PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 5, 2006

This proxy statement is furnished in connection with the solicitation, on behalf of Asbury Automotive Group, Inc., a Delaware corporation (the Company), of proxies to be used at the Company's annual meeting of stockholders, to be held at The Grand Hyatt New York, Park Avenue at Grand Central Station, New York, New York, on May 5, 2006, at 9:00 a.m. Eastern Daylight Time, and all adjournments of the meeting. The accompanying Notice of Meeting, this proxy statement and proxy card are first being mailed to stockholders on or about March 30, 2006. A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2005 is included with these materials.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders are being asked to consider and vote upon the matters outlined in the accompanying Notice of Meeting, including:

PROPOSAL 1. Election of three members of Class I of the Board of Directors (the Board) to hold office until the 2009 Annual Meeting of Stockholders; and

PROPOSAL 2. Ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Company for the year ending December 31, 2006.

The stockholders will also transact any other business that may properly come before the meeting. Members of the Company's management team and representatives from Deloitte & Touche LLP will be present at the meeting to make a statement if they so desire and to respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the annual meeting was March 10, 2006. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the annual meeting. Attendance at the meeting will be limited to such stockholders of record, their proxies, beneficial owners having evidence of ownership on the record date and invited guests of the Company.

The Company's sole outstanding capital stock is its common stock, par value \$0.01 per share. Except as otherwise required by law, or as described in this proxy statement, each holder of the Company's common stock is entitled to one vote per share on each matter submitted at the meeting. At the close of business on the record date there were 32,973,156 shares of the Company's common stock outstanding representing 32,973,156 votes eligible to be cast at the meeting by holders of the Company's capital stock.

What if my shares are held in street name by a broker?

If you are the beneficial owner of shares held in street name by a broker, your broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker will be entitled to vote the shares FOR the election of directors (Proposal 1) and FOR the ratification of auditors (Proposal 2). Shares that a broker is not

entitled to vote with respect to a proposal are sometimes called broker non-votes. The treatment of broker non-votes is described in the following Q&A and below under How will broker non-votes be treated?

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of voting stock outstanding on the record date, determined by voting power, will constitute a quorum. Proxies received but marked as abstentions or broker non-votes (i.e., shares that your broker is not permitted to vote) will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the chairman of the meeting may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. You may vote by mail. If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, your shares will be voted in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in the United States.
2. You may vote by telephone or on the Internet. If your shares are held in street name by a broker or other nominee, you may also be able to give voting instructions by telephone or on the Internet. Please check the voting form provided by your broker or nominee to see if they offer such options.
3. You may vote in person at the meeting. If you hold your shares of record and attend the annual meeting and wish to vote in person, you will be given a ballot at the annual meeting. However, if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy from the institution that holds your shares indicating that you were the beneficial owner of the Company's voting stock on March 10, 2006, the record date for voting at the annual meeting. Please contact your broker or other institution directly if you would like to obtain a proxy to vote your shares directly at the meeting. Even if you plan to attend the meeting, please sign and return your proxy card to ensure that your shares are represented. If you do attend the meeting, any votes you cast at the meeting will supersede your proxy.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the annual meeting by:

- signing another proxy with a later date;
 - giving written notice of the revocation of your proxy to the Secretary of the Company prior to the annual meeting;
- or
- voting in person at the annual meeting.

How does the Board recommend I vote on the proposals?

The Board recommends that you vote:

- **FOR** Proposal 1: the election of three members of Class I of the Board of Directors to hold office until the 2009 Annual Meeting of Stockholders; (see page 7); and
- **FOR** Proposal 2: the ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Company for the year ending December 31, 2006 (see page 31).

What if I do not specify how my shares are to be voted?

If you submit an executed proxy but do not indicate any voting instructions, your shares will be voted FOR each of the proposals set forth in this proxy statement.

Will any other business be conducted at the meeting?

The Board knows of no other business that will be presented at the meeting. If any other proposal properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast on this proposal is required to elect the three nominees as directors. This means that the three nominees will be elected if they receive more affirmative votes than any other person. If you vote **Withheld** with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum. Proxies will not be voted for a greater number of persons than the number of nominees named in this proxy statement.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board may either reduce the number of directors to be elected or cause a substitute nominee to be selected. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

How many votes are required to ratify the appointment of the Company's independent auditors?

The ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Company for the year ending December 31, 2006 requires the affirmative vote of a majority of the voting power of the Company's common stock present at the meeting in person or by proxy and entitled to vote as of the record date.

How will abstentions be treated?

If you abstain from voting on a proposal, your shares will still be included for purposes of determining whether a quorum is present. Because directors are elected by a plurality of votes, an abstention will have no effect on the outcome of the vote and, therefore, is not offered as a voting option for Proposal 1. If you abstain from voting on Proposal 2, for which this option is available, your shares will be included in the number of shares voting on the proposal. Consequently, your abstention will have the same practical effect as a vote against the proposal.

How will broker non-votes be treated?

If your shares are held by a broker or other nominee in street name, your broker will generally be prohibited from voting such shares on any matter other than FOR the election of directors and FOR the ratification of the Company's auditors, unless you inform your broker how your shares should be voted. If you don't provide your instructions by properly completing and returning to your broker the enclosed voting card (or by voting by telephone or Internet, if your broker provides such services), such shares will be treated as broker non-votes with respect to any proposals raised at the meeting other than Proposals 1 and 2. Such shares will be included for purposes of calculating the presence of a quorum. Otherwise, shares represented by broker non-votes will be treated as shares not entitled to vote on a proposal.

Who pays for the costs of soliciting proxies?

The Company will pay the cost of soliciting proxies. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of voting stock. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies personally or by facsimile, telegraph or telephone, without additional compensation.

SECURITIES OWNED BY MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

The following table sets forth information with respect to the ownership of shares of the Company's common stock by each director and named executive officer listed in the Summary Compensation Table and by all directors and executive officers of the Company as a group. In addition, the table sets forth information about all other persons known to the Company to be the beneficial owner of more than five percent of the Company's common stock.

The following information is given as of March 10, 2006, the record date. In the case of percentage ownership, the information is based on 32,973,156 shares of the Company's common stock outstanding on that date. Shares issuable upon exercise of options within 60 days of the record date are deemed to be outstanding for the purpose of computing the percentage ownership and overall voting power of persons believed to beneficially own such securities, but have not been deemed to be outstanding for the purpose of computing the percentage ownership or overall voting power of any other persons. The number of shares beneficially owned by each director and executive officer is determined under rules promulgated by the Securities and Exchange Commission (the SEC), and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days after the record date through the exercise of any stock option or other right. Inclusion in the table below of such shares, however, does not constitute an admission that the director or named executive officer is a direct or indirect beneficial owner of such shares. Voting power in the table is computed with respect to a general election of directors. So far as is known to the Company, the persons listed below have sole voting and investment power with respect to the shares indicated as believed to be owned by them, except as noted.

**PROPOSAL NO. 1.
ELECTION OF DIRECTORS**

Except as disclosed in this proxy statement, there are no arrangements or understandings between any of the nominees and any other person pursuant to which such nominee was selected.

Three directors are to be elected to hold office as Class I directors for terms of three years, until their respective successors have been duly elected and qualified. If a proxy does not withhold authority for the election of any or all of the nominees for directors, the proxy holders will vote the shares represented by such proxy for the election of the three nominees. If a proxy withholds a vote from one or more nominees for directors, the proxy holders will follow the instructions.

Each nominee has consented to being named in this proxy statement and has agreed to serve if elected. Management has no reason to believe that any of the nominees will not serve if elected. If a nominee is unable to stand for election, the Board will designate a substitute nominee. If a substitute nominee is designated, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

Directors and Nominees for Election as Directors

Pursuant to the Company's Restated Certificate of Incorporation and a resolution adopted by the Board, the size of the Board is twelve directors. The Board is classified into three classes, with three-year terms. The term of each Class I director expires this year, the term of each Class II director expires in 2007 and the term of each Class III director expires in 2008.

