

MAXIMUS INC
Form 10-Q
May 09, 2007

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

Quarterly Report Pursuant to Section 13 or 15(d)
of the Securities Exchange Act of 1934

For the quarterly period ended March 31, 2007

Commission File Number: 1-12997

MAXIMUS, INC.

(Exact name of registrant as specified in its charter)

Virginia

(State or other jurisdiction of
incorporation or organization)

11419 Sunset Hills Road
Reston, Virginia
(Address of principal executive offices)

54-1000588

(I.R.S. Employer
Identification No.)

20190
(Zip Code)

(703) 251-8500

Edgar Filing: MAXIMUS INC - Form 10-Q

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of accelerated filer and large accelerated filer in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of May 1, 2007, there were 21,875,684 shares of the registrant's common stock (no par value) outstanding.

MAXIMUS, Inc.

Quarterly Report on Form 10-Q

MAXIMUS, Inc.

Notes to Unaudited Condensed Consolidated Financial Statements

For the Three Months and Six Months Ended March 31, 2007, and 2006

In these Notes to Unaudited Condensed Consolidated Financial Statements, the terms the Company, MAXIMUS, we, or our refer to MAXIMUS, Inc. and its subsidiaries.

1. Organization and Basis of Presentation

General

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. The results of operations for the three months and six months ended March 31, 2007, are not necessarily indicative of the results that may be expected for the full fiscal year. The balance sheet at September 30, 2006, has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In addition to the Company's wholly owned subsidiaries, the financial statements as of and for the three months and six months ended March 31, 2006, and 2007, include a majority (55%) owned international subsidiary in Israel.

These financial statements should be read in conjunction with the audited financial statements and the notes thereto at September 30, 2006 and 2005 and for each of the three years in the period ended September 30, 2006, included in the Company's Annual Report on Form 10-K for the year ended September 30, 2006 (File No. 1-12997) filed with the Securities and Exchange Commission on December 13, 2006.

Legal Expense

Legal expense consists of costs, net of reimbursed insurance claims, related to significant legal settlements and non-routine legal matters, including future probable legal costs estimated to be incurred in connection with those matters. Legal expenses incurred in the ordinary course of business are included in selling, general and administrative expense.

Stock-Based Compensation

The Company's Board of Directors established stock option plans during 1997 pursuant to which the Company may grant non-qualified stock options to officers, employees and directors of the Company. Such plans also provide for stock awards and direct purchases of the Company's common stock. At March 31, 2007, the Board of Directors had reserved 8.1 million shares of common stock for issuance under the Company's stock plans. At March 31, 2007, 1.9 million shares remained available for grants under the Company's stock plans.

Stock options are granted at exercise prices equal to the fair market value of the Company's common stock at the date of grant. Stock options generally vest ratably over a period of four years and, beginning in fiscal 2005, expire six years after date of grant. Options issued prior to fiscal 2005 expire ten years after date of grant. For the three and six months ended March 31, 2007, compensation expense recognized related to stock options was \$0.0 million and \$0.9 million, respectively, compared to \$1.3 million and \$2.2 million for the same periods in fiscal 2006.

The Company also issues Restricted Stock Units (RSUs) to certain executive officers and employees under its 1997 Equity Incentive Plan (Plan). Generally, these RSUs vest ratably over six years with full vesting upon the sixth anniversary of the date of grant, provided, however, that the vesting will accelerate if the Company meets certain earnings targets determined by the Board of Directors. The fair value of the RSUs, based on the Company's stock price at the grant date, is expensed over the vesting period. For the three and six months ended March 31, 2007, compensation expense recognized related to RSUs was \$0.4 million and \$0.5 million, respectively, compared to \$0.03 million and \$0.5 million for the same periods in fiscal 2006.

2. Comprehensive Income (Loss)

Comprehensive income (loss) includes net income (loss), plus changes in the net unrealized gains (losses) on investments, net of taxes, and changes in cumulative foreign currency translation adjustments. The components of comprehensive income (loss) for the three months and six months ended March 31, 2006, and 2007, are as follows:

	Three months Ended March 31,		Six months Ended March 31,	
	2006	2007	2006	2007
(in thousands)				
Net income (loss)	\$ 8,870	\$ 2,362	\$ 17,776	\$ (8,033)
Foreign currency translation adjustments	283	228	(366)	1,444
Unrealized investment gains (losses)			(7)	
Reclassification adjustment for gains/losses realized in net income, net of tax			(143)	
Comprehensive income (loss)	\$ 9,153	\$ 2,590	\$ 17,260	\$ (6,589)

3. Deferred Contract Costs

Deferred contract costs consist of contractually recoverable direct set-up costs relating to long-term service contracts in progress. These costs include direct and incremental costs incurred prior to the commencement of the Company providing contracted services to our customers. These costs totaled \$26.3 million and \$26.2 million at September 30, 2006 and March 31, 2007, respectively, of which \$7.6 million consisted of leased equipment. Deferred contract costs are expensed ratably as services are provided under the contracts. Accumulated amortization of deferred contract costs was \$15.1 million and \$17.7 million at September 30, 2006 and March 31, 2007, respectively.

4. Goodwill and Intangible Assets

The changes in the carrying amount of goodwill, by each of the Company's business segments, for the six months ended March 31, 2007 are as follows (in thousands):

	Consulting	Systems	Operations	Total
Balance as of September 30, 2006	\$ 10,902	\$ 42,154	\$ 33,632	\$ 86,688
Goodwill activity during period			(669)	(669)
Balance as of March 31, 2007	\$ 10,902	\$ 42,154	\$ 32,963	\$ 86,019

During the quarter ended December 31, 2006, the Company sold its Corrections Services business and allocated \$0.7 million of goodwill to the sale transaction.

The following table sets forth the components of intangible assets (in thousands):

	As of September 30, 2006			As of March 31, 2007		
	Cost	Accumulated amortization	Intangible assets, net	Cost	Accumulated amortization	Intangible assets, net
Non-competition agreements	\$ 3,475	\$ 3,288	\$ 187	\$ 3,275	\$ 3,204	\$ 71
Technology-based intangibles	4,870	2,532	2,338	4,870	2,977	1,893
Customer contracts and relationships	7,475	4,280	3,195	6,475	3,995	2,480
Total	\$ 15,820	\$ 10,100	\$ 5,720	\$ 14,620	\$ 10,176	\$ 4,444

Intangible assets from acquisitions are amortized over five to ten years. The weighted-average amortization period for intangible assets is approximately six years. Intangible amortization expense was \$0.4 and \$0.9 million for the three months and six months ended March 31, 2007, respectively. The estimated amortization expense for the years ending September 30, 2007, 2008, 2009, 2010, 2011 and 2012 is \$1.7 million, \$1.5 million, \$1.1 million, \$0.4 million, \$0.4 million, and \$0.2 million, respectively. During the three months ended December 31, 2006, the Company disposed of \$0.4 million of intangible assets (net of accumulated amortization of \$0.8 million) related to the sale of its Corrections Services business.

5. Commitments and Contingencies

Litigation

The Company is involved in various legal proceedings, including contract and employment claims, in the ordinary course of its business. The matters reported on below involve significant pending or potential claims against us.

(a) In October 2004, MAXIMUS received a subpoena from the Criminal Division of the U.S. Department of Justice acting through the U.S. Attorney's Office for the District of Columbia. The subpoena requested records pertaining to the Company's work for the District of Columbia, primarily relating to the preparation and submission of federal Medicaid reimbursement claims on behalf of the District. The U.S. Attorney's Office and the Civil Division of the Department of Justice are investigating issues pertaining to compliance with the federal laws governing Medicaid claims. We have fully cooperated in producing documents in response to the subpoena and making employees available for interviews, and we have conducted an internal review of this matter through independent outside legal counsel.

