Item 11. EXECUTIVE COMPENSATION

COMPENSATION DISCLOSURE AND ANALYSIS

Overview of Compensation Program

The Compensation Committee of our Board of Directors (the Compensation Committee) has the responsibility for establishing, implementing and monitoring our executive compensation programs. The Compensation Committee is responsible for ensuring that the total compensation paid to our executives is competitive, reasonable, fair and adheres to our compensation philosophy and objectives.

The individuals who served as our President and Chief Executive Officer (or person performing similar functions) and our Chief Financial Officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table below are referred to herein as the Named Executive Officers.

Compensation Philosophy and Objectives

Our Compensation Committee is committed to implementing executive compensation programs that support Friendly's mission to grow revenues and earnings by building on and reinforcing the Friendly's brand. Our executive compensation programs are intended to accomplish the following objectives:

- Strengthen the relationship between pay and performance by emphasizing variable, at-risk compensation that is dependent on the achievement of corporate, business unit and individual performance goals.
- Align executives' interests with those of shareholders by rewarding the achievement of specific annual and long-term strategic goals, with the ultimate objective of improving shareholder value.
- Attract, retain and motivate qualified, capable executives capable of creating shareholder value.
- Generally mirror those compensation programs offered by comparable organizations within the restaurant industry, and, for those manufacturing and retail positions which are not confined to the restaurant industry, comparably-sized organizations in the broader manufacturing and retail industry generally.

The above policies guide our Compensation Committee in assessing and evaluating the appropriate allocation between current cash compensation, annual bonus compensation and long-term compensation. The Compensation Committee also considers our business objectives, fiduciary and corporate responsibilities, competitive practices and trends, and regulatory requirements.

Role of Executive Officers and Consultants in Compensation Decisions

The Compensation Committee makes all compensation decisions, including modifications thereto, for the Named Executive Officers. The Compensation Committee consists solely of independent directors as determined in accordance with American Stock Exchange, Securities Exchange Commission and Internal Revenue Code rules. The Compensation Committee operates under a written charter adopted by our Board of Directors. A copy of the charter is available on our Investor Relations portion of our website located at <http://www.friendlys.com>.

In making compensation decisions, the Compensation Committee consults with our President and Chief Executive Officer and our Vice President of Human Resources. In addition, the Compensation Committee consults with Hewitt Associates (Hewitt), an independent global human resources consulting firm, to assist in designing compensation programs to accomplish our objectives. Hewitt has not provided and has not received any compensation for any services to us other than with respect to executive and director compensation services provided to Compensation Committee.

As part of its compensation consulting services, Hewitt provides the Compensation Committee with an analysis of executive compensation at a peer group of publicly-traded restaurant companies (collectively, the Compensation Peer Group). The Compensation Peer Group, which is periodically reviewed and updated by the Compensation Committee, consists of the following companies against which the Compensation Committee believes we compete for executive-level talent:

Applebees International	Bob Evans Farms
Brinker International	California Pizza Kitchen
CBRL Group	Cheesecake Factory
CKE Restaurants	Darden Restaurants
Denny's Corp	IHOP Corp
Landry's Restaurants	Lone Star Steakhouse Saloon
Luby's Inc.	O Charley's Inc.
Outback Steakhouse	Panera Bread Company
Papa Johns International	Rare Hospitality International
Red Robin Gourmet Burgers	The Restaurant Company (Perkins)
Ruby Tuesday	Ryan's Restaurant Group
Steak & Shake	Vicorp Restaurants

Hewitt also provides the Compensation Committee with relevant market data and analysis of various compensation structures for consideration when making compensation decisions for the Named Executive Officers.

Setting Executive Compensation

Based on the foregoing philosophy and objectives, the Compensation Committee has designed our annual and long-term cash and non-cash compensation programs to motivate and reward executives for achieving business goals.

We compete with many larger companies for top executive-level talent. As such, our Compensation Committee generally sets total compensation for the Named Executive Officers competitive with total compensation paid to similarly situated executives of the companies comprising the Compensation Peer Group. Variations to this objective may occur depending on the experience level of the individual and market factors.

The elements of executive compensation, as described in further detail below, typically include base salary, annual cash bonuses under our annual incentive plan, long-term incentives, retirement and other benefits, and perquisites.

