

## Edgar Filing: SIERRA WIRELESS INC - Form 6-K

ended March 31st. Revenue and earnings expectations are increased significantly over the previous guidance for this quarter issued on January 28, 2004.

Revenue, previously guided in the range of \$35 million to \$37 million, is now expected to be over \$40 million. Net earnings are expected to be over \$3 million, compared to previous guidance of \$1.5 million, while diluted earnings per share are expected to be over \$0.12, compared to previous guidance of \$0.06. Cash flow is now expected to be significantly positive, compared to previous guidance of neutral.

"We are pleased to raise our first quarter guidance as a result of stronger than expected demand and operating results across key product lines including AirCards and Embedded Modules," said David Sutcliffe, Chairman and Chief Executive Officer of Sierra Wireless, Inc. "We continue to focus on profitable growth."

Final results for the first quarter and financial guidance for the second quarter will, as previously scheduled, be provided on April 22nd after the close of markets.

### Forward Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. These forward-looking statements relate to, among other things, plans and timing for the introduction or enhancement of our services and products, statements about future market conditions, supply conditions, channel and end customer demand conditions, revenues, gross margins, operating expenses, profits, and other expectations, intentions, and plans contained in this press release that are not historical fact. Our expectations regarding future revenues and earnings depend upon our ability to develop, manufacture, and supply products that we do not produce today and that meet defined specifications. When used in this press release, the words "plan", "expect", "believe", and similar expressions generally identify forward-looking statements. These statements reflect our current expectations. They are subject to a number of risks and uncertainties, including, but not limited to, changes in technology and changes in the wireless data communications market. In light of the many risks and uncertainties surrounding the wireless data communications market, you should understand that we cannot assure you that the forward-looking statements contained in this press release will be realized.
