Proxy Statement

Annual Meeting of Shareholders to be Held June 2, 2006

This Proxy Statement and the accompanying proxy card are being mailed to shareholders of APAC Customer Services, Inc. (the "Company") on or about April 28, 2006, in connection with the solicitation of proxies by the Board of Directors for the Annual Meeting of Shareholders to be held on June 2, 2006. The purpose of the Annual Meeting is to consider and act upon the matters specified in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement.

Each shareholder is entitled to one vote for each Common Share held as of the record date. A majority of the outstanding shares entitled to vote at this meeting and represented in person or by proxy will constitute a quorum. As of the close of business on April 3, 2006, the record date for determining shareholders entitled to vote at the Annual Meeting, 49,848,654 Common Shares were outstanding.

If the form of Proxy that accompanies this Proxy Statement is executed and returned, it will be voted in accordance with the indicated direction. A Proxy may be revoked at any time prior to the voting thereof by written notice to the Secretary of the Company, by executing and delivering a subsequently dated proxy card or by voting in person at the Annual Meeting. Shareholders whose Common Shares are held in the name of a bank, broker or other holder of record will receive voting instructions from the holder of record.

The affirmative vote of the holders of a majority of the Common Shares entitled to vote and represented in person or by proxy at the Annual Meeting is required for the election of directors and for any other proposal submitted to a vote. Shareholders are not entitled to cumulate their votes. Shares represented by proxies which are marked "withhold" or to deny discretionary authority on any matter will be treated as shares present and entitled to vote, which will have the same effect as a vote against any such matter. Broker "non-votes" will be treated as not represented at the meeting as to matters for which a non-vote is indicated on the broker's proxy. Broker "non-votes" and the shares as to which shareholders abstain are included for purposes of determining whether a quorum of shares is present at a meeting. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Votes will be tabulated by representatives of LaSalle Bank National Association, the Company's transfer agent and inspector of elections for the Annual Meeting. Expenses incurred in the solicitation of proxies will be borne by the Company.

Meetings of the Board of Directors and Corporate Governance

The Board of Directors met seventeen times during fiscal year 2005 and periodically took action by unanimous written consent. All incumbent directors attended at least 75% of the aggregate of such meetings and meetings of Board committees on which they served in fiscal year 2005.

The Board of Directors has adopted Corporate Governance Guidelines, which set forth the role and functions of the Board of Directors, director qualifications and guidelines with respect to Board of Director meetings and committees of the Board, among other things. The Board of Directors has determined that all Board members, excluding Messrs. Keller and Schwartz, are independent under The Nasdaq National Market listing standards.

Board Committees

The Board of Directors has established three standing committees and has adopted written charters for each committee: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. While the Board's committees are constituted as described below and vote on matters as described below, other members of the Board, including directors not determined by the board to qualify as independent, are frequent participants (although not voting participants) in Committee meetings and proceedings.

Each Committee's charter is available on the Company's website at www.apaccustomerservices.com. A copy of each charter is also available in print to shareholders upon request, addressed to the Secretary at APAC Customer Services, Inc., Six Parkway North, Deerfield, IL 60015.

Audit Committee

The Audit Committee, which consists of Messrs. Gerdelman (Chairman), Park and Kraft and Ms. Andreotti, appoints the Company's independent registered public accounting firm, reviews the proposed scope of the annual audit, oversees the adequacy and effectiveness of accounting and financial controls, and reviews the annual and quarterly financial statements with management and the independent registered public accounting firm. The Audit Committee met nine times in fiscal year 2005. All members of the Audit Committee are independent as defined for audit committee members by the listing standards of The Nasdaq National Market. The Board of Directors has determined that each member of the Audit Committee is financially literate in accordance with the listing standards of The Nasdaq National Market and that Mr. Park is an "audit committee financial expert," as defined by the Securities and Exchange Commission.