Attorneys from the Criminal Division have expressed their view that the Company either willfully or recklessly submitted inaccurate claims to the federal government on behalf of the District of Columbia. MAXIMUS is engaged in negotiations with both the Criminal Division and the Civil Division to attempt to settle the matter. Although the Company cannot predict the outcome of the settlement negotiations at this time, it could have a material impact on the Company's operating results or financial condition. We believe that, if there is no settlement, the government may pursue the matter as a criminal and/or civil fraud matter.

Based on the future probable legal costs of the internal review, we recorded a charge of \$0.5 million in connection with this matter in the quarter ended December 31, 2005 and an additional charge of \$0.3 million in the quarter ended March 31, 2007. We are unable to quantify the probability of criminal or civil prosecution or the probability or magnitude of any other expenditure, fine, penalty, or settlement amount we may incur in connection with this matter at this time. Accordingly, the accompanying financial statements do not reflect a liability for this contingency.

(b) In June 2005, MAXIMUS received a subpoena pursuant to the Illinois Whistleblower Reward and Protection Act from the Office of the Attorney General of Illinois in connection with a purported whistleblower investigation of potential false claims. The subpoena requested records pertaining to the Company's work for agencies of the Executive Branch of Illinois State Government. Discussions with the Attorney General's office have indicated that MAXIMUS was one of nine contractors that received such subpoenas and that the investigation is primarily focused at this time on the procurement and contracting activities of the Illinois Department of Central Management Services. Although there can be no assurance of a favorable outcome and we are unable to quantify the probability or magnitude of any expenditures we may incur in connection with this matter, the Company does not believe that this matter will have a material adverse effect on its financial condition or results of operations, and the Company has not accrued for any loss related to this matter.

(c) In December 2006, Emergis, Inc. filed a demand for arbitration against MAXIMUS and certain of its wholly-owned subsidiary companies in British Columbia, Canada. Emergis was a subcontractor to MAXIMUS BC Health, Inc. and MAXIMUS BC Health Benefit Operations, Inc. in support of their contract with the British Columbia Ministry of Health. The subcontract required Emergis to provide a system for the adjudication, processing and payment of health care claims for the Province and had a total value of approximately \$32.0 million Canadian (\$27.8 million U.S.). Because Emergis failed to meet product development and delivery requirements under the subcontract, MAXIMUS declared Emergis in default and ultimately terminated the subcontract in September 2006. In its demand for arbitration, Emergis challenges the basis of the termination, alleges that the subcontract remains in force and seeks payment of damages including the amounts that it would have received under the subcontract. MAXIMUS believes that termination was justified and that, in any event, damages would be limited to the contractual limitation of liability, which is less than \$2.0 million Canadian (\$1.7 million U.S.). MAXIMUS is currently preparing its response and counterclaims to the arbitration demand.

(d) In December 2006, the Ontario Ministry of Community and Social Services (Ministry) sent a notice to Themis Program Management and Consulting Limited (Themis) purporting to terminate for default the Ministry's contract with Themis. Themis is a Canadian subsidiary of MAXIMUS that had contracted with the Ministry to provide software and services in support of the Ministry's child support case management system. MAXIMUS co-signed the contract as a guarantor of the obligations of Themis. The Ministry alleged that Themis failed to meet certain requirements under the contract pertaining to deliverables, services and timeliness. In March 2007, Themis provided statutory notice to the Ministry that Themis denied the grounds for the contract termination and was commencing a lawsuit to recover its unpaid fees and other damages. In April 2007, the Ministry filed suit against Themis and MAXIMUS in the Ontario Superior Court of Justice asserting estimated damages of \$23.0 million Canadian (\$20.0 million U.S.). In May 2007, the parties agreed to settle the matter. MAXIMUS recorded a charge of \$2.5 million in the quarter ended March 31, 2007 reflecting the settlement payment and associated legal fees.

(e) In January 2007, MAXIMUS delivered to Accenture LLP a written formal demand for arbitration to resolve disputes relating to the Company's role as a subcontractor in support of Accenture's prime contract with the Texas Health and Human Services Commission (HHSC) for the Integrated Eligibility and Enrollment Services program (the Program). The Company's claims include (i) Accenture's attempt to misappropriate the Company's intellectual property, (ii) Accenture's failure to deliver required technology under the subcontract, (iii) Accenture's unilateral negotiation of issues with HHSC having a direct effect on the Company, (iv) Accenture's unfounded assertions that the Company had breached its obligations with respect to the Children's Health Insurance Program (CHIP) operations under the subcontract, and (v) Accenture's imposition of excessive and unsubstantiated cover costs on the Company arising out of the amendment to the subcontract entered into in June 2006. MAXIMUS seeks to recover its damages which it believes exceed \$100.0 million. Accenture submitted a response disputing MAXIMUS claims and asserting a counterclaim that MAXIMUS breached the subcontract. Accenture seeks unspecified damages which it has stated could be hundreds of millions of dollars. The subcontract incorporated the terms and conditions of the prime contract which contains a limitation of liability of \$250.0 million.

Also in January 2007, Accenture delivered a letter purporting to declare the Company in default of its obligations under that subcontract. The letter stated that Accenture planned to exercise step-in rights with respect to certain management and supervisory services provided by the Company for the CHIP operations. The letter also stated that Accenture intended to partially terminate the subcontract as of February 5, 2007 with respect to the Company's obligations regarding CHIP integrated eligibility services. The letter included a proposed turnover plan for transitioning the CHIP services from the Company to Accenture. Accenture has alleged that the Company owes damages relating to the CHIP operations of at least \$45.0 million plus \$30.0 million in indemnification for amounts that Accenture agreed to pay to HHSC.

In February 2007, MAXIMUS terminated its subcontract with Accenture. In March 2007, HHSC announced that it was winding down its contract with Accenture. In connection with that process, MAXIMUS has entered into interim agreements directly with HHSC to provide enrollment broker, CHIP systems, CHIP operations and eligibility support services. MAXIMUS also expects to enter into a longer-term agreement with HHSC to run the enrollment broker program through 2010.

The Company believes that its positions are meritorious and that Accenture's positions are without merit, including Accenture's unjustified issuance of a default notice with respect to the CHIP operations. During the six months ended March 31, 2007, the Company recorded \$6.3 million in legal costs related to the arbitration. This amount represents costs incurred to date, as well as an estimate of future probable legal costs, totaling \$4.6 million as of March 31, 2007. The Company will continue to aggressively pursue its rights and remedies against Accenture to resolve the current dispute. The Company cannot predict the outcome of the arbitration proceedings or any settlement negotiations or the impact they may have on the Company's operating results or financial condition.

Credit Facilities and Performance Bonds

In June 2003, in connection with a long-term contract, the Company issued a standby letter of credit in an initial amount of up to \$20.0 million, which amount was reduced to \$10.0 million on April 1, 2005. The letter of credit, which expires on March 31, 2009, may be called by the customer in the event the Company defaults under the terms of the contract. In March 2006, in connection with another long-term contract, the Company issued a standby letter of credit in the amount of \$4.0 million. The letter of credit, which expires on September 30, 2008, may be called by the customer in the event the Company defaults under the terms of the contract. Both letters of credit, as amended by the Company and its lender on March 26, 2007, contain financial covenants that establish minimum levels of tangible net worth, earnings before interest, tax, depreciation and amortization (EBITDA), cash balances and a maximum level of losses on the Texas Integrated Eligibility project. The Company was in compliance with all covenants as of March 31, 2007.

At March 31, 2007, the Company had performance bond commitments totaling \$106.2 million.

Lease Obligations

On July 15, 2003, the Company entered into a capital lease financing arrangement with a financial institution, whereby the Company acquired assets pursuant to an equipment lease agreement. Rental payments for assets leased are payable over a 60-month period at an interest rate of 4.05% commencing in January 2004. On March 29, 2004, the Company entered into a supplemental capital lease financing arrangement with the same financial institution whereby the Company acquired additional assets pursuant to an equipment lease agreement. Rental payments for assets leased under the supplemental arrangement are payable over a 57-month period at an interest rate of 3.61% commencing in April 2004. Capital lease obligations of \$3.7 million and \$2.8 million were outstanding related to these lease arrangements for new equipment at September 30, 2006 and March 31, 2007, respectively.

6. Earnings (Loss) Per Share

The following table sets forth the components of basic and diluted earnings (loss) per share (in thousands):

	Three Months Ended March 31,		Six Months Ended March 31,	
	2006	2007	2006	2007
Numerator:				
Net income (loss)	\$ 8,870	\$ 2,362	\$ 17,776	\$ (8,033)
Denominator:				
Basic weighted average shares outstanding	21,421	21,714	21,427	21,651
Effect of dilutive securities:				
Employee stock options and unvested restricted stock units	467	258	465	
Denominator for diluted earnings (loss) per share	21,888	21,972	21,892	21,651

In computing diluted loss per share for the six months ended March 31, 2007, employee stock options and unvested restricted stock units aggregating 223,000 were excluded from the computation of diluted loss per share as a result of their antidilutive effect.

7. Stock Repurchase Program

Under resolutions adopted in May 2000, July 2002, and March 2003, the Board of Directors has authorized the repurchase, at management's discretion, of up to an aggregate of \$90.0 million of the Company's common stock. In addition, in June 2002, the Board of Directors authorized the use of option exercise proceeds for the repurchase of the Company's common stock. During the three months and six months ended March 31, 2007, the Company did not repurchase any shares. At March 31, 2007, \$30.3 million remained authorized for future stock repurchases under the program.

8. Segment Information

The following table provides certain financial information for each of the Company's business segments (in thousands):

	Three Months Ended March 31,		Six Months Ended March 31,	
	2006	2007	2006	2007
Revenue:				
Consulting	\$ 26,368	\$ 23,224	\$ 50,003	\$ 47,880
Systems	32,229	35,412	68,519	69,953
Operations	121,176	120,441	223,977	222,382
Total	\$ 179,773	\$ 179,077	\$ 342,499	\$ 340,215
Income (loss) from operations:				
Consulting	\$ 2,976	\$ 1,032	\$ 5,512	\$ 3,847
Systems	278	93	4,165	(1,504)
Operations	10,544	7,058	16,612	(8,986)
Consolidating adjustments	648	241	1,339	692
Legal expense	(725)	(6,104)	(1,225)	(9,104)
Total	\$ 13,721	\$ 2,320	\$ 26,403	\$ (15,055)

9. Recent Accounting Pronouncements

In July 2006, the Financial Accounting Standards Board issued Interpretation No. (FIN) 48, Accounting for Uncertainty in Income Taxes which is effective in fiscal years beginning after December 15, 2006, which is the Company's 2008 fiscal year. The purpose of FIN 48 is to clarify and set forth consistent rules for accounting for uncertain tax positions in accordance with FAS 109, Accounting for Income Taxes. The cumulative effect of initially applying the provisions of this interpretation are required to be reported separately as an adjustment to the opening balance of retained earnings in the year of adoption. We are in the process of reviewing and evaluating FIN 48, and therefore the ultimate impact of its adoption is not yet known.

In February 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115 which is effective in fiscal years beginning after November 15, 2007, which is the Company's 2009 fiscal year. SFAS No. 159 permits entities to choose to measure eligible items at fair value at specified election dates and report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. We are in the process of reviewing and evaluating SFAS No. 159, and therefore the ultimate impact of its adoption is not yet known.

10. Subsequent Events

Effective April 6, 2007, the Company's Board of Directors declared a quarterly cash dividend of \$0.10 for each share of the Company's common stock outstanding. The dividend is payable on May 31, 2007, to shareholders of record on May 15, 2007. Based on the current number of shares outstanding, the payment will be \$2.2 million.

11. Texas Integrated Eligibility Project

During the three months ended March 31, 2007, the Texas Integrated Eligibility project adversely impacted our results by \$9.8 million, which included a pre-tax operating loss of \$6.5 million and a provision of \$3.3 million for future probable legal expenses related to the ongoing arbitration process with Accenture. The pre-tax operating loss of \$6.5 million included \$5.9 million of previously deferred revenue that was recognized as a result of the Company's terminated subcontract with Accenture. During the six months ended March 31, 2007, the Texas Integrated Eligibility project adversely impacted our results by \$36.8 million, which included a pre-tax operating loss \$30.5 million and a provision of \$6.3 million for future probable legal expenses related to the ongoing arbitration process with Accenture. See Note 5. Commitments and Contingencies above and Special Considerations and Risk Factors in Exhibit 99.1 for additional information.

12. Legal Expense

Legal expense consists of costs, net of reimbursed insurance claims, related to significant legal settlements and non-routine legal matters, including future probable legal costs estimated to be incurred in connection with those matters. Legal expenses incurred in the ordinary course of business are included in selling, general and administrative expense. The following table sets forth the matters that represent legal expense:

	Three months ended March 31,		Six months ended March 31,	
	2006	2007	2006	2007
(dollars in thousands)				
Texas Integrated Eligibility Project	\$	\$ 3,300	\$	\$ 6,300
Ontario Child Support Project		2,500		2,500
District of Columbia Investigation		304	500	304
Former CEO Investigation and Related Settlement	725		725	
Total	\$ 725	\$ 6,104	\$ 1,225	\$ 9,104

See Note 5. Commitments and Contingencies above and Special Considerations and Risk Factors in Exhibit 99.1 for additional information.

13. Sales of Business

On October 5, 2006, the Company sold its Corrections Services business for proceeds of \$2.2 million, net of transaction costs of \$0.8 million, and recognized a pre-tax gain on the sale of \$0.7 million. During the fiscal year ended September 30, 2006, this business had revenue of \$9.1 million and generated an operating loss of approximately \$0.6 million.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of financial condition and results of operations is provided to enhance the understanding of, and should be read in conjunction with, our Consolidated Financial Statements and related Notes included both herein and in our Annual Report on Form 10-K for the year ended September 30, 2006, filed with the Securities and Exchange Commission on December 13, 2006.

Forward Looking Statements

From time to time, we may make forward-looking statements that are not historical facts, including statements about our confidence and strategies and our expectations about revenue, results of operations, profitability, current and future contracts, market opportunities, market demand or acceptance of our products and services. Any statements contained in this Quarterly Report on Form 10-Q that are not statements of historical fact may be forward-looking statements. The words could, estimate, future, intend, may, opportunity, potential, project, anticipates, plans, expect and similar expressions are intended to identify forward-looking statements. These statements may involve risks and uncertainties that could cause our actual results to differ materially from those indicated by such forward-looking statements. These risks are detailed in Exhibit 99.1 to this Quarterly Report on Form 10-Q and incorporated herein by reference.

Business Overview

We are a leading provider of consulting, systems solutions and operations program management primarily to government. Since our inception, we have been at the forefront of innovation in meeting our mission of Helping Government Serve the People®. We use our expertise, experience and advanced information technology to make government operations more efficient while improving the quality of services provided to program beneficiaries. We operate primarily in the United States, and we have had contracts with government agencies in all 50 states, Canada, Australia, Israel, and the United Kingdom. We have been profitable every year since we were founded in 1975. For the fiscal year ended September 30, 2006, we had revenue of \$700.9 million and net income of \$2.5 million. For the six months ended March 31, 2007, we had revenue of \$340.2 million and net loss of \$8.0 million.

