**Report of Independent Registered Public Accounting Firm**

The Plan Administrator

Allied Capital 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Allied Capital 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008 and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 (Schedule H, line 4i), is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Table of Contents

**ALLIED CAPITAL 401(K) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

**(1) Summary of Significant Accounting Policies**

**(a) *Basis of Presentation***

The accompanying financial statements of the Allied Capital 401(k) Plan (the Plan) have been prepared on the accrual basis and present the net assets available for benefits and the changes in those net assets.

**(b) *Trust Fund Management and Investments***

Allied Capital Corporation (the Company) is the sponsor of the Plan. Wachovia Bank, N.A., the Trustee of the Plan, has authority to execute investment transactions based upon the investment elections of Plan participants.

The investment options offered through the Plan are reviewed periodically by the Company's Retirement Committee. If necessary, changes are made as appropriate to continue to ensure a diversified mix of investment options.

In December 2008, changes were made to the investment options offered under the Plan. An investment fund was discontinued and liquidated on December 9, 2008 and the proceeds from the liquidation were reinvested in the Dreyfus Treasury Prime Cash Management Fund Investor Shares. Also, contributions to the Allied Capital Stock Fund were no longer permitted beginning December 9, 2008; however, participants may maintain any existing investment in the fund.

**(c) *Valuation of Investments***

## Edgar Filing: ARES CAPITAL CORP - Form 11-K

The Plan's investments are stated at fair value. Investments in mutual funds are based on quoted market information. Investments in common/collective trust funds are valued at the net asset value based on amounts reported by the fund manager. Shares of common stock of the Company held in the Allied Capital Stock Fund are valued at the last sale price on the principal exchange on which they are traded. Purchases and sales of investments are recorded on a trade-date basis. Appreciation and depreciation in the fair values of investments are recognized in the financial statements in the periods in which such changes occur. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for Plan benefits.

In September 2006, the FASB issued Statement ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820, and its related interpretations, defines fair value

(Continued)

Table of Contents

**ALLIED CAPITAL 401(K) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

under U.S. generally accepted accounting principles, establishes a framework for measuring fair value, and enhances disclosures about fair value measurements. Effective January 1, 2008, the Plan adopted ASC 820, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. Adoption of ASC 820 did not have a material impact on the Plan's financial statements.

ASC 820 establishes a fair value hierarchy that encourages the use of observable inputs when measuring fair value, but allows for unobservable inputs when observable inputs do not exist. The following provides a description of the three levels of inputs that may be used to measure fair value under ASC 820, the types of Plan investments.

- Level 1 Quoted prices (unadjusted) in active markets for identical investments

*Mutual Funds and Common Stock of Allied Capital Corporation held in the Allied Capital Stock Fund:*

These investments are public investment securities valued using the Net Asset Value (NAV) provided by the Trustee. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. The NAV is a quoted price in an active market.

*Common/Collective Investment Trusts:*

These investments are private investment securities valued using the NAV provided by the Trustee. Although the NAV is not quoted on a market that is active, participants in the plan can trade daily at NAV; furthermore, the unit price or NAV is based on underlying investments which are traded on an active market.

- Level 2 Inputs other than quoted prices that are observable to the market participant for the asset or quoted prices in a market that is not active

At December 31, 2009, the Plan had no investments classified as Level 2.

(Continued)

Table of Contents

**ALLIED CAPITAL 401(K) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

- Level 3 Unobservable inputs

At December 31, 2009, the Plan had no investments classified as Level 3.

*(d) Cash and Cash Equivalents*

Cash and cash equivalents include highly liquid investments with maturities of three months or less from the date of purchase.

*(e) Administrative Expenses*

Trustee fees and loan administration expenses are deducted directly from the participants' accounts. Other administrative expenses of the Plan are paid by the Company.

*(f) Payment of Benefits*

Benefits are recorded when paid.

*(g) Use of Estimates*

## Edgar Filing: ARES CAPITAL CORP - Form 11-K

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### (2) Description of the Plan

The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### (a) General

The Plan was established effective September 1, 1999, and is a defined contribution plan covering substantially all employees who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### (b) Contributions

Participants may contribute up to 100% of their eligible annual compensation subject to the limits established by the Internal Revenue Code.

*Pre-tax Contributions* Participants may elect to make contributions to the Plan on a pre-tax basis through payroll deductions. Additionally participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions on a pre-tax basis through payroll deductions. Participants are able to defer payment of taxes on their contributions to the Plan,

(Continued)

Table of Contents

**ALLIED CAPITAL 401(K) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

contributions made by the Company, and on income realized on these accounts maintained under the Plan.

*Roth 401(k) Contributions* Effective January 1, 2008, participants may elect to make some or all of their contributions as Roth 401(k) contributions through payroll deduction. Roth 401(k) contributions are made after tax and are included in current taxable income. Participants who have attained age 50 before the end of the year are also eligible to make Roth catch-up contributions through payroll deductions. Provided requirements are met, distributions of participant Roth 401(k) contributions and related earnings are tax free.

Participants' combined pre-tax contributions and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

*Rollover Contributions* Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

*Company Contributions* For the 2009 and 2008 plan years, the Company made safe harbor matching contributions on a biweekly basis for an amount equal to 100% of each participant's deferral contributions not to exceed 4% of the participant's eligible compensation as defined by the Plan.