Compensation Committee

The Compensation Committee, which consists of Messrs. Park (Chairman), Collins and Bernard, approves senior management compensation and oversees the Company's equity compensation plans. The Compensation Committee is also responsible for annually evaluating the performance of the Chief Executive Officer. The Compensation Committee elected to include all the directors in the evaluation process that occurred in early 2006. The Compensation Committee met nine times in fiscal year 2005 and periodically took action by unanimous written consent. All members of the Compensation Committee are independent directors as defined in the listing standards of The Nasdaq National Market.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, or Nominating/Governance Committee, which consists of Messrs. Collins (Chairman) and Gerdelman and Ms. Andreotti, identifies and recommends to the Board of Directors individuals qualified to serve as directors of the Company, recommends directors to serve on committees of the Board of Directors, advises the Board of Directors with respect to matters of Board composition and procedures, develops and recommends to the Board of Directors corporate governance principles applicable to the Company, oversees corporate governance

matters generally, and reviews on an annual basis director compensation. The Nominating/Governance Committee met six times during fiscal year 2005 and periodically took action by unanimous written consent. All members of the Nominating/Governance Committee are independent directors as defined in the listing standards of The Nasdaq National Market.

The Nominating/Governance Committee will consider director candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating/Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. The Nominating/Governance Committee may also take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by the Nominating/Governance Committee, a shareholder must submit the recommendation in writing and must include the following information: the name of the shareholder and evidence of the person's ownership of Common Shares of the Company, including the number of shares owned and the length of time of ownership; and the name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be named as director if selected by the Nominating/Governance Committee and nominated by the Board.

The shareholder recommendation and information described above must be sent to the Secretary at Six Parkway North, Deerfield, IL 60015 and must be received by the Secretary not less than 90 or more than 120 days prior to the anniversary date of the Company's most recent annual meeting of shareholders.

The Nominating/Governance Committee believes that the minimum qualifications for serving as a director of the Company are the ability to apply good and independent judgment in a business situation and the ability to represent the interests of shareholders. A director also must be free from any conflicts of interest that would interfere with his or her loyalty to the Company or its shareholders. Candidates considered by the Nominating/Governance Committee for election or reelection to the Board of Directors should possess the following qualifications: the highest level of personal and professional ethics, integrity and values; an inquiring and independent mind; practical wisdom and mature judgment; broad training and experience at the policy-making level in business, finance and accounting, government, education or technology; expertise that is useful to the Company and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained; willingness to devote sufficient time and attention to carrying out the duties and responsibilities of Board membership; commitment to serve on the Board for several years to develop knowledge about the Company's business; willingness to represent the best interests of all shareholders and objectively appraise management performance; and involvement only in activities or interests that do not conflict with the director's responsibilities to the Company and its shareholders.

Once a person has been identified by the Nominating/Governance Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating/Governance Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee or of the Board of Directors, including directors who have not been designated as independent, contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Nominating/Governance Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. Other members of the Board, including Mr. Schwartz and Mr. Keller, will also interview the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater firsthand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder, although, as stated above, the Board may take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2005, no Company executive officer served on the board of directors or compensation committee of any other corporation with respect to which any member of the Compensation Committee was engaged as an executive officer. None of the members of the Compensation Committee was a Company employee in fiscal year 2005 or was formerly a Company officer.

Shareholder Communications with the Board of Directors

The Board of Directors has established a process to receive communications from shareholders. Shareholders may contact any member (or all members) of the Board by mail. To communicate with the Board of Directors, any individual directors or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors, or group or committee of directors by either name or title. All such correspondence should be sent "c/o Secretary" at Six Parkway North, Deerfield, IL 60015.

All communications received as set forth in the preceding paragraph will be opened by the office of the Secretary for the sole purpose of determining the nature of the communications. Communications that constitute advertising, promotions of a product or service, or patently offensive material will not be forwarded to the directors. Other communications will be forwarded promptly to the addressee or addressees.

Policy Regarding Director Attendance at Annual Meetings

The Company considers attendance and participation at the annual meeting of shareholders to be important to effectively fulfill the responsibilities of its directors. Accordingly, it is Company policy to encourage each of its directors to attend the annual meeting. All of the directors then serving on the Board were in attendance at the 2005 Annual Meeting, other than Mr. Skinner who had previously announced that he was not seeking re-election.