Base salary for our executives is reviewed and set annually. The Compensation Committee also annually reviews the results from the prior year to determine whether prior year corporate, business unit and individual performance goals have been achieved and the amount of performance-based compensation, if any, for each Named Executive Officer. In addition, on an annual basis, the Compensation Committee reviews and approves the proposed corporate, business unit and individual performance goals and the annual incentive plan and long-term incentive plan for such fiscal year.

The Compensation Committee's policy for allocating between current and long-term compensation is to ensure adequate base compensation to attract and retain qualified personnel, while providing incentives to maximize long-term value for Friendly's and our shareholders. We provide current compensation in the form of (i) base salary to provide fixed compensation based on competitive market practice and to reward

performance on an annual basis and (ii) cash bonus compensation under our annual incentive plan to reward superior performance against specific short-term goals. We also provide long-term compensation through the award of stock options, restricted stock units and other performance-based awards to reward superior performance against specific objectives and long-term strategic goals.

In setting compensation policies and making compensation decisions, the Compensation Committee develops and reviews financial and other corporate and business unit performance measures to help ensure that compensation to our executives reflects the success of Friendly's or, in some cases, the respective business unit, the performance of the executive, and the value provided to our shareholders. Target results are generally developed through our annual financial planning process, where our future operating environment and projected results are discussed.

For purposes of setting our performance-based compensation, the primary factors considered by the Compensation Committee includes our adjusted EBITDA (historically defined as net income (loss) from continuing operations before (i) income taxes, (ii) interest expense, net, (iii) depreciation and amortization, (iv) write-downs of property and equipment, (v) net periodic pension cost and (vi) other non-cash items) (referred to herein as "EBITDA"), as approved in our operating plan, and the achievement of other corporate, business unit and individual goals. The Compensation Committee believes that the performance measures established are good measures in assessing how well we are performing from a financial standpoint.

In making its compensation decisions, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), which provides that we may not deduct compensation of more than \$1 million that is paid to our President and Chief Executive Officer and the other Named Executive Officers. We believe that compensation paid under our incentive plan is generally fully deductible for federal income tax purposes. However, in certain situations, the Compensation Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for our executive officers.

The Compensation Committee also considers tax rules applicable to non-qualified deferred compensation arrangements. In 2004, the American Jobs Creation Act of 2004 was signed into a law, effective as of January 1, 2005. This law amended the Code to provide that non-qualified deferred compensation arrangements and other types of compensatory plans must satisfy certain statutory requirements. If such non-qualified deferred compensation plans and arrangements do not satisfy these new rules, then the affected employee is subject to an additional twenty percent (20%) tax on the non-qualified deferred compensation that does not satisfy the statutory requirements. While the final regulations have not become effective yet, we believe we are operating in good faith compliance with the statutory provisions as well as subsequent interpretative guidance issued by the Internal Revenue Service.

Executive Compensation Components

For the fiscal year ended December 31, 2006, the principal components of compensation for the Named Executive Officers were:

- Base salary;
- Annual incentive compensation;
- Long-term incentive compensation;
- Retirement and other benefits; and
- Perquisites and other personal benefits.

Base Salaries

The Compensation Committee annually reviews each Named Executive Officer's base salary. Base salaries are targeted to be competitive with similarly situated executives at the Compensation Peer Group with adjustments above or below market to recognize varying levels of responsibility, prior experience, breadth of knowledge and internal equity issues. In addition, each year the Compensation Committee determines whether to make a merit increase to base salaries based on its review of the performance of Friendly's and the individual. The Compensation Committee determined that no merit increases would be awarded for fiscal year 2006. Based on the foregoing, the base salary of John L. Cutter, our former President and Chief Executive Officer, was \$390,240 in fiscal 2006. Mr. Cutter resigned from Friendly's on September 28, 2006.

