**CBS CORPORATION
2011 PROXY STATEMENT**

VOTING AND SOLICITATION OF PROXIES

Solicitation of Proxies

A proxy is being solicited by the Board of Directors of CBS Corporation, a Delaware corporation ("CBS Corporation" or the "Company"), for use at the 2011 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, May 26, 2011 at 10:00 a.m., Eastern Daylight Time. The close of business on March 31, 2011 is the record date for determining the record holders of the Company's Class A Common Stock, par value \$0.001 per share, entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. Holders of the Company's non-voting Class B Common Stock, par value \$0.001 per share, are not entitled to vote at the Annual Meeting or any adjournment thereof.

As of March 31, 2011, the Company had outstanding 43,628,515 shares of its Class A Common Stock, each of such shares being entitled to one vote, and 631,092,667 non-voting shares of its Class B Common Stock (together with the Company's Class A Common Stock, the "Common Stock").

Internet Availability of Proxy Materials

In accordance with Securities and Exchange Commission ("SEC") rules, instead of mailing to stockholders a printed copy of the Company's proxy statement, annual report and other materials relating to the Annual Meeting ("proxy materials"), the Company intends to mail to stockholders a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability"), which advises that the proxy materials are available on the Internet. The Company intends to commence its distribution of the Notice of Internet Availability on or about April 15, 2011. Stockholders receiving a Notice of Internet Availability by mail will not receive a printed copy of proxy materials, unless they so request. Instead, the Notice of Internet Availability will instruct stockholders as to how they may access and review proxy materials on the Internet. Stockholders who receive a Notice of Internet Availability by mail who would like to receive a printed copy of the Company's proxy materials, including a proxy card or voting instruction card, should follow the instructions for requesting these materials included in the Notice of Internet Availability. Stockholders who currently receive printed copies of proxy materials who would like to receive copies of these documents electronically instead of by mail should follow the instructions for requesting electronic delivery set forth in the "Other Matters" section in this proxy statement.

Submission of Proxies

The persons named in the proxy card and on the Company's voting website at www.proxyvote.com (the "proxy holders") have been designated by the Company's Board of Directors to vote the shares represented by proxy at the Annual Meeting. The proxy holders are officers of the Company. They will vote the shares represented by each valid and timely received proxy in accordance with the stockholder's instructions, or if no instructions are specified, the shares represented by the proxy will be voted in accordance with the recommendations of the Board of Directors as described in this proxy statement. If any other matter properly comes before the Annual Meeting, the proxy holders will vote on that matter in their discretion.

Registered holders of the Company's Class A Common Stock may submit a proxy in the following ways:

By Internet: Registered holders of record may access www.proxyvote.com, with the Notice of Internet Availability in hand (or, if a printed copy of proxy materials was received by request, the proxy card in hand), and follow the instructions. The Internet proxy must be received no later than 11:59 p.m., Eastern Daylight Time, on May 25, 2011.

Table of Contents

By Telephone: Registered holders of record living in the United States or Canada may use any touch-tone telephone to call 1-800-690-6903, with the Notice of Internet Availability in hand (or, if a printed copy of proxy materials was received by request, the proxy card in hand), and follow the recorded instructions. The telephone proxy must be received no later than 11:59 p.m., Eastern Daylight Time, on May 25, 2011.

By Mail: Registered holders of record who received a printed copy of proxy materials by request may complete, sign and date the proxy card and return it in the envelope provided, so that it is received prior to the Annual Meeting.

"Beneficial holders" (defined below) will receive voting instructions directly from the holder of record.

Shares Held in the Company's 401(k) Plan. Voting instructions relating to shares of the Company's Class A Common Stock held in the Company's 401(k) plan must be received no later than 11:59 p.m., Eastern Daylight Time, on May 24, 2011, so that the trustee of the plan (who votes the shares on behalf of plan participants) has adequate time to tabulate the voting instructions. Shares held in the 401(k) plan that are not voted or for which the trustee does not receive timely voting instructions will be voted by the trustee in the same proportion as the shares held in the plan that are timely voted.

Voting Other than by Proxy. While the Company encourages holders of its Class A Common Stock to vote by proxy, holders of the Company's Class A Common Stock (other than shares held in the 401(k) plan) also have the option of voting their shares in person at the Annual Meeting. Some holders of the Company's Class A Common Stock hold their shares in "street name" through a broker or other nominee and are therefore known as "beneficial holders." If shares of Class A Common Stock are held for a beneficial holder in a brokerage, bank or other institutional account, then the beneficial holder must obtain a proxy from that entity and bring it to the Annual Meeting in order to vote the shares at the Annual Meeting.

Revocation of Proxies

A proxy may be revoked before the voting deadline by sending written notice to Angeline C. Straka, Secretary, CBS Corporation, 51 West 52nd Street, New York, NY 10019, or by submission (including telephonic or Internet submission) of a proxy bearing a later date than the proxy being revoked to Proxy Services, P.O. Box 9111, Farmingdale, NY 11735-9543. Revocations made by telephone or through the Internet must be received by 11:59 p.m., Eastern Daylight Time, on May 25, 2011. A holder may also revoke a proxy by voting in person at the Annual Meeting.

Shares Held in the Company's 401(k) Plan. Voting instructions relating to shares of the Company's Class A Common Stock held in the Company's 401(k) plan may be revoked prior to 11:59 p.m., Eastern Daylight Time, on May 24, 2011, by sending written notice to Angeline C. Straka, Secretary, CBS Corporation, 51 West 52nd Street, New York, NY 10019, or by timely submission (including telephonic or Internet submission) of voting instructions bearing a later date than the voting instructions being revoked to Proxy Services, P.O. Box 9111, Farmingdale, NY 11735-9543.

Quorum

Under the Company's Amended and Restated Bylaws, the holders of a majority of the aggregate voting power of the Company's Class A Common Stock outstanding on the record date, present in person or represented by proxy at the Annual Meeting, shall constitute a quorum. Abstentions and broker non-votes will be treated as present for purposes of determining the presence of a quorum.

Table of Contents

Matters to Be Considered at the Annual Meeting

The Board of Directors recommends a vote FOR each of the following matters:

1. The election of each of the 14 nominated directors;
2. The ratification of the appointment of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm ("independent auditor") for fiscal year 2011;
3. The approval of an advisory (non-binding) resolution on the compensation of the Company's named executive officers, as disclosed in this proxy statement; and
4. The approval of an advisory (non-binding) resolution to hold an advisory (non-binding) vote on the compensation of the Company's named executive officers every THREE years.

The affirmative vote of the holders of a majority of the aggregate voting power of the Company's Class A Common Stock present in person or represented by proxy at the Annual Meeting ("majority vote") is required to elect each of the 14 nominated directors and to approve Item 2 set forth above. Items 3 and 4 above are advisory votes only and are non-binding on the Company and on the Company's Board of Directors. Notwithstanding the advisory nature of these votes, as discussed more fully in the presentations of "Item 3" and "Item 4" below, the Board will consider the stockholders' preference to be expressed by the majority vote on Items 3 and 4. An abstention with respect to any matter will have the effect of a vote against such matter.

Under the rules of the New York Stock Exchange ("NYSE"), a broker or other nominee holding shares of the Company's Class A Common Stock on behalf of a beneficial holder may not be permitted to exercise voting discretion with respect to some matters to be acted upon at stockholders' meetings. Therefore, if a beneficial holder does not give the broker or nominee specific voting instructions, the holder's shares may not be voted on those matters and a broker non-vote will occur. Under the rules of the NYSE, brokers or nominees may vote on the matter listed as Item 2 above, but not on the matters listed as Items 1, 3 and 4 above, if they do not receive instructions from the beneficial holder of the shares held in street name. A broker non-vote will not have the effect of a vote against Items 1, 3 and 4 above.

As of March 31, 2011, National Amusements, Inc. ("National Amusements") beneficially owned directly and indirectly through its wholly owned subsidiary, NAI Entertainment Holdings LLC ("NAI EH"), approximately 79.2% of the Company's outstanding Class A Common Stock and approximately 6% of the Company's outstanding Class A Common Stock and Class B Common Stock on a combined basis. Sumner M. Redstone, the controlling stockholder of National Amusements, is Executive Chairman and Founder of the Company. National Amusements has advised the Company that it intends to vote all of its shares of the Company's Class A Common Stock in favor of each of Items 1-4 above. Such action by National Amusements will be sufficient to constitute a quorum and to approve each of the matters.

Cost of Proxy Solicitation and Inspector of Election

The Company will pay the cost of the solicitation of proxies, including the preparation, printing and mailing of the Notice of Internet Availability and, as applicable, this proxy statement and the related materials. The Company will furnish copies of the Notice of Internet Availability and, if requested, this proxy statement and related materials to banks, brokers, fiduciaries and custodians that hold shares on behalf of beneficial holders so that they may forward the materials to the beneficial holders. IVS Associates, Inc. will serve as the independent inspector of election for the Annual Meeting.

Mailing Address

The Company's mailing address is 51 West 52nd Street, New York, NY 10019.

CORPORATE GOVERNANCE

CBS Corporation's corporate governance practices are established and monitored by its Board of Directors (the "Board"). The Board, with assistance from its Nominating and Governance Committee, regularly assesses CBS Corporation's governance practices in light of legal requirements and governance best practices. In several areas, CBS Corporation's practices go beyond the requirements of the NYSE corporate governance listing standards (the "NYSE listing standards"). For example, despite being a "controlled company" (*i.e.*, a company of which more than 50% of the voting power is held by an individual or another company), CBS Corporation has a majority of independent directors on its Board and has an independent Compensation Committee and an independent Nominating and Governance Committee, none of which is required for controlled companies under the NYSE listing standards.

CBS Corporation's principal governance documents are as follows:

Corporate Governance Guidelines

Board Committee Charters:

Audit Committee Charter

Compensation Committee Charter

Nominating and Governance Committee Charter

Business Conduct Statement

Supplemental Code of Ethics for Senior Financial Officers

These documents are available on the Company's public website at www.cbscorporation.com, and copies of these documents may also be requested by writing to Investor Relations, CBS Corporation, 51 West 52nd Street, New York, NY 10019. The Company encourages its stockholders to read these documents, as we believe they illustrate CBS Corporation's commitment to good governance practices. Certain key provisions of these documents are summarized below.

Corporate Governance Guidelines

CBS Corporation's Corporate Governance Guidelines (the "Guidelines") set forth the Company's corporate governance principles and practices on a variety of topics, including the responsibilities, composition and functioning of the Board, director qualifications, and the roles of the Board Committees. The Guidelines are periodically reviewed and updated as needed. The Guidelines provide, among other things, that:

A majority of the members of the Board must be independent as determined under the NYSE listing standards and the standards set forth in the Guidelines;

All of the members of the Audit, Compensation, and Nominating and Governance Committees must be independent;

Separate executive sessions of the non-management directors and independent directors must be held a minimum number of times each year;

Edgar Filing: CBS CORP - Form DEF 14A

The Board, acting on the recommendation of the Nominating and Governance Committee, shall determine whether a director candidate's service on more than three other public company boards of directors is consistent with service on the Board;

Director compensation will be established in light of the policies set forth in the Guidelines;

Table of Contents

Within three years of joining the Board, directors are expected to own shares of Common Stock having a market value of at least three times the cash annual retainer fee paid to them, in accordance with the Guidelines;

The Board will hold an annual self-evaluation to assess its effectiveness; and

The non-management directors discuss and review succession planning.

Board Committee Charters

Each Board Committee operates under a written charter that has been adopted by the Board. The Company has three standing Committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. The Committee charters set forth the purpose, objectives and responsibilities of each Committee and discuss matters such as Committee membership requirements, number of meetings and the setting of meeting agendas. The charters are assessed at least every other year, or more frequently as the applicable Committee may determine, and are updated as needed. More information on the Committees, their respective roles and responsibilities and their charters can be found under "CBS Corporation's Board of Directors Board Committees."

Business Conduct Statement

The Company's Business Conduct Statement ("BCS") sets forth the Company's standards for ethical conduct that are expected of all directors and employees of the Company. The BCS is available on the Company's website at www.cbcorporation.com and on the Company's intranet sites and also has been distributed to the Company's employees and directors. As part of the Company's compliance and ethics program, directors and full-time employees are required to certify as to their compliance with the BCS and, on an ongoing basis, must disclose any potential conflicts of interest. The Company has also implemented an online BCS training program. The BCS addresses, among other things, topics such as:

Compliance with laws, rules and regulations, including the Foreign Corrupt Practices Act;

Conflicts of interest, including the disclosure of potential conflicts to the Company;

Confidentiality, insider information and trading, and fair disclosure;

Financial accounting and improper payments;

The Company's commitment to providing equal employment opportunities and a bias-free and harassment-free workplace environment;

Fair dealing and relations with competitors, customers and suppliers;

Health, safety and the environment; and

Political contributions and payments.

The BCS provides numerous avenues for employees to report violations of the BCS or matters of concern, whether anonymously or with attribution, to the appropriate officers of the Company and/or the Audit Committee. These avenues include a telephone hotline, email contacts or direct communication with the Company's compliance officers. The BCS also provides that the Company will protect anyone who makes a good faith report of a violation of the BCS and retaliation against an employee who makes a good faith report will not be tolerated.

Edgar Filing: CBS CORP - Form DEF 14A

Waivers of the BCS for the Company's executive officers or directors will be disclosed on the Company's website at www.cbcorporation.com or by Form 8-K filed with the SEC.

Table of Contents

Supplemental Code of Ethics for Senior Financial Officers

The Supplemental Code of Ethics is applicable to the Company's Executive Chairman, President and Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer. The Supplemental Code of Ethics, which is available on the Company's website at www.cbcorporation.com, addresses matters specific to those senior financial positions in the Company, including responsibility for the disclosures made in CBS Corporation's filings with the SEC, reporting obligations with respect to certain matters and a general obligation to promote honest and ethical conduct within the Company. The senior financial officers are also required to comply with the BCS. Amendments to or waivers of the Supplemental Code of Ethics for these officers will be disclosed on the Company's website at www.cbcorporation.com or by Form 8-K filed with the SEC.

