#### ITEM 1. REPORT TO STOCKHOLDERS.

Attached hereto is the annual shareholder report transmitted to shareholders pursuant to Rule 30e-1 of the Investment Company Act of 1940, as amended.

#### BABSON CAPITAL PARTICIPATION INVESTORS

Babson Capital Participation Investors is a closed-end investment company, first offered to the public in 1988, whose shares are traded on the New York Stock Exchange.

### INVESTMENT OBJECTIVE & POLICY

Babson Capital Participation Investors (the "Trust") is a closed-end investment company, first offered to the public in 1988, whose shares are traded on the New York Stock Exchange under the trading symbol "MPV". The Trust's share price can be found in the financial section of newspapers under either the New York Stock Exchange listings or Closed-End Fund listings.

The Trust's investment objective is to maximize total return by providing a high level of current income, the potential for growth of income, and capital appreciation. The Trust's principal investments are privately placed, below-investment grade (as defined below), long-term debt obligations purchased directly from their issuers, which tend to be smaller companies. At least half of these investments normally include equity features such as warrants, conversion rights, or other equity features that provide the Trust with the opportunity to realize capital gains. The Trust will also invest in publicly traded debt securities (including high yield securities), again with an emphasis on those with equity features, and in convertible preferred stocks and, subject to certain limitations, readily marketable equity securities. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay principal. The Trust is prohibited from purchasing below-investment grade securities if, after giving effect to the purchase, more than 75% of the Trusts' total assets would be invested in below-investment grade securities, which are securities that are rated, at the time of purchase, BB or B by S&P or Ba or B by Moody's, or, if unrated, are believed by Babson Capital Management LLC ("Babson Capital") to be of an equivalent quality. In addition, the Trust will not invest in any debt security that is rated, at the time of acquisition, below B by S&P or Moody's, or if unrated, is believed by Babson Capital to be of an equivalent quality. In addition, the Trust will not invest in any debt securities.

Babson Capital manages the Trust on a total return basis. The Trust distributes substantially all of its net income to shareholders each year. Accordingly, the Trust pays dividends to shareholders four times a year in January, May, August, and November. All registered shareholders are automatically enrolled in the Dividend Reinvestment and Cash Purchase Plan unless cash distributions are requested.

In this report you will find a complete listing of the Trust's holdings. We encourage you to read this section carefully for a better understanding of the Trust. We cordially invite all shareholders to attend the Trust's Annual Meeting of Shareholders, which will be held on April 19, 2013 at 1:00 P.M. in Springfield, Massachusetts.

\*Data for Babson Capital Participation Investors (the "Trust") represents portfolio returns based on change in the Trust's net asset value assuming the reinvestment of all dividends and distributions. These returns differ from the total investment return based on market value of the Trust's shares due to the difference between the Trust's net asset value and the market value of its shares outstanding (see page 12 for total investment return based on market value). Past performance is no guarantee of future results.

#### TO OUR SHAREHOLDERS

I am pleased to share with you the Trust's Annual Report for the year ended December 31, 2012.

#### PORTFOLIO PERFORMANCE

The Trust's net total portfolio rate of return for 2012 was 15.9%, as measured by the change in net asset value and assuming the reinvestment of all dividends and distributions. The Trust's total net assets were \$127,874,125, or \$12.56 per share, as of December 31, 2012. This compares to \$120,319,666 or \$11.90 per share, as of December 31, 2011. The Trust paid a quarterly dividend of \$0.27 per share for each of the four quarters of 2012, for a total annual dividend of \$1.08 per share. In 2011, the Trust also paid four quarterly dividends of \$0.27 per share, and declared a special year-end dividend of \$0.15 per share, for a total annual dividend of \$1.23 per share. Net investment income for the year was \$1.08 per share, including approximately \$0.06 per share of non-recurring income. Net investment income for 2011 was \$1.14 per share, which included approximately \$0.12 per share of non-recurring income.

After increasing 14.2% in 2011 and 13.8% in 2010, the Trust's stock price declined from \$15.85 as of December 31, 2011 to \$13.91 as of December 31, 2012, or 12.2%. Since year-end, the stock price has rebounded nicely. The Trust's stock price of \$13.91 as of December 31, 2012 equates to a 10.7% premium over the December 31, 2012 net asset value per share of \$12.56. The Trust's average quarter-end premium for the 3, 5 and 10-year periods was 18.3%, 9.7% and 10.5%, respectively.

The table below lists the average annual net returns of the Trust's portfolio, based on the change in net assets and assuming the reinvestment of all dividends and distributions. Average annual returns of the Barclays Capital U.S. Corporate High Yield Index and the Russell 2000 Index for the 1, 3, 5 and 10 years ended December 31, 2012 are provided for comparison purposes only.

New investment activity for the Trust was strong in 2012, particularly in the fourth quarter when the Trust completed 11 new private placement investments and one add-on investment. For the full year 2012, the Trust closed 21 new private placement investments and 11 add-on investments in nine existing portfolio companies. Total private placement investments purchased in 2012 were \$23,001,545. This amount represents an 85.6% increase from the \$12,396,081 of new private placement investments completed by the Trust in 2011. We were certainly pleased with the quantity of new investment activity in 2012, but, more importantly, we were very pleased by the overall quality of these new investments. Leverage multiples were reasonable during the year and pricing and return expectations on new investments were at an acceptable level in 2012. All in all, market conditions in the private mezzanine investment arena in 2012 were favorable for new investment activity.

