To the Participants and the Plan Administrator of

Pioneer Natural Resources USA, Inc. 401(k) and Matching Plan:

We have audited the accompanying statements of net assets available for benefits of Pioneer Natural Resources USA, Inc. 401(k) and Matching Plan (the "Plan") as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006, in conformity with United States generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

PIONEER NATURAL RESOURCES USA, INC. 401(k) AND MATCHING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2006 and 2005

**Note 1.**        **Description of Plan**

The following description of the Pioneer Natural Resources USA, Inc. 401(k) and Matching Plan (the "Plan") provides only general information. Participants and beneficiaries should refer to the Summary Plan Description for a complete description of the Plan, a copy of which is available to each participant and beneficiary from the Pioneer Natural Resources USA, Inc. 401(k) and Matching Plan Committee (the "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

**General**

The Plan is a defined contribution plan established on January 1, 1990 under Section 401 of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan was established for the benefit of the employees of Pioneer Natural Resources USA, Inc. (the "Employer"), a wholly-owned subsidiary of Pioneer Natural Resources Company (the "Company"). All regular full-time and part-time employees of the Employer are eligible to participate in the Plan on the first day of the month following their date of hire. The Plan's assets are held in a trust and certain administrative functions are performed by Vanguard Fiduciary Trust Company, the trustee of the trust (the "Trustee").

**Contributions**

Participants may elect to contribute to the Plan an amount of not less than two percent nor more than 30 percent of their pre-tax basic compensation per pay period. Additionally, participants may elect to make after-tax contributions to the Plan. A participant's combined pre-tax and after-tax contributions to the Plan may not exceed 50 percent of the participant's basic compensation per pay period. Certain participants may make catch-up contributions to the Plan in accordance with Section 414(v) of the Code. Pre-tax, after-tax and catch-up contributions are hereinafter referred to as Participant Contributions. Matching contributions are made in cash by the Employer on behalf of a participant in an amount equal to 200 percent of the pre-tax contributions made by the participant that do not exceed five percent of the participant's annual basic compensation (the "Matching Contributions").

**Participant Accounts and Investment Options**

Participants' accounts are credited with their Participant Contributions and Matching Contributions. In accordance with Section 404(c) of the Code and the Plan's Investment Policy Statement, participants exercise individual control over their accounts and are provided a broad range of investment funds in which they may choose to invest their Participant and Matching contributions. Earnings and losses attributable to the participants' chosen investments are allocated to the participants' accounts, along with any investment fees charged by the funds. During the Plan year ended December 31, 2006, participants were able to allocate their contributions among the following registered investment company funds, common/collective trusts and Pioneer Stock Investment Fund:

**Vesting**

Participants are immediately vested in their Participant Contributions and any earnings thereon. Participants vest in Matching Contributions and earnings thereon proportionately for each full year of completed service over a four-year period that begins with the participant's date of hire. Participants' account balances that were merged into the Plan from predecessor plans are fully vested.

**Payments of Benefits**

Vested balances > \$5,000. If the total value of the vested portion of a participant's accounts (other than rollover amounts) exceeds \$5,000, payments will begin at age 70-1/2 unless the participant terminates, retires or becomes disabled prior to age 70-1/2 and consents to an earlier distribution date by filing a written request with the Plan Administrator. Distributions to a terminated, retired or disabled participant will be in the form of an annuity unless the participant directs the Plan Administrator to distribute the benefits in the form of a lump sum or installment payments.

Vested balances < \$5,000. If the total value of the vested portion of the participant's accounts is \$5,000 or less but more than \$1,000 (not including amounts in the participant's rollover account, if any); the participant separates from service for any reason other than the participant's retirement, permanent disability, death or transfer to an affiliate of the Employer; and the distribution is an eligible rollover distribution, the Plan will automatically pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator unless the participant elects to have it paid directly to the participant or rolled over to another eligible retirement plan. If the total value of the vested portion of the participant's accounts is \$1,000 or less, payment will be made in one lump sum as soon as administratively possible.

PIONEER NATURAL RESOURCES USA, INC. 401(k) AND MATCHING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2006 and 2005

**Note 1.**      **Description of Plan (continued)**

In either case, vested amounts that are invested in the Pioneer Stock Investment Fund may, at the election of the participant, be distributed in the form of the Company's common stock with cash distributed in lieu of fractional

shares of stock.

Under the Plan, a participant's beneficiary will receive the participant's account balances in the event of the participant's death.

**In-Service Withdrawals**

A current employee of the Employer may withdraw (i) all or a portion of the participant's account balances derived from after-tax Participant Contributions or rollover contributions; (ii) pre-tax Participant Contributions (excluding earnings and qualified nonelective contributions allocated to the participant's pre-tax Participant Contributions accounts) under certain hardship conditions specified in the Plan document; or (iii), if the participant has attained the age of 59-1/2, all or a portion of the participant's account balances (excluding certain accounts containing Employer contributions).

**Participant Loans**

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of \$50,000 (reduced by the excess, if any, of the highest total outstanding balance of all other Plan loans to the participant during the one-year period ending on the day before the date a new loan is made, over the outstanding balance of those other loans on the date the new loan is made) or 50 percent of their accounts' vested balances, whichever amount is less. The loans are secured by the balance in the participants' accounts. Participants' loans bear interest at an annual rate equal to the prime borrowing rate at the inception of the loan plus one percent. Loan principal and interest is paid ratably through payroll deductions over a period not to exceed five years unless the loan is for the purpose of acquiring the principal residence of the participant.