Table of Contents

CBS CORPORATION'S BOARD OF DIRECTORS

The Company's Board of Directors is currently comprised of 14 members: David R. Andelman, Joseph A. Califano, Jr., William S. Cohen, Gary L. Countryman, Charles K. Gifford, Leonard Goldberg, Bruce S. Gordon, Linda M. Griego, Arnold Kopelson, Leslie Moonves, Doug Morris, Shari Redstone, Sumner M. Redstone and Frederic V. Salerno. All of the current members of the Board were elected at the Company's 2010 Annual Meeting of Stockholders.

During 2010, the Board held 7 meetings and also acted by unanimous written consents. Each incumbent director attended at least 75% of the meetings of the Board and Committees on which such director served during 2010. In addition to Board and Committee meetings, directors are expected to attend the Annual Meeting, and all of the directors standing for election in 2010 were present at the Company's 2010 Annual Meeting of Stockholders.

In accordance with the Guidelines and the NYSE listing standards, the non-management directors meet separately, without directors who are Company employees, at regularly scheduled sessions a number of times each year equal to at least 50% of the number of regularly scheduled Board meetings, and at such other times as they deem appropriate. The independent directors meet separately, without those directors who are not independent as determined by the Board, at least 2 times each year, and at such other times as they deem appropriate. The members of the Nominating and Governance Committee preside at meetings of the non-management directors and independent directors on a rotating basis. During 2010, the non-management directors met 5 times, and the independent directors met 6 times.

Director Independence

The Company's Guidelines provide that a majority of the Company's directors must be independent of the Company, as "independence" is defined in the NYSE listing standards and in the Guidelines. The NYSE listing standards set forth five "bright-line" tests that require a finding that a director is not independent if the director fails any of the tests. In addition, the NYSE listing standards provide that a director is not independent unless the Board affirmatively determines that the director has no "material relationship" with the Company. The Guidelines set forth categorical standards to assist the Board in determining what constitutes a "material relationship" with the Company. Generally under these categorical standards, the following relationships are deemed not to be material:

The types of relationships identified by the NYSE listing standards' bright-line tests, if they occurred more than five years ago (the Board will review any such relationship if it occurred more than three but less than five years ago);

A relationship whereby the director has received, or an immediate family member of the director has received for service as an executive officer, less than \$120,000 in direct compensation from the Company during any 12-month period within the last three years; and

A relationship where the director is an executive officer or employee, or an immediate family member of the director is an executive officer, of the following:

a company that made payments to, or received payments from, the Company for property or services in an amount that, in any of the last three fiscal years, is less than 1% of such company's annual consolidated gross revenues;

Table of Contents

a company which is either indebted to or a creditor of the Company in an amount that is less than 1% of such indebted company's total consolidated assets; and

a tax-exempt organization that received contributions from the Company in the prior fiscal year in an amount less than the greater of \$500,000 or 1% of that organization's consolidated gross revenues.

For relationships that exceed the thresholds described above, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, is made by the directors who are independent. In addition, the Guidelines state that, generally, the types of relationships not addressed by the NYSE listing standards or described in the Guidelines will not cause an otherwise independent director to be considered not independent. However, the Board may determine that a director is not independent for any reason it deems appropriate.

The full text of the Guidelines is available on the Company's website at www.cbscorporation.com.

In February 2011, the Nominating and Governance Committee reviewed the independence of the 14 director nominees standing for election at the Annual Meeting to determine its recommendation regarding which nominees meet the independence standards outlined above. The Board, based on its review and the recommendation of the Nominating and Governance Committee, determined that 9 of the 14 nominees are independent. The independent director nominees are Messrs. Califano, Cohen, Countryman, Gifford, Gordon, Kopelson, Morris and Salerno and Ms. Griego.

During its review, in determining that the director nominees named above are independent, the Board considered the transactions disclosed under "Related Person Transactions," all of which the Board determined were immaterial to, and would not impair, each such director's independence. The Board also considered that the Company and its subsidiaries in the ordinary course of business have, during the past three years, sold products and services to, made contributions to and/or purchased products and services from, companies, tax-exempt organizations and other entities, of which certain directors were executive officers or principals during 2010, and determined that all of these transactions were below the threshold for relationships deemed to be immaterial under the Guidelines.

Board Leadership Structure

The Company's Board of Directors separates its Board chairman and principal executive officer positions. The Company believes that this structure is most appropriate for the Company, since the two positions serve different functions. The Company's Executive Chairman provides leadership as chairman of the board and strategic oversight of the Company. He is uniquely suited for this position, given his history with the Company as a principal participant in the establishment of the Company and as a stockholder who has maintained, through National Amusements, a controlling ownership position since that time. The Company's Chief Executive Officer is responsible for the day-to-day supervision, management and control of the business and affairs of the Company and serves as a bridge between management and the Board to support the alignment of the goals of both. In addition, the Board has appointed a Vice Chair whose responsibilities include the duties set forth in the Company's Bylaws. In support of the independent oversight of management, the non-management directors and, separately, the independent directors routinely meet and hold discussions without management present. While the Company does not maintain a written succession plan with respect to the Executive Chairman, in accordance with the Guidelines, the non-management directors consider annually succession planning for the Executive Chairman.

Table of Contents

Board Risk Oversight

The Company's Board of Directors has overall responsibility for the oversight of the Company's risk management process. The Board carries out its oversight responsibility directly and through the delegation to its Committees of responsibilities related to the oversight of certain risks, as follows:

The Audit Committee, as part of its internal audit and independent auditor oversight, is responsible for reviewing the Company's risk assessment and risk management practices and discusses risks as they relate to its review of the Company's financial statements, the evaluation of the effectiveness of internal control over financial reporting, compliance with legal and regulatory requirements, and the performance of the internal audit function, among other responsibilities set forth in the Committee's charter.

The Compensation Committee monitors risks associated with the design and administration of the Company's compensation programs, including its performance-based compensation programs, to promote an environment which does not encourage unnecessary and excessive risk-taking by the Company's employees. The Committee also reviews risks related to management resources, including the depth of the Company's senior management. In view of this oversight and based on management's assessment, the Company does not believe that its employee compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company.

The Nominating and Governance Committee oversees risk as it relates to monitoring developments in law and practice with respect to the Company's corporate governance processes and in reviewing related person transactions.

Each of these Committees reports regularly to the Board on these risk-related matters, among other items within its purview. On an annual basis, the Board conducts strategy sessions, which include presentations from economic, political and industry experts, among others, on matters affecting the Company, to assist the Board and management in preparing and implementing strategic initiatives, including risk management. In addition, the Board and Committees receive regular reports from management that include matters affecting the Company's risk profile, including, among others, operations reports from the Chief Executive Officer, and from division heads, all of which include strategic and operational risks; reports from the Chief Financial Officer and Chief Accounting Officer on credit and liquidity risks and on the integrity of internal controls over financial reporting; reports from the General Counsel on legal risks and material litigation; and reports on internal audit activities from the Senior Vice President, Internal Audit. The Audit Committee also receives an annual report from the Company's Chief Compliance Officer on the Company's compliance program and from the Senior Vice President, Internal Audit on the internal audit plan for the upcoming fiscal year, the scope of which is to determine the adequacy and function of the Company's risk management, control and governance processes. Outside of formal meetings, Board members have regular access to senior executives, including the Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, General Counsel and Executive Vice President, Human Resources and Administration. The Committee and management reports, strategy sessions and real-time management access collectively provide the Board with integrated insight on the Company's management of its risks.

Board Committees

The following chart sets forth the current membership of each Board Committee. The Board reviews and determines the membership of the Committees at least annually.

Committee	Members
Audit Committee	Gary L. Countryman, Chair Joseph A. Califano, Jr. Linda M. Griego Frederic V. Salerno
Compensation Committee	Charles K. Gifford, Chair William S. Cohen Bruce S. Gordon Doug Morris
Nominating and Governance Committee	Joseph A. Califano, Jr., Chair Gary L. Countryman Charles K. Gifford

During 2010, the Audit Committee held 7 meetings, the Compensation Committee held 10 meetings and the Nominating and Governance Committee held 13 meetings. Information about the Committees, including their respective roles and responsibilities and charters, is set forth below.

Audit Committee

The Audit Committee Charter provides that the Audit Committee will be comprised of at least three members and that all of the members on the Committee must be independent directors. Also, the Committee must have at least one "audit committee financial expert" (as described below) and all Committee members must be financially literate. The Committee holds at least five regular meetings each year, and it regularly meets separately at these meetings with the independent auditor, the Company's General Counsel, its Senior Vice President of Internal Audit and other members of the Company's senior management. The Committee is responsible for the following, among other things:

The appointment, retention, termination, compensation and oversight of the Company's independent auditor, including reviewing with the independent auditor the scope of the audit plan and audit fees;

Reviewing the Company's financial statements and related disclosures, including with respect to internal control over financial reporting;

Oversight of the Company's internal audit function; and

Oversight of the Company's compliance with legal and regulatory requirements.

For additional information on the Committee's role and its oversight of the independent auditor during 2010, see "Report of the Audit Committee."

Audit Committee Financial Experts. The Board has determined that all of the members of the Audit Committee are "financially literate," as that term is interpreted by the Board in its business judgment. In addition, the Board has determined that two members of the Audit Committee, including Mr. Countryman (Chair), qualify as "audit committee financial experts," as that term is defined in the regulations promulgated under the Securities Act of 1933, as amended (the "Securities Act").

Table of Contents

Service on the Audit Committees of Other Public Companies. The Company does not restrict the number of other audit committees on which members of its Audit Committee may serve. Messrs. Countryman (Chair) and Califano do not serve on any other public company audit committee. Ms. Griego currently serves on one other public company audit committee, and Mr. Salerno currently serves on three other public company audit committees. In accordance with the NYSE listing standards, the Board has determined that Mr. Salerno's service on these other public company audit committees would not impair his ability to serve effectively on the Company's Audit Committee, particularly given his experience as the former chief financial officer of a major public company and the fact that he is retired from full-time employment. Mr. Salerno has advised the Company that, effective April 28, 2011, he will no longer be serving on the audit committee of Popular, Inc., as he has chosen not to stand for re-election as a director at that company, and will thus serve on a total of three audit committees, including the Company's Audit Committee, after that date.

Compensation Committee

The Compensation Committee Charter provides that the Compensation Committee will be comprised of at least three members, except that the Committee is deemed to be properly constituted with at least two members in the event of a vacancy until the Board fills the vacancy. The Charter also provides that all of the members on the Committee must be independent directors and that the Committee shall also satisfy the relevant requirements established pursuant to regulations promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Committee holds at least four regular meetings each year and is responsible for the following, among other things:

Adopting and periodically reviewing the Company's compensation philosophy, strategy and principles regarding the design and administration of the Company's compensation programs;

Reviewing and approving the total compensation packages for the Executive Chairman, the President and Chief Executive Officer, the Company's other executive officers, and other senior executives identified by the Committee after consultation with the Company's Chief Executive Officer and Executive Vice President, Human Resources and Administration, and, in certain instances, other persons among the Company's most highly compensated executives (excluding "Talent," as such term is currently used in the media or entertainment industries) (the "senior executives"); and

Overseeing the administration of the Company's incentive compensation plans (including the bonus plan for executives subject to Section 162(m) under the Code) and its equity-based compensation plans.

Consideration and Determination of Executive Compensation. The Compensation Committee reviews all components of senior executives' compensation, including base salary, annual and long-term incentives and severance arrangements. In approving compensation for the senior executives (other than Messrs. Redstone and Moonves), the Committee considers the input and recommendations of Mr. Moonves with respect to the senior executives' performances, Mr. Briskman with respect to those senior executives who report directly to him and Mr. Ianniello with respect to those senior executives who report directly to him. With respect to Messrs. Redstone and Moonves, the Committee reviews and approves goals and objectives relevant to their compensation and, together with the Nominating and Governance Committee, annually evaluates the performances of the Executive Chairman and the Chief Executive Officer in light of those goals and objectives. The results of these evaluations are then reported to the non-management directors. The Compensation Committee sets compensation for the Executive Chairman and the Chief Executive Officer taking these evaluations into account. The Committee then reports to the Board on the process for setting compensation for the Executive Chairman and Chief Executive Officer.

Table of Contents

The Company's processes and procedures for the consideration of executive compensation and the role of the Company's executive officers in determining or recommending the amount or form of executive compensation are more fully described in the "Compensation Discussion and Analysis" section below. Director compensation is approved by the Board, based on recommendations from the Nominating and Governance Committee, as more fully described in the "Nominating and Governance Committee" section below.

The Compensation Committee has the power to delegate its authority and duties to subcommittees or individuals as it deems appropriate and in accordance with applicable laws and regulations. The Committee has delegated to the President and Chief Executive Officer limited authority (with respect to executives who are not senior executives) to grant long-term incentive awards under the Company's long-term management incentive program to such executives in connection with their hiring, promotion or contract renewal and to modify the terms of outstanding equity grants in certain post-termination scenarios, as discussed in the "Compensation Discussion and Analysis" section below. The Committee delegated this authority in order for the Company to have the ability to (i) act in a timely manner in a competitive environment in connection with the hiring of new executives or the compensating of an existing executive being given a significant increase in responsibility and (ii) maintain flexibility to manage compensation in post-termination scenarios when mutually beneficial to the Company and to the executive.