Results of Operations*Consolidated*

The following table sets forth, for the periods indicated, selected statements of income data:

	Three months ended March 31,				Six months ended March 31,				
	2006		2007		2006		2007		
(dollars in thousands, except per share data)									
Revenue	\$	179,773	\$	179,077	\$	342,499	\$	340,215	
Gross profit	\$	45,332	\$	42,875	\$	90,078	\$	63,153	
Legal expense	\$	725	\$	6,104	\$	1,225	\$	9,104	
Income (loss) from operations	\$	13,721	\$	2,320	\$	26,403	\$	(15,055)	
Operating margin (loss) percentage		7.6	%	1.3	%	7.7	%	(4.4)	%
Selling, general and administrative expense	\$	30,886	\$	34,451	\$	62,450	\$	69,104	
Selling, general and administrative expense as a percentage of revenue		17.2	%	19.2	%	18.2	%	20.3	%
Net income (loss)	\$	8,870	\$	2,362	\$	17,776	\$	(8,033)	
Earnings (loss) per share:									
Basic	\$	0.41	\$	0.11	\$	0.83	\$	(0.37)	
Diluted	\$	0.41	\$	0.11	\$	0.81	\$	(0.37)	

Revenue for the three months ended March 31, 2007 was \$179.1 million, compared to \$179.8 million for the same period in fiscal 2006. Revenue for the second fiscal quarter of 2006 was higher by \$6.9 million from voter hardware sales and the Corrections business which has since been divested.

Revenue for the six months ended March 31, 2007 was \$340.2 million, compared to \$342.5 million for the same period in fiscal 2006. Revenue for the six months ended March 31, 2006 was higher by \$9.4 million from voter hardware sales and the Corrections business which has since been divested.

Income from operations for the three months ended March 31, 2007 was \$2.3 million, compared to \$13.7 million for the same period in fiscal 2006. The decrease in income from operations of \$11.4 million is primarily attributable to (1) a \$4.2 million larger operating loss on the Texas Integrated Eligibility project, (2) a \$5.4 million larger provision for legal expense, and (3) softer results in the Consulting Segment, offset by improved performance in health services and the British Columbia Health Operations project.

Loss from operations for the six months ended March 31, 2007 was \$15.1 million, compared to income from operations of \$26.4 million for the same period in fiscal 2006. The decrease in income from operations of \$41.5 million is primarily attributable to (1) a \$28.1 million larger operating loss on the Texas Integrated Eligibility project, (2) a \$7.9 million larger provision for legal expense, (3) a \$4.0 million operating loss on the Ontario Child Support systems implementation project where the Company stopped performing work in the first fiscal quarter of 2007, and (4) softer results in the Systems and Consulting Segments, offset by improved performance in health services and the British Columbia Health Operations project.

Edgar Filing: MAXIMUS INC - Form 10-Q

Selling, general and administrative expense (SG&A) consists of costs related to general management, marketing and administration. These costs include salaries, benefits, bid and proposal efforts, travel, recruiting, continuing education, employee training, non-chargeable labor costs, facilities costs, printing, reproduction, communications, equipment depreciation, intangible amortization, and legal expenses incurred in the ordinary course of business. SG&A as a percentage of revenue for the three months ended March 31, 2007 was 19.2 %, compared to 17.2% for the same period in fiscal 2006, and was 20.3% for the six months ended March 31, 2007, compared to 18.2% for the same period in fiscal 2006. The increase in SG&A as a percentage of revenue in both periods is primarily attributable to increased bid and proposal activity (including the recomplete of one of our largest contracts), and investments in contract administration, quality and project risk management.

Provision for income taxes for the three months ended March 31, 2007 was 40.0% of income before income taxes, compared to 39.5% for the same period in fiscal 2006. Provision (benefit) for income taxes for the six months ended March 31, 2007 was (34.6)% of income (loss) before income taxes, compared to 39.5% for the same period in fiscal 2006. During the six months ended March 31, 2007, our historical effective income tax rate was impacted by approximately 5 percentage points as a result of recording a \$0.7 million valuation allowance on certain deferred tax assets related to a foreign subsidiary's net operating losses recorded at September 30, 2006 that were considered more-likely-than-not to be realized at that time. As a result of events occurring during the first fiscal quarter of 2007 impacting the subsidiary's operating results for that period, the need for a valuation allowance was re-evaluated and it was determined that it was no longer more-likely-than-not that the net operating losses that existed at September 30, 2006 would be realized.

Net income for the three months ended March 31, 2007 was \$2.4 million, or \$0.11 per diluted share, compared with net income of \$8.9 million, or \$0.41 per diluted share, for the same period in fiscal 2006. The decrease in net income of \$6.5 million is primarily attributable to the after-tax impact of the decrease in income from operations as discussed in more detail above.

Net loss for the six months ended March 31, 2007 was \$8.0 million, or \$0.37 per diluted share, compared with net income of \$17.8 million, or \$0.81 per diluted share, for the same period in fiscal 2006. The decrease in net income of \$25.8 million is primarily attributable to the after-tax impact of the loss from operations as discussed in more detail above.

Consulting Segment

	Three months ended March 31,		Six months ended March 31,	
	2006	2007	2006	2007
(dollars in thousands)				
Revenue	\$ 26,368	\$ 23,224	\$ 50,003	\$ 47,880
Gross profit	10,168	9,253	20,364	20,160
Operating income	2,976	1,032	5,512	3,847
Operating margin percentage	11.3	% 4.4	% 11.0	% 8.0

The Consulting Segment is comprised of financial services (which includes child welfare, cost services, and revenue maximization), educational services (school-based claiming), technical services, and Unison (airport consulting services).

Revenue decreased 11.9% for the three months ended March 31, 2007, compared to the same period in fiscal 2006. The decrease in revenue is primarily attributable to lower revenue in educational services and financial services partially offset by growth in technical services. Operating margin percentage decreased to 4.4% for the three months ended March 31, 2007 from 11.3% in the same period in fiscal 2006. The decrease in operating margin percentage is primarily attributable to losses in educational services where volumes were lower on a large claiming project partially offset by margin expansion in technical services.

Edgar Filing: MAXIMUS INC - Form 10-Q

Revenue decreased 4.2% for the six months ended March 31, 2007, compared to the same period in fiscal 2006. The decrease in revenue is primarily attributable to lower revenue in educational services and financial services partially offset by growth in technical services. Operating margin percentage decreased to 8.0% for the six months ended March 31, 2007 from 11.0% in the same period in fiscal 2006. The decrease in operating margin percentage is primarily attributable to losses in educational services where volumes were lower on a large claiming project partially offset by margin expansion in technical services.

Systems Segment

	Three months ended March 31,		Six months ended March 31,	
	2006	2007	2006	2007
(dollars in thousands)				
Revenue	\$ 32,229	\$ 35,412	\$ 68,519	\$ 69,953
Gross profit	9,997	9,914	23,867	18,465
Operating income (loss)	278	93	4,165	(1,504)
Operating margin (loss) percentage	0.9	% 0.3	% 6.1	% (2.2)

The Systems Segment develops and implements both third party and proprietary software in five divisions: justice solutions, asset solutions, educational systems, security solutions, and enterprise resource planning (ERP) solutions.

Revenue increased 9.9% for the three months ended March 31, 2007, compared to the same period in fiscal 2006. The increase in revenue is primarily attributable to growth in ERP solutions. Operating margin percentage decreased to 0.3% for the three months ended March 31, 2007 from 0.9% in the same period in fiscal 2006. The decrease in operating margin percentage is primarily attributable to losses in educational systems partially offset by margin expansion in ERP solutions.