(c) ***Participant Accounts***

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and earnings on related investments. Allocations of Company contributions are made based on each participant's eligible compensation. Allocations of earnings are calculated daily based on participant account balances. The plan benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions and Company contributions to the Plan are allocated among the various investment options based on the participant's instructions. Participants may change their investment allocation instructions and transfer accumulated savings between funds on a daily basis, subject to certain restrictions.

(Continued)

Table of Contents

**ALLIED CAPITAL 401(K) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

**(d) Vesting**

Participants are immediately 100% vested in their own contributions, any direct rollover contributions and in qualified employer non-elective contributions and safe harbor matching contributions made into the Plan, plus any earnings thereon.

**(e) Participant Loans**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1/2% above the prime rate at the time the loan is secured. Effective with the 2008 plan year, participant loans bear interest at 1% above the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions. Participant loans are reported at unpaid principal balance plus accrued interest, which approximates fair value.

**(f) Payment of Benefits**

Upon termination of service, a participant whose vested account balance exceeds \$5,000 may elect either a lump sum payment equal to the value of the participant's vested interest in his or her account or elect to receive payments in monthly, quarterly, or annual installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant. Effective with the 2008 plan year, the installment distribution method was eliminated as an option.

For a participant whose vested account balance exceeds \$1,000 but does not exceed \$5,000, an Automatic Rollover IRA will be opened for the participant unless the participant has affirmatively elected to have his or her amount paid in a direct rollover to an eligible retirement plan or to receive the distribution directly.

The trustee will distribute in a lump sum a terminated participant's vested account balance not exceeding \$1,000.

**(3) Plan Termination**

On October 26, 2009, the Company entered into a definitive merger agreement to be acquired by Ares Capital Corporation ( Ares Capital ) in an all stock transaction upon the consummation of which each existing share of common stock of the Company was exchanged for 0.325 shares of Ares Capital common stock (the Acquisition by Ares Capital ). The Acquisition by Ares Capital was consummated on April 1, 2010. Effective April 1, 2010, all employees of the Company were terminated and Ares Capital became the sponsor of the Plan as the surviving merged corporation. While Ares Capital has not terminated the Plan, it is free to do so at any time. In the event of termination of the Plan, the Plan s assets would be distributed to the participants in accordance with the Plan agreement.

(Continued)

Table of Contents**ALLIED CAPITAL 401(K) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

**(4) Investments**

Investments that represent five percent or more of the fair value of net assets available for plan benefits are as follows:

	<b>December 31</b>	
	<b>2009</b>	<b>2008</b>
<b>Common stock:</b>		
Allied Capital Corporation	\$ 1,634,601	\$ 1,039,588
<b>Mutual Funds:</b>		
Van Kampen Equity and Income Fund	\$ 3,985,082	\$ 3,971,792
The Growth Fund of America	1,261,346	1,033,015
Dreyfus Treasury Prime Cash Management	1,251,798	1,052,762
T Rowe Price Retirement Income Funds	886,970	686,892
Davis New York Venture Fund	875,350	727,821
<b>Common / Collective Trusts:</b>		
Enhanced Stock Market Common/Collective Trust Fund	\$ 833,147	\$ 833,207

Net appreciation (depreciation) in the fair value of investments is summarized as follows for the years ended December 31:

	<b>2009</b>	<b>2008</b>
Mutual funds	\$ 2,393,245	\$ (4,081,272)
Common stock of Allied Capital Corporation	295,772	(6,759,406)
Common/collective trusts	153,977	(470,475)
	\$ 2,842,994	\$ (11,311,153)

**(5) Transactions with Parties-in-Interest**

During the years ended December 31, 2009 and 2008, the Plan had investments in shares of Allied Capital Corporation Common Stock.

The Company pays a portion of the Plan's administrative expenses.

Investments in common/collective trusts are managed by Wachovia Bank, N.A., which is the Trustee of the Plan. In addition, the Plan invests in certain mutual funds managed by Wachovia Bank, N.A. Therefore, transactions related to these investments qualify as party-in-interest transactions.

**(6) Federal Income Tax Status**

The Plan has adopted a prototype plan designed by Wachovia Bank, N.A. The prototype plan obtained its latest opinion letter on August 30, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ( IRC ). The Plan has been amended since receiving its latest opinion letter, however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

(Continued)

Table of Contents

**ALLIED CAPITAL 401(K) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

**(7) Plan Amendment**

Effective January 1, 2008, the following amendments were made to the Plan. The Company will match 100% of the first 4% of deferral contributions made by each participant subject to the limits established by the Internal Revenue Code. Matching contributions will be credited to each participant's account on a biweekly basis and participants may elect to make after-tax contributions to a Roth 401(k). Eligible compensation with regard to employee's elective deferrals and the Company's matching contribution will be defined as 415 compensation. Participant loans bear interest at 1% above the prime rate at the time the loan is secured. Normal Retirement Age will be defined as the date the participant attains age 65. The installment distribution method was eliminated as an option for a terminated participant whose vested account balance exceeds \$5,000.

Effective January 1, 2010, the Plan was amended to eliminate the Company matching contributions.

**(8) Fair Value of Financial Investments (ASC 820)**

Below are the Plan's financial instruments carried at fair value on a recurring basis by their ASC 820 fair value hierarchy levels:

	December 31, 2009			Total Fair Value
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Assets:
