THE OFFER

This Directors' Circular is issued by the Board of Directors of Miramar in connection with the Offer by the Offeror to purchase all of the outstanding Miramar Shares at a price of \$6.25 in cash for each Miramar Share, upon the terms and subject to the conditions set forth in the Offeror Circular.

The Offer expires at 5:00 p.m. (Toronto time) on December 6, 2007 unless the Offer is withdrawn or extended.

Reference is made to the Offeror Circular for details of the terms and conditions of the Offer.

The Offer has been made pursuant to the terms of the Support Agreement, the key terms of which are summarized below under "Support Agreement".

RECOMMENDATION OF THE BOARD OF DIRECTORS

After carefully considering the terms of the Support Agreement, the terms of the Offer, the advice of its financial advisors, including the Fairness Opinions (complete copies of which are attached as Schedules A and B to this Directors' Circular), the advice of its legal advisors and various additional matters, the Board of Directors has unanimously determined that the Offer is in the best interests of Miramar and is fair to Shareholders from a financial point of view and unanimously recommends that Shareholders accept the Offer and tender their Miramar Shares to the Offer. See "Reasons for Recommendation".

All of the directors and senior officers of Miramar have entered into the Lock-up Agreements pursuant to which they have irrevocably agreed to accept the Offer and, not later than five business days prior to the initial Expiry Time, deposit their Miramar Shares under the Offer and, with respect to their Miramar Options, either (i) deposit under the Offer the Miramar Shares issued upon exercise of such Miramar Options, or (ii) deposit such documents as are necessary to surrender such Miramar Options for cancellation in return for a payment equal to the Net Cash Payment. See "Lock-up Agreements".

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS ACCEPT THE OFFER AND TENDER THEIR MIRAMAR SHARES TO THE OFFER.

Shareholders should consider the Offer carefully and come to their own conclusions as to acceptance or rejection of the Offer. Shareholders who are in doubt as to how to respond to the Offer should consult with their own investment dealer, stockbroker, bank manager, lawyer or other professional advisor.

REASONS FOR RECOMMENDATION

The Board of Directors has carefully considered the Offer and received the benefit of advice from its financial and legal advisors. In unanimously concluding that the Offer is in the best interests of Miramar and is fair to Shareholders and determining to recommend the Offer to Shareholders the Board of Directors identified a number of specific positive factors, including the following:

1. Significant Premium Over Market Price

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

The Offer Price for the Miramar Shares represents a premium of 20.4% over the closing price of the Miramar Shares on the TSX on October 5, 2007, the last trading day on the TSX before the Support Agreement was finalized and executed and the Offer was announced, and a premium of approximately 29% over the weighted average trading price of the Miramar Shares on the TSX for the 20 trading days preceding the announcement of the Support Agreement and the Offer.

2. Negotiated Offer Price

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

Based on Miramar's negotiations with the Offeror, the Board of Directors believes that the Offer Price for the Miramar Shares reflects the highest price per Miramar Share that the Offeror is willing to pay. In addition, based on its knowledge of the gold industry and previous discussions with other potential parties, the Board of Directors does not consider it to be likely that any third party will offer a higher price than the Offeror. See Background to the Offer .

3. Fairness Opinions

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

BMO Capital Markets has delivered to the Board of Directors the BMO Fairness Opinion stating that, as of the date thereof and subject to the assumptions and limitations set forth therein, the Offer Price is fair, from a financial point of view, to the Shareholders. Paradigm Capital has delivered to the Board of Directors the Paradigm Fairness Opinion stating that, as of the date thereof and subject to the assumptions and limitations set forth therein, the Offer is fair, from a financial point of view, to the Shareholders. A copy of the BMO Fairness Opinion and the Paradigm Fairness Opinion is attached to this Directors Circular as Schedule A and B, respectively. See Fairness Opinions below.

4. Cash Offer Price

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

The Offer represents an opportunity for Shareholders to sell their Miramar Shares for cash which provides certainty of value compared to a transaction in which they would receive non-cash consideration.

5. Superior Proposal Permitted

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

The terms of the Support Agreement permit the Board of Directors to respond, in accordance with its fiduciary duties, to a Superior Proposal made prior to the completion of the Offer. If Miramar enters into a definitive agreement with respect to a Superior Proposal (among other events), the Termination Payment would become payable by Miramar to the Offeror. See Termination Payment . The ability of the Board of Directors to respond to a Superior Proposal is subject to the conditions contained in the Support Agreement. See Superior Proposals and Right to Match below.

6. Reasonable Termination Payment

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

The Termination Payment (representing approximately 2.9% of the fully diluted equity value of Miramar at the Offer Price for the Miramar Shares) that would become payable by Miramar to the Offeror in certain circumstances under the Support Agreement and described below under Termination Payment is reasonable in relation to the value of the Offer and similar fees paid in comparable transactions.

7. Legal Advice

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

The Board of Directors received legal advice that entering into the Support Agreement was not inconsistent with its fiduciary obligations and does not preclude the Board of Directors from continuing to act in a manner consistent with such fiduciary obligations.

The Board of Directors also considered certain negative factors which may arise from the Offer, including the following:

1. Miramar will no longer exist as an independent company and the Shareholders will no longer have a financial interest in its activities.
2. The Offer contains the Minimum Tender Condition. Under the Support Agreement, the Offeror may decrease the Minimum Tender Condition with the prior consent of Miramar, which consent cannot be unreasonably withheld. Although the Board of Directors considers it unlikely that the Offeror will decrease the Minimum Tender Condition, if that were to occur, the Board of Directors would consider whether to give its consent based upon the circumstances at the time. The Board of Directors is aware that in such circumstances there may not be a reasonable basis that is consistent with its fiduciary duties for withholding consent. As a result, Miramar might remain a publicly-traded company with a reduced public float and reduced liquidity for a considerable period of time.
3. Under the terms of the Support Agreement (i) Miramar has agreed not to solicit other Acquisition Proposals, (ii) in order to respond to a *bona fide* unsolicited Acquisition Proposal, Miramar must enter into a confidentiality agreement containing a standstill provision before it is permitted to provide access to information or engage in discussions with any third party, and (iii) Miramar must pay to the Offeror the Termination Payment if the Support Agreement is terminated under certain circumstances, all of which may deter others from proposing an Acquisition Proposal which may be a Superior Proposal to the Offer.
4. The gains, if any, from the Offer will be taxable to Shareholders for Canadian and U.S. federal income tax purposes. U.S. Shareholders should pay particular attention to the disclosure in the Offeror Circular under the heading **Certain U.S. Federal Income Tax Considerations – Passive Foreign Investment Companies**.
5. Although the Offeror has stated its intention to do so, and the Board of Directors has no reason to believe otherwise, the Support Agreement does not require the Offeror to effect a second step transaction to acquire the Miramar Shares not purchased or tendered under the Offer.