Currently, Class I has one vacant seat. The Board intends to fill this seat rather than reduce the number of its members. The Governance and Nominating Committee (also referred to in this proxy statement as the GNC) is conducting a board search for candidates to fill the vacant seat. In 2005, the Board also retained the executive search firm, SpencerStuart, to help identify and evaluate qualified candidates to fill this vacant seat.

The biographies below give information provided by the nominees about their principal occupation, business experience and other matters. For additional information regarding the directors and nominees, see SECURITIES OWNED BY MANAGEMENT AND CERTAIN BENEFICIAL OWNERS, GOVERNANCE OF THE COMPANY, and RELATED PARTY TRANSACTIONS.

Nominees for Election as Class I Directors

The nominees for election to Class I of the Board are Janet M. Clarke, Michael J. Durham and Charles B. Tomm. If re-elected at the annual meeting, their terms will expire in 2009.

Mr. Tomm has been designated a Dealer Nominee pursuant to the terms of the Shareholders Agreement, whereby the parties to the Shareholders Agreement are entitled to at least two seats on the Board if the number of non-management directors is greater than six.

The Board and management recommend you vote FOR each of these nominees.

GOVERNANCE OF THE COMPANY

The Board believes that the purpose of corporate governance is to ensure that the Company maximizes stockholder value in a manner consistent with legal requirements and the highest standards of integrity. It has adopted and adheres to corporate governance practices that it and management believe promote this purpose, are sound and represent best practices. The Company continually reviews its governance practices, Delaware law (the state in which the Company is incorporated), the rules and listing

standards of the New York Stock Exchange (NYSE) and the regulations of the SEC, as well as best practices suggested by recognized governance authorities.

Independence of Directors

The Company is a controlled company and consequently is not required to comply with the NYSE's requirement that a majority of its directors be independent. Asbury Automotive Holdings L.L.C. controls more than 50% of the voting power of the Company's outstanding common stock. However, the Board has determined that the following seven of its eleven directors qualify as independent directors under the NYSE's rules: Ms. Clarke, Messrs. Collins, Durham, Jordan, Maritz, Roth and Snow. The Board has adopted the categorical standards set forth below to assist it in making determinations of independence. These standards comply with the NYSE's categorical standards for director independence.

Any director who satisfies all of the following criteria shall be presumed to be an independent director:

- He or she has not been employed by, and none of his or her immediate family members* has been an executive officer of, the Company or its consolidated subsidiaries (together, the Company) at any time within the three years preceding the date of this determination;
- He or she has not received, and none of his or her immediate family members has received, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), at any time within the three years preceding the date of this determination;
- He or she has not been affiliated with or employed by, and none of his or her immediate family members has been affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company at any time within the three years preceding the date of this determination;
- He or she has not, and none of his or her immediate family members has, at any time within three years from the date of this determination, been employed as an executive officer of another company where any of the Company's present executive officers serve on that company's compensation committee; and
- He or she is not an executive officer or an employee, and none of his or her immediate family members is an executive officer of a company (other than a charitable organization) that, during the current fiscal year or last three completed fiscal years, made payments to, or received payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The Board also reviews and affirmatively determines based upon all relevant facts and circumstances, whether any director has a material relationship with the Company that would affect his or her independence, including any direct or indirect commercial, professional, charitable or familial relationships between the director or his or her immediate family members, on the one hand, and the Company or its executive officers, on the other hand.

* An immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home. Any such relationship arising by blood, marriage or adoption is included.

In addition, a director cannot qualify as independent for Audit Committee purposes if the director, other than in his or her capacity as a member of the Audit Committee, the Board or any other Board committee:

- Accepts directly or indirectly any consulting, advisory or other compensatory fee from the Company. Compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company provided that such compensation is not contingent in any way on continued service; or
- Is an affiliated person of the Company.

The Board has affirmatively determined, by applying the categorical standards set forth above, that no independent director has any material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company.

As of April 28, 2005, the date of the Company's 2005 annual meeting, one Board seat became vacant. The Board intends to fill this vacancy with an individual who will satisfy the categorical standards for independence set forth above.

