Annual Report

March 31, 2006

Transamerica Income Shares, Inc.

MARKET ENVIRONMENT

After making a strong start in the spring of 2005, U.S. bond markets generally made little headway during the remaining months of the year ended March 31, 2006. Throughout the period, bonds fought strong headwinds: the Federal Reserve Board's ("Fed") program of raising short-term interest rates to curb the inflationary pressures associated with a consistently strong U.S. economic expansion; falling unemployment levels; and rising commodities prices. As short-term rates rose, rates for longer maturity bonds rose less, resulting in a flatter yield curve. At points, the yield curve inverted (i.e., became down sloping as long-term yields fell below short-term yields).

Against this backdrop, the Lehman Brothers U.S. Government/ Credit Bond Index, a common proxy for the U.S. Treasury and corporate bond market, posted a 12-month total return of 2.02%. Corporate bonds alternately under- and out-performed Treasuries during the period as investors responded to various concerns, including the credit downgrading of two major U.S. automotive manufacturers.

PERFORMANCE

For the year ended March 31, 2006, Transamerica Income Shares, Inc. returned 4.87%.

STRATEGY REVIEW

We sought to maintain low turnover, high levels of income, and investment-grade average quality in the portfolio, while maximizing total return. With those objectives in mind, we invested primarily in corporate bonds, emphasizing securities from market-leading companies that we intend to hold for longer time periods. We also invested at least 20% of total net assets in high-yield securities during this period.

In selecting corporate bonds, we favored those from industries that may benefit from economic expansion (e.g., gaming companies) and/or long-term secular trends such as globalization and the worldwide build-out of infrastructure (e.g., power, roads and water plants), which create greater demand for energy and basic materials. We believe that the lodging and gaming (amusement and recreation services) sectors will be less cyclical than other consumer sensitive areas of the economy due to continued business demand for lodging and healthy demand for gaming from overseas tourists. At the same time, we were highly selective in our positions within the automotive and automotive parts sector. We increased our exposure to the bank and finance sectors in anticipation of a more normalized yield curve environment, which would come about as a result of the anticipated end to the Fed

Transamerica Income Shares, Inc.

tightening cycle. We believe this will result in increased profitability and credit quality for this sector. We added exposure to the media and communications sector due to the increased attractiveness of the cable sub-sector and increased data traffic.

We believe the steady rise in interest rates will ultimately slow the pace of U.S. economic growth. Persistently high energy prices and higher borrowing costs have already taken a bite out of individuals' discretionary incomes. That, combined with a negative savings rate, suggests that consumers cannot continue to spend as they have in the past. We also increased the portfolio's duration, a measure of its interest rate sensitivity. If the economy slows, we believe the Fed will likely cease its course of rate hikes, and a longer-duration portfolio may benefit more as rates stabilize or even begin falling.

Going forward, within the corporate sector, we are particularly interested in basic materials companies and exporters. We believe some of the slack resulting from lower consumer spending will likely be absorbed by higher levels of business spending, as corporations are using up their excess manufacturing capacity and may soon need to invest in new plant and equipment. If this occurs, basic materials companies will be beneficiaries. Additionally, if interest rates in Japan and Europe rise as we anticipate, demand for U.S. dollars will diminish, weakening the dollar and making American-made products more competitive in world markets. Combined with growing worldwide demand, this bodes well for exporters.

**UNDERSTANDING YOUR FUND'S EXPENSES
(unaudited)**

SHAREHOLDER EXPENSES

Fund shareholders may incur ongoing costs, including management and advisory fees and other Fund expenses.

The following Example is intended to help you understand your ongoing costs (in dollars and cents) of investing in the Fund and to compare these costs with the ongoing costs of investing in other funds.

The Example is based on an investment of \$1,000 invested at October 1, 2005 and held for the entire period until March 31, 2006.

ACTUAL EXPENSES

The first line in the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line of your Fund under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

**HYPOTHETICAL EXAMPLE FOR
COMPARISON PURPOSES**

The second line in the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Edgar Filing: TRANSAMERICA INCOME SHARES INC - Form N-CSR

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges, redemption fees, brokerage commissions paid on purchases and sales of fund shares. Therefore, the second line under the Fund in the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. If any of these transaction costs were included, your costs would be higher. The expenses shown in the table do not reflect any fees that may be charged to you by brokers, financial intermediaries or other financial institutions.

(all amounts in thousands)

NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Transamerica Income Shares, Inc. (the "Fund") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as a diversified, closed-end management investment company. The Fund's investment objective is to seek as high a level of current income consistent with prudent investment, with capital appreciation as only a secondary objective.

In the normal course of business the Fund enters into contracts that contain a variety of representations and warranties, which provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund and/or its affiliates that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.

In preparing the Fund's financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), estimates or assumptions (which could differ from actual results) may be used that affect reported amounts and disclosures. The following policies were consistently followed by the Fund, in accordance with GAAP.

Securities Valuations: Fund investments traded on an exchange are valued at the last sale price or closing price on the day of valuation on the exchange where the security is principally traded.

Debt securities are valued based on a price quotation or other equivalent indication of value supplied by an exchange, a pricing service or a major market maker; however, those

that mature in sixty days or less are valued at amortized cost, which approximates market.

Other securities for which quotations are not readily available or whose values have been determined to be unreliable are valued at fair market value as determined in good faith by the Fund's Administrative Valuation Committee, under the supervision of the Board's Valuation Committee, using guidelines adopted by the Board of Directors.