The foregoing discussion of the factors, both positive and negative, considered by the Board of Directors is not intended to be exhaustive, but addresses the material information and factors considered by the Board of Directors in its review and consideration of the Offer. Shareholders should consider the Offer carefully and make their own decision as to acceptance or rejection of the Offer.

FAIRNESS OPINIONS

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

The Board of Directors has received the BMO Fairness Opinion from BMO Capital Markets, the financial advisor to Miramar, stating that, based upon and subject to the assumptions and limitations set forth therein, BMO Capital Markets is of the opinion that, as at the date thereof, the Offer Price is fair, from a financial point of view, to Shareholders.

The full text of the BMO Fairness Opinion, which sets forth assumptions made, matters considered and qualifications and limitations on the review undertaken by BMO Capital Markets in connection with the BMO Fairness Opinion, is attached as Schedule A. Shareholders are urged to read the BMO Fairness Opinion in its entirety.

The Board of Directors has also received the Paradigm Fairness Opinion from Paradigm Capital, stating that, based upon and subject to the assumptions and limitations set forth therein and such other factors as Paradigm Capital considered relevant, Paradigm Capital is of the opinion that, as of the date thereof, the Offer is fair, from a financial point of view, to Shareholders.

The full text of the Paradigm Fairness Opinion, which sets forth assumptions made, matters considered and qualifications and limitations on the review undertaken by Paradigm Capital in connection with the Paradigm Fairness Opinion, is attached as Schedule B. Shareholders are urged to read the Paradigm Fairness Opinion in its entirety.

NMCCL SUBSCRIPTION AGREEMENT

Pursuant to the NMCCL Subscription Agreement, on November 22, 2005, NMCCL purchased 18,500,000 units of Miramar at a price of \$2.35 per unit for an aggregate purchase price of \$43,475,000. Each unit consisted of one Miramar Share and one Miramar Warrant. At the date of purchase, the 18,500,000 Miramar Shares included in the units represented 9.9% of the total number of Miramar Shares then outstanding (19.9% after giving effect to the exercise of the Miramar Warrants). The NMCCL Subscription Agreement contains several provisions that continued after the closing of the purchase and sale of the units. These provisions are a standstill, a resale restriction, a participation right and ongoing technical support.

The standstill provision in the NMCCL Subscription Agreement provides that, for a period of four years after the closing date, NMCCL will not, without the prior written consent of Miramar (which consent can be given or withheld by Miramar in its sole discretion) permit its direct or indirect beneficial ownership to exceed 19.99% of the number of Miramar Shares then outstanding (after giving effect to the exercise of the Miramar Warrants) provided that the foregoing will not apply, among other things, for the duration of a take-over bid made by an offeror other than NMCCL to all or substantially all of the Shareholders (including NMCCL) to purchase at least 50% of the outstanding Miramar Shares or if NMCCL makes a take-over bid to all or substantially all of the Shareholders to purchase all of the outstanding Miramar Shares and such take-over bid is open for acceptance for at least 60 days. In connection with entering into the Support Agreement, Miramar has waived this provision (see Waiver of Standstill).

The resale restriction in the NMCCL Subscription Agreement provides that, for a period of four years after the closing date, NMCCL cannot sell, transfer or dispose of its Miramar Shares, the Miramar Warrants or the Miramar Shares issued upon exercise of the Miramar Warrants except by way of a broadly distributed public offering pursuant to a bought deal underwriting of the securities to be sold or by way of a private placement to one or more institutional or other placees. If Newmont proposes to sell Miramar Shares (including upon the exercise of Miramar Warrants) it is required to give Miramar notice and Miramar has the right for a period of 10 business days to purchase or designate the purchasers that will purchase such Miramar Shares at the same price and on the same terms, failing which NMCCL has 60 days to sell such Miramar Shares at a price that is not less than the price set forth in the notice.

Pursuant to the participation right, Miramar granted to NMCCL the right to participate to the extent of 19.99% in any form of financing by Miramar (other than pursuant to the exercise of options granted or to be granted under the Stock Option Plan or pursuant to then existing rights, options or

warrants to purchase Miramar Shares). The participation right will terminate in the event that NMCCL ceases to beneficially own at least 10% of the Miramar Shares outstanding at any time (calculated after giving effect to the exercise of the Miramar Warrants). NMCCL has waived its participation rights with respect to all financings carried out by Miramar since the closing of the purchase of Miramar Shares and the Miramar Warrants pursuant to the NMCCL Subscription Agreement and, as at October 29, 2007, owned approximately 8.4% of the Miramar Shares outstanding (approximately 15.4% after giving effect to the exercise of the Miramar Warrants).

The NMCCL Subscription Agreement also contains a technical support provision. Pursuant to this provision, Miramar agreed to cooperate with NMCCL by granting periodic access to Miramar's technical data, permitting information, work plans and programs and by permitting site visits to the Hope Bay project. As consideration, NMCCL agreed to provide Miramar with any non-proprietary data and non-interpretive results of analyses relating to the Hope Bay project generated by NMCCL and to make available for consultation its in-house staff with respect to technical, financial and permitting expertise necessary for the development of the Hope Bay project.

BACKGROUND TO THE OFFER

The Offeror Circular contains a description of the communications and sequence of events between November 2005, when Newmont purchased Miramar Shares and the Miramar Warrants pursuant to the NMCCL Canada Subscription Agreement, and October 9, 2007, the date on which the execution of the Support Agreement was announced. Miramar does not disagree with the description in the Offeror Circular but wishes to supplement it with the following additional information.

Commencing in 2000 and continuing into 2007, Miramar has from time to time engaged in discussions, and in some cases entered into confidentiality agreements, with other Canadian mining companies concerning the possibility of a significant transaction. While some of these communications went beyond a preliminary stage, none of them reached the point of a formal agreement.

In early 2007, the Board of Directors initiated a strategic review of Miramar which involved the evaluation of three possible alternatives; Miramar continuing on its own with the development of the Hope Bay project, the sale of Miramar to an acquirer, or using Miramar Shares to make an acquisition. Among the initiatives pursued by Miramar in early 2007 in connection with this strategic review were the following:

(a) Miramar engaged BMO Capital Markets to contact Newmont and determine its interest in providing support to enable Miramar to make a competing offer for a Canadian public company which also owned a substantial project in Nunavut. BMO Capital Markets subsequently advised Miramar that Newmont was not interested.