Revenue increased 2.1% for the six months ended March 31, 2007, compared to the same period in fiscal 2006. The increase in revenue is primarily attributable to growth in ERP solutions. Loss from operations for the six months ended March 31, 2007 was \$1.5 million, compared to income from operations of \$4.2 million for the same period in fiscal 2006. The decrease in income from operations of \$5.7 million is primarily attributable to losses in educational systems and justice solutions partially offset by margin expansion in ERP solutions.

Operations Segment

	Three months ended March 31,		Six months ended March 31,	
	2006	2007	2006	2007
(dollars in thousands)				
Revenue	\$ 121,176	\$ 120,441	\$ 223,977	\$ 222,382
Gross profit	25,167	23,708	45,847	24,528
Operating income (loss)	10,544	7,058	16,612	(8,986)
Operating margin (loss) percentage	8.7	% 5.9	% 7.4	% (4.0)

The Operations Segment includes health services, human services, and federal outsourcing and operations work.

Revenue decreased 0.6% for the three months ended March 31, 2007, compared to the same period in fiscal 2006. Revenue for the second fiscal quarter of 2006 was higher by \$6.9 million from voter hardware sales and the Corrections business which has since been divested. Income from operations for the three months ended March 31, 2007 was \$7.1 million, compared to \$10.5 million for the same period in fiscal 2006. The decrease in income from operations of \$3.4 million is primarily attributable to a \$4.2 million larger operating loss on the Texas Integrated Eligibility project, offset by improved performance in health services and the British Columbia Health Operations project.

Revenue decreased 0.7% for the six months ended March 31, 2007, compared to the same period in fiscal 2006. Revenue for the six months ended March 31, 2006 was higher by \$9.4 million from voter hardware sales and the Corrections business which has since been divested. Loss from operations for the six months ended March 31, 2007 was \$9.0 million, compared to income from operations of \$16.6 million for the same period in fiscal 2006. The decrease in income from operations of \$25.6 million is primarily attributable to (1) a \$28.1 million larger operating loss on the Texas Integrated Eligibility project, (2) a \$4.0 million operating loss on the Ontario Child Support systems implementation project where the Company stopped performing work in the first fiscal quarter of 2007, offset by improved performance in health services and the British Columbia Health Operations project.

Other Income, Net

	Three months ended March 31,				Six months ended March 31,			
	2006		2007		2006		2007	
(dollars in thousands)								
Interest and other income, net	\$	940	\$	1,615	\$	2,978	\$	2,092
Percentage of revenue	0.5	%	0.9	%	0.9	%	0.6	%

Interest and other income for the three months ended March 31, 2007 was \$1.6 million, compared to \$0.9 million for the same period in fiscal 2006. The increase in interest and other income of \$0.7 million is primarily attributable to \$0.3 million of additional interest income and favorable unrealized, non-cash foreign currency gains of \$0.4 million.

Interest and other income for the six months ended March 31, 2007 was \$2.1 million, compared to \$3.0 million for the same period in fiscal 2006. The decrease in interest and other income of \$0.9 million is primarily attributable to a weakening of the Canadian dollar, which resulted in \$0.8 million of unrealized, non-cash foreign currency losses on loans to our Canadian subsidiaries in the first half of fiscal 2007, compared to \$0.2 million of unrealized, non-cash foreign currency gains for the same period in fiscal 2006.

Liquidity and Capital Resources

	Six months ended March 31,				
	2006		2007		
(dollars in thousands)					
Net cash provided by (used in):					
Operating activities	\$	16,495	\$	25,028	
Investing activities	(27,952)	(20,650)	
Financing activities	(9,180)	(1,052)	
Net (decrease) increase in cash and cash equivalents	\$	(20,637)	\$	3,326

Cash provided by operating activities for the six months ended March 31, 2007 was \$25.0 million, compared to \$16.5 million for the same period in fiscal 2006. Cash provided by operating activities for the six months ended March 31, 2007 consisted of net loss of \$8.0 million and non-cash items aggregating \$2.8 million, plus cash provided by working capital changes of \$25.1 million, plus cash provided by decreases in deferred contract costs of \$2.7 million and other assets of \$2.4 million. Non-cash items consisted of depreciation and amortization of \$10.0 million and non-cash equity based compensation of \$1.4 million, offset by deferred income taxes of \$7.9 million and gain on sale of business of \$0.7 million. Cash provided by working capital changes reflected decreases in accounts receivable-billed of \$26.7 million, accounts receivable-unbilled of \$7.6 million, income taxes receivable of \$5.3 million, and an increase in other liabilities of \$1.2 million, offset by decreases in accounts payable of \$2.5 million, accrued compensation and benefits of \$0.3 million, deferred revenue of \$12.6 million, and an increase in prepaid expenses of \$0.3 million.

Cash provided by operating activities for the six months ended March 31, 2006 consisted of net income of \$17.8 million and non-cash items aggregating \$8.2 million, plus cash provided by working capital changes of \$2.5 million, less cash used by increases in deferred contract costs of \$11.5 million and other assets of \$0.5 million. Non-cash items consisted of depreciation and amortization of \$8.3 million and non-cash equity-based compensation of \$2.7 million, offset by deferred income taxes of \$2.8 million. Cash provided by working capital changes reflected increases in deferred revenue of \$14.5 million, accounts payable of \$8.7 million, income taxes payable of \$0.4 million, and a decrease in prepaid expenses of \$0.4 million, offset by decreases in accrued compensation and benefits of \$3.0 million and other liabilities of \$1.0 million, and increases in accounts receivable-billed of \$15.1 million and accounts receivable-unbilled of \$2.4 million.

Cash used in investing activities for the six months ended March 31, 2007 was \$20.6 million, compared to \$27.9 million for the same period in fiscal 2006. Cash used in investing activities for the six months ended March 31, 2007 consisted of purchases of marketable securities of \$17.1 million, purchases of property and equipment of \$4.2 million, expenditures for capitalized software costs of \$1.5 million, offset by proceeds from the sale of business of \$2.2 million. Cash used in investing activities for the six months ended March 31, 2006 consisted of purchases of marketable securities of \$17.5 million, purchases of property and equipment of \$6.2 million, and expenditures for capitalized software costs of \$4.2 million.

Cash used in financing activities for the six months ended March 31, 2007 was \$1.1 million, compared to \$9.2 million for the same period in fiscal 2006. Cash used in financing activities for the six months ended March 31, 2007 consisted of dividends paid of \$4.3 million and principal payments on capital leases of \$0.9 million, offset by employee stock sales of \$3.4 million and equity-based tax benefits of \$0.7 million. Cash used in financing activities for the six months ended March 31, 2006 consisted of common stock repurchases of \$9.3 million, dividends paid of \$4.3 million and principal payments on capital leases of \$0.7 million, offset by employee stock sales of \$4.2 million and equity-based tax benefits of \$0.9 million.

Under resolutions adopted in May 2000, July 2002, and March 2003, the Board of Directors has authorized the repurchase, at management's discretion, of up to an aggregate of \$90.0 million of the Company's common stock. In addition, in June 2002, the Board of Directors authorized the use of option exercise proceeds for the repurchase of the Company's common stock. During the three months and six months ended March 31, 2007, the Company did not repurchase any shares. At March 31, 2007, \$30.3 million remained authorized for future stock repurchases under the program.

Our working capital at March 31, 2007 was \$249.2 million. At March 31, 2007, we had cash, cash equivalents, and marketable securities of \$177.3 million and no debt, except for lease obligations. Management believes this liquidity and financial position will allow us to continue our stock repurchase program (depending on the price of the Company's common stock), to pursue selective acquisitions, and to consider the continuation of dividends on a quarterly basis. Restricted cash represents amounts collected on behalf of certain customers and its use is restricted to the purposes specified under our contracts with these customers.