Cash: The Fund may leave cash overnight in its cash account with the custodian, Investors Bank & Trust Company ("IBT"). IBT has been contracted on behalf of the Fund to invest the excess cash into a savings account, which at March 31, 2006, was paying an interest rate of 3.30%.

Repurchase Agreements: The Fund is authorized to enter into repurchase agreements. The Fund, through its custodian, IBT, receives delivery of the underlying securities, the value of which at the time of purchase is required to be an amount equal to at least 100% of the resale price. The Fund will bear the risk of value fluctuations until the security can be sold and may encounter delays and incur costs in liquidating the security. In the event of bankruptcy or insolvency of the seller, delays and costs may be incurred.

Securities Lending: The Fund may lend securities to qualified borrowers, with IBT acting as the Fund's lending agent. The Fund earns negotiated lenders' fees. The Fund receives cash and/or securities as collateral against the loaned securities. Cash collateral received is invested in short term, interest bearing securities. The Fund monitors the market value of securities loaned on a daily basis and requires collateral in an amount at least equal to the value of the securities loaned. Income from loaned securities on

the Statement of Operations is net of fees, in the amount of \$16, earned by IBT for its services.

Securities Transactions and Investment Income: Security transactions are recorded on the trade date. Security gains and losses are calculated on the specific identification basis. Dividend income, if any, is recorded on the ex-dividend date. Interest income, including accretion of discounts and amortization of premiums, is recorded on the accrual basis commencing on the settlement date.

Dividend Distributions: Dividend distributions are declared monthly. Capital gains distributions are declared annually. Distributions are generally paid in the month following the ex-date, on or about the fifteenth calendar day.

NOTE 2. RELATED PARTY TRANSACTIONS

Transamerica Fund Advisors, Inc. ("TFAI") is the Fund's investment adviser. Transamerica Fund Services, Inc. ("TFS") is the Fund's administrator. Mellon Investor Services LLC ("Mellon") is the Fund's transfer agent. TFAI and TFS are affiliates of AEGON, NV, a Netherlands corporation.

Certain officers and directors of the Fund are also officers and/or directors of TFAI and TFS.

Transamerica Investment Management, LLC ("TIM") is both an affiliate of the Fund and a sub-adviser to the Fund.

As of March 31, 2006, an investor owned 7.6% of the outstanding shares of the Fund.

Investment Advisory Fees: The Fund pays management fees to TFAI based on average daily net assets ("ANA") at the following rate:

0.50% of ANA

(all amounts in thousands)

TFAI currently voluntarily waives its advisory fee and will reimburse the Fund to the extent that operating expenses exceed the following stated limit:

1.50% of the first \$30 million of ANA

1.00% of ANA over \$30 million

Administrative Services: The Fund has entered into an agreement with TFS for financial and legal fund administration services. The Fund pays TFS an annual fee of 0.02% of average net assets. The Legal fees on the Statement of Operations are fees paid to external legal counsel.

NOTE 3. SECURITY TRANSACTIONS

The cost of securities purchased and proceeds from securities sold (excluding short-term securities) for the year ended March 31, 2006, were as follows:

Purchases of securities:	
Long-Term	\$ 93,925
U.S. Government	38,009
Proceeds from maturities and sales of securities:	
Long-Term	95,031
U.S. Government	41,368

NOTE 4. FEDERAL INCOME TAX MATTERS

The Fund has not made any provision for federal income or excise taxes due to its policy to distribute all of its taxable income and capital gains to its shareholders and otherwise qualify as a regulated investment company under Subchapter M of the Internal Revenue Code. Income and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP. These differences are primarily due to differing treatments for

items including, but not limited to, bond premium amortization, return of capital, distribution reclasses, dividends payable and post-October loss deferrals.

Therefore, distributions determined in accordance with tax regulations may differ significantly in amount or character from net investment income and realized gains for financial reporting purposes. Financial reporting records are adjusted for permanent book/tax differences to reflect tax character. Financial records are not adjusted for temporary differences. These reclassifications are as follows:

Paid-in capital	\$ (1,018)
Distributable net investment income	
(loss)	\$ 2,647
Accumulated net realized gains	
(loss)	\$ (1,629)

The tax character of distributions paid may differ from the character of distributions shown in the Statements of Changes in Net Assets due to short-term gains being treated as ordinary income for tax purposes. The tax character of distributions paid during 2005 and 2006 was as follows:

2005 Distributions paid from:	
Ordinary income	\$ 9,857
Long-term capital gains	\$
2006 Distributions paid from:	
Ordinary income	\$ 8,248
Long-term capital gains	\$ 591

NOTE 5. REGULATORY PROCEEDINGS

There continues to be significant federal and state regulatory activity relating to financial services companies, particularly mutual fund companies and their investment advisers. As part of an ongoing investigation regarding potential market timing, recordkeeping and trading compliance issues and matters affecting the Fund's investment adviser, TFAI, and certain affiliates and former employees of TFAI, the SEC staff has indicated that it is likely to take some action against TFAI and certain of its affiliates at the conclusion of the investigation. The potential timing and the scope of any such action is difficult to predict. Although the impact of any action brought against TFAI and/or its affiliates is difficult to assess at the present time, the Fund currently believes that

Transamerica Income Shares, Inc.

