Introduction

The enclosed proxy is solicited on behalf of the Board of Directors (the Board) of AltiGen Communications, Inc. (AltiGen) for use at the Annual Meeting of Stockholders to be held on February 9, 2009 at 10:00 a.m., local time (the Annual Meeting), or at any and all adjournments or postponements thereof, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at our principal executive offices located at 4555 Cushing Parkway, Fremont, California 94538. Our telephone number is (510) 252-9712.

These proxy solicitation materials were mailed on or about January 14, 2009 to all stockholders of record entitled to vote at the Annual Meeting.

Record Date and Voting Securities

Only stockholders of record on the close of business on December 12, 2008 are entitled to notice of and to vote at the Annual Meeting. As of December 12, 2008, 15,885,480 shares of our common stock were issued and outstanding. No shares of our preferred stock were outstanding.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use:

by delivering to our secretary a written notice of revocation;

by delivering to our secretary a duly executed proxy bearing a later date; or

by attending the Annual Meeting and voting in person.

Attendance at the Annual Meeting will not, in and of itself, revoke a proxy.

Voting and Discretionary Voting

Properly executed proxies received prior to the meeting, and not subsequently revoked in the manner described above, will be voted in accordance with the instructions on such proxies. Where no instructions are given, proxies will be voted FOR the director nominees described herein, FOR the ratification of the auditors, and with respect to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the proxy holders.

You are entitled to one vote for each share of common stock held on all matters presented at the Annual Meeting. You do not have the right to cumulate votes in the election of directors. Voting instructions are included on the proxy or voting instruction card.

Solicitation

Edgar Filing: ALTIGEN COMMUNICATIONS INC - Form DEF 14A

This solicitation of proxies is made by the Board of Directors of AltiGen, and all costs associated with soliciting proxies will be borne by AltiGen. In addition, we will reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation

material to such beneficial owners. Proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation, personally or by telephone, facsimile or telegram.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of common stock issued and outstanding and entitled to vote at the meeting as of the record date. All shares represented at the meeting, whether in person or by proxy, will be counted for the purpose of establishing a quorum.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions (including "withheld votes"), we believe that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares present and entitled to vote with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner, which we believe to be in accordance with Delaware law. Accordingly, abstentions will have the same effect as a vote against a proposal.

Under current Delaware case law, broker non-votes (i.e., the votes of shares held of record by brokers as to which the underlying beneficial owners have given no voting instructions) are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but are not counted for purposes of determining the total number of shares present and entitled to vote with respect to a particular proposal on which the broker expressly has no instructions to vote. Accordingly, we intend to treat broker non-votes in this manner. Thus, a broker non-vote will make a quorum more readily obtainable, but will not otherwise affect the outcome of the voting on a proposal.

Stockholder Nominations and Proposals

Our Bylaws provide that nominations for the election of directors and business proposed to be brought before any stockholder meeting may be made by the Board of Directors or proxy committee appointed by the Board of Directors or by any stockholder entitled to vote in the election of directors generally if such nomination or proposed business is properly brought before the meeting. Any stockholder may nominate one or more persons for election to the Board of Directors at a meeting or propose business to be brought before a meeting of the stockholders, or both, only if such stockholder has given timely notice in proper written form of its intent to make such nomination or nominations or to propose such business. To be timely for an upcoming annual meeting, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than one hundred twenty (120) calendar days prior to the date our proxy statement for the previous year's annual meeting was first mailed to stockholders, plus one year; *provided, however*, that in the event that no annual meeting was held in the previous year or the date of the annual meeting has been changed by more than thirty (30) days from the date contemplated at the time of the previous year's proxy statement, notice by the stockholder to be timely must be so received a reasonable time before the solicitation is made.

Deadlines for Submission of Stockholder Proposals or Nominations

Stockholders are entitled to present proposals for consideration at future stockholder meetings provided that they comply with the proxy rules promulgated by the Securities and Exchange Commission (SEC) and our Bylaws.

Stockholders wishing to present a proposal or nomination at our 2010 Annual Stockholder Meeting must submit such proposal to us by September 16, 2009 in order to be considered timely and whether or not such proposal or nomination is intended to be included in our proxy for the 2010 Annual Stockholder Meeting.