Under the provisions of certain long-term contracts, we may incur certain reimbursable transition period costs. During the transition period, these expenditures resulted in the use of our cash and in our entering into lease financing arrangements for a portion of the costs. Reimbursement of these costs may occur in the set-up phase or over the contract operating period. Related revenue may also be deferred during the set-up phase. As of March 31, 2007, \$8.5 million in net costs had been incurred and reported as deferred contract costs on our March 31, 2007 consolidated balance sheet.

In June 2003, in connection with a long-term contract, the Company issued a standby letter of credit in an initial amount of up to \$20.0 million, which amount was reduced to \$10.0 million on April 1, 2005. The letter of credit, which expires on March 31, 2009, may be called by the customer in the event the Company defaults under the terms of the contract. In March 2006, in connection with another long-term contract, the Company issued a standby letter of credit in the amount of \$4.0 million. The letter of credit, which expires on September 30, 2008, may be called by the customer in the event the Company defaults under the terms of the contract. Both letters of credit, as amended by the Company and its lender on March 26, 2007, contain financial covenants that establish minimum levels of tangible net worth, earnings before interest, tax, depreciation and amortization (EBITDA), cash balances and a maximum level of losses on the Texas Integrated Eligibility project. The Company was in compliance with all covenants as of March 31, 2007.

In July 2003, we entered into a capital lease financing arrangement with a financial institution whereby we acquired assets pursuant to an equipment lease agreement. Rental payments for assets leased are payable over a 60-month period at an interest rate of 4.05% commencing in January 2004. In March 2004, we entered into a supplemental capital lease financing arrangement with the same financial institution whereby we acquired additional assets pursuant to an equipment lease agreement. Rental payments for assets leased under the supplemental arrangement are payable over a 57-month period at an interest rate of 3.61% commencing in April 2004. At March 31, 2007, capital lease obligations of \$2.8 million were outstanding related to these lease arrangements for new equipment.

At March 31, 2007, we classified accounts receivable of \$2.1 million, net of a \$0.6 million discount, as long-term receivables and reported them within the other assets category on our consolidated balance sheets. These receivables have extended payment terms and collection is expected to exceed one-year.

Effective April 6, 2007, the Company's Board of Directors declared a quarterly cash dividend of \$0.10 for each share of the Company's common stock outstanding. The dividend is payable on May 31, 2007, to shareholders of record on May 15, 2007. Based on the current number of shares outstanding, the payment will be \$2.2 million.

We believe that we will have sufficient resources to meet our currently anticipated capital expenditures and working capital requirements for at least the next twelve months.

Critical Accounting Policies and Estimates

Our discussion and analysis of financial condition and results of operations are based on our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities and the reported amounts of revenue and expenses. On an ongoing basis, we evaluate our estimates including those related to revenue recognition and cost estimation on certain contracts, the realizability of goodwill, and amounts related to income taxes, certain accrued liabilities and contingencies and litigation. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results could differ from those estimates.

We believe that we do not have significant off-balance-sheet risk or exposure to liabilities that are not recorded or disclosed in our financial statements. While we have significant operating lease commitments for office space, those commitments are generally tied to the period of performance under related contracts. Additionally, although on certain contracts we are bound by performance bond commitments and standby letters of credit, we have not had any defaults resulting in draws on performance bonds. Also, we do not speculate in derivative transactions.

We believe the following critical accounting policies affect the significant judgments and estimates used in the preparation of our consolidated financial statements:

Revenue Recognition. In fiscal 2006, approximately 77% of our total revenue was derived from state and local government agencies; 7% from federal government agencies; 11% from foreign customers; and 5% from other sources, such as commercial customers. Revenue is generated from contracts with various pricing arrangements, including: (1) fixed-price; (2) performance-based criteria; (3) costs incurred plus a negotiated fee (cost-plus); and (4) time and materials. Also, some contracts contain not-to-exceed provisions. Of the contracts with not-to-exceed provisions, to the extent we estimate we will exceed the contractual limits, we treat these contracts as fixed price. For fiscal 2006, revenue from fixed-price contracts was approximately 41% of total revenue; revenue from performance-based contracts was approximately 35% of total revenue; revenue from cost-plus contracts was approximately 15% of total revenue; and revenue from time and materials contracts was approximately 9% of total revenue. A majority of the contracts with state and local government agencies have been fixed-price and performance-based, and our contracts with the federal government generally have been cost-plus. Fixed-price and performance-based contracts generally offer higher margins but typically involve more risk than cost-plus or time and materials reimbursement contracts.

We recognize revenue on fixed-priced contracts when earned, as services are provided. For certain fixed-price contracts, primarily systems design, development and implementation, we recognize revenue based on costs incurred using estimates of total expected contract revenue and costs to be incurred in accordance with the provisions of AICPA Statement of Position 81-1, Accounting for Performance of Construction-Type and Certain Production-Type Contracts (SOP 81-1). The cumulative impact of any revisions in estimated revenue and costs is recognized in the period in which the facts that give rise to the revision become known. For other fixed-price contracts, revenue is recognized on a straight-line basis unless evidence suggests that revenue is earned or obligations are fulfilled in a different pattern. With fixed-price contracts, we are subject to the risk of potential cost overruns. For fixed-price contracts accounted for under SOP 81-1, provisions for estimated losses on incomplete contracts are provided in full in the period in which such losses become known. Costs related to contracts may be incurred in periods prior to recognizing revenue. These costs are generally expensed. However, certain direct and incremental set-up costs may be deferred until services are provided and revenue begins to be recognized, when such costs are recoverable from a contractual arrangement. Set-up costs are costs related to activities that enable us to provide contractual services to a client. The timing of expense recognition may result in irregular profit margins.

We recognize revenue on performance-based contracts as such revenue becomes fixed or determinable, which generally occurs when amounts are billable to customers. For certain contracts, this may result in revenue being recognized in irregular increments.

Revenue on cost-plus contracts is recognized based on costs incurred plus an estimate of the negotiated fee earned. Revenue on time and materials contracts is recognized based on hours worked and expenses incurred.

Our most significant expense is cost of revenue, which consists primarily of project-related costs such as employee salaries and benefits, subcontractors, computer equipment and travel expenses. Our management uses its judgment and experience to estimate cost of revenue expected on projects. Our management's ability to accurately predict personnel requirements, salaries and other costs as well as to effectively manage a project or achieve certain levels of performance can have a significant impact on the gross margins related to our fixed-price, performance-based and time and materials contracts. If actual costs are higher than our management's estimates, profitability may be adversely affected. Service cost variability has little impact on cost-plus arrangements because allowable costs are reimbursed by the customer.

We also license software under license agreements. Software revenue is recognized in accordance with AICPA Statement of Position 97-2, Software Revenue Recognition (SOP 97-2), as amended by Statement of Position 98-9, Modification of SOP 97-2, With Respect to Certain Transactions (SOP 98-9). Software license revenue is recognized when a customer enters into a non-cancelable license agreement, the software product has been delivered, there are no uncertainties surrounding product acceptance, there are no significant future performance obligations, the license fees are fixed or determinable and collection of the license fee is considered probable. Amounts received in advance of meeting these criteria are deferred. As required by SOP 98-9, the Company determines the value of the software component of its multiple-element arrangements using the residual method as vendor specific objective evidence (VSOE) of fair value exists for the undelivered elements such as the support and maintenance agreements and related implementation and training services, but not for all delivered elements such as the software itself. The residual method requires revenue to be allocated to the undelivered elements based on the fair value of such elements, as indicated by VSOE. VSOE is based on the price charged when the element is sold separately. Maintenance and post-contract customer support revenue are recognized ratably over the term of the related agreements, which in most cases is one year. Revenue from software-related consulting services under time and material contracts and for training is recognized as services are performed. Revenue from other software-related contract services requiring significant modification or customization of software is recognized under the percentage-of-completion method.