(b) Miramar, through another investment banker, made inquiries concerning acquiring the gold assets of a major Canadian public mining company in exchange for Miramar Shares. Miramar was subsequently informed that the other company had declined because the timing was not appropriate.

(c) In late February 2007, Miramar exchanged draft confidentiality agreements, which were never executed, with a Canadian public mining company.

(d) As described in the Offeror Circular, in late February 2007 Mr. Walsh, President and Chief Executive Officer of Miramar, and Mr. Fennell, Executive Vice-Chairman of

Miramar, informed Newmont of the strategic review and that one of the alternatives was a sale of Miramar. However, nothing further came of this approach at that time.

On May 2, 2007, as disclosed in the Offeror Circular, a Newmont management team met in Vancouver with Mr. Walsh, Mr. Fennell and David Long, then Vice President, Legal of Miramar. At a subsequent meeting held in Vancouver on May 25, 2007, which included financial advisors, Newmont presented the Miramar representatives with a draft summary of terms for discussion purposes based on cash consideration of \$5.85 per Miramar Share. Based on their expectations regarding share value, Miramar terminated the meeting. At a meeting of the Board of Directors on June 5, 2007, the directors were advised of the draft Newmont summary of terms and received a presentation from BMO Capital Markets with respect to values and alternative strategies for responding to Newmont.

On August 1, 2007, as disclosed in the Offeror Circular, Messrs. Walsh and Fennell visited Newmont's offices in Denver to meet with Richard O'Brien, the newly appointed Chief Executive Officer of Newmont, along with other members of Newmont management. Messrs. Walsh and Fennell were advised that Newmont was open to considering a possible transaction with Miramar in the context of the other development opportunities available to Newmont. Mr. Walsh made the suggestion that Newmont dispose of its Miramar Shares by way of a Dutch auction. This suggestion was rejected by Newmont.

On September 25, 2007 and September 26, 2007, meetings took place during the Denver Gold Show and, at the conclusion of those meetings, the representatives of Miramar were advised that Newmont management might be prepared to recommend a transaction involving an increased purchase price of \$6.18 per Miramar Share, subject to among other things, further due diligence and the negotiation of a satisfactory support agreement. Miramar management requested that the proposal be put in writing in order that they could show it to the Board of Directors. This occurred by way of a letter dated September 27, 2007 from Mr. O'Brien to the Board of Directors which reaffirmed that the Hope Bay project was only one of several development opportunities of similar scale and potential available to Newmont and that Newmont would be prepared to consider the acquisition of the Miramar Shares only if that opportunity was competitive with the other opportunities available to Newmont. The letter advised the Board of Directors that, as discussed with Miramar management, the Hope Bay project was compelling for Newmont only at an acquisition cost of \$6.18 per Miramar Shares. The letter reiterated that Hope Bay's competitive position was contingent on whether a transaction could be pursued on a basis consistent with the letter and an accompanying draft revised summary of terms.

On September 28, 2007, the Board of Directors met by telephone conference call and was brought up to date. Based upon their expectations regarding share value and advice from BMO Capital Markets, none of the directors was prepared to consider approving a supported transaction at a price of \$6.18 per Miramar Share. The Board of Directors also discussed at length the unresolved issues regarding the terms of the proposed support agreement as set out in the draft revised summary of terms and received advice from BMO Capital Markets and Miramar's Canadian counsel.

On September 30, 2007, Mr. Walsh spoke with Mr. O'Brien and was advised that Mr. O'Brien would recommend a transaction for consideration by the Newmont board of directors at a price of \$6.25 per Miramar Share, subject to completion of confirmatory due diligence and negotiation of an acceptable support agreement. Mr. Walsh indicated that he believed his Board of Directors would agree to support a transaction at that price, assuming an acceptable support agreement could be negotiated.

Following the telephone call, the Board of Directors met by telephone conference call. After receiving advice from BMO Capital Markets that it would be in a position to give a fairness opinion based on an offer price of \$6.25 per Miramar Share, the Board of Directors was polled. The directors all

indicated that they believed that they could support an offer at that price, if a support agreement containing acceptable terms and conditions could be negotiated.

On October 1, 2007, Newmont submitted to Miramar a request for updated due diligence relating to technical, financial, tax, legal and environmental matters.

On October 2, 2007, the first draft of the support agreement and form of lock-up agreement, based on the revised summary of terms presented by Newmont, was provided to Miramar's Canadian counsel by Newmont's Canadian counsel. On the following day, mark-ups containing the combined comments of Miramar, BMO Capital Markets and Miramar's Canadian and U.S. counsel were submitted to Newmont's Canadian counsel.

On Thursday, October 4, 2007, Mr. Walsh and Mr. O'Brien spoke by telephone and Mr. Walsh was advised that, if the support agreement was to be settled in a manner that would enable Newmont to obtain board approval in a timely manner, it would be necessary for Miramar to limit and prioritize the outstanding issues. Miramar complied with this request.

On Friday, October 5, 2007, the Board of Directors met again by telephone conference call. The directors were advised of the current status of the negotiations on the support agreement and discussed the list of priority issues that had been provided to Newmont's Canadian counsel. In addition, the directors were informed that Newmont had completed its due diligence. The Board of Directors also agreed to engage Paradigm Capital to provide a second fairness opinion. Paradigm Capital had been on standby since May 2007, had already compiled most of the necessary information and was in a position to complete its analysis on very short notice. The Board of Directors felt in the circumstances that it was prudent to obtain a second fairness opinion.

On Saturday, October 6, 2007 Miramar's Canadian counsel and Newmont's Canadian and U.S. counsel held a telephone conference call and were substantially successful in resolving the priority issues. However, one unresolved issue concerned the restrictions on Miramar's ability to conduct its business in the normal course during the term of the support agreement. Legal counsel to Miramar and Newmont continued to negotiate the terms of the support agreement throughout the weekend.

On Monday, October 8, 2007, the Board of Directors met by telephone conference call, was advised that the Newmont board of directors had met and approved the support agreement and was advised of the results achieved in resolving the priority issues. Other than the restrictions on Miramar carrying on business (which remained outstanding pending Newmont's review of Miramar's budgets until later in the day) all of the priority issues had been resolved.