PROPOSAL ONE**ELECTION OF DIRECTORS****Nominees**

Pursuant to our Bylaws, our Board of Directors is divided into three classes. The directors are elected to serve staggered three-year terms, such that the term of one class of directors expires each year. We currently have five directors divided among the three classes as follows: Class I Eric Wanger and Tacheng Chester Wang; Class II Jeremiah J. Fleming and Mike Mon Yen Tsai; and Class III Gilbert Hu. The current term of the Class I directors expires at the Annual Meeting. On January 8, 2009, the Board of Directors reduced the number of authorized directors to four effective as of the Annual Meeting and accordingly, one Class I director is to be elected at the Annual Meeting for a three-year term ending at the Annual Meeting of Stockholders in 2012 or when his successor is duly elected and qualified.

Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the one (1) Class I nominee named below. In the event that such nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for a nominee who shall be designated by the remaining members of the Board of Directors. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of the nominees listed below and, in such event, the specific nominees to be voted for will be determined by the proxy holders. The Board is not aware of any nominees who are unable or unwilling to serve as a director.

Vote Required

The one Class I nominee receiving the highest number of affirmative votes of the shares entitled to be voted shall be elected to the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE NOMINEE LISTED BELOW.

Director Nomination

Criteria for Board Membership. In selecting candidates for appointment or re-election to the Board, the Nominating and Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to ensure that at least a majority of the directors are independent within the meaning of Rule 4200 of the Nasdaq

Marketplace Rules (the "Rules"), that members of the Company's audit committee meet the financial literacy and sophistication requirements under the Rules and at least one of them qualifies as an "audit committee financial expert" under the rules of the SEC. Nominees for director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties.

Stockholder Nominees. The Nominating Committee will consider written proposals from stockholders for nominees for director, provided such proposals meet the requirements described herein and in our Bylaws. Any such nominations should be submitted to the Nominating Committee c/o the Secretary of the Company at our principal executive offices, located at 4555 Cushing Parkway, Fremont, California 94538, and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee. All such items should be submitted in the time frame described in the Bylaws of the Company and under the caption, "Deadlines for Submission of Stockholder Proposal or Nominations" above.

Process for Identifying and Evaluating Nominees. The Nominating Committee believes the Company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Nominating Committee will renominate incumbent directors who continue to qualify for Board service and remain willing to serve as directors. If an incumbent director chooses not to stand for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Nominating Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee. Director candidates will be selected based on input from members of the Board, senior management and, if the committee deems it appropriate, a third-party search firm. The Nominating Committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for the approval of the stockholders, as appropriate. We have not paid any fees to any third party to assist in identifying or evaluating director candidates. The Nominating Committee will use a similar process to evaluate nominees recommended by stockholders.

Board Meetings and Committees

Our Board of Directors held a total of four meetings during the fiscal year ended September 30, 2008. The committees of the Board of Directors include an Audit Committee, a Compensation Committee and the Nominating Committee. During the last fiscal year, no director attended fewer than 75% of the sum of the total number of meetings of the Board of Directors and the total number of meetings of the committees upon which that director served, held subsequent to his becoming a director or his appointment to such committee. The independent directors of the Board of Directors periodically meet separately in executive sessions (i.e., without any members of management present) to discuss corporate business and governance. During the last fiscal year, one such executive session was held. While members of our Board of Directors are not required to attend our annual meeting of stockholders, they are encouraged to attend. Last year, Jeremiah J. Fleming attended our annual meeting.

Furthermore, the Board has determined that at least one member of the Audit Committee, Mr. Wang, serves as our audit committee financial expert. The Compensation Committee met four times in the last fiscal year. The Compensation Committee reviews and makes recommendations to the Board of Directors regarding the compensation of executive officers and other managerial employees. The Compensation Committee also reviews and approves option grants.

