We are revising the property groupings for our reporting regions to provide subsets of financial information by the major market areas in which we operate to support the discussion of our financial results in future earnings releases and in management's discussion and analysis of financial condition and results of operations. This Current Report on Form 8-K discloses unaudited historical Revenue, Income from Operations and Property EBITDA (earnings before interest, taxes, depreciation, and amortization) for each fiscal quarter during 2005, 2004 and 2003 for each of our revised reporting regions. The unaudited financial information is attached hereto as Exhibit 99.1, including a reconciliation of Property EBITDA to Income from Operations, and is incorporated by reference herein. Property EBITDA is not a Generally Accepted Accounting Principles or GAAP measurement but is commonly used in the gaming industry as a measure of performance and as a basis for valuation of gaming companies.