Director Compensation

Each director who is not a Company employee is compensated for services as a director with: (i) an annual cash retainer of \$22,000; (ii) a cash payment of \$1,500 for each board meeting attended in person and a cash payment of \$750 for each board meeting attended by telephone; and (iii) quarterly grants of options to purchase Common Shares. The total number of options to be granted annually to each director is calculated as of the date of the Company's annual meeting of shareholders and is determined by dividing \$90,000 by the average fair market value of a Common Share over the preceding calendar year. Options are granted to directors in four equal installments as of the first trading day of each calendar quarter. Options have an exercise price equal to the fair market value of a Common Share on the date of grant. For Board Committee service: (i) the Audit Committee chairman receives an annual fee of \$10,000; (ii) each of the other Committee chairmen receives an annual fee of \$5,000; and (iii) each Committee member, including the Committee chairman, receives a cash payment of \$1,500 for each committee meeting attended in person and a cash payment of \$750 for each committee meeting attended by telephone. Directors are also reimbursed for certain expenses in connection with attendance at Board and Committee meetings as well as approved education programs and other required travel.

Mr. Schwartz, the Chairman of the Board, who was an employee of the Company until December 31, 2005, received an annual salary of \$100,000, was reimbursed for expenses and otherwise received no compensation for his services as a director. Effective January 1, 2006, Mr. Schwartz is entitled to be compensated in the same manner as the other directors who are not Company employees as described above, and he is also entitled to receive an annual cash retainer of \$15,000 for his services as Chairman of the Board. In addition, Mr. Schwartz has elected to receive continued medical coverage under the Company's plan for the period permitted by federal law and the Company has agreed to pay his premiums of approximately \$900 per month. Mr. Keller, President and Chief Executive Officer of the Company, is the only employee director. Mr. Keller does not receive any additional compensation for his services as a director.

The following table sets forth information with respect to all compensation paid or earned for services rendered to the Company by its chief executive officer, the four most highly compensated executive officers other than the chief executive officer who were serving as executive officers at the end of fiscal year 2005, and two of the Company's former executive officers (together, the "Named Executive Officers") during each of the last three fiscal years.

Name	Individual Grants			Expiration Date(3)	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(1)

- (1) The potential realizable value is calculated based on the term of the option at its time of grant (10 years). It is calculated by assuming the stock price on the date of grant appreciates at the indicated annual rate compounded annually for the entire term of the option and that the option is exercised and the shares thereby acquired are sold on the last day of the option term for the appreciated stock price.
- (2) Based on options for a total of 6,180,500 Common Shares granted to employees, including the Named Executive Officers, in fiscal year 2005.
- (3) The term of each option is 10 years. The term is subject to acceleration in the event of certain employment terminations or a change in control of the Company. Options are not exercisable during the first twelve months from the date the options are granted, but on and after the first day of each anniversary of the date on which such option was awarded, 20% of the total shares subject to the option become exercisable.
- (4) Mr. Tanenberg resigned in July 2005. Ms. Witte resigned in June 2005. No portion of the options granted to Mr. Tanenberg or Ms. Witte reflected in the table above were vested at the time of their resignations, and all then-outstanding unvested options were forfeited.

Employment Agreements

In March 2004, the Board of Directors elected Robert J. Keller as President and Chief Executive Officer of the Company. The terms of Mr. Keller's employment arrangements are described in the "Compensation Committee Report on Executive Compensation" under the heading "Chief Executive Officer Compensation" set forth on page 14. The Company entered into an employment agreement with Mr. McClenahan in May 2004 and with Ms. Schneider in June 2005. Mr. McClenahan's current salary is \$315,000 and Ms. Schneider's current salary is \$270,000. Mr. McDermott's current salary is \$270,000, and Mr. LaBonte's current salary is \$285,000. The agreements with Mr. McClenahan and Ms. Schneider provide for eligibility for bonuses under the Company's Management Incentive Plan and options to purchase Common Shares, severance payments in the amount of twelve months of base salary in the event of termination of employment other than for cause, and non-competition and confidentiality commitments on the part of the executive. Mr. McDermott and Mr. LaBonte are subject to non-competition and confidentiality commitments.

Employment Security Agreements

The Company maintains a "double trigger" severance plan in which the Company's Chief Executive Officer, Senior Vice Presidents and certain other executives participate. The plan provides that following a change in control, severance will be payable upon termination of the executive's employment within one year after the change in control either by the Company, other than for cause, or by the executive for good reason. Pursuant to the plan, each of the Chief Executive Officer, the Senior Vice Presidents and certain other executives is a party to an Employment Security Agreement, which serves to confer the benefits contemplated by the plan. Mr. Keller is entitled to severance in an amount equal to thirty-six months salary plus target bonus under the Management Incentive Plan under his Employment Security Agreement. Each of Messrs. McClenahan, McDermott and LaBonte and Ms. Schneider is entitled to severance in an amount equal to eighteen months salary plus target bonus under the Management Incentive Plan under his or her Employment Security Agreement.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Policy and Overall Objectives

The Compensation Committee administers the Company's executive compensation program. The Compensation Committee is composed of independent directors responsible for the oversight of all elements of compensation for the Company's executive officers. The Compensation Committee has furnished this report on executive compensation for fiscal year 2005.

The industry sector in which the Company operates is highly competitive. The Company intends that its compensation programs be both market competitive and effective in supporting the Company's business strategy and the execution of tactical and strategic initiatives. From time to time, the Company retains independent compensation consultants to provide objective and expert advice on various plan design issues.

The executive compensation program consists generally of base pay, annual performance-based cash incentives, and long-term performance-based equity incentives, all of which are designed to reward executives for superior Company performance and the creation of shareholder value. The Compensation Committee believes that a true pay-for-performance culture based on accountability and linkage to business objectives is critical for future business success.

The Company's practice is to target total compensation levels for the Company's executives at above average levels. A range between the 50th percentile and 75th percentile of total compensation of surveyed companies is generally targeted.

Executive Compensation Components

The Company's executive compensation program consists of three key components that collectively help the Company attract, retain and motivate key executive talent. The components balance short-term and long-term perspectives, decision-making and actions. Each component is set forth below.

Base Salary

Base salaries of executive officers are targeted to be competitive relative to companies in the customer service or customer relationship management, outsourcing and other comparable industries. In determining salaries, the Compensation Committee also takes into account individual experience and performance.

Annual Incentives

Management Incentive Plan. The APAC Customer Services, Inc. 2005 Management Incentive Plan, or the Management Incentive Plan, was approved by the Company's stockholders on June 3, 2005. Under the Management Incentive Plan, incentive opportunities are designed around a strategic mix of corporate and individual performance objectives. All corporate and individual targets are directly linked to the Company's annual business and financial plan. For 2006, as reviewed and approved by the Compensation Committee, the financial targets under the Management Incentive Plan are earnings before income, taxes, depreciation and amortization, or EBITDA, revenue and, for the Company's Chief Executive Officer and all Senior Vice Presidents, earnings per share. For participants in the Management Incentive Plan other than the executive officers, individual performance goals are set within three categories: individual objectives, client key performance indicators and execution against financial metrics. The employee and his or her manager establish and review individual goals aligned with the Company's business plan.

Executive Restructuring Incentive. Due to the financial performance of the Company prior to its July 2005 restructuring, the performance goals set for the 2005 annual bonuses to be paid under the Management Incentive Plan were not achieved. In the second half of 2005, financial performance

improved as a result of the July restructuring and the Board of Directors determined that, in lieu of an annual cash bonus, it would provide an executive restructuring incentive for the Chief Executive Officer, all Senior Vice Presidents and certain other key employees. The purpose of the incentive was to reward these individuals for the successful execution of the July restructuring plan. A total of 294,000 restricted Common Shares were granted to participants on February 7, 2006 under the APAC Customer Services, Inc. 2005 Incentive Stock Plan, or the Incentive Stock Plan. All restricted Common Shares will become unrestricted and fully vested two years after the date of grant; provided the Company achieves the EBITDA targets provided in the 2006 Financial Plan for the six-month fiscal period ended July 2, 2006.