The Committee is empowered to retain compensation consultants having special competence to assist the Committee in evaluating executive officer and employee compensation. The Committee has the sole authority to retain and terminate such consultants and to review and approve such consultants' fees and other retention terms. The Committee retains an independent compensation consulting firm, currently Exequity LLP, to advise the Committee in its review of senior executive compensation. The Compensation Committee adopted a policy in 2008 providing that the independent compensation consulting firm will not be considered as a provider of services to the Company, other than for services provided to the Compensation Committee. Accordingly, other than these services provided to the Committee, Exequity does not perform any administrative or consulting services for the Company. In furtherance of the Committee's review of senior executive compensation, the independent consultant examines the compensation practices at companies with which the Company competes for senior executive talent, including those companies engaged in similar business activities and other publicly traded U.S. companies, and provides other analysis, as more fully described in the "Compensation Discussion and Analysis" section below.

Nominating and Governance Committee

The Nominating and Governance Committee's Charter provides that the Nominating and Governance Committee will be comprised of at least three members, except that the Committee is deemed to be properly constituted with at least two members in the event of a vacancy until the Board fills the vacancy. The Charter also provides that all of the members on the Committee must be independent directors. The Committee holds at least three regular meetings each year and is responsible for the following, among other things:

Identifying and recommending to the Board nominees for election to the Board and reviewing the composition of the Board as part of this process;

Overseeing all aspects of the Company's corporate governance initiatives, including regular assessments of its principal governance documents;

Establishing criteria for the annual self-evaluations of the Board and its Committees;

Making recommendations to the Board on director compensation matters;

Monitoring developments in the law and practice of corporate governance;

Table of Contents

Developing and recommending items for Board meeting agendas; and

Reviewing transactions between the Company and related persons.

The members of the Nominating and Governance Committee also chair the executive sessions of non-management and independent directors on a rotating basis.

Consideration and Determination of Director Compensation. The Committee annually reviews and recommends for the Board's consideration the form and amount of compensation for Outside Directors. "Outside Directors" are directors of the Company who are not employees of the Company or any of its subsidiaries. Only Outside Directors are eligible to receive compensation for serving on the Board, as more fully described in the "Director Compensation" section below.

In accordance with the Guidelines and its Charter, the Committee is guided by three principles in its review of Outside Director compensation and benefits: Outside Directors should be fairly compensated for the services they provide to the Company, taking into account, among other things, the size and complexity of the Company's business and compensation and benefits paid to directors of comparable companies; Outside Directors' interests should be aligned with the interests of stockholders; and Outside Directors' compensation should be easy for stockholders to understand.

The recommendations of the Committee with respect to director compensation are subject to approval by the Board.

2011 Director Nomination Process; Board Diversity. In connection with the 2011 director nomination process, the Committee reviewed the current composition of the Board in light of the considerations set forth in its Charter and the Company's Guidelines. The Committee also considered input received from other directors on Board member qualifications, Board composition and any special circumstances that the Committee considers important in its determination. For example, as part of its consideration of director nominees for the 2009 slate, the Committee considered Mr. Salerno's service on the Bear Stearns' board, and the Committee concluded that his extensive business and financial expertise provides significant value to the Company. After taking these considerations into account, the Committee determined to recommend to the Board that each of the current members of the Board be nominated to stand for election at the 2011 Annual Meeting.

As part of its review, the Committee considers diversity, among other factors. The Committee considers diversity to be a broadly defined concept which takes into account professional experience, gender and ethnicity, among other characteristics. As a result of considering diversity as part of its nomination process, multiple industries are represented on the Board, including the entertainment and media, communications, banking, legal, insurance and management consulting industries, among others. Additionally, distinguished contributors to governmental and not-for-profit organizations also serve on the Board. Multiple professions are represented among the directors, including current and past experience as principal executive and principal financial officers, attorneys, high-level government officials, entrepreneurs and television, film and record producers, among others. Also, over the five-year period following the separation of former Viacom Inc. ("Former Viacom") into two publicly traded companies, CBS Corporation and new Viacom Inc. (the "Separation"), the Committee has nominated, and stockholders have elected, a total of four female directors, one of whom is Hispanic, and one African-American director. The Committee assesses the effectiveness of its consideration of diversity as part of its annual nomination process, when it reviews the composition of the Board as a whole.

Stockholder Recommendations for Director. The Committee will consider candidates for director recommended by the stockholders of the Company. All recommendations by stockholders for potential director candidates, which shall include written materials with respect to the potential candidate, should be sent to Angeline C. Straka, Secretary, CBS Corporation, 51 West 52nd Street,

Table of Contents

New York, NY 10019. The Company's Guidelines and Nominating and Governance Committee Charter set forth certain criteria for director qualifications and Board composition that stockholders should consider when making a recommendation. These criteria include an expectation that directors have substantial accomplishments in their professional backgrounds, are able to make independent, analytical inquiries, and exhibit practical wisdom and mature judgment. Directors of CBS Corporation should also possess the highest personal and professional ethics, integrity and values and be committed to promoting the long-term interests of CBS Corporation's stockholders. Director candidates recommended by stockholders who meet the director qualifications, which are described more fully in the Company's Guidelines and Nominating and Governance Committee Charter, will be considered by the Chair of the Committee, who will present the information on the candidate to the entire Committee. Director candidates recommended by stockholders will be considered by the Committee in the same manner as any other candidate.

Stockholders and other parties interested in contacting CBS Corporation's non-management directors may send an email to nonmanagementdirectors@cbs.com or write to Non-Management Directors, CBS Corporation, 51 West 52nd Street, 35th Floor, New York, NY 10019. Stockholders should also use the email and mailing address for the non-management directors to send communications to the Board. The process for handling stockholder communications to the Board received in this manner has been approved by the independent directors of the Board. Correspondence relating to accounting or auditing matters will be handled in accordance with procedures established by the Audit Committee for such matters.

RELATED PERSON TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

The Board of Directors adopted a written policy whereby the Nominating and Governance Committee reviews and approves, ratifies or takes other actions it deems appropriate with respect to a related person transaction that, under the rules of the SEC, is required to be disclosed in the Company's proxy statement. In its review, the Committee considers the related person's interest in the transaction; the material terms of the transaction, including the dollar amount involved; the importance of the transaction to the related person and the Company; whether the transaction would impair the judgment of the related person; and any other information the Committee deems appropriate.

Any member of the Committee who is a related person with respect to a transaction under review may not participate in the review or vote respecting the transaction; however, that person may be counted in determining the presence of a quorum at a meeting of the Committee that considers the transaction.

Under the policy, the Company's legal staff is primarily responsible for determining whether a related person has a direct or indirect material interest in a transaction with the Company that is required to be disclosed. The determination will be made after a review of information obtained from the related person and information available from the Company's records. The staff is responsible for establishing and maintaining policies and procedures to obtain relevant information to allow it to make the determination.

Agreements Related to Viacom Inc.

In addition, the Company recognizes advertising revenues for media spending placed by various subsidiaries of Viacom, primarily Paramount Pictures. Paramount Pictures also distributes certain of the Company's television products in the home entertainment market. The Company's total revenues from these transactions were \$262.4 million for the year ended December 31, 2010. percentage of Class A Common Stock and Class B Common Stock (considered as a single class) then held by National Amusements and/or NAIRI would not increase as a result of purchases by the Company of its shares under its stock purchase program announced in October 2004. In 2010, the Company did not make any purchases under this program. A copy of the NAIRI Agreement was filed with the SEC as Exhibit 10(a) to the Company's Quarterly Report on Form 10-Q for the period ended September 30, 2004. This agreement terminated in November 2010.

In 2010, certain divisions of the Company and its subsidiaries supported the cause by airing public service announcements (PSAs) that promote Family Day. It is anticipated that divisions of the Company and its subsidiaries will from time to time promote Family Day. In addition, in 2010, the Company made contributions totaling \$59,500 to CASA, including in connection with the Company's \$250,000 commitment in 2005 to CASA, payable in equal installments over five years, which commenced in 2006.

Ms. Chen's compensation is comparable to on-air talent in similar positions at CBS Network, and the Company believes it is comparable to on-air talent in such positions generally.

Amy Salerno, daughter of Mr. Salerno, is an employee in the Business Development department of Showtime Networks Inc., a subsidiary of the Company. Ms. Salerno has been an employee of Showtime Networks for approximately eleven years. She is not an executive officer of the Company or of Showtime. The Company maintains the amended and restated CBS Corporation 2005 RSU Plan for Outside Directors (the "Director RSU Plan") and the amended and restated CBS Corporation 2000 Stock Option Plan for Outside Directors (the "Director Option Plan").

Stock Awards

Outside Directors, effective February 3, 2011, receive the following awards under the Director RSU Plan:

An annual grant of RSUs on January 31st of each year equal to \$145,000 (\$100,000 prior to February 3, 2011) in value based on the closing price of the Company's Class B Common Stock on the NYSE on the date of grant, with the RSUs vesting one year from the date of grant; and

Prorated RSU grants for Outside Directors who join the Board following the date of the annual RSU grant, but during the calendar year of the grant. Prorated grants will be made five business days following the date an Outside Director joins the Board, and will be determined by multiplying the number of months remaining in the calendar year from the date the Outside Director joins the Board (counting the month of joining as a full month), by the value of the annual RSU grant for that calendar year divided by 12, then divided by the closing price of the Company's Class B Common Stock on the NYSE on the date of grant. Prorated RSU grants vest on the first anniversary of the date of grant of the annual RSU grant that was awarded during the calendar year in which the Outside Director received such prorated RSU grant.

RSUs are payable to Outside Directors in shares of the Company's Class B Common Stock upon vesting unless the Outside Director elects to defer the settlement to a future date. Outside Directors are entitled to receive dividend equivalents on the RSUs in the event the Company pays a regular cash dividend on its Class B Common Stock. Dividend equivalents will accrue on the RSUs (including RSUs for which settlement has been deferred) in accordance with the Director RSU Plan until the RSUs are settled.

Option Awards

On the date a director joins the Board as, or otherwise becomes, an Outside Director, he or she receives an initial grant of 12,734 stock options to purchase shares of the Company's Class B Common Stock under the Director Option Plan. This grant vests one year from the date of grant and the exercise price for grants made under the Director Option Plan is the closing price of the Company's Class B Common Stock on the NYSE on the date of grant, or if such day is not a business day, on the business day immediately preceding the date of grant.

Table of Contents

Prior to February 3, 2011, Outside Directors also received an annual grant of 5,093 stock options to purchase shares of the Company's Class B Common Stock. Effective February 3, 2011, this annual grant was eliminated.

Matching Gifts Program for Directors

All directors are eligible to participate in the Company's Matching Gifts Program for Directors. Under the program, the Company matches donations made by a director to eligible tax-exempt organizations at the rate of one dollar for each dollar donated up to \$7,500 for each fiscal year. The purpose of the program is to recognize the interest of the Company and its directors in supporting eligible organizations.

Director Attendance at Certain Other Events: CBS Corporation believes it is in its best interest for directors to participate in certain Company events and other events to meet with management, customers, talent and others important to the Company's business. The Board has established a policy on director attendance at these events. Under the policy, tickets to events that are designated as having a business purpose are allocated to directors. In addition, the Company reimburses directors for travel and related expenses in accordance with the Company's normal travel policies.

**ITEM 2 RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed PricewaterhouseCoopers LLP ("PwC") as the Company's independent registered public accounting firm for the year ending December 31, 2011, subject to stockholder ratification. The Audit Committee has reviewed PwC's independence from the Company as described in the "Report of the Audit Committee." In appointing PwC as the Company's independent registered public accounting firm for the year ending December 31, 2011, and in recommending that the Company's stockholders ratify the appointment, the Audit Committee has considered whether the non-audit services provided by PwC were compatible with maintaining PwC's independence from the Company and has determined that such services do not impair PwC's independence.

Representatives of PwC are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so. They will also be available to respond to questions at the Annual Meeting.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends a vote "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm for fiscal year 2011.

**ITEM 3 ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION
OF THE COMPANY'S NAMED EXECUTIVE OFFICERS**

Pursuant to Section 14A of the Securities Exchange Act of 1934 and the related rules promulgated by the SEC, the Company is seeking an advisory (non-binding) vote from its stockholders on the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby **APPROVED**, on an advisory basis.

As more fully discussed under "Compensation Discussion and Analysis," the Company's compensation programs are designed to motivate and reward business success and to increase stockholder value. The core objectives of these programs are to provide compensation arrangements that are stockholder value focused, market-based, performance-based and flexible. The Compensation Committee believes that its programs effectively achieve the objective of aligning compensation with performance measures that are directly related to the Company's financial goals and creation of stockholder value, without encouraging senior executives to take unnecessary and excessive risks that threaten the value of the Company.

CBS Corporation had an outstanding 2010 fiscal year, outperforming against the Company's financial goals and significantly exceeding the key strategic objectives set forth in early 2010 by the Compensation Committee. While the economic recovery later in the year was certainly a contributing factor, the Company outperformed its diversified media peers across key industry benchmarks. This outperformance was a direct result of the leadership and execution of key strategies by the senior management team, to strengthen the Company's financial position and continue to drive growth by leveraging the consistent flow of top-tier content and expanding non-advertising revenue streams. The Board of Directors believes that the Company's compensation approach supports pay for performance.

As an advisory vote, the outcome of this vote is not binding on the Company or on the Company's Board of Directors. However, the Board and the Compensation Committee will consider the voting outcome in connection with their ongoing evaluation of the Company's compensation programs and arrangements.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends a vote "FOR" the resolution above to approve (on an advisory basis) the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K.

Table of Contents

**ITEM 4 ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY
OF THE ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION
OF THE COMPANY'S NAMED EXECUTIVE OFFICERS**

Pursuant to Section 14A of the Securities Exchange Act of 1934 and the related rules promulgated by the SEC, the Company is seeking an advisory (non-binding) vote from its stockholders to determine whether the stockholder advisory (non-binding) vote on the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, should occur every ONE, TWO or THREE years.

Stockholders have the opportunity to vote for any one of the three options set forth in the following resolution or to "ABSTAIN" from voting on the matter:

RESOLVED, that the advisory (non-binding) vote on the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, is preferred to be held:

Every year;

Every TWO years; or

Every THREE years.