**Forfeitures**

Upon termination of employment, the unvested portion of a participant's accounts is forfeited to the Plan. Forfeitures are used to restore previously forfeited amounts to participants upon rehire as required by the Plan, pay for administrative expenses incurred by the Plan, or reduce subsequent Matching Contributions made to the Plan by the Employer.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan, subject to the provisions of ERISA, to discontinue its contributions at any time or to terminate the Plan. In the event of the Plan's termination or the complete discontinuance of any contributions to the Plan, participants will immediately become fully vested in their accounts.

**Note 2.**      **Summary of Significant Accounting Policies**

Basis of Presentation

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with United States generally accepted accounting principles ("GAAP").

PIONEER NATURAL RESOURCES USA, INC. 401(k) AND MATCHING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2006 and 2005

Note 2.        Summary of Significant Accounting Policies (continued)

New Accounting Pronouncement

In December 2005, the Financial Accounting Standards Board ( FASB ) issued a Staff Position ( FSP ), Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans. This FSP amends the guidance in the American Institute of Certified Public Accountants Statement of Position 94-4, Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans, with respect to the definition of fully benefit-responsive investment contracts and the presentation and disclosure of fully benefit-responsive investment contracts in plan financial statements. The FSP requires that investments in common/collective trusts that include fully benefit-responsive investment contracts be presented at fair value in the statements of net assets available for benefits and that the amount representing the difference between fair value and contract value of these investments also be presented on the face of the statements of net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The FSP is effective for financial statements for annual periods ending after December 15, 2006 and must be applied retroactively to all prior periods presented. Accordingly, the Plan has adopted the financial statement presentation and disclosure requirements effective December 31, 2006, and has restated the statement of net assets available for benefits as of December 31, 2005 to present all investments at fair value, with the adjustment to contract value separately disclosed.

Payment of Benefits

Benefit payments made to participants are recorded when paid.

Investment Valuation

The Plan's investments are stated at fair value in the Statements of Net Assets Available for Benefits as of December 31, 2006 and 2005, as reported by the Trustee. Investment fair values are determined as follows:

1. Investments in registered investment company funds are valued using published market prices which represent the net asset value of shares or units held by the Plan as of December 31.
2. Investment in the common/collective trusts are valued based upon the fair values of the underlying net assets of the trusts, as determined by the issuer. The fair value of the Vanguard Retirement Savings Trust includes traditional contracts, wrapper contracts re-bid to determine the replacement cost, and underlying bond instruments valued by the Trustee.
3. Investments in the Company's common stock are valued at the last reported sales price on December 31.

4. Participants loans receivable are valued at their unpaid principal balance, which approximates fair value.

The amounts representing adjustments from fair value to contract value for fully benefit-responsive investment contracts held by common/collective trust, presented in the Statements of Net Assets Available for Benefits as of December 31, 2006 and 2005, were derived from information provided by the Trustee about the Vanguard Retirement Savings Trust. See [New Accounting Pronouncement](#) above for more information regarding these disclosures.

## PIONEER NATURAL RESOURCES USA, INC. 401(k) AND MATCHING PLAN

## NOTES TO FINANCIAL STATEMENTS

December 31, 2006 and 2005

**Note 2.**      **Summary of Significant Accounting Policies (continued)****Security Transactions and Investment Income**

Security transactions are accounted for on a trade-date basis. Expenses incurred with transactions, if any, are added to the purchase price or deducted from the selling price at the time of the transactions. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

**Use of Estimates**

The preparation of the accompanying financial statements in conformity with GAAP requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Note 3.**      **Investments**

The Trustee holds the Plan's investments and executes all investment transactions.

During the year ended December 31, 2006, the fair value of the Plan's investments (including investments purchased, sold and held) appreciated (depreciated) as follows:

Registered investment company funds	\$ 8,169,567
Common/collective trusts	1,799,878
Pioneer Stock Investment Fund	(1,946,599)
Net appreciation in fair value of investments	\$ 8,022,846

The investment funds in which participants are allowed to invest their accounts under the Plan are subject to a number of risks and uncertainties. These risks and uncertainties include, among other things, interest rate risk, credit risk, political risk, general business risks and overall market volatility risk. The investment funds have individual risk profiles that cause them to respond differently to changes in the risks and uncertainties described above. Due to the level of risk associated with the investment funds, it is reasonably possible that changes in the fair values of the investment funds may occur during the near term, and that such changes could cause participants' account balances, and thus the benefits to which participants are entitled under the Plan, to differ materially from those reported as of December 31, 2006.

**Note 4.**      **Administrative Expenses**

The Employer may pay certain expenses incurred in the administration of the Plan, including expenses and fees of the Trustee, but is not obligated to do so. Any Plan expenses not paid by the Employer are paid from the Plan's forfeiture account or from Plan assets. Administrative expenses incurred by the Plan were \$42,706 for activity related to the year ended December 31, 2006, of which \$36,386 was paid from the Plan's forfeiture account and \$6,320, representing participant loan transaction fees, were paid from Plan assets. Of the amounts paid from the Plan's forfeiture account, \$6,886 was accrued at December 31, 2006. Plan administrative expenses paid by the Employer were \$19,145 for activity related to the year ended December 31, 2006.

Plan assets in the Plan's forfeiture account qualifying to be used to defray future Plan administrative expenses or to reduce the amount of future Matching Contributions totaled \$632,243 as of December 31, 2006.

PIONEER NATURAL RESOURCES USA, INC. 401(k) AND MATCHING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2006 and 2005

**Note 5.**        **Tax Status of the Plan**

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated March 19, 2003, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the Plan was amended to bring the Plan into compliance with applicable law and to make other desired changes. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. The Plan Administrator has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.

**Note 6.**        **Related Party Transactions**

Plan investments are in shares or units of registered investment company funds and common /collective trusts that are managed by the Trustee or for which the Trustee provides services. These funds and the Pioneer Stock Investment Fund qualify as party-in-interest transactions.
