LETTER FROM THE CHAIRMAN

Dear Fellow Shareholders,

2015 was a year of continued progress against the strategy put in place under the leadership of our CEO, Bob Carrigan. While the Company is making needed changes to meet the challenges of the changing marketplace, our Board also is adapting to meet the highest standards of corporate governance.

Over the past few years our 10-member Board has actively managed its turnover, adding diverse and relevant experience to the Board. This year, with the additions of Randy Mott and Cindy Christy, our Board now has an average tenure of less than four years. We are confident that the Board will continue to have the appropriate set of skills and experience necessary to provide management guidance and oversight, and to represent the interests of our shareholders.

"Staying current and following best practices with our governance policies is a key focus of the Board, and we have made major enhancements over the last several years."

We have for years been proud of the diversity, dedication and talent on our Board. We currently have three female directors who, in addition to their contributions and insights provided in the Boardroom, give of their time to mentor and help develop Dun & Bradstreet's female leaders. They are important role models within the organization. Reflecting this diversity, Dun & Bradstreet's Board was recognized twice last year. We received a 2015 Corporate Board Diversity award from the Executive Women of New Jersey, and were acknowledged by the Women's Forum Corporate Board Initiative as one of the Fortune 1000/S&P 500 companies with at least 20 percent of its board seats held by women.

We recognize that being a best-in-class director requires continuing education to stay current in corporate governance. In 2015, we engaged the National Association of Corporate Directors to host an on-site training program for the full Board on corporate governance "hot topics" and emerging trends, as well as best practices for Board leadership and guidance on creating and sustaining shareholder value.

Staying current and following best practices with our governance policies is a key focus of the Board, and we have made major enhancements over the last several years. In 2013, we approved and shareholders voted in favor of amendments to our charter and by-laws to permit shareholders to take action by written consent. In 2015, we made further enhancements. Our Board approved and shareholders voted in favor of amendments to our charter and by-laws to reduce from 40 percent to 25 percent the aggregate ownership percentage required for holders of the Company's common stock to call a special meeting of shareholders, which is more in line with market practice.

Table of Contents

"We have for years been proud of the diversity, dedication and talent on our Board."

The Board also conducted a thorough review and analysis of the prevalent practices in proxy access by-laws and approved by-law provisions implementing proxy access. As a result, our by-laws now permit a shareholder, or a group of up to 20 shareholders, owning 3 percent or more of Dun & Bradstreet's common stock for at least three years to nominate directors in the Company's annual meeting proxy materials.

We are confident that these moves keep Dun & Bradstreet apace with the best practices in corporate governance, which in turn protects the Company and builds long-term value for you as a shareholder.

Before closing, I would like to recognize two directors who retired during 2015, Sandi Peterson and Austin Adams. I would like to thank both Sandi and Austin for their invaluable contributions to the Dun & Bradstreet Board over their years of service.

I hope you will join us at the 2016 Annual Meeting of Shareholders of The Dun & Bradstreet Corporation on Wednesday, May 4, 2016, at 8:00 a.m. at The Hilton Short Hills, 41 JFK Parkway, Short Hills, New Jersey.

On behalf of our Board of Directors, I thank you for your continued support of Dun & Bradstreet.

Sincerely,

Christopher J. Coughlin
Chairman of the Board

PROXY STATEMENT

INTRODUCTION

The Board of Directors (Board) of The Dun & Bradstreet Corporation (which we may refer to as Dun & Bradstreet, we, our, or the Company) is soliciting your proxy for use at the Annual Meeting of Shareholders to be held on May 4, 2016 (Annual Meeting). On or about March 22, 2016, we mailed to our beneficial holders a Notice of Internet Availability of Proxy Materials (Notice) containing instructions on how to access the proxy materials on the Internet and how to vote on the Internet and by telephone, and we mailed to our registered shareholders a printed copy of the proxy materials. If you received a Notice and would like to receive a printed copy of our proxy materials, free of charge, you should follow the instructions for requesting such materials included in the Notice. Please see the section titled "General Information About the Meeting" at the end of this proxy statement for more information about voting.

Our principal executive offices are located at 103 JFK Parkway, Short Hills, New Jersey 07078-2708, and our main telephone number is 973-921-5500. Dun & Bradstreet is listed on the New York Stock Exchange (NYSE) with the ticker symbol DNB.

CORPORATE GOVERNANCE

Board of Directors

Dun & Bradstreet's Board currently consists of ten members, all of whom are independent except for Robert P. Carrigan, our Chief Executive Officer (CEO). The objective of our Board is to conduct our business activities so as to enhance shareholder value. Our Board believes that good corporate governance practices support successful business performance and thus the creation of shareholder value. To institutionalize the Board's view of governance, our Board has adopted Corporate Governance Principles. These principles, which were last reviewed in December 2015, cover Board composition and performance (*e.g.*, director independence, qualification of directors, outside directorships and committee service, selection of director nominees, director orientation and continuing education), the relationship of the Board with senior management (*e.g.*, attendance of non-directors at Board meetings and Board access to senior leadership), Board meetings, Board committees and management review (*e.g.*, evaluation of the CEO and management succession).

The Board has four standing committees: the Audit Committee, the Compensation & Benefits Committee (C&BC), the Innovation & Technology Committee (I&TC) and the Nominating & Governance Committee (N&GC). Each Board committee has its own charter setting forth its purpose and responsibilities, including, where applicable, those required by the NYSE listing standards. Each of the committees and their charters are described in more detail below.

Our Corporate Governance Principles and the charters of each of our committees of the Board are available in the Investor Relations section of our website (<http://investor.dnb.com>).

Leadership Structure of the Board. Our Board is currently led by our independent Chairman of the Board (Chairman), Christopher J. Coughlin.

Our Board considers independent leadership as critical for board effectiveness. Accordingly, the Company's Corporate Governance Principles provide that in the event the Chairman is not an independent director, the Board will appoint an independent Lead Director. The Chairman of the Board or, if appointed, the Lead Director (i) presides over the non-management executive sessions of the Board, (ii) collects feedback from Board meetings and provides it to the CEO, (iii) may call a meeting of the non-management directors at any time, (iv) leads the annual CEO evaluation process,

Table of Contents

and (v) performs such other responsibilities as the Board may from time to time delegate to assist the Board in performing its responsibilities. If an independent director serves as Chairman, as is the case now, there is no requirement for a separate Lead Director.

The Board's Role in Risk Oversight. The Board oversees the Company's risk profile and management's processes for assessing and managing risks, both as a full Board and through its committees. The Board reviews strategic risks. Risk oversight of non-strategic risks is delegated based upon the expertise of certain committees that periodically report risk oversight activities to the Board. Specifically, the Board has delegated to the Audit Committee, the N&GC, the C&BC and the I&TC, responsibilities related to risk oversight as described herein.

The Audit Committee oversees the Company's major financial, legal, regulatory and compliance risk exposures. In addition, the Audit Committee oversees, and reviews with the internal auditors and management, the Company's enterprise risk management process, including the prioritization of the identified risks and management's mitigation plans. As part of the enterprise risk management process to identify and prioritize risks to the Company, management uses the *Internal Control Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), which analyzes enterprise risks from the standpoint of a company's strategic, operational, compliance and financial reporting objectives.

Particular members of management provide updates to or report to the Audit Committee as follows:

The Chief Enterprise Risk & Audit Officer reports both to the Chief Financial Officer and the Chairman of the Audit Committee. On a quarterly basis, the Audit Committee reviews and discusses with the Chief Enterprise Risk & Audit Officer the Company's internal system of audit and financial controls, internal audit plans and the periodic report of audit activities.

The Principal Accounting Officer and Corporate Controller reports to the Chief Financial Officer and discusses financial controls with the Audit Committee in his capacity as leader of the Company's Sarbanes-Oxley controls. On a quarterly basis, the Principal Accounting Officer and Corporate Controller reviews progress on control testing and mitigation of any identified risks with the Audit Committee.

The Chief Compliance Officer reports to the Chief Legal Officer and provides updates (at least quarterly) to the Audit Committee on compliance risks and controls.

In addition, at least quarterly, the Audit Committee meets in private sessions separately with each of the Chief Enterprise Risk & Audit Officer, the Chief Financial Officer and the Company's independent registered public accounting firm. Periodically, the Audit Committee also meets privately with the Principal Accounting Officer and Corporate Controller and the Chief Compliance Officer.

The C&BC annually reviews with management the compensation policies and practices of the Company, including those applicable to non-executive officers, to determine the extent to which risks arising from the Company's compensation policies and practices are reasonably likely to have a material adverse effect on the Company. The compensation-related risk analysis considers the major components of compensation and compensation-related policies at the Company and how each may impact risk-taking activities by employees. The analysis is prepared by management and reviewed and agreed upon by an interdisciplinary management team comprised of senior leaders from finance, internal audit and enterprise risk, sales operations, legal, human resources and compensation. In addition, the C&BC's independent executive compensation consultant, Meridian Compensation

Table of Contents

Partners LLC (Meridian), as well as the Company's external legal counsel, reviewed and provided feedback on the analysis. Based on this analysis, the C&BC agreed with management that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The I&TC periodically reviews with management the commercial risks of the Company's technology infrastructure and platforms, including marketplace and financial risks and information technology security risks. For example, management reviews with the I&TC the progress of the implementation of our technology investments.

The N&GC may periodically review the Company's policies and programs related to (i) political actions and legislative affairs, (ii) employee health and safety, (iii) equal employment opportunity, and (iv) charitable contributions.

Each of the Audit Committee, C&BC, I&TC and N&GC periodically reports to the Board on any such matters under review, as appropriate.

Independence of the Board and Committees

Our Corporate Governance Principles require that at least two-thirds of the Board meet the criteria for independence established by the NYSE and applicable laws. After considering all relevant facts and circumstances, our Board has determined that each of its members except Robert P. Carrigan, our CEO, is independent under the NYSE listing standards and applicable laws. Our Board has also determined that each member of the Audit Committee, the C&BC, the I&TC and the N&GC is independent under the NYSE listing standards and applicable laws (although I&TC member independence is not required because it is not a NYSE-required committee).

Pursuant to NYSE rules, a director is not independent if the director is, or has been within the last three years, an employee of the Company. In addition, for a director to be considered independent, the Board must affirmatively determine that the director has no material relationship with the Company (either directly or indirectly, such as a partner, shareholder or officer of an organization that has a relationship with the Company). Our Corporate Governance Principles set forth categorical standards to assist the Board in determining what constitutes a material relationship with the Company. The Board retains the sole right to interpret and apply the foregoing standards in determining the materiality of any relationship. Our Corporate Governance Principles are available in the Investor Relations section of our website (<http://investor.dnb.com>).

Board Meetings

Our Board held nine meetings in 2015, with no director attending fewer than 75% of the aggregate number of meetings of the Board and of the committees of the Board on which he or she served.

The Corporate Secretary, together with the Chairman, drafts the agenda for each Board meeting and distributes it to the Board in advance of each meeting. Each Board member is encouraged to suggest items for inclusion on the agenda.

Information and data that are important to the Board's understanding of the business and of scheduled agenda items are distributed sufficiently in advance of each Board meeting to give the directors a reasonable opportunity for review.

Table of Contents

Our non-management directors meet in regularly scheduled executive sessions without members of management. Our Chairman, Christopher J. Coughlin, presides over executive sessions of the Board. Mr. Coughlin has served as the Chairman since October 2013. Prior to that, Mr. Coughlin served as our Lead Director since August 2010. The non-management directors held six executive sessions of the Board in 2015. More information relating to Mr. Coughlin's responsibilities as Chairman can be found under the "Leadership Structure of the Board" section of this proxy statement.

The Audit Committee. Under the terms of its charter, the Audit Committee's primary function is to appoint annually the independent registered public accounting firm and to assist the Board in the oversight of:

the integrity of our financial statements and internal controls over financial reporting;

the independent registered public accounting firm's qualifications and independence;

the performance of our internal audit function and independent registered public accounting firm; and

our compliance with legal and regulatory requirements.

A copy of the Audit Committee's charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>). The Report of the Audit Committee can be found under the "Audit Committee Information" section of this proxy statement.

Our Board has reviewed the qualifications and experience of each of the Audit Committee members and determined that all members of the Audit Committee are "financially literate" as required by the NYSE listing standards.

Our Board has also determined that James N. Fernandez qualifies as an "audit committee financial expert" as that term has been defined by the rules of the SEC and has "accounting or related financial management expertise" within the meaning of the NYSE listing standards.

Table of Contents

The Compensation & Benefits Committee. Under the terms of its charter, the primary function of the C&BC is to discharge the Board's responsibilities relating to compensation of our CEO and our other executive officers. Among other things, the C&BC:

evaluates the CEO's performance and reviews with the CEO the performance of other executive officers;

establishes, reviews, approves and revises our plans, policies, programs, arrangements and procedures for compensating our executive officers;

has oversight responsibility for the administration of our employee benefit plans, policies, programs, arrangements and procedures for compensating our executive officers, excluding those that are tax-qualified retirement plans subject to the Employee Retirement Income Security Act of 1974, as amended;

recommends to the Board for approval the adoption, rescission and amendment of all cash incentive compensation and equity-based incentive plans in which executive officers participate, as well as all other equity-based plans that require the approval of shareholders or as otherwise required by law;

oversees the evaluation of management, including CEO succession planning and management development;

administers our equity-based plans and cash incentive plans that specifically provide for administration by the C&BC; and

reviews the non-employee director compensation program, recommending any changes to the Board for approval.

