NOTICE OF 2018 ANNUAL MEETING OF STOCKHOLDERS

April 4, 2018

To the Stockholders of Halcón Resources Corporation:

The 2018 Annual Meeting of Stockholders (the "Annual Meeting") of Halcón Resources Corporation (the "Company") will be held on Monday, May 14, 2018 at 2:00 p.m., Central Daylight Time, at the Wells Fargo Plaza Auditorium, 1000 Louisiana St., Houston, Texas 77002, for the following purposes:

1. To elect four Class B directors to serve until the 2021 annual meeting of stockholders in accordance with our certificate of incorporation and bylaws;
2. To ratify the appointment of Deloitte & Touche LLP, an independent registered public accounting firm, as our independent registered public accountant for the fiscal year ending December 31, 2018; and
3. To transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

If you were a stockholder as of the close of business on March 16, 2018, you are entitled to notice of, and to vote at, the Annual Meeting and at any adjournment thereof.

We are pleased to furnish our proxy materials, including the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, to each stockholder of record, over the Internet, as permitted by Securities and Exchange Commission rules. This process will enable us to provide you with a convenient way to access our proxy materials, while reducing the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders of record. Accordingly, on or about April 4, 2018, the Company mailed the Notice of Internet Availability of Proxy Materials (the "Notice") to all stockholders of record as of March 16, 2018 and posted its proxy materials on the website referenced in the Notice. As more fully described in the Notice, all stockholders may choose to access the proxy materials on the website referred to in the Notice or may request a printed set of the proxy materials.

Your vote is important. Please vote your proxy promptly so your shares can be represented, even if you plan to attend the Annual Meeting. You can vote by Internet or by telephone by using the voting procedures described in the Notice, or by requesting a printed copy of the proxy materials (including the proxy card), and completing, signing and returning the proxy card enclosed by mail. All stockholders are cordially invited to attend the Annual Meeting.

By order of the Board of Directors of
Halcón Resources Corporation:

Floyd C. Wilson

Chairman of the Board of Directors,

Chief Executive Officer and President

PROXY STATEMENT

**FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 14, 2018**

GENERAL INFORMATION

These proxy materials are being furnished to you in connection with the solicitation of proxies by the board of directors of Halcón Resources Corporation, a Delaware corporation (referred to in this proxy statement as Halcón, the Company, we, us, or our), for use at the annual meeting of stockholders and any adjournments or postponements thereof to be held on Monday, May 14, 2018 at 2:00 p.m., Central Daylight Time, at the Wells Fargo Plaza Auditorium, 1000 Louisiana St., Houston, Texas 77002.

Electronic Availability of Proxy Statement and Annual Report

As permitted under the rules of the Securities and Exchange Commission, or the SEC, Halcón is making this proxy statement and its Annual Report on Form 10-K for the fiscal year ended December 31, 2017 available to its stockholders electronically via the Internet. On or about April 4, 2018, Halcón mailed a Notice of Internet Availability of Proxy Materials (the "Notice") to its stockholders of record as of the close of business on March 16, 2018, which Notice sets forth instructions for accessing Halcón's proxy materials electronically and instructions on how a stockholder can request to receive paper or e-mail copies of Halcón's proxy materials.

Voting and Revocation of Proxies

If you provide specific voting instructions, your shares will be voted as you instruct. Whether you hold shares directly as a stockholder of record, or beneficially in street name, you may direct how your shares are voted at the annual meeting. If you are a stockholder of record, you may vote by submitting a proxy or by voting in person at the annual meeting, and if you hold your shares in street name, you may vote by submitting voting instructions to your broker, trustee or other nominee. You may cast your vote by proxy as follows:

Internet at www.proxyvote.com by following the instructions on the Notice, or if you received proxy materials by mail, the proxy card;

Telephone by calling 1-800-690-6903 and following the voice prompts; or

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

Mailing the completed, signed and dated proxy card if you received proxy materials by mail, in the pre-addressed postage-paid envelope enclosed therewith.

Table of Contents

Unless you otherwise direct in your proxy, the individuals named in the proxy card will vote the shares represented by such proxy in accordance with the recommendations of our board of directors. If you hold your shares in street name, please refer to the proxy card forwarded by your broker, trustee or other nominee to see which voting options are available to you and for instructions on how to vote. If you vote by Internet or by telephone, you need not return your proxy card. Proxies granted by telephone or over the Internet, in accordance with the procedures set forth on the proxy card, will be valid under Delaware law.

If you sign the proxy card of your broker, trustee or other nominee but do not provide voting instructions, your shares will not be voted unless your broker, trustee or other nominee has discretionary authority to vote. When a broker, trustee or other nominee holding shares for a beneficial owner is unable to vote on a particular proposal because such broker, trustee or other nominee does not have discretionary authority to vote in the absence of timely instructions from the beneficial owner, this is referred to as a "broker non-vote." **Out of the two proposals that will be brought to a vote at our annual meeting, brokers will have discretionary voting authority only with respect to the ratification of the appointment of our independent registered public accounting firm. It is therefore very important that you indicate on the proxy card of your broker, trustee or other nominee how you want your shares to be voted in the election of the four director nominees named in this proxy statement.**

The board of directors is not aware of any business to be brought before the annual meeting other than as indicated in the Notice. If any other matter does come before the meeting, the persons named in the proxy card will vote the shares represented by the proxy in his or her best judgment.

Revocation of Proxy. A proxy may be revoked by a stockholder at any time prior to it being voted by:

delivering a revised proxy (by one of the methods described above) bearing a later date;

voting in person at the annual meeting; or

notifying our Corporate Secretary of the revocation in writing at our address set forth above in time to be received before the annual meeting.

Attendance at the meeting alone will not effectively revoke a previously executed and delivered proxy. If a proxy is properly executed and is not revoked by the stockholder, the shares it represents will be voted at the meeting in accordance with the instructions from the stockholder. If the proxy card is signed and returned without specifying choices, the shares will be voted in accordance with the recommendations of our board of directors. If your shares are held in an account at a broker, trustee or other nominee, you should contact your broker, trustee or other nominee to change your vote.

Record Date and Vote Required for Approval. The record date with respect to this solicitation is March 16, 2018. Our voting stock consists of issued and outstanding shares of our common stock. All holders of record of our common stock as of the close of business on March 16, 2018 are entitled to vote at the annual meeting and any adjournment or postponement thereof for which a new record date has not been established. As of the record date, we had 160,471,626 shares of common stock outstanding and no shares of preferred stock outstanding. Each share of common stock entitles its holder to one vote on each matter submitted to our stockholders. Our stockholders do not have cumulative voting rights. In accordance with our bylaws, the holders of a majority of our common stock issued and outstanding and entitled to vote at the annual meeting, represented in person or by proxy, shall constitute a quorum at the annual meeting. If a quorum is not present at the annual meeting, a vote for adjournment will be taken among the stockholders present or represented by proxy. If a majority of the stockholders present or represented by proxy vote for adjournment, it is our intention to adjourn the meeting until a later date and to vote proxies received at such adjourned meeting. The place and date to which the annual meeting would be adjourned would be announced at the meeting, but would in no event be expected to be more than 30 days after the date of the annual meeting.

Table of Contents

Election of director nominees requires that each director be elected by a majority of the votes present in person or represented by proxy at the annual meeting and entitled to vote on this matter, thus the number of shares voted "for" a nominee must exceed the number of shares voted "against" such nominee. For purposes of determining the outcome for each nominee broker non-votes will not be counted as entitled to vote and will have no effect on the outcome of the vote. Abstentions will effectively count as votes "against" because they are considered entitled to vote.

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accountant requires the affirmative vote of a majority of the shares of voting stock present in person or represented by proxy at the meeting and entitled to vote on this matter.

Proxy Solicitation. We will bear all costs relating to the solicitation of proxies. We have retained Okapi Partners LLC to aid in the solicitation of proxies, at an estimated cost of \$8,500 plus reimbursement of out-of-pocket expenses, custodial charges in connection with payment by Okapi Partners LLC of charges of brokers and banks on our behalf, and additional charges which may be incurred in connection with the solicitation of proxies by telephone. Proxies may also be solicited by officers, directors and employees personally, by mail, or by telephone, facsimile transmission or other electronic means. On request, we will pay brokers and other persons holding shares of stock in their names or in those of their nominees, which in each case are beneficially owned by others, for their reasonable expenses in sending soliciting material to, and seeking instructions from, their principals.

Submission of Stockholder Proposals. The deadline for submitting stockholder proposals for inclusion in our proxy statement for our annual meeting in 2019 is December 6, 2018. See "*Submission of Stockholder Proposals for Our 2019 Annual Meeting of Stockholders*" below for additional information.

We will provide to any stockholder, without charge and upon written request, a copy (without exhibits, unless otherwise specified) of our Annual Report on Form 10-K, as filed with the SEC for the fiscal year ended December 31, 2017. Any such request should be directed to Quentin R. Hicks, Executive Vice President, Finance, Capital Markets and Investor Relations at 1000 Louisiana St., Suite 1500, Houston, Texas 77002. The Annual Report on Form 10-K for the fiscal year ended December 31, 2017 is not part of the proxy solicitation materials.

OUR BOARD OF DIRECTORS AND ITS COMMITTEES

The Board of Directors

Our business and affairs are managed under the direction of our board of directors, or board. Our bylaws specify that we shall not have less than one nor more than fifteen directors, and our board currently has eight members. Under our amended and restated bylaws, as amended, or "bylaws," and our amended and restated certificate of incorporation, or "certificate of incorporation," each director holds office until the next annual meeting of stockholders at which such director's class stands for re-election and serves until the director's successor is duly elected and qualified, or until such director's earlier death, resignation or removal. Our certificate of incorporation, adopted pursuant to the Reorganization Plan, provides that our board is classified into three classes: Class A, Class B and Class C, each class having a three-year term of office or until their successors are elected and qualified.

On July 27, 2016, the Company and certain of its subsidiaries filed voluntary petitions for relief under chapter 11 of the United States Bankruptcy Code in the U.S. Bankruptcy Court in the District of Delaware (the "Bankruptcy Court") to pursue a joint prepackaged plan of reorganization (as amended, the "Reorganization Plan"). On September 8, 2016, the Bankruptcy Court entered an order confirming the Reorganization Plan and on September 9, 2016, the Reorganization Plan became effective (the "Reorganization Plan Effective Date") and the Company emerged from chapter 11 bankruptcy. We refer to this transaction as the "Reorganization." In connection with the Reorganization and in accordance with the Reorganization Plan, upon the Reorganization Plan Effective Date, Floyd C. Wilson, William J.

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

Table of Contents

Campbell, James W. Christmas, Michael L. Clark, Thomas R. Fuller, Darryl L. Schall, Ronald D. Scott, Eric G. Takaha and Nathan W. Walton, were appointed as directors.

On May 31, 2017, we increased the size of our board from nine to ten members and appointed Sylvia K. Barnes to serve as a Class A director with a term expiring at our annual meeting of stockholders in 2020 or until her earlier resignation or removal. Ms. Barnes resigned from our board on February 14, 2018. Mr. Takaha resigned from our board effective as of March 15, 2018. These resignations reduced the size of the board from ten to eight directors. Our certificate of incorporation and bylaws, which were duly adopted pursuant to the Reorganization Plan, provide for a classified board divided into three (3) classes, with each class serving a three-year term.

Under Delaware law, stockholders of a corporation with a classified board may only remove a director "for cause" unless the certificate of incorporation provides otherwise. Our certificate of incorporation provides that any director may be removed, with or without cause, by a majority of the shares entitled to vote at an election of directors, other than the director designated by the Requisite Unsecured Noteholders (as defined in the Reorganization Plan), which may only be removed prior to the expiration of such director's initial term "for cause." The likely effect of the classification of the board and the limitations on the removal of directors is an increase in the time required for the stockholders to change the composition of the board. For example, because only one class of the directors may be replaced by stockholder vote at each annual meeting of stockholders, stockholders seeking to replace a majority of the members of our board will need at least two annual meetings of stockholders to effect this change.

As discussed more fully under "*Proposal 1 Election of Directors*," four of our current directors, William J. Campbell, James W. Christmas, Michael L. Clark and Ronald D. Scott, have been nominated for re-election at the 2018 annual meeting because of the expiration of the term of their class, Class B, on our board. If Messrs. Campbell, Christmas, Clark and Scott each receive a majority of votes cast in favor of his continued service on the board, each will serve a three-year term expiring in 2021.