NOTES TO FINANCIAL STATEMENTS (continued)

(all amounts in thousands)

the likelihood that any such action will have a material adverse impact on it is remote. It is important to note that the Fund is not aware of any allegation of wrongdoing against it and its board at the time this annual report is printed. Although it is not anticipated that these developments will have an adverse impact on the Fund, there can be no assurance at this time. TFAI and its affiliates are actively working with the SEC in regard to this matter; however, the exact resolution cannot be determined at this time. TFAI will take such actions that it deems necessary or appropriate to continue providing management services to the Fund and to bring all matters to an appropriate conclusion.

TFAI and/or its affiliates, and not the Fund, will bear the costs regarding these regulatory matters.

NOTE 6. RESTATEMENT

The Fund's previously issued financial statements presented accretion of discount incorrectly for the year ended March 31, 2005. This was due to the security Raytheon Co. accreting discount based on an incorrect maturity value. The impact of correcting the maturity value of Raytheon Co. was to reduce interest income on the Statement of Operations with an offsetting adjustment to unrealized gain (loss). The financial highlights have also been restated accordingly. This restatement had no effect on the Fund's net assets, net asset value per share or total increase (decrease) in net assets from operations during the period.

REPORT OF INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Transamerica Income Shares, Inc.

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Transamerica Income Shares, Inc. (the "Fund") at March 31, 2006, the results of its operations, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the three years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit, which included confirmation of securities at March 31, 2006 by correspondence with the custodian and brokers, provides a reasonable basis for our opinion. The financial highlights of the Fund for each of the two years in the period ended March 31, 2003 were audited by other independent accountants whose report dated April 25, 2003 expressed an unqualified opinion.

As described in Note 6, the 2005 financial statements have been restated.

INVESTMENT ADVISORY AGREEMENTS REVIEW AND RENEWAL

At an in-person meeting of the Board of Directors of the Fund held on November 2, 2005, at which a majority of the Directors were in attendance, including a majority of the Directors who are not interested persons of the Fund ("Independent Directors"), the Board considered and approved the renewal for a one-year period of the Management and Investment Advisory Agreement between TFAI and the Fund, which includes investment sub-advisory arrangements between TFAI and TIM. In approving the renewal of this agreement, the Board requested, and TFAI and TIM provided, information that it believed to be reasonably necessary to reach its conclusions. In addition, the Board considered: (i) a memorandum provided by counsel to the Independent Directors, regarding the Board's responsibilities in connection with the review and approval of investment advisory and sub-advisory agreements; (ii) a report prepared by Lipper, Inc. comparing the Fund's performance and expenses to a peer group of funds (the "Lipper Report"); and (iii) other factors and information the Board believed, in light of the legal advice provided by counsel and their own business judgment, to be relevant.

The Board determined that the Management and Investment Advisory Agreement will enable shareholders of the Fund to obtain high quality services at a cost that is appropriate, reasonable, and in the best interests of shareholders. Accordingly, the Board, including the Independent Directors, unanimously approved the renewal of the Management and Investment Advisory Agreement of the Fund, based upon the following considerations, among others:

The nature, extent and quality of the advisory service to be provided. The Board considered the nature and quality of the services provided by TFAI and TIM to the Fund in the past, as well as the services anticipated to be provided in the future. The Board concluded that TFAI and TIM are capable of providing high quality services to the Fund, as indicated by TFAI's management capabilities demonstrated with respect to the Fund and other funds managed by TFAI, the professional qualifications and experience of TIM's portfolio management

team and investment process and TIM's efforts to build its investment management capabilities to support the Fund's operations. In particular, the Board noted that TFAI and TIM would provide the same quality and quantity of investment management and related services as before, that these services are appropriate in scope and extent in light of the Fund's operations, the competitive landscape of the investment company business and investor needs, and that TFAI's and TIM's obligations will remain the same in all respects.

The investment performance of the Fund. The Board concluded, based in particular on the Lipper Report, that the Fund's investment performance was competitive or superior relative to comparable funds over trailing one-, two-, five- and ten- year periods. The Board also noted TIM's efforts to build its investment management capabilities to support the Fund's operations.

The cost of advisory services provided and the level of profitability. On the basis of the Board's review of the fees to be charged by TFAI and TIM for investment advisory and related services, the fees paid by TFAI to TIM, TFAI's estimated net management income resulting from its management of the Fund, and the estimated profitability of TFAI's and TIM's relationships with the Fund, the Board concluded that the level of investment advisory fees and profitability is appropriate in light of the service provided, the management fees and overall expense ratios of comparable investment companies, and the anticipated profitability of the relationship between the Fund, TFAI and TIM. In particular, on the basis of the Lipper Report, the Board determined that the advisory fees and overall expense ratio of the Fund were lower than median or average advisory fees and expense ratios of comparable closed-end investment companies.

Whether the advisory fees reflect economies of scale or permit realization of economies of scale. The Board concluded, based on the Lipper Report, that the advisory fees payable by the Fund were low compared to comparable closed-end funds, thereby reflecting current economies of scale to some degree. The Board also concluded that the advisory fees appropriately reflect the current economic

environment for TFAI and the competitive nature of the investment company market. However, the Board noted that it will have the opportunity to periodically re-examine whether the Fund has achieved economies of scale by virtue of asset growth due to investment performance, as well as the appropriateness of advisory fees payable to TFAI and TIM. Because the Fund, as a closed-end fund, does not currently contemplate offering new securities, the Board concluded that there is no immediate opportunity for the Fund to realize further economies of scale and increase its assets through new issuances, and hence no reason at the present time to reflect advisory fee breakpoints premised on significant asset growth.