The C&BC may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee and, to the extent permitted by applicable plans, laws or regulations (including NYSE listing standards), to any other body, individual or management. A copy of the C&BC charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

The C&BC has appointed two committees comprised of employees of the Company to perform certain settlor, fiduciary and administrative responsibilities for our employee benefit plans, provided such actions do not impact the compensation of the executive officers of the Company for whom the C&BC has direct responsibility. The two committees are:

Plan Benefits Committee (PBC): The PBC has settlor powers with respect to employee benefit plan design changes, except that the PBC cannot take any action with respect to an employee benefit plan or create or terminate an employee benefit plan if it would result in an annual financial impact to the Company of greater than \$1 million. In addition, the PBC does not have authority to take any actions that are solely within the province of the Plan Administration Committee. The PBC does not have responsibility for any aspect of the Company's tax-qualified retirement plans. That responsibility resides with management.

Plan Administration Committee (PAC): The PAC has fiduciary and administrative powers under the employee benefit plans, with the exception that the Plan Administration Committee has no responsibility with respect to any aspect of the Company's tax-qualified retirement plans.

Table of Contents

The C&BC has also delegated to our CEO the authority to make limited grants under our equity-based compensation plans to non-executive officers. A detailed description of our processes and procedures for the determination of compensation for our executive officers and directors, including the role of the C&BC, our independent compensation consultant and our CEO in determining or recommending the amount or form of compensation, is included in the "Compensation Discussion & Analysis" section of this proxy statement.

In addition to the independence standards described above, in determining the composition of the C&BC, our Board considered all factors specifically relevant to determining whether each member of the C&BC has a relationship to Dun & Bradstreet that is material to the director's ability to be independent from management, including (i) the source of the director's compensation, including any consulting, advisory or other compensatory fees paid by us, and (ii) whether the director has an affiliate relationship with Dun & Bradstreet, one of our subsidiaries or an affiliate of a subsidiary. The Board concluded that no member of the C&BC has a relationship that would impair a director's ability to make independent judgments about the Company's executive compensation.

The C&BC has retained the services of an independent compensation consultant. The mandate to the consultant is to work for the C&BC in connection with its review of executive and non-employee director compensation practices, including the competitiveness of executive pay levels, executive incentive design issues, market trends in executive compensation and technical considerations. The nature and scope of services rendered by the consultant on the C&BC's behalf are described below:

competitive market pay analyses for executive positions, non-employee director pay studies, proxy data studies, dilution analyses, and market trends in executive and non-employee director compensation;

pay for performance analyses and commentary on risk in the Company's executive pay programs;

ongoing support with regard to the latest relevant regulatory, governance, technical, and/or financial considerations impacting executive compensation and benefit programs;

assistance with the design of executive compensation or benefit programs, as needed; and

preparation for and attendance at C&BC and selected management or Board meetings.

The C&BC's independent executive compensation consultant is Meridian. Meridian's services to the Company are limited to advising the C&BC with respect to executive officer and non-employee director compensation. The C&BC reviews and evaluates the independence of its consultant each year and has the final authority to hire and terminate the consultant. In considering Meridian's independence, the C&BC reviewed numerous factors relating to Meridian and the individuals actually providing services to Dun & Bradstreet, including those required by the SEC and the NYSE. Based on a review of these factors, the C&BC has determined that (i) Meridian is independent and (ii) Meridian's engagement presents no conflicts of interest.

The Innovation & Technology Committee. Under the terms of its charter, the primary function of the I&TC is to review our approach to information technology and innovation, including:

the information technology platforms required to enable customer-centric innovation, cost-effective organic growth and competitive advantage with respect to M&A opportunities;

Table of Contents

the process and approach required to drive product innovation such as customer research, design and product development to enable customer success;

advising the innovation and technology senior management team as may be needed in connection with the I&TC's duties and responsibilities outlined above; and

assisting the Board in fulfilling its oversight responsibilities regarding the Company's information technology and innovation.

In addition, the I&TC reviews with management the risks of the Company's technology infrastructure and platforms, including marketplace and financial risks and information technology security risks. The I&TC may also delegate all or a portion of its duties and responsibilities to a subcommittee or, to the extent otherwise permitted by applicable laws or regulations, to any other body, individual or management. A copy of the I&TC charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

The Nominating & Governance Committee. Under the terms of its charter, the N&GC's primary responsibilities include:

identifying individuals qualified to become Board members;

recommending candidates to fill Board vacancies and newly created director positions;

recommending whether incumbent directors should be nominated for re-election to the Board upon expiration of their terms;

developing and recommending to the Board a set of corporate governance principles applicable to the Board; and

overseeing the evaluation of the Board.

A copy of the N&GC charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

In accordance with our Corporate Governance Principles and the N&GC charter, the N&GC oversees the entire process of selection and nomination of Board nominees, including screening candidates for directorships in accordance with the Board-approved criteria described below. The N&GC, with input from the CEO and Chairman, will identify individuals believed to be qualified to become Board members. The N&GC solicits candidates from its current directors and, if deemed appropriate, retains for a fee, one or more third party search firms to identify and help evaluate candidates. The N&GC will recommend candidates to the Board to fill new or vacant positions based on such factors as it deems appropriate, including independence, potential conflicts of interest (including any affiliation with an entity that competes or appears to compete with the Company), professional experience, personal character, integrity, diversity, outside commitments (*e.g.*, service on other boards) and particular areas of expertise all within the context of the needs of the Board. The N&GC does not use a formula for these factors, including diversity, but instead applies its judgment based on the needs of the Company.

The N&GC will also consider director nominees proposed by our shareholders. Any shareholder wishing to propose a future nominee for consideration by the N&GC may nominate persons for election to the Board if such shareholder complies with the notice procedures set forth in our by-laws

Table of Contents

and summarized under the "Shareholder Proposals for the 2017 Annual Meeting" section of this proxy statement. The N&GC uses the same criteria described above to evaluate nominees proposed by our shareholders.

No individuals were proposed for nomination by any shareholders in connection with this proxy statement or the 2016 Annual Meeting of Shareholders.

Communications with the Board and Audit Committee

We have a process in place that permits shareholders and other interested persons to communicate with our Board through its independent Chairman, Christopher J. Coughlin, and with the Audit Committee through its Chairman, James N. Fernandez. To report complaints about our accounting, internal accounting controls or auditing matters, shareholders and other interested persons should write to the Dun & Bradstreet Audit Committee Chairman, care of our third party compliance vendor, at: AlertLine, NAVEX Global, Inc., 13950 Ballantyne Corporate Place, Suite 300, Charlotte, North Carolina 28277. To report all other concerns to the non-management directors, shareholders and other interested persons should write to the Chairman of the Board, care of AlertLine, NAVEX Global, Inc., at the address noted above. Communications that are not specifically addressed as indicated above will be provided to the Chairman of the Board. Concerns can be reported anonymously by not including a name and/or contact information, or confidentially by marking the envelope containing the communication as "Confidential." All communications received by AlertLine will be sent first to our internal compliance officer, who will forward them on to the applicable director after review. The compliance officer will not forward non-substantive communications that are unrelated to the duties and responsibilities of the Board, such as: spam, business solicitations or advertisements, resumes, product-related inquiries, junk mail or mass mailings, service complaints or inquiries, personal grievances, any threatening or hostile communications or similarly unsuitable communications. As appropriate, such items may be redirected to internal management for investigation, resolution and/or response. These instructions can also be found in the Corporate Governance information maintained in the Investor Relations section of our website (<http://investor.dnb.com>). On a quarterly basis we provide a summary to the N&GC of all matters that have been received by Messrs. Coughlin and Fernandez through the above process.

Attendance at Annual Meetings

We expect directors to be available to attend our Annual Meeting. All of our directors attended our 2015 Annual Meeting of Shareholders.

Service on Multiple Audit Committees

Our Corporate Governance Principles prohibit our Audit Committee members from serving as members of more than two other public company audit committees without the Board's approval. Any determination by the Board approving of service on more than two other public company audit committees will be disclosed in our annual proxy statement. No Audit Committee member currently serves on the audit committee of more than two other public companies.

Related Persons Transactions and Approval Policy

Our Board recognizes that related persons transactions present a heightened risk of conflicts of interest and therefore has adopted a written policy to be followed in connection with all related persons transactions involving Dun & Bradstreet.

Table of Contents

Under this policy, the Board has delegated to the N&GC the responsibility for reviewing and approving certain related persons transactions in excess of \$120,000, in which the related person may have a direct or indirect material interest. The Board has empowered the Corporate Secretary to review all related persons transactions in excess of \$120,000 and to present to the N&GC for approval those transactions in which the related person is reasonably likely to have a direct or indirect material interest. For purposes of this policy, a transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any guarantee of indebtedness) or any series of similar transactions, arrangements or relationships. In addition, a related person is any holder of 5% or more of voting securities of the Company, or any director, nominee for director or executive officer of the Company or their immediate family members.

In approving related persons transactions, the N&GC shall determine whether each related persons transaction referred to the N&GC was the product of fair dealing and whether it was fair to Dun & Bradstreet.

Under this policy, we review our records and make inquiries of our directors and executive officers to identify any related persons transactions. We search our books and records for any related persons transactions that involve amounts, individually or in the aggregate, that exceed \$120,000.

The N&GC did not review any related persons transactions pursuant to the policy during 2015.

Promoters and Control Persons

There are no reportable transactions pursuant to this requirement.

COMPENSATION OF DIRECTORS

Overview of Non-employee Director Compensation

For 2015, our non-employee directors' total compensation program consisted of both cash and equity-based compensation awards as follows:

Annual board cash retainer of \$70,000;

Additional annual cash retainer for each Committee Chair of \$20,000;

Additional cash retainer of \$100,000 per year for the Non-executive Chairman; and

Annual grant of restricted stock units, or RSUs, with a value of approximately \$120,000.

Cash compensation was paid in semi-annual installments in 2015. No separate fees are paid for attendance at Board or Committee meetings. The RSU grant is made on the date of the Annual Meeting of Shareholders.

In addition, non-employee directors may elect to defer all or a portion of their annual cash retainer(s) into our Non-employee Directors' Deferred Compensation Plan. Directors who defer their cash retainers into the Dun & Bradstreet Common Stock Fund under the plan receive a 10% premium payment credited to their account. This premium as well as the base deferral amount must remain invested in the Dun & Bradstreet Common Stock Fund for a period of at least three years from the date these amounts are initially credited to the non-employee director's account. Receipt of RSU awards may also be voluntarily delayed such that the delivery of the underlying shares is the date of separation from service. RSUs are credited with dividend equivalents while delayed.

Upon joining the Board, each new non-employee director receives a one-time stock option grant with a grant date fair market value of approximately \$35,000. The number of options is based on a modified Black-Scholes methodology. These stock options vest in full one year from the date of grant. In addition, each new non-employee director receives a pro rata allocation of the other components of the total compensation program as described above.

Non-employee directors are also provided with the following benefits:

Reimbursement for reasonable Company-related travel;

Director continuing education and other expenses;

Travel accident insurance when traveling on Company business;

Personal liability insurance; and

Participation in our charitable matching gift program of up to \$4,000 per calendar year.

Only non-employee directors receive compensation for serving on the Board. A director who is also an employee of the Company receives no additional compensation for serving as a director.

Table of Contents**Stock Ownership Guidelines**

Non-employee directors are required to hold an aggregate value of shares equal to 5 times the annual board cash retainer received by Directors under the total compensation program, which is intended to be achieved within 5 years and thereafter maintained. Shares counted towards stock ownership include (i) shares owned outright, (ii) deferred shares, (iii) Restricted Stock Units, (iv) shares held in the Dun & Bradstreet Common Stock Fund, (v) 50% of vested and exercisable options, and (vi) such other form of equity compensation as may be received by Directors from time to time under the total compensation program.