At the meeting, the Board of Directors received an oral presentation from Paradigm Capital of its proposed Fairness Opinion and was advised that, based upon Paradigm Capital's analysis, the Offer was fair, from a financial point of view, to Shareholders. The Board of Directors then received an oral presentation from BMO Capital Markets of its proposed Fairness Opinion and was advised that, based upon BMO Capital Markets' analysis, the Offer Price was fair, from a financial point of view to Shareholders. The Board of Directors then received an oral presentation from Gowling Lafleur Henderson LLP, Miramar's Canadian counsel which advised that entering into the Support Agreement would not be inconsistent with the fiduciary duties of the Board of Directors and did not preclude the Board of Directors from continuing to act in a manner consistent with its fiduciary duties.

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

At the conclusion of the presentations, the Board of Directors unanimously approved the Support Agreement (subject to resolving the final matter relating to the restrictions on Miramar's ability to conduct its business in the ordinary course, which occurred later the same day), determined that the Offer

was in the best interests of Miramar and was fair to the Shareholders and unanimously determined to recommend that Shareholders tender their Miramar Shares.

On October 8, 2007, the Support Agreement was finalized and executed. The press release announcing the entering into of the Support Agreement was released before 9:00 a.m. (Toronto time) on the morning of October 9, 2007.

SUPPORT AGREEMENT

The following summary of the Support Agreement is qualified in its entirety by the text of the Support Agreement. The Support Agreement has been filed by Miramar and is available on the System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com.

The Offer

Newmont, the Offeror and Miramar entered into the Support Agreement pursuant to which Newmont agreed to cause the Offeror to make the Offer and to guarantee the performance by the Offeror of all of its obligations under the Support Agreement. The Support Agreement provides that the Offer is subject to certain conditions (which can be waived by the Offeror) including, among other things, the Minimum Tender Condition (see Waiver of Conditions).

Approval by the Board of Directors

Pursuant to the Support Agreement, the Board of Directors, after consultation with Miramar's legal and financial advisors, and upon receipt of the Fairness Opinions unanimously (i) approved the Support Agreement, (ii) determined that the Offer is in the best interests of Miramar and is fair to Shareholders from a financial point of view, and (iii) resolved to recommend to Shareholders to accept the Offer and tender their Miramar Shares under the Offer.

Waiver of Standstill

Under the Support Agreement, Miramar consented, pursuant to the standstill provision of the NMCCL Subscription Agreement, to the making of the Offer and agreed that the standstill provision in the NMCCL Subscription Agreement ceased to apply to the Offeror and its affiliates in their entirety until the earlier of (i) the Expiry Time (if the Offeror has not publicly announced its intention to take up Miramar Shares deposited under the Offer), and (ii) the acquisition by the Offeror of Miramar Shares that result in the Offeror and its affiliates beneficially owning at least 50.01% of the Miramar Shares.

Conduct of Business

Under the Support Agreement, Miramar is required to continue to carry on its business in a manner consistent in all material respects with prior practice, to keep the Offeror apprised of all material matters regarding the business, conduct or operations relating to the Hope Bay and the Con Mine projects and to use reasonable best efforts to preserve intact its present business organization and its relationships with those having material business dealings with it in order that its goodwill and business will be maintained until the earlier of the Effective Time and the termination of the Support Agreement.

Cease Negotiation

Pursuant to the Support Agreement, Miramar agreed that it would immediately terminate any existing solicitation, discussion or negotiation with any person (other than the Offeror) with respect to or which could lead to any Acquisition Proposal.

No Solicitation

Miramar agreed in the Support Agreement that, on or after the date thereof, except as otherwise provided in the Support Agreement, it will not, and will cause each of its subsidiaries not to, directly or indirectly, through any officer, director, employee, representative (including any financial or other advisors) or consultant to Miramar take any action of any kind that might reasonably be expected to, directly or indirectly, interfere with the successful acquisition of Miramar Shares by the Offeror under the Offer, as well as any Compulsory Acquisition or Subsequent Acquisition Transaction (both as defined in the Support Agreement), including any action to:

- (a) make, solicit, assist, initiate, encourage or otherwise facilitate (including by way of furnishing information, permitting any visit to any facilities or properties of Miramar or any of its subsidiaries or mineral property, or entering into any form of written or oral agreement, arrangement or understanding) the initiation of any Acquisition Proposal or inquiries relating to an Acquisition Proposal;
- (b) engage or participate in any discussions or negotiations regarding, or provide any information with respect to, any Acquisition Proposal or otherwise co-operate in any way with, or assist or participate in, facilitate or encourage, any effort or attempt by any other person to do or seek to do any of the foregoing, provided that, for greater certainty, Miramar may advise any person making an unsolicited Acquisition Proposal that such Acquisition Proposal does not constitute a Superior Proposal when the Board of Directors has so determined;
- (c) withdraw, modify or qualify, or propose publicly to withdraw, modify or qualify, in any manner adverse to the Offeror, the approval or recommendation of the Board of Directors or any committee thereof of the Support Agreement or the Offer;
- (d) approve or recommend, or propose publicly to approve or recommend, any Acquisition Proposal; or
- (e) accept or enter into, or publicly propose to accept or enter into, any letter of intent, agreement in principle, agreement, arrangement or undertaking related to any Acquisition Proposal.

Superior Proposals

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

The Support Agreement provides that nothing contained in the restrictions described above under "No Solicitation" or any other provision of the Support Agreement will prevent the Board of Directors from, and the Board of Directors will be permitted to:

(a) withdraw, modify or qualify (or propose to withdraw, modify or qualify) in any manner adverse to Offeror the approval or recommendation of the Offer; or

(b) engage in discussions or negotiations with any person in response to an Acquisition Proposal made by any such person,

if and only to the extent that:

(i) it has received an unsolicited *bona fide* written Acquisition Proposal from such person subsequent to the date thereof which is a Superior Proposal; and

(ii) in the case of (a) above, Miramar has complied with all of the requirements described below under **Right to Match** .