The Board of Directors believes that a stockholder vote every THREE years to consider the approval (on an advisory basis) of the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, is most appropriate and consistent with the Company's goals of encouraging a long-term view of corporate and compensation objectives. In addition, a vote every THREE years will provide the Company with the opportunity to consider stockholder concerns expressed through the vote and will provide stockholders the opportunity to cast a more informed vote based on their review and analysis of the Company's named executive officer compensation arrangements over a three-year cycle.

As an advisory vote, the outcome of this vote is not binding on the Company or on the Company's Board of Directors. However, the Board will consider the voting outcome in its determination as to the frequency of the advisory (non-binding) vote on the compensation of the Company's named executive officers.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends a vote to hold an advisory (non-binding) vote on the compensation of the Company's named executive officers every THREE years.

COMPENSATION DISCUSSION AND ANALYSIS

Fiscal Year 2010 Executive Summary

Company Performance

CBS Corporation had an outstanding 2010 fiscal year, outperforming against the Company's financial goals and significantly exceeding the key strategic objectives set forth in early 2010 by the Compensation Committee. While the economic recovery later in the year was certainly a contributing factor, the Company outperformed its diversified media peers across key industry benchmarks. This outperformance was a direct result of the leadership and execution of key strategies by the senior management team, to strengthen the Company's financial position and continue to drive growth by leveraging the consistent flow of top-tier content and expanding non-advertising revenue streams. Specifically:

The Company significantly exceeded goals for revenue, profit and free cash flow while building shareholder value:

The Company's Class B Common Stock appreciated by 36%, almost three times the median of the Company's diversified media peers and two times that of the S&P 500 Index for the same time period;

The Company exceeded its OIBDA budget (*i.e.*, operating income before depreciation and amortization) and achieved a rate of OIBDA growth which was more than double that of its diversified media peers for the same period;

The Company significantly outperformed the industry consensus on advertising revenue growth across its lines of business, often by two times that of its peers;

The Company deleveraged its balance sheet by over \$1 billion; and

The Company expanded its OIBDA margin by 3 points and increased its net earnings by over 100% year-over-year.

The CBS Television Network ("Network") outperformed the competition in Nielsen Media Research ratings categories as a result of senior management's commitment to a continuing focus on producing and delivering premium content that drives the Company's core businesses. Key successes in 2010 for the fall 2010 television season included:

The Network ranked #1 in key demographics (Adults 18-49 and 25-54);

Among viewers, the Network had:

Six of the top 10 ranked shows,

The #1 Comedy and #1 New Comedy,

The #1 Drama and #1 New Drama,

The # 1 Daytime Drama,

The #1 Scripted Series,

The Top 5 most-watched NEW shows,

The #1 Scripted Series on six nights, and

More time-period winning programs in terms of viewers than all other broadcast networks combined.

Senior management continued to secure and strategically transform the Company's revenue mix through negotiated third-party agreements to position the Company for future success, as well as expansion in local and international markets, including by:

Securing a transformative 10-year agreement with Comcast that provides for retransmission consent of CBS Television Stations until 2020, including carriage of the full suite of Showtime Networks, the Smithsonian Channel and the expanded distribution of CBS College Sports;

Renegotiating a new groundbreaking 14-year \$10.8 billion deal (shared with Turner Broadcasting) with the NCAA, including an agreement with Turner Broadcasting to cap the Company's losses but not its profits;

Launching a major local Interactive presence in 24 markets to drive new revenue (during 2010 through January 2011); and

Expanding the Company brand internationally through joint ventures in India and Australia.

Pay for Performance

As a result of this strong performance in the 2010 fiscal year, the Compensation Committee approved higher bonuses for the named executive officers than had been awarded in prior years, as disclosed in the "Summary Compensation Table for Fiscal Year 2010." This resulted in higher total compensation, in keeping with the Company's core objective of pay for performance. The bonus awards and further achievements during the 2010 fiscal year are discussed in more detail below in the "Bonus Awards" section.

Overview of Compensation Objectives

CBS Corporation's compensation programs are designed to motivate and reward business success and to increase stockholder value. The Company's compensation programs are based on the following core objectives:

Stockholder Value Focused: Align executives' interests with stockholders' interests, with particular emphasis on creating incentives that reward consistently increasing value of the Company.

Market-based: Take into account the profile of compensation and benefits programs found in peer companies in order to attract and retain the talent needed to drive sustainable competitive advantage and deliver value to stockholders.

Performance-based: Ensure plans provide reward levels that reflect variances between actual and desired performance results.

Flexible: Enable management and the Board to make decisions based on the needs of the business and to recognize different levels of individual contribution and value creation.

Evaluating Senior Executive Compensation

The Compensation Committee reviews and approves the Company's compensation arrangements with each of the executive officers whose compensation is individually disclosed in the

Table of Contents

tables that appear on subsequent pages (the "named executive officers") and certain other senior executives (together with the named executive officers, the "senior executives"). The Committee reviews all components of the senior executives' compensation, including base salary, annual and long-term incentives, severance arrangements and benefit programs to ensure that they adhere to the core objectives of the Company's compensation programs. The Committee utilizes a rolling 12-month calendar based on regularly scheduled meeting dates that identifies the meeting date at which each senior executive requires Committee consideration regarding compensation and the type of action to be considered (*i.e.*, salary increase, annual bonus payout, long-term incentive award determination, and other compensation actions). All final determinations relating to the compensation of the Executive Chairman and the President and Chief Executive Officer are made by the Committee in executive session, with advice from an independent compensation consulting firm (currently Exequity LLP). In assessing the compensation of the senior executives, the Committee considers many factors, including the performance of the Company's operations (with respect to corporate executives, the overall performance of the Company; with respect to operational executives, performance of the operations for which the executive is responsible), individual performance, experience, tenure and historical compensation, comparisons to other appropriate senior executives at identified peer companies and the advice of the Committee's independent consultant. In considering any individual element of a senior executive's compensation, the Committee considers that element in relation to the individual executive's total compensation (*i.e.*, base, bonus and long-term incentives).

The Compensation Committee retains an independent compensation consulting firm to advise the Committee in its review of senior executive compensation. The Committee has the sole authority to retain and terminate the independent compensation consulting firm and to review and approve the firm's fees and other retention terms. The Committee adopted a policy in 2008 providing that the independent compensation consulting firm will not be considered as a provider of services to the Company, other than for services provided to the Compensation Committee. Accordingly, other than these services provided to the Committee, Exequity LLP does not perform any administrative or consulting services for the Company.

In reviewing senior executive compensation, the Compensation Committee considers data regarding the competitive market for senior executive talent. For 2010, at the Committee's request, Exequity reviewed and approved a competitive assessment on the compensation practices at companies with which the Company competes for senior executive talent, including those companies engaged in similar business activities (*e.g.*, diversified media companies) and other publicly traded U.S. companies (general industry), as described below. These companies were the same as those included in the assessment in previous years, with competitive data updated by a third party vendor. Not all of the companies included in these groups may be used as a point of comparison when reviewing a senior executive's total compensation. In determining which companies are appropriate comparisons for each senior executive, the scope of the executive's responsibility and the nature of the business for which he or she is responsible are considered. As a result, the appropriate companies selected for comparison may differ from one senior executive to the next. The competitive assessment focuses on applicable compensation packages at the 65th percentile of reliable market data, which includes an evaluation of base salary, target annual incentive opportunities (as such data is available), actual annual incentive earned, annualized expected value of long-term incentives, and the resulting total actual and target compensation. The compensation assessment also includes market data at the 65th percentile to reflect the Committee's commitment to competing with the Company's media peers in recruiting and retaining the most sought-after executive talent in the media industry. Although the Committee does not target total compensation amounts for each senior executive to a specific benchmark, the Committee does consider the compensation levels from the competitive assessment as one factor in determining these total compensation amounts for each senior executive.

Table of Contents

In 2010, the competitive assessment included data with respect to an industry-specific group, which included other diversified media companies (*i.e.*, News Corporation, Time Warner Inc., Viacom Inc. and The Walt Disney Company) and a general industry group, which included publicly traded companies from which the Company may source, or to which the Company may lose, executive talent (*i.e.*, Altria Group, Inc., AT&T Inc., Cablevision Systems Corporation, Cisco Systems, Inc., Clear Channel Communications, Inc. (now a non-public subsidiary of CC Media Holdings, Inc., a public company), The Coca-Cola Company, Comcast Corporation, Dell Inc., Gannett Co., Inc., General Electric Company, Hewlett-Packard Company, International Business Machines Corporation, News Corporation, PepsiCo, Inc., The Procter & Gamble Company, Qwest Communications International Inc., Sprint Nextel Corporation, Time Warner Inc., Verizon Communications Inc., Viacom Inc., The Walt Disney Company and Yahoo! Inc.). For Mr. Redstone, the Committee considers the compensation arrangements for similar executive chairman roles at peer media companies.

Changes in Named Executive Officers' Compensation Arrangements for 2010

The Compensation Committee approved a new employment agreement for Mr. Moonves, effective February 23, 2010. This new agreement supersedes his prior agreement, which was set to expire in 2011, and extends his employment with the Company through February 22, 2015. The new agreement is designed to further align and strengthen the interests of the Company's principal executive officer with those of its shareholders through a stronger connection between pay and the long-term performance of the Company. In considering the terms of the new agreement, the Committee (after consultation with the other Board members and the Committee's independent compensation consultant and independent legal counsel) sought to accomplish the following key objectives:

To create a stronger alignment between pay and the long-term performance of the Company;

To retain Mr. Moonves for a period extending beyond his then-current contract term ending September 30, 2011 and ensure his continued interest in the short-term and long-term performance of the Company; and

To provide compensation arrangements reflective of competitive practices in the entertainment industry and at other leading U.S. companies.

The Compensation Committee reviewed alternatives for structuring the new employment agreement with its independent compensation consultant. The Committee also engaged independent legal counsel to advise the Committee with respect to the terms of Mr. Moonves' new employment agreement. The Committee had the sole authority to retain and terminate such counsel and to approve its fees and other retention terms.

In reviewing competitive practices, the Committee considered the chief executive officer compensation and benefits of diversified media companies (*i.e.*, News Corporation, Time Warner Inc., Viacom Inc. and The Walt Disney Company), as provided by the Committee's independent compensation consultant. The CEO compensation assessment included an evaluation of annualized base salary, target bonus, annualized expected value of upfront and ongoing long-term incentives, and termination provisions. The Committee also reviewed compensation practices at other leading U.S. companies, including with respect to, for example, restrictive covenants and other terms. This assessment confirmed the Committee's approach in structuring a new CEO pay package that would continue to strengthen the pay-for-performance linkage and shift the pay towards equity. In addition to competitive data provided by the consultant, the Committee also considered, in determining the appropriate level and mix of compensation, Mr. Moonves' depth of experience and reputation as both a creative and business leader in the entertainment industry and his track record in transforming and positioning the Company for long-term growth and success.

Table of Contents

Consistent with the key objectives noted above, the Compensation Committee determined not to increase Mr. Moonves' base salary and to provide additional compensation opportunity tied to the performance of the Company through annual incentives and equity awards, resulting in total target compensation that is competitive with the total compensation provided to other diversified media company CEOs.

Mr. Redstone received an increase in base salary and target bonus in connection with the Compensation Committee's review, as provided for under his employment agreement, of cash compensation (base salary and target bonus). In its review, the Committee considered the compensation arrangements for executives with similar scopes of responsibility at peer media companies. As a result, the Committee determined to increase Mr. Redstone's base salary from \$1 million to \$1.75 million and increase his target bonus from \$3.5 million to \$5 million.

During 2010, the Compensation Committee did not change the compensation arrangements set forth in the employment agreements for Messrs. Ianniello and Briskman.

In order to secure the continued service of Mr. Ambrosio beyond the scheduled expiration of his employment agreement on December 31, 2010, and to recognize his expanding scope of responsibility and impact, including the addition of responsibility for the Company's newly acquired EcoMedia unit in April 2010, the Compensation Committee determined that it would be in the Company's best interest to enter into a new employment agreement with Mr. Ambrosio, effective June 7, 2010. It provides that he continue to serve as Executive Vice President, Human Resources and Administration. In determining the compensation terms, the Committee considered the compensation arrangements for similar executives at peer media companies and the increase in his responsibilities, as well as the core objectives set forth in the "Overview of Compensation Objectives" section above. As a result, the Committee determined to increase his base salary from \$650,000 to \$750,000, to maintain his bonus target at 85% of base salary and increase his annual long-term incentive award target from \$1.2 million to \$1.5 million.

Elements of Executive Compensation

The Company's compensation arrangements with each of the senior executives, including the named executive officers, consist of the following elements:

Base Salary

Performance-Based Compensation Programs

Annual Bonus Awards

Long-Term Incentives

Retirement and Deferred Compensation Plans

Other Compensation (Perquisites and Other Personal Benefits)

The Compensation Committee considers these elements in determining a senior executive's compensation package in order to reward for both the long- and short-term performance of the executive and the Company. The Committee does not use rigid guidelines in determining the mix of compensation elements (*i.e.*, long-term versus currently paid out compensation and cash versus non-cash compensation) for each senior executive. However, the Committee does consider the level of base salary of each named executive officer as it relates to the allocation of guaranteed versus performance-based compensation. Variable, at-risk compensation, both short- and long-term, makes up the majority of each senior executive's total compensation.

The Compensation Committee believes that its consideration of these compensation elements effectively achieves the objective of aligning compensation with performance measures that are directly

Table of Contents

related to the Company's financial goals and creation of stockholder value, without encouraging senior executives to take unnecessary and excessive risks that threaten the value of the Company. The Committee selects the financial performance metrics, goals and criteria for the performance-based compensation programs each year and also approves adjustments to the calculation of those goals and criteria, including pre-approved adjustments for awards intended to satisfy Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), in order to avoid distorted performance goals and criteria. The Committee believes this process results in performance goals and criteria that are challenging, yet realistic, that will not encourage senior executives to engage in risky business activities in order to achieve unattainable goals or overcome lower results caused by unforeseen events.

