (b) the number of shares of Common Stock issued to the Interpharm shareholders. The net effect of the conversion feature, together with the shares of Common Stock to be issued at closing, is to issue to Interpharm shareholders Atec Common Stock equal to approximately 80% of the total number of Common Stock outstanding as of the date of the Triggering Event, after giving effect to the conversion, less shares of Common Stock which may be issued between the date of the closing of the Acquisition and the date of the Triggering Event arising out of obligations which arose after the date of closing.

Beginning on the date of the Trigger Event and on each anniversary date thereof, one seventh of the total number of shares of Series K Stock will automatically convert into Common Stock until all of the Series K Stock has been converted, provided, however, if at any time after the date of the Triggering Event, the holders of the Series K Stock own less than 51% of Atec's outstanding Common Stock, then the holders may convert such number of Series K Stock as will be necessary such that the holder will own 51% of the outstanding Common Stock.

43

By way of example, if no additional shares of Common Stock are issued after March 15, 2003 and until the closing of the Acquisition, on the date of the closing there will be 7,816,626 shares of Atec Common Stock outstanding and approximately 113,000 shares of Atec Common Stock issuable upon the conversion of the Series A, B, C and J preferred stock. The Interpharm shareholders will receive 5,562,456 shares of Common Stock and 1,884,152 shares of Series K Stock at the closing of the Acquisition. Furthermore, assuming that following the closing, no additional shares of Common Stock are issued prior to the date of the Triggering Event, then the 1,854,152 shares of Series K Stock will be convertible into approximately 25,767,648 shares of Common Stock. Of the 25,767,648 shares of Common Stock to be issued approximately 3,681,093 shares will be issued as of the date of the Triggering Event and as of each of the following six anniversary dates thereof, unless the holders of the Series K Stock in the aggregate own less than 51% of all of the outstanding Atec Common Stock in which case they will be able to convert additional Series K such that they will own 51% of Atec's Common Stock in the aggregate.

When all of the Series K Stock is converted, the former Interpharm shareholders would then hold a total of 31,330,104 shares of Common Stock (5,562,456 received on the closing date and 25,767,648 received through conversion of the Series K Stock over a seven year period).

Edgar Filing: ATEC GROUP INC - Form PRER14A

The Series K Stock contains anti-dilution provisions which may allow the holders of the Series K Stock to convert their shares into a greater number of shares of our Common Stock. Pursuant to these anti-dilution provisions, for every share of Common Stock that is issued prior to the closing of the Acquisition or after the Acquisition pursuant to obligations of Atec which existed as of the date of the closing (for example, as a result of exercise of existing options) the number of shares to be issued to the holders of the Series K Stock upon conversion will increase in the aggregate by four shares. However, any shares of Common Stock that are issued after the closing not due to obligations of Atec which existed prior to the closing would have no effect on the number of shares to be issued to the holders of the Series K Stock upon conversion.

Closing. Pursuant to the Capital Stock Exchange Agreement, the closing of the Acquisition will take place on a date to be agreed upon by the parties. The parties have agreed to select a closing date subsequent to the date of the shareholders meeting.

Representations and Warranties. In the Capital Stock Exchange Agreement, Atec and Interpharm, with its shareholders, make customary representations and warranties to each other, including representations and warranties regarding the following: (a) organization, (b) capitalization, (c) authority regarding the Capital Stock Exchange Agreement, (d) consents and approvals and absence of violations of or conflicts with certain laws and agreements, (e) absence of undisclosed liabilities, (f) absence of material events since the last financial statements reviewed by the parties, (g) taxes, (h) litigations, (i) subsidiaries, (j) employee, employee benefit and labor matters, (k) organizational documents, stock ledgers and minute books, (l) intellectual property, (m) real property and (n) environmental matters.

In addition, Interpharm and its shareholders also make customary representations to Atec regarding (a) acquisition of Atec stock for investment purposes, (b) adequate rights to Interpharm's property, (c) the accuracy of Interpharm financial statements, (c) material contracts and absence of defaults thereunder, (d) Interpharm's receivables, (e) Interpharm's business relationships with its largest customers, (f) transactions with affiliates and (g) insurance matters.

In addition, Atec makes customary representations to Interpharm and its shareholders regarding (a) the accuracy of Atec's filings with the Securities and Exchange Commission, (b) the valid issuance of its stock, (c) compliance with securities laws, (d) matters relating to the listing of its securities with AMEX, (e) matters relating to the Investment Company Act and (f) outstanding stock options and warrants and (g) treatment of certain accrued expenses.

Conduct Pending Closing. The Capital Stock Exchange Agreement provides that, except as expressly contemplated thereby, during the period from the date of the Capital Stock Exchange Agreement and continuing until the closing, each of Atec and Interpharm will continue to (a) conduct its business in the ordinary

course, (b) file tax returns and pay or make provisions for taxes when due, (c) maintain its insurance coverage and (d) comply with all laws and regulations applicable to it. In the case of Atec, it also agreed to file all reports due to be filed with the Securities and Exchange Commission and to use its reasonable efforts to maintain the eligibility of its Common Stock for listing on AMEX. In the case of Interpharm, it also agreed to use reasonable efforts to keep intact its business organizations and goodwill, to keep the services of its employees

Edgar Filing: ATEC GROUP INC - Form PRER14A

and officers and to maintain good relationships with its suppliers, lenders, employees, customers and others having a business or financial relationship with it.

Atec and Interpharm also agreed that, except as contemplated in the Capital Stock Exchange Agreement, each will not (a) amend its charter or by-laws, (b) (1) split, combine or reclassify any of its securities, or (2) declare, set aside or pay any dividends with respect to its capital stock, or (3) make, agree or commit to make any exchange for or redemption of any securities, (c) issue or agree to issue any additional shares of its capital stock, (d) incur any indebtedness for money borrowed or make or commit to capital expenditures, except in the ordinary course of business, (e) adopt or amend employee benefits or agreements or materially increase the compensation to its officers, directors or employees, (f) enter into any material contracts, and (g) not hold any meetings of the Board of Directors of stockholders without inviting a representative of the other party.

Notwithstanding the foregoing, Atec may enter into and consummate the Management Buy-Out and issue shares upon exercise of its existing options and warrants.

Each of the parties also agreed that pending the closing or the termination of the Capital Stock Exchange Agreement, it will not directly or indirectly, solicit, encourage or initiate any discussions with, negotiate with or provide any information to any other party regarding any merger or acquisition of such party or any similar transaction. Except, in the case of Atec, it is not prohibited from complying with Rule 14e-2 and Rule 14d-9 under the Securities Exchange Act of 1934, as amended, with respect to a bona fide tender offer or exchange offer or from disclosing another transaction involving a merger or acquisition of Atec or any of its subsidiaries if Atec's Board determines after consultation with legal counsel that such disclosure is necessary. In addition, Atec may participate in negotiations or discussions with, or furnish information to any person in connection with a merger or acquisition proposal if such proposal is not solicited by Atec after the date of the Capital Stock Exchange Agreement and such person submits the proposal in writing to Atec's Board. Prior to any such negotiation, discussion or furnishing of information, the Board must determine, after consultation with legal counsel and financial advisors, that such proposal is reasonably likely to lead to a superior proposal and that failure to participate in such negotiations, discussions or furnishing of information would be inconsistent with the Board's fiduciary duties. If prior to the closing of the Acquisition, a majority of the Board determines that it has received a superior proposal and that consummating the Acquisition of Interpharm would be inconsistent with its fiduciary duties, the Board may withdraw or modify its approval or recommendation of the Acquisition, approve or recommend the superior proposal, terminate the Capital Stock Exchange Agreement and publicly announce its intention to do the foregoing.

Conditions. The obligations of Interpharm to effect the transactions contemplated by the Capital Exchange Agreement are subject to the satisfaction of the following conditions: (a) the receipt of all approval, consents, authorizations and waivers from governmental agencies and third parties required to consummate the Acquisition, (b) no injunction or other order of any court which prohibits the Acquisition shall be in effect, (c) Atec shall have performed in all material respects its obligations contained in the Capital Stock Exchange Agreement and complied with all material requirements, rules and regulations relating to the Acquisition, (d) no material adverse change in the business or condition of Atec since September 30, 2002, other than those permitted in the Capital Stock Exchange Agreement, (e) the representations and warranties of Atec set forth in Capital Stock Exchange Agreement shall be true in material respects as of the closing and as if made at the time of the closing, (f) the total number of shares of Atec Common Stock issued and

Edgar Filing: ATEC GROUP INC - Form PRER14A

outstanding shall not exceed 12,000,000, (g) the completion of the Management Buy-Out resulting in Atec having not more than \$650,000 in total liabilities, (h) Atec shall have not less than \$3.7 million in stockholders' equity, of which at least \$1.25 million in cash, (i) the filing of the Certificate of Designations of the Series K Stock, (j) fairness opinions as to the Acquisition and the Management Buy-Out, (k) approval of the Acquisition and the Management Buy-Out by Atec stockholders, (l) employment agreements with Surinder Rametra

45

for at least three years at an annual salary not in excess of \$150,000 and with James Charles for at least two years at an annual salary not in excess of \$80,000, and (m) Atec shall have entered into the Registration Rights Agreement.

The term "material adverse change" is defined in the Capital Exchange Agreement as any event, change, circumstance or effect that is or is reasonably likely to be materially adverse to the business, financial condition or results of operations of a party and its subsidiaries taken as a whole or the ability of such party to consummate the transactions contemplated therein.

The condition that the Management Buy-Out be consummated as a condition to the acquisition of Interpharm was required by Interpharm. Interpharm does not wish to consummate the transaction if Atec continues to own the computer operations because it believes that Atec would find it difficult to raise capital, when and if necessary in the future, unless it can show that it has a single line of business which is the sole focus of the company. Furthermore, Interpharm requires assurance that Atec would receive the cash and promissory notes contemplated in the Management Buy-Out.

Similarly, the obligations of Atec to effect the transactions contemplated by the Capital Exchange Agreement are subject to the satisfaction of the following conditions: (a) the receipt of all approval, consents, authorizations and waivers from governmental agencies and third parties required to consummate the Acquisition, (b) no injunction or other order of any court which prohibits the Acquisition shall be in effect, (c) Interpharm and its shareholders shall have performed in all material respects their obligations contained in the Capital Stock Exchange Agreement and complied with all material requirements, rules and regulations relating to the Acquisition, (d) no material adverse change in the business or condition of Interpharm, other than those permitted in the Capital Stock Exchange Agreement, (e) the representations and warranties of Interpharm and its shareholders set forth in Capital Stock Exchange Agreement shall be true in material respects as of the closing and as if made at the time of the closing, (f) no material change in the final financial statements to be delivered by Interpharm from the financial statements previously reviewed by Atec, (g) no more than 4,000,000 shares of Interpharm common stock outstanding, (h) the approval of the Acquisition and the Management Buy-Out by Atec stockholders, (i) receipt of all outstanding Interpharm stock free and clear of any liens, pledges or encumbrances, and (j) a fairness opinion as to the Acquisition.

Stockholder Meeting. In the Capital Stock Exchange Agreement, Atec has agreed to duly call and give notice of a shareholder meeting and to use its reasonable efforts to obtain the approval of its stockholders of the Acquisition and the Management Buy-Out as soon as practical. Atec has also agreed to prepare and file with the Securities and Exchange Commission a Proxy Statement, and Interpharm agreed to deliver as soon as practical its audited annual financial statements for the fiscal year ended December 31, 2001 and 2000, and reviewed financial statements for the quarter ended September 30, 2002 for inclusion in the Proxy Statement.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Termination. The Capital Stock Exchange Agreement may be terminated at any time prior to the closing, whether before or after approval by stockholders: (a) by mutual consent of Atec, Interpharm and Interpharm shareholders, (b) by Interpharm and its shareholders if the conditions set forth above in "Conditions" above as they relate to their obligations to consummate the Acquisition have not been met by the time of the closing, (c) by Atec if the conditions set forth above in "Conditions" above as they relate to its obligations to consummate the Acquisition have not been met by the time of the closing, (d) by Interpharm and its shareholders if there is a material breach in any representation, warranty, covenant, agreement or obligation of Atec, (e) by Atec if there is a material breach in any representation, warranty, covenant, agreement or obligation of Interpharm or its shareholders, and (f) by Atec if it receives a superior proposal.

If the Capital Stock Exchange Agreement is terminated as provided therein, none of the parties will have any liability or further obligation to the other parties, except if the Capital Stock Exchange Agreement is terminated because it receives a superior proposal then, Atec is obligated to pay Interpharm and its shareholders' costs and expenses in connection with the Capital Stock Exchange Agreement. In addition, if the Capital Stock Exchange Agreement is terminated due to a breach in any representation, warranty or

46

covenant of a party, such party is obligated to pay the other party a termination fee of \$500,000 plus the costs and expenses of such other party.

Indemnification. Interpharm has agreed in the Capital Stock Exchange Agreement to keep in effect for a period of three years current insurance coverage providing insurance for the current officers and directors of Atec for their errors, omissions and similar sources of potential liability and Atec's current policies regarding the indemnification of the current officers and directors.

The Registration Rights Agreement. Pursuant to the terms of the Registration Rights Agreement, the Interpharm shareholders are entitled to certain rights relating to the registration with the Securities Exchange Commission for resale of the Common Stock to be issued to them in connection with the Acquisition and upon the conversion of their Series K Stock. Subject to certain terms and conditions, one-third of the holders of the registrable securities may demand up to two times that Atec file a registration statement covering their Common Stock, provided the shares to be registered represent at least one-third of all registrable securities and have an aggregate public offering price of \$1,000,000. In addition, in the event Atec decides to file a registration statement, Atec must afford the holders of such registrable securities to include their Common Stock in the registration statement. The expenses in connection with the filing of the registration statements will be borne by Atec.

Opinion of vFinance

Beginning in October 2002, our Chief Financial Officer began searching for potential investment banks or accounting firms to deliver a fairness opinion regarding the Management Buy-Out and the Acquisition. As a result of his search, he received two written proposals from investment banks and one oral proposal from an accounting firm. The three proposals were presented to the Special Committee on November 25, 2002. The Special Committee narrowed the potential candidates to the two investment banks upon the basis the fees sought by the accounting firm were approximately twice the fees quoted by the two investment banks. Of the two investment banks, the Special Committee determined that

Edgar Filing: ATEC GROUP INC - Form PRER14A

vFinance Investments, Inc. had a stronger background and experience regarding transactions of the nature contemplated by Atec. As a result, on November 27, 2002, the Special Committee selected vFinance Investments, Inc. as the independent investment banker to issue a fairness opinion with respect to the terms of the Management Buy-Out and the Acquisition of Interpharm.

vFinance is a multi-channel financial services company that provides investment banking, trading and brokerage services to more than 10,000 corporate and private clients worldwide. The company has offices in New York, Chicago, San Jose, Atlanta, Houston, Boca Raton and 22 other cities nationwide. In the normal course of business, vFinance is asked to perform and issue valuations and opinions on behalf of private and public entities nationwide. vFinance has recently issued opinions in transactions for companies such as Oriole Homes, Options Talent Group and PartBase.

No material relationship has existed during the past two years nor is a material relationship mutually understood to be contemplated between Atec and/or its affiliates and vFinance and/or its affiliates.

Atec agreed to pay an aggregate fee of \$38,500, plus expenses, for delivery of the fairness opinions regarding both the Management Buy-Out and the Acquisition. No portion of the fee is contingent upon the closing of either transaction.

vFinance delivered a written opinion dated as of December 17, 2002 to our Board to the effect that, based upon the assumptions made, matters considered and limits of the review undertaken, the Acquisition from a financial point of view is fair to Atec's stockholders. vFinance did not recommend or determine the consideration to be paid with respect to the Management Buy-Out or the Acquisition. A copy of the opinion is attached as Appendix C and is incorporated herein by reference. vFinance's opinion should be read in its entirety by the stockholders of Atec for information with respect to assumptions made and matters considered.

47

In arriving at its opinion with respect to the Acquisition, vFinance reviewed (a) periodic reports filed by Atec with the SEC (b) certain publicly available documents regarding Atec; (c) publicly available data and information for companies vFinance determined to be comparable to Atec; (d) available research reports for companies vFinance determined to be comparable to Atec; (e) financial terms of other recent transactions deemed to be similar; (f) the Capital Stock Exchange Agreement and all accompanying schedules and exhibits, including the Certificate of Designations, Preferences and Rights of the Series K Stock; (g) internal detailed financial statements for the years ended December 31, 2001 and December 30, 2000 and for the nine months ended September 30, 2002 provided to vFinance by Interpharm; (h) publicly available data and information for companies vFinance determined to be comparable to Interpharm; and (i) the Registration Rights Agreement. vFinance also held discussions members of Atec's and Interpharm's management regarding the strategic rationale for, and potential benefits of, the transaction and the past and current business operations, financial condition and future prospects of Atec and Interpharm. It also conducted such other financial analyses and examinations and considered such other financial, economic and market criteria as it determined to be appropriate for purposes of the opinion.

In rendering its opinion, vFinance relied upon the accuracy and completeness of all of the financial and other information reviewed by it. vFinance assumed that the financial forecasts provided by Atec had been reasonably prepared on a basis reflecting the best currently available judgments and estimates of the management of Atec.