The following table sets forth the names and ages of all of our current directors, the positions and offices with us held by such persons, the years in which their current terms as directors expire and the length of their continuous service as a director:

Name	Director Since	Age	Position	Expiration of Term
Floyd C. Wilson	Feb. 2012	71	Chairman of the Board, Chief Executive Officer and President	2020
William J. Campbell	Sep. 2016	59	Director	2018
James W. Christmas	Feb. 2012	70	Lead Director	2018
Michael L. Clark	Sep. 2016	46	Director	2018
Thomas R. Fuller	Feb. 2012	70	Director	2020
Darryl L. Schall	Sep. 2016	57	Director	2019
Ronald D. Scott	Sep. 2016	59	Director	2018
Nathan W. Walton	Sep. 2016	40	Director	2019

Darryl L. Schall has served as a director since September 2016 and currently serves as a member of each of the Audit Committee, the Nominating and Corporate Governance Committee and the Reserves Committee. Mr. Schall previously served as a Partner and Portfolio Manager in the Ares Private Equity Group, where he was responsible for managing Ares' special situations strategy until his retirement in January 2017, and subsequently served as an Advisor to Ares Management LLC through July 2017. Prior to joining Ares in 2009, Mr. Schall worked at Tudor Investment Corporation, where he focused on managing distressed and high yield investments. Previously, Mr. Schall was a Managing Director and Director of High Yield Research at Trust Company of the West, where he focused on managing portfolios of distressed and high yield debt. In addition, Mr. Schall was a Senior Research Analyst and Senior Vice President at Dabney/Resnick & Wagner, Inc., a boutique investment firm specializing in high yield and distressed debt. Previously, Mr. Schall was an Investment Banking Associate of the Corporate Finance Department of Drexel Burnham Lambert Inc. and was a Supervising Senior Accountant with KPMG Peat Marwick. Mr. Schall holds a B.A., cum laude, from the University of California, Los Angeles, in History and an M.B.A. from the University of Chicago. Mr. Schall also is a Certified Public Accountant. Mr. Schall's qualifications to serve on the board include his vast experience managing investment portfolios and extensive knowledge financial and accounting matters provide valuable contributions to the Company's board.

Ronald D. Scott has served as a director since September 2016 and currently serves as a member of the Reserves Committee. Mr. Scott has over thirty years oil and gas industry experience. Mr. Scott is a director of Gastar Exploration, Inc., a publicly traded energy firm. He serves on the Reserves Committee and the Compensation Committee of Gastar. In addition, Mr. Scott serves as a director of Blackbrush Oil and Gas, Verdad Resources and Elk Hills Power, all privately held energy companies. Previously, Mr. Scott was a member of the Board of Directors of Clayton Williams Energy, Inc. serving from September 2016 until the sale of the company in April 2017. He also served as a member of the Board of Directors of Pardus Energy from June 2016 until the sale of the company in November 2017. Mr. Scott chaired the Reserves Committee and the Compensation Committee while serving on the Pardus Energy board. Mr. Scott is the Chief Executive Officer of Development Capital Resources. Previously, Mr. Scott served as President and CEO of True Oil Company, a private equity backed oil and gas firm. Prior to True Oil he worked for Henry Petroleum as President and Chief Operating Officer of that company and its successor companies, Henry Resources and HPC Energy. During this time, Mr. Scott successfully led the sale and re-start of multiple operating oil and gas entities. Beginning his career with Exxon Corporation, from 1983 to 1995, Mr. Scott held various supervisory and managerial assignments in Engineering, Operations, Planning and Financial Accounting and Reporting. In addition to the Permian Basin, he had assignments covering operational areas in the Gulf Coast/Gulf of Mexico region, California and the Rocky Mountains. Mr. Scott was the Technical Manager for Exxon's multi-billion dollar onshore operations in the Western United States prior to joining Henry Petroleum. In addition to the above, Mr. Scott served as an independent contract, non-employee consultant to Ares Management from approximately October 2016 to June 2017 providing services as a contract, independent Operating Advisor. Mr. Scott serves as Vice President of the Board of the Henry Foundation, as a founding member of Educate Midland, a non-profit focused on public education, and on the board of directors of the Midland, Texas Chamber of Commerce. Mr. Scott holds Master and Bachelor of Science degrees in Engineering from New Mexico State University and is a Registered Petroleum Engineer in the State of Texas. Mr. Walton holds a B.A. from Princeton University in Politics and an M.B.A. from the Stanford Graduate School of Business. Mr. Walton's qualifications to serve on the board include his vast knowledge of the oil and natural gas exploration and production industry, his directorship experience and investment expertise in the energy industry provide significant contributions to the Company's board.

Meetings of Our Board of Directors and Committees of the Board

Our board of directors has the responsibility for establishing our broad corporate policies and for our overall performance. However, the board is not involved in our day-to-day operations. The board is kept informed of our business through discussions with our Chairman, Chief Executive Officer and President and other officers, by reviewing analyses and reports provided to it on a regular basis, and by participating in board and committee meetings. Our board held fourteen (14) meetings during 2017, including telephonic meetings, and acted by unanimous written consent three (3) times, and each director attended at least 75% of the total meetings of the board and the committee(s) on which such director serves during the period that such director served as a director or on such committee(s).

Our board currently has four standing committees: Audit, Compensation, Nominating and Corporate Governance, and Reserves. Actions taken by our committees are reported to the full board. Each committee conducts an annual evaluation of its duties and is expected to conduct an annual review of its charter and also has authority to retain, set the compensation for, and terminate consultants, outside counsel and other advisers as that committee determines to be appropriate.

Audit Committee. The members of our Audit Committee are James W. Christmas, Thomas R. Fuller and Darryl L. Schall, with Mr. Christmas serving as the chairman. During 2017, Michael L. Clark served on the Audit Committee, until his resignation coinciding with the appointment of Sylvia K. Barnes on May 31, 2017. Upon the resignation of Ms. Barnes on February 14, 2018, Darryl L. Schall was appointed to serve as a member of the Audit Committee to fill the vacancy created by the resignation of Ms. Barnes. Also, prior to his resignation on March 15, 2018, Eric G. Takaha served as a member of the Audit Committee, and Thomas R. Fuller was appointed to serve as a member effective March 15, 2018 to fill the vacancy created by the resignation of Mr. Takaha. Our board has determined that all members of our Audit Committee are financially literate within the meaning of SEC rules, under the current listing standards of the NYSE and in accordance with our audit committee charter. Our board has also determined that all members of the Audit Committee are independent, within the meaning of SEC and NYSE regulations for independence for audit committee members, under our corporate governance guidelines, and in accordance with our audit committee charter. Our board has also determined that Mr. Christmas is an "audit committee financial expert" (as defined under SEC rules) because he possessed: (i) an understanding of generally accepted accounting principles in the United States of America and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements; (iv) an understanding of internal control over financial reporting; and (v) an understanding of audit committee functions. Mr. Christmas acquired these attributes by his educational background and by having held various positions that provided relevant experience, as described in his biographical information under "*Our Board of Directors and Its Committees The Board of Directors*" above.

The Audit Committee is responsible for oversight of Company risks relating to accounting matters, financial reporting and related legal and regulatory compliance. The Audit Committee annually considers the qualifications and evaluates the performance of our independent auditor and selects and engages our independent auditor. The Audit Committee meets quarterly with representatives of the independent auditor and is available to meet at the request of the independent auditor. During these meetings, the Audit Committee receives reports regarding our books of accounts, accounting procedures, financial statements, audit policies and procedures, internal accounting and financial controls, and other matters within the scope of the Audit Committee's duties. The Audit Committee reviews the plans for and the results of audits for us and our subsidiaries. The Audit Committee reviews the independence of the independent auditor, and considers and authorizes the fees for both audit and non-audit services provided by the independent auditor. In 2017, our Audit Committee held four (4) meetings.

The written charter of the Audit Committee adopted by our board is available on our website at www.halconresources.com.

Compensation Committee. The members of our Compensation Committee are William J. Campbell, James W. Christmas and Michael L. Clark, with Mr. Campbell serving as the chairman. Our board has determined that each member of the Compensation Committee meets the NYSE standards for independence, and is a "non-employee director" as defined in Rule 16b-3 under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), an "outside director" as defined for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, and meets the enhanced independence requirements set forth in Rule 10C-1 under the Exchange Act.

The Compensation Committee is entrusted with the overall responsibility for establishing, implementing and monitoring the compensation for our executive officers, administers the Halcón Resources Corporation 2016 Long-Term Incentive Plan (as amended, the "Plan"), and approves awards and other stock-based grants under the Plan for our executive officers. In 2017, our Compensation Committee held six (6) meetings, including telephonic meetings.

Our Compensation Committee engaged Longnecker & Associates, Inc. ("Longnecker"), an outside independent compensation consulting firm, to assist the board and the Compensation Committee in crafting our total compensation program for our executive officers for 2017 and to assist the board in determining compensation for our non-employee directors. In connection with its engagement, Longnecker was tasked with, among other things, making recommendations to the Compensation Committee regarding an appropriate compensation peer group, assisting the Compensation Committee in establishing a competitive executive compensation program and making recommendations and providing analysis regarding the compensation of our executive officers, including the named executive officers, discussed below under the heading "*Executive Compensation*."

The written charter of the Compensation Committee adopted by our board is available on our website at www.halconresources.com.

Nominating and Corporate Governance Committee. The members of our Nominating and Corporate Governance Committee are William J. Campbell, Michael L. Clark and Darryl L. Schall, with Mr. Clark serving as the chairman. Mr. Fuller served on the Nominating and Corporate Governance Committee until his resignation on March 15, 2018. Our board has determined that all members of the Nominating and Corporate Governance Committee are independent pursuant to the NYSE rules, under our corporate governance guidelines, and in accordance with our nominating and corporate governance committee charter.

Our Nominating and Corporate Governance Committee is responsible for identifying qualified candidates to be presented to our board for nomination as directors, ensuring that our board and our organizational documents are structured in a way that best serves our practices and objectives, and developing and recommending a set of corporate governance principles. The Nominating and Corporate

Governance Committee may consider candidates for our board from any reasonable source, including a search firm engaged by the Nominating and Corporate Governance Committee, recommendations of the board, management or, in accordance with the procedures set forth in our bylaws, our stockholders. In 2017, our Nominating and Corporate Governance Committee held five (5) meetings, including telephonic meetings and acted by unanimous written consent one (1) time.

The written charter of the Nominating and Corporate Governance Committee adopted by our board is available on our website at www.halconresources.com.

Reserves Committee. The members of our Reserves Committee are Thomas R. Fuller, Darryl L. Schall and Ronald D. Scott, with Mr. Fuller serving as the chairman. During 2017, Nathan W. Walton served on the Reserves Committee until his resignation on May 2, 2017 at which time Mr. Schall was appointed to fill such vacancy. Sylvia K. Barnes also served on the Reserves Committee until her resignation from our board on February 14, 2018. Our Reserves Committee is composed solely of non-employee directors who are independent under our corporate governance guidelines and in accordance with our reserves committee charter. Our Reserves Committee assists our board with oversight in the preparation by independent petroleum engineers of annual and any special reserve reports and/or audits of the estimated amounts of our consolidated hydrocarbon reserves and related information. The Reserves Committee selects, engages and determines funding for the independent petroleum engineers who evaluate our hydrocarbon reserves and also determines their independence from the Company in accordance with, among other things, the Standards Pertaining to the Estimating and Auditing of Oil and Gas Reserves Information promulgated by the Society of Petroleum Engineers. In 2017, our Reserves Committee held five (5) meetings, including telephonic meetings.

The written charter of the Reserves Committee adopted by our board is available on our website at www.halconresources.com.

Director Independence. The current listing standards of the NYSE require our board to affirmatively determine the independence of each director and to disclose such determination in the proxy statement for each annual meeting of our stockholders. The board, on February 28, 2018, affirmatively determined that

Table of Contents

each of Messrs. Campbell, Christmas, Clark, Fuller, Schall, Scott and Walton is an "independent director" under the guidelines described below and the independence rules of the NYSE codified in Section 303A of the NYSE Listed Company Manual.