The following table summarizes the compensation paid to our non-employee directors in 2015:

Judith A. Reinsdorf	70,000	119,966		8,766	198,732

- (1) In addition to the \$70,000 annual cash retainer for each non-employee director, the following non-employee directors earned additional fees for serving as Chairman of the Board or as a Committee Chair: Mr. Coughlin \$120,000 (includes \$20,000 for serving as Chairman of the N&GC and \$100,000 for serving as non-executive Chairman of the Board); Mr. Fernandez \$20,000 (for serving as Chairman of the Audit Committee); Mr. Garcia \$20,000 (for serving as Chairman of the C&BC); Ms. Lauterbach \$3,945 (for partial year service as Chair of the I&TC) and Ms. Peterson \$20,000 (for serving as Chair of the I&TC). Mr. Adams received the full first installment (out of two installments) of the annual cash retainers since he completed his service with our Board on May 6, 2015. Mr. Mott and Ms. Christy received a pro rata annual cash retainer as they joined our Board on June 10, 2015 and August 5, 2015, respectively.
- (2) Amounts shown represent the aggregate grant date fair value as calculated under generally accepted accounting principles in the United States of America (GAAP), without regard to forfeiture assumptions. For more information on how we value stock-based awards (including all assumptions made in such valuation), refer to "Note 11 Employee Stock Plans" in the "Notes to Consolidated Financial Statements" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015. The amounts shown cannot be considered predictions of future value. These assumptions may or may not be fulfilled.
- (3) The annual equity grants were reviewed by the C&BC and were made on the date of the Annual Meeting of Shareholders. With the exception of Mr. Mott and Ms. Christy, each non-employee director was granted 954 RSUs on May 6, 2015. The number of RSUs is based on the mean of the high and low trading prices of our common stock on the date of grant. Mr. Mott was granted a pro rata number of RSUs (835) in conjunction with his appointment to our Board on June 10, 2015 and Ms. Christy was granted a pro rata number of RSUs (714) in conjunction with her appointment to our Board on August 5, 2015.
- On May 6, 2015, the per share grant date fair value was \$125.75. Therefore, excluding dividend equivalent units, the total full fair value for RSUs granted to each non-employee director in 2015, with the exception of Mr. Mott and Ms. Christy, was approximately \$119,966. Mr. Mott and Ms. Christy each received a pro rata grant on June 10, 2015 and August 5, 2015, respectively, valued at approximately \$108,166 and \$89,793, respectively, with a per share grant date fair value of \$129.54 and \$125.76, respectively. These RSUs vest in full on the earlier of (i) immediately prior to the next year's Annual Meeting of Shareholders or (ii) the director's separation from service with the Board due to death or disability, and are payable in shares of our common stock as of the separation from service date. If the director separates from service with the Board due to retirement, the award is prorated and payable in shares of our common stock as of the retirement date. Directors are credited with dividend equivalents with respect to the

RSUs prior to settlement.

Edgar Filing: DUN & BRADSTREET CORP/NW - Form DEF 14A

Table of Contents

In addition, the following non-employee directors were granted shares in 2015, reflecting payment of dividend equivalent units with respect to RSUs whose restrictions had lapsed in 2015 for those directors who did not defer the receipt of their RSUs (Ms. Lauterbach and Mr. Garcia) or whose shares had been previously deferred and the restrictions lapsed upon their retirement from the Board (Ms. Peterson and Mr. Adams):

Name	Date	Number of Shares
Austin Adams	2/13/2015	80
Austin Adams	5/6/2015	676
Paul Garcia	5/6/2015	17
Anatassia Lauterbach	5/6/2015	17
Sandra Peterson	10/21/2015	784

Dividend equivalent units vest in full when the restrictions on the corresponding RSUs lapse. The value of the dividend equivalent units paid with respect to RSUs is reported in the All Other Compensation column. The amount shown represents the value of all dividend equivalent units credited in 2015.

- (4) On June 10, 2015, we granted Mr. Mott 1,143 stock options with an exercise price of \$129.54 and on August 5, 2015, we granted Ms. Christy 1,170 stock options with an exercise price of \$125.76. The exercise price for these grants was equal to the fair market value of our common stock on the applicable grant date (*i.e.*, the mean of the high and low trading prices). These grants of stock options to Mr. Mott and Ms. Christy were in recognition of their appointments to our Board as a non-employee director. The stock options vest in full on the first anniversary of the date of grant. Stock options not yet vested terminate upon the director's termination of service, except that if the director's service terminates by reason of death, disability or retirement before the first anniversary, a pro rata portion of such stock options vest as of the termination date. Generally, all stock option grants expire ten years from the date of grant.
- (5) Three non-employee directors, Messrs. Coughlin and Fernandez and Ms. Christy, elected to defer all of their 2015 cash retainers into the Dun & Bradstreet Common Stock Fund under our Non-employee Directors' Deferred Compensation Plan. The directors received a 10% premium on such deferred amounts, which was credited as an additional deferral under the Dun & Bradstreet Common Stock Fund. The amounts shown include this 10% premium as follows: Mr. Coughlin \$19,000, Mr. Fernandez \$9,000 and Ms. Christy \$2,858.
- (6) The amount shown for Mr. Manning and Meses. Peterson and Reinsdorf includes a matching gift of \$4,000 and for Mr. Crovitz and Ms. Christy includes a matching gift of \$3,000, made pursuant to the Dun & Bradstreet Corporate Giving Program available to all of our employees and directors.
- (7) The amounts shown also include the value of all dividend equivalent units credited in 2015. In 2015, the Company paid a quarterly dividend of \$0.4625 per share. The value of all dividend equivalent units equals the number of RSUs as of the record date multiplied by the quarterly dividend. The resulting value is then divided by the fair market value of our common stock on the dividend payment date to arrive at the number of dividend equivalent units to be credited. In 2015, the total value of all dividend equivalent units credited to our non-employee directors was as follows:

Name	Value of RSU Dividend Equivalent Credit (\$)
Christopher J. Coughlin <i>Chairman of the Board</i>	26,432
Austin A. Adams	4,168

**PROPOSAL NO. 2
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2016**

The Audit Committee is directly responsible for the appointment, fees, retention and oversight of our independent registered public accounting firm and we have appointed PricewaterhouseCoopers LLP ("PwC") to serve in this capacity and to audit the consolidated financial statements for the year ending December 31, 2016. PwC succeeded Coopers & Lybrand as our independent auditor in 1998 when the two firms merged. Although shareholder approval of this appointment is not required, the Audit Committee and the Board believe that submitting the appointment to the shareholders for ratification is a matter of good corporate governance. If the shareholders do not ratify the appointment, the Audit Committee will review its future selection of PwC as the independent registered public accounting firm in light of the shareholder vote, but still may retain them. Even if the appointment is ratified, the Audit Committee, at its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of Dun & Bradstreet and our shareholders. Our Audit Committee and our Board of Directors both believe that the continued retention of PwC to serve as the Company's independent external auditor is in the best interest of the Company and its shareholders.

In addition to its audit of our consolidated financial statements, PwC also performed statutory audits required by certain international jurisdictions, audited the financial statements of our various benefit plans, and performed certain non-audit services. Fees for these services are described under the "Fees Paid to Independent Registered Public Accounting Firm" section of this proxy statement. The selection of our lead audit partner is reviewed with the Audit Committee and its Chairman. The rotation of our lead audit partner no less frequently than every five years is required by law. Consistent with our Audit Committee Charter, the Audit Committee considers whether to adopt a policy of rotating our independent auditing firm on a regular basis.

A representative of PwC is expected to be present at the 2016 Annual Meeting of Shareholders. Such representative will have the opportunity to make a statement, if he or she so desires, and is expected to be available to respond to questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.

PROPOSAL NO. 3
ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION (SAY ON PAY)

We believe that our executive compensation program, policies and procedures are founded on pay for performance and are strongly aligned with the long-term interests of our shareholders. This proposal, commonly known as "Say on Pay," gives shareholders the opportunity to express their favor or disfavor with the Company's executive compensation program, policies and procedures.

Our executive compensation program is described more fully in the "Compensation Discussion & Analysis" section of this proxy statement and the related tables and narrative that follow it. Shareholders are, therefore, encouraged to read that information in its entirety to obtain a complete understanding of our executive compensation program.

We believe that the design, development and execution of our pay program, policies and procedures has resulted in executive compensation decisions that are appropriate and that have benefitted the Company and shareholders over time.

At our 2015 Annual Meeting, our advisory vote on executive pay passed with a vote of 98% in favor. We believe that the vote outcome affirmed the executive pay program changes we have implemented since 2013. These changes were received positively by our shareholders and helped to strengthen pay for performance, better align executive compensation with shareholder interests and enhance good governance practices.

As a matter of normal practice, in 2015 we again reached out to shareholders to gain an understanding of how our executive pay programs and policies might continue to be improved. Feedback from these discussions as well as emerging governance trends are important inputs into our thinking about executive compensation and any future changes we may make to our current program.

In the "Executive Summary" of the "Compensation Discussion & Analysis" section of this proxy statement, we highlight our 2015 results and the ongoing policies that contribute to pay for performance and good governance practices. For the reasons provided in our "Compensation Discussion & Analysis," the Board asks you to approve the following resolution:

Resolved, that the shareholders approve the Company's overall executive compensation program, policies and procedures as described in the Compensation Discussion & Analysis, the tabular disclosure regarding named executive officer compensation, and the accompanying narrative disclosure in this proxy statement.

As this is a proposal for advisory approval, the result is not binding upon the Company. However, the C&BC, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders in their vote on this proposal. The C&BC will consider the outcome of this advisory vote when making future compensation decisions for our executive officers.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* APPROVAL OF OUR COMPANY'S OVERALL EXECUTIVE COMPENSATION PROGRAM, POLICIES AND PROCEDURES.

**PROPOSAL NO. 4
RE-APPROVAL OF THE DUN & BRADSTREET CORPORATION
COVERED EMPLOYEE INCENTIVE PLAN, AS AMENDED AND RESTATED**

On October 18, 2000, the Board of Directors adopted The Dun & Bradstreet Corporation Covered Employee Incentive Plan (the "CEIP"), which provides for annual performance-based bonuses to members of senior management whose compensation may be subject to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Tax Code"). The CEIP was approved by shareholders at the Annual Meeting of Shareholders on April 27, 2001. The CEIP was re-approved at the Annual Meeting of Shareholders in 2006 and 2011.

The Tax Code requires resubmission of the CEIP to shareholders for re-approval within five years of prior approval to ensure that compensation awarded under the plans can continue to qualify for the "performance-based" compensation exception to the deduction limitation of Section 162(m) of the Tax Code (the "Exception"). The substantive changes proposed to the CEIP since it was last approved by shareholders in 2011 are:

the inclusion of deferred revenue as an additional potential performance goal as noted below under "3. Performance Goals;"

clarification that performance goals may be measured on a Generally Accepted Accounting Principles ("GAAP") basis, adjusted GAAP basis or non-GAAP basis;

clarification of the maximum amount payable to a participant under awards granted in a single fiscal year as noted below under "1. Eligible Employees and Maximum Award;"

clarification of the exclusions that may be applied in determining attainment of performance goals and the adjustments that may be made to performance goals as noted below under "3. Performance Goals;"

revision of the change in control treatment of awards so that awards will be treated as provided in the Company's Change in Control Plan; and

clarification that awards will be subject to the terms of the Company's recoupment (claw-back) policy as in effect from time to time.

The application of the CEIP is described more completely below in our "Compensation Discussion and Analysis" under "2015 Annual Cash Incentive Plan." The CEIP is used to set the maximum cash incentive amount and the maximum performance-based restricted stock unit award payable to a named executive officer in any fiscal year for purposes of Section 162(m) of the Tax Code. The CEIP should be distinguished from the annual cash incentive plan as described in the "Compensation Discussion and Analysis." While the CEIP establishes the maximum amount that may be awarded for purposes of Section 162(m), the goals or metrics in the annual cash incentive plan enable the C&BC to determine how much of that maximum amount should actually be awarded.

The following summary of the CEIP is subject to the complete terms of the plan, a copy of which is attached hereto as Exhibit A and incorporated herein by reference.

1. **Eligible Employees and Maximum Award.** The Compensation & Benefits Committee of the Board of Directors, or C&BC, selects participants from among the employees of the Company and its subsidiaries who are, or who the C&BC anticipates may become, "Covered Employees" (as defined in

Table of Contents

Section 162(m) of the Tax Code) of the Company and its subsidiaries and who are in a position to have a material impact on the results of the operations of the Company or its subsidiaries. In 2015, eight senior executives of the Company, including Mr. Carrigan, Chief Executive Officer, were the only participants in the plan. Awards can be settled in cash or equity. The maximum dollar amount payable to a participant under all awards granted to the participant in any single fiscal year of the Company and having a performance period of one fiscal year or less is 2% of Company income from continuing operations before provision for income taxes and equity in net income of affiliates for such fiscal year, adjusted to exclude non-core gains and charges for such fiscal year ("Income"); provided, however, that if one or more awards granted in any single fiscal year of the Company have performance periods that span more than one fiscal year of the Company, then the maximum amount payable to the participant with respect to such awards is 2% of the Company's aggregate Income for the whole or partial fiscal years of the Company spanned by such performance periods. The maximum award was set above the Company's anticipated award levels for executives because Section 162(m) regulations only allow "negative discretion" with respect to this type of plan.

2. Administration. The C&BC selects participants, determines the size and terms of awards, the time when awards will be made and the performance period(s) to which they relate, establishes performance objectives and certifies that such performance objectives are achieved, all in accordance with Section 162(m) of the Tax Code. The C&BC also has the authority to interpret the CEIP and to make any determinations that it deems necessary or desirable for its administration. Members of the C&BC are "outside directors" as defined in the regulations under Section 162(m) of the Tax Code and may not participate in the CEIP.

3. Performance Goals. A participant's award is based on the attainment of written performance goals established in writing by the C&BC for a performance period (i) while the outcome for that performance period is substantially uncertain and (ii) within 90 days after the commencement of the performance period to which the performance goal relates (or, if the performance period is less than one year in duration, on or before 25% of the relevant performance period or the participant's service during that performance period has elapsed, as each is scheduled in good faith at the time the performance goal is established). The C&BC adopts or confirms a written definition of each performance goal intended to permit the award to satisfy the Exception at the time the C&BC establishes the performance goal.