Annual Incentives

Each year the Compensation Committee annually approves an annual incentive plan (AIP Plan) that is designed to provide a variable pay opportunity to executives and employees based on the Company's and the individual's performance. Under the AIP Plan, the Compensation Committee establishes financial objectives for the Company. The financial objectives are based upon our achievement of specified levels of earnings as measured by EBITDA. These EBITDA goals are considered achievable but require above-average performance. In setting individual objectives, the Named Executive Officers, other than the President and Chief Executive Officer, develop and propose individual objectives based upon corporate and other business unit objectives and present these goals to the President and Chief Executive Officer. The President and Chief Executive Officer reviews and finalizes these individual objectives. The President and Chief Executive Officer establishes his own individual and business objectives, submits those objectives to the Compensation Committee, and the Compensation Committee determines whether to approve or modify such objectives. The Compensation Committee retains the authority to modify, at its discretion, the financial and individual objectives.

In determining whether to pay bonuses under the AIP Plan, for all Named Executive Officers other than the Senior Vice President of Restaurant Operations, the Compensation Committee weighs achievement of Company's EBITDA targets fifty percent (50%) and achievement of individual objectives for the remaining fifty percent (50%). The bonus for the Senior Vice President of Restaurant Operations under the AIP Plan is based upon fifty percent (50%) weighting for the achievement of our EBITDA targets, twenty-five percent (25%) weighted to the EBITDA of our restaurant segment, and the remaining twenty-five percent (25%) weighted for achievement of personal objectives.

Edgar Filing: FRIENDLY ICE CREAM CORP - Form 10-K/A

During fiscal 2006, the target award for each of the officers named below was based on a percentage (ranging from 35% to 50%) of each officer's base salary. In fiscal 2006, Mr. Cutter's target award was 100% of his base salary. Maximum awards for superior performance were capped at 150% of target awards. The Named Executive Officers earned cash bonuses in fiscal 2006 by surpassing the EBITDA threshold for 2006 pursuant to the terms of the AIP Plan. The table below sets forth the cash bonuses awarded under our AIP Plan for fiscal 2006 to each of the officers listed below:

Name	Cash Bonus Amount
John Cutter	\$ 399,115
Paul Hoagland	\$ 183,568
Gregory Pastore	\$ 71,960
Kenneth Green	\$ 124,463
Garrett Ulrich	\$ 87,498

Long-Term Incentives

Each year the Compensation Committee reviews and approves long-term incentive plans for each Named Executive Officer, pursuant to which awards may be made to such executives under our 1997 Stock Option Plan and 2003 Incentive Plan. The primary forms of long-term incentives consist of stock options, restricted stock units and other performance-based awards.

Long-Term Incentive Plan. Pursuant to a long-term incentive plan approved under our 2003 Incentive Plan, the Compensation Committee established target EBITDA levels for the Company for fiscal 2006 and target awards for each Named Executive Officer based on a percentage (ranging from 50% to 100%) of each such officer's base salary. The actual awards for each officer are payable in shares of restricted stock (representing approximately two-thirds of the value of the target award) and stock options to purchase shares of Common Stock (representing approximately one-third of the value of the target award).

On March 21, 2006, pursuant to the long-term incentive plan for fiscal 2006, we issued options to purchase 51,220, 24,109, 10,122, 11,668 and 11,717 shares of Common Stock, with an exercise price of \$8.10 per share (the closing price of our Common Stock as reported on the American Stock Exchange on March 21, 2006), to each of Messrs. Cutter, Hoagland, Pastore, Green, and Ulrich, respectively. The terms of these stock options are described below under the heading Long-Term Incentives-Stock Options.

The long-term incentive plan for fiscal 2006 also provided that, if we met or exceeded a threshold EBITDA for fiscal 2006, then the Named Executive Officer would receive an award payable in shares of our Common Stock. The award value was determined based on our actual EBITDA for fiscal 2006 compared to the EBITDA objective for fiscal 2006 and the percentage (ranging from 50% to 150%) of the officer's target award applicable to those results (the 2006 Award Value).

On February 28, 2007 the Compensation Committee determined that we exceeded the threshold EBITDA for fiscal 2006, and awarded shares of restricted Common Stock under our 2003 Incentive Plan to each of the Named Executive Officers listed in the table below. The number of shares of restricted Common Stock issued to each such officer was determined by dividing the officer's 2006 Award Value by 90% of the closing price of our Common Stock on the date of grant as reported on the American Stock Exchange. 25% of the shares of restricted Common Stock issued to each officer were fully vested upon issuance. The remaining 75% of the shares of restricted Common Stock vest in three equal annual installments following issuance if the officer remains employed by us. The unvested shares will also fully vest upon a change in control, as provided in the 2003 Incentive Plan.