Benefits (such as soft dollars) to TFAI or TIM from its relationship with the Fund (and any corresponding benefits to the Fund). The Board concluded that other benefits described by TFAI from its relationship with the Fund are reasonable and fair, and are consistent with industry practice and the best interests of the Fund and its shareholders. The Board further noted that neither TFAI nor TIM realize "soft dollar" benefits from their relationship with the Fund.

Other considerations: In approving the renewal of the Management and Investment Advisory Agreement, the Board favorably considered TFAI's entrepreneurial commitment to the management and success of the Fund, which could entail a substantial financial and professional commitment to the successful operations of the Fund. For example, the Board noted that, in the past, TFAI had voluntarily waived its advisory fee and reimbursed the Fund to the extent that the Fund's operating expenses exceeded a certain limit and had indicated its willingness to continue waiving advisory fees and reimbursing expenses in the future, which may reduce total fund operating expenses to the benefit of the Fund's shareholders, and which demonstrate TFAI's commitment to the success of the Fund. The Board also determined that TFAI maintains the financial, compliance and operational resources reasonably necessary to manage the Fund in a professional manner that is consistent with the best interests of the Fund and its shareholders.

AUTOMATIC REINVESTMENT PLAN

Holders of 50 (not in thousands) shares or more of the Fund's common stock are offered the opportunity to reinvest dividends and other distributions in shares of the common stock of the Fund through participation in the Automatic Reinvestment Plan (the "Plan"). Under the Plan, Mellon, as Transfer Agent, automatically invests dividends and other distributions in shares of the Fund's common stock by making purchases in the open market. Plan participants may also deposit cash in amounts (not in thousands) between \$25 and \$2,500 with Mellon for the purchase of additional shares. Dividends, distributions and cash deposits are invested in, and each participant's account credited with, full and fractional shares.

The price at which Mellon is deemed to have acquired shares for a participant's account is the average price (including brokerage commissions and any other costs of purchase) of all shares purchased by it for all participants in the Plan.

Your dividends and distributions, even though automatically reinvested, continue to be taxable as though received in cash.

Another feature of the Plan is the "Optional Cash Only" feature. You can make additional investments only, without reinvesting your monthly dividend. If you own 50 shares (not in thousands) or more, registered in your name and currently in your Plan account, and desire to periodically send additional contributions (not in thousands) between \$25 and \$2,500 for investment, you may do so. The shares you own and the new shares acquired through this feature will not participate in automatic reinvestment of dividends and distributions. Rather, the shares you acquire if you participate in the "Optional Cash Only" feature of the Plan will be held for safekeeping in your Plan account. Each investment will be made on or near the next dividend payment date. All other procedures for the purchase and sale of shares described above will apply.

Mellon charges a service fee (not in thousands) of \$1.75 for each investment, including both dividend reinvestment and optional cash investment.

TRANSAMERICA INCOME SHARES, INC. (THE FUND)

PROXY VOTING POLICIES AND PROCEDURES

I. Statement of Principle

The Funds seek to assure that proxies received by the Funds are voted in the best interests of the Funds' stockholders and have accordingly adopted these procedures.

II. Delegation of Proxy Voting/Adoption of Adviser and Sub-Adviser Policies

Each Fund delegates the authority to vote proxies related to portfolio securities to Transamerica Fund Advisors, Inc. (the Adviser), as investment adviser to each Fund, which in turn delegates proxy voting authority for most portfolios of the Fund to the Sub-Adviser retained to provide day-to-day portfolio management for that portfolio. The Board of Trustees/Directors of each Fund adopts the proxy voting policies and procedures of the Adviser and Sub-Advisers as the proxy voting policies and procedures that will be used by each of these respective entities when exercising voting authority on behalf of the Fund. These policies and procedures are attached hereto.

III. Proxy Committee

The Board of Trustees/Directors of each Fund has appointed a committee of the Board (the Proxy Committee) for the purpose of providing the Fund s consent to vote in matters where the Adviser or Sub-Adviser seeks such consent because of a conflict of interest that arises in connection with a particular vote, or for other reasons. The Proxy Committee also may review the Adviser s and each Sub-Adviser s proxy voting policies and procedures in lieu of submission of the policies and procedures to the entire Board for approval.

IV. Annual Review of Proxy Voting Policies of Adviser and Sub-Advisers

The Board of Directors/Trustees of each Fund or the Proxy Committee of each Fund will review on an annual basis the proxy voting policies of the Adviser and Sub-Advisers applicable to the Fund.

TRANSAMERICA FUND ADVISORS, INC. (TFAI)

PROXY VOTING POLICIES AND PROCEDURES (TFAI Proxy Policy)

Purpose

The TFAI Proxy Policy is adopted in accordance with Rule 206(4)-6 under the Investment Advisers Act of 1940 (the Advisers Act) and TFAI's fiduciary and other duties to its clients. The purpose of the TFAI Proxy Policy is to ensure that where TFAI exercises proxy voting authority with respect to client securities it does so in the best interests of the client, and that Sub-Advisers (as defined below) to TFAI clients exercise voting authority with respect to TFAI client securities in accordance with policies and procedures adopted by the Sub-Advisers under Rule 206(4)-6 and approved by the TFAI client.