The Nominating Committee currently consists of Mr. Tsai. The Board has determined that Mr. Tsai is considered to be an "independent director" as defined in Rule 4200 of the Nasdaq Marketplace Rules, as may be modified or supplemented to date. The Nominating Committee was formed in July 2004. Prior to such time, the Company did not have a Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee assists the Board in identifying qualified individuals to become directors, monitors the process to assess Board effectiveness and helps develop and implement the Company's corporate governance guidelines. The Nominating and Corporate Governance Committee also considers nominees proposed by Stockholders. The Nominating Committee met or acted by written consent once in fiscal 2008.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee acts on behalf of the board of directors and, by extension, the stockholders of the Company to establish, implement and continually monitor adherence with the Company's compensation philosophy. The Compensation Committee ensures that the total compensation paid to the Company's executive officers is competitive and consistent with the Company's compensation philosophy and the Compensation Committee's charter, a copy of which may be obtained on the Company's website at www.altigen.com. The Compensation Committee relies upon management and may consider outside compensation consultants to provide information and recommendations to establish specific compensation packages for executives.

Philosophy and Objectives

AltiGen's executive compensation policies are designed to attract and retain qualified executives who will contribute to its long-term success, to reward executives for achieving AltiGen's financial goals, and to align executive compensation and stockholder interests through equity-based plans. The Compensation Committee believes that strong financial performance, on a sustained basis, is the most certain avenue through which AltiGen can positively affect long-term stockholder return. Furthermore, the Compensation Committee believes that, in order to attract and retain the most qualified executives in the industry, AltiGen's compensation policies must be competitive with other companies of comparable size and in similar industries and must reinforce strategic performance objectives through the use of incentive compensation programs. In order to provide incentives to executive officers, a portion of their annual compensation is paid as a bonus. The amount of the bonus for each person is determined on the basis of several indicators of corporate performance as outlined below.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all compensation decisions for the named executive officers and approves recommendations regarding equity awards to all employees.

Edgar Filing: ALTIGEN COMMUNICATIONS INC - Form DEF 14A

The Chief Executive Officer annually reviews the performance of each other executive officer. The Compensation Committee reviews the performance of the Chief Executive Officer. The Compensation Committee decisions are based in part, on these annual performance reviews, including with respect to salary adjustments, annual bonus amounts and annual stock option grants. The Compensation Committee can exercise its discretion to modify any recommendations of the Chief Executive Officer.

Setting Executive Compensation

Based on the foregoing goals, the Compensation Committee has structured the Company's overall executive compensation in order to make the Company competitive from a compensation standpoint when compared to its peers and to reward strong performance. In order to aid the Compensation Committee in obtaining its objectives, the Compensation Committee relies upon management and may engage an outside human resources consulting firm to provide it with information and recommendations with respect to compensation matters. The Compensation Committee also considers the Company's overall performance as well as the individual performance of its executive officers when determining cash bonuses and salary adjustments.

In making compensation decisions, the Compensation Committee gathers and analyzes data and suggestions, including data on the compensation peer group of publicly-traded and privately-held technology companies. This peer group consists of companies against which the Compensation Committee believes the Company must compete for talent and for stockholder investment.

While AltiGen typically competes with many larger companies for executive talent, the Compensation Committee maintains total compensation at levels appropriate for a company of its size. The Compensation Committee believes that the potential for increase in the value of the equity of the equity underlying the Company's stock option grants creates a powerful incentive for its employees when compared to the awards issued by larger companies.

2008 Executive Compensation Components

For the 2008 fiscal year, the principal components of compensation for named executive officers were:

Base salary;

Cash bonus;

Stock option grants;

Retirement and other benefits; and

Perquisites and other benefits.

Base Salary

The Committee regularly reviews each executive officer's base salary. The Compensation Committee believes that executive salaries must be sufficiently competitive to attract and retain key executives. Base pay and annual increases are determined (A) primarily through an analysis of each individual's salary and total target compensation relative to salaries for similar positions within AltiGen and at peer companies, and (B) to a lesser extent, through a subjective analysis of each individual's contributions to AltiGen's success.

Salary levels are typically considered annually as part of the Company's performance review process. Stock price performance has not been a factor in determining annual base salary compensation because the price of the Company's common stock is subject to a variety of factors outside our control.