Base Salary

The Company provides the senior executives with base salary that is sufficiently competitive to attract and retain talented individuals and provides a secure base of guaranteed cash to compensate them for services rendered during the fiscal year. In order to ensure that the majority of compensation is variable, at-risk and tied to performance, the Compensation Committee has currently set base salary levels for the named executive officers typically between 10% and 30% of targeted total compensation. When reviewing proposals for changes to base salary for the named executive officers, the Committee considers the following:

Appropriate competitive compensation data for the position;

Individual performance;

Base salary level for the executive in relation to that executive's total compensation package;

Input and recommendations of Mr. Moonves as President and Chief Executive Officer (for executives other than himself and Mr. Redstone);

The level of the annual merit increase budget across the Company as a whole; and

Existing contractual obligations, if any.

As discussed under "Changes in Named Executive Officers' Compensation Arrangements for 2010," Mr. Redstone received an increase in base salary in connection with the Compensation Committee's review of cash compensation, as provided under his employment agreement. Mr. Moonves did not receive a base salary increase in connection with his new employment agreement in effect as of February 23, 2010. In reviewing base salary during 2010 for Messrs. Ianniello and Briskman, the Committee continued to consider their level of base salary as it relates to the allocation of guaranteed versus variable, at-risk compensation, as well as the factors listed above. As a result, Messrs. Ianniello and Briskman did not receive base salary increases during 2010. For the reasons discussed under "Changes in Named Executive Officers' Compensation Arrangements for 2010," Mr. Ambrosio received a base salary increase in connection with his new employment agreement in effect as of June 7, 2010.

Performance-Based Compensation Programs

CBS's performance-based compensation programs provide for the opportunity to reward senior executives for contributing to annual financial and operational performance (through annual bonus programs) and for realizing stock price appreciation (through long-term equity incentives). Bonus awards are based on the Compensation Committee's review of the Company's financial results and qualitative assessment of senior executive performance against key strategic objectives and are not directly linked to the Company's stock price performance. A high percentage of the named executive officers' total compensation is performance-based (typically targeted at 70%-90% of total compensation), with a significant portion of total compensation in the form of equity awards (typically targeted at 40%-50% of total compensation).

Table of Contents

Bonus Awards

The Company provides an opportunity for annual bonus awards under its short-term incentive plans. The purpose of the plans is to benefit and advance the interests of the Company by granting annual bonus awards to the named executive officers and other senior executives as "pay for performance" a reward for their individual contributions to the Company's annual financial and operational success. Annual bonus compensation for Messrs. Redstone, Moonves, Ianniello, Briskman, Ambrosio and certain of the other senior executives is provided under the Company's Senior Executive Short-Term Incentive Plan (the "Senior Executive STIP"), which is designed to comply with the exception for performance-based compensation to the deduction limitation under Section 162(m) of the Code. Annual bonus compensation for other senior executives is provided under the Company's Short-Term Incentive Plan ("STIP").

At the beginning of each fiscal year, the Compensation Committee approves funding levels available for that year under the Company's short-term incentive plans in the aggregate. These funding levels are based on budget determinations for the relevant year that take into account expected financial performance of the Company's industry peers for that year, as well as on expected performance against the key strategic objectives identified below. After the end of the fiscal year, the Committee evaluates the Company's actual performance relative to the funding levels in order to determine the aggregate amount available for payouts under the Company's short-term incentive plans. In February 2011, the Committee evaluated the Company's actual financial performance for 2010 and management's performance in 2010 against the strategic objectives relative to the funding levels approved at the beginning of 2010 in order to determine the aggregate amount available for payouts under the Company's short-term incentive plans. The aggregate amount of awards provided to the named executive officers, as well as to the other participants in the short-term incentive plans, is limited by the funding pool resulting from the Committee's evaluation.

In addition, at the beginning of each fiscal year, the Compensation Committee sets a performance criterion as a first step toward qualifying bonus awards made under the Senior Executive STIP as "qualified performance-based compensation" eligible for deductibility under Section 162(m) of the Code. Assuming that the Committee determines that the criterion is met, the terms of the Senior Executive STIP establish for each of the named executive officers a maximum bonus, subject to the Committee's negative discretion ("downward discretion"). See the "Compensation Deductibility Policy" section below for a discussion of the Section 162(m) performance criterion set for 2010. In any exercise of its downward discretion, the Committee takes into account certain terms in Mr. Moonves' employment agreement which provide that a portion of his bonus must be, at least, in an amount consistent with the level of achievement attained against a "Company-Wide performance goal(s)" established for that year by the Committee (provided such achievement level is at least 80%), as described under "Summary Compensation Table for Fiscal Year 2010 Employment Agreements Leslie Moonves."

The Committee's determination regarding the amount of the annual bonus awards to be paid to the named executive officers takes into account all of the factors it deems appropriate, with no pre-determined weighting as to any individual item, and utilizes discretion to award an appropriate bonus not in excess of the maximum bonus amount. Under the Senior Executive STIP, awards may be paid, in whole or in part, in cash, in the form of stock-based awards issued under the Company's long-term incentive plan or in any other form prescribed by the Committee.

The Compensation Committee considers individual performance factors in determining bonus payouts for the senior executives. In addition to reviewing each executive's contributions to the achievement of financial goals, for 2010, the Committee also considered the following key strategic objectives: (i) strengthening the Company's financial position by driving growth while capitalizing on strategic cost and risk management initiatives; (ii) providing continuous flow of top-tier content;

Table of Contents

(iii) continuing to drive growth through strategic transformation of the Company; (iv) maintaining and building the Company's reputation as one of the most desirable organizations for top "talent"; (v) continuing to ensure a high degree of focus on the importance of a diverse workforce; and (vi) positioning the Company for long-term success. In this regard, the Committee also considers the input and recommendations of Mr. Moonves as President, Chief Executive Officer (for executives other than himself and Mr. Redstone). With respect to Messrs. Redstone and Moonves, the Committee takes into account the performance evaluation of each of them conducted by the Committee, along with the Nominating and Governance Committee, based on the goals and objectives for each of them approved by the Compensation Committee at the beginning of each year.

The Compensation Committee also considers target bonus amounts for each named executive officer, which amounts are based on competitive practice. See "Summary Compensation Table for Fiscal Year 2010 Employment Agreements" for a discussion of the named executive officers' bonus target amounts. The differences in the target bonus amounts set forth in the named executive officers' agreements reflect the level of relative impact of each of their positions on Company performance.

In determining the amounts of the bonuses for 2010 for the named executive officers set forth in the Summary Compensation Table for Fiscal Year 2010, the Compensation Committee took into account their leadership and execution with respect to the key strategic objectives identified above, which not only resulted in the Company exceeding its own financial objectives, but also outperforming its diversified media peers across key industry benchmarks, while also positioning the Company for long-term success. The Committee noted the following accomplishments within this context, with no particular weighting assigned to any individual item:

The Company Outperformed Against 2010 Financial Objectives and Strengthened Its Financial Position.

The Company:

significantly exceeded the performance criterion for the Senior Executive STIP through:

exceeding its budget for OIBDA and free cash flow (*i.e.*, OIBDA, less cash interest, taxes paid, working capital requirements and capital expenditures), and

recording a rate of OIBDA growth more than double that of its diversified media peers for the same period;

exceeded advertising revenue growth objectives, with lines of businesses significantly outperforming the consensus for their respective industries – often by two times that of its peers;

expanded its OIBDA margin by 3 points and increased its net earnings by over 100% year-over-year;

deleveraged the balance sheet by over \$1 billion through successful execution of strategies to reduce and restructure debt and extend the Company's average debt maturities to manage risk; and

re-negotiated key contracts resulting in reduced future cost obligations for the Company – most notably the new groundbreaking 14-year deal (shared with Turner Broadcasting) with the NCAA, including an agreement with Turner Broadcasting to cap the Company's losses but not its profits.

The Company Secured Its Reputation as a Desirable Organization for Top "Talent" and Demonstrated its Commitment to Diversity.

The Company:

actively participated in, supported, and sponsored programs to continue to develop diverse talent in the workplace and to appoint diverse candidates to key executive roles.

With respect to the performance of each named executive officer, the Compensation Committee also determined (in the case of Messrs. Redstone and Moonves) and concurred in the recommendations made by Mr. Moonves (in the case of the other named executive officers) that:

Mr. Redstone continued to oversee the Board of Directors in his role as Executive Chairman. Under his guidance, the Company significantly exceeded its financial targets, strengthened its financial position, and executed strategies to position the Company for long-term success.

Mr. Moonves provided leadership in delivering OIBDA and free cash flow results that were well above the Company's OIBDA and free cash flow budgets, and continued to demonstrate consistent leadership in driving decades-high ratings successes. Together with his senior management team, he guided the key local business units through the economic recovery and positioned them to deliver solid performance on expanding margins. In the Entertainment business segment in particular, Mr. Moonves led the efforts in securing a 10-year agreement with Comcast that provides for transmission of content of CBS Television Stations, including the full suite of Showtime networks and the expanded distribution of CBS College Sports. He was instrumental in the renegotiation of a new 14-year contract (shared with Turner Broadcasting) with the NCAA, including an agreement with Turner Broadcasting to share programming rights fees and production costs and cap the Company's losses, thereby limiting the Company's financial risk and exposure over the term of the contract. Mr. Moonves continued to aggressively pursue new and existing opportunities to leverage and monetize the high quality content that drives the Company's core businesses, exploiting this content across new media technologies to increase the Company's presence and audience outreach. He also continued to optimize the Company's local media group structure by leveraging local market content, talent, libraries, and promotional platforms for both the core Radio and TV groups through the development of robust local interactive web destinations. He effectively represented the Company to investors and the financial community and continued to play a leadership role in the media industry. The Compensation Committee also acknowledged Mr. Moonves' successes in management development and human resources, including his involvement in acquiring key executive and creative talent, as well as his execution of the Company's succession planning and diversity programs. Mr. Moonves was instrumental in leading the CBS Television Network in securing the Network's #1 position in all key ratings measures with his direct involvement in developing and securing high quality programming and maintaining CBS' reputation as one of the most highly desirable organizations for top creative talent. Mr. Moonves took advantage of the Company's position as the #1 Television Network in key categories in strategically commanding higher prices in both the upfront and scatter markets resulting in significant revenue growth.

Table of Contents

Mr. Ianniello led his team to successfully manage the Company's financial operations to deliver performance that exceeded the Company's financial budget for OIBDA and free cash flow through higher profits, lower capital spending and tax efficiencies. He continued to strengthen the Company's financial stability through strategic cost and risk management initiatives, including strengthening the balance sheet and managing the Company's maturity profile by refinancing \$600 million in near-term debt and replacing it with longer-dated bonds, taking advantage of favorable rates and using the proceeds to buy back \$585 million in outstanding debt, which positions the Company well for fiscal year 2012. He maintained our investment-grade balance sheet and the Company's \$2 billion credit facility remained undrawn. He also led the company-wide conversion of its payroll administration platforms.

Mr. Briskman provided leadership with respect to the Company's legal affairs by serving in a prominent role in successfully managing significant corporate litigation and arbitration matters and was instrumental in securing recoveries for the Company for certain matters in which the Company was the plaintiff; addressing regulatory and legal issues; and collaborating on negotiations of key contracts for the Company. He also continued to improve the efficiency of the legal departments of the Company, resulting in savings of legal fees.

Mr. Ambrosio provided leadership both with respect to his role as the Company's chief human resources officer, responsible for all aspects of the human resources function globally, and, as the Company's chief administrative officer responsible for oversight of corporate real estate, strategic sourcing, facilities management and security. In human resources, he effectively met management development and succession needs at the most senior levels across the organization. He also effectively employed human resources programs and managed staff in creating a high degree of focus within the Company on a results-oriented performance culture, as well as on the importance of a diverse workforce and inclusive, diversity-mature workplace. Mr. Ambrosio effectively oversaw some of the Company's most significant areas of cost including compensation costs, benefit expenses, sourcing spend and real estate occupancy costs and contributed significantly to the Company's efforts to control costs and expand margins. Among other key accomplishments during 2010, Mr. Ambrosio targeted and led the acquisition of a new CBS business unit, EcoMedia, of which he continues to provide management oversight; and his real estate unit made a significant positive impact on the Company's current and future OIBDA by successfully concluding the leasing of significant Company-owned retail and office space, while reducing occupancy costs through aggressive efforts to restructure existing leases in a number of locations where the Company is a tenant.

In determining the individual bonus payouts to the named executive officers for 2010, the Compensation Committee took into consideration the factors above, as well as the historical bonus payouts and performance relative to previous years' performances. For Mr. Moonves, the Committee not only took into account the successes in his role as President and Chief Executive Officer of the Company, but also his leadership in connection with the creation of premium content across the Company's portfolio of businesses, particularly with respect to the CBS Television Network, which outperformed its media peers in 2010. For all of these reasons, the Committee determined to award bonuses in the amounts set forth in the "Summary Compensation Table for Fiscal Year 2010."

Long-Term Incentive Programs

Long-Term "Management" Incentive Program (LTMIP)

The LTMIP is designed as a "pay for performance" vehicle to encourage executives to make decisions which will result in sustained long-term stockholder value-creation. It is also a vehicle used to retain talent and build executive ownership. Through the Company's total compensation design, a significant portion of the named executive officers' total compensation opportunity is directly linked to stock price performance (typically 50% of total compensation) with the intention of creating alignment with the stockholders. In determining the target value to be delivered through these equity vehicles, the Compensation Committee reviews competitive market data, the Company's retention needs, potential stockholder dilution, the expense to be incurred by the Company and prior equity grant practices. Eligibility to participate in the LTMIP is generally limited to executives who have management responsibility.