EITF 00-21, Revenue Arrangements with Multiple Deliverables, requires contracts with multiple deliverables to be divided into separate units of accounting if certain criteria are met. We apply the guidance therein and recognize revenue on multiple deliverables as separate units of accounting if the criteria are met.

Impairment of Goodwill. **We adhere to the Financial Accounting Standards Board's Statements of Financial Accounting Standards No. 141, Business Combinations (FAS 141), and No. 142, Goodwill and Other Intangible Assets (FAS 142). Under these rules, goodwill is not amortized but is subject to annual impairment tests in accordance with FAS 141 and FAS 142. Goodwill is tested on an annual basis, or more frequently as impairment indicators arise. Annual impairment tests involve the use of estimates related to the fair market values of our reporting units with which goodwill is associated. Losses, if any, resulting from annual impairment tests will be reflected in operating income in our income statement.**

Capitalized Software Development Costs. Software development costs are capitalized in accordance with FAS No. 86, Accounting for the Cost of Computer Software to be Sold, Leased, or Otherwise Marketed. We capitalize both purchased software that is ready for resale and costs incurred internally for software development projects from the time technological feasibility is established. Capitalized software development costs are reported at the lower of unamortized cost or estimated net realizable value. Upon the general release of the software to customers, capitalized software development costs for the products are amortized over the greater of the ratio of gross revenues to expected total revenues of the product or on the straight-line method of amortization over the estimated economic life of the

product, which ranges from three to five years. The establishment of technological feasibility and the ongoing assessment for recoverability of capitalized development costs require considerable judgment by management including, but not limited to, technological feasibility, anticipated future gross revenues, estimated economic life, and changes in software and hardware technologies. Any changes to these estimates could impact the amount of amortization expense and the amount recognized as capitalized software development costs in the consolidated balance sheet.

Allowance for Doubtful Accounts. We maintain an allowance for doubtful accounts at an amount we estimate to be sufficient to cover the risk of collecting less than full payment on our receivables. On a regular basis we re-evaluate our client receivables, especially receivables that are past due, and reassess our allowance for doubtful accounts based on specific client collection issues. If our clients were to express dissatisfaction with the services we have provided, additional allowances may be required.

Deferred Contract Costs. Deferred contract costs consist of contractually recoverable direct set-up costs relating to long-term service contracts in progress. These costs include direct and incremental costs incurred prior to the commencement of our providing service to enable us to provide the contracted services to our customer. Such costs are expensed over the period services are provided under the long-term service contract. We review deferred contract costs for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Our review is based on our projection of the undiscounted future operating cash flows of the related customer project. To the extent such projections indicate that future undiscounted cash flows are not sufficient to recover the carrying amount, we recognize a non-cash impairment charge to reduce the carrying amount to equal projected future discounted cash flows.

Contingencies. From time to time, we are involved in legal proceedings, including contract and employment claims, in the ordinary course of business. We assess the likelihood of any adverse judgments or outcomes to these contingencies as well as potential ranges of probable losses and establish reserves accordingly. The amount of reserves required may change in future periods due to new developments in each matter or changes in approach to a matter such as a change in settlement strategy.

Legal Expense. Legal expense consists of costs, net of reimbursed insurance claims, related to significant legal settlements and non-routine legal matters, including future probable legal costs estimated to be incurred in connection with those matters. Legal expenses incurred in the ordinary course of business are included in selling, general and administrative expense.

Stock-Based Compensation. Effective October 1, 2005, the Company adopted the provisions of SFAS No. 123(R), Share-Based Payment, using the modified-prospective-transition method.

Income Taxes. To record income tax expense, we are required to estimate our income taxes in each of the jurisdictions in which we operate. In addition, income tax expense at interim reporting dates requires us to estimate our expected effective tax rate for the entire year. This process involves estimating our actual current tax liability together with assessing temporary differences that result in deferred tax assets and liabilities and expected future tax rates. Circumstances that could cause our estimates of income tax expense to change include: the impact of information that subsequently becomes available as we prepare our tax returns; changes in the geographic mix of our business; the actual level of pre-tax income; changes in tax rules, regulations and rates; and changes mandated as a result of audits by taxing authorities.

We may also establish tax reserves when, despite our belief that our tax return positions are fully supportable, we believe that certain positions are subject to challenge and that we may not fully succeed. We adjust these reserves in light of changing facts, such as the progress of a tax audit, new case law, or expiration of a statute of limitations. We have deferred tax assets due to net operating loss carryforwards in our Canadian subsidiaries, the utilization of which is not assured and is dependent on generating sufficient taxable income in the future. These net operating loss carryforwards may be used to offset taxable income in future periods, reducing the amount of taxes we might otherwise be required to pay. A valuation allowance is recognized if, based on the weight of available evidence, it is more-likely-than-not that some portion, or all, of the deferred tax asset will not be realized. In the event that actual circumstances differ from management's estimates, or to the extent that these estimates are adjusted in the future, any changes to the valuation allowance could be material.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We believe that our exposure to market risk related to the effect of changes in interest rates, foreign currency exchange rates, commodity prices and other market risks with regard to instruments entered into for trading or for other purposes is immaterial.

Item 4. Controls and Procedures.

(a) Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, our principal executive officer and principal financial officer concluded that these disclosure controls and procedures were effective and designed to ensure that the information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the requisite time periods.

(b) Changes in Internal Control over Financial Reporting

There was no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) identified in connection with the evaluation of our internal control that occurred during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Impairment of Goodwill. We adhere to the Financial Accounting Standards Board's Statements of Financial Accounting

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

The Company is involved in various legal proceedings, including contract and employment claims, in the ordinary course of its business. The matters reported on below involve significant pending or potential claims against us.

(a) In October 2004, MAXIMUS received a subpoena from the Criminal Division of the U.S. Department of Justice acting through the U.S. Attorney's Office for the District of Columbia. The subpoena requested records pertaining to the Company's work for the District of Columbia, primarily relating to the preparation and submission of federal Medicaid reimbursement claims on behalf of the District. The U.S. Attorney's Office and the Civil Division of the Department of Justice are investigating issues pertaining to compliance with the federal laws governing Medicaid claims. We have fully cooperated in producing documents in response to the subpoena and making employees available for interviews, and we have conducted an internal review of this matter through independent outside legal counsel.

Attorneys from the Criminal Division have expressed their view that the Company either willfully or recklessly submitted inaccurate claims to the federal government on behalf of the District of Columbia. MAXIMUS is engaged in negotiations with both the Criminal Division and the Civil Division to attempt to settle the matter. Although the Company cannot predict the outcome of the settlement negotiations at this time, it could have a material impact on the Company's operating results or financial condition. We believe that, if there is no settlement, the government may pursue the matter as a criminal and/or civil fraud matter.

Based on the future probable legal costs of the internal review, we recorded a charge of \$0.5 million in connection with this matter in the quarter ended December 31, 2005 and an additional charge of \$0.3 million in the quarter ended March 31, 2007. We are unable to quantify the probability of criminal or civil prosecution or the probability or magnitude of any other expenditure, fine, penalty, or settlement amount we may incur in connection with this matter at this time. Accordingly, the accompanying financial statements do not reflect a liability for this contingency.