Edgar Filing: FRIENDLY ICE CREAM CORP - Form 10-K/A

The following table sets forth for each Named Executive Officer listed below the 2006 Award Value and the number of shares of restricted Common Stock the officer received under the long-term incentive plan for fiscal 2006.

Name	Award Value	Number of Shares
Paul Hoagland	\$ 188,664	17,469
Gregory Pastore	\$ 79,207	7,334
Kenneth Green	\$ 91,304	8,454
Garrett Ulrich	\$ 91,690	8,490

Mr. Cutter's target award for fiscal 2006 was \$348,534. Mr. Cutter did not receive any shares of restricted Common Stock under the long-term incentive plan for fiscal 2006, however, because he resigned prior to the end of the fiscal year.

Stock Options. Stock options are issued under our 1997 Stock Option Plan and the 2003 Incentive Plan. In general, stock options are granted to the Named Executive Officers and other executives participating in our long-term incentive plan, two business days after the filing of our Annual Report on Form 10-K for the prior year. The number of stock options awarded under the long-term incentive plan is calculated by dividing approximately one-third of the officer's target award by 40% of the closing price of our Common Stock on the date of grant, as reported by the American Stock Exchange (or such other exchange on which our Common Stock is traded). In addition to stock options granted under the long-term incentive plan, stock options are occasionally issued to newly hired executive officers on the date of hire. Stock options are granted at the closing price of the Common Stock on the date of grant.

In fiscal 2006, stock options were awarded to the Named Executive Officers pursuant to the long-term incentive plan. All of the stock options awarded in 2006 are subject to a three-year vesting schedule and a five-year term, subject to the officer's continued employment with us. In addition, all awards under our stock option plans contain provisions providing that the stock options will become fully vested and exercisable upon a change in control of the Company. In general terms, a change in control may occur when:

- third parties acquire 35% or more of our voting stock, with certain exceptions, and existing senior management and certain existing shareholders collectively own less voting stock than such third parties and no longer have the ability to elect a majority of the Board of Directors;
- individuals currently on the Board of Directors cease to constitute a majority of the Board of Directors, unless a majority of the existing Board of Directors approves such new directors; or
- a reorganization, merger, consolidation, liquidation, dissolution or sale of substantially all of our assets occurs.

Long-Term Cumulative Net Income Plan. We have established a long-term cumulative net income plan under the 2003 Incentive Plan for certain executives, including the Named Executive Officers. Under this plan, the Compensation Committee sets annual target awards for participating executives. The annual target is based on our cumulative net income (calculated in accordance with generally accepted accounting principles) over a three year performance period. The target award for each Named Executive Officer is based on a percentage (ranging from 30% to 100%) of each officer's base salary. Actual awards are determined after the end of the three-year performance period. If our actual cumulative net income falls below certain minimum thresholds, no payouts are made. If our actual cumulative net income meets or exceeds certain minimum thresholds, then the officer would be entitled to receive an award ranging from 0% to 100% of the officer's target award applicable to those results. We have the discretion to settle the awards in cash or stock, though our policy has been to settle in cash only. We did not achieve the targeted

cumulative net income for the 2004-2006 performance period. Therefore, no payments or awards were made to Named Executive Officers under this plan.

Retirement and Other Benefits

As a result of discrimination requirements imposed on defined contribution plans, such as our 401(k) Plan under the Internal Revenue Code, we determined that our Named Executive Officers are not eligible to participate in our 401(k) Plan. Instead, we provide each Named Executive Officer who has completed one (1) year of service with us with additional compensation equal to seven percent (7%) of his salary on a fully taxable basis. This seven percent (7%) is intended to replace both the ability to participate on a pre-tax basis in our 401(k) Plan as well as receive our matching contribution.

As described more fully below under Pension Benefits, certain of the Named Executive Officers are entitled to a benefit under our Cash Balance Pension Plan due to their service with us prior to January 1, 2004. Benefits under the Cash Balance Pension Plan are generally determined based on the value in their respective notional cash balance accounts under the such plan. Effective January 1, 2004, the Cash Balance Pension Plan was frozen and no additional accruals are being made under such plan. Interest is credited to the cash balance account each year. The Cash Balance Pension Plan provides for an election to receive benefits in an actuarially determined lump sum. Benefits accrued under the Cash Balance Pension Plan are payable upon retirement at age 65 in the form of a straight life annuity.