In connection with its assessment of independence, our board reviewed information regarding relevant relationships, arrangements or transactions between the Company and each director or parties affiliated with such director. Our board has established the following standards for determining director independence in our corporate governance guidelines:

A majority of the directors on our board must be "independent." No director qualifies as "independent" unless the board affirmatively determines that the director has no "material relationship" with Halcón, either directly, or as a partner, stockholder or officer of an organization that has a relationship with Halcón. A "material relationship" is a relationship that the board determines, after a consideration of all relevant facts and circumstances, compromises the director's independence from management. Our board's determination of independence must be consistent with all applicable requirements of the NYSE, the SEC, and any other applicable legal requirements. Our board may adopt specific standards or guidelines for independence in its discretion from time to time, consistent with those requirements. As set forth in the NYSE Listed Company Manual Section 303A.02, our board must consider the following factors that preclude a finding by the board of a member's or prospective member's "independence" from Halcón:

1. A director who is, or who has been within the last three years, an employee of Halcón (including in each case subsidiaries or parent entities in a consolidated group), or an immediate family member who is, or has been within the last three years, an executive officer, of Halcón;
2. A director who has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from Halcón, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); provided, that, compensation received by a director for former service as an interim Chairman or Chief Executive Officer or other executive officer need not be considered in determining independence under this test, and compensation received by an immediate family member for service as an employee of Halcón need not be considered in determining independence under this test;
3. (A) A director is a current partner or employee of a firm that is Halcón's internal or external auditor; (B) a director who has an immediate family member who is a current partner of such a firm; (C) a director who has an immediate family member who is a current employee of such a firm and who participates in Halcón's audit; or (D) a director or an immediate family member who was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on Halcón's audit within that time;
4. A director or an immediate family member who is, or who has been within the last three years, employed as an executive officer of another company where any of Halcón's present executive officers at the same time serves or served on that company's Compensation Committee;
5. A director who is a current employee, or an immediate family member who is a current executive officer, of a company that has made payments to, or received payments from, Halcón for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$200,000, or 2% of such other company's consolidated gross revenues;
6. Whether the director has any other relationship with Halcón, either directly or as a partner, stockholder or officer of an organization that has a relationship with Halcón; and
7. Whether the director is aware of any other relationships that could potentially interfere, or could appear to interfere, with his exercise of independent judgment in carrying out the

Table of Contents

responsibilities of a director, including (i) any transaction, arrangement or relationship, in the last fiscal year, involving the director, including any family members, and any other officer or director of Halcón; or (ii) any other relationship with Halcón, either directly or as a stockholder, executive officer or partner or an organization that has such a relationship, including any relationships with charitable, educational, political or other not-for-profit organizations.

For purposes of determining "independence" of a director based on the tests set forth above, among other things, the following applies:

A. In applying the test in paragraph 5 above, both the payments and the consolidated gross revenues to be measured are those reported in the last completed fiscal year. The look-back provision for this test applies solely to the financial relationship between Halcón and the director or immediate family member's current employer; Halcón is not required to consider former employment of the director or the immediate family member.

B. For purposes of paragraph 5 above, contributions to tax exempt organizations are not considered "payments," although Halcón still considers the "materiality" of any such relationship in determining the "independence" of a director.

C. For purposes of determining "independence," an "immediate family member" includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares such person's home, and does not include individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

Our corporate governance guidelines set forth our policy with respect to qualifications of the members of the board, the standards of director independence, director responsibilities, board meetings, director access to management and independent advisors, director orientation and continuing education, director compensation, Chairman and Chief Executive Officer dual responsibilities, management evaluation and succession, annual performance evaluation of the board, and executive sessions.

Nomination Process. The Nominating and Corporate Governance Committee will consider stockholder nominees for election as directors. Any stockholder nominations must be received by us not less than sixty (60) days nor more than ninety (90) days prior to the annual meeting; provided however, that in the event that less than seventy (70) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder, to be timely, must be received no later than the close of business on the tenth (10th) day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever first occurs. Nominations should be delivered to the Nominating and Corporate Governance Committee at the following address: Halcón Resources Corporation Nominating and Corporate Governance Committee, c/o Halcón Resources Corporation, Attention: Corporate Secretary, 1000 Louisiana St., Suite 1500, Houston, Texas 77002. The stockholder's nomination notice must set forth: (i) as to each person whom the stockholder proposes to nominate for election or re-election as a director: (a) the name, age, business address and residence address of the person; (b) the principal occupation or employment and business experience of the person for at least the previous five years; (c) the class and number of shares of our capital stock which are beneficially owned by the person; and (d) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to the rules and regulations of the SEC under Section 14 of the Exchange Act; and (ii) as to the stockholder giving the notice: (a) the name and record address of the stockholder; and (b) the class and number of shares of our capital stock beneficially owned by the stockholder. Such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director, if elected. We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a director.

Table of Contents

In considering possible candidates for election as a director, the Nominating and Corporate Governance Committee is guided by the principles that each director should be an individual of high character and integrity and have:

independence;

wisdom;

an understanding and general acceptance of our corporate philosophies;

business or professional knowledge and experience that can address our challenges and opportunities, and contribute meaningfully to the deliberations of our board of directors;

a proven record of accomplishment with an excellent organization;

an inquiring mind;

a willingness to speak one's mind;

an ability to challenge and stimulate management; and

a willingness to commit time and energy to our business affairs.

In addition to considering possible candidates for election as directors, the Nominating and Corporate Governance Committee may, in its discretion, review the qualifications and backgrounds of existing directors and other nominees (without regard to whether a nominee has been recommended by stockholders), as well as the overall composition of our board, and recommend the slate of directors to be nominated for election at the ensuing annual meeting of stockholders. Currently, we do not employ or pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential director nominees.

The charter of our Nominating and Corporate Governance Committee provides that the committee will evaluate our corporate governance effectiveness and recommend such revisions as it deems appropriate to improve our corporate governance. The areas of evaluation may include such matters as the size and independence requirements of our board, board committees, management succession and planning, and regular meetings of our non-employee directors without management in executive sessions.

The Nominating and Corporate Governance Committee did not receive any stockholder recommendations for nomination to our board in connection with this year's annual meeting. The Nominating and Corporate Governance Committee has recommended Messrs. Campbell, Christmas, Clark and Scott, who are current Class B directors, for re-election as the term of their class is expiring on our classified board.

Board Diversity. Our board does not have a formal written policy with regard to the consideration of diversity in identifying director nominees. Our Nominating and Corporate Governance Committee charter, however, requires the committee to review the composition of the board as a whole and recommend, if necessary, measures to be taken so that our board not only contains the required number of independent directors, but also reflects the balance of knowledge, experience, skills, expertise, integrity, analytical ability and diversity as a whole that the committee deems appropriate. This review includes an assessment as to our board's current and anticipated need for directors with specific qualities, skills, experience or backgrounds; the availability of highly qualified candidates; committee workloads and membership needs; and anticipated director retirements.

Leadership Structure. Our board currently combines the role of Chairman with the role of Chief Executive Officer and maintains a separate empowered lead independent director position ("Lead Director") to further strengthen our governance structure. Our board believes this provides an efficient and effective leadership model for Halcón. Combining the Chairman and Chief Executive Officer roles

Table of Contents

fosters clear accountability, effective decision-making and alignment on corporate strategy while reducing the potential for fractured leadership that can undermine successful implementation of policy.

Our board believes that the Company is strengthened by the chairmanship of Mr. Wilson, who provides strategic, operational and technical expertise, vision and a proven ability to lead the Company. Our board believes that, under present circumstances, the interests of the Company and its stockholders are best served by the leadership and direction of Mr. Wilson as Chairman, Chief Executive Officer and President. Our board recognizes that no single leadership model is right for all companies and at all times and that, depending on the circumstances, other leadership models, such as a separate independent chairman of the board, might be appropriate.

Mr. James W. Christmas, who is an independent and non-management director, has served as our Lead Director since January 21, 2015. A Lead Director is elected annually by our board and serves as a key component of our governance structure, subject to oversight by the independent members of our board. The Lead Director's responsibilities and authority generally include:

presiding over all executive sessions of the independent directors and all other board meetings at which the Chairman is not present;

calling special meetings of the independent directors when necessary and appropriate;

coordinating the agenda for, and moderating sessions of, the board's independent directors;

serving as a liaison between the Chairman and the independent directors;

consulting with the Chairman regarding specific agenda items and additional materials for board meetings suggested by independent board members;

approving the scheduling of regular and, where feasible, special meetings of the board to ensure that there is sufficient time for discussion of all agenda items;

facilitating communications among the other members of the board;

consulting with the chairs of the board committees and soliciting their participation to avoid diluting their authority or responsibilities; and

performing other duties as the board may from time to time delegate.

Our corporate governance guidelines currently provide that non-management directors must meet at regularly scheduled executive sessions without management. Mr. Christmas, as Lead Director, presided over the executive sessions of our non-management directors during 2017. During 2017, our non-management directors held four (4) executive sessions without management present, and Mr. Christmas presided over each executive session.

Risk Oversight. It is the job of our Chief Executive Officer and President, Chief Financial Officer, Chief Legal Officer, and other members of our senior management to identify, assess, and manage our exposure to risk. In conjunction with our risk oversight program, senior management has retained outside consultants to assist in identifying, assessing, analyzing and developing plans to mitigate enterprise risks. Our board plays an important role in overseeing management's performance of these functions. Our board has approved the audit committee charter, which lists the primary responsibilities of the Audit Committee. Those responsibilities require the Audit Committee to discuss with management our major financial risk exposures and the steps management has taken to monitor and control such exposures, including the substance of any significant litigation, contingencies or claims that had, or may have, a significant impact on the financial statements. The Audit Committee is also required to discuss with management and review the mechanisms, guidelines and policies that govern the processes by which risk

assessment and management are undertaken.

Table of Contents

Each of the board's other committees also oversees the management of risks that fall within such committee's area of responsibility. Our Compensation Committee incorporates risk considerations, including the risk of loss of key personnel, as it evaluates the performance of our Chief Executive Officer and President and other executive officers, reviews management development and determines compensation structure and amounts. Our Nominating and Corporate Governance Committee focuses on issues and risks relating to board composition, leadership structures, succession planning and corporate governance matters. The focus of our Reserves Committee is on the integrity of the process of selecting our independent petroleum engineers and whether reports prepared by our independent petroleum engineers are prepared in accordance with the accepted or required petroleum engineering standards.

Our board receives reports from its committees regarding the risks considered in their respective areas to ensure that our board has a broad view of our strategy and overall risk management process. In performing its risk oversight function, each committee has full access to management, as well as the ability to engage advisors. Each committee's charter is available on our website at www.halconresources.com.

Communications with Directors. Our board welcomes communications from our stockholders and other interested parties. Stockholders and any other interested parties may send communications to our board, to any committee of our board, to the Lead Director, or to any director in particular to: c/o Halcón Resources Corporation, Attention: Corporate Secretary, 1000 Louisiana St., Suite 1500, Houston, Texas 77002. Any correspondence addressed to our board, to any committee of our board, to the Lead Director, or to any one of the directors in care of our offices is required to be forwarded to the addressee or addressees without review by any person to whom such correspondence is not addressed.

Directors' Attendance at Stockholder Meetings. Our corporate governance guidelines provide that our directors are encouraged, but not required, to attend annual meetings of our stockholders. None of our non-employee directors attended the 2017 annual meeting of stockholders.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Charter of Aircraft. In the ordinary course of its business, Halcón occasionally charters a private aircraft for business use. Floyd C. Wilson, Halcón's Chairman, Chief Executive Officer and President, indirectly owns an aircraft which the Company has chartered from time to time. For a portion of 2017, Mr. Wilson's aircraft was managed by an independent air charter company unaffiliated with both Mr. Wilson and Halcón. The aircraft in the air charter company's fleet are available to the public for charter based upon a standard fee schedule established by the air charter company, with the fees dependent primarily upon the type and size of the aircraft utilized and the duration of the flight. Because the air charter company established fees for the use of the aircraft in its fleet, Mr. Wilson did not receive any greater benefit from Halcón's charter of the aircraft indirectly owned by him than he would have if any third party were to charter the aircraft. During the course of 2017, Mr. Wilson terminated the independent air charter company and removed his aircraft from the charter company's fleet, pending his search for a new charter company to manage his aircraft. During this period, fees for the use of Mr. Wilson's aircraft by the Company were based upon comparable costs that the Company would have incurred in chartering the same type and size of aircraft from an independent third party utilizing data from several independent third party aircraft leasing companies. The terms for this use were evaluated and approved by the Audit Committee, and subsequently by the disinterested members of our board upon the recommendation of the Audit Committee, in accordance with the Company's procedures for the review and approval of transactions with related parties. During 2017, Halcón paid approximately \$400,000 for the use of the aircraft indirectly owned by Mr. Wilson.

Gas Purchase and Processing Agreement. On November 16, 2017, a subsidiary of Halcón entered into a gas purchase and processing agreement with Salt Creek Midstream, LLC ("Salt Creek") pursuant to which Halcón will dedicate, for a term of 15 years, all production from its acreage in Ward County, Texas (that is not otherwise previously dedicated) and certain sections in Winkler County, Texas to natural gas

Table of Contents

gathering pipeline and processing facilities to be constructed by Salt Creek. The facilities are expected to be completed and placed in service in April 2018. The agreement with Salt Creek was the culmination of a lengthy process during which Halcón investigated the most efficient method of gathering, processing and marketing its future natural gas production in these areas. During the course of its investigation, Halcón considered the construction of Company owned gas gathering and processing facilities, Company owned high pressure pipeline to a third-party processing plant and solicited and received proposals from numerous third parties for long-term gathering and processing options. Halcón received proposals from eight midstream companies, determined that third party options were more attractive from a variety of business perspectives, and that among the proposals it received, Salt Creek's was superior. The Salt Creek facilities are not yet operational, and no production has been delivered and no payments have been made or received by Halcón pursuant to the gas purchase and processing agreement to date.

Certain funds under the control of Ares Management LLC ("Ares") are the majority owners and controlling parties of Salt Creek. Ares also controls other funds which own in excess of ten percent (10%) of the stock of the Company. No Ares fund that is a stockholder of the Company has an interest in Salt Creek but one of the Company's directors, who is employed by Ares, and is a director of the Company, also serves on the board of directors of Salt Creek. Due to these relationships, prior to entering into the gas purchase and processing agreement, the process by which the Company determined the Salt Creek proposal to be superior to other alternatives, as well as the terms of the agreement, were evaluated and approved in advance by the Audit Committee and the disinterested members of Halcón's board, in a vote that excluded the director who is employed by Ares in accordance with applicable Company policies, including its Code of Conduct and Corporate Governance Guidelines (copies of which are available through the Company's website at www.halconresources.com), and the Company's procedures for the review and approval of transactions with related parties.

RELATED PARTY TRANSACTION REVIEW POLICIES AND PROCEDURES

A transaction or series of similar transactions to which we are a party in which the amount involved exceeds \$120,000 and involves a director, executive officer, 5% stockholder or any immediate family members of these persons is evaluated by a special committee of disinterested directors formed by our board to evaluate such transactions. In addition, our Code of Conduct provides that every employee should disclose any material transaction or relationship that could reasonably be expected to give rise to a conflict of interest to upper management or the Audit Committee. The Company's Code of Conduct can be found on Halcón's website located at www.halconresources.com. The Audit Committee has the authority to evaluate any such conflicts of interest and recommend actions to be taken by our board in connection with such conflicts of interest or to report the existence of any such conflicts of interest to the full board for it to take action.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who beneficially own more than 10% of our voting securities to file certain reports with the SEC concerning their beneficial ownership of our equity securities. The SEC's regulations also require that a copy of all such Section 16(a) forms filed must be furnished to us by the executive officers, directors and greater than 10% stockholders. To our knowledge based solely on a review of copies of reports filed under Section 16(a) during the 2017 fiscal year and furnished to us, our directors, executive officers and holders of 10% or more of our shares timely filed reports required by Section 16(a), with the exception of Mark J. Mize, Stephen W. Herod, David S. Elkouri, Jon C. Wright, Quentin R. Hicks, Leah R. Kasperek, Tina S. Obut and Joseph S. Rinando III, each of whom filed a Form 4 on September 18, 2017 relating to shares withheld to satisfy withholding taxes upon the vesting, on September 12, 2017, of restricted stock grants. These reports were due on September 14, 2017.

Compensation Discussion and Analysis

Introduction

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

The Compensation Committee of our board is composed entirely of independent directors: William J. Campbell (Chairman), James W. Christmas and Michael L. Clark. Each of Messrs. Campbell, Christmas and Clark served as a member of our Compensation Committee throughout 2017. Our Nominating and

Table of Contents

Corporate Governance Committee conducts an annual review of the composition of each of the committees of our board, including the Compensation Committee, and makes recommendations to our board to the extent it determines that any changes in the membership of such committees is advisable.

Our compensation philosophies and programs are designed, structured and administered under the oversight of the Compensation Committee. Among the important responsibilities delegated to the Compensation Committee by our board is evaluating the performance of, and making recommendations on the compensation of the senior management of the Company, including the performance and compensation of the executive officers who we refer to as our "named executive officers". For the purposes of our discussion, our named executive officers for 2017 were:

Name	Title
Floyd C. Wilson	Chairman of the Board, Chief Executive Officer and President (our principal executive officer)
Mark J. Mize	Executive Vice President, Chief Financial Officer and Treasurer (our principal financial officer)
Stephen W. Herod	Executive Vice President, Corporate Development
David S. Elkouri	Executive Vice President and Chief Legal Officer
Jon C. Wright	Executive Vice President and Chief Operating Officer

Overview of Our Compensation Program

We operate in a highly competitive environment and must recruit, motivate and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business objectives. We use a competitive mix of fixed and at-risk compensation to achieve our goals and to align the interests of senior management and key employees to those of our stockholders. As a general matter, total compensation for our senior management is targeted between the 50th and the 75th percentile of our compensation peer group utilizing data and analyses provided by our independent compensation consultant and taking into account our assessment of management's performance, competitive market conditions and other factors that we deem relevant. We may vary from our targets where we believe doing so is necessary based upon our assessment of the risks of losing talented management or desirable in order to provide rewards we consider appropriate to measure managements' performance against our goals, and to incentivize management to implement our business objectives.

We believe that our compensation program must be flexible due to the dynamic nature of our Company and our industry. We have needed this flexibility to appropriately manage our compensation throughout the life of our Company. Prior to the industry downturn that began in late 2014, we experienced a period of rapid growth in acreage, reserves and production and competition for talented management was intense. Then, during the midst of the downturn in 2016, due to dramatically altered industry conditions and prolonged declines in oil and natural gas prices, we downsized and reorganized, as did many in our industry. During 2017, we experienced dramatic changes to our business model as we divested substantially all of our proved reserves and production in our legacy properties and acquired our current largely undeveloped acreage position in the Delaware Basin.

Each of these situations necessitated significant changes to our compensation approach and programs. For instance, during times of rapid growth, we historically targeted compensation in the upper quartile of our compensation peer group which we considered appropriate to recruit, motivate and retain the executive talent capable of executing a rapid growth business strategy and managing our business in a competitive environment, and because our stated willingness to embrace consolidation trends in our industry may increase the uncertainty of future employment with us as compared to some of our competitors. Under different circumstances, as discussed in greater detail below, we targeted compensation at the 50th percentile of our compensation peer group, based, in part, on our assessment of the competitive environment for management talent. During 2016, as the Company considered possible

Table of Contents

scenarios to improve its balance sheet and capital structure, the retention of our management team was critically important to our potential long-term success and viability and, as a result, certain compensation arrangements were not necessarily tied to a target of our compensation peer group but instead based upon what was advisable under the circumstances. In summary, our compensation programs are, and we believe they must remain, adaptable and focused on enabling us to recruit, motivate and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business objectives.

We believe that "at-risk" compensation helps to align the interests of management with our stockholders and incentivizes management to achieve our short and long-term business objectives. At-risk compensation includes annual cash incentives with payout dependent upon our Compensation Committee's annual assessment of management performance, and long-term equity incentives. Long-term equity incentives will typically comprise more than 50% of the value of the total compensation paid to our senior management. We rely principally on time-vested restricted stock and stock option awards issued under the Halcón Resources Corporation 2016 Long-Term Incentive Plan, as amended, which we refer to as the "Plan". Stock options comprise a component of the equity awards we issue, and are granted with an exercise price equal to the closing market price of our common stock on the date of grant. Accordingly, stock options become valuable only if our common stock price increases above the market price on the date of grant following vesting and remains above that price at the time of exercise. Additionally, each equity award that we issue generally vests over a minimum period of three years, although in connection with our emergence from bankruptcy certain exit awards to management vested on an expedited basis, as discussed in greater detail below. Awards subject to time vesting are subject to the risk of fluctuations in the trading price of our common stock and the risk of forfeiture if the individual does not remain employed by us through the vesting of the award.

We maintain stock ownership guidelines which help align the financial interest of our directors, chief executive officer and president and executive vice presidents with stockholders by requiring that such individuals directly or indirectly maintain a substantial investment in our common stock. Subject to certain exceptions contained in the stock ownership guidelines policy, all of the Company's directors and executive officers, including the named executive officers, are in compliance with the stock ownership guidelines. We believe that the structure of our compensation program helps us achieve our goals and aligns the interests of senior management with those of our stockholders by combining competitive compensation with the opportunity for greater rewards for short-term performance relative to our business objectives and long-term performance of our common stock.

Our Compensation Committee

The Compensation Committee of the board is comprised entirely of independent directors in accordance with the rules of the NYSE. The primary duties and responsibilities of the Compensation Committee are to establish and implement our compensation policies and programs for senior management, including the named executive officers. The Compensation Committee has the authority under its charter to select and engage the services of a compensation consultant, independent legal counsel or other advisor after considering certain factors relevant to independence from management. After conducting its independence assessment, the Compensation Committee has the sole authority to engage, obtain the advice of, oversee, terminate and determine funding for such independence professional advisers, including but not limited to consulting firms, independent legal counsel or other advisers, as the Compensation Committee determines appropriate to carry out its functions. A current copy of the Compensation Committee charter is available on our website at www.halconresources.com under the section entitled "Investors Corporate Governance." The Compensation Committee also reviews and assesses the adequacy of its charter, at least annually, and recommends any proposed changes to our board for approval.

Table of Contents

The Chairman of the Compensation Committee works with our Senior Vice President, Human Resources and Administration to establish an agenda for each meeting of the Compensation Committee and, with the assistance of outside advisors, to prepare meeting materials. Various members of management, including our Chief Executive Officer and Senior Vice President, Human Resources and Administration, as well as outside advisors, may be invited to attend all or a portion of a Compensation Committee meeting depending on the nature of the matters to be discussed. Only members of the Compensation Committee vote on items before the Compensation Committee; however, the Compensation Committee and the board often solicit the views of senior management on compensation matters, in particular as they relate to the compensation of other members of senior management.

Objectives of Our Compensation Program

Our success depends on the continued contributions of our senior management and other key employees. Our compensation program is intended to recruit, motivate and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business strategy by providing compensation that is competitive in relation to our peers while fostering an atmosphere of teamwork, recognizing overall business results and individual merit, and that supports the attainment of our strategic objectives by tying the interests of senior management and key employees to those of our stockholders through the use of annual cash incentives and equity-based compensation.

Design of Our Compensation Program

Our compensation program for senior management, including the named executive officers, is designed to:

provide compensation that is competitive with our compensation peer group;

balance short-term and long-term goals through the use of annual cash incentives and grants of long-term equity incentives;
and

deliver a mix of fixed and at-risk compensation the value of which relates to our overall performance and the creation of stockholder value.

Each element of compensation is considered together with the other elements of compensation to ensure that both that particular element of compensation and our overall compensation program are consistent with our goals and objectives and that our compensation practices do not encourage management to engage in inappropriate, unnecessary or excessive risk taking. We considered the following factors in determining senior management compensation for 2017, all of which were considered together, without any weighting:

the compensation practices of our compensation peer group and analysis of market practices, as prepared for us by our independent compensation consultant;

the compensation recommendations of our independent compensation consultant;

the degree and extent to which senior management achieved our business objectives;

input from the Company's Chief Executive Officer on the accomplishments of senior management;

input from members of senior management on their individual contributions; and

the challenges to our ability to attract, retain and appropriately motivate strong senior management.

The Role of Our Independent Compensation Consultant

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

The Compensation Committee has historically retained Longnecker & Associates, Inc. ("Longnecker") to advise on executive compensation and, in that capacity to, among other things, make

Table of Contents

recommendations regarding an appropriate compensation peer group, to assist the Compensation Committee in establishing a competitive executive compensation program and to make recommendations and provide analysis regarding the compensation of senior management, including the named executive officers. In accordance with the NYSE rules, the Compensation Committee annually considers the independence of Longnecker from Company management based upon various factors, including the magnitude of any fees received from the Company relative to Longnecker's annual gross revenues; whether the individuals that advise the Compensation Committee participate directly or by collaboration with others within Longnecker in the provision of any services or products to the Company; whether Longnecker provided any products or services to any executive officer of the Company; and whether the individuals that advise the Compensation Committee own any Company securities. In conducting its evaluation, the Compensation Committee obtains from, and relies upon, responses from Longnecker relating to the foregoing. After considering these various factors and Longnecker's responses, the Compensation Committee determined that Longnecker was independent of Company management during the relevant periods covered by this report. No conflicts of interest or issues involving the independence of Longnecker arose during the periods covered by this report.

Longnecker is engaged by, and reports directly to, the Compensation Committee in carrying out its duties, and works with our Senior Vice President, Human Resources and Administration when preparing materials for the Compensation Committee. During 2017, representatives of Longnecker attended Compensation Committee meetings, met with the Compensation Committee without management being present and provided third-party data, analysis, advice and expertise on executive compensation matters and competitive executive compensation programs. We considered and relied upon this data, Longnecker's analyses of the data and its recommendations in establishing our compensation peer group and compensation programs, including the mix and amount of compensation utilized for our senior management, including the named executive officers. Longnecker also advised the Compensation Committee regarding the form of the employment agreement for senior management originally formulated in 2012 and which we continue to use today.

In assisting the Compensation Committee, Longnecker generates reports that include a compilation of compensation data based upon our compensation peer group (discussed below) and particularized data for industry participants to the extent Longnecker determines that such additional data would prove useful. At the direction of the Compensation Committee, Longnecker will also review any materials relating to compensation that are prepared by senior management and advise the Compensation Committee as to the consistency of management proposals with the committee's compensation philosophy, programs and objectives.