Edgar Filing: ATEC GROUP INC - Form PRER14A

The following is a summary of the financial analyses performed by vFinance in arriving at its opinion regarding the Acquisition.

vFinance set out to perform a comparable analysis on companies similar in nature to Interpharm. A total of 13 companies that vFinance believed fit its defined parameters were included in the comparable sample. The 13 companies used in the comparable analysis are Able Laboratories, Alpharma, Inc, Barr Laboratories, Bradley Pharmaceuticals, Caraco Pharmaceutical Lab, Chattem Inc., CNS, Inc., Endo Pharmaceuticals, Eon Labs, Inc., Forest Laboratories, Halsey Drug Company, Hitech Pharmacal Co., Impax Laboratories, Inc. The bases used to determine comparability were same industry type, similar products and similar distribution methods. These 13 companies ranged in market capitalization from \$15.4 million to \$19.4 billion, with a mean market capitalization of approximately \$2.14 billion. The range of trailing twelve month revenue figures generated by this group varied from \$7.8 million to \$1.9 billion, with a mean of \$394 million, as compared to the \$23.2 million generated by Interpharm. Based on vFinance's review of the multiples, it appeared that the market is rewarding small, growing, generic drug manufacturers based on their ability to drive revenue growth. Based on vFinance's valuation, it assigned an overall enterprise value range of \$49.7 to \$55.7 million for Interpharm.

In arriving at the valuation range of \$49.7 to \$55.7 million, vFinance first sought to compile a sample set of companies that were deemed to be comparable to Interpharm. First, vFinance conducted an on-site due diligence visit of the Interpharm facilities to better understand its operations. vFinance then compiled a list of an initial sample universe of companies, which it proceeded to cull down to those used in the comparable analysis. The culling process involved examining publicly-filed documents, press releases, online review of company websites and marketing materials and removing those that in vFinance's determination, were not similar in form and substance to Interpharm. Having arrived at a sample set of comparable companies, vFinance then compared key operating metrics for Interpharm (EBITDA (Earnings before Interest, Taxes, Depreciation & Amortization), EBIT (Earnings before Interest and Taxes) and Book Value of Net Assets) to the public company sample set. It then sought to develop a valuation range based on a comparison of the public company operating metrics to the enterprise value and market capitalizations of those same companies. Using a mean for these derived values, they were then applied to Interpharm's operating statistics, yielding a low end range based on enterprise value of \$49.7 million and a high end range of \$55.7 million based on market capitalization

Having reviewed the operating demographics of this sample set and determining that Interpharm fell within the parameters of this group, vFinance began to set forth the basis of its analysis. In the end, vFinance settled on 2 analytical techniques: Comparable Company Analysis and Buy-Out/Acquisition

48

Analysis, to arrive at what vFinance believed was a proper valuation range for the contemplated transaction.

In terms of Comparable Company Analysis, vFinance saw that it would not be possible to perform the analysis using earnings or cash flow as the valuation methodology, as a significant amount of the sample set were currently not generating earnings or cash flow. As such, vFinance determined that it would derive multiples based on Market Price and Enterprise Value. These two items were compared to each company's Revenue, EBITDA (Earnings before Interest, Taxes, Depreciation & Amortization), EBIT (Earnings before Interest and Taxes)

Edgar Filing: ATEC GROUP INC - Form PRER14A

and Net Assets. These multiples, once derived from the sample set, were applied against Interpharm's operating statistics to arrive at its value.

vFinance sought to gather data on comparable buy-out transactions in the field of generic drug manufacturing. vFinance noted a sample set of approximately 6 transactions, ranging in size from \$1.5 million to \$644.2 million, with a mean deal size of \$285.96 million. Revenues ranged from approximately \$12 million to \$400 million, with a mean revenue size of \$94 million. vFinance noted that in the sample set, the skewed data, where the revenue size of the companies was either very small or very large, could potentially lead to distorted buy-out multiples. As such, vFinance elected to give no weight to these statistics in formulating their opinion regarding the fairness of the Acquisition and instead, determined the fairness of the Acquisition based upon the Comparable Company Analysis and equity ownership analysis only.

Finally, vFinance performed an analysis of the equity ownership structure of Atec at both the closing date and upon a full conversion of the Series K Stock. Analysis of the equity ownership structure is an analysis of the post-acquisition and post-conversion capital structure of Atec, and it indicated the percentage ownership position of the interested parties (i.e. Atec public stockholders, Atec insiders and Interpharm insiders) in the company. The analysis received an equal weighting to the other analyses considered in determining the fairness, from a financial point of view, to the shareholders of Atec.

Based on a review of the Acquisition, vFinance determined that the consideration being offered in the acquisition of Interpharm by Atec is fair, from a financial standpoint, to Atec's stockholders.

Interests of Certain Persons

Mona Rametra, one of the Interpharm shareholders who is a party to the Capital Stock Exchange Agreement, is the daughter-in-law of Surinder Rametra, our chairman and a member of Atec's Board. She is also the daughter of Dr. Maganlal K. Sutaria, the Chairman of the Board and chief executive officer of Interpharm. Mrs. Rametra owns 800,000 shares of Interpharm common stock, or 20% of the outstanding capital stock of Interpharm. As a result, Mrs. Rametra will receive 20% of all of the Atec Common Stock and Series K Stock to be issued to the Interpharm shareholders. Although Dr. Sutaria does not own any Interpharm stock, his other two children (i.e. Mrs. Rametra's brothers) collectively own 55% of Interpharm stock and his nephew, Ravi Sutaria, owns the remaining 25%. Ravi Sutaria is the son of Bhupatlal K. Sutaria, the President of Interpharm. In addition, Munish K. Rametra, who is Mrs. Rametra's husband and Surinder Rametra's son, will share a finder's fee of \$100,000 with three other individuals relating to the Acquisition.

Accounting Treatment

Atec will have no operating assets, only general corporate liabilities and no operations, after giving effect to the Management Buy-Out. Accordingly, the transaction will be treated as a reverse merger in the form of a recapitalization of Interpharm. As a result, the financial statements of Interpharm will become the historical financial statements of Atec. The consolidated pro forma balance sheet of Atec upon consummation of the Interpharm transaction includes Interpharm's assets and liabilities on an historical cost basis, plus the net assets of Atec, which will primarily consist of cash and promissory notes approximating \$4 million obtained from the Management Buy-Out.

Certain Federal Income Tax Consequences

The Acquisition will have no federal income tax effect on the current holders of Atec stock. For federal income tax purposes, the Acquisition will be treated as a tax-free reorganization under Section 368(a)(1)(B) of the Internal Revenue Code.

No Dissenters' Rights of Appraisal

Under Delaware law, Atec's stockholders will not be entitled to dissenters' rights of appraisal in connection with the Acquisition.

Governmental and Regulatory Approval

No federal or state regulatory requirements must be complied with or approval must be obtained in connection with the Acquisition as of the date hereof.

The affirmative vote of at least a majority of the shares present in person and voting or represented by proxy and voting at the Annual Meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) is necessary for approval of Proposal No. 1.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 1 TO BE FAIR AND IN THE BEST INTERESTS OF ATEC AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE ACQUISITION OF INTERPHARM BY ATEC.

PROPOSAL NO. 2

AMENDMENT TO CERTIFICATE OF INCORPORATION

The amendment to the Certificate of Incorporation of Atec will change our name from "Atec Group, Inc." to "Interpharm Holdings, Inc." In the Capital Stock Exchange Agreement, the parties agreed to change Atec's name to "Interpharm Holdings, Inc." as of the closing of the Acquisition. In addition, pursuant to the terms of the Management Buy-Out, Atec has agreed to grant Baar Group a perpetual license in its rights to the name "Atec Group, Inc." and to assign such name to Baar when Atec changes its name. Because, following the Acquisition and the Management Buy-Out, Atec's sole substantive business operations will be those of its wholly-owned subsidiary, Interpharm, Inc., Atec's Board has determined that the name change will better reflect Atec's business operations. The full text of the proposed amendment to our certificate of incorporation is attached hereto as Appendix D.

The affirmative vote of at least a majority of our shares of our issued and outstanding Series A, B and C preferred stock and Common Stock, voting together as a class, is necessary for approval of Proposal No. 2. Under Delaware law, there are no rights of appraisal or dissenter's rights that arise as a result of a vote to approve the amendment to the Certificate of Incorporation.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 2 TO BE IN THE BEST INTERESTS OF ATEC AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE NAME CHANGE.

PROPOSAL NO. 3

THE MANAGEMENT BUY-OUT

Edgar Filing: ATEC GROUP INC - Form PRER14A

On November 25, 2002, Atec entered into an Asset Purchase Agreement with Baar Group whereby Baar Group agreed to purchase the assets and assume substantially all of the liabilities of Atec in consideration of cash and promissory notes. As of December 31, 2003, Atec estimates that it would have

50

received net proceeds of \$2.748 million and that Baar Group would have assumed approximately \$1.889 million in liabilities. The purchase price is payable by delivery of (a) a \$1 million promissory note payable within 12 months, (b) a \$750,000 promissory note payable within 3 years and (c) cash for the remainder of the purchase price. The calculation of the estimated net proceeds is based upon a base purchase price of \$4,278,184, less \$359,700 in closing adjustments and less approximately \$1.171 million of Atec's cash which Atec anticipates will be returned to Atec as part of the purchase price.

The principals of Baar Group consist of Ashok Rametra, Balwinder Singh Bathla, Rajnish Rametra and Arvin Gulati, each of whom is a current director, officer, employee and/or shareholder of Atec. Other than the members of Atec management who are principals of Baar Group, Atec shareholders will not receive any consideration as a result of the sale of assets and assignment of liabilities. The Asset Purchase Agreement provides that the Management Buy-Out is subject to the approval of Atec's stockholders. You should carefully read the documents, including the Asset Purchase Agreement, as well as an amendment thereto, and the Schedules and Exhibits attached thereto, which are included in this Proxy Statement as Appendix E, as well as Atec's Form 10-K and Form 10-K/A for the year ended June 30, 2002 and Form 10-Q for the quarter ended December 31, 2002, which also are included in this Proxy Statement.

In the event there is a material change in the terms of the Management Buy-Out, including a material change resulting from the waiver of a condition to closing, Atec will not consummate the Management Buy-Out until its stockholders have approved the Management Buy-Out, with such change.

Background of the Management Buy-Out

See "Background of the Acquisition" for description on the background of the Management Buy-Out.

Reasons for the Management Buy-Out

In concluding that the Management Buy-Out was fair to, and in the best interest of all Atec stockholders, including unaffiliated stockholders, the Board and the Special Committee considered the following information and factors:

1. As discussed above, the offer to purchase Atec's computer operations by the management group was, in the determination of the Board and Special Committee, superior to all the other potential transactions considered or any other bona fide offer the Board and the Special Committee believed they could receive.
2. As discussed above, the Board and the Special Committee felt that the Management Buy-Out was in the best interests of Atec and its stockholders due to the downturn in demand for Atec's services and products, as well a general reduction in spending

Edgar Filing: ATEC GROUP INC - Form PRER14A

for information and computer technology due to the recent economic and market conditions.

3. The Board and the Special Committee also believed that the consideration to be paid for the purchase of our assets was fair based upon the then current trading price of our Common Stock. They estimated that the total market value of Atec, as determined by the approximate trading price of \$.32 on November 25, 2002, was approximately \$2.7, million which amount is far less than the purchase price offered by Baar Group.
4. The Board and the Special Committee also believed that the Management Buy-Out provided an opportunity to acquire Interpharm.

The Board and the Special Committee also considered potentially negative factors relating to the Management Buy-Out, including the risk associated with a large portion of the purchase price being paid in promissory notes. In the event Baar Group defaults in the repayment of the promissory notes or enters into bankruptcy, liquidation, reorganization, or some other winding-up, we may be adversely effected. Although we have attempted to mitigate these potential risks by requiring the obligations under the notes be secured by

51

substantially all of the assets of Baar Group, as well as personally guaranteed by certain principals of Baar Group, there can be no assurance that the assets of Baar Group will be sufficient or that such guarantors will be able to pay the amounts due under the notes in the event of a default under the notes.

The Board and the Special Committee also considered the uncertainties associated with the Management Buy-Out, including (i) the possibility that the transaction would not be approved by Atec's stockholders; (ii) the uncertainty regarding the amount of the purchase price to be received following the purchase price adjustments, and (iii) the possibility that AMEX would delist Atec's Common Stock upon the basis that Atec has disposed of its principal operating assets. Based upon a review of the AMEX rules and regulations, we believe that the Management Buy-Out will not result in delisting by AMEX if the Acquisition of Interpharm also is consummated. Following the Management Buy-Out and the Acquisition, Atec will continue to be an operating company engaged in a commercial stage venture. However, no assurance can be given that our Common Stock will not be delisted from trading on AMEX. A delisting would likely result in our Common Stock being traded in the over-the-counter market and cause the trading volume and share price of our Common Stock to decline.

The Board and the Special Committee concluded that these potentially negative factors were outweighed by the potential benefits to be gained by the Management Buy-Out. In addition, with regard to the promissory notes, the Board and the Special Committee concluded accepting Baar Group's proposal to pay a portion of the purchase price in the form of promissory notes to be in the best interest of Atec and its stockholders based upon the fact that the notes provide (a) an interest rate of 1.5% above Citibank's published prime rate, (b) security interests in substantially all of the asset of Baar Group, (c) personal guarantees and (c) all obligations are to be repaid within 3 years, with the majority being paid within 12 months. Thus, after taking into consideration all of the factors set forth above, the Board and the Special Committee unanimously determined that the Management Buy-Out was in the best interests of Atec and its stockholders, and that Atec should consummate the Management Buy-Out.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Terms of the Management Buy-Out

Pursuant to the terms of the Asset Purchase Agreement, Baar Group will acquire the assets and assume substantially all of the liabilities of Atec in consideration of cash and promissory notes. As of December 31, 2003, Atec estimates that it would have received net proceeds of \$2.748 million and that Baar Group would have assumed approximately \$1.889 million in liabilities. The purchase price is payable by delivery of (a) a \$1 million promissory note, (b) a \$750,000 promissory note and (c) cash for the remainder of the purchase price, at closing. Accordingly, as of December 31, 2002, Atec would have received promissory notes in the aggregate amount of \$1.75 million and cash of approximately \$998,000. This figure is based upon a base purchase price of \$4,278,184, less approximately \$359,700 in closing adjustments and less approximately \$1.171 of Atec's cash which Atec anticipates will be returned to Atec as part of the purchase price. Atec also anticipates that the remaining cash portion of the purchase price (i.e. approximately \$998,000) will be paid by funds to be contributed by the principals of Baar Group, including the \$500,000 in financing Baar Group is required to obtain as a condition to Closing. Atec believes that Baar Group already has received commitments from its principals for the \$500,000 in financing.

Atec estimates that as of December 31, 2002, the total amount of liabilities to be assumed by the Baar Group will be approximately \$1,889,000 consisting primarily of approximately (a) \$876,000 in accounts payable, (b) \$344,000 for amounts due under our bank revolving line of credit and (c) \$348,000 in accrued expenses. Accordingly, Atec estimates that the net proceeds and liabilities to be assumed totals approximately \$4,637,000.

Adjustment to Purchase Price. The base purchase price will be adjusted at the time of the closing of the Management Buy-Out. It will be increased by an amount equal to 34% of income from operations from Atec's Albany, New York City and New Jersey computer operations during the period of July 1, 2002 through the date of the closing. The purchase price will be reduced by an amount equal to the expenses which are allocated to our Long Island, New York office from the period of July 1, 2002 through the date of closing. These expenses generally are

52

for general corporate overhead and administrative expenses, including the costs associated with this Proxy Statement and the costs incurred in connection with the negotiation and consummation of the Acquisition and the Management Buy-Out.

The purposes of the adjustments are: (i) to give effect to an agreed upon June 30, 2002 cut-off date for the sale of assets, which coincides with the end of Atec's fiscal year and (ii) to compensate Atec for the taxes it will have to pay on the income from operations it is selling (at the corporate rate of 34%), net of any deductible expenses.

The following table sets forth our approximate estimates of the adjustments to the purchase price and the adjusted purchase price after giving effect to such adjustments, and the net proceeds from the sale, which does not take into account Baar Group's assumption of Atec liabilities, assuming consummation of the Management Buy-Out on the dates indicated. The estimates constitute "forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors

Promissory Notes. Baar Group has agreed to deliver two promissory notes as a part of the purchase price. The principal amount of the first note is \$1 million. The principal amount of the first note and the interest thereon will be paid in 12 monthly installments commencing one month from the date of the closing. The principal amount of the second note is \$750,000. The principal amount of the second note and the interest thereon will be paid in 36 monthly installments commencing one month from the date of the closing. Baar Group may prepay either of the promissory notes, in whole or in part, without any penalty. The interest rate on both of the promissory notes is equal to 1.5% per annum in excess of the prime rate as publicly announced by Citibank as its prime rate from time to time. Pursuant to the notes, the interest rate is adjustable on a monthly basis.

The promissory notes contain customary default provisions including: (a) failure to make payment of principal or interest, (b) bankruptcy and (c) the breach of any representation or warranty or the failure to perform any of the terms and covenants in the promissory notes, the Asset Purchase Agreement, the Security Agreement or the Guarantee.

Security Agreement. Pursuant to a Security Agreement, all of Baar Group's obligations under the promissory notes are secured by substantially all of the assets of Baar Group, including the assets being acquired by Baar Group pursuant to the Asset Purchase Agreement and after acquired assets such as the accounts receivable, contract rights, general intangibles, instruments, monies, securities, deposits, inventory, records, equipment and other personal properties of Baar Group.

Guarantee. In addition, Ashok Rametra, Rajnish Rametra and Arvin Gulati will guarantee the full and punctual payment and performance of all of the obligations of Baar Group arising under the promissory notes. The liability of Ashok Rametra under the Guarantee is limited to 50% of the guaranteed obligations. Similarly, the liabilities of Rajnish Rametra and Arvin Gulati under the Guarantee are limited to 25% of the guaranteed obligations, each.

