**Portugal Telecom informs about favourable decision regarding fine imposed by the Competition Authority**

Portugal Telecom announces that today the Lisbon Commerce Court has ruled entirely in favour of the appeal lodged by PT Comunicações against the Portuguese Competition Authority's decision of 1 August 2007, which had condemned PT Comunicações in the payment of a fine amounting to Euro 38 million for allegedly refusing, without an objective justification, to grant access to certain sections of its duct system by TV Tel and Cabovisão.

Therefore, PT Comunicações has been cleared from the accusation, a decision that may be appealed, of an infringement of competition rules, notably of abusing a dominant position.

The Lisbon Commerce Court concluded that there was no evidence that the ducts belonging to PT Comunicações were essential facilities insofar as without access thereof it would be impossible for competitors to supply pay-TV, Internet access and fixed line telephone services.

The Court also ruled that, even if the ducts had been found to constitute essential facilities, there was no proof that the refusals to grant access thereto were unjustified or discriminatory.

The Court further held that as a result it was not established that the refusal to grant access to those particular sections of ducts had illegitimately precluded other competitors, namely TV Tel and Cabovisão, from developing their own networks and from supplying telecommunications services.

**FORWARD-LOOKING STATEMENTS**

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