Perquisites

We provide our Named Executive Officers with perquisites and other benefits that we believe to be reasonable and necessary to attract and retain employees in critical management positions. The Named Executive Officers are provided with a car allowance, financial planning services, reimbursement for travel expenses by spouses to our 2006 franchisee conference, life insurance premiums and, in the case of Mr. Cutter only, country club dues as well as payment of the taxes related to these benefits. These benefits are described below in the Perquisites Table .

Chief Executive Officer Employment Agreement

On January 8, 2007, we hired Mr. George M. Condos as our new President and Chief Executive Officer.

Our employment agreement with Mr. Condos provides that he will receive an annual base salary equal to \$475,000 for 2007. As a material inducement to his employment, on January 8, 2007, we granted Mr. Condos options to purchase an aggregate of 75,000 shares of our Common Stock, at an exercise price of \$11.80 per share. The exercise price is equal to the closing price of our Common Stock on the American Stock Exchange on January 8, 2007. The stock options, which vest in three equal annual installments, were granted outside of any of our equity incentive plans or shares reserved for issuance under any such equity incentive plans, pursuant to an exemption from stockholder approval as provided for in the rules of the American Stock Exchange Company Guide. The stock options expire five years after the date of grant.

In addition to his base salary and the stock options he received, Mr. Condos will participate in our AIP Plan and long-term incentive plan for executive officers. Under the AIP Plan, Mr. Condos will be eligible to receive a bonus targeted at 75% of his base salary (bonus target). Mr. Condos may receive up to a maximum of 150% of his bonus target if certain levels of EBITDA are achieved and he is employed at the time of payout expected in the first quarter of 2008. A minimum bonus of \$267,188 is guaranteed for fiscal 2007. Under the long-term incentive plan, Mr. Condos will be eligible to receive an initial award based on 100% of his base salary, one-third of which was paid on March 8, 2007 in stock options to purchase 27,026 shares of our common stock at an exercise price of \$14.50 per share, and the remaining two-thirds of which will be paid in restricted stock based upon the achievement of specified EBITDA

targets for fiscal 2007 established by the Compensation Committee. The stock options and restricted stock would vest 25% in 2008 and the remaining 75% in three equal annual installments therefrom.

In connection with Mr. Condos' employment, we entered into a separation agreement which provides that if we terminated Mr. Condos for any reason other than cause (as defined in his separation agreement), we will pay Mr. Condos salary continuation payments in an amount equal to his annualized base salary for a period of one year. Additional benefits include participation in our other benefit plans (including group medical, dental, health and dependent care spending accounts), an allowance of \$2,500 per month for fiscal 2007 in lieu of relocation payments, financial planning services, and the use of an automobile leased by us.

Mr. Condos also received a change of control agreement, the terms of which are described below under the heading "Change in Control Agreements".

Benefits under the Cash Balance Pension Plan are generally determined based on the value in their respective notional cash balance accounts under the Cash Balance Pension Plan. Effective January 1, 2004,

the Cash Balance Pension Plan was frozen and no additional benefit accruals are being made under such plan. Interest is credited to the cash balance account each year. The Cash Balance Pension Plan provides for an election to receive benefits in an actuarially determined lump sum. (2) Assumes a change of control occurred on December 31, 2006.

(3) In accordance with the terms of our 2003 Incentive Plan, all unvested stock options vest in the event of a change of control (including stock options awarded pursuant to the 2006 long-term incentive plan). The amounts listed in this column represent the difference between the exercise price of accelerated options and \$12.25, the closing price of our Common Stock as reported on the American Stock Exchange on December 29, 2006.

(4) Pursuant to the 2006 long-term incentive plan, in the event of a change of control, the target level of performance under the plan is deemed to have been achieved. The amounts listed in this column represents the value of the restricted stock the named executive officer would receive under the 2006 long-term incentive plan in the event of change of control. The restricted stock would be fully vested upon such change of control. Stock options awarded pursuant to the 2006 long-term incentive plan are included in the Stock Options column.