Long-Term Incentives

Incentive Stock Plan. The Incentive Stock Plan was approved by the Company's shareholders on June 3, 2005. The purpose of the Incentive Stock Plan is to attract and retain highly qualified individuals and to motivate them to maximize shareholder value. The Compensation Committee believes that options to acquire Common Shares of the Company serve this purpose. Participation in the Incentive Stock Plan is limited to executive officers and key employees who the Compensation Committee has determined to be key contributors to the future growth and profitability of the Company. In 2005, the Compensation Committee granted a total of 6,180,500 options to 55 employees.

In February 2005, the Company made "Special Option Grants" to acquire 3,870,000 Common Shares to 20 employees, including the Chief Executive Officer and the four other most highly compensated executive officers at that time. These grants are reflected in the "Option Grants in Last Fiscal Year" table on page 11. In October 2005, the Company made "Special Retention Option Grants" of 530,000 restricted Common Shares to 23 employees who did not previously receive a "Special Option Grant." These Special Retention Option Grants have an exercise price of \$1.35 per share, the closing price of Common Shares on the date of grant, and vest over a period of eighteen months. The purpose of these Special Retention Option Grants was to retain certain key employees during a period of uncertainty at the Company.

The Company has adopted stock option grant guidelines that provide new hire, promotion, and performance award option grant opportunities for management employees at the vice president level and above, as well as certain individually selected key employees. These guidelines are based on competitive industry practice. Under the guidelines, plan participants are eligible for grants based on their responsibilities, individual performance and contribution to the Company. Options granted pursuant to these guidelines vest annually over a four or five year period, as determined by the Compensation Committee, with partial acceleration of vesting upon a change in control if the employee is then employed by the Company and full vesting upon a termination of employment on or after a change in control in certain circumstances.

Long Term Cash Incentive Plan. In February 2005, the Company issued long term cash incentive awards to certain key employees not included in the Special Option Grants. These awards call for a payment in 2008 based on the Company's 2007 EBITDA and revenue performance and also provide for partial acceleration of vesting upon a change in control in certain circumstances.

Chief Executive Officer Compensation

In March 2004, the Board of Directors elected Mr. Keller as President and Chief Executive Officer of the Company. The Compensation Committee conducted an evaluation of Mr. Keller's compensation, which included a competitive analysis of compensation practices for chief executive officers and a recommendation by an independent compensation consultant. Upon the recommendation of the Compensation Committee, the Board of Directors approved the following compensation arrangement for Mr. Keller. Effective April 3, 2006, Mr. Keller receives an annual salary of \$440,000 and is eligible for annual bonuses under the Company's Management Incentive Plan at threshold, target and maximum bonus levels of 50%, 75% and 150% of salary, based solely on the Company's performance against the

annual financial performance measures of EBITDA, revenue and earnings per share. Mr. Keller's annual bonus will be paid one half in cash and one half in restricted stock or deferrable restricted stock units, to vest 50% on the date of grant and 50% on the first anniversary of the date of grant. Mr. Keller's agreement provides for severance payments in the amount of twenty-four months of base salary and a prorated portion of the bonus payable based on actual performance for the year in which termination occurs in the event of termination of employment other than for cause as well as continuation of certain insurance and medical benefits.

On his hire date, Mr. Keller was granted an option for 400,000 Common Shares. This option provides for four year vesting, a partial acceleration of vesting upon a change in control if Mr. Keller is then employed by the Company and full vesting upon a termination on or after a change of control in certain circumstances. In February 2005, Mr. Keller was awarded a Special Option Grant for an additional 750,000 Common Shares, pursuant to the Special Option Grant terms described above under the heading "Incentive Stock Plan." In February 2005, Mr. Keller was awarded 65,000 restricted Common Shares pursuant to the executive restructuring incentive described above under the heading "Executive Restructuring Incentive." In addition, effective March 30, 2006, Mr. Keller was awarded 100,000 restricted Common Shares which will become unrestricted and fully vested on March 30, 2008, provided certain performance objectives are met during the fourth fiscal quarter of 2006. The purpose of this additional equity grant is to provide an additional incentive to Mr. Keller to enhance shareholder value.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's chief executive officer or any of the four other most highly compensated executive officers. Qualifying performance-based compensation is specifically exempt from the deduction limit. The Compensation Committee operates according to a philosophy intended to take full advantage of deductions available under Section 162(m).