Acquired Assets. The assets of Atec to be acquired by Baar Group pursuant to the Asset Purchase Agreement include all of the assets of Atec other

Opinion of vFinance

Edgar Filing: ATEC GROUP INC - Form PRER14A

On November 25, 2002, the Board and the Special Committee determined that the Management Buy-Out was fair and in the best interest of Atec and its shareholders. It recommended the consummation of the Management Buy-Out, subject to a fairness opinion. As a result, on November 27, 2002, the Special Committee selected vFinance to issue a fairness opinion, and on December 17, 2002, vFinance delivered a written opinion to our Board to the effect that, based upon the assumptions made, matters considered and limits of the review undertaken, the Management Buy-Out from a financial point of view, is fair to Atec's stockholders. A copy of the opinion is attached as Appendix F and is incorporated herein by reference. vFinance's opinion should be read in its entirety by the stockholders of Atec for information with respect to assumptions made and matters considered. Atec agreed to pay vFinance a fee for delivery of its opinion.

In arriving at its opinion, vFinance reviewed (a) periodic reports filed by Atec with the SEC; (b) certain publicly available documents regarding Atec; (c) publicly available data and information for companies vFinance determined to be comparable to Atec; (d) available research reports for companies vFinance determined to be comparable to Atec; (e) financial terms of other recent transactions deemed to be similar; (f) the Asset Purchase Agreement and all accompanying schedules and exhibits; (g) the form of the notes, guaranty and security agreement to be delivered by Baar Group and/or its principals. vFinance also held discussions with members of Atec's management regarding the strategic rationale for, and potential benefits of, the transaction and the past and current business operations, financial condition and future prospects of Atec. It also conducted such other financial analyses and examinations and considered such other financial, economic and market criteria as it determined to be appropriate for purposes of their opinion.

56

In rendering its opinion, vFinance relied upon the accuracy and completeness of all of the financial and other information reviewed by it. vFinance assumed that the financial forecasts provided by Atec had been reasonably prepared on a basis reflecting the best currently available judgments and estimates of the management of Atec.

The following is a summary of the financial analyses performed by vFinance in arriving at its opinion regarding the Management Buy-Out.

vFinance included a total of 11 companies that it believed fit the defined parameters in its comparable sample. The 11 companies used in the comparable company analysis are Manchester Technologies, Inc., Syscomm International Corp., Micros to Mainframes, Inc., Transnet Corp., Canterbury Consulting Group, Inc., Tech Data Corp., American Management Systems, Inc., Infocrossing, Inc., Digital Fusion, Inc., Atlantic Data Services, Inc., Braun Consulting, Inc. The bases used to determine comparability were same industry type and similar products or services. According to vFinance, from a valuation viewpoint, when companies in a sample set tend to be marginally profitable or operating at a loss, it is common practice to examine valuation by comparing the market capitalization versus the revenues being generated or an overall enterprise values to arrive at statistics that can then be used to value a company. The 11 companies in vFinance's sample set range in market capitalization size from just slightly under \$1.0 million to \$1.6 billion, with a mean market capitalization of approximately \$210 million. The range of trailing twelve month revenue figures generated by this group varied from \$10.3 million to \$15.9 billion, with a mean of \$1.6 billion, as compared to the \$36.3 million generated by Atec.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Having reviewed the operating demographics of this sample set and having determined that Atec fell within the parameters of this group, vFinance began to set forth the basis of its analysis. In the end, vFinance settled on two analytical techniques; Comparable Company Analysis and Buy-Out/Acquisition Analysis, to arrive at what they believe was a proper valuation range for Atec.

In terms of Comparable Company Analysis, vFinance saw that it would not be possible to perform the analysis using earnings or cash flow as the valuation methodology, primarily because most of the companies in the comparable sample were currently not generating earnings or cash flow. As such, vFinance determined that it would derive multiples based on Market Price and Enterprise Value. These two items were compared to each company's Revenue, EBITDA (Earnings before Interest, Taxes, Depreciation & Amortization), EBIT (Earnings before Interest and Taxes) and Net Assets. These multiples, once derived from the sample set, were applied against Atec's operating statistics to arrive at its value. Based on this analysis, the range of value worked out to be \$4.39 million to \$5.23 million.

After examining the selected comparable companies, vFinance examined buyouts of similar sized companies in the field of information technology. vFinance noted a sample set of approximately 16 transactions, ranging in size from \$1.2 million to \$136.2 million, with a mean deal size of \$27.9 million. Revenues ranged from approximately \$4 million to \$102 million, with a mean revenue size of \$30.3 million. While the revenue size is comparable to Atec, the buy-out sample set was not truly reflective of Atec's core business, which skewed the overall valuation accorded to the buy-out multiple. A further review of the sample set showed only three transactions that could be deemed comparable to Atec, and the transactions ranged from \$1.2 million to \$22.3 million, with a mean deal size of \$9.5 million. Given the rather small sample set of buy-out transactions of like companies, vFinance elected to give no weight to these statistics in formulating its opinion regarding the fairness of the consideration offered in the Management Buy-Out, and instead determined the fairness of the Management Buy-Out on the Comparable Company Analysis only.

Based on a review of the Management Buy-Out, vFinance determined that the consideration being offered in the Management Buy-Out is fair, from a financial standpoint, to Atec's stockholders.

REPORT OF THE COMPENSATION COMMITTEE

This report outlines the framework used for making compensation decisions. Management's compensation philosophy and the criteria used for making compensation decisions in fiscal 2002 regarding the Chief Executive Officer and the other named executive officers is set forth below.

Framework for Compensation Decisions.

The board of directors has overall responsibility for compensation and benefit programs. The board of directors created the compensation committee in August 1994 to facilitate its fulfillment of this responsibility. The committee administers Atec's salary program and recommends to the board of directors grants of stock options under our stock option plans. The committee specifically reviews and recommends for board approval all decisions relating to the compensation of the Chief Executive Officer and other named executive officers.

Philosophy of Management Compensation.

Atec has an aggressive goal to significantly improve stockholder value by being an industry growth leader. The committee recognizes that the compensation program must enable Atec to attract, retain, and motivate key employees who are committed to creating stockholder value.

Edgar Filing: ATEC GROUP INC - Form PRER14A

Criteria Used for Making Compensation Decisions in Fiscal 2002.

This section describes the criteria used by the board of directors and the compensation committee regarding compensation decisions in fiscal 2002 affecting the Chief Executive Officer and other executive officers named in the summary compensation table below. Before the establishment of the compensation committee, salaries were based on individual employment agreements and any bonuses were reflective of an individual's performance during the year and that individual's current compensation compared to competitive market practices.

Base Salary.

In fiscal 2002, the committee reviewed and compared various executive compensation programs established by competitors in Atec's industry to determine whether compensation levels for Atec's executive officers were consistent with competitive practice for companies in the same line of business. The committee reviewed base salaries, bonuses and whether executive officers were granted stock options at these comparable companies. The committee believed that these levels should serve as a barometer of the compensation levels to which executive compensation should be compared. Based on these comparisons, the committee recommended and the board of directors approved the base salary for each of the executive officers named in the summary compensation table effective July 1, 2000 and Mr. Bathla effective January 1, 2002.

62

Bonuses.

In the past, bonuses were awarded to executive officers based on the successful achievement of specific quantitative and qualitative measures including: growth in revenue run rates and customer accounts, and managing major change initiatives. In fiscal 2002, based upon these criteria, no bonuses were awarded.

Chief Executive Officer

The Chief Executive Officers' compensations were based upon employment agreements. Pursuant to his employment agreement, Surinder Rametra was entitled to a base salary of \$200,000. In fiscal 2002, Mr. Rametra volunteered to reduce his base salary for fiscal 2002 to \$159,615 in light of the downturn in the economy and the reduced demand for Atec services and products. In January 2002, Mr. Bathla was appointed Chief Executive Officer. His employment agreement provides for an annual base salary of \$225,000, as well as annual discretionary stock options, stocks and cash bonuses. Based upon downturn in the economy and the reduced demand for Atec services and products, the compensation committee recommended that no stock options, stocks or cash bonus be awarded to Mr. Bathla for fiscal 2002, and accordingly, no such discretionary compensation was awarded to Mr. Bathla.

Stock Options.

In fiscal 2002, the committee recommended, and the board of directors approved, grants of incentive stock options to each of the executive officers named in the summary compensation table below.

The committee believes that our compensation practices and plans bring Atec's executives into line with current market conditions for pay and benefits in its industry and supports Atec's mission and strategies going forward.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In August 1994, the board of directors established a compensation committee, which is responsible for decisions regarding salaries, stock option grants and other matters regarding executive officers and key employees of Atec. During fiscal 2000, David C. Reback and George Egan, a former director, were members of the compensation committee. Directors' Ashok Rametra, Richard Sullivan and Kristen Sickorez served on the committee from November 2000 to March 2001. In May 2001, David Reback and Praveen Bhutani were appointed to the Committee. In the opinion of the board of directors, Mr. Reback and Mr. Bhutani are independent of management and free of any relationship which would interfere with their exercise of independent judgment as a member of our compensation committee. Mr. Rametra is not independent based on his status as both an employee and executive officer of Atec.

Each beneficial owner's percentage ownership is determined by assuming that options, warrants and convertible securities that are held by such person (but not held by any other person) and that are exercisable or convertible within 60 days from the record date have been exercised or converted. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Albany facility is leased from a company controlled by Surinder and Ashok Rametra. Ashok Rametra is a current officer and director of Atec. Surinder Rametra is the Chairman of our board of directors. Our lease with this company requires annual rental payments of approximately \$108,000 per year plus all expenses and taxes attributable to the operation of the premises.

In April 2001, the Company entered the IT enabled services market. The Company had no revenue from this division. In April 2002 we sold the division to ITES, LLC, a company controlled by our Chairman, Surinder Rametra for 10% of its pre-tax profits for a period of three years ending December 31, 2004 not to

Edgar Filing: ATEC GROUP INC - Form PRER14A

exceed \$100,000. At June 30, 2002 the company had revenues of \$2,652 and a loss of \$37,000.

In March 2002, we paid \$223,606 to Advance Computer Management Group ("ACM"), a company owned and controlled by our Chief Executive Officer, Balwinder Singh Bathla. The payments were for the purchase of fixed assets and inventory of \$30,558, expenses paid by ACM for Mr. Bathla, \$25,807 and \$167,241 to purchase notes and over advances on commissions for former ACM employees who entered into sales consulting agreements with us. The notes of \$119,444 are guaranteed by ACM.

Our Chief Executive Officer, Balwinder Singh Bathla, President, Ashok Rametra and two non-executive officers, Arvin Gulati and Rajnish Rametra, invested \$25,000 each in a company controlled by Mr. Sonu Sodhi who is a stockholder of ATEC and has a sales consulting agreement with us.

As described above, certain executives, directors and their family members are involved in the Acquisition and the Management Buy-Out.

Our director, David Reback, was retained as attorney for Atec in connection with certain collection proceedings against our former customers and in connection with a litigation with Advance Computer Management.

69

Rajnish Rametra is the brother of Ashok Rametra and Surinder Rametra, our Chairman. Dr. Maganlal K. Sutaria and Bhupatlal K. Sutaria are brothers. In addition, Dr. Maganlal K. Sutaria's daughter is married to Surinder Rametra's son.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

To our knowledge, based solely on a review of such materials as are required by the Securities and Exchange Commission, none of our officers, directors or beneficial holders of more than ten percent of our issued and outstanding shares of Common Stock has failed to timely file with the Securities and Exchange Commission any form or report required to be so filed pursuant to Section 16(a) of the Securities Exchange Act of 1934 during the fiscal year ended June 30, 2002.

PROPOSAL NO. 5

RATIFICATION OF SELECTION OF AUDITORS

The Board of Directors has appointed the firm of Weinick Sanders Leventhal & Co., LLP ("WSL") as independent auditors of Atec for fiscal year 2003 subject to ratification by the stockholders. WSL has served as Atec's independent auditors since April 18, 1996.

It is anticipated that a representative of WSL will be present at the Annual Meeting and will be given an opportunity to make a statement if he or she so desires and to respond to appropriate questions.

The affirmative vote of at least a majority of the shares represented and voting at the Annual Meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) is necessary for approval of Proposal No. 5. Under Delaware law, there are no rights of appraisal or dissenter's rights that arise as a result of a vote to ratify the selection of auditor's.

It is possible that in the event that the Acquisition and Management

Edgar Filing: ATEC GROUP INC - Form PRER14A

Buy-Out are approved by the shareholders, it may be in Atec's best interests to retain Interpharm's current accountants. Our board of directors may replace WSL at that time.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 5 TO BE IN THE BEST INTERESTS OF ATEC AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL OF PROPOSAL NO.5.

ACCOUNTANT RELATED FEES

Audit Fees (1)	\$102,664
Financial Information Systems Design and Implementation Fees (2)	\$ 0
All Other Fees (3)	\$ 15,000

- (1) Represents the aggregate fees billed for professional services by WSL for professional services rendered to Atec for the audit of Atec's financial statements for the year ended June 30, 2002 and for that firm's review of Atec's financial statements included in Atec's forms 10-Q for that fiscal year.
- (2) Represents the aggregate fees billed by WSL for professional services rendered to Atec for the fiscal year ended June 30, 2002 for: (i) directly or indirectly operating, or supervising the operation of, Atec's information system or managing Atec's local area network; and (ii) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to Atec's financial statements taken as a whole.
- (3) Represents the aggregate fees billed by WSL for all professional services rendered to Atec for the fiscal year ended June 30, 2002 other than those disclosed in the above two categories in this chart.

70

Atec's Board of Directors did not consider whether the provision of financial information systems designs and implementation services and other non-audit services described above is compatible with the independence of WSL because that firm did not perform any financial information systems designs and implementation services and the only other non-audit related services performed were related to tax return preparation.

PROPOSAL NO. 6

ADJOURNMENT OF THE ANNUAL MEETING

In the event that a quorum is not present at the meeting or sufficient votes in favor of the proposals to approve the acquisition of Interpharm, the amendment to the Certificate of Incorporation or the sale of the assets to Baar Group are not received by the date of the Annual Meeting, a stockholder who is represented may seek to adjourn the meeting until a quorum is present or to permit further solicitation of proxies. By voting "FOR" Proposal 6, you are authorizing Ashok Rametra to vote your shares to adjourn the meeting. In the

Edgar Filing: ATEC GROUP INC - Form PRER14A

event that you vote against Proposal 6, Mr. Rametra will not vote your shares at any such adjourned meeting.

The affirmative vote of at least a majority of the shares represented and voting at the Annual Meeting is necessary to adjourn the meeting.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 6 TO BE IN THE BEST INTERESTS OF ATEC AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL OF PROPOSAL NO. 6.

STOCKHOLDERS' PROPOSALS

A Stockholder of record may present a proposal for action at the 2003 Annual Meeting of Stockholders provided that Atec receives such proposal at its executive office no later than July 8, 2003. We anticipate that the 2003 Annual Meeting will be held in December 2003. The proponent may submit a maximum of one (1) proposal of not more than five hundred (500) words for inclusion in Atec's proxy materials for a meeting of security holders. At the 2003 Annual Meeting, management proxies will have discretionary authority, under Rule 14a-4 of the Securities Exchange Act of 1934, to vote on stockholder proposals that are not submitted for inclusion in Atec's proxy statement unless received by Atec before September 22, 2003.

GENERAL

Unless contrary instructions are indicated on the proxy, all shares of Series A, B and C preferred stock and common stock represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR Proposal Nos. 1, 2, 3, 4, 5 and 6.

The Annual Report to Stockholders (Atec's Annual Report on Form 10-K and Form 10-K/A) for the fiscal year ended June 30, 2002 is enclosed herewith. The Annual Report does not form any part of the material for the solicitation of proxies, except to the extent incorporated herein by reference.

OTHER BUSINESS

The board of directors knows of no business other than that set forth above to be transacted at the meeting, but if other matters requiring a vote of the stockholders arise, the persons designated as proxies will vote the shares of common stock represented by the proxies in accordance with their judgment on such matters. If a stockholder specifies a different choice on the proxy, his or her shares of common stock will be voted in accordance with the specification so made.

71

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY. WE URGE YOU TO FILL IN, SIGN AND RETURN THE ATEC FORM OF PROXY IN THE PREPAID ENVELOPE PROVIDED, NO MATTER HOW LARGE OR SMALL YOUR HOLDINGS MAY BE.

No Owned Intellectual Property or Intellectual Property License is subject to any outstanding order, ruling, decree, judgment or stipulation by or with any court, tribunal, arbitrator or other governmental authority. The Owned Intellectual Property has been duly registered with, filed in or issued by, as the case may be, the United States Patent and Trademark

Schedule 3.21.1 sets forth a complete and correct list of each "employee benefit plan", as such term is defined in section 3(3) of ERISA, whether or not subject to ERISA, and each bonus, incentive or deferred compensation, severance, termination, retention, change of control, stock option, stock appreciation, stock purchase, phantom stock or other equity-based, performance or other employee or retiree benefit or

With respect to each such Plan, Interpharm and Shareholders have made available to ATEC complete and correct copies of (i) such Plan, if written, or a description of such Plan if not written, and (ii) to the extent applicable to such Plan, all trust agreements,

21

Interpharm has not communicated to any employee or any independent contractor any intention or commitment to modify any Plan or to establish or implement any other employee, retiree or independent contractor benefit or compensation plan or arrangement.

3.21.2 Qualification. Each Plan intended to be qualified under section 401(a) of the Code, and the trust (if any) forming a part thereof, has received a favorable determination letter from the IRS as to its qualification under the Code and to the effect that each such trust is exempt from taxation under section 501(a) of the Code, and, nothing has occurred since the date of such determination letter and no condition exists that could adversely affect such qualification or tax-exempt status. No Plan intended to be qualified under section 401(a) of the Code, or any trust forming a part thereof, is currently, or within the preceding six years has been, the subject of audit, examination or inquiry by the IRS, the Pension Benefit Guaranty Corporation or the Department of Labor.