TFAI's Advisory Activities

TFAI acts as investment adviser to Transamerica IDEX Mutual Funds, Transamerica Income Shares, Inc. and AEGON/ Transamerica Series Trust (collectively, the Funds). For most of the investment portfolios comprising the Funds, TFAI has delegated day-to-day management of the portfolio, including the authority to buy, sell, or hold securities in the portfolio and to exercise proxy voting authority with respect to those securities, to one or more investment sub-advisers, pursuant to sub-advisory agreements entered into between TFAI and each sub-adviser (each, a Sub-Adviser and collectively, the Sub-Advisers) and approved by the Board of Trustees/Directors of the client Fund (the Board). TFAI serves as a manager of managers with respect to the Sub-Advisers and monitors their activities in accordance with the terms of an exemptive order granted by the Securities and Exchange Commission (Release No. IC-23379, August 5, 1998).

Summary of the TFAI Proxy Policy

TFAI delegates the responsibility to exercise voting authority with respect to securities held in the Funds' portfolios for which one or more Sub-Advisers has been retained to the Sub-Adviser(s) for each such portfolio, in accordance with each applicable Sub-Adviser Proxy Policy (as defined below). TFAI will collect and review each Sub-Adviser Proxy Policy, together with a certification from the Sub-Adviser that the Sub-Adviser Proxy Policy complies with Rule 206(4)-6, and submit these materials to the Board for approval. In the event that TFAI is called upon to exercise voting authority with respect to client securities, TFAI generally will vote in accordance with the recommendation of Institutional Shareholder Services, Inc. (ISS) or another qualified independent third party, except that if TFAI believes the recommendation would not be in the best interest of the relevant portfolio and its shareholders, TFAI will consult the Board of the relevant Fund (or a Committee of the Board) and vote in accordance with instructions from the Board or Committee.

Delegation of Proxy Voting Authority to Sub-Advisers

TFAI delegates to each Sub-Adviser the responsibility to exercise voting authority with respect to securities held by the portfolio(s), or portion thereof, managed by the Sub-Adviser. Each Sub-Adviser is responsible for monitoring, evaluating and voting on all proxy matters with regard to investments the Sub-Adviser manages for the Funds in accordance with the Sub-Adviser's proxy voting policies and procedures adopted to comply with Rule 206(4)-6 (each, a Sub-Adviser Proxy Policy and collectively, the Sub-Adviser Proxy Policies).

Administration, Review and Submission to Board of Sub-Adviser Proxy Policies

Appointment of Proxy Administrator

TFAI will appoint an officer to be responsible for collecting and reviewing the Sub-Adviser Proxy Policies and carrying out the other duties set forth herein (the Proxy Administrator).

Initial Review

The Proxy Administrator will collect from each Sub-Adviser:

its Sub-Adviser Proxy Policy;

a certification from the Sub-Adviser that (i) its Sub-Adviser Proxy Policy is reasonably designed to ensure that the Sub-Adviser votes client securities in the best interest of clients, and that the Sub-Adviser Proxy Policy includes an explanation of how the Sub-Adviser addresses material conflicts that may arise between the Sub-Adviser's interests and those of its clients, (ii) the Sub-Adviser Proxy Policy has been adopted in accordance with Rule 206(4)-6, and (iii) the Sub-Adviser Proxy Policy complies the terms of Rule 206(4)-6; and

a summary of the Sub-Adviser Proxy Policy suitable for inclusion in the client Fund s registration statement, in compliance with Item 13(f) of Form N-1A, and a certification to that effect.

Edgar Filing: TRANSAMERICA INCOME SHARES INC - Form N-CSR

The Proxy Administrator will review each Sub-Adviser Proxy Policy with a view to TFAI making a recommendation to the Board. In conducting its review, TFAI recognizes that the Securities and Exchange Commission has not adopted specific policies or procedures for advisers, or provided a list of approved procedures, but has left advisers the flexibility to craft policies and procedures suitable to their business and the nature of the conflicts they may face. As a consequence, Sub-Adviser Proxy Policies are likely to differ widely. Accordingly, the Proxy Administrator's review of the Sub-Adviser Proxy Policies will be limited to addressing the following matters:

whether the Sub-Adviser Proxy Policy provides that the Sub-Adviser votes solely in the best interests of clients;

whether the Sub-Adviser Proxy Policy provides that the Sub-Adviser votes solely in the best interests of clients;

whether the Sub-Adviser Proxy Policy includes a description of how the Sub-Adviser addresses material conflicts of interest that may arise between the Sub-Adviser or its affiliates and its clients; and

whether the Sub-Adviser Proxy Policy includes both general policies and procedures as well as policies with respect to specific types of issues (for this purpose general policies include any delegation to a third party, policies relating to matters that may substantially affect the rights or privileges of security holders, and policies regarding the extent of weight given to the view of the portfolio company management; specific issues include corporate governance matters, changes to capital structure, stock option plans and other management compensation issues, and social corporate responsibility issues, among others).

Edgar Filing: TRANSAMERICA INCOME SHARES INC - Form N-CSR

The Proxy Administrator will review the certification provided pursuant to paragraph 1(b) above for completeness, and will review the summary provided pursuant to paragraph 1(c) above for compliance with the requirements of Form N-1A.

TFAI will provide to the Board (or a Board Committee), the materials referred to in Section V.B.1., and a recommendation pursuant to the Proxy Administrator's review of the Sub-Adviser Proxy Policy provided for in Section V.B.2.

TFAI will follow the same procedure in connection with the engagement of any new Sub-Adviser.

Subsequent Review

TFAI will request that each Sub-Adviser provide TFAI with prompt notice of any material change in its Sub-Adviser Proxy Policy. TFAI will report any such changes at the next quarterly Board meeting of the applicable Fund. No less frequently than once each calendar year, TFAI will request that each Sub-Adviser

provide TFAI with its current Sub-Adviser Proxy Policy, or certify that there have been no material changes to its Sub-Adviser Proxy Policy or that all material changes have been previously provided for review by TFAI and approval by the relevant Board(s), and that the Sub-Adviser Proxy Policy continues to comply with Rule 206(4)-6.