(b) In June 2005, MAXIMUS received a subpoena pursuant to the Illinois Whistleblower Reward and Protection Act from the Office of the Attorney General of Illinois in connection with a purported whistleblower investigation of potential false claims. The subpoena requested records pertaining to the Company's work for agencies of the Executive Branch of Illinois State Government. Discussions with the Attorney General's office have indicated that MAXIMUS was one of nine contractors that received such subpoenas and that the investigation is primarily focused at this time on the procurement and contracting activities of the Illinois Department of Central Management Services. Although there can be no assurance of a favorable outcome and we are unable to quantify the probability or magnitude of any expenditures we may incur in connection with this matter, the Company does not believe that this matter will have a material adverse effect on its financial condition or results of operations, and the Company has not accrued for any loss related to this matter.

(c) In December 2006, Emergis, Inc. filed a demand for arbitration against MAXIMUS and certain of its wholly-owned subsidiary companies in British Columbia, Canada. Emergis was a subcontractor to MAXIMUS BC Health, Inc. and MAXIMUS BC Health Benefit Operations, Inc. in support of their contract with the British Columbia Ministry of Health. The subcontract required Emergis to provide a system for the adjudication, processing and payment of health care claims for the Province and had a total value of approximately \$32.0 million Canadian (\$27.8 million U.S.). Because Emergis failed to meet product development and delivery requirements under the subcontract, MAXIMUS declared Emergis in default and ultimately terminated the subcontract in September 2006. In its demand for arbitration, Emergis challenges the basis of the termination, alleges that the subcontract remains in force and seeks payment of damages including the amounts that it would have received under the subcontract. MAXIMUS believes that termination was justified and that, in any event, damages would be limited to the contractual limitation of liability, which is less than \$2.0 million Canadian (\$1.7 million U.S.). MAXIMUS is currently preparing its response and counterclaims to the arbitration demand.

(d) In December 2006, the Ontario Ministry of Community and Social Services (Ministry) sent a notice to Themis Program Management and Consulting Limited (Themis) purporting to terminate for default the Ministry s contract with Themis. Themis is a Canadian subsidiary of MAXIMUS that had contracted with the Ministry to provide software and services in support of the Ministry s child support case management system. MAXIMUS co-signed the contract as a guarantor of the obligations of Themis. The Ministry alleged that Themis failed to meet certain requirements under the contract pertaining to deliverables, services and timeliness. In March 2007, Themis provided statutory notice to the Ministry that Themis denied the grounds for the contract termination and was commencing a lawsuit to recover its unpaid fees and other damages. In April 2007, the Ministry filed suit against Themis and MAXIMUS in the Ontario Superior Court of Justice asserting estimated damages of \$23.0 million Canadian (\$20.0 million U.S.). In May 2007, the parties agreed to settle the matter. MAXIMUS recorded a charge of \$2.5 million in the quarter ended March 31, 2007 reflecting the settlement payment and associated legal fees.

(e) In January 2007, MAXIMUS delivered to Accenture LLP a written formal demand for arbitration to resolve disputes relating to the Company s role as a subcontractor in support of Accenture s prime contract with the Texas Health and Human Services Commission (HHSC) for the Integrated Eligibility and Enrollment Services program (the Program). The Company s claims include (i) Accenture s attempt to misappropriate the Company s intellectual property, (ii) Accenture s failure to deliver required technology under the subcontract, (iii) Accenture s unilateral negotiation of issues with HHSC having a direct effect on the Company, (iv) Accenture s unfounded assertions that the Company had breached its obligations with respect to the Children s Health Insurance Program (CHIP) operations under the subcontract, and (v) Accenture s imposition of excessive and unsubstantiated cover costs on the Company arising out of the amendment to the subcontract entered into in June 2006. MAXIMUS seeks to recover its damages which it believes exceed \$100.0 million. Accenture submitted a response disputing MAXIMUS claims and asserting a counterclaim that MAXIMUS breached the subcontract. Accenture seeks unspecified damages which it has stated could be hundreds of millions of dollars. The subcontract incorporated the terms and conditions of the prime contract which contains a limitation of liability of \$250.0 million.

Also in January 2007, Accenture delivered a letter purporting to declare the Company in default of its obligations under that subcontract. The letter stated that Accenture planned to exercise step-in rights with respect to certain management and supervisory services provided by the Company for the CHIP operations. The letter also stated that Accenture intended to partially terminate the subcontract as of February 5, 2007 with respect to the Company s obligations regarding CHIP integrated eligibility services. The letter included a proposed turnover plan for transitioning the CHIP services from the Company to Accenture. Accenture has alleged that the Company owes damages relating to the CHIP operations of at least \$45.0 million plus \$30.0 million in indemnification for amounts that Accenture agreed to pay to HHSC.

In February 2007, MAXIMUS terminated its subcontract with Accenture. In March 2007, HHSC announced that it was winding down its contract with Accenture. In connection with that process, MAXIMUS has entered into interim agreements directly with HHSC to provide enrollment broker, CHIP systems, CHIP operations and eligibility support services. MAXIMUS also expects to enter into a longer-term agreement with HHSC to run the enrollment broker program through 2010.

The Company believes that its positions are meritorious and that Accenture s positions are without merit, including Accenture s unjustified issuance of a default notice with respect to the CHIP operations. During the six months ended March 31, 2007, the Company recorded \$6.3 million in legal costs related to the arbitration. This amount represents costs incurred to date, as well as an estimate of future probable legal costs, totaling \$4.6 million as of March 31, 2007. The Company will continue to aggressively pursue its rights and remedies against Accenture to resolve the current dispute. The Company cannot predict the outcome of the arbitration proceedings or any settlement negotiations or the impact they may have on the Company s operating results or financial condition.

Item 1A. Risk Factors.

Our operations are subject to many risks that could adversely affect our future financial condition and performance and, therefore, the market value of our securities. See Exhibit 99.1 of this Quarterly Report on Form 10-Q under the caption "Special Considerations and Risk Factors" for information on risks and uncertainties that could affect our future financial condition and performance. The information in Exhibit 99.1 is incorporated by reference into this Item 1A.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

(c) The following table sets forth the information required regarding repurchases of common stock that we made during the three months ended March 31, 2007:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans (1)	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plan (in thousands)
Jan. 1, 2007 - Jan. 31, 2007				\$ 28,545
Feb. 1, 2007 - Feb. 28, 2007				\$ 28,744
Mar. 1, 2007 - Mar. 31, 2007				\$ 30,290
Total				

(1) Under resolutions adopted and publicly announced on May 12, 2000, July 10, 2002, and April 2, 2003, our Board of Directors has authorized the repurchase, at management's discretion, of up to an aggregate of \$90.0 million of common stock under our 1997 Equity Incentive Plan. In addition, in June 2002, the Board of Directors authorized the use of option exercise proceeds for the repurchase of our common stock.

Item 4. Submission of Matters to a Vote of Security Holders.

At our Annual Meeting of Shareholders held on March 20, 2007, our shareholders voted as follows:

(a) To elect Paul R. Lederer, Peter B. Pond, and James R. Thompson as Class I Directors of the Company for a three-year term, and Richard A. Montoni as a Class III Director of the Company for a two-year term.

Nominee	Total Votes For	Total Votes Withheld
Paul R. Lederer	20,437,340	750,234
Peter B. Pond	20,475,444	712,130
James R. Thompson	14,712,881	6,474,693
Richard A. Montoni	20,402,368	785,206

Russell A. Beliveau, John J. Haley, Marilyn R. Seymann, Raymond B. Ruddy, and Wellington E. Webb continued their terms in office after the meeting.

(b) To ratify the appointment of Ernst & Young LLP as our independent public accountants for our 2007 fiscal year.

Total Votes For	21,146,936
Total Votes Against	6,941
Abstentions	33,696

Item 6. Exhibits.

The Exhibits filed as part of this Quarterly Report on Form 10-Q are listed on the Exhibit Index immediately preceding the Exhibits. The Exhibit Index is incorporated herein by reference.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