3.21.3 Compliance; Liability.

(a) Neither Interpharm nor any Related Person would be liable for any material amount pursuant to section 4062, 4063 or 4064 of ERISA if any Plan that is subject to Title IV of ERISA (a "Title IV Plan") were to terminate as of the date hereof. As of the last day of the most recently ended fiscal year of each Title IV Plan, the "projected benefit obligations" (within the meaning of the Financial Accounting Standards Board Statement No. 87) under each such Plan did not exceed the fair market value of the assets of each such Plan allocable to such "projected benefit obligations" determined on the basis of the actuarial assumptions contained in the actuarial report prepared for such fiscal year of each such Plan, each of which assumptions is reasonable, and the present value of the "benefit liabilities" (within the meaning of, and determined in accordance with, Title IV of ERISA) under such Plan does not exceed the "current value" (within the meaning of section 3(26) of ERISA) of the assets of such Plan allocable to such benefit liabilities, determined on the basis of the actuarial

assumptions required to be used in valuing pension liabilities upon plan termination.

(b) Each Plan that is subject to the minimum funding standards of ERISA or the Code satisfies such standards under sections 412 and 302 of the Code and ERISA, respectively, and no such Plan has incurred an "accumulated funding deficiency" within the meaning of such sections, whether or not waived.

22

(c) Neither Interpharm nor any Related Person has been involved in any transaction that could cause Interpharm, any such Related Person or, following the Closing, ATEC or any of its Affiliates, to be subject to liability under section 4069 or 4212 of ERISA. Neither Interpharm nor any Related Person has incurred (either directly or indirectly, including as a result of an indemnification obligation) any liability under or pursuant to Title I or IV of ERISA or the penalty, excise Tax or joint and several liability provisions of the Code relating to employee benefit plans and no event, transaction or condition has occurred or exists that could result in any such liability to Interpharm, any Related Person or, following the Closing, ATEC or any of its Affiliates. All contributions and premiums required to have been paid or accrued by Interpharm and each Related Person to any employee benefit plan (within the meaning of section 3(3) of ERISA) (including each Plan) under the terms of any such plan or its related trust, insurance contract or other funding arrangement, or pursuant to any applicable law (including ERISA and the Code) or collective bargaining agreement have been paid within the earliest time prescribed by any such plan, agreement or applicable law.

(d) Each of the Plans has been operated and administered in all respects in compliance with its terms, all applicable laws and all applicable collective bargaining agreements, except for any failures so to comply that, individually and in the aggregate, could not have or result in a material liability or obligation on the part of Interpharm or, following the Closing, ATEC or any of its Affiliates. There are no material pending or to the knowledge of Interpharm or the Shareholders, threatened claims by or on behalf of any of the Plans, by any employee or independent contractor or otherwise involving any such Plan or the assets of any Plan (other than routine claims for benefits, all of which have been fully reserved for on the regularly prepared consolidated balance sheets of Interpharm).

(e) No Plan is a "multiemployer plan" within the meaning of section 4001(a)(3) of ERISA. Neither Interpharm nor any Related Person has, within the preceding six years, withdrawn in a complete or partial withdrawal from any multiemployer plan (within the meaning of section 4001(a)(3) of ERISA) or incurred any contingent liability under section 4204 of ERISA. No Plan is a "multiple employer plan" within the meaning of section 4063 or 4064 of ERISA.

(f) No employee is or will become entitled to post-employment benefits of any kind by reason of employment with Interpharm, including, without limitation, death or medical benefits (whether or not insured), other than (i) coverage mandated by section 4980B of the Code or (b) retirement benefits payable under any Plan qualified under section 401 (a) of the Code. The consummation of the transactions contemplated by this Agreement will not result in an increase in the amount of compensation or benefits or the acceleration of the vesting or timing of payment of any compensation or benefits payable to or in respect of any employee or independent contractor. No payment or benefit which has been, or as a result of the consummation of the transactions contemplated by this Agreement (either alone or upon the occurrence of any additional or subsequent events) will be required to be, made by Interpharm or, to the knowledge of Interpharm or any Shareholder, by ATEC in respect of any employee of Interpharm has failed or will fail to be deductible by such entity

Interpharm has not received any written, and to the knowledge of Interpharm or any Shareholder, any other notice, and neither Interpharm nor any Shareholder has any reason to believe that any such customer (i) has ceased, or will cease, to use the services or goods of Interpharm, (ii) has materially reduced, or will materially reduce, the use of the services or goods of Interpharm or (iii) has sought, or is seeking, to materially reduce the price it will pay for the services or goods of Interpharm. Within the last three years, Interpharm has not been solicited to provide, nor has it offered to provide, any consideration of any kind to any Person in order to maintain or obtain an agreement under which Interpharm would provide services or goods (other than consideration provided for under the terms of the executed agreement to provide such services).

3.23.2 Interpharm has not received any written, or to the knowledge of Interpharm or any Shareholder, any other notice, and neither Interpharm nor any Shareholder has any reason to believe that any Person with whom Interpharm does business will not continue to do business with Interpharm after the Closing Date on terms and conditions substantially the same as those prevailing during the past 12 months. Interpharm and the Shareholders believe that Interpharm's relations with Persons material to the conduct of Interpharm's business are good.

No notice of termination or, since December 1, 2001, premium increase has been received under any of the policies. Interpharm and the Shareholders believe that the insurance coverage provided by such policies (including, without limitation, as to deductibles and self-insured retentions) is adequate and suitable for Interpharm's business and assets.

3.26.1 Interpharm is in material compliance and at all times has complied in all material respects with all applicable Environmental Laws pertaining to all of the properties and assets of Interpharm (including the Leased Premises and the properties formerly owned or leased by Interpharm) and the use and ownership hereof, and to its businesses and operations. In the event of the termination of this Agreement, Interpharm and its Shareholders will, and will cause their representatives to, deliver to ATEC or destroy all documents, work papers and other material, and all copies thereof, obtained by them or on their behalf from ATEC (or any Subsidiary) as a result of this Agreement or in connection herewith, whether so obtained before or after the execution hereof, and will hold in confidence all confidential information that has been designated as such by the ATEC in writing or by appropriate and obvious notation, and will not use any such confidential information except in connection with the Transaction, until such time as such information is otherwise publicly available. Interpharm and the Shareholders shall assert their rights hereunder in such manner as to minimize interference with the business of ATEC.

From the date of the execution of this Agreement to (a) the Closing or (b) the termination of this Agreement in accordance with Article VIII, ATEC and its respective Subsidiaries, and those acting on behalf of any of them will not, and ATEC will use its best efforts to cause its officers, employees, agents, and representatives (including any investment banker or finder) not, directly or indirectly, to solicit, encourage, or initiate any discussions with, or negotiate or otherwise deal with, or provide

ATEC shall (i) promptly notify Interpharm and the Shareholders (but in no event later than two (2) business days thereafter) if any Acquisition Proposal or inquiries regarding a potential Acquisition Proposal are received by, any information with respect to an Acquisition Proposal or a potential Acquisition Proposal is requested from, or any discussions or negotiations with respect to an Acquisition Proposal or a potential Acquisition Proposal are sought to be initiated or continued with, it or any of its representatives indicating, in connection with such notice, the name of the person or entity involved and a copy of any such Acquisition Proposal, with the intent of enabling such other party to make a matching offer so that the Transactions contemplated hereby may be effected.

4.4.6 neither it nor any of its Subsidiaries shall enter into, any material contract, agreement, commitment, or understanding binding ATEC, other than in the ordinary course of business and consistent with past practices;

4.7 Publicity. 4.8 Updating of Exhibits and Disclosure Documents. ATEC shall notify Interpharm of any changes, additions or events which may cause any change in or addition to any Schedules delivered by it under this Agreement, promptly after the occurrence of the same and at the Closing by the delivery of updates of all Schedules. No notification made pursuant to this Section shall be deemed to cure any breach of any representation or warranty made in this Agreement unless Interpharm and the Shareholders specifically agree thereto in writing. Nor shall any such notification be considered to constitute or give rise to a waiver by Interpharm or the Shareholders of any condition set forth in this Agreement.

If this Agreement is terminated pursuant to this Section 8.1, such termination shall be without liability of any Party, or any shareholder, member, partner, director, officer, employee, agent, consultant or representative of such Party, to any other Parties to this Agreement, provided that if such termination shall result from the breach (a) by ATEC or (b) by Interpharm or any of the Shareholder, of the representations, warranties or covenants of such Party contained in this Agreement, (a) ATEC or (b) Interpharm and the Shareholder (jointly and severally), as the case may be, shall pay to the other Party a termination fee equal to \$500,000 plus the costs and expenses (including reasonable counsel fees) sustained or incurred by the other Party.

8.3.2 waive any inaccuracies in the representations and warranties of the other Parties contained herein or in any document delivered pursuant hereto; or

8.3.3 waive compliance by the other Parties with any of the agreements or conditions contained herein.

Exhibit 1.1.1.2

Form of Certificate of Designations

CERTIFICATE OF DESIGNATIONS, PREFERENCES AND RIGHTS
OF
SERIES K CONVERTIBLE PREFERRED STOCK
OF
ATEC GROUP, INC.

ATEC Group, Inc. (the "Company"), a corporation organized and existing under the General Corporation Law of the State of Delaware, does hereby certify, that, pursuant to authority conferred upon the Board of Directors of the Company by the Certificate of Incorporation, as amended, of the Company, and pursuant to Section 151 of the General Corporation law of the State of Delaware, the Board of Directors of the Company at a meeting duly held, adopted resolutions (i) authorizing a series of the Company's previously authorized preferred stock, par value \$.01 per share, and (ii) providing for the designations, preferences and relative participating, optional or other rights, and the qualifications, limitations or restrictions, thereof, of Three Million (3,000,000) shares of Series K Convertible Preferred Stock of the Company as follows:

RESOLVED, that the Company is authorized to issue three million (3,000,000) shares of Series K convertible Preferred Stock (the "Series K"), par value \$.01 per share, which shall have the following powers, designations, preferences and other special rights:

1. Dividends. Each share of the Series K shall be entitled to receive dividends to the same extent and in the same amounts as each of the shares of \$.01 par value per share common stock ("Common Stock") of the Company.

2. Conversion. Each share of Series K shall be converted in accordance with this Section 2 into the number of shares of Common Stock equal to the then effective Conversion Ratio (as defined below).

a. Conversion Trigger. The shares of Series K shall not become convertible unless and until such date (the "Trigger Date") that any of the following conditions has been met: the Company is: (i) deemed by the American Stock Exchange, Inc. ("AMEX") to be in compliance with the applicable AMEX listing standards, (ii) deemed by another exchange to be in compliance with any such other applicable exchange listing standards, in the event the Company's securities are listed on an exchange other than AMEX and is not listed on AMEX;

Edgar Filing: ATEC GROUP INC - Form PRER14A

or (iii) no longer listed on AMEX, the Nasdaq National Market, Nasdaq SmallCap Market or New York Stock Exchange; provided, in the event any of the events described in clauses (i), (ii) and (iii) of this paragraph 2.a shall occur prior to the first anniversary of the Initial Issuance Date, then the Trigger Date shall be deemed to be the first anniversary date of the Initial Issuance Date. The term "Initial Issuance Date" shall mean the first date on which the Company issues shares of Series K pursuant to the Exchange Agreement (as defined below).

46

b. Conversion Ratio. On the Trigger Date all of the shares of the Series K shall be convertible into an aggregate total number (the "Aggregate Conversion Amount") of shares of Common Stock pursuant to the following formula:

Aggregate Conversion Amount = $4 \times (\text{COP} - \text{P} - \text{T}) - \text{T}$

For purposes of this formula:

COP means the Company Outstanding Common Stock (as defined below).

P means the number of all shares of Common Stock issued by the Company pursuant to any agreements or obligations which arose after the "Closing Date" (as such term is defined in the Capital Stock Exchange Agreement, among the Company, Interpharm, Inc. and the shareholders of Interpharm, Inc., dated November 25, 2002 (the "Exchange Agreement")), which shares exclude Common Stock issued pursuant to the Exchange Agreement, up to and including the Trigger Date.

T means the number of shares of Common Stock issued to the Interpharm, Inc. shareholders pursuant to the Exchange Agreement.

The "Company Outstanding Common Stock" shall mean the sum of (a) the number of shares of Common Stock issued and outstanding on the Trigger Date and (b) the number of shares of Common Stock that are issuable upon the conversion of all issued and outstanding shares of Series A, Series B, Series C and Series J preferred stock of the Company, such number to be calculated as if all of the issued and outstanding shares of Series A, Series B, Series C and Series J that are issued and outstanding on the Triggering Date had been converted on the day immediately preceding the Triggering Date, provided, in determining the number of shares of Common Stock that are issuable upon the conversion of any shares of Series A preferred stock, any adjustment to the Conversion Ratio (as defined in the Certificate of Designations of the Series A preferred stock, filed with the Secretary of State of Delaware on February 17, 2003 ("the Series A Certificate of Designations")) of the Series A preferred stock due to the issuance of Common Stock or options, rights or warrants for Common Stock, pursuant to any obligation which arose after the Initial Issuance Date, for a consideration less than the "Adjustment Price" (as defined in the Series A Certificate of Designations), shall not be taken into effect.

The term "Conversion Ratio" shall mean the Aggregate Conversion Amount divided by the number of Series K shares issued and outstanding on the date any share of Series K is first issued, subject to adjustment as provided herein.

c. Conversion. Beginning on the Trigger Date, and each year thereafter, on the anniversary of the Trigger Date (each a "Conversion Date"), one seventh of the total number of shares of Series K issued and outstanding as of the Trigger Date shall automatically convert into shares of Common Stock with no further action by the record holders ("Holders") thereof (an "Annual Conversion") until all of the issued and outstanding shares of Series K are converted. In the event that an Anti-Dilutive Conversion (as defined below) has

Edgar Filing: ATEC GROUP INC - Form PRER14A

occurred, the number of shares of Series K to be converted in each and every Annual Conversion following such Anti-Dilutive Conversion shall be adjusted to equal the total number of Series K shares issued and outstanding as of such Conversion Date divided by the difference between seven (7) minus the total number of Annual Conversions which have occurred prior to such Anti-Dilution Conversion. Upon each conversion, the Common Stock shall be distributed to the Holders in proportion to their Series K shareholdings. At least thirty (30) days prior to any Annual Conversion, the Company shall provide notice of the conversion to the Holders who shall then, as soon as practicable, surrender the original certificates representing the shares Series K being converted to the Company at its principal office, duly endorsed to the Company or in blank. The Company will, as soon as practicable thereafter, issue and deliver at the office or place to such Holder, or to his or her nominee or nominees, certificates for the number of full shares of Common Stock to which he or she shall be entitled as aforesaid. If the number of shares of Series K represented by the certificate

47

submitted for conversion is greater than the number of shares of Series K being converted, then the Company shall, as soon as practicable, issue and deliver to the Holder a new certificate representing the number of shares of Series K not converted. Shares of Series K shall be deemed to have been converted as of the close of business on the applicable Conversion Date, and the person or persons entitled to receive the Common Stock issuable upon conversion shall be treated for all purposes as the record holder or holders of such Common Stock as of the close of business on such date.

In the event, at any time after the Trigger Date, the Holders beneficially own, in the aggregate, less than 51% of the Company's issued and outstanding Common Stock, all of the Holders may jointly request, by written notice to the Company (the "Anti-Dilutive Conversion Request"), that such number of any remaining issued and outstanding shares of Series K be converted to the extent as is necessary such that the Holders shall beneficially own, in the aggregate, 51% of the Company's issued and outstanding Common Stock (an "Anti-Dilutive Conversion"). The Anti-Dilutive Conversion Request shall state the total number of Common Stock beneficially owned by each Holder, together with the original certificates representing the shares of Series K being converted. Upon each conversion, the Common Stock shall be distributed to the Holders in proportion to their Series K shareholdings. Upon receipt of an Anti-Dilutive Conversion Request, the Company shall, as soon as practicable, issue and deliver at the office or place to each Holder, or to his or her nominee or nominees, certificates for the number of full shares of Common Stock to which he or she shall be entitled as aforesaid. If the number of shares of Series K represented by the certificate submitted for conversion is greater than the number of shares of Series K being converted, then the Company shall, as soon as practicable, issue and deliver to the Holder a new certificate representing the number of shares of Series K not converted. Shares of Series K shall be deemed to have been converted as of the close of business on the date the Company receives the Anti-Dilutive Conversion Request, and the person or persons entitled to receive the Common Stock issuable upon conversion shall be treated for all purposes as the record holder or holders of such Common Stock as of the close of business on such date.

Each certificate of shares of Series K shall bear the following legend:

ANY TRANSFEREE OF THIS CERTIFICATE SHOULD CAREFULLY REVIEW THE TERMS OF THE COMPANY'S CERTIFICATE OF DESIGNATIONS, PREFERENCES AND RIGHTS OF THE PREFERRED SHARES REPRESENTED BY THIS CERTIFICATE INCLUDING SECTION 2 THEREOF. THE NUMBER OF PREFERRED SHARES REPRESENTED BY THIS CERTIFICATE MAY BE LESS THAN THE NUMBER OF PREFERRED SHARES STATED ON THE FACE HEROF

Edgar Filing: ATEC GROUP INC - Form PRER14A

PURSUANT TO SECTION 2 OF THE CERTIFICATE OF DESIGNATIONS,
PREFERENCES AND RIGHTS.

d. Adjustment of the Conversion Ratio. The Conversion Ratio in effect at any time shall be subject to adjustment as follows:

(i) In case the Company shall (A) subdivide its outstanding shares of Common Stock, (B) combine its outstanding shares of Common Stock into a smaller number of shares, or (C) issue by

48

reclassification of its Common Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing Company) any shares of its capital stock, the Conversion Ratio in effect at the time of the effective date of such subdivision, combination or reclassification shall be proportionately adjusted so that the holder of any share of the Series K surrendered for conversion after such time shall be entitled to receive the kind and amount of shares which he or she would have owned or have been entitled to receive had such share of Series K been converted immediately prior to such time. Such adjustment shall be made successively whenever any event listed above shall occur.