Nomination of Directors

Although we are a controlled company, and not required to have a separate nominating committee under the rules and listing standards of the NYSE, the Board has established the GNC, which performs the nominating duties on behalf of the Board. The nominees for election at the annual meeting are all current directors and were originally recommended to the Board by various sources including other directors, the Company's dealers and stockholders. In the case of new directors, potential candidates are identified through a number of sources, including management, current board members and the Company's stockholders, and may include the engagement of third party search firms to assist in identifying and evaluating potential nominees. Candidates are evaluated in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of the stockholders. In performing this evaluation, the GNC considers the diversity, age, skills, experience and other factors it deems appropriate given the needs of the Board and the Company to maintain a balance of knowledge, experience and capabilities. Qualified director nominees should possess high moral character and personal integrity, high level of leadership or managerial experience, experience and knowledge relative to matters affecting the Company, the ability and willingness to contribute to the Board, the ability to exercise sound, independent business judgment, a long-term commitment to the interests of stockholders and growth of the Company, freedom from conflicts of interest, the ability to dedicate sufficient time, energy and attention to Board activities and the diligent performance of his or her duties, and reflect the diversity of the Company's stockholders, employees, customers and communities.

The Board will consider director candidates recommended by the Company's stockholders. In order to make such a nomination, the stockholder must (i) be a record holder of shares of common stock on the record date, (ii) be entitled to vote for the election of such director(s) and (iii) comply with the notice procedures set forth in the Company's bylaws. If you would like a copy of the Company's bylaws, please notify the Company at the address given on the first page of this proxy statement. The bylaws are also available on the Company's web site at www.asburyauto.com under "Investor Relations" at "Corporate Governance".

Notice of a stockholder's recommendation with regard to nominees for election to the Board must be delivered to or mailed and received by the Secretary of the Company not later than 90 days or earlier than 120 days prior to the first anniversary of the preceding year's annual meeting of stockholders. If the annual meeting of the stockholders for which the recommendation is submitted is more than 30 days before or more than 60 days after the first anniversary of the preceding year's annual meeting of stockholders, such recommendation must be received by the Secretary of the Company not earlier than 120 days prior to the annual meeting and not later than 90 days prior to such annual meeting or the 10th day following the day on which public announcement of the annual meeting date is first made by the Company. The stockholder's notice shall be signed by the stockholder of record who intends to recommend a nominee, shall set forth: (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and (ii) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (A) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner, (B) the number of shares of the Company which are owned of record and beneficially by such stockholder and such beneficial owner, (C) a representation that such stockholder is entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to nominate the person specified in the notice and (D) a representation whether the stockholder or beneficial owner, if any, intends or is part of a group which intends (x) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect the nominee and/or otherwise to solicit proxies from stockholders in support of such nomination.

Communications with the Board

The Company has established procedures for stockholders and interested parties to communicate on a confidential basis directly with the Board, with the Company's non-management directors, or with a particular director by sending written communications to Asbury Automotive Group, Inc., 622 Third Avenue, 37th Floor, New York, NY 10017, Attn: Board of Directors. All letters must identify the author and clearly state whether the intended recipients are all members of the Board or only certain specified individual directors. The General Counsel will make copies of all letters and circulate them to the directors addressed. If the author of the communication wishes such communication to be confidential, it must be clearly indicated on the envelope that the communication is confidential. The General Counsel will then forward such communication, unopened, to the Chairman of the Board.

Committees of the Board

The Board has, as standing committees, an Audit Committee, a Compensation Committee, an Executive Committee and the GNC.

Audit Committee

The members of the Audit Committee during 2005 were Messrs. Maritz (Chair) and Durham, and Ms. Clarke. The Committee held twelve meetings in 2005. In accordance with the NYSE's rules, all members of the Audit Committee meet the independence requirements for Audit Committee members and are financially literate. Mr. Durham is the Audit Committee financial expert. The charter of the Audit Committee is available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

This Committee retains the firm of independent auditors engaged each year as the Company's principal independent auditors, subject to shareholder ratification. It undertakes, with management and

the independent auditors, the review of the financial statements, the financial reporting process and the adequacy of basic accounting services of the Company. The Audit Committee's review of financial statements is more fully described below under the caption REPORT OF THE AUDIT COMMITTEE, and its responsibilities are outlined in the Audit Committee Charter.