Our Compensation Committee annually reconsiders, with the advice and assistance of Longnecker, the composition of our compensation peer group and will recommend changes to the peer group so that it reflects, in the estimation of Longnecker and our Compensation Committee, a mix of companies that share pertinent characteristics with our Company and that are potential competitors with us for management talent. Changes to the composition of our compensation peer group may occur in response to, among other things, changes in our business, including assets, production levels, revenues, oil and natural gas reserves and production mix, market capitalization and enterprise value, and as a consequence of business combinations involving members of our peer group. Longnecker advises us on the composition of our compensation peer group and provides reports and analyses on their compensation and benefits practices.

Our Compensation Peer Group

In developing our compensation structure, we review the compensation and benefit practices, as well as levels of pay, of a compensation peer group of oil and natural gas exploration and development companies selected by the Compensation Committee. In preparation for our 2017 compensation review, Longnecker provided compensation data and analyses, which included, among other things, (1) the companies reviewed in their analysis of an appropriate compensation peer group recommendation;

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

Table of Contents

(2) compensation data of the recommended compensation peer group; and (3) particularized data for industry participants to the extent Longnecker determined that such additional data would prove useful in our compensation process.

We periodically review, evaluate and update our compensation peer group to provide ongoing comparability for compensation purposes. Adjustments to our compensation peer group are made due to business combinations or sales of peer group companies, as well as when necessary, in the opinion of our Compensation Committee, to better reflect the companies that compete with us for management talent and share common characteristics with our business, such as assets, production levels, revenues, oil and natural gas reserves and production mix, market capitalization and enterprise value. For the compensation structure developed for 2017, the compensation peer group consisted of the following companies:

Callon Petroleum Company	QEP Resources, Inc.
Carrizo Oil & Gas, Inc.	Resolute Energy Corporation
Clayton Williams Energy, Inc.	Sanchez Energy Corporation
EP Energy Corporation	Sandridge Energy, Inc.
Matador Resources Company	Whiting Petroleum Corporation
Oasis Petroleum Inc.	WPX Energy, Inc.

In conjunction with our consideration of 2018 compensation, including annual cash incentives for 2017 performance, we asked Longnecker to revisit our compensation peer group and provide advice regarding any recommended changes. As a result, Longnecker recommended changes to our peer group to reflect our current assets, revenues, oil and natural gas reserves and production mix, market capitalization and enterprise value, primarily attributed to our transformational shift in focus and becoming a single-basin, pure play operator in the Delaware Basin. Based upon the recommendations of Longnecker, our Compensation Committee approved the following companies to serve as our compensation peer group for 2018:

Approach Resources, Inc.	PDC Energy, Inc.
Callon Petroleum Company	QEP Resources, Inc.
Carrizo Oil & Gas, Inc.	Resolute Energy Corporation
Energen Corporation	RSP Permian, Inc.
EP Energy Corporation	Sandridge Energy, Inc.
Laredo Petroleum, Inc.	SM Energy Company
Matador Resources Company	

Elements of Compensation

The principal elements of our executive compensation program are base salary, annual cash incentives, long-term equity incentives and post-termination severance (under certain circumstances), and other benefits and perquisites, consisting of life and health insurance benefits, a qualified 401(k) savings plan, the reimbursement of certain club dues for our Chief Executive Officer and our Chief Financial Officer, and limited tax gross ups for life insurance, parking and country club membership. From time to time, the Compensation Committee may vary the mix of compensation utilized, depending upon the Compensation Committee's current view of the most effective method to provide incentives under current market conditions, taking into account the compensation practices of our compensation peer group and the advice of our independent compensation consultant.

Table of Contents

As noted earlier, we have generally targeted total compensation for our senior management between the 50th and the 75th percentile of our compensation peer group. Our approach allows flexibility and is based upon our assessment of many factors. For instance, we have targeted compensation in the upper quartile of our compensation peer group at times of rapid growth, as we considered it necessary for us to recruit, motivate and retain the executive talent capable of executing a rapid growth business strategy and managing our business in a competitive environment, in part because we compete for executive talent with a much broader industry group than our compensation peer group, including larger, more established industry participants, and because our stated willingness to embrace consolidation trends in our industry may increase the uncertainty of future employment with us as compared to some of our competitors. However, as conditions have changed, our compensation targets have also changed. In making these determinations we take into account, among other factors, corporate performance, projected growth in the Company, an executive's experience and value to the Company, individual performance and the current competitive environment for talented management. Thus, from time to time, we vary targeted compensation and the balance of each element of compensation relative to our compensation peer group depending on our assessment of these factors and our view of the most effective means of achieving our business objectives under the circumstances. While during periods of rapid growth we have historically targeted the 75th percentile, in recent years, in response to our assessment of the factors enumerated above, we have targeted compensation at approximately the 50th percentile of our compensation peer group. We maintained this 50th percentile target for 2017 for base salaries and long-term equity awards, and we continued to use a mix of restricted stock and stock options consistent with past practice; however, we paid annual cash incentives to the Chief Executive Officer and other named executive officers for 2017 performance ranging from 150% to 175% of base salaries, which resulted in annual cash incentives that may result in total cash compensation in excess of the targeted percentile of our compensation peer group. Annual cash incentives for 2017 performance and each of the other elements of our compensation program, are discussed in greater detail below.

Base Salary

We review base salaries for our Chief Executive Officer and other executives annually to determine if a change is appropriate. In reviewing base salaries, we consider several factors, including a comparison to base salaries paid for comparable positions in our compensation peer group, the relationship among base salaries paid within our Company and individual experience and contributions. Our intent is to fix base salaries at levels that we believe are consistent with our compensation program design objectives, which include a greater emphasis upon the incentive elements of compensation without sacrificing our ability to recruit, motivate and retain executive talent in a competitive environment.

For 2017, base salaries for the named executive officers were reviewed by our Compensation Committee and, with our independent compensation consultant's input and advice, left largely unchanged at 2016 levels as they approximated the 50th percentile of our 2017 compensation peer group for comparable positions, with the exception of a \$50,000 per annum increase for our Chief Executive Officer and President and a \$25,000 increase per annum for our Executive Vice President and Chief Legal Officer to align them with our target.

Base salaries for all of our named executive officers in 2017 were as follows:

Name	2017 Base Salary
Floyd C. Wilson	\$ 800,000
Stephen W. Herod	\$ 450,000
Mark J. Mize	\$ 400,000
David S. Elkouri	\$ 400,000
Jon C. Wright	\$ 400,000

Table of Contents

For 2018, with the exception of an increase in Mr. Wright's base salary of \$25,000 per annum, we maintained base salaries of the named executive officers at the levels set forth above as such amounts remain competitive utilizing our 2018 compensation peer group targeting the 50th percentile of that group for comparable positions.

Annual Cash Incentives

Annual cash incentives for 2017 performance were determined following the end of the year on the basis of management performance during 2017. At the beginning of the year, the Compensation Committee established certain operating and financial performance metrics, assigned them relative weightings and established annual targets for payout for each of them. The targeted payouts for each of the named executive officers ranged from 50% of base salary for achieving the minimum annual targets, 100% for achieving more aggressive annual targets and 200% for achieving the most aggressive, or "stretch," annual targets. The targets at the 100% payout level were intended to be achievable but challenging to reach. As a general matter, the Compensation Committee assigns a relative weight of approximately 50% to corporate performance and 50% to individual performance in considering annual cash incentives; however, ultimately, any such award is entirely discretionary, as our Compensation Committee believes retaining discretion over the amount of such awards is imperative in light of the dynamic nature of the Company's activities, the potential for rapid changes in the business environment and the limitations inherent in quantitative measures of performance under such circumstances. Further, our Compensation Committee views the successful implementation of our goals as a "team" effort and has therefore not established individualized performance targets or goals, although our Compensation Committee does recognize that each member of senior management will contribute to the overall success in the achievement of our goals to varying degrees, and it takes these relative contributions into account when considering compensation generally, and annual cash incentives in particular.

The operating and financial performance metrics established for 2017 performance were:

net debt to adjusted EBITDA;

adjusted cash flow per share;

drilling and completion capital expenditures relative to production growth per barrel of oil equivalent, or "Boe";

lease operating expense and workover costs per Boe;

cash general and administrative costs per Boe; and

a health and environmental safety metric based on total recordable incident rate and total barrels spilled per million barrels produced.

In the future, for a variety of reasons, such as to assist in communicating corporate objectives and setting definitive expectations and rewards for senior management, we may elect to establish bonus targets and performance targets that must be met in whole or in part to qualify for annual cash incentives and in conjunction therewith we may limit the discretion of our Compensation Committee or board of directors in determining annual cash incentives. However, as a general matter we do not believe that a formulaic or inflexible compensation program will necessarily provide appropriate incentives or rewards for the performance that we expect and, therefore, particularly given our current business plans and activities, we intend to retain discretion to alter performance factors and targets as circumstances warrant and, in assessing the performance of the Company or an individual, to take such factors into consideration as we may deem relevant from time to time. Accordingly, compensation, including annual cash compensation, may vary greatly from year to year and from executive to executive as a consequence of corporate performance and individual contribution relative to such factors that we may consider important, which may carry varying weight over time depending on the circumstances.

Table of Contents

The limitations of pre-established operating and financial performance metrics were particularly evident in 2017, as during the course of the year, the Company divested substantially all of its producing oil and natural gas properties in multiple basins, shifted to a single basin operator and reinvested in a largely undeveloped acreage position in the Delaware Basin. Consequently, operating and financial targets established with respect to the metrics enumerated above were rendered largely meaningless, particularly from the second fiscal quarter onward. For example, performance on the net debt to adjusted EBITDA metric exceeded the stretch target established at the beginning of the year due to debt repayments from the proceeds of asset divestitures, while metrics based on costs per Boe were less than the minimum threshold due to the loss of production associated with such divestitures. Accordingly, while the Compensation Committee considered performance against the operating and financial metrics for such portion of the year as they appeared meaningful, it did not place undue emphasis on them. Rather, the Compensation Committee viewed the accomplishments of management more broadly, to include:

effectuating the rapid transition of the Company out of its legacy properties on attractive terms;

acquiring a focused acreage position in the most competitive oil and natural gas region in the United States on attractive terms;

increasing the Company's inventory of economical drilling locations;

improving the Company's balance sheet and leverage profile;

quickly increasing production on newly acquired properties;

rapidly executing a drilling program on newly acquired acreage; and

accomplishing the foregoing while significantly reducing headcount.

Taking all of these factors into account, the Compensation Committee determined that management performance during 2017 was outstanding under the circumstances. In arriving at its annual cash incentive award determination, the Compensation Committee also considered the performance of the Company's common stock, as reflected in its trading price and the various factors unrelated to specific management accomplishments during the year affecting it. In light of all of the above, as well as individual contributions, the Compensation Committee recommended the annual cash incentives for 2017 performance appearing under the column heading "Bonus" in the "Summary Compensation Table" below.

Long-term Incentives

Long-term incentives comprise a significant portion of an executive's compensation package. Long-term incentives are consistent with our objective of providing an "at-risk" component of compensation. As noted above, our business strategy embraces the consolidation trend in our industry and providing long-term incentive award opportunities for senior management and key employees both align their interests with those of our stockholders and help to offset the negative implications that such a strategy may have on our ability to recruit and retain executive talent and key employees.

Historically, we have awarded grants of restricted stock and stock options to senior management, including the named executive officers. Each of these awards is discussed in more detail below. We have utilized this combination of awards because of their differing risk and reward characteristics. From time to time, we may utilize a different mix of these awards or utilize other forms of awards, such as stock appreciation rights, each of which is permitted under the Plan, depending upon the Compensation Committee's current view of the most efficacious method to provide incentives under current market conditions and taking into account the practices of our compensation peer group. Regardless of the nature of the award, our Compensation Committee recommends, and the board approves, the type and amount of awards that will be made to all employees, as well as the type and size of individual grants for each member of senior management other than our Chief Executive Officer and President, whose compensation is approved by the Compensation Committee.

Table of Contents

All grants of equity awards are made in accordance with our Equity-Based Incentive Grant Policy, which sets forth the timing of awards and the procedures for making awards and, in the case of stock options and stock appreciation rights, for determining the exercise price or grant value, respectively, of the award. The amounts granted will vary each year and are based on our analysis of compensation peer group data and the total compensation package of each member of senior management. Previous awards and grants, whether vested or unvested, may be considered by the Compensation Committee in establishing the current year's awards, but was not a significant influence in our compensation practices for 2017.