(ii) In case the Company shall offer to the holders of shares of its Common Stock any rights, options or warrants entitling them to subscribe for or purchase (A) shares of its Common Stock, (B) any assets of the Company, (C) any securities of the Company, other than its Common Stock, or of any other Company or (D) any rights, options or warrants entitling them to subscribe for or to purchase any of the foregoing securities, whether or not such rights, options or warrants are immediately exercisable (hereinafter collectively called a "Distribution on Common Stock"), the Company shall offer, upon such terms offered to the holders of shares of Common Stock, to the holders of the Series K the Distribution on Common Stock to which they would have been entitled if they had converted the Series K shares immediately prior to the record date for the purpose of determining the shareholders entitled to receive such Distribution on Common Stock.

(iii) In case of any consolidation or merger of the Company with or into any other company (other than a consolidation or merger in which the Company is the continuing Company), or in case of any sale or transfer of all or substantially all of the assets of the Company, the holder of each share of the Series K shall after such consolidation, merger, sale or transfer have the right to convert such share of Series K into the kind and amount of shares of stock and other securities and property which such Holder would have been entitled to receive upon such consolidation, merger, sale or transfer if he or she had held the Common Stock issuable upon the conversion of such share of Series K immediately prior to such consolidation, merger, sale or transfer, regardless of whether the Trigger Date has occurred.

(iv) In the event that at any time, as a result of an adjustment made pursuant to this paragraph (d), the holder of any share of the Preferred Stock surrendered for conversion shall become entitled to receive any securities other than shares of Common Stock, thereafter the amount of such other securities so receivable upon conversion of any share of the Preferred Stock shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Common Stock contained in this paragraph (d).

Edgar Filing: ATEC GROUP INC - Form PRER14A

(v) No adjustment in the Conversion Ratio shall be required unless such adjustment would require a change of at least 1%; provided, however, that any adjustments which by reason of this

49

paragraph (v) are not required to be made shall be carried forward and taken into account in any subsequent adjustment.

(vi) Whenever the Conversion Ratio is adjusted the Company shall promptly cause a notice to be mailed to the holders of the Series K setting forth the adjusted Conversion Ratio.

(vii) No fractional shares or scrip representing fractional shares of Common Stock shall be issued upon conversion of the Series K. Instead, any fractional share of Common Stock which would otherwise be issuable upon conversion of the Series K (or specified portions thereof) shall be rounded up to the nearest whole share.

e. In case:

(i) the Company shall authorize the distribution to all holders of its Common Stock of evidences of its indebtedness or assets (other than dividends or other distributions paid out of earned surplus); or

(ii) the Company shall authorize the granting to the holders of its Common Stock of rights to subscribe for or purchase any shares of capital stock of any class or of any other rights; or

(iii) of any reclassification of the Common Stock (other than a subdivision or combination of its outstanding shares of Common Stock), or of any consolidation or merger to which the Company is a party and for which approval of any stockholders of the Company is required, or of the sale or transfer of all or substantially all of the assets of the Company or of Interpharm, Inc.; or

(iv) of the voluntary or involuntary dissolution, liquidation or winding up of the Company;

then, in each case, the Company shall cause to be mailed, first class postage prepaid, to the holders of record of the outstanding shares of Series K, at least 10 days prior to the applicable record date hereinafter specified, a notice stating (A) the date on which a record is to be taken for the purpose of such distribution or rights, or, if a record is not to be taken, the date as of which the holders of Common Stock of record to be entitled to such distribution or rights are to be determined, or (B) the date on which such reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up is expected to become effective, and the date as of which it is expected that holders of Common Stock of record shall be entitled to exchange their Common Stock for securities or other property deliverable upon such reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up. In the case of a merger, sale or transfer of substantially all of the assets of the Company or of Interpharm, Inc., each share of Series K shall automatically convert into Common Stock, with no further action by the

50

Edgar Filing: ATEC GROUP INC - Form PRER14A

Holder, immediately prior to the date on which any of the foregoing events becomes effective and regardless of whether the Trigger Date has occurred.

f. The Company will at all times reserve, keep available and be prepared to issue, free from any preemptive rights, out of its authorized but unissued Common Stock, solely for the purpose of effecting conversion of the Series K, the full number of shares of Common Stock then issuable upon the conversion of all outstanding Series K. The Company shall from time to time, in accordance with the laws of the Delaware, endeavor to amend its Certificate of Incorporation to increase the authorized amount of its Common Stock if the remaining number of unissued shares of Common Stock shall be not sufficient to permit the conversion of all Series K shares. The Company shall, if any shares of Common Stock required to be reserved for issuance upon conversion of Series K pursuant to this section requires registration with or approval of any governmental authority under any Federal or state law before such shares may be issued upon such conversion, endeavor to cause such shares to be so registered or approved as expeditiously as possible.

g. The Company will pay any and all taxes that may be payable in respect of the issue or delivery of shares of Common Stock on conversion of shares of Series K pursuant hereto. The Company shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issue or transfer and delivery of shares of Common Stock in a name other than that in which the shares of the Series K so converted were registered, and no such issue or delivery shall be made unless and until the person requesting such issue has paid to the Company the amount of any such tax or has established to the satisfaction of the Company that such tax has been paid.

h. Upon any conversion of shares of Series K under this Section 3, the shares so converted shall have the status of authorized and unissued shares of preferred stock, and the number of shares of preferred stock that the Company shall have authority to issue shall not be decreased by the conversion of shares of Series K.

3. Liquidation rights. In the event of any liquidation or dissolution or winding up of the Company, voluntary or involuntary, the holders of the Series K shall be entitled to receive, subject to the rights of any other class of stock which ranks senior to the Series K as to distribution of assets on liquidation, but before any distribution is made on any class of stock ranking junior to the Series K as to the payment of dividends or the distribution of assets, the sum of \$7.50 per share.

4. Voting Rights. With respect to all matters upon which the Company's stockholders shall vote, the Holders of the Series K shall vote together as a single class with the holders of the Common Stock, each Holder being entitled to one vote per share on all such matters.

5. Limitations Upon Disposition. The Series K shares issuable pursuant to this Certificate and the shares of Common Stock issuable upon conversion of such Series K shares (collectively the "Shares"), if not registered by the Company under the Securities Act of 1933 (the "Act"), may not be sold or offered for sale in the absence of an effective registration statement as to the Shares

under the Act, or an opinion of counsel satisfactory to the Company that such registration statement is not required. The above restrictions in this Section 5 shall be contained in a legend to be placed upon each of the Series K share

certificates at the time of distribution of the Shares and stop transfer order may be placed on such Shares by the Company.

6. Additional Rights. So long as any Series K shares remain outstanding, the Company shall not, without first obtaining the approval by vote or written consent of all Holders, (i) alter or change the powers, preferences, privileges, or rights of the Series K shares, (ii) amend the provisions of this paragraph or (iii) create any new series or class of shares having preferences prior to, or in parity with or superior to the Series K shares as to voting or liquidation preference.

7. Replacement. Upon receipt by the Company of evidence reasonably satisfactory to it of the ownership of and the loss, theft, destruction or mutilation of any certificate evidencing one or more shares of Series K, and in the case of loss, theft or destruction, of any indemnification undertaking by the holder to the Company in customary form and, in the case of mutilation, upon surrender and cancellation of such certificate, the Company at its expense will execute and deliver in lieu of such certificate, a new certificate of like kind, representing the number of shares of Series K which shall have been represented by such lost, stolen, destroyed, or mutilated certificate.

8. Notice. Whenever notice is required to be given pursuant to this Certificate of Designations, unless otherwise provided herein, such notice shall be given in accordance with Section 10.2 of the Exchange Agreement.

N WITNESS WHEREOF, the Company has caused this Certificate of Designations to be signed by _____, its President, as of ___ day of _____, 2003.

2. Demand Registration.

2.1 Request by Holders. If the Company shall receive, at any time after the date of this Agreement, a written request from the Holders of at least thirty three percent (33%) of the Registrable Securities then outstanding that the Company file a Registration Statement, covering the registration of Registrable Securities, then the Company shall, within twenty (20) days after the receipt of such written request, give written notice of such request ("Request Notice") to all Holders, and effect, as soon as practicable, the registration under the Securities Act of all Registrable Securities which Holders request to be registered and included in such registration by written notice given by such Holders to the Company within twenty (20) days after receipt of the Request Notice, subject only to the limitations of this Agreement; provided that the Registrable Securities requested by all Holders to be registered pursuant to such request must either (i) be at least thirty three percent (33%) of all Registrable Securities then outstanding or (ii) have an anticipated aggregate public offering price (before any underwriting discounts and commissions) of not less than \$1,000,000.

2.2 Underwriting. If the Holders initiating the registration request under this Section 2 (the "Initiating Holders") intend to distribute the Registrable Securities covered by their request by means of an underwriting, then they shall so advise the Company as a part of their request made pursuant to this Section 2 and the Company shall include such information in the written notice referred to in subsection 2.1. In such event, the right of any Holder to include its Registrable Securities in such registration shall be conditioned upon such Holder's participation in such underwriting and the inclusion of such Holder's Registrable Securities in the underwriting (unless otherwise mutually agreed by a majority in interest of the Initiating Holders and such Holder) to the extent provided herein. All Holders proposing to distribute their securities through such underwriting shall enter into an Underwriting agreement in

Edgar Filing: ATEC GROUP INC - Form PRER14A

customary form with the Managing Underwriter or Underwriters selected for such underwriting by the Holders holding more than fifty percent (50%) of the Registrable Securities to be underwritten; provided that any such Underwriting agreement shall not impair the indemnification rights of the Holders granted under this Agreement; and provided further, that the representations and warranties given by, and the other agreement on the part of, the Company to and for the benefit of the Underwriter(s) shall also be made to and for the benefit of the Holders; and provided further, that the Company shall ensure that no Underwriter(s) requires any Holder to make any representations or warranties to, or agreements with, any Underwriter(s) in a Registration other than customary representations, warranties and agreements relating to such Holder's free

55

and unencumbered title to the Registrable Securities and authority to enter into the underwriting agreement. Notwithstanding any other provision of this Section 2, if the Underwriter(s) advise(s) the Company in writing that marketing factors require a limitation of the number of securities to be underwritten then the Company shall so advise all Holders of Registrable Securities that would otherwise be registered and underwritten pursuant hereto, and the number of Registrable Securities that may be included in the underwriting shall be reduced as required by the Underwriter(s) and the Company will include in such registration (i) first, the maximum number of Registrable Securities requested to be included therein, pro rata among the respective Holders thereof on the basis of the amount of Registrable Securities requested to be included in such registration by each such Holder, and (ii) second, the maximum amount of other securities requested to be included therein (including any by the Company), pro rata among the holders of such other securities on the basis of the number of shares requested to be included in such registration by each such holder. Any Registrable Securities excluded and withdrawn from such underwriting shall be withdrawn from the registration. For any Holder that is a partnership or corporation, the partners, retired partners and shareholders of such Holder, or the estates and family members of any such partners and retired partners and any trusts for the benefit of any of the foregoing persons shall be deemed to be a single "Holder," and any pro rata reduction with respect to such "Holder" shall be based upon the aggregate amount of shares carrying registration rights owned by all entities and individuals included in such "Holder," as defined in this sentence.

2.3 Maximum Number of Demand Registrations. The Company is obligated to effect only two (2) such registrations pursuant to this Section 2.

2.4 Deferral. Notwithstanding the foregoing, if the Company shall furnish to the Holders requesting the filing of a Registration Statement pursuant to this Section 2, a certificate signed by the President or Chief Executive Officer of the Company stating that in the good faith judgment of the board of directors of the Company, it would be seriously detrimental to the Company and its shareholders for such Registration Statement to be filed and it is therefore essential to defer the filing of such Registration Statement, then the Company shall have the right to defer such filing for a period of not more than sixty (60) days after receipt of the request of the Initiating Holders; provided, however, that the Company may not utilize this right more than once in any twelve (12) month period; and provided further, that during such sixty (60) day period the Company shall not file a registration statement with respect to the public offering of securities of the Company or any other selling shareholder.

2.4 Expenses. All Registration Expenses incurred in connection with a registration pursuant to this Agreement, shall be borne by the Company. Each Holder participating in a registration pursuant to this Agreement shall bear such Holder's proportionate share (based on the total number of shares sold

Edgar Filing: ATEC GROUP INC - Form PRER14A

in such registration other than for the account of the Company) of all discounts, commissions or other amounts payable to Underwriters in connection with such offering.

56

3. Piggyback Registrations.

3.1 Notice by Company. The Company shall notify all Holders of Registrable Securities in writing at least thirty (30) days prior to filing any Registration Statement (including, but not limited to, Registration Statements relating to secondary offerings of securities of the Company, but excluding Registration Statements relating to any employee benefit plan or a corporate reorganization) and will afford each such Holder an opportunity to include in such Registration Statement all or any part of the Registrable Securities then held by such Holder. Each Holder desiring to include in any such Registration Statement all or any part of the Registrable Securities held by such Holder shall, within twenty (20) days after receipt of the above-described notice from the Company, so notify the Company in writing, and in such notice shall inform the Company of the number of Registrable Securities such Holder wishes to include in such Registration Statement. The Company thereupon will use its best efforts as a part of its filing of such Registration Statement to effect the registration under the Securities Act of all Registrable Securities which the Company has been so requested to register by the Holder, to the extent required to permit the disposition of the Registrable Securities so to be registered. If a Holder decides not to include all of its Registrable Securities in any Registration Statement thereafter filed by the Company, such Holder shall nevertheless continue to have the right to include any Registrable Securities in any subsequent Registration Statement or Registration Statements as may be filed by the Company with respect to offerings of its securities, all upon the terms and conditions set forth herein.

3.2 Underwriting. If a Registration Statement under which the Company gives notice under this Section 3 is for an underwritten offering, then the Company shall so advise the Holders of Registrable Securities. In such event, the right of any such Holder's Registrable Securities to be included in a registration pursuant to this Section 3 shall be conditioned upon such Holder's participation in such underwriting and the inclusion of such Holder's Registrable Securities in the underwriting to the extent provided herein. All Holders proposing to distribute their Registrable Securities through such underwriting shall enter into an underwriting agreement in customary form with the Managing Underwriter or Underwriter(s) selected for such underwriting; provided that any such underwriting agreement shall not impair the indemnification rights of the Holders granted under this Agreement; and provided further, that the representations and warranties given by, and the other agreements on the part of, the Company to and for the benefit of the Underwriter(s) shall also be made to and for the benefit of the Investor; and provided further, that the Company shall ensure that no Underwriter(s) requires any Holder to make any representations or warranties to, or agreements with, any Underwriter(s) in a Registration other than customary representations, warranties and agreements relating to such Holder's title to the Registrable Securities and authority to enter into the underwriting agreement. Notwithstanding any other provision of this Agreement, if the Managing Underwriter determine(s) in good faith that marketing factors require a limitation of the number of shares to be underwritten, then the Managing Underwriter(s) may exclude shares (including Registrable Securities) from the registration and the underwriting, and the number of shares that may be included in the registration and the underwriting shall be allocated, first, to the Company, and second, to each of the Holders requesting inclusion of their Registrable Securities in such Registration Statement on a pro rata basis based on the total number of Registrable Securities then held by each such Holder. If

any Holder disapproves of the terms of any such underwriting, such Holder may elect to withdraw therefrom by written notice to the Company and the Underwriter, delivered at least twenty (20) days prior to the effective date of the Registration Statement. Any Registrable Securities excluded or withdrawn from such underwriting shall be excluded and withdrawn from the registration. For any Holder that is a partnership or corporation, the partners, retired partners and shareholders of such Holder, or the estates and family members of any such partners and retired partners and any trusts for the benefit of any of the foregoing persons shall be deemed to be a single "Holder," and any pro rata reduction with respect to such "Holder" shall be based upon the aggregate amount of shares carrying registration rights owned by all entities and individuals included in such "Holder," as defined in this sentence.

3.3 Expenses. All Registration Expenses incurred in connection with a registration pursuant to this Section 3 shall be borne by the Company.

4. Registration on Form S-3. With respect to all Registration Statements filed pursuant to this Agreement, the Company shall use its best efforts to qualify for registration on Form S-3 any comparable or successor form or forms.

5. Obligations of the Company. Whenever required to effect the Registration of any Registrable Securities under this Agreement, the Company shall, as expeditiously as reasonably possible:

5.1 Prepare and file with the SEC a Registration Statement with respect to such Registrable Securities and use reasonable, diligent efforts to cause such Registration Statement to become effective, and, upon the request of the Holders of more than fifty percent (50%) of the Registrable Securities registered thereunder, keep such Registration Statement effective for up to one hundred eighty (180) days or, if earlier, until the Holder or Holders have completed the distribution related thereto.

5.2 Prepare and file with the SEC such amendments and supplements to such Registration Statement and the prospectus used in connection with such Registration Statement as may be necessary to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such Registration Statement.

5.3 Furnish to the Holders such number of copies of a prospectus, including a preliminary prospectus, in conformity with the requirements of the Securities Act and such other documents as they may reasonably request in order to facilitate the disposition of the Registrable Securities owned by them that are included in such registration.

5.4 Otherwise use its best efforts to comply with the Securities Act, the Securities Exchange Act of 1934, as amended (the "Exchange Act") and any other applicable rules and regulations of the SEC, and make available to the securities holders; as soon as reasonably practicable, an earning statement covering the period of at least twelve (12) months after the effective date of such Registration Statement, which earning statement shall satisfy Section 10(a) of the Securities Act.

