EXPLANATORY NOTE

Form 10-Q/A (this "Amendment") amends the Quarterly Report on Form 10-Q for  
the quarterly period ended June 30, 2004, filed on August 16, 2004 (the  
"Original Filing"). iLinc Communications, Inc. ("the Company" or "iLinc") has  
filed this Amendment to revise Item 4 which revisions iLinc deems necessary to

clarify language used in Item 4 of the Original Filing. Pursuant to Rule 12b-15 under the Securities Exchange Act of 1934, as amended, the complete text of Item 4 as amended is set forth below. The remainder of the Original Filing is unchanged and is not reproduced in this Amendment. This Amendment speaks as of the filing date of the Original Filing and reflects only the changes discussed above. No other information included in the Original Filing, including the Company's financial statements and the footnotes thereto, has been modified or updated in any way. This Amendment should be read together with other documents that iLinc has filed with the Securities and Exchange Commission subsequent to the filing of the Original Filing.

### ITEM 4. CONTROLS AND PROCEDURES

We evaluated the design and operation of our disclosure controls and procedures to determine whether they are effective in ensuring that we disclose the required information in a timely manner and in accordance with the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and forms of the Securities and Exchange Commission. Management, including our principal executive officer and principal financial officer, supervised and participated in the evaluation. The evaluation was completed as of June 30, 2004. The principal executive officer and principal financial officer concluded, based on their review, that our disclosure controls and procedures, as defined by Exchange Act Rules 13a-14(c) and 15d-14(c), are effective and ensure that (i) we disclose the required information in reports that we file under the Exchange Act and that the filings are recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms and (ii) information required to be disclosed in reports that we file under the Exchange Act is accumulated and communicated to the Company's management, including our principal executive officer and principal financial officer to allow timely decisions regarding required reporting. No significant changes were made to our internal controls or other factors that materially affected or were reasonably likely to materially affect these controls subsequent to the date of their evaluation.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems no evaluation of controls can provide absolute assurance that all control issues if any, within a company have been detected.

On August 11, 2004, the Company's independent auditors orally notified the Company's Audit Committee that they had identified significant deficiencies regarding the Company's internal controls. The deficiencies noted were the lack of sufficient management oversight over and the proper segregation of duties of the accounting department. Management of the Company has informed the Audit Committee that it is in process of hiring appropriate personnel and making changes in assigned roles and responsibilities to correct for such deficiencies.

Based on the investigation by the Company's Audit Committee and additional procedures performed by management, the Company has concluded that, subject to the inherent limitations in all control systems, the Company's current disclosure controls and procedures are sufficient to timely alert the Company's management to material information relating to the Company that is required to be included in our periodic Securities and Exchange Committee filings, and that the internal controls are sufficient to provide reasonable assurance that the consolidated financial statements are fairly presented in conformity with generally accepted accounting principles.