Access to Information

If Miramar receives a request for non-public information from a person who, on an unsolicited basis, proposes in writing to Miramar a *bona fide* Acquisition Proposal to purchase or otherwise acquire, directly or indirectly, by means of a merger, take-over bid, amalgamation, plan of arrangement, business combination consolidation, recapitalization, liquidation, winding-up or similar transaction, all of the Miramar Shares or substantially all of the assets of Miramar (including the Hope Bay project) and offering or making available to all Shareholders (including NMCCL) the same consideration in form and amount per Miramar Share to be purchased or otherwise acquired, and with respect to which (x) the Board of Directors determines in good faith after receipt of advice from BMO Capital Markets and Paradigm Capital that such Acquisition Proposal would, if consummated in accordance with its terms (but not assuming away any risk of non-completion), reasonably be expected to result in a Superior Proposal (notwithstanding that such proposal may be subject to a due diligence condition or a financing condition, or both), and (y) in the opinion of the Board of Directors, acting in good faith and on advice of its outside legal advisors, the failure to provide such party with access to information regarding Miramar would be inconsistent with the fiduciary duties of the Board of Directors, then, and only in such case, Miramar may:

(a) provide such person with access to information regarding Miramar, and/or

(b) engage in discussions with such person and its officers, directors and representatives (including any financial or other advisers) in response to a proposal to effect an Acquisition Proposal that would reasonably be expected to result in a Superior Proposal,

subject to the following requirements:

(i) Miramar has first received an executed confidentiality agreement that includes a standstill provision that restricts such person from announcing an intention to acquire, or acquiring, any securities or assets of Miramar or any of its subsidiaries without the approval of Miramar for a period of not less than one year from the date of such confidentiality agreement;

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

- (ii) Miramar has sent a copy of any such confidentiality agreement to the Offeror promptly upon its execution; and

- (iii) Miramar provides the Offeror immediately with a list of, and in the case of information that was not previously made available to the Offeror, copies of, any information provided to such person.

Right to Match

Miramar has agreed that it will not accept, approve or recommend, nor enter into any agreement (other than a confidentiality agreement as permitted above under Access to Information relating to an Acquisition Proposal) unless:

- (a) the Acquisition Proposal constitutes a Superior Proposal;
- (b) Miramar has complied with all of its covenants in the Support Agreement relating to non-solicitation and Superior Proposals;
- (c) Miramar has provided the Offeror with notice in writing that there is a Superior Proposal and all documentation related thereto at least five business days prior to the date on which the Board of Directors proposes to accept, approve, recommend or enter into any agreement relating to such Superior Proposal;
- (d) five business days has elapsed from the later of the date the Offeror received the notice and documentation referred to in paragraph (c) above from Miramar in respect of the Acquisition Proposal and the date the Offeror received notice of Miramar's proposed determination to accept, approve, recommend or to enter into any agreement relating to such Superior Proposal, and, if the Offeror has proposed to amend the terms of the Support Agreement and the Offer in accordance with the paragraph below, the Board of Directors (after receiving advice from BMO Capital Markets and Paradigm Capital and outside legal counsel) has determined in good faith that the Acquisition Proposal is a Superior Proposal compared to the proposed amendment to the terms of the Offer by the Offeror;
- (e) Miramar concurrently terminates the Support Agreement pursuant to paragraph (d)(iii) under Termination below; and
- (f) Miramar has previously paid, or concurrently pays, to the Offeror the Termination Payment.

During the five business day periods referred to in paragraphs (c) and (d) above or such longer period as Miramar may approve for such purpose, the Offeror will have the opportunity, but not the obligation, to propose to amend the terms of the Support Agreement and the Offer. The Board of Directors is required to review any proposal by the Offeror to amend the terms of the Offer in order to determine, in good faith in the exercise of its fiduciary duties, whether the Offeror's proposal to amend the Offer would result in the Acquisition Proposal not being a Superior Proposal compared to the proposed amendment to the terms of the Offer.

The Board of Directors is required to promptly reaffirm its recommendation of the Offer by press release after any Acquisition Proposal is publicly announced or made and (i) the Board of Directors determines that the Acquisition Proposal is not a Superior Proposal, or (ii) the Board of Directors determines that a proposed amendment to the terms of the Offer would result in the Acquisition Proposal not being a Superior Proposal, and the Offeror has so amended the terms of the Offer. The Offeror and its counsel and other advisors shall be given a reasonable

opportunity to review and comment on the form and content of any such press release. Such press release is required to state that the Board of Directors has determined that the Acquisition Proposal is not a Superior Proposal.

Waiver of Conditions

The Offeror may, in its sole discretion, modify or waive any term or condition of the Offer. However, the Offeror cannot, without the prior consent of Miramar, not to be unreasonably withheld, increase or decrease the Minimum Tender Condition, impose additional conditions to the Offer, decrease the consideration per Miramar Share, decrease the number of Miramar Shares in respect of which the Offer is made, change the form of consideration payable under the Offer (other than to increase the total consideration per Miramar Share and/or add additional consideration or consideration alternatives) or otherwise vary the Offer or any terms or conditions thereof (which does not include a waiver of a condition) in a manner that is adverse to Shareholders.

Alternative Transaction

The Support Agreement provides that, in the event (i) the Offeror concludes, acting reasonably, that it is necessary or desirable to proceed with an Alternative Transaction, and (ii) Miramar concludes, acting reasonably, that no action or actions required to be taken by it or by its subsidiaries in connection with such Alternative Transaction (and not required to be taken in connection with the Offer) prior to the consummation thereof would result in a Material Adverse Effect in respect of Miramar, Miramar agrees to support the completion of such Alternative Transaction in the same manner as the Offer and to otherwise fulfill its covenants contained in the Support Agreement in respect of such Alternative Transaction.

Reconstitution of Board of Directors

Promptly upon the take-up and payment by the Offeror pursuant to the Offer of such number of Miramar Shares that, together with the Miramar Shares held by the Offeror and its affiliates, constitutes at least $66\frac{2}{3}\%$ of the outstanding Miramar Shares (calculated on a fully-diluted basis), the Offeror is required to designate the directors of the Board of Directors, and any committees thereof. Miramar agrees to cooperate with the Offeror to obtain the resignation of the then incumbent directors effective on the date, not more than five business days later, specified by the Offeror and facilitate the Offeror's designees to be elected or appointed to the Board of Directors.