5.5 Use reasonable, diligent efforts to register and qualify the securities covered by such Registration Statement under such other securities or Blue Sky laws of such jurisdictions as shall be reasonably requested by the

Edgar Filing: ATEC GROUP INC - Form PRER14A

Holder.

5.6 In the event of any underwritten public offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the Managing Underwriter(s) of such offering.

5.7 Notify each Holder of Registrable Securities covered by such Registration Statement at any time when a prospectus relating thereto is required to be delivered under the Securities Act of the happening of any event as a result of which the prospectus included in such Registration Statement, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances then existing, and at the request of each Holder prepare and furnish to such Holder a reasonable number of copies of a supplement to or amendment of such prospectus as may be necessary so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

5.8 Furnish, at the request of any Holder requesting registration of Registrable Securities, on the date that such Registrable Securities are delivered to the Underwriters for sale, if such securities are being sold through Underwriters, or, if such securities are not being sold through Underwriters, on the date that the Registration Statement with respect to such securities becomes effective, (1) an opinion, dated as of such date, of the counsel representing the Company for the purposes of such registration, in form and substance as is customarily given to Underwriters in an underwritten public offering and reasonably satisfactory to a majority in interest of the Holders requesting registration, addressed to the Underwriters, if any, and to the Holders requesting registration of Registrable Securities and (2) a "comfort" letter dated as of such date, from the independent certified public accountants of the Company, in form and substance as is customarily given by independent certified public accountants to Underwriters in an underwritten public offering and reasonably satisfactory to a majority in interest of the Holders requesting registration, addressed to the Underwriters, if any, and to the Holders requesting registration of Registrable Securities.

5.9 Use its best efforts to list such Registrable Securities on each securities exchange on which any equity security of the Company is then listed, if such securities are already so listed, or, if the Company does not have a class of equity securities listed on a United States securities exchange, apply for qualification and use its best efforts to qualify Registrable Securities being registered for inclusion on the National Market System/NASD or the American Stock Exchange.

59

6. Furnish Information. It shall be a condition precedent to the obligations of the Company to take any action pursuant to this Agreement that the selling Holders shall furnish to the Company such information regarding themselves, the Registrable Securities held by them, and the intended method of disposition of such securities as shall be reasonably required by the Company to timely effect the registration of their Registrable Securities.

7. Delay of Registration. No Holder shall have any right to obtain or seek an injunction restraining or otherwise delaying any such registration as the result of any controversy that might arise with respect to the interpretation or implementation of this Agreement.

Edgar Filing: ATEC GROUP INC - Form PRER14A

8. Indemnification. In the event any Registrable Securities are included in a Registration Statement under this Agreement:

8.1 By the Company. To the extent permitted by law, the Company will indemnify and hold harmless each Holder, the partners, officers, directors and control persons of each Holder, any Underwriter (as defined in the Securities Act) for such Holder and each person, if any, who controls such Holder or Underwriter within the meaning of the Securities Act or the Exchange Act against any losses, claims, damages, or liabilities (joint or several) to which they may become subject under the Securities Act, the Exchange Act or any other securities or other law of any jurisdiction, common law or otherwise, insofar as such losses, claims, damages, or liabilities (or actions in respect thereof) arise out of or are based upon any of the following statements, omissions or violations (collectively, "Violations" and, individually, a "Violation"):

8.1.1 any untrue statement or alleged untrue statement of a material fact contained in or incorporated by reference in any Registration Statement, including any preliminary prospectus or final prospectus contained therein or any amendments or supplements thereto or any document incorporated by reference therein;

8.1.2 the omission or alleged omission to state therein a material fact required to be stated therein, or necessary to make the statements therein not misleading, or

8.1.3 any violation or alleged violation by the Company of the Securities Act, the Exchange Act, or any other securities or other law of any jurisdiction, common law or otherwise, or any rule or regulation promulgated under the Securities Act, the Exchange Act or any such other laws, in connection with the offering covered by such Registration Statement;

and the Company will reimburse each such Holder, partner, officer or director, Underwriter or controlling person for any legal or other expenses reasonably incurred by them, as incurred, in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the indemnity agreement contained in this Section 8 shall not apply to amounts paid in settlement of any such loss, claim, damage, liability or action if such settlement is effected without the consent of the Company (which consent shall not be unreasonably withheld), nor shall the Company be liable in any such case for any such loss, claim, damage, liability or action to the extent that it arises out of or is based upon a Violation which occurs in reliance upon and in conformity with written information furnished expressly for use in connection

60

with such registration by such Holder, partner, officer, director, Underwriter or controlling person of such Holder. Notwithstanding the foregoing, the Company shall not be required to indemnify or hold harmless any Holder insofar as any Violation arises out of or is based on information furnished in writing to the Company by or on behalf of that Holder

8.2 By Selling Holders. To the extent permitted by law, each selling Holder, severally and not jointly, will indemnify and hold harmless the Company, each of its directors, each of its officers who have signed the Registration Statement, each person, if any, who controls the Company within the meaning of the Securities Act, any Underwriter and any other Holder selling securities under such Registration Statement or any of such other Holder's partners, directors or officers or any person who controls such Holder within the meaning of the Securities Act or the Exchange Act, against any losses, claims, damages or liabilities (joint or several) to which the Company or any

Edgar Filing: ATEC GROUP INC - Form PRER14A

such director, officer, controlling person, Underwriter or other such Holder, partner or director, officer or controlling person of such other Holder may become subject under the Securities Act, the Exchange Act or any other securities or other law of any jurisdiction, common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereto) arise out of or are based upon any Violation, in each case to the extent (and only to the extent) that such Violation occurs in reliance upon and in conformity with written information furnished by such Holder expressly for use in connection with such registration; and each such Holder will reimburse any legal or other expenses reasonably incurred by the Company or any such director, officer, controlling person, Underwriter or other Holder, partner, officer, director or controlling person of such other Holder in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the indemnity agreement contained in this Section 8.2 shall not apply to amounts paid in settlement of any such loss, claim, damage, liability or action if such settlement is effected without the consent of the Holder, which consent shall not be unreasonably withheld.

8.3 Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action (including any governmental action), such indemnified party will, if a claim in respect thereof is to be made against any indemnifying party under this Section 8, deliver to the indemnifying party a written notice of the commencement thereof and the indemnifying party shall have the right to participate in, and, to the extent the indemnifying party so desires, jointly with any other indemnifying party similarly noticed, to assume the defense thereof with counsel mutually satisfactory to the parties; provided, however, that an indemnified party shall have the right to retain its own counsel, with the fees and expenses to be paid by the indemnifying party, if representation of such indemnified party by the counsel retained by the indemnifying party would be inappropriate due to actual or potential conflict of interests between such indemnified party and any other party represented by such counsel in such proceeding. The failure to deliver written notice to the indemnifying party within a reasonable time of the commencement of any such action shall relieve such indemnifying party of its liability to the indemnified party under this Section 8 only if and to the extent it is prejudicial to its ability to defend such action, and the omission to so deliver written notice to the indemnifying party will not relieve it of any liability that it may have to any indemnified party otherwise than under this Section 8. In no event shall any indemnity under this Section 8 exceed the net proceeds received by such Holder in the registered offering out of which such violation arises.

61

8.4 Defect Eliminated in Final Prospectus. The foregoing indemnity agreements of the Company and the Holders are subject to the condition that, insofar as they relate to any Violation made in a preliminary prospectus but eliminated or remedied in the amended prospectus on file with the SEC at the time the Registration Statement in question becomes effective or the amended prospectus filed with the SEC pursuant to SEC Rule 424(b) (the "Final Prospectus"), such indemnity agreement shall not inure to the benefit of any person if a copy of the Final Prospectus was furnished to the indemnified party and was not furnished to the person asserting the loss, liability, claim or damage at or prior to the time such action is required by the Securities Act.

8.5. Contribution. In order to provide for just and equitable contribution to joint liability under the Securities Act, in any case in which either (1) any Holder exercising rights under this Agreement, or any controlling person of any such Holder, makes a claim for indemnification pursuant to Section 8 but it is judicially determined (by the entry of a final judgment or decree by a court of competent jurisdiction and the expiration of time to appeal or the

Edgar Filing: ATEC GROUP INC - Form PRER14A

denial of the last right of appeal) that such indemnification may not be enforced in such case notwithstanding the fact that Section 8 provides for indemnification in such case, or (2) contribution under the Securities Act may be required on the part of any such selling Holder or any such controlling person in circumstances for which indemnification is provided under Section 8; then, and in each such case, the Company and such Holder will contribute to the aggregate losses, claims, damages or liabilities to which they may be subject (after contribution from others) in such proportion so that such Holder is responsible for the portion represented by the percentage that the public offering price of its Registrable Securities offered by and sold under the Registration Statement bears to the public offering price of all securities offered by and sold under such Registration Statement, and the Company and other selling Holders are responsible for the remaining portion; provided, however, that, in any such case, (A) no such Holder will be required to contribute any amount in excess of the public offering price of all such Registrable Securities offered and sold by such Holder pursuant to such Registration Statement; and (B) no person or entity guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) will be entitled to contribution from any person or entity who was not guilty of such fraudulent misrepresentation.

8.6 Survival; Release. The obligations of the Company and Holders under this Section 8 shall survive the completion of any offering of Registrable Securities in a Registration Statement, and otherwise. No indemnifying party, in the defense of any such claim or litigation, shall, except with the consent of each indemnified party, consent to entry of any judgment or enter into any settlement which admits fault on behalf of the indemnified party or which does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

62

9. Termination of the Company's Obligations. The Company shall have no obligations pursuant to this Agreement with respect to (a) any request or requests for registration made by any Holder pursuant to Section 2 or 3 of this Agreement on a date more than ten (10) years after the date of this Agreement or (b) any Registrable Securities proposed to be sold by a Holder in a registration pursuant to this Agreement if, in the opinion of counsel to the Company, all such Registrable Securities proposed to be sold by a Holder may be sold without registration under the Securities Act pursuant to Rule 144(k) under the Securities Act.

10. Rule 144 Reporting. With a view to making available to the Holders the benefits of certain rules and regulations of the SEC which may permit the sale of the Registrable Securities to the public without registration, the Company agrees to use its best efforts to:

10.1 commencing on the date of this Agreement, make and keep public information available, as those terms are understood and defined in SEC Rule 144 or any similar or analogous rule promulgated under the Securities Act, at all times after the effective date of the first registration filed by the Company for an offering of its securities to the general public;

10.2. File with the SEC, in a timely manner, all reports and other documents required of the Company under the Exchange Act;

10.3 So long as a Holder owns any Registrable Securities, furnish to such Holder forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of said Rule 144 of the Securities Act, and of the Exchange Act (at any time after it has become subject to such reporting requirements); a copy of the most recent annual or quarterly

Edgar Filing: ATEC GROUP INC - Form PRER14A

report of the Company; and such other reports and documents as a Holder may reasonably request in availing itself of any rule or regulation of the SEC allowing it to sell any such securities without registration.

11. General Provisions

11.1 Notices. Exhibit 1.1.1.2

Form of Certificate of Designations

CERTIFICATE OF DESIGNATIONS, PREFERENCES AND RIGHTS
OF
SERIES K CONVERTIBLE PREFERRED STOCK
OF
ATEC GROUP, INC.

ATEC Group, Inc. (the "Company"), a corporation organized and existing under the General Corporation Law of the State of Delaware, does hereby certify, that, pursuant to authority conferred upon the Board of Directors of the Company by the Certificate of Incorporation, as amended, of the Company, and pursuant to Section 151 of the General Corporation law of the State of Delaware, the Board of Directors of the Company at a meeting duly held, adopted resolutions (i) authorizing a series of the Company's previously authorized preferred stock, par value \$.01 per share, and (ii) providing for the designations, preferences and relative participating, optional or other rights, and the qualifications, limitations or restrictions, thereof, of Three Million (3,000,000) shares of Series K Convertible Preferred Stock of the Company as follows:

RESOLVED, that the Company is authorized to issue three million (3,000,000) shares of Series K Convertible Preferred Stock (the "Series K"), par value \$.01 per share, which shall have the following powers, designations, preferences and other special rights:

1. Dividends. Each share of the Series K shall be entitled to receive dividends to the same extent and in the same amounts as each of the shares of \$.01 par value per share common stock ("Common Stock") of the Company.

2. Conversion. Each share of Series K shall be converted in accordance with this Section 2 into the number of shares of Common Stock equal to the then effective Conversion Ratio (as defined below).

a. Conversion Trigger. The shares of Series K shall not become convertible unless and until such date (the "Trigger Date") that any of the following conditions has been met: the Company is: (i) deemed by the American Stock Exchange, Inc. ("AMEX") to be in compliance with the applicable AMEX listing standards, (ii) deemed by another exchange to be in compliance with any such other applicable exchange listing standards, in the event the Company's

Edgar Filing: ATEC GROUP INC - Form PRER14A

securities are listed on an exchange other than AMEX and is not listed on AMEX; or (iii) no longer listed on AMEX, the Nasdaq National Market, Nasdaq SmallCap Market or New York Stock Exchange; provided, in the event any of the events described in clauses (i), (ii) and (iii) of this paragraph 2.a shall occur prior to the first anniversary of the Initial Issuance Date, then the Trigger Date shall be deemed to be the first anniversary date of the Initial Issuance Date. The term "Initial Issuance Date" shall mean the first date on which the Company issues shares of Series K pursuant to the Exchange Agreement (as defined below).

4

b. Conversion Ratio. On the Trigger Date all of the shares of the Series K shall be convertible into an aggregate total number (the "Aggregate Conversion Amount") of shares of Common Stock pursuant to the following formula:

Aggregate Conversion Amount = $4 \times (\text{COP} - \text{P} - \text{T}) - \text{T}$

For purposes of this formula:

COP means the Company Outstanding Common Stock (as defined below).

P means the number of all shares of Common Stock issued by the Company pursuant to any agreements or obligations which arose after the "Closing Date" (as such term is defined in the Capital Stock Exchange Agreement, among the Company, Interpharm, Inc. and the shareholders of Interpharm, Inc., dated November 25, 2002 (the "Exchange Agreement")), which shares exclude Common Stock issued pursuant to the Exchange Agreement, up to and including the Trigger Date.

T means the number of shares of Common Stock issued to the Interpharm, Inc. shareholders pursuant to the Exchange Agreement.

The "Company Outstanding Common Stock" shall mean the sum of (a) the number of shares of Common Stock issued and outstanding on the Trigger Date and (b) the number of shares of Common Stock that are issuable upon the conversion of all issued and outstanding shares of Series A, Series B, Series C and Series J preferred stock of the Company, such number to be calculated as if all of the issued and outstanding shares of Series A, Series B, Series C and Series J that are issued and outstanding on the Triggering Date had been converted on the day immediately preceding the Triggering Date, provided, in determining the number of shares of Common Stock that are issuable upon the conversion of any shares of Series A preferred stock, any adjustment to the Conversion Ratio (as defined in the Certificate of Designations of the Series A preferred stock, filed with the Secretary of State of Delaware on February 17, 2003 ("the Series A Certificate of Designations")) of the Series A preferred stock due to the issuance of Common Stock or options, rights or warrants for Common Stock, pursuant to any obligation which arose after the Initial Issuance Date, for a consideration less than the "Adjustment Price" (as defined in the Series A Certificate of Designations), shall not be taken into effect.

The term "Conversion Ratio" shall mean the Aggregate Conversion Amount divided by the number of Series K shares issued and outstanding on the date any share of Series K is first issued, subject to adjustment as provided herein.

c. Conversion. Beginning on the Trigger Date, and each year thereafter, on the anniversary of the Trigger Date (each a "Conversion Date"), one seventh of the total number of shares of Series K issued and outstanding as of the Trigger Date shall automatically convert into shares of Common Stock with no further action by the record holders ("Holders") thereof (an "Annual Conversion") until all of the issued and outstanding shares of Series K are

Edgar Filing: ATEC GROUP INC - Form PRER14A

converted. In the event that an Anti-Dilutive Conversion (as defined below) has occurred, the number of shares of Series K to be converted in each and every Annual Conversion following such Anti-Dilutive Conversion shall be adjusted to

5

equal the total number of Series K shares issued and outstanding as of such Conversion Date divided by the difference between seven (7) minus the total number of Annual Conversions which have occurred prior to such Anti-Dilution Conversion. Upon each conversion, the Common Stock shall be distributed to the Holders in proportion to their Series K shareholdings. At least thirty (30) days prior to any Annual Conversion, the Company shall provide notice of the conversion to the Holders who shall then, as soon as practicable, surrender the original certificates representing the shares Series K being converted to the Company at its principal office, duly endorsed to the Company or in blank. The Company will, as soon as practicable thereafter, issue and deliver at the office or place to such Holder, or to his or her nominee or nominees, certificates for the number of full shares of Common Stock to which he or she shall be entitled as aforesaid. If the number of shares of Series K represented by the certificate submitted for conversion is greater than the number of shares of Series K being converted, then the Company shall, as soon as practicable, issue and deliver to the Holder a new certificate representing the number of shares of Series K not converted. Shares of Series K shall be deemed to have been converted as of the close of business on the applicable Conversion Date, and the person or persons entitled to receive the Common Stock issuable upon conversion shall be treated for all purposes as the record holder or holders of such Common Stock as of the close of business on such date.

