- (1) Information about other holders of notes or future transferees will be set forth in prospectus supplements or post-effective amendments from time to time, if and when required.
- (2) Assumes conversion of all of the holder's notes at a conversion rate of approximately 18.3655 shares of our common stock for each \$1,000 principal amount of notes. However, this conversion rate is subject to adjustment as described under Description of Notes Conversion by Holders. As a result, the amount of common stock issuable upon conversion of notes may increase or decrease in the future.
- (3) Calculated based on 16,469,617 shares of our common stock outstanding as of March 31, 2007. In calculating this amount for each holder, we have treated as outstanding the number of shares of our common stock issuable upon conversion of all of that holder's notes, but we have not assumed conversion of any other holder's notes.