The type and mix of equity-based vehicles used to deliver value varies primarily by an executive's level in the organization and the Company's business needs. The Compensation Committee considers the following objectives in determining the appropriate type and mix of equity-based vehicles:

Increased alignment with stockholder interests (Stock Options): Provide the opportunity to acquire an equity interest in the Company and share in the appreciation of the value of the stock.

Increased accountability for senior executive (Performance-Based Stock Awards): Motivate senior executives to focus on Company performance through the achievement of pre-determined financial goals over a designated period.

Retention of talent in both up and down markets (Time-Based Stock Awards): Provide real value in awards that are earned over a specified vesting period.

The values, mix, and type of annual grants for each senior executive are discussed by management and the Compensation Committee and ultimately approved by the Committee, unless the terms have been previously approved and set forth in an employment agreement. With respect to the grants awarded in 2010, other than with respect to Messrs. Redstone and Moonves, the Committee determined to provide a mix of stock options, performance-based restricted stock units ("PRSUs"), and time-based restricted stock units ("TRSUs" and together with the PRSUs, "RSUs"). For Messrs. Redstone and Moonves, the values, mix and type of their annual grants are set forth in their respective employment agreements in effect for fiscal year 2010. See "Summary Compensation Table for Fiscal Year 2010 Employment Agreements."

In addition to the objectives and approach to allocating award types noted above, the Compensation Committee takes into consideration the competitive assessment of total compensation reviewed by the independent compensation consultant (as discussed in the "Evaluating Senior Executive Compensation" section above) in determining the value, mix and type of each senior executive's award. In determining the appropriate type, mix, and value of annual equity awards for eligible executives for 2010, the Committee reviewed the LTMIP with its independent compensation consultant and senior management. For 2010, Messrs. Ianniello and Briskman received LTMIP awards based on then-current contractual target values that took into account the compensation assessment and the relative impact of the executive's position on Company performance. For Mr. Ambrosio, the Committee determined to provide a LTMIP award greater than his then-contractual target value, which also took into account the competitive compensation assessment and the relative impact of the

Table of Contents

executive's position on Company performance. The 2010 awards to the named executive officers were delivered as follows:

Named Executive Officer	Mix of 2010 Awards under Long-Term Management Incentive Program		
	Options	Performance-based	Time-based
		Stock Awards(a)	Stock Awards
Sumner Redstone	50%	50%	
Leslie Moonves(b)	65%	17.5%	17.5%
Joseph Ianniello	40%	30%	30%
Louis Briskman	40%	30%	30%
Anthony Ambrosio	40%	30%	30%

- (a) Mr. Redstone's "performance-based stock awards" were delivered in performance share units ("PSUs") in accordance with his employment agreement. For the other named executive officers, the performance-based stock award portion of their equity grant was delivered in PRSUs.
- (b) The mix of stock options and stock awards for Mr. Moonves consists of the following, in accordance with the terms of his employment agreement: (i) the fair market value (as of the date of the grant) of his March 1, 2010 grant of 3,000,000 stock options (\$14,868,000), which represents the first of two grants associated with his upfront contractual award, and (ii) his annual grant of RSUs on February 23, 2010, valued at \$8,000,000, half of which grant is subject to performance conditions.

In determining the structure of the equity awards to be granted to Mr. Moonves over the term of his employment agreement (see "Employment Agreements Leslie Moonves" for a discussion of this structure), the Compensation Committee intended to provide, when taking into account the structure of the awards over the term, a mix of approximately 47% stock options, 26.5% PRSUs and 26.5% TRSUs. The chart above reflects the awards granted in fiscal year 2010.

Performance Goals for LTMIP Awards

PRSUs

PRSU Awards for 2010. The performance goals are set based on financial and operational goals for the relevant fiscal year which take into account expected performance of the Company's media peers for that year as determined by media industry analysts. At the beginning of each year, the Compensation Committee reviews performance goals and considers which metrics offer the best measure of Company performance.

For 2010, the performance goal for the most senior levels of management, including the named executive officers (except for Mr. Redstone who does not receive PRSUs and, except for PRSUs granted to Mr. Moonves pursuant to his current and immediately prior employment agreements), was the achievement during 2010 of an 80% or greater level of the weighted average performance of (i) the percentage of an OIBDA Metric Target (as defined below) of \$1.9 billion actually achieved (75% weighting) and (ii) the percentage of an FCF Metric Target (as defined below) of \$925.0 million actually achieved (25% weighting). The performance goal for Mr. Moonves' PRSU grants was the achievement during 2010 of an FCF Metric Target of \$925.0 million.

In setting the 2010 performance goals, the Compensation Committee selected two metrics: (i) OIBDA (*i.e.*, operating income before depreciation, and amortization) (the "OIBDA metric") and (ii) free cash flow (*i.e.*, operating income before depreciation and amortization, less cash interest, taxes

Table of Contents

paid, working capital requirements and capital expenditures) (the "FCF metric"). The "OIBDA Metric Target" is calculated by starting with the Company's budget for 2010 for the OIBDA metric and then taking into account items approved by the Committee that may otherwise distort the calculation of the performance goal, and the "FCF Metric Target" is calculated by starting with the Company's budget for 2010 for the FCF metric and then taking into account the same items. The OIBDA metric was selected because it is an important indicator of the Company's operational strength and performance of its businesses, as it provides a link between profitability and operating cash flow. The FCF metric was selected because it gives a clear view of the Company's ability to generate cash (and thus profits) and allows the Company to pursue opportunities that enhance stockholder value.

The vesting of an annual award of PRSUs is subject to the Compensation Committee's determination of the level of achievement against a pre-determined performance goal set by the Committee. See "Grants of Plan-Based Awards During 2010 Description of Plan-Based Awards" for vesting schedules. The number of target shares is determined at the time of grant based on the closing price of a share of the Company's Class B Common Stock on the NYSE on the date of grant (February 23, 2010, except with respect to the PRSUs granted to Mr. Moonves under his prior employment agreement, which grant date was October 1, 2009). The number of shares earned upon vesting of the PRSUs is determined in accordance with the following schedule:

if the Company achieves less than 80% of the pre-determined performance goal, the award will be forfeited;

if the Company achieves 80% of the pre-determined performance goal, 80% of the target shares will be earned;

if the Company achieves 100% of the pre-determined performance goal, 100% of the target shares will be earned;

if the Company achieves 120% or greater of the pre-determined performance goal, 120% of the target shares will be earned.

For achievement at intermediate points between 80% and 100% and between 100% and 120%, the number of shares to be delivered will be linearly interpolated. Dividend equivalents accrue on the target number of shares and equal the value of regular cash dividends paid on the shares of the Company's Class B Common Stock. Dividend equivalents are paid in cash, less applicable withholdings, when the PRSUs vest, but only up to the amount payable with respect to the target number of shares. If the PRSUs do not vest, then the dividend equivalents accrued on those PRSUs are forfeited.

Payout Under PRSU Awards for 2010. In February 2011, the Compensation Committee reviewed and discussed the Company's performance versus the 2010 performance goals. The Committee then certified that the 2010 performance goals had been exceeded with actual performance at over 120% of the targeted levels. Actual performance with respect to the OIBDA metric was \$2.369 billion and with respect to the FCF metric was \$1.451 billion. Thus, 120% of the target number of shares underlying the PRSUs granted in February 2010 to Messrs. Moonves, Ianniello, Briskman and Ambrosio, and granted to Mr. Moonves in October 2009 with respect to fiscal year 2010 performance, will vest in accordance with their respective schedules.

PSUs

2010 PSU Awards. As noted above, only Mr. Redstone received a PSU grant in 2010, with such grant having a target number of shares set at 214,670 shares, as determined under the terms of his employment agreement. The number of shares of Class B Common Stock to be delivered under Mr. Redstone's 2010 PSU grant for the measurement period January 1, 2010 through December 31, 2012 is determined in accordance with the following schedule (the "SMR TSR Schedule"): if the Company achieves less than the 25th percentile total shareholder return ("TSR"), the award of PSUs

Table of Contents

will be forfeited; if the Company achieves the 25th percentile TSR, the number of shares to be delivered will be 25% of the target number of shares; if the Company achieves the 50th percentile TSR, the number of shares to be delivered will be 100% of the target number of shares; and if the Company achieves the 100th percentile TSR (*i.e.*, if it is the first ranked company in the reference group for TSR), the number of shares to be delivered will be 300% of the target number of shares. For Company achievement at intermediate points between the 25th and 50th percentile, or between the 50th percentile and the 100th percentile, the number of shares to be delivered will be linearly interpolated. Notwithstanding the SMR TSR Schedule, in the event the Company achieves less than the 50th percentile TSR for the measurement period, but achieves a hurdle set by the Compensation Committee (*i.e.*, the Company's three-year average actual OIBDA meets or exceeds the Company's three-year average budgeted OIBDA), then the number of shares to be delivered will equal the average of the target award and the number of shares that would have been delivered under the SMR TSR Schedule. If this OIBDA hurdle is not met, then the number of shares to be awarded will be in accordance with the SMR TSR Schedule.

Payout Under 2007 PSU Awards for Measurement Period 2008-2010. In February 2011, the Compensation Committee reviewed achievement of the performance thresholds for the measurement period that ran from January 1, 2008 through December 31, 2010 with respect to the PSU awards granted in 2007 to Messrs. Redstone, Ianniello, Briskman and Ambrosio and confirmed that, of the established thresholds, the Company's achievement of the 50th percentile TSR in the last year of this measurement period was the applicable threshold to determine the number of shares of Class B Common Stock to be delivered for the performance period. As a result, Messrs. Ianniello, Briskman and Ambrosio received the target number of shares for such measurement period (which relates to 50% of each PSU award granted) on the fourth anniversary date of the award (March 6, 2011), and Mr. Redstone received, on February 23, 2011 (in accordance with the terms of his employment agreement, which provide that the terms and conditions of his PSUs will be no less favorable than those applicable to the PSUs granted to other senior executives), the target number of shares relating to 50% of his award.

Payout Under 2008 PSU Awards for Measurement Period 2008-2010. In February 2011, the Compensation Committee reviewed achievement of the performance thresholds for the measurement period that ran from January 1, 2008 through December 31, 2010 with respect to the PSU awards granted in 2008 to Messrs. Redstone, Ianniello, Briskman and Ambrosio and confirmed that, of the established thresholds, the Company's achievement of the 33.3 percentile TSR for this measurement period and the Company's achievement of the 3-year average budgeted Free Cash Flow were the applicable thresholds to determine the number of shares of Class B Common Stock to be delivered for the performance period. As a result, Messrs. Redstone (in accordance with the terms of his employment agreement, which provide that the terms and conditions of his PSUs will be no less favorable than those applicable to the PSUs granted to other senior executives), Ianniello, Briskman and Ambrosio received, on February 23, 2011, the average of the target number of shares for such measurement period and the number of shares earned in accordance with the 3-year TSR schedule for such measurement period for a total of 75% of the target number of shares for such measurement period (which relates to 50% of each PSU award granted). The remaining 50% of their respective 2008 PSU awards remain outstanding. These outstanding awards are subject to the terms and conditions set forth in footnote 1 to the Outstanding Equity Awards at Fiscal Year-End 2010 table.

Fund-the-Future Program ("FtF") The objective of the FtF is to provide additional income to eligible employees, excluding those actively participating in certain pension plans and employees otherwise subject to a collectively bargained agreement which does not provide for their participation in the FtF. For 2010, the Compensation Committee determined to award a number of RSUs to all participants in the FtF based on the employee's annual base pay (capped at \$550,000) or benefit base on the date of grant multiplied by 2.5%, and then divided by the closing price of one share of CBS

Table of Contents

Corporation Class B Common Stock on date of grant. The Grants of Plan-Based Awards During 2010 table includes FtF awards granted to a named executive officer who was not, as of the grant date, participating in certain pension plans.

Grant Date of Awards The grant date for equity awards is the date on which the Compensation Committee approves awards under the Company's LTMIP or, if so determined by the Committee, a future grant date, or a date specified in an employment agreement. The Committee may approve an award that will have a future grant date, with the exercise price of any stock option not to be less than the closing price of a share of the Company's Class B Common Stock on the NYSE on the date of grant. The Company does not set grant dates intentionally to precede the release of material non-public information. Communications regarding individual grant awards, including the terms and conditions, are provided to recipients as soon as administratively feasible. Annual management grants made in 2010 (except with respect to Mr. Redstone's PSU award), were approved on February 23, 2010, with a grant date for all RSU awards on the same date and a grant date for all stock option awards to be the third trading day following the public announcement of the arrangements set forth in the Company's then-new employment agreement with Mr. Moonves (*i.e.*, a grant date of March 1, 2010). The exercise price of these stock options was the closing price of the Company's Class B Common Stock on March 1, 2010 (*i.e.*, \$13.43). For annual FtF grants made in 2010, the Committee set, at the same February 23 meeting, a grant date of April 1, 2010, which is consistent with the historical grant dates (since 2006) of April 1 under the FtF program. Pursuant to his employment agreement, Mr. Redstone's annual PSU grant is awarded on January 1 of each year.

Other Terms for RSUs/Stock Options/PSUs For a description of certain other material terms of the RSU grants (including grants awarded under the FtF), stock option grants, and PSU grants, see "Grants of Plan-Based Awards During 2010 Description of Plan-Based Awards."

Delegation of Authority With Respect to Awards The Compensation Committee has delegated to the President and Chief Executive Officer limited authority, with respect to executives who are not senior executives, to grant long-term incentive awards under the Company's long-term incentive plan to such executives in connection with their hiring, promotion or contract renewal and to modify the terms of outstanding equity grants in certain post-termination scenarios. The Committee delegated this authority in order for the Company to have the ability to (i) act in a timely manner in a competitive environment in connection with the hiring of new executives or the compensating of an existing executive being given a significant increase in responsibility and (ii) maintain flexibility to manage compensation in post-termination scenarios when mutually beneficial to the Company and the executive. The Committee's delegation specifies the circumstances in which the authority can be used; limits the amount that can be awarded to an individual, the total amount that can be awarded in any period, and, in certain circumstances, aggregate incremental expense that can be incurred by the Company resulting from modifications of the terms of outstanding equity grants; and specifies the method for establishing the grant date. The delegation also requires that the President and Chief Executive Officer report to the Committee periodically on his exercise of this delegated authority.