Termination

The Support Agreement may be terminated at any time prior to the Effective Time:

(a) by mutual written consent of the Offeror and Miramar;

(b) by the Offeror, if:

Edgar Filing: MIRAMAR MINING CORP - Form SC14D9F

(i) any condition to making the Offer for the Offeror's benefit is not satisfied or waived by such date other than as a result of a default by the Offeror thereunder;

(ii) the Minimum Tender Condition or any other condition of the Offer has not been satisfied or waived at the Expiry Time of the Offer and the Offeror has not elected to waive such condition;

(iii) A. any court of competent jurisdiction or other governmental entity has issued an order, decree or ruling enjoining or otherwise prohibiting any of the transactions contemplated in the Support Agreement (unless such

order, decree or ruling has been withdrawn, reversed or otherwise made inapplicable); or

B. any litigation or other proceeding is pending or has been threatened to be instituted by any person or governmental entity, which, in the good faith judgment of the Offeror, could reasonably be expected to result in a decision, order, decree or ruling which enjoins, prohibits, grants damages in a material amount in respect of, or materially impairs the benefits of, the Offer, the Lock-up Agreements or any other transaction contemplated by the Support Agreement;

(iv) A. Miramar is in default of any covenant or obligation in the non-solicitation and Superior Proposal provisions of the Support Agreement;

B. Miramar is in material default of any other covenant or obligation under the Support Agreement (without giving effect to, applying or taking into consideration any materiality qualification already contained in such covenant or obligation); or

C. any representation or warranty made by Miramar under the Support Agreement is at the date thereof untrue or incorrect or has become untrue or incorrect in any material respect at any time prior to the Expiry Time,

and such default or inaccuracy in paragraphs (B) or (C) above is not curable or, if curable, is not cured by the earlier of the date which is 15 days from the date of written notice of such breach and the Expiry Time; or

(v) A. the Board of Directors fails to publicly reaffirm its approval of the Offer if it determines that an Acquisition Proposal is not a Superior Proposal or that a proposed amendment to the Offer would result in an Acquisition Proposal not being a Superior Proposal;

B. the Board of Directors or any committee thereof withdraws, modifies, changes or qualifies its approval or recommendation of the Support Agreement or the Offer in any manner adverse to Offeror; or

C. the Board of Directors or any committee thereof recommends or approves or publicly proposes to recommend or approve an Acquisition Proposal;

(c) by the Offeror or Miramar, if the Offeror does not take up and pay for the Miramar Shares deposited under the Offer by a date that is four months following the date of mailing of the Offer (subject to limited exceptions); or

(d) by Miramar, if:

(i) any representation or warranty of the Offeror under the Support Agreement is untrue or incorrect in any material respect at any time prior to the Expiry Time and such inaccuracy is reasonably likely to prevent, restrict or materially delay consummation of the Offer and is not curable or, if curable, is not cured by the

earlier of the date which is 15 days from the date of written notice of such breach and the Expiry Time;

(ii) the Offeror is in material default of any covenant or obligation under the Support Agreement; or

(iii) Miramar enters into a definitive agreement with respect to a Superior Proposal in compliance with the provisions of the Support Agreement, provided that Miramar previously or concurrently has paid to the Offeror the Termination Payment and further provided that Miramar has not breached in a material respect any of its covenants, agreements or obligations in the Support Agreement.

Termination Payment

The Offeror will be entitled to the Termination Payment in the amount of \$41.4 million upon the occurrence of any of the following events:

(a) the Support Agreement is terminated pursuant to any of paragraphs (b)(iv)A, (b)(v) or (d)(iii) under Termination above; or

(b) if it was publicly disclosed and was not formally withdrawn prior to the termination of the Offer, or involves a person with whom Miramar has entered into a confidentiality agreement after the date of the Support Agreement and before the termination of the Offer, during the period commencing on the date of the Support Agreement and ending 12 months following the termination of the Support Agreement (i) an Acquisition Proposal is consummated, or (ii) the Board of Directors approves or recommends an Acquisition Proposal, or Miramar enters into a definitive agreement with respect to an Acquisition Proposal;

provided, in each case, that the Offeror is not in material default in the performance of its obligations under the Support Agreement.

The Offeror will be entitled to an expense reimbursement payment of \$6.0 million if the Support Agreement is terminated pursuant to paragraphs (b)(iv)B or (b)(iv)C under Termination above. However, Miramar will not be obligated to pay the Termination Payment to the Offeror more than once even if one or more of the events specified occurs and Miramar will not be obligated to pay the expense reimbursement to the Offeror if the Termination Payment is paid.

LOCK-UP AGREEMENTS

The Offeror has entered into Lock-up Agreements with the Locked-up Shareholders pursuant to which they have agreed that, not later than five business days prior to the initial Expiry Time, they will tender pursuant to the Offer and not withdraw, any Miramar Shares owned, by them or persons over which they exercise influence or control and, with respect to their Miramar Options either (i) deposit under the Offer the Miramar Shares issued upon exercise of such Miramar Options, or (ii) deposit such documents as are necessary to surrender their Miramar Options for

cancellation in return for the Net Cash Payment. Without limiting the foregoing, the Locked-up Shareholders have agreed in the Lock-up Agreements that they will not, and will not permit any person over which they exercise influence or control, directly or indirectly, to:

- (a) solicit, initiate, encourage or facilitate (including by way of furnishing non-public information) any inquiries or proposals regarding an Alternative Transaction;
- (b) participate in any discussions or negotiations regarding any Alternative Transaction;
- (c) approve, recommend or sell any of their Miramar Shares to any Alternative Transaction; or
- (d) accept or enter into any agreement, arrangement or understanding related to any Alternative Transaction or any of the foregoing.

The Locked-up Shareholders have agreed in the Lock-up Agreements that they will, and will cause every person over which they exercise influence or control, directly or indirectly to:

- (e) immediately cease and cause to be terminated any existing discussions or negotiations, directly or indirectly, with any person with respect to any Alternative Transaction; and
- (f) not, directly or indirectly, waive or vary any terms or conditions of any confidentiality or standstill agreement that any Locked-up Shareholder has, as of the date thereof, entered into with any person considering any Alternative Transaction and will immediately request the return (or the deletion from retrieval systems and databases or the destruction) of all information provided to others in connection with an Alternative Transaction.

The Lock-up Agreements will be terminated automatically in the event that the Support Agreement is terminated.

As of October 29, 2007, the Locked-up Shareholders held, in the aggregate, 1,915,731 Miramar Shares, representing approximately 0.9% of the outstanding Miramar Shares, and held Miramar Options exercisable to purchase an aggregate of 4,086,000 Miramar Shares at exercise prices ranging from \$1.25 to \$5.63 per Miramar Share, representing (together with their Miramar Shares) approximately 2.7% of the outstanding Miramar Shares (after giving effect to the exercise of such Miramar Options). BMO Capital Markets was similarly not engaged to review any legal, tax or accounting aspects of the Offer.

With your approval and agreement, we have relied upon, and have assumed the completeness, accuracy and fair presentation of all financial and other information, data, advice, opinions and representations obtained by us from public sources or provided to us by or on behalf of Miramar and its agents and advisors or otherwise obtained pursuant to our engagement. A-3

With respect to budgets, financial forecasts, projections or estimates provided to BMO Capital Markets and used in its analyses, we have noted that projecting future results of any company is inherently subject to uncertainty. We have assumed, however, that such budgets, financial forecasts, projections and estimates were reasonably prepared on bases reflecting the best currently available estimates and judgment of Miramar and are (or were at the time and continue to be) reasonable in the circumstances.