New private placement investments completed during 2012 were 1492 Acquisition LLC; ABC Industries, Inc.; Advanced Manufacturing Enterprises; AMS Holding LLC; Baby Jogger Holdings LLC; BP SCI LLC; Blue Wave Products, Inc.; Church Services Holding Company; DPL Holding Corporation; ELT Holding Company; GD Dental Services LLC; Healthcare Direct Holding Company; HGGC Citadel Plastics Holdings; HVAC Holdings, Inc.; JMH Investors LLC; MNX Holding Company; Petroplex Inv Holdings LLC; RM Holding Company; Rose City Holding Co.; Safety Infrastructure Solutions and Stag Parkway Holding Co. In addition, the Trust added to existing private placement investments in CHG Alternative Education Holding Company; Church Services Holding Company; DPC Holdings LLC; DPL Holding Corporation; FCX Holding Corporation; FGI Equity LLC; LPC Holding Company; LTS Scale and Merex Holding Corporation. A brief description of these investments can be found in the Consolidated Schedule of Investments.

The condition of the Trust's existing portfolio continued to strengthen in 2012. Sales and earnings for the Trust's portfolio as a whole continued their upward momentum – we now have seen 34 consecutive months of increases in the average sales and EBITDA of our portfolio companies since hitting trough levels in late 2009. Credit upgrades in the portfolio this year once again far outnumbered credit downgrades, while the number of companies on our watch list and in default is at the lowest level we have seen over the last five years.

We had 19 companies exit from the Trust's portfolio during 2012. In 17 of these exits, the Trust realized a significant positive return on its investment. These investments were ASAP Industries LLC; Aero Holdings, Inc.; Associated Diversified Services; Barcodes Group, Inc.; Coeur, Inc.; FCX Holding Corporation; FH Equity LLC, Milwaukee Gear Company; Nyloncraft, Inc.; Oak River Technology, Inc.; Power Services Holding Company; REI Delaware Holdings, Inc.; Royal Baths Manufacturing Company; Savage Sports Holding, Inc.; Stanton Carpet Holding Company; THI Acquisition, Inc. and Xaloy Superior Holdings, Inc. Two long-standing troubled investments, KWPI Holdings Corporation and Pacific Consolidated Holdings LLC, were also realized in 2012 at recovery levels consistent with their carrying values. In addition, we had a number of companies who took advantage of lower interest rate and improved operating performance to refinance and prepay their debt obligations to the Trust.

#### OUTLOOK FOR 2013

Though the mergers and acquisitions market has taken a bit of a breather in early 2013, we expect that deal flow will pick up and be at robust levels during the rest of 2013. This should lead to a healthy level of investment opportunities for the Trust. We also have a significant number of portfolio companies that are in various stages of a sale process, and we expect that realization activity will remain strong in 2013. Strong realization and refinancing activity is a double-edged sword, however, as the resulting loss of income-producing investments could adversely impact the Trust's ability to sustain its dividend level. We have been fortunate that our new investment activity in recent years has been strong and has had a positive impact on net investment income. We will need to maintain a robust level of new investment activity in the face of expected high levels of realization and refinancing activity.

The Trust performed well in 2012. Despite the unsettled global economic conditions and other challenges, we are optimistic about the Trust's performance as we proceed through 2013. Rest assured that regardless of the economic and market environment, the Trust will continue to employ the investment philosophy that has served it well since its inception: investing in companies which we believe have a strong business proposition, solid cash flow and experienced, ethical management. This philosophy, along with Babson Capital's seasoned investment-management team, positions the Trust well to meet its investment objectives and policies. As always, I would like to thank you for your continued interest in and support of Babson Capital Participation Investors. I look forward to seeing you at the Trust's annual shareholder meeting in Springfield on April 19, 2013.

Lastly, on behalf of the Trust's shareholders, the members of the Board of Trustees, and the officers of the Trust, I would like to thank Martin T. Hart for his over 21 years of dedicated service to the Trust as a Trustee. Martin was elected as a Trustee in April 1991 and the December 2012 meeting of the Trustees was his last meeting as a Trustee. He has provided the Trust with unique and invaluable insight and guidance throughout his tenure as a Trustee. We will miss him and his contributions to the Trust.

Sincerely, Michael L. Klofas President

(a)

(b)

Calculated using average shares.

Rounds to less than \$0.01 per share.

(c)Net asset value return represents portfolio returns based on change in the Trust's net asset value assuming the reinvestment of all dividends and distributions which differs from the total investment return based on the Trust's market value due to the difference between the Trust's net asset value and the market value of its shares outstanding; past performance is no guarantee of future results.

(d) As additional information, this ratio is included to reflect the taxes paid on retained long-term gains. These taxes paid are netted against realized capital gains in the Statement of Operations. The taxes paid are treated as deemed distributions and a credit for the taxes paid is passed on to shareholders.
