WEIS MARKETS REPORTS INCREASES IN FIRST QUARTER AND COMPARABLE STORE SALES

(Sunbury, PA) - Weis Markets, Inc. (NYSE: WMK) today said its first quarter sales increased 4.4% to \$571.8 million for the thirteen-week period ending March 31, 2007 compared to the same period a year ago while its comparable store sales increased 4.4%.

The Company attributed its sales increase to successful sales building strategies and aggressive promotional pricing.

The Company's first quarter net income declined 10.3% to \$13.4 million and its basic and diluted earnings per share declined \$.05 to \$.50 per share compared to the same period a year ago.

The Company said its earnings were negatively impacted by a decline in its gross profit rate due to higher inventory losses and its aggressive promotional activity in response to competitive openings. The Company's earnings were also affected significantly by increased labor costs.

To better manage its labor costs and reduce its inventory losses, the Company is implementing programs to improve operational efficiencies, productivity and execution.

At its annual shareholders meeting earlier this month, Weis Markets' Vice Chairman Jonathan H. Weis announced the Company's plans to invest \$72.5 million in its expansion and growth. Two-thirds of this budget is targeted for the construction of two superstores, including one replacement, ten additions and nine remodels.

Founded in 1912, Weis Markets, Inc. will mark its 95th year of operation in May. The Mid-Atlantic food retailer currently operates 156 stores in five