Senior officers of Miramar have represented to BMO Capital Markets in a certificate delivered as of the date hereof, among other things, that (i) the information, data and other material (financial and otherwise) (collectively, the Information) provided by or on behalf of the Company or any of its subsidiaries, associates or affiliates or their respective directors, officers, associates, affiliates, consultants, advisors and representatives, either orally or in writing, to BMO Capital Markets or obtained by BMO Capital Markets from the System for Electronic Document Analysis and Retrieval filed by and relating to the Company, or its subsidiaries, associates or affiliates, the Offer or any other transaction, for the purpose of preparing the Opinion was, at the date such Information was provided to BMO Capital Markets, complete, true and correct in all material respects, and did not and does not contain any untrue statement of a material fact in respect of the Company, or its subsidiaries, associates or affiliates, the Offer or any other transaction and did not and does not omit to state a material fact in respect of the Company, or its subsidiaries, associates or affiliates, the Offer or any other transaction necessary to make the Information or any statement contained therein not misleading in light of the circumstances under which the Information was provided or any statement was made; and that (ii) since the dates on which the Information was provided to BMO Capital Markets, except as disclosed in writing to BMO Capital Markets, there has been no material change, financial or otherwise, in the financial condition, assets, liabilities (contingent or otherwise), business, operations or prospects of Miramar or any of its subsidiaries and no material change has occurred in such Information or any part thereof that would have or could reasonably be expected to have a material effect on the Opinion.

In preparing the Opinion, we have made several assumptions, including that all of the conditions required to implement the Offer will be met and that the information relating to the Interested Parties and the Offer is accurate in all material respects. We also made numerous assumptions with respect to industry performance, general business, market and economic conditions and other matters, many of which are beyond the control of BMO Capital Markets and the Interested Parties.

The Opinion is rendered as at the date hereof and on the basis of securities markets, economic and general business and financial conditions prevailing as at the date hereof and the conditions and prospects, financial and otherwise, of (i) Miramar as they are reflected in the Information and as they were represented to us in our discussions with the Board of Directors and management of Miramar, and (ii) Newmont as they are reflected in publicly available information.

The Opinion is provided for the use of the Board of Directors in connection with its consideration of the Offer. Except as contemplated herein, the Opinion is not to be reproduced, disseminated, quoted from or referred to (in whole or in part) without our prior written consent.

BMO Capital Markets disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting the Opinion which may come or be brought to the attention of BMO Capital Markets after the date hereof. Without limiting the foregoing, in the event that there is any

material change in any fact or matter affecting the Opinion after the date hereof, BMO Capital Markets reserves the right to change, modify or withdraw the Opinion.

The preparation of the Opinion is a complex process and is not necessarily capable of being partially analyzed or summarized. BMO Capital Markets believes that its analyses must be considered as a whole and that selecting portions of the analyses or the factors considered by it, without considering all factors and analyses together, could create an incomplete view of the process underlying the Opinion. The Opinion should be read in its entirety and should not be construed as a recommendation to the Board of Directors or any shareholder as to whether to tender their Common Shares to the Offer.

Opinion

Based upon and subject to the foregoing, it is our opinion, as of the date hereof, that the Consideration offered pursuant to the Offer is fair from a financial point of view to the holders of Common Shares, other than Newmont and its affiliates.

Yours truly,

Assumptions and Limitations

With the approval of the Board and as provided in the Engagement Agreement, Paradigm Capital has relied, without independent verification, upon all financial and other information that was obtained by us from public sources or that was provided to us by Miramar and its respective affiliates, associates, advisors or otherwise. We have assumed that this information was complete and accurate as of the date thereof and did not omit to state any material fact or any fact necessary to be stated to make that information not misleading. This Opinion is conditional upon such completeness and accuracy. In accordance with the terms of our engagement, but subject to the exercise of our professional judgment, we have not conducted any independent investigation to verify the completeness or accuracy of such information. With respect to the financial forecasts and budgets provided to us and used in our analysis, we have assumed that they have been reasonably prepared on bases reflecting the best currently available estimates and judgments of management of Miramar as to the matters covered thereby. Senior

representatives of Miramar have represented to us, orally as of the date hereof, among other things, that the information, opinions and other materials (the Information) provided to us by or on behalf of Miramar are complete and correct as of the date of the Information and that, since the date of the Information, except as publicly disclosed, there has been no material change, financial or otherwise, in the Hope Bay Project or the financial position of Miramar, or in its assets, liabilities (contingent or otherwise), business or operations and there has been no change in any material fact which is of a nature as to render the Information untrue or misleading in any material respect except to the extent disclosed in subsequent Information.

This Opinion is based on the securities markets, economic, general business and financial conditions prevailing as of the date of this Opinion and the conditions and prospects, financial and otherwise, of Miramar and the Hope Bay Project as they were reflected in the Information reviewed by us. In its analysis and in preparing this Opinion, Paradigm Capital has made a number of assumptions with respect to industry performance, general business and economic conditions, and other matters, any of which are beyond control of Paradigm Capital, Miramar and any other party involved in connection with the Offer.

Paradigm Capital has also assumed that the final terms of the Offer will be substantially the same as those described by Miramar's senior officers and directors to Paradigm Capital. Finally, Paradigm Capital has assumed that all material governmental, regulatory or other required consents and approvals necessary for the consummation of the Offer will be obtained without any meaningful adverse effect on Miramar or the contemplated benefits of the Offer.

This Opinion has been provided for the use of the Board, if required, for inclusion in other related documents (or a summary thereof in a form acceptable to Paradigm Capital) and may not be used by any other person or relied upon by any other person without the express consent of Paradigm Capital, except as explicitly provided by law. This Opinion is given as of the date hereof and Paradigm Capital disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting this Opinion which may come or be brought to Paradigm Capital's attention after the date hereof. This Opinion is limited to Paradigm Capital's understanding of the Offer as of the date hereof and Paradigm Capital assumes no obligation to update this Opinion to take into account any changes regarding the Offer after the date hereof.

