Yes No

Release | Lisbon | 7 July 2010

Telefonica s Brasilcel Offer

Portugal Telecom informs that Telefónica released a statement earlier today with regard to the offer for Brasilcel and the recent EGM. In its statement, Telefónica indicates that it is willing to continue to look for possible solutions to take this operation to a good ending, as long as there is equal availability from Portugal Telecom to this effect, in a way in which both parties feel comfortable .

Portugal Telecom acknowledges this statement from Telefónica. The Chairman, Chief Executive Officer and Chief Financial Officer of Portugal Telecom have been mandated by the Board of Directors since 1 June 2010 to undertake discussions with Telefónica. Portugal Telecom is available to maintain a dialogue with Telefónica aimed at analysing options that optimise the advantages for all parties.

Vivo s continued success confirms Portugal Telecom and Telefónica s ability to work together in Brazil to deliver on results and create shareholder value.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