Record of Proxy Votes Exercised by Sub-Adviser

The Proxy Administrator, or a third party as permitted by regulations issued by the Securities and Exchange Commission (such as ISS), will maintain a record of any proxy votes (including the information called for in Items 1(a) through (i) of Form N-PX) exercised by the Sub-Adviser on behalf of a portfolio of the Funds. The Proxy Administrator, or a third party as permitted by regulations issued by the Securities and Exchange Commission (such as ISS), will maintain a complete proxy voting record with respect to each Fund. If TFAI utilizes the services of a third party for maintaining the records above specified, TFAI shall obtain an undertaking from the third party that it will provide the records promptly upon request.

TFAI Exercise of Proxy Voting Authority

Use of Independent Third Party

If TFAI is called upon to exercise voting authority on behalf of a Fund client, TFAI will vote in accordance with the recommendations of ISS or another qualified independent third party (the Independent Third Party), provided that TFAI agrees that the voting recommendation issued by the Independent Third Party reflects the best interests of the relevant portfolio and its shareholders.

Conflict with View of Independent Third Party

If, in its review of the Independent Third Party recommendation, TFAI believes that the recommendation is not in the best interests of the Fund client, TFAI will submit to the Board (or a Board Committee) its reasons for disagreeing with the Independent Third Party, as well as full disclosure of any conflict of interest between TFAI or its affiliates and the Fund in connection with the vote, and seek consent of the Board (or Committee) with respect to TFAI's proposed vote.

Asset Allocation Portfolios

For any asset allocation portfolio managed by TFAI and operated, in whole or in part, as a fund of funds, TFAI will vote proxies in accordance with the recommendations of the Board(s) of the Fund(s). If any such asset allocation portfolio holds shares of a registered investment company that is not a portfolio of a Fund, TFAI will seek Board (or Committee) consent with respect to TFAI's proposed vote in accordance with the provisions of Section VI.B.

Conflicts of Interest Between TFAI or Its Affiliates and the Funds

The TFAI Proxy Voting Policy addresses material conflicts that may arise between TFAI or its affiliates and the Funds by, in every case where TFAI exercises voting discretion, either (i) providing for voting in accordance with the recommendation of the Independent Third Party or Board(s); or (ii) obtaining the consent of the Board (or a Board Committee) with full disclosure of the conflict.

Recordkeeping

Records Generally Maintained

Edgar Filing: TRANSAMERICA INCOME SHARES INC - Form N-CSR

In accordance with Rule 204-2(c)(2) under the Advisers Act, the Proxy Administrator shall cause TFAI to maintain the following records:

the TFAI Proxy Voting Policy; and

records of Fund client requests for TFAI proxy voting information.

Records for TFAI Exercise of Proxy Voting Authority

In accordance with Rule 204-2(c)(2) under the Advisers Act, if TFAI exercises proxy voting authority pursuant to Section VI above, TFAI, or a third party as permitted by regulations issued by the Securities and Exchange Commission (such as ISS), shall make and maintain the following records:

proxy statements received regarding matters it has voted on behalf of Fund clients;

records of votes cast by TFAI; and

copies of any documents created by TFAI that were material to deciding how to vote proxies on behalf of Fund clients or that memorialize the basis for such a decision.

If TFAI utilizes the services of a third party for maintaining the records above specified, TFAI shall obtain an undertaking from the third party that it will provide the records promptly upon request.

Records Pertaining to Sub-Adviser Proxy Policies

The Proxy Administrator will cause TFAI and/or a third party as permitted by regulations issued by the Securities and Exchange Commission (such as ISS), to maintain the following records:

each Sub-Adviser Proxy Policy; and

the materials delineated in Article V above.

If TFAI utilizes the services of a third party for maintaining the records above specified, TFAI shall obtain an undertaking from the third party that it will provide the records promptly upon request.

Time Periods for Record Retention

All books and records required to maintain under this Section VIII will be maintained in an easily accessible place for a period of not less than five years from the end of the fiscal year during which the last entry was made on the record, the first two years in an appropriate office of TFAI.

Provision of TFAI Proxy Policy to Fund Clients

Edgar Filing: TRANSAMERICA INCOME SHARES INC - Form N-CSR

The Proxy Administrator will provide each Fund's Board (or a Board Committee) a copy of the TFAI Proxy Policy at least once each calendar year.

Item 8. Portfolio Managers of Closed-End Management Investment Companies

(a) (1) Biography of Portfolio Managers

As of the date of this filing, Heidi Y. Hu, Peter O. Lopez and Brian W. Westhoff are co-Portfolio Managers of the Registrant. Ms. Hu, Principal, Managing Director and Portfolio Manager at TIM, is the Lead Fixed Income Manager of the fund. She also manages sub-advised funds and institutional separate accounts in the balanced and fixed income disciplines. Prior to joining TIM in 1998, Ms. Hu was Portfolio Manager for Arco Investment Management Company. Mr. Lopez is Principal and Portfolio Manager at Transamerica Investment Management, LLC (TIM). He manages sub-advised funds and institutional accounts in the fixed income discipline. Prior to joining TIM in 2003, he was Managing Director at Centre Pacific, LLC. Mr. Lopez also previously served as Senior Fixed Income Analyst for Transamerica Investment Services, Inc. from 1997-2000. Brian W. Westhoff is Senior Securities Analyst at Transamerica Investment Management, LLC (TIM). Mr. Westhoff is also the Co-Manager of the Transamerica Premier High Yield Bond Fund. Prior to joining TIM in 2003, Mr. Westhoff worked as an Equity Research Intern with Credit Suisse Asset Management, as a Fixed Income Investment Analyst at St. Paul Companies, and as an Argentine/Oil and Gas Equity Research Intern with Merrill Lynch in Argentina.

(a) (2) Other Accounts Managed by Portfolio Managers

The Portfolio Managers may also be responsible for the day-to-day management of other accounts, as indicated by the following table. None of these has an advisory fee based on the performance of the account.

Portfolio Manager	Registered Investment Companies		Other Pooled Investment Vehicles		Other Accounts	
	Number of Accounts	Total Assets (millions)	Number of Accounts	Total Assets (millions)	Number of Accounts	Total Assets (millions)
Heidi Y. Hu	8	\$ 694.8			25	\$ 2,564.5
Peter O. Lopez	2	\$ 195.7			6	\$ 381.3
Brian W. Westhoff	2	\$ 195.7			4	\$ 189.8

Potential Conflicts of Interest

There are no material conflicts of interest between the investment strategy of the Fund and the investment strategy of other accounts managed by the Portfolio Managers. Allocation of investment opportunities among the Fund and other accounts managed by the Portfolio Managers are allocated *pro rata* to every account participating in an order. This ensures all accounts are treated equally from order initiation through full execution.

(a) (3) Compensation for the Fiscal Year Completed March 31, 2006

Regular, full-time portfolio managers with a minimum one year portfolio management track record in the employment of TIM as of the beginning of a Plan Year are eligible to participate in an incentive compensation plan (the Plan) for that Plan Year. For purposes of determining the level of incentive compensation potential, track records are based on full years of portfolio management for TIM. Therefore, for example, should an eligible participant hold a one-and-a-half year track record, the eligible incentive compensation would be based on the manager's one year relative ranking.

WEIGHTED COMPONENTS:

There are two weighted components taken into consideration for determining maximum incentive compensation amounts. These total 100% and consist of an objective and subjective component as further described below:

80% Objective portfolio performance based calculation; based upon relative rankings of track record and return formula criteria as further described. A portion of the objective component is necessarily subjective taking such items as co/multi- management responsibilities; portfolio performance upon assignment; length of time managing portfolio, customized client benchmarks, etc. into account in determining the portfolio manager's relative ranking. Senior management, at its discretion, determines the criteria to be used for evaluating how the rankings are determined for each Portfolio Manager under this objective component.

20% Subjective based upon additional contributions to the firm as a whole and consistent with responsibilities identified on position descriptions as updated on an annual basis, for example, general research contribution, behavioral competencies (e.g. team contributions; decision making capabilities; work ethic) quality of investment ideas, managerial duties outside of core responsibility, as determined by senior management.

MAXIMUM BONUS POTENTIALS (80% + 20%):

Track Record	Target Bonus
<3	Up to 75% base comp.
3-4	Up to 100% base comp.
5-9	Up to 150% base comp.
10-14	Up to 200% base comp.
15 and beyond	Up to 300% base comp.

RETURN FORMULAS AND RELATIVE RANKINGS (80% of target bonus):

Rankings (Based on 80% objective track record component only):

Top Decile	=	100% of available component
Top Quartile	=	The difference between 100% and the actual % ranking
Second Quartile	=	The difference between 100% and the actual % ranking
Third Quartile	=	The difference between 100% and the actual % ranking
Fourth Quartile	=	0% of available component
Example: Should the ranking equal 24% (top quartile), then the formula would be 100%-24% = 76% of available component		

Return Formulas:

The following return formulas represent the calculations used to determine the amount available for the objective component of the bonus a portfolio manager is eligible to earn based upon his/her track record. Some track records are weighted more heavily than others as noted below:

**The 20% subjective component must be subtracted from the total amount eligible below given the maximum potential opportunity stated includes the 20% subjective component:

1 year rank will be calculated on the one year total returns as follows:

3/3 (100%) of 75% opportunity = the one year relative rank versus peer universe and appropriate benchmark

(e.g. composites).

2 year rank will be calculated on the one year and two year total returns as follows:

1/3 (33.33%) of 75% = the one year relative rank versus peer universe and appropriate benchmark

(e.g. composites).

2/3 (66.67%) of 75% = the two year relative rank versus peer universe and appropriate benchmark.

3 year rank will be calculated based on the one and three year total returns as follows:

1/3 (33.33%) of 100% = the one year relative rank versus peer universe and appropriate

benchmark (e.g. composites).

2/3 (66.67%) of 100% = the three year relative rank versus peer universe and appropriate

benchmark.

As set forth in the schedule of maximum bonus potential above, once an employee has a full five year track record, then his/her bonus opportunity will increase at each full five-year increment as follows:

Five year = additional 50% of base added to target pool and directly related to 5-year relative rank versus peer universe and appropriate benchmark. Maximum potential bonus opportunity = 150% of base

Ten year = additional 50% of base added to target pool and directly related to 10- year relative rank versus peer universe and appropriate benchmark. Maximum potential bonus opportunity = 200% of base

Fifteen year = additional 100% of base added to target pool and directly related to 15-year relative rank versus peer universe and appropriate benchmark. Maximum potential bonus opportunity = 300% of base

(a) (4) Ownership of Securities

Item 9: Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers. Not Applicable.

Item 10. Submission of Matters to a Vote of Security Holders

The Registrant's Nominating Committee's provisions with respect to nominations of Directors to its Board are as follows:

A candidate for nomination as Director submitted by a shareholder will not be deemed to be properly submitted to the Committee for the Committee's consideration unless the following requirements have been met and procedures followed:

1. Each eligible shareholder or shareholder group may submit no more than one nominee each calendar year.
2. The nominee must satisfy all qualifications provided herein and in the Fund's organizational documents, including qualification as a possible Independent Director if the nominee is to serve in that capacity.

The nominee may not be the nominating shareholder, a member of the nominating shareholder group or a member of the immediate family of the nominating shareholder or any member of the nominating shareholder group.⁽¹⁾

Neither the nominee nor any member of the nominee's immediate family may be currently employed or employed within the year prior to the nomination by any nominating shareholder entity or entity in a nominating shareholder group.

Neither the nominee nor any immediate family member of the nominee is permitted to have accepted directly or indirectly, during the year of the election for which the nominee's name was submitted, during the immediately preceding calendar year, or during the year when the nominee's name was submitted, any consulting, advisory, or other compensatory fee from the nominating shareholder or any member of a nominating shareholder group.

The nominee may not be an executive officer, director or person fulfilling similar functions of the nominating shareholder or any member of the nominating shareholder group, or of an affiliate of the nominating shareholder or any such member of the nominating shareholder group.

- (1) Terms such as immediate family member and control shall be interpreted in accordance with the federal securities laws.
-

The nominee may not control the nominating shareholder or any member of the nominating shareholder group (or, in the case of a holder or member that is a fund, an interested person of such holder or member as defined by Section 2(a)(19) of the 1940 Act).

A shareholder or shareholder group may not submit for consideration a nominee which has previously been considered by the Committee.

3. In order for the Committee to consider shareholder submissions, the following requirements must be satisfied regarding the shareholder or shareholder group submitting the proposed nominee:

Any shareholder or shareholder group submitting a proposed nominee must beneficially own, either individually or in the aggregate, more than 5% of a Fund's (or a series thereof) securities that are eligible to vote both at the time of submission of the nominee and at the time of the Board member election. Each of the securities used for purposes of calculating this ownership must have been held continuously for at least two years as of the date of the nomination. In addition, such securities must continue to be held through the date of the meeting. The nominating shareholder or shareholder group must also bear the economic risk of the investment.

The nominating shareholder or shareholder group must also submit a certification which provides the number of shares which the person or group has (a) sole power to vote or direct the vote; (b) shared power to vote or direct the vote; (c) sole power to dispose or direct the disposition of such shares; and (d) shared power to dispose or direct the disposition of such shares. In addition the certification shall provide that the shares have been held continuously for at least two years.

4. Shareholders or shareholder groups submitting proposed nominees must substantiate compliance with the above requirements at the time of submitting their proposed nominee as part of their written submission to the attention of the Fund's Secretary, who will provide all submissions to the Committee. This submission to the Fund must include:

the shareholder's contact information;

the nominee's contact information and the number of applicable Fund shares owned by the proposed nominee;

all information regarding the nominee that would be required to be disclosed in solicitations of proxies for

elections of directors required by Regulation 14A under the Securities Exchange Act of 1934; and

a notarized letter executed by the nominee, stating his or her intention to serve as a nominee and be named in a Fund's proxy statement, if so designated by the Committee and the Fund's Board.

5. The Committee will consider all submissions meeting the applicable requirements stated herein that are received by December 31 of the most recently completed calendar year.

Item 11: Controls and Procedures.

(a) Based on their evaluation of Registrant's disclosure controls and procedures (as defined in Rule 30a-2(c) under the Investment Company Act of 1940 (17 CFR 270.30a-2(c)) as of a date within 90 days of the filing of this report, Registrant's principal executive officer and principal financial officer found Registrant's disclosure controls and procedures to be appropriately designed to ensure that information required to be disclosed by Registrant in the reports that it files under the Securities Exchange Act of 1934 (a) is accumulated and communicated to Registrant's management, including its principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure, and (b) is recorded, processed, summarized and reported, within the time periods specified in the rules and forms adopted by the U.S. Securities and Exchange Commission.

(b) Registrant and its custodian/pricing agent have begun implementing enhancements to Registrant's internal controls over financial reporting that are designed to provide greater assurances with respect to the security set-up process and the accounting treatment for trust preferred securities. These enhancements include (without limitation) increased supervision with respect to initial input of data elements from data service providers; implementation of an exception reporting process to determine proper accounting treatment; verification of data through consultation with various data service providers; and monitoring of comparisons between issue price and traded value, and amortized cost and current market value, of such securities and evaluation of exceptions outside of acceptable tolerances.

Item 12: Exhibits.

(a) (1) Registrant's code of ethics (that is the subject of the disclosure required by Item 2(a)) is attached

(2) Separate certifications for Registrant's principal executive officer and principal financial officer, as required by Rule 30a-2(a) under the 1940 Act, are attached.

(3) N/A

(b) A certification for Registrant's principal executive officer and principal financial officer, as required by Rule 30a-2(b) under the 1940 Act, is attached. The certification furnished pursuant to this paragraph is not deemed to be filed for purposes of Section 18 of the Securities Act of 1934, or otherwise subject to liability of that section. Such certification is not deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Registrant specifically incorporates it by reference.
