NOTE 1 – BASIS OF PRESENTATION

The accompanying financial statements of Veracity Management Global, Inc (the "Company", "VCMG") at September 30, 2012 have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in conformity with generally accepted accounting principles have been omitted or condensed pursuant to such rules and regulations. These statements should be read in conjunction with VCMG's audited financial statements and notes thereto included in VCMG's Form 10-K. In management's opinion, these unaudited interim financial statements reflect all adjustments (consisting of normal and recurring adjustments) necessary for a fair presentation of the financial position and results of operations for each of the periods presented. The accompanying unaudited interim financial statements for the three months ended September 30, 2012 are not necessarily indicative of the results which can be expected for the entire year.

Basis of Presentation

The Company follows accounting principles generally accepted in the United States of America. Certain prior period amounts have been reclassified to conform to the September 30, 2008 presentation. On August 2, 2007, the Company's Board of Directors approved a 1 for 73 reverse split of the Company's common stock by Action of the Board and a majority of shareholders. All information related to common stock, warrants to purchase common stock and earnings per share have been retroactively adjusted to give effect to the stock split.

The statements of operations show the effect of a reclassification of the distribution of the subsidiary companies until July 1, 2008. The reclassification included all parts of the prior operations for both subsidiary companies as loss from discontinued operations for the prior reported period.

In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The financial statements include the accounts of Veracity Management Global, Inc and the operations of Secured Financial Data, Inc and Veracity Management Group, Inc. are being reported as loss from discontinued operations. Any inter-company transactions have been eliminated as part of the transaction.

As a development stage company, the Company continues to rely on infusions of debt and equity capital to fund operations. The Company relies principally on cash infusions from its directors and affiliates, and paid a significant amount of personal services and salaries in the form of common stock.

Recently Issued Accounting Standards

In June 2011, the FASB issued new authoritative accounting guidance that states an entity that reports items of other comprehensive income has the option to present the components of net income and comprehensive income in either one continuous financial statement, or two consecutive financial statements, including reclassification adjustments.

In December 2011, the FASB issued new authoritative accounting guidance which effectively deferred the requirement to present the reclassification adjustments on the face of the financial statements. This authoritative

accounting guidance is effective for interim and annual periods beginning after December 15, 2011. Based on the Company's current operations and structure, the adoption of this standard is not expected to have an impact on the Company's 2012 financial statements.

 (Unaudited)

In May 2011, the FASB issued Accounting Standards Update 2011-04, Fair Value Measurement: Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS, which amended FASB ASC Topic 820, Fair Value Measurement. The objective of this update is to create common fair value measurement and disclosure requirements between GAAP and International Financial Reporting Standards (“IFRS”). The amendments clarify existing fair value measurement and disclosure requirements and make changes to particular principles or requirements for measuring or disclosing information about fair value measurements. These amendments are not expected to have a significant impact on companies applying GAAP. This provision is effective for interim and annual periods beginning after December 15, 2011. Adoption of this update is not expected to have a material impact on the Company’s disclosures and financial statement.

Management does not anticipate that the adoption of these standards will have a material impact on the financial statements.

NOTE 2- GOING CONCERN

Veracity Management Global, Inc.’s financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities and commitments in the normal course of business for the foreseeable future. Since inception, the Company has accumulated losses aggregating to \$4,162,224 and has insufficient working capital to meet operating needs for the next twelve months as of September 30, 2012, all of which raise substantial doubt about VCMG’s ability to continue as a going concern.

NOTE 3 – ACCOUNTS PAYABLE – RELATED PARTY

The officers and directors of the Company have advanced funds to pay for the filing and other necessary costs of the Company. The following are the advances from the officers and directors:

	September 30, 2012	June 30, 2012