Opinions of Financial Advisors

In preparing this Opinion, Paradigm Capital performed a variety of financial and comparative analyses, including those described below. The summary of Paradigm Capital's analyses described below is not a complete description of the analyses underlying this Opinion. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analyses and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at the Opinion, Paradigm Capital made qualitative judgements as to the significance and relevance of each analysis and factor that it considered. Accordingly, Paradigm Capital believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and this Opinion. This Opinion is not to be construed as a recommendation to any holder of Miramar Shares as to whether to accept the Offer.

In its analyses, Paradigm Capital considered industry performance, general business, economic, market, political and financial conditions and other matters, many of which are beyond the control of Miramar. No company, transaction or business used in Paradigm Capital's analyses as a comparison is identical to Miramar or the Hope Bay Project or the Offer, and an evaluation of the results of those analyses is not entirely mathematical. Rather, the analyses involve complex considerations and judgements concerning financial and operating characteristics and other factors that could affect the business combination, public trading or other values of the companies, business segments or transactions being analysed. The estimates contained in Paradigm Capital's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favourable than those suggested by the analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, Paradigm Capital's analyses and estimates are inherently subject to substantial uncertainty.

Miramar Mining Corporation

Miramar is a Toronto Stock Exchange listed company engaged in the exploration and development of a gold project. Miramar's principal asset is its 100%-owned Hope Bay Project, a gold exploration and development project located in Nunavut, Canada. The Hope Bay Project extends over 1,000 square km and encompasses an undeveloped greenstone belt. To date three significant deposits have been discovered: Doris, Boston and Madrid.

Miramar has been pursuing the development of the Hope Bay Project through a phased approach to maximize potential gold production and the economics of the project while minimizing dilution to the existing shareholders. Miramar's phased approach calls for the initial development of the Doris North Zone followed by expansion of production levels by sequentially developing the rest of Doris, Boston and Madrid.

A feasibility study for the initial development at Doris North is expected to be delivered in the fourth quarter of 2008. A feasibility study on the Doris North deposit prepared in 2003 concluded a two year mine at Doris North could produce approximately 155,000 ounces of gold per year. It is expected the updated feasibility study will have an expanded mine life through the inclusion of Doris Central and Doris Connector deposits. On September 20, 2007 Miramar received a positive decision on its water licenses application for the Doris North Mine with the Nunavut Water Board.

The second phase of development is expected to extend and expand production levels to a targeted production level of approximately 300,000 ounces of gold per year or 600,000 ounces of gold per year. Various mining options for the second phase of development at the Hope Bay Project is currently under review. The second phase of development will include completing technical and economic studies, receiving permits, and financing of development costs. The third phase of development will focus on exploration efforts at the Hope Bay Project with the objective of discovering new deposits and expanding the current known resources in order to provide additional resources to extend mine production from the second phase.

Miramar also owns the Con Mine, a former producing underground gold mine located near Yellowknife, Northwest Territories. Underground mining operations ceased in November 2003 and Miramar has filed a reclamation and closure plan with the Mackenzie Valley Land and Water Board.

Fairness Methodology

In connection with this Opinion, we have performed a variety of financial and comparative analyses, including those described below. In arriving at this Opinion, we have weighted these analyses based on our experience and judgement.

In assessing the fairness of the Offer, from a financial point of view, we considered, among other factors, the following items and methodologies relative to Miramar and its peer group:

- a) Discounted cash flow;
- b) Comparable multiple analysis;
- c) Precedent transaction analysis;
- d) Historical share price trading analysis; and
- e) Balance sheet analysis.

Discounted Cash Flow

The Discounted Cash Flow (DCF) approach considers the present value of the future cash flows generated, incorporating the timing and relative certainty of projected cash flows. The DCF analysis requires that certain assumptions be made regarding, among other things, commodity prices, exchange rates, capital costs, operational costs, discount rates and terminal values. In addition to considering the present value of the future cash flows generated, Paradigm Capital assigns a value to land exploration permits which have not necessarily demonstrated economically viable mineral deposits, but do in the opinion of Paradigm Capital possess the potential for economically viable mineral deposits. To arrive at the net asset value (NAV) for Miramar, liabilities were subtracted from the total value of the assets.

An appropriate discount rate was selected based on Paradigm Capital's experience valuing mining companies. The discount rate reflects the risk associated with the projected free cash flows and incorporates factors including, but not limited to, the risk-free rate, risks associated with mining, estimated cost of capital for Miramar, as well as any non-sector risks such as country risk.

To complete the DCF analysis, Paradigm Capital did not rely on any single series of projected cash flows but performed a variety of sensitivity analyses. Variables used by Paradigm Capital in the sensitivity analyses included, but were not limited to, the gold price, exchange rates, production rates, discount rates, capital expenditures and operating costs.

Comparable Multiple Analysis

Paradigm Capital reviewed selected comparable public company trading ranges in terms of enterprise value (EV) to ounce of gold resource and capital expenditure adjusted enterprise value (CAEV) to ounce of gold resource. Once gold resources and capital expenditure for Miramar were determined, Paradigm Capital then evaluated the EV to ounce of gold resource and CAEV to ounce of gold resource to determine what the Offer price implied for Miramar versus its peer group.

B-6

Precedent Transactions

Paradigm Capital reviewed publicly available information on selected merger and acquisition transactions in the mining and gold sectors, and compared these to the Offer. The analysis of these precedent transactions is not purely mathematical, but involves considerations and judgements concerning, among other things, differences in the comparable transactions, company-specific risk factors, share performance preceding each transaction announcement, and prevailing economic and market conditions, including the gold price.

Historical Share Price Trading Analysis

Paradigm Capital reviewed the historical stock price of Miramar common shares. Paradigm Capital specifically reviewed the 1-year and 2-year common share price returns; the 5-day, 10-day, 15-day, 20-day and 40-day volume weighted average common share price prior to the announcement of the Offer; the 60-day, 1-year, and 2-year average common share price prior to the announcement of the Offer.

Balance Sheet Analysis

Paradigm Capital reviewed the most recent audited and unaudited financial statements for Miramar. Paradigm Capital analyzed book value recorded for Miramar for the period ending June 30, 2007. In addition, Paradigm Capital analyzed the working capital and capital structure of Miramar and compared these ratios to the peer group. Paradigm Capital's analysis of the balance sheet is an important component in determining the cost of capital to be used in the discounted cash flow analysis.

Conclusion

Based upon and subject to the foregoing and such other factors as Paradigm Capital considered relevant, Paradigm Capital is of the opinion that, as of the date hereof, the Offer is fair, from a financial point of view, to the shareholders of Miramar (other than Newmont, the offeror or the subsidiaries of Newmont).

Yours very truly,

PARADIGM CAPITAL INC.