Change in Control Agreements.

We have entered into change in control agreements with certain key employees, including Messrs. Condos, Hoagland, Green, Pastore and Ulrich.

The agreements for Messrs. Hoagland, Green Pastore and Ulrich have a term of three years and automatically renew for successive one-year periods unless we notify the employee in writing that the agreement will not be renewed at least sixty days prior to expiration. Under the agreements, in the event of a change in control (as defined in the agreements) of the Company, if the employee is terminated within two years after the change of control (or is terminated by the Company in contemplation of a change of control which occurs within 3 months of such termination) for any reason other than (i) for cause or (ii) due to illness, injury or incapacity for a period of six months, or if the employee resigns within two years after the change of control for certain reasons specified in the agreements, then the employee is entitled to receive the following payments and benefits from us:

- a lump sum cash payment equal to (i) the employee's base compensation (defined as the sum of (x) the annualized base rate of salary as reported on Form W-2, together with any and all salary reduction authorized under any company benefit plan, on the last day of the preceding calendar year, or if higher, the actual date of the change of control and (y) the employee's average bonus for the preceding three calendar years) times the number of years in the severance period specified in

the employee's agreement (two years in the case of Mr. Hoagland and one year in the case of Messrs. Green, Pastore and Ulrich) plus (ii) a pro-rata amount of the average of annual incentive bonuses received by the employee in the three fiscal years preceding his date of termination;

- continued benefits under our then current health plan for the severance period specified in the employee's agreement or a payment in cash in lieu of such coverage in an amount equal to the employee's after-tax cost of continuing such coverage; and
- during the severance period specified in the employee's agreement, we agree to reimburse the employee for the cost of outplacement assistance services.

Mr. Condos' change of control agreement has a term of one year, subject to extension in certain circumstances. If, during the term of the agreement, Mr. Condos' employment with us is terminated (including a termination by the Company in contemplation of a change of control which occurs within 3 months of such termination), whether initiated by us or by Mr. Condos, within 60 days after a change of control (as defined in the agreement), then he is entitled to receive the following payments and benefits from us:

- salary continuation payments in an aggregate amount equal to his annualized base compensation (defined as the sum of (x) his annualized base rate of salary as reported on Form W-2, together with any and all salary reduction authorized under any company benefit plan, on the last day of the preceding calendar year, or if higher, the actual date of the change of control salary for a period of one year from the termination date;
- if the termination occurs before December 30, 2007, a pro-rated amount of his target annual incentive bonus for the fiscal year ending December 30, 2007, or if the termination occurs after December 30, 2007 and prior to the expiration of the term of the agreement, then he would receive 100% of the amount of the annual incentive bonus he would have received, if any, pursuant to the terms of our 2007 Annual Incentive Plan applicable to him;
- continued benefits under our then current health plan for the severance period or a payment in cash in lieu of such coverage in an amount equal to his after-tax cost of continuing such coverage; and
- during the severance period, we agree to reimburse him for the cost of outplacement assistance services.

In addition to the foregoing, in the event of a change of control, then outstanding and unvested awards under the 2003 Incentive Plan held by the employee shall become fully vested, and awards under the 2003 Incentive Plan and long-term cumulative net income plan will be made based upon a deemed achievement of the target EBITDA in the year of the change of control. In the event that any payments received by the employee in connection with a change in control are subject to the excise tax imposed upon certain change in control payments under federal tax laws, the agreements provide that our independent public accounting firm immediately preceding the change in control (or if such accounting firm declines to act, such other independent public accounting firm as agreed to by us and the employee) shall compute the excise tax imposed on the employee and we shall pay that amount to the employee to provide the employee with a payment that is economically equivalent to the payment he would have received but for the imposition of the excise tax. The payments under the change in control agreements are in addition to and not in lieu of any payments or benefit due to the employee under any other plan, policy or program of the Company, except that the employee is not entitled to receive any benefits under any other severance plan of the Company. The employee will also continue to be covered by any insurance policy providing indemnification rights for service as an officer or director of the Company and to all other rights to indemnification provided by the Company.