The performance goals, which must be objective, are based upon one or more of the following objective criteria:

(i) earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per share; (v) book value per share; (vi) return on stockholders' equity; (vii) expense management; (viii) return on investment before or after the cost of capital; (ix) improvements in capital structure, debt to capital ratio or capital expenditures; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) operating profit; (xiii) stock price; (xiv) market share; (xv) revenues or sales; (xvi) costs; (xvii) cash flow, including operating cash flow, free cash flow or cash flow per share; (xviii) working capital; (xix) changes in net assets (whether or not multiplied by a constant percentage intended to represent the cost of capital); (xx) deferred revenue; (xxi) return on assets; (xxii) economic value added; (xxiii) price to earnings growth ratio; (xxiv) total shareholder return; and (xxv) revenue compound annual growth rate. The foregoing criteria may be measured on a GAAP basis, adjusted GAAP basis, or non-GAAP basis.

Table of Contents

The criteria may relate to the Company, one or more of its subsidiaries, divisions, units, minority investments, partnerships, joint ventures or minority investments, or product lines or products of the Company or any subsidiary, or any combination of the foregoing, and may be measured on an absolute basis and/or be relative to a pre-established target, results for a previous period, or results of one or more peer group companies or indices, or any combination thereof, all as the C&BC determines and specifies in writing. In addition to any adjustments provided by the award, in determining attainment of the performance goals for an award, the C&BC may exclude any or all extraordinary items and other items that are unusual or non-recurring, including but not limited to (i) charges, costs, benefits, gains or income associated with reorganizations or restructurings of the Company and its subsidiaries, discontinued operations, goodwill, other intangible assets, long-lived assets (non-cash), real estate strategy (e.g., costs related to lease terminations or facility closure obligations), litigation or the resolution of litigation (e.g., attorneys' fees, settlements or judgments), or currency or commodity fluctuations; and (ii) the effects of changes in applicable laws, regulations or accounting principles. In addition, the C&BC may adjust any performance goal for a performance period as it deems equitable to recognize unusual or non-recurring events affecting the Company and its subsidiaries, changes in tax laws or regulations or accounting procedures, mergers, acquisitions and divestitures, or any other factors as the C&BC may determine. Such exclusions and adjustments may only apply to the extent the C&BC specifies in writing (not later than the time performance goals intended to permit the award to qualify for the Exception are required to be established) which exclusions and adjustments the C&BC will apply to determine whether a performance goal has been satisfied, as well as an objective manner for applying them, or to the extent that the C&BC determines (if such determination is memorialized in writing) that they may apply without adversely affecting the award's qualification for the Exception. To the extent that a performance goal is based on the price of the Company's common stock, then in the event of any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, any merger, consolidation, spin-off, reorganization, partial or complete liquidation or other distribution of assets (other than a normal cash dividend), issuance of rights or warrants to purchase securities, issuance of equity for cash or any other corporate transaction having an effect similar to any of the foregoing, the C&BC shall make or provide for such adjustments in such performance goal as the C&BC in its sole discretion may in good faith determine to be equitably required in order to prevent dilution or enlargement of the rights of participants.

4. **Payment.** The C&BC determines whether the applicable performance goals have been met, and so certifies in writing and ascertains the amount payable under the award due to achievement of the performance goals. No amount will be paid under an award for a performance period until such written certification is made by the C&BC. At the discretion of the C&BC, the amount of the award actually paid may be less than the amount determined by the applicable performance goal formula. The award will be paid to a participant at a time determined by the C&BC in its sole discretion after the completion of the performance period, but in no event later than the fifteenth day of the third month that begins after the end of the month that contains the last day of the performance period.

5. **Change in Control.** In the event of a "Change in Control" (as defined in the CEIP), awards shall be treated as specified in the Company's Change in Control Plan.

6. **Amendment.** The CEIP may be amended or discontinued by the Board of Directors or the C&BC at any time.

7. **Effectiveness.** The CEIP was effective as of October 18, 2000 and was reapproved by shareholders in 2006 and 2011. If the CEIP is not re-approved by shareholders at the 2016 Annual Meeting, no awards will be granted thereafter; provided that bonus opportunities previously awarded with respect to performance during fiscal year 2016 will remain payable under the CEIP and continue to qualify as performance-based compensation under Section 162(m) of the Tax Code.

Table of Contents

8. Additional Information. The amounts that will be received by participants under the CEIP are not yet determinable as awards are at the discretion of the C&BC and payments pursuant to such awards depend on the extent to which established performance goals are met. The annual performance-based bonus amounts payable pursuant to the CEIP represent bonuses which are earned in the performance year and paid in the following year. As of December 31, 2015, the bonus amounts payable to the named executive officers are included in the "Summary Compensation Table" section of this proxy statement as required for the last three fiscal years (2013-2015). The aggregate bonus amount payable to the named executive officers as a group as of December 31, 2015 for the 2015 performance year was \$2,487,200.

Generally, (i) the grant of an award under the Plan will have no federal income tax consequences to the participant or the Company, and (ii) the payment of compensation to the participant pursuant to the award will be taxable to the participant as ordinary income in the year paid. However, the payment of compensation pursuant to an award may be deferred by the participant if such deferral is permitted under a deferral plan or arrangement approved by the Company. The Company intends for all payments under the Plan to be exempt from the rules for deferred compensation that are set forth in Section 409A of the Tax Code or for these payments to comply with the requirements of Section 409A of the Tax Code.

COMPENSATION DISCUSSION & ANALYSIS

Executive Summary

The C&BC regularly reviews the executive compensation program of the Company to ensure that it is meeting its objectives, including paying for performance, aligning with shareholder interests, offering competitive pay to attract and retain executive talent, reinforcing the right behaviors consistent with our strategy and providing transparency to our shareholders.

2015 Pay for Performance Outcomes. 2015 represented the second year in the execution of our new Company strategy, which was announced in February 2014. We met the majority of our financial and strategic goals while we continued to invest in our business to drive growth. In addition, we acquired and divested businesses consistent with our strategy.

Annual Cash Incentive. Our achievements and the resulting incentive payment were as follows:

As Adjusted Core Revenue growth of 7% (before the effect of foreign exchange), which was within our guidance of 6% to 9%;

Flat As Adjusted Operating Income growth, which was within our guidance of 0% to 4%, reflecting our continued investment in our strategy in 2015 and effective expense control;

As Adjusted Diluted Earnings Per Share growth of 1% (attributable to Dun & Bradstreet common shareholders), which was at the high end of guidance of (3%) to 1%; and

Solid progress and performance in the five priority areas we have defined to advance our Company's strategy:

Expand lead in data analytics,

Modernize delivery,

Globalize the business,

Modernize the brand, and

Create a forward-leaning culture.

For a reconciliation of "As Adjusted Core Revenue," "As Adjusted Operating Income" and "As Adjusted Diluted Earnings Per Share," refer to Schedules I, II and III to this proxy statement, which provides:

GAAP Revenue to As Adjusted Core Revenue before the effect of foreign exchange;

GAAP Diluted Earnings Per Share attributable to Dun & Bradstreet Common shareholders to As Adjusted Diluted Earnings Per Share; and

GAAP Operating Income to As Adjusted Operating Income.

Other relevant achievements in 2015 considered by the C&BC included:

Modernized and launched our Company values supporting our brand;

Closed two key strategic acquisitions:

NetProspex Inc., which closed on January 5, 2015 and brings best-in-class capabilities to ensure professional contact data sets are accurate, complete and optimized for success; and

Credibility Corp., which closed on May 12, 2015, enabling us to leverage their established track record and suite of products to serve the unique needs of emerging business customers;

Accomplished major organizational realignment of data, analytics and technology under our Chief Content & Technology Officer and all of our customer-facing organizations under our President & Chief Operating Officer;

Achieved certification as the first Small Business Financial Exchange vendor and entrant to the market with a differentiating solution;

Reached 250 million global business records and continued to advance our competitive differentiation across foundational, firmographic and predictive insights data; and

Made progress toward creating a culture of learning and development focused on sustainable high performance, building and developing leadership talent and investing in our people.

Based on an assessment of the above results and achievements, the C&BC awarded cash incentives to our named executive officers equaling 80% of target (a more detailed discussion is included in the "2015 Annual Cash Incentive Plan" section of this proxy statement).

Leveraged Restricted Stock Units (LRSUs). In addition to the annual cash incentive, the LRSU portion of our long-term incentive program (which represents half of the program's economic value at grant) provided the following payouts for performance as of the end of 2015:

LRSU Grant	Performance Period	Metric	Payout as Percent of Target Grant
Third tranche of March 1, 2013 grant	3 years: 2013-2015	Dun & Bradstreet	117.9%
Second tranche of March 3, 2014 grant	2 years: 2014-2015	common stock price	84.8%
First tranche of March 2, 2015 grant	1 year: 2015	appreciation / depreciation	79.8%

3-year Performance Units. The other half of our long-term incentive program is a 3-year performance unit grant based on two measures equally weighted: 1) Dun & Bradstreet's 3-year total shareholder return (TSR) performance relative to companies in the S&P 500, and 2) Dun &

Table of Contents

Bradstreet's 3-year compound annual growth rate (CAGR) in revenue. Actual results for these two measures provided the following payout for the performance period 2013 - 2015:

3-year Performance Unit Grant	Performance Period	Metric	Weight	Payout as Percent of Target Grant
March 1, 2013 grant	3 years: 2013-2015	Dun & Bradstreet TSR vs. S&P 500	50%	73.3%
		Dun & Bradstreet 3-year Revenue CAGR	50%	36.2%
Total Award				54.7%

Our Named Executive Officers

This Compensation Discussion & Analysis, and the tables which follow, cover the compensation paid to our named executive officers, who are the following five executives serving in the roles cited for the entire fiscal year:

Robert P. Carrigan, who served as President and Chief Executive Officer and Director from January 1, 2015 until November 1, 2015 and as Chief Executive Officer and Director since November 2, 2015 (our principal executive officer); and

Richard H. Veldran, who served as Chief Financial Officer (our principal financial officer).

Our three highest compensated executive officers, other than our principal executive officer and our principal financial officer, are:

Joshua L. Peirez, who served as Chief Operating Officer from January 1, 2015 until November 1, 2015 and as President and Chief Operating Officer since November 2, 2015;

Curtis Brown, who served as Chief Information Officer from January 1, 2015 until November 1, 2015 and as Chief Content and Technology Officer since November 2, 2015; and

John Reid-Dodick, who served as Chief People Officer throughout 2015 and left the Company on January 15, 2016.

Objectives of our Executive Compensation Program

The objectives of our executive compensation program are as follows:

Ensure a strong relationship between pay and performance, including both rewards for results that meet or exceed performance targets and consequences for results that are below performance targets;

Align executive and shareholder interests through short-and long-term incentives that link the executive to shareholder value creation;

Offer a total compensation opportunity that is competitive with the market for senior executives, enabling us to attract, retain and motivate the talent necessary to execute our strategy and achieve our growth targets;

Table of Contents

Reinforce behaviors that are consistent with our strategy to "be one global company, delivering indispensable content through modern channels to serve new customer needs with our forward-leaning culture"; and

Provide transparency to our shareholders.

Summary of Policies Contributing to Pay for Performance: Since one of our primary objectives is linking pay with performance, we have a number of policies supporting that objective, including:

Our long-term incentive plan is 100% performance-based: 50% of our annual equity program is a grant of leveraged restricted stock units where the ultimate value and number of units is based on Dun & Bradstreet stock price appreciation or depreciation over 1-, 2- and 3-year performance periods. The other 50% is a performance unit grant where the ultimate value is based on Dun & Bradstreet's TSR and our revenue CAGR over a 3-year period.

Our pay mix is strongly weighted toward variable compensation: 78% of our named executive officers' total compensation is variable or performance-based and only 22% is base salary; of that 78%, approximately 23% is in the form of cash incentives and 55% is in the form of equity or long-term incentives.

We require our executives to maintain ownership in the Company: Our named executive officers, as well as all other executive officers of the Company, must achieve targeted levels of ownership in our common stock to encourage a focus on long-term value creation.

We do not offer our executive officers any perquisites: Our named executive officers do not receive any perquisites and participate in the same broad-based benefits programs offered by the Company on the same basis as other full-time employees.

We do not provide employment agreements: None of our named executive officers has an employment agreement, and we provide severance benefits (excluding change in control benefits) through the same severance plan available to other employees of the Company.

We do not provide any income tax or excise tax gross ups: Under our Change in Control Plan, which was effective January 1, 2014, we eliminated excise tax gross ups for all participants.

Summary of Policies Contributing to Good Governance Practice: We strive to adhere to the highest standards of good governance, as reflected through the following practices:

We have a formal compensation recoupment or "clawback" policy: This policy gives the C&BC authority to recover or reduce cash and equity incentive awards based on certain financial results that the Company subsequently restates. We will ensure our policy conforms to the final rules on recovery policies once published by the Securities and Exchange Commission and the New York Stock Exchange.

We revised our equity change in control provisions: All equity awards granted after January 1, 2013 have a "double trigger", requiring both a change in control and a qualified termination in order for accelerated vesting to apply.

We eliminated the executive retirement plan benefit for new executives: In 2011, the C&BC eliminated this benefit for all future executive new hires. Only two of our five named executive officers continue to have this benefit due to prior commitments.

Table of Contents

We have an insider trading policy that prohibits hedging and pledging: We expressly prohibit directors, officers and other employees of the Company from purchasing or selling Dun & Bradstreet securities on a short-term basis (less than three months), subject to customary employee plan exceptions. We also prohibit purchasing or selling any listed or over-the-counter options on our common stock, engaging in equivalent derivative transactions or engaging in the short sale of Dun & Bradstreet securities. In addition, we prohibit any borrowing against Dun & Bradstreet securities or otherwise pledging Dun & Bradstreet securities as collateral for a loan.