Cash Bonus

AltiGen's executive bonus plan provides for incentive compensation to some but not all of its executive officers and other key employees and will be determined by a percentage of AltiGen's revenue or accounts receivable collected. Individual performance is measured based on goals related to each person's function within the organization. Bonuses generally are awarded to executives if AltiGen meets or exceeds prescribed revenue and accounts receivable objectives. If AltiGen fails to meet these objectives, awards may be significantly reduced or even eliminated if minimum thresholds are not achieved. Conversely, if AltiGen overachieves these objectives, awards may be significantly increased above target thresholds. In 2008, the Compensation Committee established a total 2008 target incentive bonus amount ("Target Bonus") for three of AltiGen's executive officers (including the CEO). The Target Bonus ranged from 0.44% to 0.88% of each participating executive's base salary. The Compensation Committee used AltiGen's historical data to determine and award bonuses. Bonus pay ranges from monthly to quarterly. Bonus targets are established annually.

Long-Term Incentive Compensation

AltiGen's option plans provide for long-term incentive compensation for employees of AltiGen, including executive officers. These awards give employees an equity interest in AltiGen, thereby aligning the interests of executive officers and stockholders and providing incentives to maximize stockholder value.

Stock Option Grants

Grants under our stock option plans enable the Company to:

Enhance the link between the creation of stockholder value and long-term executive incentive compensation;

Provide an opportunity for increased equity ownership by executives; and

Maintain competitive levels of total compensation.

Stock option awards are granted at the Compensation Committees' meetings throughout the year, and are determined in its sole discretion. The Compensation Committee considers recommendations by management with respect to grants to newly hired or promoted executives at the first meeting following such employee's hire or promotion, as the case may be.

Options are awarded at the closing price of the Company's common stock on the date of the grant. The Compensation Committee has never granted options with an exercise price that is less than the closing price of the Company's common stock on the grant date.

The options generally vest over multiple years and have a per share exercise price equal to the fair market value of AltiGen's stock on the grant date. The number of options the Compensation Committee grants to each officer and each option's vesting schedule are determined based on a variety of factors, including (1) the executive's position at AltiGen, (2) his or her individual performance, and (3) other factors, including independent equity compensation survey data.

Vesting ceases upon termination of employment, and the vested stock options may generally be exercised for three months following the date of termination. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

Retirement and Other Benefits

All employees in the United States, including the executive officers, are eligible to participate in the Company's 401(k) plan, medical and dental insurance, employee stock purchase plan, as well as the Company's life and disability insurance policy.

Profit Sharing Plan

The Company also maintains a profit-sharing plan. The employee profit sharing plan has been established to share with each employee the rewards of a profitable company. The profit sharing pool will consist of approximately ten percent (10%) of our quarterly profit from operations before taxes.

Perquisites and Other Personal Benefits

The Company does not provide perquisites and other personal benefits.

Compensation of the CEO

The Compensation Committee determines the CEO's compensation following criteria similar to those used to determine the compensation for our other executive officers. Our CEO is the person most responsible for the Company's overall performance and as such a greater portion of his potential compensation is tied to the Company's financial performance.

Accounting Implications

Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code of 1986, as amended ("IRC"), AltiGen generally receives a federal income tax deduction for compensation paid to any of its named executive officers only if the compensation is less than \$1 million during any fiscal year or is "performance-based" under IRC Section 162(m). AltiGen's executive bonus plan and stock option plans permit the Compensation Committee to pay compensation that is "performance-based" and thus fully tax-deductible by AltiGen.

The Compensation Committee currently intends to continue seeking a tax deduction for all of AltiGen's executive compensation, to the extent we determine it is in the best interests of AltiGen. The Compensation Committee believes that the total compensation paid by AltiGen will not affect the tax deductions available to it with respect to the compensation of any of its executive officers.

Accounting for Stock-Based Compensation

Beginning on October 1, 2005, the Company began accounting for stock-based payments in accordance with the requirements of SFAS 123(R).

Compensation of Executive Officers

The following table sets forth the compensation paid by AltiGen during the past fiscal year to (i) the chief executive officer, (ii) the chief financial officer, and (iii) each of the three most highly compensated executive officers (or such lesser number of executive officers as AltiGen may have) of AltiGen not serving as chief executive officer and (iv) up to an additional two individuals that would have been included under item (iii) but for the fact that the individuals were not serving as executive officers as of the end of AltiGen's fiscal year, all of whom are collectively referred to as the "Named Officers."