(1) Amounts shown do not reflect compensation received by the directors. Instead, the amounts shown are the compensation costs we recognized in fiscal year 2006 for restricted stock units as determined pursuant to FAS 123R. The assumptions used to calculate the value of restricted stock unit awards are set forth under Note 3, *Stock-Based Compensation* in the notes to our Consolidated Financial Statements included in this Annual Report on Form 10-K for the year ended December 31, 2006. The grant date fair value of each restricted stock unit awarded to our non-employee directors computed in accordance with FAS 123R is \$10.61.

(2) Amounts shown do not reflect compensation received by the directors. Instead, the amounts shown are the compensation costs we recognized in fiscal year 2006 for option awards as determined pursuant to FAS 123R. The assumptions used to calculate the value of option awards are set forth under Note 3, *Stock-Based Compensation* in the notes to our Consolidated Financial Statements included in this Annual Report on Form 10-K for the year ended December 31, 2006. Mr. Odak is the only director with outstanding options granted on May 10, 2005 with a grant date fair value of \$4.27 per share; all directors were granted options on November 2, 2005 with a grant date fair value of \$4.67 per share; and all directors were granted options on November 1, 2006 with a grant date fair value of \$4.85 per share. All options issued to our directors are subject to a three year vesting schedule that provides that 33% of the options vest on each anniversary of the grant date.

(3) The following are the aggregate number of stock awards and option awards outstanding, both vested and unvested, that have been granted to each of our non-employee directors as of December 31, 2006: Mr. Smith: 22,000; Mr. Daly: 40,400; Mr. Ezzes: 45,900; Mr. Manning: 42,150; and Mr. Odak: 25,000.

The Compensation Committee reviews the level of compensation of our non-employee directors periodically. To determine the appropriateness of the current level of compensation for our non-employee directors, the Compensation Committee has historically obtained data from a number of different sources including:

- Publicly available data describing director compensation in peer companies;
- Information obtained directly from other companies; and
- Competitive data from Hewitt Associates, our compensation consultant.

Our non-employee directors are compensated through a mixture of cash and equity-based compensation. Each non-employee director of Friendly's receives a fee of \$2,500 per month, \$1,500 per Board of Directors meeting attended, and \$750 per participation in special teleconference meetings, plus expenses. Directors who are members of the Nominating Committee, Audit Committee or Compensation Committee also receive an additional \$1,000 for each respective committee meeting attended. Directors who are members of the Audit Committee also receive \$1,500 for attendance at the annual Audit Committee meeting. In fiscal 2006, Mr. Smith received additional director compensation of \$8,333.34 per month for serving as Chairman of the Board. In fiscal 2007, Mr. Smith's additional director compensation was reduced to \$4,166.66 per month for serving as Chairman of the Board. In addition to cash compensation, on an annual basis, the non-employee directors are awarded stock options and/or restricted stock units under our equity incentive plans.

On November 1, 2006, Messrs. Smith, Ezzes, Daly, Manning and Odak received 4,000, 6,000, 5,000, 4,000 and 4,000 options to purchase shares of our Common Stock, respectively, pursuant to our 2003 Incentive Plan. Stock options granted were reflective of the functions of each director. Each director received a minimum of 4,000 stock options. The Audit Committee Chairman received an additional

2,000 stock options, and the Compensation Committee Chairman received an additional 1,000 stock options. All of the stock options granted to directors on November 1, 2006 have an exercise price of \$10.61 per share, and vest in three equal annual installments, and become fully vested and exercisable upon a change of control. The stock options expire on the earliest to occur of (a) five years from the date of the award, (b) three years from the date of termination by reason of retirement, or (c) one year from the date of termination by reason of death, disability, or a reason other than retirement.

On November 1, 2006, each director also received 6,000 restricted stock units (RSUs) pursuant to our 2003 Incentive Plan. Each RSU provides the holder with the right to receive one share of our Common Stock when the restrictions lapse or vest. Restrictions on the RSUs will lapse or vest on the restriction lapse date of November 1, 2009 only if the grantee remains a member of our Board of Directors on such date. If the grantee ceases to serve as a member of our Board of Directors due to death, disability or retirement, all restrictions shall fully lapse. If the grantee resigns from the Board of Directors or is removed for cause prior to the restriction lapse date, any unvested RSUs will be forfeited. All restrictions shall fully lapse upon a change of control.