Our reorganization in 2016 resulted in the cancelation of all outstanding option awards previously granted to senior management and the substantial dilution of their equity interests (together with all of our other pre-emergence common stockholders) in the Company. The reorganization plan negotiated with our creditors provided that 10% of our newly issued shares of common stock would be granted as exit awards under the Plan. Pursuant to the terms of the reorganization plan, exit awards were made in two tranches, one granted on the first full day of trading of the new common stock of the Company following the effectiveness of the reorganization plan and the other, made in the discretion of the Compensation Committee, in early 2017. The exit awards included a mix of one-thirds restricted stock and two-thirds stock options. The reorganization plan provided that, with respect to the first tranche, the shares of restricted stock vest in two equal installments, one-half on the date of grant and one-half on the first anniversary of the date of grant, provided that the recipient has been continuously employed at such date. The stock options vest in three equal installments on each anniversary of the date of grant, beginning on the first anniversary of the date of grant, also provided that the recipient has been continuously employed at such date. The exercise price of the exit stock options was equal to the weighted average closing market price of our common stock for seven trading days following the date of grant, in part to mitigate price volatility because the first tranche was granted immediately following our emergence from reorganization. The long-term incentive information related to the named executive officers during fiscal year 2017 is included in the "Summary Compensation Table" set forth below. Additional information on long-term incentive awards for 2017 is shown in the tables entitled "Grants of Plan-Based Awards in 2017" and "Outstanding Equity Awards at December 31, 2017". Information regarding long-term equity incentives granted to the named executive officers subsequent to fiscal 2017 is set forth below under the heading "Compensation Adjustments Subsequent to Fiscal Year End."

2016 Long-Term Incentive Plan

We grant equity awards under the Plan which became effective on September 9, 2016 and originally provided for a total of 10,000,000 shares of common stock. On March 6, 2017, the holders of a majority of our outstanding voting stock approved an amendment to the Plan to increase by 9,000,000 the maximum number of shares of common stock that we may issue under the Plan (subject to adjustment to prevent dilution or enlargement of the rights of participants under the Plan) from 10,000,000 to 19,000,000, which became effective on April 6, 2017. The Plan facilitates the issuance of future long-term incentive awards as part of our overall compensation program and is administered by our Compensation Committee.

As of March 16, 2018, a total of 2,595,975 shares of common stock had been granted as restricted stock and were outstanding, 7,820,169 shares were reserved for the exercise of outstanding stock options and 4,772,417 shares of our common stock remained available for issuance pursuant to the Plan. The Plan permits granting awards in a wide variety of forms, including options to purchase our common stock, shares of restricted stock, restricted stock units (granting the recipient the right to receive common stock), shares of incentive stock (common stock issued without a restriction period), stock appreciation rights, performance units (settled in common stock or cash) and performance bonuses (settled in common stock or cash). We currently utilize as awards under the Plan only restricted stock and stock options, each of which is discussed in more detail below.

The Plan will expire on September 9, 2026. No grants will be made under the Plan after that date, but all grants made on or prior to such date will continue in effect thereafter subject to the terms of the award

Table of Contents

and of the Plan. Our board may, in its discretion, terminate the Plan at any time. The termination of the Plan would not affect the rights of participants or their successors under any awards outstanding and not exercised in full on the date of termination. The board may at any time, amend the Plan in whole or in part. Any amendment that must be approved by our stockholders to comply with the terms of the Plan, applicable law or the rules of the principal securities exchange, association or quotation system on which our common stock is then traded or quoted will not be effective unless and until such approval has been obtained. The board is not permitted, without the further approval of the stockholders, to make any alteration or amendment that would materially increase the benefits accruing to participants under the Plan, increase the aggregate number of shares that may be issued pursuant to the provisions of the Plan, change the class of individuals eligible to receive awards under the Plan or extend the term of the Plan.

Stock Options

An important objective of our long-term incentive program is to strengthen the relationship between the long-term value of our stock price and the potential financial gain for employees. Stock options provide participants with the opportunity to purchase our common stock at a price fixed on the grant date regardless of future market price. A stock option becomes valuable only if our common stock price increases above the option exercise price and the holder of the option remains employed during the period required for the option to vest, thus providing an incentive for an option holder to remain employed by us. Stock options link the option holder's compensation to stockholders' interests by providing an incentive to increase the market price of our stock.

Option grants to senior management are generally considered annually, at the same time as grants are considered for eligible employees, in February, after our year-end results become available. Our practice is that the exercise price for each stock option is the market value on the date of grant, which is normally the date that our Compensation Committee approves the award at a meeting of the Compensation Committee or a trading day after our release of earnings or other material nonpublic information in accordance with our Equity-Based Incentive Grant Policy. Our current policy provides for grants to be made or priced only during a trading window, as set forth in our Amended and Restated Insider Trading Policy, and within such window only at such time as there is no material non-public information regarding the Company. Under the Plan, the stock option price may not be less than the fair market value (the closing market price) of the shares on the date of grant. With respect to employees who are not executive officers, the Compensation Committee typically delegates the authority to make such grants to our Chief Executive Officer but specifies the total number of shares that may be subject to grants and the other material terms of the grants. All proposed stock options to new-hire employees are required to be approved by our Compensation Committee. Alternatively, our Compensation Committee may authorize in writing, in advance of any fiscal quarter, the number of shares underlying stock options that may be granted to new-hire employees for the following fiscal quarter and provide that our Chief Executive Officer may allocate such stock options at his discretion.

Stock options generally vest and become exercisable one-third annually after the original grant date. In certain instances, however, stock options may vest on an accelerated basis, such as in the event an executive's employment is terminated by us without cause or by the executive with good reason, in the event that the executive terminates his employment within a certain period following a transaction that effects a change in the control of our Company, or in the event of the executive's death or disability while employed by us. Under these circumstances all stock options held by the executive may automatically vest and become exercisable in accordance with the terms outlined in his or her stock option award agreement or employment agreement, if applicable. The employment agreements that we have entered into with the named executive officers provide for all stock options held by each executive to automatically vest and become exercisable in the event his employment is terminated by us without cause, by the executive for good reason or with or without good reason within a two-year period following a change of control of our Company.

Table of Contents

There is a limited term in which an executive can exercise stock options, known as the "option term." The option term is generally ten years from the date of grant, which is the maximum term of an option permitted under the Plan. At the end of the option term, the right to purchase shares pursuant to any unexercised option expires.

During 2017, each of the named executive officers received a mix of restricted stock and stock options under the Plan. Information on these grants, including the number of shares subject to each grant and, in the case of stock options, the exercise price, is shown in the table below entitled "*Grants of Plan-Based Awards in 2017*." These awards represent the second tranche of exit awards made in accordance with the reorganization plan negotiated with our creditors.

Restricted Stock Awards

Restricted stock awards are shares of our common stock that are awarded with the restriction that the executive remain with us through certain "vesting" dates. Prior to the restrictions thereon lapsing, the participant may not sell, transfer, pledge, assign or take any similar action with respect to the shares of restricted stock which the participant owns. Despite the restrictions, each participant will have full voting rights and will receive any dividends or other distributions, if any, with respect to the shares of restricted stock which the participant owns. Once the restrictions lapse with respect to shares of restricted stock, the participant owning such shares will hold freely-transferable shares, subject only to any restrictions on transfer contained in our certificate of incorporation, bylaws and insider trading policies, as well as any applicable federal or state securities laws.

Restricted stock awards to senior management are generally considered annually, at the same time as grants are considered for eligible employees, in February, after our year-end results become available. Restricted stock awards provide the opportunity for capital accumulation and more predictable long-term incentive value. The purpose of granting restricted stock awards is to encourage ownership and retention of our senior management and business decisions that may drive stock price appreciation. Recognizing that our business is subject to significant fluctuations in commodity prices that may cause the market value of our common stock to fluctuate, we also intend the awards to provide an incentive for senior management to remain with us throughout commodity price and business cycles.

Restricted stock awards generally vest one-third annually after the original award date, except that the second tranche of the restricted stock awards granted during 2017 as part of the reorganization plan negotiated with our creditors fully vested concurrently with the remaining one-half of the first tranche which vest occurred on the one year anniversary of the date of grant. Future vesting requirements impose limitations on the recipient, such that they do not become unconditionally entitled to retain any of the shares of restricted stock subject to vesting until the applicable vesting date, subject to certain exceptions related to termination of employment. Any unvested restricted stock awards generally are forfeited if the executive terminates employment with us. In certain instances, however, restricted stock awards may vest on an accelerated basis, such as in the event of the executive's employment is terminated by us without cause or by the executive with good reason, in the event that the executive terminates his employment within a certain period following a transaction that effects a change in the control of our Company, or in the event of the executive's death or disability while employed by us. Under these circumstances all restricted stock awards held by the executive may automatically vest in accordance with the terms outlined in the restricted stock award agreement or the employment agreement, if applicable. The employment agreements that we have entered into with the named executive officers provide for all restricted stock awards held by an executive to automatically vest in the event his employment is terminated by us without cause or by the executive with good reason.

The restricted stock grants to the named executive officers during fiscal year 2017 are shown below in the table entitled "*Grants of Plan-Based Awards in 2017*." These awards represent the second tranche of exit awards made in accordance with the reorganization plan negotiated with our creditors.

Table of Contents**Retirement Benefits**

We do not maintain a defined benefit pension plan or retiree medical program that covers members of senior management. Retirement benefits to our senior management, including the named executive officers, are currently provided principally through a tax-qualified profit sharing and 401(k) plan (our "Savings Plan"), in which eligible salaried employees may participate. Pursuant to the Savings Plan, employees may elect to reduce their current annual compensation up to the lesser of 75% or the statutorily prescribed limit of \$18,000 in calendar year 2017 (\$18,500 in 2018), plus up to an additional \$6,000 in the form of "catch-up" contributions for participants age 50 and above, and have the amount of any reduction contributed to the Savings Plan. Our Savings Plan is intended to qualify under sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"), so that contributions by us or our employees to the Savings Plan and income earned on contributions are not taxable to employees until withdrawn from the Savings Plan and so that contributions will be deductible by us when made. We match 100% of the amount an employee contributes to the Savings Plan, subject to a 10% maximum based on the employee's compensation as defined in the Savings Plan. Members of senior management participate in the Savings Plan on the same basis as other eligible employees.

The Savings Plan provides for various investment options, for which the participant has sole discretion in determining how both the employer and employee contributions are invested. The independent trustee of the Savings Plan then invests the assets of the Savings Plan as directed by participants. The Savings Plan does not provide our employees the option to invest directly in our securities. The Savings Plan offers in-service withdrawals in the form of after-tax account distributions and age 59.5 distributions. We believe that the Savings Plan supports the objectives of our compensation structure, including the ability to recruit and retain senior and experienced mid- to late-career executive talent for critical positions within our organization.

Outstanding Equity Awards Under the Plan

The following tables represent outstanding equity awards under the Plan as of December 31, 2017. We do not issue awards under any other plan.

	Number of Securities to be Issued Upon Exercise of Outstanding Options(#)	Weighted-Average Exercise Price of Outstanding Options	Average Remaining Contractual Life (Years)
Stock Options	6,735,903	\$ 8.84	8.9

	Number of Securities to be Issued Upon Vesting(#)
Restricted Stock	745,507

As of December 31, 2017 a total of 7,748,818 shares were available for future grants under the Plan. As of March 16, 2018, approximately 4,772,417 shares of our common stock are available for future grants under the Plan.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

We have employment agreements with each member of our senior management, including the named executive officers. Strong competition for management talent and uncertainty generated by our stated willingness to embrace consolidation trends in our industry led us to conclude that it was appropriate and in our best interests to enter into such employment agreements. Our independent compensation consultant advised our Compensation Committee regarding the form of the employment agreement used for senior management.

Table of Contents

Term of Employment Agreements

The term of employment of Mr. Wilson is two years, expiring on June 1, 2018. At least ninety days prior to expiration, the Company must affirmatively determine to renew the agreement for an additional two year period. The Company recently determined to renew Mr. Wilson's employment through June 1, 2020. The term of employment of each of our other named executive officers is one year, with automatic one-year extensions unless either party provides written notice thirty days prior to expiration of the initial term or any extension. Our failure to renew an executive's employment agreement will be considered a termination without cause under each employment agreement.

Compensation and Benefits

The salary payable to each of the named executive officers during 2017 is the amount set forth under the column entitled " 2017 Base Salary" in the table above. The salary of each named executive officer is subject to periodic review and may be increased from time to time by the Compensation Committee and our board. Each named executive officer is eligible to receive bonuses, grants of stock options, restricted stock or other equity awards as determined in the discretion of the Compensation Committee and our board. Each of the named executive officers is also entitled to reimbursement for reasonable business expenses and to participate in our life, health, and dental insurance programs, and all other employee benefit plans which we may, from time to time, make available. We provide limited tax gross-ups for life insurance, parking and country club memberships.

Our Chief Executive Officer is entitled under his employment agreement to receive a vehicle allowance and reimbursement for reasonable fees and membership dues for one Houston area country club. Our Chief Financial Officer is entitled under his employment agreement to be reimbursed for reasonable fees and membership dues for one Houston area country club.

Our use of expense reimbursement and perquisites as an element of compensation is limited. We do not view these items as a significant element of our compensation structure but do believe that they can be used in conjunction with base salary to recruit, motivate and retain executive talent in a competitive environment. The Compensation Committee periodically reviews these items provided to determine if they are appropriate and if any adjustments are warranted.

