statement if and when necessary. For purposes of presenting the number of shares of Hilltop common stock beneficially owned by holders of Notes, we assume an exchange rate of 73.94998 shares of Hilltop common stock per each \$1,000 principal amount of Notes, which is equivalent to a conversion price of approximately \$13.52 per share of Hilltop common stock, and a cash payment in lieu of the issuance of any fractional share interest. However, the conversion price is subject to adjustment as described under Description of Notes Exchange Rights Exchange Rate Adjustments in the prospectus. As a result, the number of shares of Hilltop common stock issuable upon exchange of the Notes, and as a consequence, the number of shares beneficially owned by the holders of Notes, may increase or decrease in the future.

(3) Percentages based on 56,461,465 shares of Hilltop common stock outstanding as of December 4, 2007, assuming the issuance of all shares attributable to outstanding warrants that may be exercised within 60 days of such date and all shares issuable upon redemption of outstanding common partnership units in the Partnership.