Compensation Committee

The members of the Compensation Committee during 2005 were Messrs. Snow (Chair) and Roth, and Ms. Clarke. The Committee held nine meetings in 2005. Each member of the Committee is an independent director. The charter of the Compensation Committee is available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

This Committee recommends to the Board the compensation to be paid the President and Chief Executive Officer, reviews the recommendations of the Chief Executive Officer as to the appropriate compensation of the Company's corporate officers, has general supervisory power over, and has the power to grant awards under, the Company's 2002 Equity Incentive Plan, and oversees other benefit plans. See COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION for further detail on this process.

Executive Committee

The members of the Executive Committee during 2005 were Messrs. Roth (Chair), Durham, Gilman and Snow. The Committee held three formal meetings in 2005, and acted pursuant to unanimous written consent as necessary. The Executive Committee has and may exercise all the authority of the Board when the Board is not in session except that it does not have the authority to (a) approve or propose to stockholders actions required by the Delaware General Corporation Law to be approved by stockholders; (b) adopt, amend or repeal by-laws; (c) authorize distributions; (d) fill vacancies on the Board or any of its committees; (e) approve a plan of merger, consolidation or reorganization not requiring stockholder approval; (f) authorize or approve the reacquisition of shares, except according to a formula or method prescribed by the Board; or (g) authorize or approve the issuance or sale or contract for sale of shares or determine the designation and relative rights, preferences and limitations of a class or series of shares.

Governance and Nominating Committee

Because the Company is a controlled company, the NYSE's rules do not require that it have a nominating committee. Nevertheless, in February 2005, the Company created the GNC to assume the nominating and corporate governance duties being undertaken by the full Board. The members of the GNC during 2005 were Messrs. Durham (Chairman), Roth and Snow, all of whom are independent directors. During 2005, the GNC held two formal meetings. The charter of the GNC is available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

The GNC assists the Board by identifying qualified individuals to become directors and recommending the composition of the Board and its committees. It is also responsible for monitoring the process to assess the Board's effectiveness and developing and implementing our corporate governance guidelines.

Directors Fees; Attendance

Directors who are employees of the Company or employees of its affiliates, including Asbury Automotive Holdings L.L.C., and its two principals, Ripplewood Partners L.P. and Freeman Spogli, do not receive a retainer or fees for service on the Board or its committees. All other directors (the non-management directors) receive an annual retainer for service that is paid in advance and meeting fees that are paid quarterly in arrears, as well as annual equity grants and the use of a motor vehicle.

During 2005, the compensation received by the non-management directors was as follows: Mr. Durham, the Company's non-executive Chairman, was paid \$120,000 until November 21, 2005, at which time the Board, upon recommendation of the Compensation Committee, approved an increase of his annual retainer to \$225,000 effective November 1, 2005. The other non-management directors were each paid an annual retainer of \$30,000. In addition, the non-management directors received the use of a motor vehicle, \$1,000 for their attendance at each meeting of the Board, \$1,000 for their attendance at each meeting of the Compensation Committee and GNC, and \$1,500 for their attendance at each meeting of the Audit Committee (\$1,000 for Audit Committee meetings conducted by telephone and \$750 for all other meetings conducted by telephone), plus reasonable out-of-pocket expenses. The Audit Committee chair was paid \$20,000 and the Compensation Committee and GNC chairs were each paid \$5,000. Each non-management director also received a grant of options having an aggregate exercise price equal to \$75,000, up to a maximum of 5,000 shares, under the Company's 2002 Equity Incentive Plan.