Termination Provisions and Severance Payments

We may terminate each named executive officer's employment upon disability, and at any time for cause or without cause. Each named executive officer may terminate his or her employment at any time, and such termination will be deemed to be with "good reason" if it is based on a material reduction in base salary; a material reduction in authority, responsibilities or duties or those of the supervisor to whom the named executive officer reports; a material reduction in the budget over which the named executive officer retains authority; a permanent relocation of the named executive officer's principal place of employment to any location outside a fifty mile radius of the location from which named executive officer provides services to the Company; or any uncured material breaches of the employment agreement by us. If the employment of any of the named executive officers is terminated by death or disability, such named executive officer (or his or her personal representative in the event of death) is entitled to receive accrued unpaid base compensation, plus an optional bonus to be determined by the Compensation Committee, and all stock options and other incentive awards held by the named executive officer will become fully vested and immediately exercisable, and all restrictions on any shares of restricted stock will be removed. If the employment of any of the named executive officers is terminated by us for cause, such named executive officer (or his or her personal representative in the event of death) is entitled to receive accrued unpaid base compensation.

If the employment of any named executive officer is terminated by us without cause or by such named executive officer with good reason, and such termination is not within two years after a change in control,

Table of Contents

such named executive officer will be entitled to the accrued portion of unpaid salary, payment of the greater of a prorated amount of the named executive officer's target bonus for the year in which the termination occurs or a bonus for such year as may be determined by our Compensation Committee in its sole discretion, a severance payment equal to one year's base salary plus the higher of the current year target bonus or the bonus paid for the preceding year, payment of the premiums for medical, vision and dental insurance for the executive and his or her dependents for up to one year following termination, and the full vesting of all unvested options and all restrictions removed from shares of restricted stock.

If such named executive officer is terminated by us without cause or such named executive officer terminates his or her employment with the Company *with or without* good reason, and such termination is within two years after a change in control, such named executive officer will be entitled to receive the accrued portion of unpaid salary, payment of the greater of a prorated amount of the named executive officer's target bonus for the year in which the termination occurs or a bonus for such year as may be determined by our Compensation Committee in its sole discretion, a severance payment equal to a multiple (which varies by individual) of base salary plus the higher of the current year target bonus or the bonus paid for the year prior to termination or the year in which the change of control occurred, payment of the premiums for medical, vision and dental insurance for the executive and his or her dependents for up to eighteen months following termination, and the full vesting of all unvested options and all restrictions removed from shares of restricted stock. The multiplier for Mr. Wilson is 3.0, for Messrs. Herod, Mize and Elkouri it is 2.5, and for Mr. Wright it is 2.0. In addition, if a bonus for the named executive officer for the year immediately preceding the termination has been determined but not paid as of the date of termination, the named executive officer will be paid the bonus so determined; and if such a bonus has not been determined, then the named executive officer will be paid a bonus equal to the greater of such named executive officer's target bonus for such year, or for the year in which the termination occurs or the change of control occurs, or the bonus paid to executive for the year immediately preceding the year in which the change of control occurs. If the employment of such named executive officer is terminated by such named executive officer without good reason and not within two years after a change in control, such named executive officer is entitled to receive accrued unpaid base compensation.

The employment agreements with the named executive officers generally define a change of control to mean any of the following events:

any person or group becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of more than 35% of the total voting power of our outstanding voting stock;

our merger with or consolidation into another entity and, immediately after giving effect to the merger or consolidation, one or both of the following occurs: (a) less than 50% of the total voting power of the outstanding voting stock of the surviving or resulting entity is then "beneficially owned" in the aggregate by our stockholders immediately prior to such merger or consolidation, or (b) the individuals who were members of our board of directors immediately prior to the execution of the agreement providing for the merger or consolidation do not constitute at least a majority of the members of the board of directors of the surviving or resulting entity;

we sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of our assets to a third party in one transaction or a series of related transactions;

individuals who constitute our board of directors cease for any reason to constitute at least a majority of our board of directors unless such persons were elected, appointed or nominated by a vote of at least a majority of our incumbent directors; or

the complete liquidation or dissolution of our Company.

In our view, having the change of control and severance protections helps to maintain the named executive officer's objectivity in decision-making and provides another vehicle to align the interests of our

Table of Contents

named executive officers with the interests of our stockholders. The disposition of our Williston Basin oil and natural gas properties in September 2017 constituted a sale of substantially all of our assets and, therefore, a change of control under the terms of our employment agreements with senior management.

The following table sets forth the estimated amounts that would be payable to each of the named executive officers upon a termination under the scenarios outlined above, excluding termination for cause or on account of death or disability, assuming that such termination occurred on December 31, 2017 and using the closing price of our common stock at December 31, 2017 for purposes of the calculations as required by the SEC. The dollar amounts set forth under the column heading "Early Vesting of Restricted Stock/Options" correspond to the amounts that would be paid, in addition to accrued and unpaid salary through the date of death or disability, in the event of the death or disability at year-end of each of the executives. There can be no assurance that these scenarios would produce the same or similar results as those disclosed if a termination occurs in the future.

- (1) Represents total annual cash compensation (2017 base salary plus target bonus, which is 100% of base salary for each officer, in accordance with the terms of the employment agreement), which, in the event of a change of control, has been multiplied by the applicable multiplier set forth in each officer's employment agreement.
- (2) The value of unvested restricted stock and stock options that would vest under each termination scenario is based on the closing price of our common stock on December 31, 2017. No restricted stock grants to named executive officers were unvested through December 31, 2017 and reflects no payout on account of out of money options.
- (3) Represents an estimate of health insurance benefits to be provided to the named executive officer and each eligible dependent under each of the scenarios based on 2018 COBRA rates.

Board Representation

Mr. Wilson's employment agreement provides that he will be nominated as a member of our board, and that we will use our best efforts to cause him to be elected, appointed, or re-elected or re-appointed, as a director.

Table of Contents

Indemnity Agreements

We have entered into an indemnity agreement with each of our non-employee directors and Messrs. Wilson and Mize. These agreements provide for us to, among other things, indemnify such persons against certain liabilities that may arise by reason of their status or service as directors or officers, to advance their expenses incurred as a result of a proceeding as to which they may be indemnified and to cover such person under any directors' and officers' liability insurance policy we choose, in our discretion, to maintain. These indemnity agreements are intended to provide indemnification rights to the fullest extent permitted under applicable indemnification rights statutes in the State of Delaware and are in addition to any other rights such person may have under our certificate of incorporation, bylaws and applicable law. We believe these indemnity agreements enhance our ability to recruit and retain knowledgeable and experienced executives and independent, non-management directors.

Tax Deductibility

We believe that it is in our best interest to pay compensation consistent with our compensation philosophies and objectives, even if it results in the non-deductibility of some compensation under the Code. Accordingly, deductibility under Section 162(m) of the Code has not influenced our compensation decisions. Further, recent tax law changes to Section 162(m) of the Code have expanded the limitations on the deductibility of compensation in excess of \$1 million paid to certain executives to include our chief financial officer, as well as our chief executive officer and our three next most highly compensated executive officers, as well as eliminating the exception previously available for certain performance-based compensation.

2017 Say on Pay Vote Results

Our success depends substantially on the performance of our executive officers and other key employees. The loss of any member of the senior management team or other key employees could negatively affect our ability to execute our business strategy. Our executives and other key employees have been instrumental in guiding the Company through a very difficult commodity price cycle and positioning us for the future. Our responsibility is to implement compensation programs that attract and retain the management talent necessary for the Company execute its business plans and grow stockholder value.

At the 2017 annual meeting of our stockholders, the compensation of our named executive officers was broadly endorsed by our stockholders, obtaining approval by 83.5% of the votes cast on our "Say on Pay" proposal (excluding broker non-votes and abstentions). We engage in regular discussions with our stockholders on many aspects of our business, and to the extent that during those discussions we receive stockholder feedback on our compensation practices, our Compensation Committee will take it into account, along with the advice and guidance of our independent compensation consultants, as our Compensation Committee endeavors to ensure that our executive compensation programs are consistent with our objective of ensuring we are able to recruit, motivate and retain the executive talent required to successfully manage and grow our business.

- (1) Awards granted under the Plan provide only for a single estimated payout. Under the Plan there are no minimum amounts payable for a certain level of performance and there are no maximum payouts possible above the target. Thus, there are no thresholds or maximums (or equivalent items) applicable to these awards.
- (2) Represents shares of restricted stock and stock options issued under the Plan. The shares of restricted stock vested on September 12, 2017. Stock options vest in three equal installments on each anniversary of the date of grant, beginning on the first anniversary of the date of grant, in each case, provided that the recipient has been continuously employed at such date.
- (3) The exercise price of each award is equal to the closing market price of our common stock on the date of grant.

Compensation Adjustments Subsequent to Fiscal Year End

Subsequent to December 31, 2017, as part of the analysis of executive compensation that is undertaken annually by our Compensation Committee, we approved increases in the base salaries of certain of our named executive officers and granted awards to each named executive officer of long-term equity incentives under the Plan. These incentives were in the form of grants of restricted stock and non-qualified stock options. The restricted stock grants and non-qualified stock options vest in three equal annual increments beginning on the first anniversary of the grant date. The incremental increase in salary, if applicable, and the number of shares covered by the equity awards for each named executive officer are set forth in the table below. The exercise price per share for each stock option reflected in the following table is \$5.65, which was the closing market price of our common stock on the date of grant, March 1, 2018.

Stock Ownership Guidelines Policy

Our board of directors has adopted an Amended and Restated Stock Ownership Guidelines Policy (the "Policy") applicable to our board of directors, chief executive officer and president and each executive vice president to ensure that they maintain a meaningful economic stake in the Company. The Policy is designed to maintain stock ownership of our directors and the specified officers at a significant level so as to further align their interests with the interests of our stockholders in value creation. Subject to certain exceptions contained in the Policy, our directors

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

are required to hold a number of shares of our common stock valued at three times (3x) the annual cash retainer paid to them by the Company, our chief executive officer and president is required to hold a number of shares of our common stock valued at six times (6x) the base salary paid to him by the Company and the other specified officers are required to hold a number of shares of our common stock valued at three times (3x) the base salaries paid to them by the Company.

Table of Contents

For purposes of calculating the value of shares owned, each share of stock shall have a deemed value equal to the greater of the price at acquisition or the current market value. For purposes of calculating the value of unvested restricted shares, the value shall be determined without giving effect to the restriction. Subject to certain exceptions contained in the Policy, all of the Company's directors and executive officers, including the named executive officers, are in compliance with the Policy.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Wilson, our Chairman, Chief Executive Officer and President. For 2017, our last completed fiscal year:

the median of the annual total compensation of all employees of the Company (other than Mr. Wilson) was \$201,569; and

the annual total compensation of Mr. Wilson was \$7,353,493.

Based on this information, for 2017 the ratio of the annual total compensation of Mr. Wilson to the median of the annual total compensation of all employees was 36 to 1.

To identify the median of the total annual compensation of all our employees, we utilized a determination date of December 31, 2017, a date within the last three months of the 2017 fiscal year. For purposes of reporting annual total compensation and the ratio of annual total compensation of Mr. Wilson to the median employee, both Mr. Wilson and the median employee's annual total compensation were calculated consistent with the disclosure requirements of executive compensation under Item 402(c)(2)(x) of Regulation S-K.

- (4) Ms. Barnes resigned from our board on February 14, 2018. The number of restricted stock awards subject to vesting, excluding shares received in lieu of fees, made to Ms. Barnes for service as a director during 2017 was 23,157.
- (5) Mr. Takaha resigned from our board on March 15, 2018.

Discussion of Director Compensation Table

Employee directors receive no additional compensation for service on our board or any committee of the board. All directors receive actual expense reimbursements associated with attending board and committee meetings. Our director compensation program has been developed with the advice and guidance of our independent compensation consultant using compensation peer group and market data and consists of two principal elements: (1) annual retainer and committee fees and (2) equity consisting of restricted stock awards. Our Compensation Committee reviews our director compensation program at least annually using the advice and information provided by our independent compensation consultant. Our non-employee directors received an award of restricted stock under the Plan with value of \$165,005; they will receive annually an award of restricted stock under the Plan having a value of \$165,000, which grant shall be made contemporaneously with our annual meeting of stockholders. Our non-employee directors also receive an annual cash retainer of \$70,000, payable on a quarterly basis and pro-rated for actual service during the year. Our lead independent director receives an additional \$25,000 per year, also payable on a quarterly basis and pro-rated for actual service during the year. Additional annual compensation for each committee chairperson and committee member for all of the committees of our board is set forth below:

Board Committee	Committee Chairperson Additional Compensation	Committee Member (excluding Chairperson) Additional Compensation(1)
Audit	\$ 25,000	\$ 7,500
Compensation	\$ 15,000	\$ 5,000
Nominating and Corporate Governance	\$ 12,500	\$ 5,000
Reserves	\$ 12,500	\$ 5,000

Fees are paid in four equal quarterly installments and board members may elect to take all or a portion of the cash compensation we pay to them in shares of our common stock, with the number of shares determined by dividing such fees by the trading price per share of our common stock on the last day of each calendar quarter. Any such election must be made prior to the beginning of the quarter for which the compensation is to be paid and is irrevocable for that quarter.