Our C&BC charter requires a periodic review of risks in our compensation programs: The C&BC conducted such a review in 2015 and concluded that the Company's compensation plans, programs and arrangements do not create risks that are reasonably likely to have a material adverse impact on the Company.

The executive compensation consultant to the C&BC is independent: The current advisor to the C&BC was hired by and reports directly to the C&BC and does not provide any other consulting services to the Company. In addition, the C&BC evaluates the executive compensation consultant annually on several criteria, including integrity, independence, expertise, communications, accessibility and responsiveness.

We manage our equity-based compensation program effectively: Our current and 3-year annualized run rate on equity grants is below the median of our compensation comparison group. We have a stock incentive plan that expressly prohibits stock option re-pricing and cash buyouts without shareholder approval and we have never re-priced or exchanged options for shares, new options or cash.

Our 2015 "Say on Pay" Vote and Shareholder Outreach

At our 2015 Annual Meeting, our advisory vote on executive pay received 98% support. We believe the vote outcome supports the program changes we implemented since 2013. During 2015, we again conducted shareholder outreach, inviting more than 30 of our institutional investors, representing nearly two-thirds of our outstanding shares, to one-on-one discussions about our executive compensation program and policies. Shareholders who accepted our invitation provided positive feedback on the changes we had implemented and the structure of our current program. Feedback from these discussions, as well as emerging governance trends, are important inputs into our thinking about executive compensation and any future changes we may make to our program.

Pay Positioning and Pay Mix

We target annual base salaries for our named executive officers as a group around the median of the compensation comparison group (described below). We position variable pay, including target annual cash incentive and long-term incentives, higher than market median to provide our named executive officers with a target total compensation opportunity that ranges between the median and the 65th percentile of our compensation comparison group. This level of target total compensation, however, is realized only when our performance goals are achieved or exceeded. We may position individual executives above or below these levels based on the factors described below. All of our named executive officers, except Mr. Reid-Dodick, fall within a plus or minus ten percent range of our targeted total compensation opportunity. Mr. Reid-Dodick's target total compensation level was above our stated pay positioning range since he was a highly experienced hire with special skills in the cultural transformation of companies.

Table of Contents

Our pay for performance objective requires that a significant portion of the target total compensation mix be variable. We reinforce the importance of long-term results by emphasizing equity in the target total compensation mix. Individual variable and equity-based compensation varies based on our named executive officer's role, experience, level of responsibility within the organization and market data for comparable jobs in the compensation comparison group. For our named executive officers as a group, on a weighted average basis the target total compensation mix is 22% fixed and 78% variable, and 45% cash and 55% equity. The following table illustrates the emphasis placed on variable and equity-based compensation:

	Fixed/Variable Pay Mix		Cash/Equity Pay Mix	
	Fixed	Variable	Cash	Equity
Robert P. Carrigan	14%	86%	33%	67%
Richard H. Veldran	28%	72%	54%	46%
Joshua L. Peirez	27%	73%	55%	45%
Curtis D. Brown	30%	70%	57%	43%
John Reid-Dodick	30%	70%	57%	43%

*

We illustrate the pay mix of the named executive officers based on their annual 2015 target total compensation.

Mr. Reid-Dodick left the Company on January 15, 2016.

Elements of our Executive Compensation Program

To meet the objectives of our executive compensation program, the 2015 compensation of our named executive officers consisted of the following components and policies:

Total cash compensation, which includes a base salary and a target annual cash incentive opportunity;

Long-term equity incentives including a grant of leveraged restricted stock units and 3-year performance units;

Required stock ownership guidelines;

Voluntary deferral of compensation under our nonqualified deferred compensation plan;

Executive retirement plan benefits (eliminated prospectively in 2011, only two of our named executive officers retain these legacy benefits);

Eligibility to receive severance benefits (which are also available to all employees); and

Eligibility to receive benefits payable upon a qualified employment termination in connection with a change in control of Dun & Bradstreet.

Our named executive officers do not receive any perquisites and participate in the same broad-based benefits programs offered by the Company on the same basis as other full-time employees. Perquisites are entitlement-driven rather than performance-based and, therefore, do not fit within the objectives of our executive compensation program.

Table of Contents

In addition to the components listed above, our named executive officers are eligible to participate in certain benefit programs that are available to all of our U.S. employees including: our cash balance retirement account (which was frozen as of July 1, 2007 for all participants and closed to new entrants on that date), our qualified defined contribution plan, our medical, dental and vision benefits, our life, voluntary group accident, short- and long-term disability, legal, and business travel accident insurance benefits, and our health care and dependent care spending accounts.

Base Salary

Salary provides each named executive officer with a fixed level of compensation related to the daily performance of his or her leadership position and responsibilities, and commensurate with the officer's role in the organization, experience, skill and job performance.

The C&BC reviews the base salaries of our named executive officers annually. The C&BC considers a number of factors in adjusting salary, including:

Market data for comparable executive positions in the compensation comparison group (described below);

Scope of responsibility and accountability within the organization;

Demonstrated leadership competencies and skills; and

Individual performance.

Using these factors in its review, the C&BC did not increase the base salaries of our named executive officers in 2015.

Target Annual Cash Incentive Opportunity

Overview. In addition to base salary, our named executive officers have the opportunity to earn an annual cash incentive tied to Company and individual performance as discussed below. We offer this cash opportunity to reinforce the outcomes and behaviors necessary to meet or exceed our annual commitment to our shareholders and to achieve our strategic objectives.

We believe that consistent, year-over-year growth in revenue and earnings are key drivers of increased shareholder value over the long term. Therefore, our annual cash incentive rewards Company performance as measured by the following:

Financial results growth in As Adjusted Core Revenue before the effects of foreign exchange, As Adjusted Operating Income, and As Adjusted Diluted Earnings Per Share are the most important measures in our executive compensation program and carry the greatest weight (*i.e.*, 80%) because we believe that profitable revenue growth over time will create shareholder value; and

Strategic goals achievement of specific objectives related to our overall strategy to "be one global company, delivering indispensable content through modern channels to serve new customer needs with our forward-leaning culture"; we report to the C&BC on our progress toward these objectives on a quarterly basis.

Table of Contents

In addition to Company performance, individual performance and leadership play an important role in our annual cash incentive. We tie the success of our Company directly to strong leadership that drives results and creates shareholder value. We expect all employees, especially our named executive officers, to demonstrate behaviors that are consistent with our Company values.

At the end of the year, our CEO evaluates the performance of the other named executive officers. In 2015, our CEO assessed each named executive officer on:

Leadership in implementing important Company programs, such as ownership of our business strategy, compliance and culture;

Demonstration of our Company values; and

Individual performance related to function or business unit goals.

Through this process, the CEO applies judgment in assessing the named executive officer's success relative to individual performance and leadership. Based on the results of this assessment, the CEO may recommend an adjustment in the annual cash incentive award for each named executive officer up to 50%, positively or negatively. All adjustment recommendations by our CEO are subject to review and approval by the C&BC.

The Board also performs a similar assessment of our CEO after the conclusion of the fiscal year.

2015 Annual Cash Incentive Plan. In determining annual cash incentives, the C&BC considered performance against four measures weighted as follows:

50% Growth in Company As Adjusted Core Revenue (before the effect of foreign exchange);

15% Growth in As Adjusted Operating Income;

15% Growth in As Adjusted Diluted Earnings Per Share; and

20% Progress toward specific objectives that fall within our five strategic priorities.

Refer to Schedules I, II and III to this proxy statement for a reconciliation of reported to "As Adjusted" financial results.

The 80% weight allocated to financial goals (growth in revenue, earnings per share, and operating income) links to our objective to provide profitable revenue growth year-over-year. Our strategy goal, weighted 20%, is tied to our long-term objective of increasing the level of sustained revenue growth. This allocation balanced our commitment to achieve strong financial results in 2015 with our commitment to deliver on our longer-term growth objectives.

The range of incentive payout for each performance goal was 0% to 200% resulting in a potential annual cash incentive payment between 0% and 200% of the target incentive for each of our named executive officers. The C&BC approved the performance measures for 2015, as well as the principles for assessing results, on February 24, 2015. As in prior years, the C&BC does not set a formulaic scale for determining the payout for each measure. Rather, the C&BC considers our performance against the incentive target (which aligns with our public annual financial guidance) as well as qualitative factors contributing to the actual performance level in making their final decision. We believe this approach ensures better alignment between pay and performance as it allows consideration of factors not known at the beginning of the year. This approach also ensures that the final payout aligns with overall company performance.

Edgar Filing: DUN & BRADSTREET CORP/NW - Form DEF 14A

Table of Contents

In 2015, the C&BC used the following results to determine the level of annual incentive payout for Company performance:

Company Goal	Weight	Financial Incentive Target Range or Strategy Goal	Result	Assessment
Company As Adjusted Core Revenue Growth (1)	50%	6% to 9%	7%	Overall, Company As Adjusted Core Revenue growth was 7%, in line with guidance of 6% to 9% and within our incentive target range. In addition, organic deferred revenue grew by about \$20 million (4% growth, largest in 5 years), reflecting in part the shift in product mix to Data as a Service or DaaS. Delivered revenue as planned from two acquisitions in 2016: NetProspex Inc. and Credibility Corp. Based on these considerations, the C&BC assessed this result as 75%, consistent with our overall revenue growth and corresponding result within the incentive target range.
As Adjusted Diluted EPS Growth (2)	15%	(3%) to 1%	1%	As Adjusted Diluted EPS growth for the year of 1% was at the upper end of guidance and our incentive target range. Lower operating income was offset primarily by favorable interest rate expense through effective capital planning. We also continued to invest in our strategy including two acquisitions. Based on these considerations, the C&BC assessed this result as 120%, consistent with results relative to the incentive target range and the C&BC's qualitative review.
Company As Adjusted Operating Income Growth (2)	15%	0% to 4%	Flat	Flat Company As Adjusted Operating Income growth was within guidance and our incentive target range, albeit at the lower end, partially suppressed by the timing of revenue as we shifted our business to DaaS. Based on these considerations, the C&BC assessed this result as 50%, consistent with results relative to the incentive target range and the C&BC's qualitative review.

- (2) For 2015, our As Adjusted Diluted Earnings Per Share attributable to Dun & Bradstreet common shareholders increased 1% and our As Adjusted Operating Income was flat. During the year, management updated the C&BC at four separate meetings on its quantitative and qualitative assessment of Company performance, based on the outlook at the time, and the projected level of aggregate reward for that performance. The C&BC reviewed and approved the final assessment at its meeting in February 2016.

The C&BC determined the final payout for 2015 Company performance to be 80% of the target annual cash incentive opportunity. That determination was based on:

The overall quantitative and qualitative assessment of Company performance as noted in the above table; and

Other achievements in 2015 considered by the C&BC as noted above in the "Executive Summary" of this "Compensation Discussion & Analysis."

As also noted earlier, we combine the payout for Company performance with any positive or negative discretionary adjustments, up to 50%, for individual leadership and performance to determine the final 2015 annual cash incentive payments to our named executive officers. For 2015, none of the named executive officers received an adjustment to their annual cash incentive payout. The table below summarizes the final payouts to our named executive officers.

2015 Annual Cash Incentive

One-time Cash Bonuses

On May 12, 2015, Dun & Bradstreet completed the acquisition of Credibility Corp. In recognition of their work in making the acquisition a success, the C&BC approved a one-time cash bonus for Mr. Veldran of \$25,000 and for Mr. Peirez of \$100,000. Mr. Veldran was instrumental

in developing the business case from a financial perspective. Mr. Peirez was the key negotiator in the acquisition and was critical in addressing major challenges and ensuring a successful close. The acquisition of Credibility Corp. further enables Dun & Bradstreet's overall growth strategy and quickly accelerates our presence and reach in the small and emerging business arena. This investment in our strategy transforms the way we go to market, capture market share, and expands Dun & Bradstreet's capabilities to deliver more sophisticated solutions to the diverse needs of this critical business sector.

Mr. Brown received a cash sign-on bonus of \$250,000 with his hire in September, 2014. This bonus was paid in two installments, following six and twelve months of employment. This bonus was subject to repayment on a prorated basis in the event of a voluntary termination of employment without good reason or a termination for cause, as defined in the Career Transition Plan, in either case, during the first year of employment.

Annual Long-term Incentive (LTI) Program

Overview. While we tie cash to the achievement of short-term results, we link equity directly to the creation of increased shareholder value over the longer term. Over 50% of the target total compensation opportunity provided to our named executive officers as a group in 2015 was equity-based. This emphasis reflects our view that there should be a close alignment between executive officer rewards and shareholder value creation.