At a meeting of the Board on February 23, 2006, the Compensation Committee recommended, and the Board approved, the following changes to Board compensation for non-management directors: Each non-management director, except Mr. Durham, receives an annual retainer of \$35,000. In addition, the non-management directors receive \$1,500 for their attendance at meetings of the Board and meetings of the Compensation Committee and the GNC in person, and \$2,000 for their attendance at meetings of the Audit Committee in person (\$1,500 for Audit Committee meetings conducted by telephone and \$1,000 for all other meetings conducted by telephone). The retainers for the chairs of each committee remain the same. Each non-management director will continue to be reimbursed for reasonable out-of-pocket expenses incurred for attendance at Board and/or committee meetings and will continue to receive the use of a motor vehicle. However, in lieu of receiving the annual grant of Company stock options that the Company has historically paid to the non-management directors, the Compensation Committee has recommended, and the Board has agreed, that such directors will receive a grant of time-vesting restricted stock following the release of the Company's second quarter earnings. The actual grant date and the number of shares of restricted stock granted to each non-management director will be determined at the Compensation Committee and the Board meetings scheduled for May 2006.

During 2005 there were twenty-three meetings of the Board. Each director attended at least 75% of the total meetings of the Board and Committees on which he or she served, except Messrs. Collins, Mr. Jordan and Mr. McLarty. In accordance with the NYSE's rules, the non-management directors held five executive sessions during 2005. Mr. Durham presides over such executive sessions.

The Company does not have a policy with regard to the attendance of the members of its Board at annual meetings. At the time of the Company's 2005 Annual Meeting of Stockholders, the Board was comprised of eleven members; there was one seat vacant. Ten of the eleven then-current members of the Board attended such meeting.

Code of Business Conduct and Ethics

In accordance with the NYSE's rules and the rules and regulations adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act), the Board has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics applicable to all directors, officers and employees. These documents are available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

The Company will provide you with copies of the above-mentioned documents as well as our Audit Committee, Compensation Committee and GNC charters, free of charge, if you call or submit a request in writing to Investor Relations, Asbury Automotive Group, Inc., 622 Third Avenue, 37th Floor, New York, New York 10017.

General Executive Compensation Policy

Executive Compensation. The Company's executive compensation program consists primarily of base salary, annual incentive payments, stock-based incentives, which in the past included stock options, but now include performance award units, and employee benefits, including matching contributions to the Company's 401(k) plan. The goal of the Company's compensation program is to (i) motivate the Company's corporate officers to maximize their contribution to the Company in order to improve long-term stockholder value, and to reward those who do so, (ii) attract and retain the highest caliber of executive talent available, and (iii) recognize individual performance and the performance of the Company relative to the performance of its peers. The Company's executive compensation program is designed to enhance the Company's overall strength and financial performance by aligning the financial interests of its corporate officers with those of its stockholders, and to foster adherence to and promotion of its business mission, values, strategic goals and annual objectives.

The Compensation Committee reviews salary increases for the current year and incentive payments to be made in connection with the Company's previous year's performance. In order to make such determinations as to salary increase and/or incentive payments, the Committee considers certain qualitative factors relating to performance, such as the corporate officer's:

- scope of responsibilities;
- the level of compensation in relation to other executives of the Company with the same, more or fewer responsibilities;

- level of experience;
- individual performance;
- demonstrated leadership ability;
- overall effectiveness; and
- attainment of pre-established goals.

The Committee strongly believes that the interests of senior management must be closely aligned with those of the Company's stockholders. Long-term incentives in the form of stock-based performance awards only provide a vehicle to reward the Company's officers if the Company attains certain goals, which goals, if reached, will also mean an increase in stockholder value. Finally, in making its decisions, and to maintain the desired levels of competitiveness and congruity with the Company's long-term performance goals, the Compensation Committee receives input from senior management.

Implementation of Executive Compensation Policy

The following describes the manner in which the Company's executive compensation policy was implemented generally and summarizes the more important factors that were considered in establishing the various components of the compensation packages of the Company's corporate officers for the year ended December 31, 2005. Although this report highlights the factors considered in determining the compensation of the Company's corporate officers for 2005, the Committee may, in its discretion, apply entirely different factors, particularly different measures of performance, in setting executive compensation for future fiscal years. However, it is expected that all compensation decisions will be designed to further the Company's executive compensation policy set forth above.

