WISCONSIN ENERGY CORPORATION
WISCONSIN ELECTRIC POWER COMPANY

ITEM 5.02 DEPARTURE OF DIRECTORS OR CERTAIN OFFICERS; ELECTION OF DIRECTORS;
APPOINTMENT OF CERTAIN OFFICERS; COMPENSATORY ARRANGEMENTS OF CERTAIN OFFICERS.

Performance Measures

On December 3, 2009, pursuant to the terms of the Short-Term Performance Plan of Wisconsin Energy Corporation amended and restated effective as of January 1, 2005 (the "STPP"), the Compensation Committee of Wisconsin Energy Corporation's Board of Directors (the "Compensation Committee") established overall performance goals for the upcoming 2010 plan year. In general, the 2010 annual incentive under the STPP will be dependent upon financial achievement determined by Wisconsin Energy's performance against targets for earnings from continuing operations and cash flows, which will be established in the near future. In addition to Wisconsin Energy's targets for earnings from continuing operations and cash flows, officers and employees whose positions principally relate to utility operations are also measured against targets for the aggregate net income of Wisconsin Electric Power Company and Wisconsin Gas LLC, wholly-owned subsidiaries of Wisconsin Energy. Awards can be increased or decreased by up to 10% based upon Wisconsin Energy's performance in the operational areas of customer satisfaction (5%), supplier and workforce diversity (2.5%) and safety (2.5%).

Amendment of the Performance Unit Plan

On December 3, 2009, the Compensation Committee amended and restated the Wisconsin Energy Corporation Performance Unit Plan (the "Performance Unit Plan") effective January 1, 2010, to eliminate the dividend equivalent on future awards. A performance unit granted under this plan entitles the grantee to receive a cash payment based upon Wisconsin Energy's total stockholder return (stock price appreciation plus dividends) over a three-year performance period as compared to the total stockholder return of a custom peer group of companies. Performance units may vest in an amount between 0% and 175% of the target award. Prior to this amendment, whenever Wisconsin

Energy declared a dividend on its common stock, a grantee was entitled to receive a cash amount determined by multiplying (a) the number of performance units at the target 100% rate held by the grantee on the dividend declaration date, times (b) the amount of cash dividends paid by Wisconsin Energy on a share of its common stock.

Amendment of the Short-Term Performance Plan

On December 3, 2009, the Compensation Committee amended and restated the STPP effective January 1, 2010, to provide for short-term dividend equivalents. Under the STPP as amended, beginning with the 2010 performance unit grant under the Performance Unit Plan, certain officers and employees are eligible to receive short-term dividend equivalents in an amount equal to the number of performance units at the target 100% rate held by each such officer and employee on the dividend declaration date multiplied by the amount of cash dividends paid by Wisconsin Energy on a share of its common stock on such date. The short-term dividend equivalents will vest at the end of each year if Wisconsin Energy achieves the performance target or targets for that year established by the Compensation Committee in the same manner as the performance targets are established under the STPP for the annual incentive award. For 2010, the Compensation Committee determined that the short-term dividend equivalents will be dependent upon Wisconsin Energy's performance against a target for earnings from continuing operations, which will be established in the near future.

Amendment of the Death Benefit Only Plan

On December 3, 2009, the Compensation Committee amended the terms of the Death Benefit Only Plan, which is provided to certain designated officers of Wisconsin Energy and its subsidiaries, to eliminate the payment of any benefit once participants in the plan have retired from Wisconsin Energy. Prior to this amendment, if a participant's death occurred post-retirement a benefit was paid to his or her designated beneficiary in an amount equal to the after-tax value of one times final base salary. The plan continues to provide for a benefit in an amount equal to the after-tax value of three times a participant's base salary upon the death of the participant while employed by Wisconsin Energy. This change only affects future retirees, not those who have already retired.

Other Matters

In addition, attached as Exhibit 10.3 are the terms and conditions of restricted stock awards that may be granted under the 1993 Omnibus Stock Incentive Plan, approved by the Compensation Committee on December 3, 2009.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS

(d) Exhibits

10 Material Contracts

10.1 Wisconsin Energy Corporation Short-Term Performance Plan, as amended and restated effective as of January 1, 2010.