Under our 2015 LTI program, 100% of the total economic value of our named executive officers' annual equity-based compensation is performance-based: 50% is delivered in LRSUs and the remaining 50% is delivered in 3-year performance units. For 2015, we tied our long-term incentives to the following measures and performance periods:

Grant	Measure(s)	Performance Period	Rationale for Vehicle
LRSUs	Dun & Bradstreet stock price appreciation or depreciation	One-third tied to 2015	Links executives' interests directly with the interests of our shareholders
		One-third tied to 2015-2016	Is less volatile and more retentive than stock options
		One-third tied to 2015-2017	Has a considerably stronger tie to performance than time-based restricted shares or units
Performance Units	50% tied to relative total shareholder return (TSR)	2015-2017 (3 years)	Links executives' interests directly with the interests of our shareholders
		50% tied to Dun & Bradstreet's revenue compound annual growth rate (CAGR)	Drives and rewards revenue growth, which we believe is key to growing shareholder value

Rewards executives for
outperforming the market

2015 Equity Grant Levels. In determining the amounts of equity-based compensation for each named executive officer, the C&BC considered a variety of factors including individual performance, leadership competencies, prior executive experience, scope of responsibility and accountability within the organization as well as the total compensation levels for comparable executive positions in the compensation comparison group as noted in the "Pay Positioning and Pay Mix" section of this proxy statement. The C&BC approved the following grants of long-term equity within the context of target total compensation:

Named Executive Officer	Economic Value of Grant	Reason for Grant Level
Robert P. Carrigan	\$ 4,000,000	Represents an increase over prior year in recognition of his performance in his first year as President and Chief Executive Officer and Director
Richard H. Veldran	\$ 850,000	Represents an increase over prior year and progression toward competitive target total compensation
Joshua L. Peirez	\$ 1,000,000	Same level as prior year recognizing his role as Chief Operating Officer and his strong performance in 2014, including development and implementation of our business strategy, execution of important acquisitions, growth in our alliances and a new approach to our Worldwide Network partnerships
Curtis D. Brown	\$ 750,000	Per new hire offer as Chief Information Officer in September 2014 and commensurate with his extensive experience and skills as a technology and business leader
John Reid-Dodick	\$ 750,000	Same level as prior year recognizing his role as Chief People Officer and in line with his broad expertise in culture transformations and talent development

Mr. Reid-Dodick left the Company on January 15, 2016.

2015 Target LRSU Grant. As part of our annual LTI program, the C&BC granted target LRSUs to our named executive officers on March 2, 2015 (shown below in the "Grants of Plan-Based Awards Table"). To determine the number of target LRSUs, we divided the economic value of the LRSU grant by the Dun & Bradstreet stock price of \$119.50 (*i.e.*, the average fair market value of Dun & Bradstreet's stock price over the first 30 trading days of 2015). The C&BC approved the target LRSU grants under our annual program at its meeting on February 24, 2015.

Each tranche of LRSUs vests after the conclusion of the performance period and upon review and approval by the C&BC. The vesting schedule for the 2015 target LRSU grant is as follows:

Grant Date	Tranche	Performance Period	Vesting Date
March 2, 2015	First one-third	1 year	March 2, 2016
March 2, 2015	Second one-third	2 years	March 2, 2017
March 2, 2015	Third one-third	3 years	March 2, 2018

2015 Target 3-Year Performance Unit Grant. In addition to the LRSU grant, the other component of our annual long-term incentive program was a 3-year performance unit grant (also shown below in the "Grants of Plan-Based Awards Table").

We will adjust the initial target grant of performance units up or down based on results over the 3-year performance period. To determine the number of target performance units, we divided the economic value of the target 3-year performance unit grant by the Dun & Bradstreet stock price of \$119.50 (*i.e.*, the average fair market value of Dun & Bradstreet's stock price over the first 30 trading days of 2015). The grant date of the target 3-year performance units was March 2, 2015 (the same as the target LRSU grant).

We split the target grant of performance units into two equal components. We tied the first component to Dun & Bradstreet's 3-year TSR performance relative to the S&P 500 companies. We tied the second component to Dun & Bradstreet's 3-year revenue CAGR. At the end of the 3-year performance period (January 1, 2015 to December 31, 2017), the actual payout in Dun & Bradstreet shares for the performance unit component can range from 0% to 200% of the target grant.

At its meeting on February 24, 2015, the C&BC approved the following performance parameters to determine the actual award for the first component tied to TSR:

**2015-2017 Performance Units

< 30th	0%

Similarly, the C&BC approved the following parameters to determine the actual award for the second component tied to Dun & Bradstreet's revenue CAGR:

D&B 3-year (2015-2017) Revenue CAGR	Payout as % of Target Grant

6.0%	100%
4.0%	25%
< 1.0%	0%

Each component of the performance unit grant will vest 100% after the conclusion of the 3-year performance period and on the third anniversary of the grant date or March 2, 2018.

LRSU Awards. The C&BC approved actual payouts for prior target LRSU grants made to the named executive officers under our annual LTI program. These payouts covered the following performance periods:

Third tranche of 2013 LRSU grant covering the 3-year performance period of 2013 - 2015;

Second tranche of 2014 LRSU grant covering the 2-year performance period of 2014 - 2015; and

First tranche of 2015 LRSU grant covering the 1-year performance period of 2015.

As noted above, the measure for these equity awards was Dun & Bradstreet stock price change during the performance period. The parameters used to determine these payouts were the same as described above for the 2015 target LRSU grant. The approved LRSU awards to our named executive officers were as follows:

Other Vesting Equity Grants

Attracting and retaining key executives is critical to the achievement of our business objectives. In recognition of that principle, the C&BC may periodically make special equity grants to executives it deems critical to the Company's current and future success. The specific features of such grants are tailored to each situation.

Award from Second Tranche of Special 2013 Target LRSU Grant. In consideration of his appointment as President and Chief Executive Officer and Director of the Company in October 2013, the C&BC awarded Mr. Carrigan a grant of 9,678 LRSUs with an estimated economic value of \$1,000,000. The C&BC tied this special grant to 1-, 2- and 3-year Dun & Bradstreet stock price change. The grant date was October 7, 2013, Mr. Carrigan's date of hire.

Like the grant of LRSUs under our annual LTI program described above, we split Mr. Carrigan's target grant of 9,678 LRSUs into three equivalent tranches of 3,226 target LRSUs each. These LRSUs operate in the same way as our annual LRSUs as described above. The table below summarizes the actual payout for the second tranche of Mr. Carrigan's special 2013 target LRSU grant, covering the 2-year period of October 2013 - October 2015:

	Total Target LRSUs	Second Tranche Target LRSUs (1/3rd)	D&B Starting Stock Price	D&B Ending Stock Price	D&B Stock Price Appreciation or Depreciation	Second Tranche Payout (1/3rd)

Robert P. Carrigan	9,678	3,226	\$ 107.40	\$ 111.14	3.5%	3,338	103.5%

The payout from this tranche of the 2013 target LRSU grant is reflected in the Option Exercises and Stock Vested Table.

Table of Contents**Stock Ownership Guidelines**

Under the Company's stock ownership guidelines, we expect our named executive officers and all other executive officers of the Company over time to achieve a minimum specified level of ownership in our common stock. These guidelines reinforce the objectives of our executive compensation program to:

Align senior executives' individual financial interests with those of shareholders; and

Encourage senior executives to focus on long-term value creation.

The levels of stock ownership are a multiple of the executive officer's salary. For our CEO, the minimum level of stock ownership is six times salary. For our other named executive officers, the minimum level of stock ownership is four times salary. These multiples, which are above the general market median, demonstrate our senior executives' commitment to Dun & Bradstreet and their personal financial stake in the Company.

Shares counted toward satisfaction of the ownership guidelines include all stock owned outright, restricted stock units, half of target performance-based restricted stock units (both LRSUs and 3-year performance units), units in the Dun & Bradstreet Common Stock Fund of our 401(k) Plan, and half of the shares underlying vested stock options. There is no timeframe for achieving the ownership guidelines. However, we expect the named executive officer covered by these guidelines to retain 100% of the net shares resulting from equity-based compensation payouts and shares otherwise acquired by them outright until the named executive officer achieves the guideline multiple. Once met, the named executive officer must retain a sufficient number of shares to comply with the guidelines until termination of service with the Company. The named executive officer may only trade shares in excess of the guidelines within designated open window periods in accordance with the Company's Inside Information and Securities Trading Policy.

Each year, the C&BC reviews each of our named executive officer's status and progress towards achieving the guidelines. All of our named executive officers have either met their ownership target, or are in compliance with our 100% retention policy. Noted below is the stock ownership of each of our named executive officers as of December 31, 2015.

Stock Ownership as a Multiple of Salary

Name	Guideline as Multiple of Salary	Actual Ownership as Multiple of Salary
Robert P. Carrigan*	6	4.5
Richard H. Veldran	4	5.9
Joshua L. Peirez	4	7.1
Curtis D. Brown*	4	1.3
John Reid-Dodick*	4	1.8

* The actual ownership levels for Messrs. Carrigan, Brown and Reid-Dodick reflect the fact that they were hired on October 7, 2013, September 2, 2014 and February 4, 2014, respectively. Mr. Reid-Dodick left the Company on January 15, 2016.

Nonqualified Deferred Compensation

Our Key Employees' Nonqualified Deferred Compensation Plan allows our named executive officers and eligible key employees to defer receipt of current income into the future and/or to

Table of Contents

accumulate capital on a tax-deferred basis for a planned future event. This voluntary plan provides our named executive officers with an effective tax planning vehicle. We offer this plan to provide a competitive and comprehensive total compensation package that is designed to attract and retain key executives. Under this plan, participants may voluntarily defer the payment of both salary and annual cash incentives. In 2015, Mr. Veldran deferred payments into the plan. A description of plan details is provided under the Nonqualified Deferred Compensation Table.

Nonqualified Retirement Benefits

Messrs. Peirez and Veldran participate in our nonqualified Executive Retirement Plan, or ERP. We designed the plan originally to provide retirement income and disability benefits to attract and retain the executives of the Company, including, in particular, those executives who joined the Company in the middle of their career. Effective April 4, 2011, we closed the ERP to new participants.

Additional details on the nonqualified retirement plans are in the applicable section following the Pension Benefits Table.

Change in Control Benefits

We believe that change in control benefits help protect shareholder interests. These benefits enable our named executive officers to make decisions in the interest of our shareholders without concern over the impact on them personally. In addition, these benefits provide an incentive for our named executive officers to continue their employment with Dun & Bradstreet during the change in control event.

Equity granted on or after January 1, 2013 and all cash benefits are only "triggered" (*i.e.*, vested or payable on an accelerated basis) if the named executive officer is terminated without cause or resigns for good reason in connection with a change in control and within the specified twenty-four month period following a change in control event. All cash benefits (including severance) under the revised Change in Control Plan are also subject to a "double trigger."

For equity granted prior to January 1, 2013, upon a change in control, unvested options become immediately vested and exercisable and restrictions on RSUs immediately lapse.

A detailed description of our change in control benefits is set forth in the "Overview of Change in Control, Severance and Other Arrangements" section of this proxy statement.

Severance Benefits

We also provide our named executive officers with severance benefits if their employment is terminated as a result of a reduction in force, job elimination, unsatisfactory job performance (not constituting cause) or a mutually agreed-upon resignation, in each case not related to a change in control of Dun & Bradstreet. We provide severance benefits through our Career Transition Plan, in which all of our named executive officers participate. Severance benefits under this plan are available to all employees of the Company. We believe that severance benefits enable our compensation program to remain competitive with the market for executive talent and allow for orderly transitions without individual negotiations.

A detailed description of our severance plan is set forth in the "Overview of Change in Control, Severance and Other Arrangements" section of this proxy statement.

External Benchmarking

Market data provide a reference and framework for decisions about the base salary, target annual cash incentives, and the appropriate level of long-term incentives for each of our named executive officers. However, due to year-over-year variability and the inexact science of matching and pricing executive jobs, we do not use market data as the sole criterion in determining a specific pay level. Therefore, in setting the target pay for our named executive officers, the C&BC reviews market data along with other factors, including the scope of responsibility and accountability within the organization, prior experience, marketability, leadership competencies and individual performance.

Market data also help ensure our other executive compensation program components are competitive with prevalent practice and trends. Therefore, we review the design of our annual cash incentive opportunity and long-term incentive program, the prevalence of executive benefits and perquisites, our stock ownership guidelines and severance and change in control benefits against both our compensation comparison group as well as general industry.

Compensation Comparison Group. Our compensation comparison group includes 24 companies in financial services, business information and technology services. In consultation with Meridian, our independent compensation consultant, the C&BC selected these companies for the compensation comparison group because they:

are within our general "industry";

are broadly within our size range, using revenue (up to approximately three times Dun & Bradstreet) and market capitalization (up to approximately four times Dun & Bradstreet) as parameters;

have executive positions comparable to ours, requiring a similar set of leadership skills and experience; and

are representative of those with whom we compete for business and/or executive talent.

In addition to the above, companies were included in the compensation comparison group only if executive pay data was available either through Equilar's Executive Compensation Survey proprietary database or through publicly available proxy information.

We recruited our current and prior named executive officers from companies like those in our compensation comparison group. We continue to attract executive officer talent from comparable roles at companies represented by businesses in our compensation comparison group. Based on the size parameters as well as the qualitative criteria cited above, the C&BC views the compensation comparison group as an appropriate group for benchmarking purposes.

Each year, the C&BC reviews our pay positioning and performance versus our compensation comparison group. As noted in the "Corporate Governance" section of this proxy statement, the C&BC retained the services of Meridian to perform this review, covering:

Base salaries;

Target and actual annual cash incentives;

Target and actual annual total cash (*i.e.*, base salaries plus target and actual annual cash incentives);

Long-term incentives (grant date and actual values); and

Target and actual total direct compensation (*i.e.*, target and actual annual total cash plus grant date values of long-term incentives).