In the event, at any time after the Trigger Date, the Holders beneficially own, in the aggregate, less than 51% of the Company's issued and outstanding Common Stock, all of the Holders may jointly request, by written notice to the Company (the "Anti-Dilutive Conversion Request"), that such number of any remaining issued and outstanding shares of Series K be converted to the extent as is necessary such that the Holders shall beneficially own, in the aggregate, 51% of the Company's issued and outstanding Common Stock (an "Anti-Dilutive Conversion"). The Anti-Dilutive Conversion Request shall state the total number of Common Stock beneficially owned by each Holder, together with the original certificates representing the shares of Series K being converted. Upon each conversion, the Common Stock shall be distributed to the Holders in proportion to their Series K shareholdings. Upon receipt of an Anti-Dilutive Conversion Request, the Company shall, as soon as practicable, issue and deliver at the office or place to each Holder, or to his or her nominee or nominees, certificates for the number of full shares of Common Stock to which he or she shall be entitled as aforesaid. If the number of shares of Series K represented by the certificate submitted for conversion is greater than the number of shares of Series K being converted, then the Company shall, as soon as practicable, issue and deliver to the Holder a new certificate representing the number of shares of Series K not converted. Shares of Series K shall be deemed to have been converted as of the close of business on the date the Company receives the Anti-Dilutive Conversion Request, and the person or persons entitled to receive the Common Stock issuable upon conversion shall be treated for all purposes as the record holder or holders of such Common Stock as of the close of business on such date.

Each certificate of shares of Series K shall bear the following legend:

ANY TRANSFEREE OF THIS CERTIFICATE SHOULD CAREFULLY REVIEW THE TERMS OF THE COMPANY'S CERTIFICATE OF DESIGNATIONS, PREFERENCES AND RIGHTS OF THE PREFERRED SHARES REPRESENTED BY THIS CERTIFICATE INCLUDING SECTION 2 THEREOF. THE NUMBER OF PREFERRED SHARES REPRESENTED BY THIS CERIFICATE MAY BE LESS

Edgar Filing: ATEC GROUP INC - Form PRER14A

THAN THE NUMBER OF PREFERRED SHARES STATED ON THE FACE HEROF PURSUANT TO SECTION 2 OF THE CERTIFICATE OF DESIGNATIONS, PREFERENCES AND RIGHTS.

6

d. Adjustment of the Conversion Ratio. The Conversion Ratio in effect at any time shall be subject to adjustment as follows:

(i) In case the Company shall (A) subdivide its outstanding shares of Common Stock, (B) combine its outstanding shares of Common Stock into a smaller number of shares, or (C) issue by reclassification of its Common Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing Company) any shares of its capital stock, the Conversion Ratio in effect at the time of the effective date of such subdivision, combination or reclassification shall be proportionately adjusted so that the holder of any share of the Series K surrendered for conversion after such time shall be entitled to receive the kind and amount of shares which he or she would have owned or have been entitled to receive had such share of Series K been converted immediately prior to such time. Such adjustment shall be made successively whenever any event listed above shall occur.

(ii) In case the Company shall offer to the holders of shares of its Common Stock any rights, options or warrants entitling them to subscribe for or purchase (A) shares of its Common Stock, (B) any assets of the Company, (C) any securities of the Company, other than its Common Stock, or of any other Company or (D) any rights, options or warrants entitling them to subscribe for or to purchase any of the foregoing securities, whether or not such rights, options or warrants are immediately exercisable (hereinafter collectively called a "Distribution on Common Stock"), the Company shall offer, upon such terms offered to the holders of shares of Common Stock, to the holders of the Series K the Distribution on Common Stock to which they would have been entitled if they had converted the Series K shares immediately prior to the record date for the purpose of determining the shareholders entitled to receive such Distribution on Common Stock.

(iii) In case of any consolidation or merger of the Company with or into any other company (other than a consolidation or merger in which the Company is the continuing Company), or in case of any sale or transfer of all or substantially all of the assets of the Company, the holder of each share of the Series K shall after such consolidation, merger, sale or transfer have the right to convert such share of Series K into the kind and amount of shares of stock and other securities and property which such Holder would have been entitled to receive upon such consolidation, merger, sale or transfer if he or she had held the Common Stock issuable upon the conversion of such share of Series K immediately prior to such consolidation, merger, sale or transfer, regardless of whether the Trigger Date has occurred.

(iv) In the event that at any time, as a result of an adjustment made pursuant to this paragraph (d), the holder of any share of the Preferred Stock surrendered for conversion shall become entitled

7

to receive any securities other than shares of Common Stock, thereafter the amount of such other securities so receivable upon conversion of

Edgar Filing: ATEC GROUP INC - Form PRER14A

any share of the Preferred Stock shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Common Stock contained in this paragraph (d).

(v) No adjustment in the Conversion Ratio shall be required unless such adjustment would require a change of at least 1%; provided, however, that any adjustments which by reason of this paragraph (v) are not required to be made shall be carried forward and taken into account in any subsequent adjustment.

(vi) Whenever the Conversion Ratio is adjusted the Company shall promptly cause a notice to be mailed to the holders of the Series K setting forth the adjusted Conversion Ratio.

(vii) No fractional shares or scrip representing fractional shares of Common Stock shall be issued upon conversion of the Series K. Instead, any fractional share of Common Stock which would otherwise be issuable upon conversion of the Series K (or specified portions thereof) shall be rounded up to the nearest whole share.

e. In case:

(i) the Company shall authorize the distribution to all holders of its Common Stock of evidences of its indebtedness or assets (other than dividends or other distributions paid out of earned surplus); or

(ii) the Company shall authorize the granting to the holders of its Common Stock of rights to subscribe for or purchase any shares of capital stock of any class or of any other rights; or

(iii) of any reclassification of the Common Stock (other than a subdivision or combination of its outstanding shares of Common Stock), or of any consolidation or merger to which the Company is a party and for which approval of any stockholders of the Company is required, or of the sale or transfer of all or substantially all of the assets of the Company or of Interpharm, Inc.; or

(iv) of the voluntary or involuntary dissolution, liquidation or winding up of the Company;

then, in each case, the Company shall cause to be mailed, first class postage prepaid, to the holders of record of the outstanding shares of Series K, at least 10 days prior to the applicable record date hereinafter specified, a notice stating (A) the date on which a record is to be taken for the purpose of such distribution or rights, or, if a record is not to be taken, the date as of which the holders of Common Stock of record to be entitled to such distribution or rights are to be determined, or (B) the date on which such reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up is expected to become effective, and the date as of which it is expected that holders of Common Stock of record shall be entitled to

exchange their Common Stock for securities or other property deliverable upon such reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up. In the case of a merger, sale or transfer of substantially all of the assets of the

Edgar Filing: ATEC GROUP INC - Form PRER14A

Company or of Interpharm, Inc. , each share of Series K shall automatically convert into Common Stock, with no further action by the Holders, immediately prior to the date on which any of the foregoing events becomes effective and regardless of whether the Trigger Date has occurred.

f. The Company will at all times reserve, keep available and be prepared to issue, free from any preemptive rights, out of its authorized but unissued Common Stock, solely for the purpose of effecting conversion of the Series K, the full number of shares of Common Stock then issuable upon the conversion of all outstanding Series K. The Company shall from time to time, in accordance with the laws of the Delaware, endeavor to amend its Certificate of Incorporation to increase the authorized amount of its Common Stock if the remaining number of unissued shares of Common Stock shall be not sufficient to permit the conversion of all Series K shares. The Company shall, if any shares of Common Stock required to be reserved for issuance upon conversion of Series K pursuant to this section requires registration with or approval of any governmental authority under any Federal or state law before such shares may be issued upon such conversion, endeavor to cause such shares to be so registered or approved as expeditiously as possible.

g. The Company will pay any and all taxes that may be payable in respect of the issue or delivery of shares of Common Stock on conversion of shares of Series K pursuant hereto. The Company shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issue or transfer and delivery of shares of Common Stock in a name other than that in which the shares of the Series K so converted were registered, and no such issue or delivery shall be made unless and until the person requesting such issue has paid to the Company the amount of any such tax or has established to the satisfaction of the Company that such tax has been paid.

h. Upon any conversion of shares of Series K under this Section 3, the shares so converted shall have the status of authorized and unissued shares of preferred stock, and the number of shares of preferred stock that the Company shall have authority to issue shall not be decreased by the conversion of shares of Series K.

3. Liquidation rights. In the event of any liquidation or dissolution or winding up of the Company, voluntary or involuntary, the holders of the Series K shall be entitled to receive, subject to the rights of any other class of stock which ranks senior to the Series K as to distribution of assets on liquidation, but before any distribution is made on any class of stock ranking junior to the Series K as to the payment of dividends or the distribution of assets, the sum of \$7.50 per share.

4. Voting Rights. With respect to all matters upon which the Company's stockholders shall vote, the Holders of the Series K shall vote together as a single class with the holders of the Common Stock, each Holder being entitled to one vote per share on all such matters.

9

5. Limitations Upon Disposition. The Series K shares issuable pursuant to this Certificate and the shares of Common Stock issuable upon conversion of such Series K shares (collectively the "Shares"), if not registered by the Company under the Securities Act of 1933 (the "Act"), may not be sold or offered for sale in the absence of an effective registration statement as to the Shares under the Act, or an opinion of counsel satisfactory to the Company that such registration statement is not required. The above restrictions in this Section 5 shall be contained in a legend to be placed upon each of the Series K share certificates at the time of distribution of the Shares and stop transfer order

Edgar Filing: ATEC GROUP INC - Form PRER14A

may be placed on such Shares by the Company.

6. Additional Rights. So long as any Series K shares remain outstanding, the Company shall not, without first obtaining the approval by vote or written consent of all Holders, (i) alter or change the powers, preferences, privileges, or rights of the Series K shares, (ii) amend the provisions of this paragraph or (iii) create any new series or class of shares having preferences prior to, or in parity with or superior to the Series K shares as to voting or liquidation preference.

7. Replacement. Upon receipt by the Company of evidence reasonably satisfactory to it of the ownership of and the loss, theft, destruction or mutilation of any certificate evidencing one or more shares of Series K, and in the case of loss, theft or destruction, of any indemnification undertaking by the holder to the Company in customary form and, in the case of mutilation, upon surrender and cancellation of such certificate, the Company at its expense will execute and deliver in lieu of such certificate, a new certificate of like kind, representing the number of shares of Series K which shall have been represented by such lost, stolen, destroyed, or mutilated certificate.

8. Notice. Whenever notice is required to be given pursuant to this Certificate of Designations, unless otherwise provided herein, such notice shall be given in accordance with Section 10.2 of the Exchange Agreement.

IN WITNESS WHEREOF, the Company has caused this Certificate of Designations to be signed by _____, its President, as of ___ day of _____, 2003.

INTERPHARM, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies

Nature of Business

Interpharm, Inc. and Subsidiary (the "Company") is in the business of developing and manufacturing both prescription strength and over-the-counter generic drugs for wholesale distribution throughout the United States. The majority of the Company's sales have been derived from sales of Ibuprofen tablets in both over-the-counter and prescription strength.

Principles of Consolidation

The consolidated financial statements include the accounts of Interpharm, Inc. and its 50% owned Subsidiary (the "Subsidiary"); the Subsidiary purchases and supplies certain raw materials to Interpharm, Inc. Interpharm, Inc. controls the Subsidiary through substantive participating rights including: (i) entering into borrowing and guarantee arrangements with third party lenders for the benefit of the Subsidiary on a unilateral basis, (ii) unilaterally funding of the Subsidiary by Interpharm, Inc. and a stockholder of Interpharm, Inc. without approval of the 50% minority partner, (iii) through purchases of a significant amount of product from the Subsidiary without approval of the 50% minority partner, (iv) determining when inventory and other assets are to be acquired and disposed, and (v) taking various actions concerning the legal and other business responsibilities of the Subsidiary, on a unilateral basis. The Company allocated a proportionate share of the Subsidiary's losses to the minority owner

Edgar Filing: ATEC GROUP INC - Form PRER14A

until such losses reduced the amount of minority interest to zero. Since the minority owner of the Subsidiary is not responsible to fund any losses beyond its initial investments, the Company did not allocate any additional losses to the minority owner. All significant intercompany transactions and balances have been eliminated in consolidation.

Revenue Recognition

The Company recognizes revenue upon the shipment of product. The Company records a provision for allowances, returns and other sales credits based upon a review of specific accounts and historical experience. Such provision for allowances, returns and credits has been recorded as a reduction of sales in the consolidated statements of income.

The Company purchases raw materials from a supplier, which are manufactured into finished goods and sold back to such supplier as well as to other customers. The Company can, and does, purchase raw materials from other suppliers. Pursuant to Emerging Issues Task Force No. 99-19, "Reporting Revenue Gross as a Principal Versus Net as an Agent", the Company recorded sales to, and purchases from, this supplier on a gross basis. Sales and purchases were recorded on a gross basis since the Company (i) has a risk of loss associated with the raw materials purchased, (ii) converts the raw material into a finished product based upon Company developed specifications, (iii) has other sources of supply of the raw material, and (iv) has credit risk related to the sale of such product to the supplier. For the years ended December 31, 2002, 2001 and 2000, the Company purchased raw materials from the supplier totaling \$5,528,000, \$2,213,000 and \$1,725,000, respectively and sold finished goods to such supplier totaling \$9,467,000, \$3,601,000 and \$--, during the years ended December 31, 2002, 2001 and 2000, respectively.

INTERPHARM, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies, continued

Inventories

Inventories are valued at the lower of cost (first-in, first-out basis) or market value. Losses from the write-down of damaged, nonusable, or otherwise nonsalable, inventories are recorded in the period in which they occur.

Property and Equipment

Property and equipment is stated at cost. Maintenance and repairs are charged to expense as incurred; costs of major additions and betterments are capitalized. When property and equipment is sold or otherwise disposed of, the cost and related accumulated depreciation is eliminated from the accounts and any resulting gain or loss is reflected in income.

Depreciation and Amortization

Edgar Filing: ATEC GROUP INC - Form PRER14A

Depreciation is provided for on the straight-line method over the estimated useful lives of the related assets. The cost of leasehold improvements is amortized over the lesser of the length of the related leases or the estimated useful lives of the improvements.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

The Company has cash balances in a bank in excess of the maximum amount insured by the FDIC at December 31, 2002 and 2001.

Comprehensive Income

In accordance with Statement on Financial Accounting Standards ("SFAS") No. 130, "Reporting Comprehensive Income", the Company reports comprehensive income in addition to net income from operations. Comprehensive income is a more inclusive financial reporting methodology that includes disclosure of certain financial information that historically has not been recognized in the calculation of net income.

Use of Estimates in the Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

F-10

INTERPHARM, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies, continued

Impairment of Long-Lived Assets

The Company reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. To determine if impairment exists, the Company compares the estimated future undiscounted cash flows from the related long-lived assets to the net carrying amount of such assets. Once it has been determined that an impairment exists, the carrying value of the asset is adjusted to fair value. Factors considered in the determination of fair value include current operating results, trends and the present value of estimated expected future cash flows.

Income Taxes

Deferred taxes represent the tax effects of differences between the financial reporting and tax bases of the Company's assets and liabilities at the enacted tax rates in effect for the year in which

Edgar Filing: ATEC GROUP INC - Form PRER14A

the differences are expected to reverse. The Company evaluates the recoverability of deferred tax assets and establishes a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized. Income tax expense consists of the tax payable for the period and the change during the period in deferred tax assets and liabilities.

The Subsidiary is a limited liability company. For income tax purposes, the Company records only its proportionate share of the Subsidiary's taxable income or loss. The Company derives no income tax benefit or incurs no income tax liability attributable to the minority owner's proportionate share of the Subsidiary's taxable income or loss.

Marketable Securities

Marketable securities, which are classified as "available for sale", are valued at fair market value. Unrealized gains or losses are recorded net of income taxes as accumulated other comprehensive income or loss in stockholders' equity, whereas realized gains and losses are recognized in the Company's consolidated statements of income using the first-in, first-out method. Other than temporary declines in the value of marketable securities are also recognized as a loss in the consolidated statements of income.

Shipping Costs

The Company's shipping and handling costs are included under selling, general and administrative expenses. For the years ended December 31, 2002, 2001 and 2000, shipping and handling costs approximated \$370,000, \$248,000 and \$203,000, respectively.

Advertising Costs

Advertising costs are expensed as incurred. For the years ended December 31, 2002, 2001 and 2000 advertising costs approximated \$57,000, \$50,000 and \$17,000, respectively.

F-11

INTERPHARM, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies, continued

Research and Development

Research and development is expensed as incurred.

Concentrations and Fair Value of Financial Instruments

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash investments and accounts receivable. At December 31, 2002, the Company has cash investments of approximately \$852,000 at one bank. Concentrations of credit risk with respect to accounts receivable are disclosed in Note 10. The Company performs ongoing credit evaluations of its customers' financial condition and, generally, requires no collateral from its customers. Unless otherwise disclosed, the fair value of financial instruments approximates their recorded value.

Reclassification

Certain accounts in the prior years' financial statements have been reclassified for comparative purposes to conform with the presentation in the current year's financial statements. These reclassifications had no effect on previously reported income.

Stock Based Compensation

During 2002, 2001 and 2000, the Company had no stock-based compensations plans, nor has the Company issued any options, warrants or other similar types of compensatory equity instruments pursuant to any other types of arrangements. Therefore, the Company is not subject to disclosure requirements of SFAS No. 123, "Accounting for Stock-Based Compensation" as amended by SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure".

New Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board ("FASB") issued SFAS No. 141, "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 provides guidance on the accounting for a business combination at the date a business combination is completed. The statement requires the use of the purchase method of accounting for all business combinations initiated after June 30, 2001, thereby eliminating use of the pooling-of-interests method. SFAS No. 142 provides guidance on how to account for goodwill and intangible assets after an acquisition is completed. The most substantive change is that goodwill will no longer be amortized, but instead will be tested for impairment periodically. This statement applies to existing goodwill and intangible assets, beginning in 2002, and did not have a material impact on the consolidated financial statements of the Company.