2018 Director Compensation

After consideration of various factors, including market conditions in our industry generally and the Compensation Committee's decisions relating to compensation of the Company's executive officers, the

Table of Contents

Compensation Committee recommended to our board for approval, a modification of the additional cash amounts associated with service on a standing committee of the board, reflecting the additional workload associated with service in such capacities, to increase the additional annual cash retainer for committee member service on the (i) audit committee from \$7,500 to \$10,000; (ii) compensation committee from \$5,000 to \$7,500; (iii) nominating and corporate governance committee from \$5,000 to \$5,500; and (iv) reserves committee from \$5,000 to \$5,500, payable in quarterly installments. On February 28, 2018, the board approved such modifications to non-employee director compensation. All other non-employee director compensation, including the annual retainer paid to the Lead Director and Committee Chairs, which are set forth above under " 2017 Director Compensation" and discussed in somewhat greater detail in " Discussion of Director Compensation Table," will remain the same for 2018.

2016 Long-Term Incentive Plan

Non-employee directors are eligible to participate in the Plan discussed above under the heading "*Long-term Incentives 2016 Long-Term Incentive Plan.*" At the time an individual initially becomes a non-employee director, we grant such director shares of our restricted common stock. The Compensation Committee determinates how many shares of our restricted common stock to grant to a new non-employee director based upon a number of factors, including the qualifications and background of the director, current market conditions, recommendations of our independent compensation consultant and our evaluation of our compensation peer group. In addition, effective on the date of the Company's annual meeting of stockholders, we grant to each director the number shares of our restricted common stock the value of which equals \$165,000. For the purposes of determining the value of the shares of restricted stock to be issued, the closing price of the Company's common stock as reported on the date of grant is used, and in calculating the number of shares of restricted stock to be issued, the number of shares is rounded up to the nearest 100 shares. Grants of restricted stock to non-employee directors vest on the six month anniversary of the date of grant (subject to acceleration in the event of a change of control) provided that the director serves continuously on our board through the vesting date. At December 31, 2017, 369,149 non-employee director grants had been fully vested and no shares were not yet vested.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

From the Reorganization Plan Effective Date, our Compensation Committee has consisted of William J. Campbell (Chairman), James W. Christmas and Michael L. Clark. No member of the Compensation Committee during 2017 served as one of our officers or employees or of any of our subsidiaries during that year. In addition, during 2017, none of our executive officers served as a director or as a member of the compensation committee of a company which employs any of our directors.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed the Compensation Discussion and Analysis section of this proxy statement with management as required by Item 402(b) of Regulation S-K. Based on our review and discussion with management, we have recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

ACCOUNTANTS AND AUDIT COMMITTEE

Audit Committee Report

Dear Stockholder:

The Audit Committee has reviewed and discussed with management of Halcón and Deloitte & Touche LLP ("Deloitte"), the firm serving as the independent registered public accountant of Halcón, the audited financial statements of Halcón as of, and for the fiscal year ended, December 31, 2017 (the "Audited Financial Statements"). In addition, we have discussed with Deloitte the matters required to be discussed by the statement on Auditing Standard No. 1301 (*Communications with Audit Committees*), as adopted by the Public Company Accounting Oversight Board.

The Audit Committee also has received the written disclosures and the letter from Deloitte required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as adopted by the Public Company Accounting Oversight Board, and the Audit Committee has discussed with that firm its independence from Halcón. Upon such review, the Audit Committee has concluded that the independent registered public accountant is independent from Halcón and its management. We have also discussed with management of Halcón and Deloitte such other matters and received such assurances from them as we deemed appropriate.

Management is responsible for Halcón's internal controls and the financial reporting process. Deloitte is responsible for performing an independent audit of Halcón's financial statements and of its internal control over financial reporting in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

Based on the foregoing monitoring and oversight process, discussions with management and a review of the report of Deloitte with respect to the Audited Financial Statements, and relying thereon, the Committee has recommended to the board the inclusion of the Audited Financial Statements in Halcón's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

The Audit Committee has considered the requirements of the Sarbanes-Oxley Act of 2002 with respect to the responsibilities of audit committees of public companies. The Audit Committee and the board of Halcón are committed to compliance with all provisions of that statute and related regulations. Actions will be taken by the Audit Committee and the board as statutory and regulatory provisions become effective for Halcón and for audit committees and independent registered public accountants generally.

consolidated financial statements, or any other matters or reportable events as defined in Items 304(a)(1)(iv) and (v) of Regulation S-K.

Attendance at the Annual Meeting by Deloitte Representative

A representative of Deloitte is expected to be present at the annual meeting of the stockholders. Deloitte will have the opportunity to make a statement if it desires to do so, and the Deloitte representative is expected to be available to respond to appropriate questions.

Fees

The following table presents fees billed for professional audit services rendered by Deloitte, our principal accounting firm for the years ended December 31, 2017 and 2016. The table also presents fees for other services rendered by Deloitte during those periods. Except as set forth below, we paid all such fees.

	2017	2016
Audit Fees	\$ 1,749,783	\$ 1,679,469
Audit-Related Fees	123,500	203,013
Tax Fees	1,624,521	2,654,768
All Other Fees		
Total	\$ 3,497,804	\$ 4,537,250

As used above, the following terms have the meanings set forth below:

Audit Fees. The fees for professional services rendered by Deloitte for the audit of our annual financial statements, for the review of the financial statements included in our quarterly reports on Form 10-Q and for services that are normally provided by the accountants in connection with statutory and regulatory filings or engagements and private placements, including but not limited to registration statements, for the years ended December 31, 2017 and 2016.

Audit-Related Fees. The fees for assurance and related services by Deloitte that are for audit, valuation services for acquisitions, valuation services related to the Reorganization and valuation services for a specific subsidiary that are reasonably related to the performance of the audit or review of our financial statements and are not otherwise reported under "Audit Fees."

Tax Fees. The fees for professional services rendered by Deloitte for tax compliance, tax advice, and tax planning.

All Other Fees. The fees for products and services provided by Deloitte, other than for the services reported under the headings "Audit Fees," "Audit-Related Fees" and "Tax Fees," for the period in question.

Audit Committee Pre-Approval Policy

All audit fees, audit-related fees and tax fees as described above for the years ended December 31, 2017 and 2016 were pre-approved by our Audit Committee, which concluded that the provision of such services by Deloitte was compatible with the maintenance of their respective independence in the conduct of their auditing functions. Our Audit Committee's pre-approval policy provides that pre-approval of all such services must be approved separately by the Audit Committee. The Audit Committee has not delegated any such pre-approval authority to anyone outside the Audit Committee. Each member of the Audit Committee has the authority to pre-approve non-audit services up to \$200,000 to be performed by our independent registered public accountant.

PROPOSALS FOR CONSIDERATION AT THE ANNUAL MEETING OF STOCKHOLDERS

PROPOSAL 1 ELECTION OF DIRECTORS

Our bylaws specify that we shall not have less than one nor more than fifteen directors, and each director holds office until the annual stockholders' meeting at which such director's class is up for re-election and until the director's successor is duly elected and qualified, or until such director's earlier death, resignation or removal. As of the date of this proxy statement, our board consists of eight directors, seven of whom have been determined to be independent directors as set forth in the corporate governance rules of the NYSE codified in Section 303A of the NYSE Listed Company Manual. Our certificate of incorporation provides that our board is classified into three classes: Class A, Class B and Class C, each class having a three-year term of office.

Four of our current directors, William J. Campbell, James W. Christmas, Michael L. Clark and Ronald D. Scott, have been nominated for re-election at the 2018 annual meeting because of the expiration of the term of their class, Class B, on our board. If Messrs. Campbell, Christmas, Clark and Scott each receive a majority of votes cast in favor of his continued service on the board, each will serve a three-year term expiring in 2021.

If any nominee should for any reason become unable to serve prior to the date of the annual meeting, the shares represented by all valid proxies will be voted for the election of such other person as the board may designate as a replacement following recommendation by the Nominating and Corporate Governance Committee, or the board may reduce the number to eliminate the vacancy.

Additional information regarding Messrs. Campbell, Christmas, Clark and Scott, and all of our other directors, can be found under the sections entitled "*Our Board of Directors and Its Committees*," "*Security Ownership of Certain Beneficial Owners and Management*," and "*Director Compensation*" of this proxy statement.

Votes Required

Directors are elected by a majority vote of the votes present in person or represented by proxy and entitled to vote, thus the number of shares vote "for" a nominee must exceed the number of shares voted "against" such nominee. For purposes of determining the outcome for each nominee, broker non-votes will not be counted as entitled to vote and will have no effect on the outcome of the vote. Abstentions will effectively count as votes "against" because they are considered entitled to vote. If you sign your proxy card but do not give instructions with respect to the voting of directors, your shares will be voted for Messrs. Campbell, Christmas, Clark and Scott. However, if you hold your shares in street name and do not instruct your broker how to vote in the election of directors, your shares will constitute a broker non-vote and will not be voted for any of the nominees. See the section of this proxy statement entitled "*General Information Voting and Revocation of Proxies*."

The board of directors unanimously proposes and recommends that you vote "FOR" each of the nominees for re-election to the board of directors.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT

The Audit Committee has appointed Deloitte & Touche LLP ("Deloitte") as the independent registered public accounting firm to serve as our independent registered public accountant in respect of the fiscal year ending December 31, 2018. The Audit Committee recommends that our stockholders ratify this appointment.

The affirmative vote of the majority of the shares present in person or represented by proxy at the annual meeting and voting on Proposal No. 2 shall constitute ratification of the selection of Deloitte as our

independent registered public accountant in respect of the fiscal year ending December 31, 2018. If our stockholders do not ratify the appointment of Deloitte, the appointment of an independent registered public accounting firm to serve as the independent registered public accountant for the fiscal year ending December 31, 2018 will be reconsidered by the Audit Committee.

Representatives of Deloitte are expected to be present at the meeting and will have an opportunity to address the meeting and respond to appropriate questions.

During the years ended December 31, 2017 and 2016 and for the subsequent interim period through the date of this report, neither the Company nor anyone acting on its behalf consulted Deloitte with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as defined in Items 304(a)(1)(iv) and (v) of Regulation S-K.

The board of directors unanimously proposes and recommends that you vote "FOR" the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accountant for the fiscal year ending December 31, 2018.

SUBMISSION OF STOCKHOLDER PROPOSALS FOR OUR 2019 ANNUAL MEETING OF STOCKHOLDERS

Stockholder proposals intended to be presented under Rule 14a-8 under the Exchange Act for inclusion in our proxy statement and accompanying proxy for our 2019 annual meeting of stockholders, including nomination of an individual for election as a director at the 2019 annual meeting of stockholders, must be received at our principal executive offices in Houston, Texas, on or before December 6, 2018, and must meet all the requirements of Rule 14a-8. If a stockholder intends to present a proposal at our 2019 annual meeting but has not sought the inclusion of such proposal in our proxy materials, the written proposal must be delivered to our Chief Legal Officer not less than sixty (60) nor more than ninety (90) days prior to the meeting date. For example, if our 2019 annual meeting of stockholders is held on May 15, 2019, then our Chief Legal Officer must receive the proposal after February 15, 2019 but before March 16, 2019. If we mail or otherwise provide notice, or public disclosure, of the date of our annual meeting on a date that is less than seventy (70) days prior to the date of the annual meeting, the stockholder's notice that he or she proposes to bring business before the annual meeting must be received by us no later than the tenth business day following the day on which our notice of the annual meeting was mailed, or public disclosure was made, whichever event first occurs. For a description of some of the requirements for suggesting an individual for consideration by the Nominating and Corporate Governance Committee for election as a director, see "*Our Board of Directors and Its Committees Corporate Governance Matters Nomination Process.*"

Proposals and other notices should be sent to:

David S. Elkouri
Executive Vice President and Chief Legal Officer
1000 Louisiana St., Suite 1500
Houston, Texas 77002

The use of certified mail, return receipt requested, is suggested.

OTHER MATTERS

The board knows of no other proposals that may properly be presented for consideration at the annual meeting but, if other matters do properly come before the annual meeting, and provided you vote your shares using the instructions on the notice of internet availability of proxy materials, or, if you received a paper copy of the proxy card, by completing, signing, dating and returning the proxy card, thereby consenting to be represented at the annual meeting by proxy, the persons named in the proxy will vote your shares according to their best judgment.

By Order of the Board of Directors
of Halcón Resources Corporation