We strongly believe that there should be a link between a company's performance and its pay levels. Therefore, the analyses included the relationship between executive officer compensation and Company performance over several years.

Executive Compensation Recoupment Policy

The C&BC previously approved the Dun & Bradstreet Incentive Compensation Recoupment Policy, or ICRP. The ICRP became effective January 1, 2013, and covers former, current and future members of the Company's executive team and any other Section 16 officers. The ICRP covers all of our named executive officers and applies to all cash and equity incentive compensation awarded or still outstanding on or after January 1, 2013.

Table of Contents

Under the ICRP, the C&BC may, in its sole discretion and to the extent permitted by applicable law, direct the Company to recover the excess amount of any cash or equity incentive compensation granted, awarded, vested or paid to a covered executive where:

The grant, vesting or payment of the incentive compensation was, in whole or part, based on the achievement of certain financial results that were subsequently restated due to material noncompliance with any financial reporting requirements under the securities laws; and

The incentive compensation based upon the financial results as restated is lower than that actually granted, vested or paid.

The C&BC, in its discretion, determines the value of the excess amount to be recovered or reduced. The C&BC may forego requiring recoupment of incentive compensation that was unconditionally received by a covered executive more than three years before the date on which the Company is required to prepare an accounting restatement.

The Company can recoup excess payments by:

Seeking repayment directly from the covered executive, including the assets of the covered executive;

Reducing the amount that is otherwise payable to the covered executive under any compensatory plan, program, or arrangement maintained by Dun & Bradstreet, including the canceling of outstanding equity awards; and/or

Withholding future compensation that the Company might otherwise provide, in accordance with Dun & Bradstreet's usually applicable compensation programs and practices.

We will ensure our policy conforms to the final rules on recovery policies once published by the Securities and Exchange Commission and the New York Stock Exchange.

Employment Agreements

None of our named executive officers has an employment agreement with the Company.

Tax Impact and Deductibility

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to certain officers unless certain specific and detailed criteria are satisfied. The C&BC considers the anticipated tax treatment to Dun & Bradstreet and our named executive officers in its review and establishment of compensation programs and payments. With regard to the annual cash incentive and the LTI program (*i.e.*, RSUs, LRSUs and 3-year performance unit grants) as described above, we intended to comply with the performance-based compensation exemption available under Section 162(m) in order to enhance the likelihood that these amounts will be fully deductible. We also intended compensation resulting from the exercise of outstanding stock options to be deductible, without regard to Section 162(m). However, notwithstanding the C&BC's efforts, no assurance can be given that compensation will be fully deductible under Section 162(m). The C&BC has determined, and in the future may determine, to award compensation that is not deductible under Section 162(m).

With respect to our annual cash incentive program, the C&BC designated our named executive officers as participants in our Covered Employee Incentive Plan, or CEIP, which is a shareholder

Table of Contents

approved plan. On February 24, 2015, the C&BC established a maximum annual cash incentive opportunity of eight-tenths of one percent of our 2015 earnings before taxes (defined as the Company's income from continuing operations before provision for income taxes and equity in net income of affiliates, on an As Adjusted basis) for our CEO and five-tenths of one percent of our 2015 earnings before taxes for our other named executive officers. Consistent with prior years, the C&BC selected earnings before taxes as the appropriate measure in setting the maximum incentive opportunity since it considers profitable revenue growth over time as a key driver in creating shareholder value. We deemed the percentages selected for our CEO and for our other named executive officers, based on historical results, to generate reasonable levels of maximum incentive opportunity given the nature and scope of our executive positions. Actual annual cash incentive payouts to our CEO and our other named executive officers were less than these maximums as described above. In 2015, our earnings before taxes were \$388.7 million. Therefore, the maximum annual cash incentive opportunity for our CEO was \$3,109,600 and for our other named executive officers the maximum was \$1,943,500 per participant. The amounts determined by these formulae also represent the maximum long-term equity incentive payout for the CEO and other named executive officers for the 2015 fiscal year.

We intended the established maximum incentive opportunity payments under the CEIP to comply with the performance-based compensation exemption under Section 162(m) of the Internal Revenue Code and to enhance the likelihood that any cash amount paid to our participating named executive officers under the CEIP will be fully deductible. Accordingly, we conditioned the maximum incentive opportunity upon performance requirements intended to comply with Section 162(m). However, no assurance can be given that payments under the CEIP will be fully deductible under Section 162(m).

Mr. Reid-Dodick left the Company on January 15, 2016.

- (1) The amounts shown have not been reduced by any deferrals that our named executive officers may have made under qualified or nonqualified deferred compensation plans offered by Dun & Bradstreet.
- (2) Messrs. Veldran and Peirez received a cash bonus in recognition of their contributions to the successful closing of the acquisition of Credibility Corp.
- (3) Mr. Brown received a sign-on bonus, from his hire in September 2014, which was paid in two installments in 2015.
- The equity awards in fiscal year 2015 are described in the CD&A and are included in the "Grants of Plan-Based Awards Table" below. The value shown represents the aggregate grant date fair value of each year's awards, as calculated in accordance with GAAP based on the probable outcomes of the performance conditions judged at the time of grant, without regard to our forfeiture assumptions. If the maximum performance were attained, the grant date fair value of the awards would be as follows: Mr. Carrigan = \$6,301,173, Mr. Veldran = \$1,338,850, Mr. Peirez = \$1,575,295, Mr. Brown = \$1,181,469 and Mr. Reid-Dodick = \$1,181,469. In determining these amounts for maximum performance, only the grant date fair value for the Revenue CAGR component of the 3-year performance units is subject to increase (in this case doubling). The fair values of the other equity grants are fixed regardless of future performance. For more information on how we value stock-based awards (including assumptions made in such valuation), refer to "Note 11 Employee Stock Plans" in the "Notes to Consolidated Financial Statements" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015. These assumptions may or may not be fulfilled. The amounts shown cannot be considered predictions of future value.
- (4) The amounts shown represent non-equity incentive plan payments received by our named executive officers pursuant to our CEIP during the applicable year. For 2015, these cash awards were earned in the 2015 performance year and paid on March 15, 2016.
- (5) Amounts represent the aggregate change in the actuarial present value of our named executive officers' qualified and nonqualified defined benefit plans accrued during the applicable year. These plans include the Dun & Bradstreet Retirement Account Plan, the Pension Benefit Equalization Plan, and the Executive Retirement Plan. Messrs. Carrigan, Brown and Reid-Dodick are not eligible to participate since they joined the Company after all the plans were closed to new participants. No executive received above market or preferential earnings on nonqualified deferred compensation plan benefits.

- (6) The amounts shown include our aggregate annual contributions for the account of each named executive officer under our tax qualified defined contribution plan, the Dun & Bradstreet 401(k) Plan.

Table of Contents

- (7) The terms of the RSUs granted to our named executive officers provide for the accrual of dividend equivalents based on the same rate established from time to time for our common stock, settled in shares at the time of settlement of the corresponding RSUs. Amounts shown include the value of all dividend equivalent units credited in 2015. Dividend equivalents are not accrued for LRSUs or performance unit grants made under the long-term incentive program discussed in our CD&A.
- (8) Our named executive officers do not receive any perquisites and participate in the same broad-based benefits programs offered by the Company on the same basis as other full-time employees.

Mr. Reid-Dodick left the Company on January 15, 2016.

- (1) The amounts shown represent the target and maximum non-equity incentive opportunities for each of our named executive officers under our CEIP. A detailed description of this plan is set forth in our CD&A.
- (2) As described in our CD&A, on March 2, 2015, our named executive officers received LRSUs and performance units as part of our long-term incentive program. The 2015 target units will be adjusted at the end of each performance period based on the performance relative to each parameter. The actual number of units earned for the first tranche of the annual LRSU grant is noted in our CD&A.
- If the employment with Dun & Bradstreet of any of our named executive officers terminates for any reason (other than death or disability) prior to the first anniversary of the grant date or for any reason (other than death, disability or retirement) on or after the first anniversary of the grant date, the named executive officer forfeits all rights to and interests in the unvested LRSUs and/or performance units. If the named executive officer's employment with Dun & Bradstreet terminates due to death or disability, any unvested LRSUs and/or performance units will become vested. If the named executive officer's employment with Dun & Bradstreet terminates on or after the first anniversary of the grant date due to retirement, a pro rata portion of the actual number of LRSUs and/or performance units will vest based on attainment of the performance parameters corresponding to each performance period. Refer to "Potential Post-Employment Compensation Table" section for details on treatment of equity in the event of a change in control.
- (3) Amounts shown represent the grant date fair value, as calculated in accordance with GAAP, without regard to our forfeiture assumptions. For the grants that are subject to the satisfaction of a relative market condition, described in footnote 6 below, the grant date fair value of these awards reflects the probability that the market condition may be met as calculated by an independent third-party consulting organization. For the awards that are subject to internal performance-based measures, described in footnote 5 below, the amounts shown reflect estimates of the probable outcomes of the performance conditions judged as of the time of grant.

for the fiscal year ended December 31, 2015. These assumptions may or may not be fulfilled. The amounts shown cannot be considered predictions of future value.

- (4) The market condition for the LRSU grant, which is Dun & Bradstreet common stock price appreciation or depreciation over the applicable performance period, is described in the CD&A. The fair value of this award will not change based on actual results.
- (5) The internal performance-based criteria tied to the Revenue CAGR component of the 3-year performance units is described in the CD&A. If the maximum performance were obtained for this award, the fair value would be equal to two times the amount shown.
- (6) The relative market condition for the TSR component of the 3-year performance units is described in the CD&A. The fair value of this award will not change based on actual results.

Stock options granted to our named executive officers become exercisable in four equal annual installments commencing on the first anniversary of the date of grant. If employment terminates for any reason other than death, disability or retirement, any vested option may only be exercised during the 90-day period following the date of termination. If employment is terminated for death or disability on or after the first anniversary of the date of grant, the option will immediately vest in full and may thereafter be exercised during the lesser of five years following the date of termination or the option expiration date. If our named executive officer retires, unvested stock options will continue to vest and unexercised

vested options may be exercised during the lesser of the remaining term of the options or five years after the date of termination. Refer to "Potential Post-Employment Compensation Table" section for details on treatment of equity in the event of a change in control.

(2)

Grants of RSUs generally vest 20% on the first anniversary of the grant date, 30% on the second anniversary of the grant date, and the remaining 50% on the third anniversary of the grant date. The grants to Messrs. Veldran (March 1, 2012, grant of 6,250 RSUs) and Peirez (March 3, 2014, grant of 8,891 RSUs) vest 50% on the third anniversary of the date of grant, 25% on the fourth anniversary of the date of grant and 25% on the fifth anniversary of the date of grant.

If any of our named executive officer's employment with Dun & Bradstreet terminates for any reason prior to the first anniversary of the grant date or for any reason (other than death, disability or retirement) on or after the first anniversary of the grant date, the named executive officer forfeits all rights to and interests in the unvested RSUs. If any of our named executive officers is terminated due to retirement, death or disability on or after the first anniversary of the grant date, any unvested RSUs become fully vested as of the termination date.

Refer to "Potential Post-Employment Compensation Table" section for details on treatment of equity in the event of a change in control.

(3)

Grants of LRSUs and performance units made to our named executive officers as part of our annual equity plan (March 1, 2013, March 3, 2014, and March 2, 2015) are described in our CD&A. The target units will be adjusted at the end of each performance period based on the performance relative to each measure. The LRSUs vest over three years from the grant date. Performance units granted in 2013 and 2014 vest 50% on the third anniversary of the grant date after the end of the 3-year performance period and 50% on the fourth anniversary of the grant date. Performance units granted on March 2, 2015 vest 100% on the third anniversary of the grant date after the end of the 3-year performance period.

For our LRSUs and performance units, if any of our named executive officer's employment with Dun & Bradstreet terminates for any reason prior to the first anniversary of the grant date or for any reason (other than death, disability or retirement) on or after the first anniversary of the grant date, the named executive officer forfeits all rights to and interests in the unvested LRSUs and/or performance units. If the named executive officer's employment with Dun & Bradstreet terminates on or after the first anniversary of the grant date due to death or disability, any unvested LRSUs and/or performance units become vested at target. If the named executive officer's employment with Dun & Bradstreet terminates on or after the first anniversary of the grant date due to retirement, a pro rata portion of the actual number of LRSUs and/or performance units will be earned and vested based on attainment of the performance parameters corresponding to each performance period.

Refer to "Potential Post-Employment Compensation Table" section for details on treatment of equity in the event of a change in control.

(4)

As noted in the CD&A, the performance period for the second tranche of the 2014 LRSU grant was completed December 31, 2015. The earned award was 84.8% of the target LRSUs and vested on the second anniversary of the grant date.

(5)

As noted in the CD&A, the performance period for the first tranche of the 2015 LRSU grant was completed December 31, 2015. The earned award was 79.8% of the target LRSUs and vested on the first anniversary of the grant date.

(6)

As noted in the CD&A, the performance period for the third tranche of the 2013 LRSU grant was completed December 31, 2015. The earned award was 117.9% of the target LRSUs and vested on the third anniversary of the grant date.