F-12

INTERPHARM, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies, continued

New Accounting Pronouncements, continued

In October 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144 addresses the accounting model for long-lived assets to be disposed of by sale and resulting implementation issues. This statement requires that those long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reported in continuing operations or in discontinued operations. Therefore, discontinued operations will no longer be measured at net realizable value or include amounts for operating losses that have not yet occurred. It also broadens the reporting of discontinued operations to include all components of an entity with operations that can be distinguished from the rest of the entity and that will be eliminated from the ongoing operations of the entity in a disposal transaction. The Company adopted SFAS No.144 in 2002. It did not have a material impact on the consolidated financial statements of the Company.

Edgar Filing: ATEC GROUP INC - Form PRER14A

On April 30, 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections." SFAS No. 145 eliminates the requirement that gains and losses from the extinguishment of debt be aggregated and, if material, classified as an extraordinary item, net of the related income tax effect and eliminates an inconsistency between the accounting for sale-leaseback transactions and certain lease modifications that have economic effects that are similar to sale-leaseback transactions. Generally, SFAS No. 145 is effective for transactions occurring after May 15, 2002. The adoption of this standard did not have a material impact on the consolidated financial statements of the Company.

On July 30, 2002, the FASB issued SFAS No. 146 "Accounting for Cost Associated with Exit or Disposal Activities". The main provisions of this statement address the recognition of liabilities associated with an exit or disposal activity. The adoption of this statement did not have a material impact on the consolidated financial statements of the Company.

In November 2002, the FASB issued FASB Interpretation No. 45 "Guarantor's Accounting and Disclosure Requirements for Guarantees, including Indirect Guarantees of Indebtedness of Others" ("FIN 45"). FIN 45 requires a company, at the time it issues a guarantee, to recognize an initial liability for the fair value of obligations assumed under the guarantee and elaborates on existing disclosure requirements related to guarantees and warranties. The initial recognition requirements of FIN 45 are effective for guarantees issued or modified after December 31, 2002. Adoption of the disclosure requirements were effective for interim and annual periods ending after December 15, 2002 and did not have a significant impact on the consolidated financial statements of the Company. The Company does not expect the adoption of the initial recognition requirements of FIN 45 to have a significant impact on its consolidated financial position or results of operations.

F-13

INTERPHARM, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies, continued

New Accounting Pronouncements, continued

In January 2003, the FASB issued FASB Interpretation No. 46 "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51" ("FIN 46"). FIN 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the equity investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN 46 is effective for all new variable interest entities created or acquired after January 31, 2003. The provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. The Company is currently evaluating the effect that the adoption of FIN 46 will have on its consolidated results of operations and financial

condition.

Related Party Lease, continued

Such lease does not grant the Company the option to purchase the Premises at any time during the lease term or at its termination, nor will the Company share in any proceeds that may result from sale or disposition of the Premises. Three of the stockholders of the Company purchased the Premises by making cash payments in the amount of \$1,255,000 and by issuing \$3,720,000 in mortgage notes. Repayment of the mortgage notes has been guaranteed for the term of the mortgage primarily by the three stockholders and secondarily by the Company. The total amount due to the bank under the mortgages totaled approximately \$3,305,000 and \$3,457,000 as of December 31, 2002 and 2001, respectively. The terms of these mortgage notes extend through 2019. The fair value of the Premises is in excess of the future amount of payments that may be required pursuant to the terms of the guarantee.

Due to Related Parties

These balances, representing advances made by three of the Company's stockholders and its chairman, bear interest at a rate of 5% per annum. \$3,000,000 of these advances have a maturity date of January 1, 2012 and the balance of these advances have no definitive repayment terms. Repayment of \$3,000,000 of these advances are subordinated to the Company's bank debt (See Note 6).

At December 31, 2002, the Company has approximately \$300,000 of New York State investment tax credit carryforwards, expiring in various years through 2017. These carryforwards are available to reduce future New York State income tax liabilities. A \$155,000 reserve of the deferred tax asset has been recorded at December 31, 2002 because the Company does not anticipate utilizing all of these deferred tax assets.

NOTE 9 - Contingency

Legal Proceedings

On or about January 31, 2002, Teresa Casey and Jerry Casey, as plaintiffs, commenced a lawsuit against the Company, as defendant. Plaintiffs allege that Teresa Casey was injured as a result of ingesting guaifenesin/phenylpropanolamine of which the Company was the designer, constructor, manufacturer, producer, marketer, seller and distributor. Plaintiffs have alleged nine causes of action of product liability, tort liability, negligence, breach of implied and express warranties and violation of the Washington Consumer Protection Act. Plaintiffs seek unspecified damages, attorney's fees, prejudgment interest, punitive damages and such other relief as the court deems just. The Company has denied the material allegations of the complaint, believes it has meritorious defenses to the complaint and plans to vigorously defend the action.

On or about August 13, 2002, the Company, as plaintiff, commenced a lawsuit against General Star Indemnity Company, G.P. Insurance Agency, Inc. and Mortsan General Agency, Inc., as defendants. The lawsuit arose from General Star's refusal to cover or defend the Company under an insurance policy with respect to the Casey action above. The Company seeks a declaratory judgment that General Star is obligated to cover and defend the action and seeks damages, costs and attorney's fees for fraud misrepresentation and other claims.

It is reasonably possible that the Company may incur a liability as a

Edgar Filing: ATEC GROUP INC - Form PRER14A

result of the resolution of these related matters. However, these matters have not been resolved and the Company is not able to estimate the potential loss or range of potential loss that may eventually become due. Therefore no adjustments have been made in the consolidated financial statements for any amounts that may be due from or to the Company, as a result of the resolution of these matters.

Major Customers

The Company had the following customer concentrations as of December 31, 2002 and 2001 and for each of the three years in the period ended December 31, 2002:

	Sales - Percent of Revenue			Accounts Receivable	
	2002	2001	2000	2002	2001

Customer C	39%	20%	*	2,691,230	2,114,747
Customer D	*	*	11%	227,456	176,548

* Sales to customers were less than 10%

** This customer is the minority owner of the Subsidiary.

Major Suppliers

The Company purchased materials from three suppliers totaling approximately 59%, 65% and 53% of the Company's total purchases, during the years ended December 31, 2002, 2001 and 2000, respectively. At December 31, 2002 and 2001 amounts due to these suppliers included in accounts payable, were \$2,323,000 and \$1,895,000, respectively.

NOTE 11 - Capital Stock Exchange Agreement

On November 25, 2002, the Company and its stockholders entered into a Capital Stock Exchange Agreement (the "Exchange Agreement") with Atec Group, Inc. ("Atec"), a publicly held company. Pursuant to the Exchange Agreement, the Company's stockholders will exchange all of their shares of Company common stock, for shares of Atec Common Stock and Series K Convertible Preferred Stock ("Series K"), which will total approximately 48% of Atec's voting securities after the transaction is consummated as follows: (i) 75% of the voting securities to be issued will be Atec Common Stock, and (ii) 25% of the voting securities to be issued will be the Atec Series K Stock.

Each share of Series K stock is entitled to one vote, voting as a class

Edgar Filing: ATEC GROUP INC - Form PRER14A

with the holders of Atec Common Stock. It also is entitled to receive dividends to the same extent and in the same amounts as Atec Common Stock. The Series K Stock is convertible into shares of Atec Common Stock, no sooner than one year after the closing of the acquisition, upon the happening of any of the following events (the "Triggering Events"): (i) Atec is deemed by AMEX to be in compliance with applicable listing standards; (ii) deemed by another exchange to be in compliance with its applicable listing standards in the event Atec's securities are listed on such exchange; or (iii) Atec is no longer

NOTE 11 - Capital Stock Exchange Agreement, continued

listed on AMEX, the Nasdaq National Market or SmallCap Market, or the New York Stock Exchange. Upon the occurrence of any of the above Triggering Events, the Series K stock becomes convertible into an aggregate total number of shares of Atec Common Stock in accordance with a defined formula, which assumes the conversion of Atec Series A, B, C and J convertible Preferred Stock into Atec Common Stock. The Series A, B and C are voting securities. The net effect of the conversion feature, which has been deemed to be a contingent event, together with the shares of Atec Common Stock issued at closing, would be to issue to Interpharm stockholders, Atec Common Stock totaling approximately 80% of the total number of shares of Common Stock and voting convertible preferred stock, outstanding as of the date of the Triggering Event, after giving effect to the conversion, less shares of Common Stock which may be issued between the date of the closing of the acquisition and the date of the Triggering Event arising out of obligations which arose after the date of closing.

Consummation of the Exchange Agreement is subject to various items, including: (i) approval by Atec's stockholders, and (ii) a sale of substantially all of Atec's assets (and assumption of liabilities) to an entity owned by certain members of Atec's present management.

Pro Forma Earnings Per Share

The Company adopted the provisions of SFAS No. 128, "Earnings Per Share". SFAS No. 128 requires the presentation of basic and diluted Earnings Per Share ("EPS"). Basic EPS includes no dilution and is computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted EPS includes the potential dilution that could occur if potentially convertible securities were converted.

For accounting purposes, the Company is the acquirer in the proposed transaction and such transaction will be treated as a recapitalization of the Company. As described above, the number of shares of Atec Common Stock and Series K stock to be exchanged for the Interpharm common stock is dependent upon the number of shares of Atec Common Stock outstanding at closing. Assuming that the total number of shares of Atec Common Stock outstanding at closing is 7,719,326 (based upon the actual number of shares of Atec Common Stock outstanding as of February 20, 2003), Interpharm stockholders would receive 5,562,456 shares of Atec Common Stock and 1,854,152 shares of Series K. This share exchange

Edgar Filing: ATEC GROUP INC - Form PRER14A

has been given retroactive application in the pro forma earnings per share calculation for all periods presented. Pursuant to SFAS No. 128 and EITF Topic D-95, the Company has used the two-class method to calculate the effect of the participating Series K preferred stock on the calculation of Basic EPS. The if-converted method has been used to calculate the effect of the participating Series K preferred stock on Diluted EPS. Pro forma Basic and Diluted EPS for the years ended December 31, 2002, 2001 and 2000 is as follows:

THIS GUARANTY OF PAYMENT made this _____, 2003, by ASHOK RAMETRA, RAJNISH RAMETRA and ARVIN GULATI (herein individually and jointly called the "Guarantors") to ATEC GROUP, INC., a Delaware corporation ("ATEC").

RECITALS

BAAR Group, Inc. ("Borrower") has issued (a) a Promissory Note in the original principal amount of \$750,000 and (b) a Promissory Note in the original principal amount of \$1,000,0000 (collectively, the "Notes") in connection with the purchase of certain assets of ATEC pursuant to the terms of an Asset Purchase Agreement, between Borrower and ATEC, dated November 25, 2002 (the "Agreement").

Due to the close business and financial relationships between the Borrower and the Guarantors, in consideration of the benefits which will accrue to Guarantors and as an inducement for and in consideration of ATEC making the financial accommodations to Borrower pursuant to the Agreement, the Guarantors agree and covenant with ATEC as follows:

1. Guaranty. The Guarantors hereby unconditionally and irrevocably guarantee to ATEC the full and punctual payment and performance, when due (whether by acceleration, declaration, extension or otherwise) of the following (all of which are collectively referred to herein as the "Guaranteed Obligations"), of all obligations, liabilities and indebtedness of any kind, nature and description of the Borrower to ATEC, including, without limitation, principal, interest, charges, fees and expenses arising under the Notes, whether now existing or hereafter arising.

3. Obligations Not Impaired. The Guarantors hereby consent that at any time, or from time to time, and with or without consideration, ATEC may, without notice to or further consent of the Guarantors and without in any manner affecting, lessening, impairing, or releasing the liability and obligations of the Guarantors under this Guaranty: (a) increase and decrease the rate of

interest under the Notes; (b) renew, extend, or change the time and terms of payment and/or maturity of the Guaranteed Obligations; (c) receive additional security and collateral for the payment of the Guaranteed Obligations; and (d) sell, assign, release, surrender, exchange, settle, compromise, substitute, subordinate, hypothecate, change, waive, or modify the Guaranteed Obligations.

4. Guaranty of Payment. This Guaranty is a guaranty of payment and not of collectibility and is in no way conditioned or contingent upon any attempt to collect from the Borrower or any other person primarily or secondarily liable for the payment of the Guaranteed Obligations. The obligations and liabilities of the Guarantors hereunder shall not be impaired, released, lessened, or affected by any failure, delay, or omission of ATEC to enforce any right, power, or remedy in respect of the Guaranteed Obligations or of the Agreement or to realize upon any collateral or security provided for therein, or any waiver of any such right, power, or remedy or of any default in respect of the Guaranteed Obligations.

5. Waiver of Presentment, Demand, etc. The Guarantors hereby waive presentment, demand for payment, dishonor, notice of nonpayment and of dishonor, of the Guaranteed Obligations and any security and collateral for the payment thereof, notice of the making of the Guaranteed Obligations or creation of the Guaranteed Obligations, and notice of acceptance of this Guaranty.

6. Waiver of Subrogation. In the event the Guarantors shall at any time pay any sum or sums on account of the Guaranteed Obligations or take any other action in performance of their obligations and liabilities hereunder, the Guarantors shall have no subrogation or other rights against ATEC.

7. Events of Default. The occurrence of one or more of the following events (herein referred to as "event of default") shall constitute a default hereunder, and all such events are individually and collectively included in the term "default" as used herein: (a) if the Guarantors shall fail to promptly pay to ATEC all sums due and payable to ATEC under and by reason of this Guaranty; (b) if the Guarantors shall fail to duly perform, observe, or comply with any of the terms and provisions of this Guaranty (other than payment of money) at the time or times when performance, observance, or compliance therewith is required by the terms hereof, and such failure shall continue for a period of 14 days; (c) if any representation or warranty contained herein or made pursuant hereto shall prove to have been false or incorrect in any material respect on the date as of which made; (d) if an event of default as defined in the Notes should occur, and such default shall continue for a period of fourteen (14) days after notice of such default is made by ATEC to the Guarantors; or (e) if the Guarantors shall make a general assignment for the benefit of creditors or shall admit in writing their inability to pay debts as they become due, or shall file a voluntary petition in bankruptcy, or shall be adjudicated a bankrupt or insolvent, or shall file any petition or answer seeking or consenting to, or acquiescing in,

any arrangement, composition, readjustment or similar relief under any present or future statute, law, or regulation or shall file an answer or other pleading admitting, or shall fail to deny, or contest, the material allegations of a petition filed against them in any such proceeding, or shall seek or consent to or acquiesce in the appointment of any trustee, receiver, or liquidator of the Guarantors or any part of the property of the Guarantors.

8. Default. If any one or more events of default shall occur, then in any such case, ATEC may at any time thereafter, at its option: (a) declare the full amount guaranteed by the Guarantors hereunder to be due and payable whereupon the same shall become immediately due and payable to ATEC, and (b) exercise any other rights, remedies, and powers granted to it hereunder and by law.

2

9. Costs and Expenses. After default hereunder, the Guarantors shall pay to ATEC on demand all costs and expenses (including, without limitation, reasonable attorney's fees and expenses) incurred by or on behalf of ATEC in endeavoring to collect or enforce this Guaranty.

10. Remedies Cumulative, etc. Each right, power, and remedy of ATEC as provided for in this Guaranty, the Notes, the Agreement or in any instruments, agreements and documents executed and delivered in conjunction therewith or now or hereafter existing at law or in equity or by statute or otherwise shall be cumulative and concurrent and shall be in addition to every other right, power or remedy provided for in this Guaranty, in the Notes, in the Agreement or in any instruments, agreements and documents executed and delivered in conjunction therewith or now or hereafter existing at law or in equity or by statute or otherwise, and the exercise or beginning of the exercise by ATEC of any one or more of such rights, powers or remedies shall not preclude the simultaneous or later exercise by ATEC of any or all such other rights, powers, or remedies.

11. No Waiver, etc. Except as otherwise provided herein, no failure or delay by ATEC to insist upon the strict performance of any term, condition, covenant, or agreement of this Guaranty, the Notes, the Agreement or of any instruments, agreements or documents executed and delivered in conjunction therewith, or to exercise any right, power, or remedy consequent upon a breach thereof, shall constitute a waiver of any such term, condition, covenant, or agreement or of any such breach, or preclude ATEC from exercising any such right, power, or remedy at any later time or times. By accepting payment after the due date of any amount payable under this Guaranty, under the Notes, under the Agreement or under any instruments, agreements or documents executed and delivered in conjunction therewith, ATEC shall not be deemed to waive the right either to require prompt payment when due of all other amounts payable under this Guaranty, the Notes, the Agreement or under any instruments, agreements or documents executed and delivered in conjunction therewith, or to declare a default for failure to effect such prompt payment of any such other amount.

12. Right to Proceed. Except as otherwise expressly provided herein, ATEC shall be under no obligation or requirement to prosecute collection from the Borrower or from any other person or persons primarily or secondarily liable for all or any part of the Guaranteed Obligations, or to enforce or exercise any of its rights, remedies, or powers under the Notes, the Agreement or under any documents, agreements or instruments executed and delivered in conjunction therewith or resort to any security and collateral covered thereby before proceeding against the Guarantors under this Guaranty. The liability and obligations of the Guarantors hereunder are independent of any other guaranty or guaranties at any time in effect with respect to any existing or future liabilities and indebtedness of the Borrower to ATEC, and the liability and obligations of the Guarantors hereunder may be enforced regardless of the existence of any such other guaranty or guaranties.

Edgar Filing: ATEC GROUP INC - Form PRER14A

13. Term of Guaranty. This Guaranty and all guaranties, covenants and agreements of the Guarantors herein shall continue in full force and effect and shall not be discharged or released until such time as the Guaranteed Obligations shall have been paid in full.

14. Assignment of Guaranty. ATEC may, without notice to, or consent of the Guarantors, sell, assign, or transfer to any person or persons all or any part of the Note, and each such person or persons shall have the right to enforce