Compensation Committee Interlocks and Insider Participation

During fiscal 2006, the members of the Compensation Committee were Messrs. Daly, Manning and Odak. No member of the Compensation Committee was at any time during the past fiscal year an officer or employee of the Company, was formerly an officer of the Company or any of its subsidiaries, or had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. No executive officer of the Company has served as a director or member of the compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served as a director of or member of the Compensation Committee of the Company.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Approval of Related Person Transactions

It is our policy and procedure to review, approve or ratify any transaction or series of transactions exceeding \$120,000 in which we are a participant and in which one of our directors (or nominee s for director), executive officers, beneficial owners of more than 5% of our Common Stock, or an immediate family member of any of the foregoing persons (each, a Related Person) has a direct or indirect interest (such transactions are referred to as Related Person Transactions).

Our Audit Committee is responsible with reviewing and approving Related Person Transactions, although our Board of Directors may instead determine that a particular Related Person Transaction be reviewed and approved by a majority of directors disinterested from the transaction. At each Audit Committee meeting, management reports any Related Person Transactions to be entered into by us. After review, the Audit Committee approves or disapproves such transactions. If advanced approval of a Related Person Transaction is not feasible, then the Related Person Transaction is considered, and, if the Audit Committee determines it to be appropriate, ratified at the next regularly scheduled meeting.

In reviewing, approving or ratifying any Related Person Transaction, the Audit Committee or our disinterested directors are responsible for obtaining the material facts of the Related Person Transaction, reviewing whether the Related Person Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, and considering such factors as it deems appropriate.

Related Persons Transactions

The Ice Cream Company (TICC) operates six Friendly s restaurants under franchise agreements with Friendly s Restaurants Franchise, Inc. (FRFI), a subsidiary of Friendly s. Three of these restaurants, located in Lancaster and York, Pennsylvania, were acquired by TICC in May 2006 for an aggregate purchase price of \$1,725,000. This price was determined to be the fair market value of the properties as determined by an independent appraisal.

The owners of TICC are family members of our Chairman of the Board of Directors. The franchise agreement terms with TICC are identical in all material respects to the terms generally offered to unrelated franchisees of FRFI in the ordinary course of Friendly s business. TICC purchases certain food

products used in the normal course of its franchise business from Friendly s. For the year ended December 31, 2006, TICC paid Friendly s approximately \$3,405,000 for franchise royalty fees, marketing fees, food purchases and miscellaneous other products and services.

During August 2003, Friendly s entered into a single restaurant franchise agreement with Treats of Huntersville LLC (Treats). The owner of Treats is a family member of our Chairman of the Board of Directors. The franchise agreement terms with Treats are identical in all material respects to the terms generally offered to unrelated franchisees of FRFI in the ordinary course of Friendly s business. The location, which was initially opened by a former franchisee but closed in July 2002, was reopened by Treats in August 2003. Treats purchases certain food products used in the normal course of its franchise business from Friendly s. For the year ended December 31, 2006, Treats paid Friendly s approximately \$439,000 for franchise royalty fees, marketing fees, food purchases and other miscellaneous products and services.

Friendly s purchases certain food products used in the normal course of business from a division of The Restaurant Company (TRC), a company in which our Chairman of the Board of Directors served as the chairman of the board of directors and chief executive officer from 1986 to 2005. For the year ended December 31, 2006, Friendly s purchases were approximately \$360,000. In addition, when our Chairman of the Board was an officer of TRC, we entered into a sublease for certain land, building and equipment from a division of TRC. For the year ended December 31, 2006, our rent expense for this sublease was approximately \$71,000.

The foregoing transactions, arrangements and relationships been reviewed and ratified in accordance with our policy and procedures for review of transactions with related persons described above.

Director Independence

Our Board of Directors has reviewed and analyzed the qualifications of each director and has affirmatively determined that each of Messrs. Ezzes, Odak, Manning and Daly, constituting more than a majority of our directors are independent , as such term is defined under the applicable listing standards of the American Stock Exchange. The Board of Directors has also determined that none of these directors has a material relationship with us that would interfere with the exercise of independent judgment. In addition, each member of the Audit Committee is independent as required under Section 10A(m)(3) of the Exchange Act.