(7)

As noted in the CD&A, the performance period for the 3-year CAGR performance unit grant was completed December 31, 2015. The earned award was 36.2% of the target CAGR performance units and vested fifty percent on the third anniversary of the grant date and fifty percent will vest on the fourth anniversary of the grant date.

(8)

As noted in the CD&A, the performance period for the 3-year TSR performance unit grant was completed December 31, 2015. The earned award was 73.3% of the target TSR performance units and vested fifty percent on the third anniversary of the grant date. The table below sets forth a summary of the benefits accrued for the two named executive officers under our defined benefit pension plans as of December 31, 2015. Messrs. Not eligible to participate in the plan since the plan was frozen prior to Mr. Peirez's employment with the Company.

Our pension plans for executives are as follows:

A nonqualified benefit plan, referred to as the Executive Retirement Plan (ERP) only two named executive officers (Messrs. Veldran and Peirez) are eligible for this legacy plan;

A nonqualified excess benefit plan, referred to as the Pension Benefit Equalization Plan (PBEP) only one named executive officer (Mr. Veldran) is eligible for this legacy plan; and

A tax qualified cash balance pension plan, referred to as the Retirement Account only one named executive officer (Mr. Veldran) is eligible for this legacy plan.

All of the above plans were either frozen or closed to new participants as described below in the summary for each plan.

Under the Retirement Account and PBEP, years of credited service are counted starting one year after the date of hire. Under the ERP, years of credited service are counted starting on the date of hire to ensure that participants can attain a competitive retirement benefit at retirement. The following actuarial assumptions were used in the calculation of the benefits in the Pension Benefits Table:

The "Present Value of Accumulated Benefit" column reflects the value of the accrued pension benefit payable at normal retirement under each plan in which the executive participates as of December 31, 2015;

"Normal retirement" is defined as age 65 in the Retirement Account and PBEP. The ERP does not define "normal retirement" so the values reflect payment at the first age at which unreduced benefits are payable from the plan (generally, age 55);

Edgar Filing: DUN & BRADSTREET CORP/NW - Form DEF 14A

The interest rate as of December 31, 2015 was 3.89% and the mortality assumption is based on the RP2015 Healthy Annuitant table projected using Scale MP2015; and

Present values at assumed retirement ages are discounted to each individual's current age using an interest-only discount with no mortality.

Table of Contents

Normal forms of payment are reflected for each plan unless our named executive officer has elected a lump sum in either the PBEP or ERP. Messrs. Peirez and Veldran have a lump sum election in effect for the ERP; Mr. Veldran also has a lump sum election for the PBEP. The interest rates used to value the lump sum at the assumed retirement date are the December 2015 Internal Revenue Code Section 417(e) segment rates and the mortality assumption is the Internal Revenue Code Section 417(e) mortality table for 2016 per each plan's provisions.

Retirement Account. The Retirement Account was frozen for all of our employees effective July 1, 2007 and the plan was closed to new participants on that date. The accrued benefits in the Retirement Account for all non-vested participants active as of June 30, 2007 became 100% vested on that date. As a result of the freeze, no additional benefits have accrued under the Retirement Account after June 30, 2007, although existing balances will continue to accrue interest.

The Retirement Account's normal retirement age is 65. Upon termination of employment, a vested participant can elect to receive immediately 50% of his or her benefit as a lump sum or annuity, with the residual 50% being paid at age 55 or later. In addition, if a participant meets the requirements for an Early or Normal Retirement, the participant can elect to receive 50% of his or her benefit as a lump sum and the remainder as an annuity or his or her entire benefit as an annuity. The single life annuity option provides the highest monthly dollar amount under the Retirement Account. A participant can elect other annuity options that provide lower monthly dollar amounts because they are reduced to provide participants with an actuarial equivalent value and a survivor benefit.

Pension Benefit Equalization Plan. Effective July 1, 2007, the PBEP also was frozen for all of our employees and the plan was closed to new participants. As a result of the freeze, no additional benefits have accrued under this plan after June 30, 2007, although existing balances will continue to accrue interest.

Executive Retirement Plan. Effective April 4, 2011, the ERP was closed to new participants. The two named executive officers who remain participants will continue to accrue a benefit in accordance with plan rules. The ERP provides a target annual benefit equal to 4% of the participant's average final compensation (salary plus actual cash incentive) for each of the first 10 years of service to a maximum benefit percentage of 40% of the participant's average final compensation. This benefit is reduced by 15% for vested participants who leave prior to age 55. Average final compensation is equal to the participant's highest consecutive 60 months of compensation out of his or her last 120 months. A participant is 100% vested in the applicable benefit upon completion of five years of participation in the plan.

The target annual benefit payment from the ERP is offset by any pension benefits earned in the Retirement Account, PBEP or any other pension plan sponsored by Dun & Bradstreet or one of its affiliates and the participant's estimated Social Security retirement benefit. Compensation used in determining the ERP benefit includes base salary, cash bonus payments, commissions and lump sum payments in lieu of merit increases. The normal form of benefit payment under the ERP is a straight life annuity for single participants and a fully subsidized joint and 50% survivor annuity for married participants.

The interest rates used to value the lump sum at the assumed retirement date are the December 2015 Internal Revenue Code Section 417(e) segment rates and the mortality assumption is the Internal Revenue Code Section 417(e) mortality table for 2016. Benefit payments under the ERP begin on the later of attainment of age 55 or the first of the month following the date a participant retires. If a participant dies while actively employed, his or her spouse is entitled to receive 50% of the benefit that otherwise would have been payable to the participant at age 55. If a participant dies while receiving benefit payments, the surviving spouse receives a benefit equal to 50% of what the participant was receiving. In the event a participant becomes totally and permanently disabled, he or she will receive annual disability payments equal to 60% of his or her compensation until age 65 offset by any other disability income the participant is receiving.

- (1) Amounts in the Salary and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table above are not reduced by any deferrals our named executive officers have made under The Dun & Bradstreet Corporation Key Employees' Nonqualified Deferred Compensation Plan, or NQDCP.
- (2) These amounts are not disclosed in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table since no named executive officer received above-market or preferential earnings on their account balances under the NQDCP.
- (3) These amounts are disclosed in the Summary Compensation Table in prior years in the same manner as described in footnotes one and two above.

Key Employees' Nonqualified Deferred Compensation Plan. The Key Employees' Nonqualified Deferred Compensation Plan, or NQDCP, is a voluntary, unfunded plan which allows participants to defer, in 5% increments, up to 75% of their base salary and 100% of their annual cash incentive payments. Participants may elect to enroll in the NQDCP each calendar year, but once their deferral elections are made, they are irrevocable for the covered year. Participants can elect to make deemed investments of their deferrals in the same investment funds that are offered in our 401(k) Plan, including the Dun & Bradstreet stock fund. Participants can elect to transfer their balances among other funds on a daily basis subject to our Inside Information and Securities Trading Policy. All amounts deferred by our named executive officers in prior years have been reported in the Nonqualified Deferred Compensation Table in our previously filed proxy statements in the year earned, provided the individual was a named executive officer for that year for purposes of the SEC's executive compensation disclosure.

The automatic time and form of payment under the NQDCP is a lump sum upon employment termination (subject to the six-month delay following termination required by Internal Revenue Code Section 409A if the participant is a "specified employee" for purposes of Internal Revenue Code Section 409A). However, at the time the participant makes a deferral election, the participant may elect to receive payment at the earlier of a specified time period following deferral (the deferral must be for a minimum of three years) or upon termination of employment and to receive any distribution made upon termination in the form of five annual installments or ten annual installments instead of a lump sum. A participant may change the time and form of payment applicable to his NQDCP benefits in accordance with the rules of Internal Revenue Code Section 409A. In addition, lump sum payments are made in the event of

a participant's death or disability and upon a change in control (within the meaning of Internal Revenue Code Section 409A) of Dun & Bradstreet.

The deemed investment earnings received by participants under the NQDCP in 2015 are based on the performance of the investment funds designated by participants for the deemed investment of their NQDCP accounts. The 2015 annual returns for the available investment funds are noted in the following table:

Table of Contents**OVERVIEW OF CHANGE IN CONTROL, SEVERANCE AND OTHER ARRANGEMENTS****Change in Control**

We provide change in control benefits for our named executive officers through our Change in Control Plan (CICP). During 2015, all of our named executive officers were participants in the CICP. A summary of benefits under the CICP is as follows:

Benefit Category	CICP
Benefits Subject to "Single Trigger" (CIC) or "Double Trigger" (CIC Plus Qualifying Termination within 24 Months)	<u>Double trigger:</u> Cash benefits Equity granted on or after January 1, 2013
	<u>Single trigger:</u> Equity granted on or before December 31, 2012
Cash Severance as Multiple of Base Salary Plus Target Cash Incentive	2 times
Settlement of Outstanding Performance-based Cash Incentives	Pro rata target award
Health and Life Insurance Continuation	2 years
Outplacement Services Reimbursement	Lesser of 15% of target total cash or \$50,000
Excise tax treatment	No benefit, executive's benefits may be voluntarily reduced if such reduction provides a better after-tax benefit

Stock Incentive Plan. For grants made on or before December 31, 2012 under our 2009 Stock Incentive Plan, in the event of a change in control and unless otherwise specified in an award agreement, unvested options become immediately vested and exercisable, restrictions on restricted stock and RSUs immediately lapse and other equity awards become payable as if targets for the current period were met at 100%. For grants made on or after January 1, 2013, equity awards require both a change in control and qualified termination within 24 months of the change in control, or a "double trigger," before vesting.

Severance Arrangements

Career Transition Plan. Each of our named executive officers is eligible for severance benefits under our Career Transition Plan, or CTP. This plan also applies to all employees of the Company.

The CTP provides for the payment of benefits if an eligible executive's employment terminates by reason of a reduction in force, job elimination, unsatisfactory performance (not constituting cause, as defined in the CTP) or a resignation for good reason (as defined in the CTP). The CTP does not apply to terminations of employment that are:

Unilateral by the executive;

For cause (as defined in the CTP);

In connection with the sale of stock or assets of the Company; or

Table of Contents

The result of the elimination or reduction of operations in connection with outsourcing or a merger (or other combination, spin-off, reorganization or other similar transaction), where an offer of employment at a comparable base salary made by the surviving or acquiring entity or by Dun & Bradstreet or one of its affiliates was declined.

In the event of an eligible termination, we will pay the executive 52 weeks of base salary continuation at the rate in effect at the time of termination. We will reduce this amount of severance by one-half if the Company terminates the executive for unsatisfactory performance not constituting cause. We will make severance payments in semi-monthly installments the same as the executive's normal salary payment schedule had employment not terminated.

In addition, the executive will receive continued health-care benefits during the applicable salary continuation period as well as outplacement services.

Except in the case of a termination by Dun & Bradstreet for unsatisfactory performance or cause, the executive will also receive a prorated portion of the actual cash incentive for the year of termination, otherwise payable to the executive under the annual cash incentive plan. To be eligible, the executive must be employed for at least six full months during the calendar year of termination.

During 2015, the C&BC approved these changes to the CTP, applicable to all employees, to ensure better alignment with market practice and the Company's values:

Eliminated the 50% reduction in remaining salary continuation payments when participant secures employment during the salary continuation period;

Provided management with greater flexibility to determine an employee eligible for CTP benefits in special circumstances, such as "mutual agreement"; and

Simplified and consolidated the salary continuation schedule, which is based on service and salary levels. Under the simplified schedule, all employees with an annual salary of \$300,000 or more may receive 52 weeks of salary continuation provided the termination is for a qualifying reason.

Potential Post-Employment Compensation Table

The table below aggregates the potential post-employment compensation that is or may become payable to each of our named executive officers pursuant to the plans and arrangements described above upon an actual or constructive termination of any of our named executive officer's employment or a change in control of Dun & Bradstreet. We calculated the information in the table below based on plan provisions using the following assumptions and the triggering events as defined in the applicable plans and agreements. The amounts shown represent estimates for each component based on these assumptions and do not reflect any actual payments received by our named executive officers. The components that may be applicable in calculating the post-employment compensation amount include:

Payments related to base salary and target cash incentive;

Payments related to vested and unvested stock options and outstanding RSUs, LRSUs, and performance units;

Payments related to retirement benefits such as the ERP and PBEP, where applicable;

Table of Contents

Value of health and life insurance benefits; and

Value of other benefits, such as outplacement services.

In the table below, we totaled the applicable compensation and benefit components for each termination scenario. This total represents the estimated value of the potential post-employment compensation. The percentage below each termination scenario total indicates how much each of our named executive officers already earned of the estimated value irrespective of the particular triggering event (*i.e.*, the value each of our named executive officers has already earned and would be entitled to in the event of a termination). The remainder is the incremental value payable to the executive as a result of the specific triggering event. For example, the total value of Mr. Veldran's potential post-employment compensation in the event of a termination due to disability is \$9,340,797; approximately 44% of that total, or \$4,110,069, has already been earned irrespective of the particular triggering event (*e.g.*, value of vested stock options and part of the value of defined benefit plans) and the approximately 56% remaining, or \$5,230,728, is the value due exclusively to the triggering event.

In addition, we have indicated the total value of compensation forfeited as a result of the triggering event. For example, Mr. Veldran would forfeit \$2,219,600 in the event of a voluntary termination, which consists of forfeited RSUs, LRSUs and performance units.