Base Salary and Bonus. The Company's Chief Executive Officer recommended to the Committee new base salary levels of the Company's other corporate officers. The factors upon which the Committee ultimately determined corporate officer salaries included consideration of the level of job responsibility, experience and job performance for each corporate officer. In addition, the Committee also took into account factors relating to the Company's business plan and general economic conditions, including changes to the consumer price index and regional cost of living expenses.

In determining bonuses for the Company's corporate officers for the year ended December 31, 2005, other than for its Chief Executive Officer, the Committee considered, among other factors, the Company's overall financial performance, including its net operating income before taxes (NIBT) results in relation to its budget, certain targets recommended by the Committee and approved by the Board at the beginning of 2005, and each executive's performance against pre-established individual goals set at the beginning of 2005.

Equity-based Incentives. Traditionally, the Committee has granted stock options to the Company's corporate officers and key employees on a discretionary basis. Due to changes in the accounting rules concerning the expensing of stock options, upon the recommendation of management, the Committee decided to grant performance award units in lieu of stock options as part of the Company's long-term incentive plan. The performance award agreements provide for the award of performance units with each unit representing the right to receive one share of the Company's common stock.

Each performance award vests over a three-year performance period and is based on the Company's total performance for the three-year period (the performance cycle) as measured against objective performance goals related to (1) new vehicle revenue growth as compared to peer companies, (2) used vehicle revenue growth as compared to peer companies, (3) finance and insurance revenue growth, (4) fixed operations gross profit and (5) earnings per share. Each performance award sets forth a target number of shares to be granted to the award recipient assuming the performance goals are met at the

target level. The actual number of shares earned by an award recipient may range from 0 to 180% of the target number of shares, depending upon achievement of the performance goals during the performance cycle.

The Committee's philosophy behind the granting of performance awards is that by substituting the performance measurements of these performance-based awards for the time vesting element of stock options, the Company's corporate officers and key employees will be motivated to improve the Company's financial results. As the financial targets of the performance awards are met, the value of the Company's shares will be increased, thereby compounding the wealth creation impact of the Company's long-term incentive plan.

While the Company did not grant performance awards during the fiscal year ended December 31, 2005, on January 11, 2006, the Company granted 32,000 performance award units to the named executive officers (as defined below), excluding the Chief Executive Officer, as part of compensation for 2005. The performance cycle for these performance awards is fiscal years 2005, 2006 and 2007, with vesting in fiscal year 2008.

Chief Executive Officer. Mr. Gilman's base salary was set at \$750,000 at the time he executed his employment agreement in December 2001. Pursuant to the terms of his employment agreement, the Board is required to review his base salary annually and may increase or decrease his base salary in its sole discretion, but may not decrease his base salary below \$750,000. In setting Mr. Gilman's base salary for 2005, the Committee considered various factors described above and examined his accomplishments and strategic leadership during the previous year. The Committee also sought to make the base salary component of Mr. Gilman's compensation competitive with the compensation paid to chief executive officers of comparable companies.

Pursuant to the terms of Mr. Gilman's employment agreement, the bonus component of his compensation was based on certain financial targets recommended by the Committee and approved by the Board at the beginning of 2005. These targets were similar to those established to determine the bonuses of the Company's other corporate officers. Mr. Gilman's bonus payment was based on the NIBT achieved by the Company for the fiscal year ended December 31, 2005. He was eligible for up to one times his base salary for achieving the NIBT target (which is similar to the internal NIBT budget for the Company), up to an additional one times his base salary for exceeding the NIBT target, and no bonus if the Company failed to achieve a minimum target level of NIBT.

For the year ended December 31, 2005, Kenneth B. Gilman earned a base salary of \$776,250 and a bonus of \$1,249,763.

Policy Regarding Qualifying Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1,000,000 per taxable year ceiling on tax-deductible remuneration paid (not including amounts deferred) to any one of the five most highly compensated executive officers of a publicly held corporation, unless the remuneration is treated as performance based or is otherwise exempt from the provisions of Section 162(m). While the Committee intends to maximize the tax-efficiency of its compensation programs generally, it retains flexibility in the manner in which it awards compensation to act in the best interests of the Company and its stockholders, including awarding compensation that may not be deductible by reason of Section 162(m).