Stock Ownership Guidelines

In order to further align the senior executives' interests with those of the Company's stockholders, the Company has established stock ownership guidelines. The guidelines provide that, within five years, starting in fiscal year 2007 or, if later, in the year in which a senior executive becomes subject to the guidelines, these senior executives are expected to acquire and establish holdings in

Table of Contents

Company stock equal in value to a multiple of their cash base (base salary less mandatory deferrals, if applicable), depending upon their positions as follows:

Senior Executive	Ownership Guideline Multiple
CEO	5x cash base
Other Senior Executives	2x to 3x cash base

All types of equity holdings, with the exception of stock options, are included in determining ownership. The Compensation Committee monitors compliance with these guidelines by receiving an annual progress report from senior management. During 2010, senior management reported to the Committee that all of the senior executives subject to the guidelines, including the named executive officers, either met or were on track to meet the guidelines. The Committee determined to continue to monitor compliance with the guidelines.

Retirement and Deferred Compensation Plans

The Company provides active, eligible employees, including the named executive officers, with the opportunity to build financial resources for retirement through the Company's broad-based tax-qualified defined benefit and defined contribution plans. In addition, eligible executives, including the named executive officers, participate in the Company's nonqualified defined benefit and deferred compensation plans. In some instances, participants in these qualified and nonqualified plans may also have frozen benefits in other qualified and nonqualified plans. Information regarding these retirement and deferred compensation plans is set forth in the narrative following each of the Pension Benefits in 2010 table and Nonqualified Deferred Compensation in 2010 table.

All Other Compensation

The Company provides for other compensation to participating employees (including the named executive officers) by providing Company-matching contributions in the CBS 401(k) and 401(k) excess plans and Company-paid life insurance. Compensation paid to the named executive officers in relation to these programs is included in the "All Other Compensation" column of the Summary Compensation Table for Fiscal Year 2010.

In certain instances, the Company provides executives, including the named executive officers, with additional benefits that the Company believes are reasonable and typical for executives in similar industries and helps the Company to attract and retain these executives. Among these benefits are transportation-related benefits, which the Company believes provide travel flexibility and efficiencies that result in a more productive use of the executive's time, given the demands of his position. In addition, Mr. Moonves is entitled to reimbursement for certain taxes and fees resulting from his obligation to the Company under his employment agreement to provide services in New York and Los Angeles, since the Company has significant operations in both cities. For the same reason, the Company also requires certain East Coast-based senior executives to provide extended services at the Company's West Coast operations, for which the Company provides an expense allowance; executives are reimbursed for taxes on imputed income associated with certain expenses. All additional benefits are also described in footnote 7 to the "All Other Compensation" column of the Summary Compensation Table for Fiscal Year 2010.

Post-Termination Arrangements

Post-termination payments with respect to the named executive officers are set forth in each of their respective employment agreements. Each of the named executive officers is entitled to post-termination payments and benefits upon the occurrence of a termination without cause or a resignation for good reason and upon death or disability. The terms of these payments and benefits and

Table of Contents

the estimated potential payments that would be made to each named executive officer if his employment terminated for each of these reasons as of the 2010 fiscal year end are described under "Potential Payments Upon Termination." None of the Company's employment arrangements with the named executive officers or long-term incentive plans provide for payment solely upon a change-in-control. During the first quarter of 2011, the employee agreements for certain named executive officers and certain other senior executives were amended to provide enhanced severance payments and benefits in the event of a termination within twenty-four months of certain corporate events.

In assessing post-termination payments and benefits in connection with senior executive employment arrangements, the Compensation Committee considers competitive practice with respect to comparable executives at the identified peer companies. The objective of these payments and benefits is to recruit and retain talent in a competitive market and, as applicable, compensate executives for restrictive covenants and other obligations following a termination without cause or a resignation for good reason.

Compensation Deductibility Policy

In approving compensation, the Compensation Committee takes into account Section 162(m) of the Code, which generally limits to \$1 million the federal tax deductibility of compensation (including stock options, PRSUs and PSUs) paid in one year to the named executive officers. Performance-based compensation (including stock options, PRSUs and PSUs) may qualify for an exception to the limit on deductibility, provided that the plan under which such compensation is paid meets certain requirements, including stockholder approval.

The Company intends to comply with Section 162(m) for annual short-term incentives in order for compensation to be deductible. However, the Compensation Committee has approved, and may continue to approve, compensation exceeding the \$1 million limitation, including with respect to a portion of long-term incentives, in order to provide appropriate compensation. The named executive officers are eligible to receive annual bonus awards under the Senior Executive STIP, and the senior executives (including the named executive officers) are eligible to receive long-term compensation under the Company's long-term incentive plan. Both of these plans are designed to permit awards that comply with the Section 162(m) exception for performance-based compensation. The stockholders of the Company have approved the Senior Executive STIP and the Company's long-term incentive plan.

In order for bonus awards made under the Senior Executive STIP to be eligible for deductibility under Section 162(m), the Compensation Committee establishes a performance criterion for the bonus awards, which criterion must not be certain of being achieved at the time it is set.

For 2010, the Section 162(m) performance criterion established was the achievement during 2010 of an 80% or greater level of the weighted average performance of (i) the percentage of an OIBDA Metric Target of \$1.9 billion actually achieved (75% weighting) and (ii) the percentage of an FCF Metric Target of \$925.0 million actually achieved (25% weighting). The "OIBDA Metric Target" is calculated by starting with the Company's budget for 2010 for the OIBDA metric and then taking into account items approved by the Committee that may otherwise distort the calculation of the performance criterion, and the "FCF Metric Target" is calculated by starting with the Company's budget for 2010 for the FCF metric and then taking into account the same items.

Assuming that the Compensation Committee determines that the performance criterion has been achieved, the terms of the Senior Executive STIP establish a maximum bonus for each named executive officer equal to a multiple of base salary in effect at the beginning of the year with the amount of the bonus, if any, actually awarded to any named executive officer being subject to the Committee's downward discretion, as discussed under the "Performance-Based Compensation Programs Bonus Awards" section above. This framework for establishing a maximum bonus is

Table of Contents

designed to provide that the awards will be eligible for deductibility up to eight times the named executive officer's base salary under Section 162(m) of the Code.

In February 2011, the Compensation Committee reviewed and discussed the Company's performance versus the 2010 performance criterion. Actual performance with respect to the OIBDA metric was \$2.369 billion and with respect to the FCF metric was \$1.451 billion. The Committee then certified that the 2010 performance criterion had been exceeded with actual performance at over 120% of the targeted level. Therefore, the Committee determined that the named executive officers were eligible for an annual bonus award under the Senior Executive STIP as described above.

With respect to the Company's long-term incentive plan, the Compensation Committee also establishes performance goals for PRSUs and PSUs, rendering them eligible for deductibility under Section 162(m), as described in the "Long-Term Incentive Programs Performance Goals for LTMIP Awards" section above.

Employment Contracts

All of the named executive officers are, and were during 2010, parties to employment contracts with the Company, as the Compensation Committee has considered it to be in the Company's best interest, and as the best means, to secure the employment of each of these executives. The terms and provisions of these contracts are more fully described in the narrative section following the Summary Compensation Table for Fiscal Year 2010 and in "Changes in Named Executive Officers' Compensation Arrangements for 2010" in this "Compensation Discussion and Analysis."

The Compensation Committee approves all employment arrangements with senior executives. With respect to employees other than senior executives, employment contracts are subject to an approval process coordinated through the Office of the Executive Vice President, Human Resources and Administration.

COMPENSATION COMMITTEE REPORT

The following Compensation Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent the Company specifically incorporates such information by reference.

The Compensation Committee Charter states that the primary purpose of the Compensation Committee is to discharge the responsibilities of the Board of Directors relating to the compensation of the Company's executive officers and other senior executives. Under the Charter, the Compensation Committee's authorities and duties include, among other things:

Adopting and periodically reviewing the Company's philosophy, strategy and principles regarding the design and administration of the Company's compensation programs;

Reviewing and approving the total compensation packages for the Executive Chairman, the President and Chief Executive Officer, the Company's other executive officers, and other senior executives identified by the Committee after consultation with the Company's Chief Executive Officer and Executive Vice President, Human Resources and Administration, and in certain instances, other persons among the Company's most highly compensated executives (excluding "Talent," as such term is currently used in the media or entertainment industries); and

Overseeing the administration of the Company's incentive compensation plans (including the bonus plan for executives subject to Section 162(m) under the Code) and equity-based compensation plans.

The Compensation Committee retains an independent compensation consulting firm to advise the Committee in its review of senior executive compensation. The consultant reports directly to the Compensation Committee.

The full text of the Compensation Committee Charter is available on the Company's website at www.cbcorporation.com. The Compensation Committee assesses the adequacy of its Charter at least every other year, or more frequently as the Committee may determine.

The Compensation Committee of the Board of Directors of CBS Corporation has reviewed and discussed with the Company's management the Compensation Discussion and Analysis ("CD&A") included in this proxy statement. Based on this review and these discussions, the Compensation Committee has recommended to the CBS Corporation Board of Directors that the CD&A be included in this proxy statement and incorporated by reference from this proxy statement into the Company's Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission on February 25, 2011.

The table below sets forth the following compensation items for 2010: (i) cash compensation comprised of salary and annual bonus awards, (ii) annual equity awards, and (iii) special equity awards. The table below differs from the Summary Compensation Table, in that the table below excludes column (g) ("Change in Pension Value and NQDC Earnings") and column (h) ("All Other Compensation") and as further described in the footnotes to the table below. This table is not required by SEC rules and is not designed to replace the Summary Compensation Table. It is intended to provide additional information that the Company believes is useful in understanding and analyzing compensation decisions made with respect to fiscal year 2010.

- (a) Represents the grant date fair value, determined in accordance with FASB ASC Topic 718, of the annual stock and option awards granted in 2010 to Messrs. Redstone, Ianniello, Briskman and Ambrosio, as disclosed in columns (e) and (f) in the Summary Compensation Table, and the annual stock award granted in 2010 to Mr. Moonves, as disclosed in column (e) of the Summary Compensation Table.
- (b) With respect to Mr. Moonves' 2010 bonus, the Compensation Committee awarded to Mr. Moonves a total bonus amount which reflects a \$20,000,000 payment for the successes in his role as President and Chief Executive Officer of the Company and a special cash payment of \$7,500,000 for his leadership in connection with the creation of premium content across the Company's portfolio of businesses, particularly with respect to the CBS Television Network, which outperformed its media peers in 2010. The amount is reported in column (d) of the Summary Compensation Table.
- (c) Represents the grant date fair value, determined in accordance with FASB ASC Topic 718, of a special option grant made to Mr. Moonves, as disclosed in column (f) of the Summary Compensation Table, under the terms of his new employment agreement entered into on February 23, 2010. Pursuant to the agreement, Mr. Moonves was granted these stock options on March 1, 2010, with an additional grant of not less than three million and not more than four million stock options to be awarded on the first anniversary of the initial stock option grant, subject to conditions set forth in the agreement. For the years remaining under his agreement, the agreement provides that the Compensation Committee will consider granting additional stock options to Mr. Moonves but that any such consideration does not guarantee that any additional stock options will be made.

Table of Contents

- (2) Salary includes amounts deferred under qualified and nonqualified arrangements. For 2010, all named executive officers, except for Mr. Redstone, deferred a portion of their salary under qualified and nonqualified deferred compensation arrangements. See the Nonqualified Deferred Compensation in 2010 table for further information on amounts deferred under nonqualified deferred compensation arrangements.
- (3) With respect to all named executive officers, amounts set forth in the "Bonus" column for 2010, 2009 and 2008 reflect cash payments made in early 2011 for fiscal year 2010 performance, early 2010 for fiscal year 2009 performance and early 2009 for fiscal year 2008 performance, respectively. See footnote (1)(b) for a discussion of Mr. Moonves' bonus.
- (4) These amounts reflect the aggregate grant date fair values determined in accordance with FASB ASC Topic 718 of grants of (i) restricted share units ("RSUs"), and (ii) performance share units ("PSUs"), as applicable for each executive. In 2010, only Mr. Redstone was granted a PSU award, with respect to which the maximum number of shares to be delivered, assuming attainment of the highest level of performance conditions, would be 644,010 shares, with respect to which the maximum grant date value, determined in accordance with FASB ASC Topic 718, would be \$9,048,341. For the performance-based RSUs granted in 2010 to Messrs. Moonves, Ianniello, Briskman and Ambrosio (representing 50% of their awards included in column (e)), the maximum grant date value, determined in accordance with FASB ASC Topic 718, would be \$4,799,990, \$1,079,993, \$1,079,993 and \$539,997, respectively. For a discussion of the assumptions made in calculating the grant date fair value amounts for 2010, see "RSUs and PSUs" in Note 10 to the audited 2010 consolidated financial statements on page II 67 in the Company's Form 10-K for the fiscal year ended December 31, 2010.
- (5) These amounts reflect the aggregate grant date fair values determined in accordance with FASB ASC Topic 718. For a discussion of the assumptions made in calculating the amounts for 2010, see "Stock Options and Equivalents" in Note 10 to the audited 2010 consolidated financial statements on pages II-67 and II-68 in the Company's Form 10-K for the fiscal year ended December 31, 2010.
- As part of Mr. Moonves' 2008 bonus, the Compensation Committee awarded to Mr. Moonves an equity award of 867,052 stock options on April 2, 2009, the value of which was approximately \$1,500,000, which is included in column (f), "Option Awards" for 2009. These stock options, issued pursuant to the LTMIP, vest ratably over four years, have an eight-year term and are payable in shares of the Company's Class B Common Stock.
- (6) Amounts reflect changes in pension value only, as none of the Company's nonqualified deferred compensation plans provide for above-market interest or preferential earnings, except as noted below. For Mr. Redstone, the amounts for 2010, 2009 and 2008 also include the minimum required distributions he received under qualified pension plans. For Mr. Briskman, the amounts for 2010, 2009 and 2008 also include the distributions he received under qualified and nonqualified pension plans pursuant to which he has an accumulated benefit, but is not currently accruing benefits. See "Pension Benefits in 2010" for further information on these plans.
- Pursuant to Mr. Redstone's amended employment agreement, effective March 16, 2007, the balance of his deferred salary compensation account was converted to stock option equivalents ("SOEs") of equal value. For purposes of this table, the Company considers an increase in the intrinsic value of the SOEs (*i.e.*, the extent to which the market price of the stock underlying an SOE is above its exercise price at a given point in time) as preferential, since other executives and employees do not have the ability to invest their deferred salary in SOEs. There was no increase in the intrinsic value of the SOEs from December 31, 2009 to December 31, 2010, as the market price of the stock underlying each SOE, as of December 31, 2010, remained below its exercise price (\$30.21). See "Employment Agreements - Sumner M. Redstone" for further information on the SOEs. Information about each nonqualified deferred compensation plan is included in the "Description of Nonqualified Deferred Compensation" section.
- (7) The following table and footnotes describe each component of the "All Other Compensation" column for 2010:

- (a) Represents premiums paid in 2010 by the Company for life insurance coverage.
- (b) As provided for in his employment agreement, Mr. Moonves renders his services from the Company's offices in Los Angeles, where he maintains his principal residence, and in New York City. Pursuant to his prior and current agreements, the Company provides for a tax neutralization payment with respect to any incremental New York state and local taxes and fees, an amount that places Mr. Moonves in the same after-tax economic position that he would have been in had he not incurred such incremental New York state and local taxes and fees resulting from the time he is required to provide services for the Company in the State of New York or New York City, with such amount reviewed and validated by the Compensation Committee. The amount in the table above includes such reimbursement paid in 2010 with respect to the payment of certain taxes for tax year 2008. For Messrs. Ianniello, Briskman and Ambrosio, amounts include tax reimbursement on imputed income associated with the West Coast Expense (defined below).
- (c) The Company requires that certain East Coast-based senior executives provide extended services at the Company's West Coast operations, for which the Company provides an estimated expense allowance. The amounts shown in this column represent certain other costs and expenses incurred in connection with providing these services ("West Coast Expense").

Table of Contents

- (d) The amounts of perquisites and other personal benefits shown in this column include (i) the incremental cost to the Company of the personal use of the Company aircraft and (ii) for Messrs. Redstone and Moonves only, the percentage of personal use of a car and driver provided for business-related security reasons. The incremental cost to the Company of the personal use of the Company aircraft is calculated by dividing the total variable costs (including fuel, maintenance, landing and navigation fees, catering, flight crew trip expenses, telecommunications, supplies and miscellaneous expenses) by the total flight hours for such year and multiplying such amount by the executive's total number of flight hours for his personal use for the year (including flights made to reposition the plane in connection with such personal use). Fixed costs which do not change based on usage, such as pilot salaries, hangar rental and insurance are excluded. To the extent that Mr. Redstone uses the corporate aircraft of Viacom for personal use, the Company reimburses Viacom 50% of a per flight hourly amount based on fixed costs and 50% of an amount based on variable costs; to the extent that Mr. Redstone uses the corporate aircraft of the Company for personal use, Viacom reimburses the Company 50% of a per flight hourly amount based on fixed costs and 50% of an amount based on variable costs. For 2010, the amount set forth with respect to Mr. Redstone's personal use of corporate aircraft includes amounts reimbursed to Viacom.
- (e) The "Total" amount also includes the value of a matching charitable contribution made by the Company on behalf of Mr. Moonves, in his capacity as a director for 2010, under the CBS Corporation Matching Gifts Program for Directors. Under the program, as more fully discussed under "Director Compensation Description of Director Compensation," the Company matches donations made by a director to eligible tax-exempt organizations at the rate of one dollar for each dollar donated up to \$7,500 for each fiscal year.
- From time to time, tickets to sporting and other entertainment events are provided to certain employees, including the named executive officers, without charge, to attend these events as they relate to a business purpose. Tickets are made available to employees, including the named executive officers, for personal use if the tickets are not otherwise needed for business use. The Company does not incur incremental costs with respect to tickets to sporting and other entertainment events, as the tickets were purchased by the Company for business purposes and are made available if the tickets are not utilized for such purposes.
- (8) Mr. Ambrosio first became a named executive officer of the Company for fiscal year 2010; therefore, only fiscal year 2010 information is provided for him.

Employment Agreements

All of the named executive officers have employment agreements that set forth the terms and conditions of their employment with the Company. The material terms of each of these agreements necessary to an understanding of the information provided in the Summary Compensation Table for Fiscal Year 2010 and the Grants of Plan-Based Awards During 2010 table are provided below. See "Potential Payments Upon Termination" for a description of the payments and benefits that would be provided to the named executive officers in connection with a termination of their employment.

Sumner M. Redstone

Effective March 13, 2007, the Company entered into an amendment to Mr. Redstone's December 2005 employment agreement, pursuant to which he serves as Executive Chairman and Founder of CBS Corporation, with a pay package structured at that time to reduce fixed compensation, strengthen the pay-for-performance linkage and shift the pay towards equity. Under the amended agreement, Mr. Redstone received through February 2010 a base salary of \$1 million per annum, which was increased to \$1.75 million effective March 1, 2010. His target bonus was \$5 million for 2010. His salary and target bonus are subject to review on at least an annual basis and may be increased at the discretion of the Compensation Committee. Mr. Redstone is provided with \$2.5 million of life insurance during his employment with the Company.

Pursuant to the amended agreement, Mr. Redstone received in 2008, 2009 and 2010, and will continue to receive through 2011, an annual award of stock options for shares of the Company's Class B Common Stock having a value of \$3 million. These stock option grants vest in four equal installments on each of the first four anniversaries of the date of grant and are subject to such other terms as are applicable to grants made to other senior executives. Mr. Redstone's annual stock option award for 2010 was granted on March 1, 2010. Mr. Redstone also received in 2008, 2009 and 2010, and will continue to receive through 2011, an annual award of PSUs under the LTMIP, with a target value of \$3 million. Payouts under the PSUs range from zero to a maximum of 300% of the target number of shares of the Company's Class B Common Stock for the award.

In addition to the above, effective as of March 16, 2007 (the "Exchange Date"), the approximate \$10 million balance of Mr. Redstone's vested deferred compensation account was

Table of Contents

converted into appreciation rights ("Stock Option Equivalents") with the same fair value on the conversion date. The Stock Option Equivalents have an exercise price equal to the closing price of a share of the Company's Class B Common Stock on the Exchange Date (\$30.21), vest in 25% installments on each of the first four anniversaries of the Exchange Date and have a term of eight years from the Exchange Date. Accordingly, Mr. Redstone will only realize value on such deferred amount to the extent the price of a share of the Company's Class B Common Stock is higher, at the time the Stock Option Equivalents are exercised, than the exercise price.

Leslie Moonves

On February 23, 2010, the Company entered into a new employment agreement with Mr. Moonves, which agreement supersedes his employment agreement dated October 15, 2007 and extends the term of his employment to February 22, 2015. The new agreement provides for an annual base salary of \$3.5 million and a target bonus of \$12 million, both subject to an annual review and increase at the discretion of the Compensation Committee. Pursuant to the terms of his employment agreement, a portion of the bonus amount payable to him, if any, is subject to a payment schedule based on levels of achievement (ranging from 80% to 120%) of a "Company-wide" performance goal established by the Committee, which goal will be the same as the performance criterion under the Senior Executive STIP. The payment schedule provides that an 80% level of achievement against this goal will result in a payment of at least 80% of 85% of the target bonus amount set forth in his employment agreement; a 100% level of achievement will result in a payment of at least 85% of the target amount; and a 120% or greater level of achievement will result in a payment of at least 120% of 85% of the target amount.

Under the terms of his employment agreement, Mr. Moonves was granted 3 million stock options on March 1, 2010, with an additional grant of not less than 3 million and not more than 4 million stock options to be awarded on the first anniversary of the initial stock option grant, subject to conditions set forth in the agreement. Also, under the terms of the employment agreement, Mr. Moonves received an initial grant of RSUs having a grant date value of \$8,000,000 on February 23, 2010, and will receive on each anniversary of the initial RSU grant date through 2014 an RSU award with a grant-date value that is \$500,000 higher than the prior year's award. One half of each such RSU award will be subject to time-based vesting only and the remaining half will be subject to time-based and performance-based vesting. For the RSUs subject only to time-based vesting, such awards vest ratably over a three-year period beginning on the first anniversary of the grant date.

Mr. Moonves' employment agreement contains restrictive covenants imposing non-competition obligations, restricting solicitation of employees, and protecting confidential information and the Company's ownership of work product, as well as other covenants, during Mr. Moonves' employment and for specified periods after the termination of employment.

Amounts reflect the fair value on the date of grant, calculated in accordance with FASB ASC Topic 718, of RSUs, PSUs and stock option awards reported in the table.

Description of Plan-Based Awards

Equity awards reported in the Grants of Plan-Based Awards During 2010 table were granted to the named executive officers under the Company's long-term incentive programs.

RSUs For the awards granted under the LTMIP, the number of RSUs awarded is determined by dividing the value to be delivered by the closing price of a share of the Company's Class B Common Stock on the NYSE on the date of grant. Except for FtF grants (which vest over three years) and Mr. Moonves' annual RSU grants (which vest in the manner described in "Employment Agreements - Leslie Moonves"), vesting for RSUs occurs in equal annual installments over four years, contingent on continued employment. Some RSU awards are subject to performance conditions ("PRSUs"), as described under "Compensation Discussion and Analysis - Long-Term Incentive Programs - Performance Goals for LTMIP Awards - PRSUs."

Table of Contents

Stock Options The number of stock options awarded is determined using a Black-Scholes valuation methodology in accordance with FASB ASC Topic 718 employing the same methodologies and assumptions that are applied for purposes of the Company's financial accounting statements (as reviewed by the Compensation Committee's independent consultant). Stock options have an exercise price not less than the closing price of a share of the Company's Class B Common Stock on the NYSE on the grant date and generally have an eight-year term. Vesting for stock options generally occurs in equal annual installments over four years, contingent on continued employment.

PSUs PSUs are notional units of measurement and represent the right to receive a number of shares of the Company's Class B Common Stock determined on the basis of the total stockholder return ("TSR") of the Company's Class B Common Stock relative to the TSR of the common stock of companies comprising the Standard & Poor's 500 Composite Index (with limited exceptions) (the "reference group") over a defined measurement period and, under certain circumstances, determined on the basis of achievement of a pre-determined performance threshold (see "Compensation Discussion and Analysis Long-Term Incentive Programs Performance Goals for LTMIP Awards PSUs" for a description of this threshold). For 2010, only Mr. Redstone received PSUs, in accordance with the terms of his employment agreement, which provides for an annual \$3 million PSU grant on each January 1 through 2011. The target shares for the 2010 PSU grant were determined on the basis of the average closing price of a share of the Company's Class B Common Stock on the NYSE for the 10 trading days prior to the date of grant. Payout under the PSUs range from zero to a maximum of 300% of the target number of shares of the Company's Class B Common Stock for the award. The 2010 PSU grant is subject to a three-year measurement period running from January 1, 2010 through December 31, 2012. The number of shares to be delivered under the 2010 PSU grant is determined in the manner described under "Compensation Discussion and Analysis Long-Term Incentive Programs Performance Goals for LTMIP Awards PSUs."

Fund-the-Future Program ("FtF") The number of RSUs awarded under the FtF equals the quotient derived by dividing (i) 2.5% of an individual's eligible compensation (benefits base rate of pay in effect on the grant date, limited to a maximum of \$550,000) by (ii) the closing price of a share of the Company's Class B Common Stock on the NYSE on the grant date, rounded up or down to the nearest whole number. The RSUs vest ratably over three years from the grant date.

For other terms of these awards relating to performance goals and grant dates, see "Compensation Discussion and Analysis Long-Term Incentive Programs Performance Goals for LTMIP Awards" and " Grant Date of Awards."

For RSUs with a grant date of 10/1/2009 and 2/23/10, amounts in these columns reflect actual achievement of the maximum level of the applicable performance conditions for the period ending 12/31/10. These RSUs vest after 12/31/10, in accordance with the vesting schedule set forth in footnote 1 above. For PSUs with a grant date of 1/1/07 and 3/6/07, amounts in these columns reflect actual achievement for the 1/1/08-12/31/10 measurement period resulting in the payment of the target number of shares. For PSUs with a grant date of 1/1/08 and 2/28/08, amounts in these columns reflect the total resulting from: (i) actual achievement for the 1/1/08-12/31/10 measurement period resulting in the payment of 75% of the target number of shares, and (ii) achievement assuming a truncated two-year measurement period ending 12/31/10 (rather than the actual 1/1/09-12/31/11 measurement period) which would result in the payment of 187.6% of the target number of shares (for Mr. Redstone's PSUs) and 143.8% of the target number of shares (for Messrs. Ianniello, Briskman and Ambrosio). For PSUs with a grant date of 1/1/09 and 1/1/10, amounts in these columns reflect achievement assuming truncated two-year and one-year measurement periods, respectively, ending 12/31/10, (rather than the actual 1/1/09-12/31/11 and 1/1/10-12/31/12 measurement periods, respectively), which would result in the payment of 187.6% and 249.2%, respectively, of the target number of shares.
