**Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

(e) In connection with its long term equity incentive program, on November 12, 2012, TE Connectivity Ltd. (the Company) granted performance stock units (PSUs) under the TE Connectivity Ltd. 2007 Stock and Incentive Plan (the SIP) to the named executive officers and in the amounts set forth in the table below. The Company sets forth herein information relating to the PSUs granted as this is the initial award of PSUs under the SIP to any of the Company's principal executive officer, principal financial officer and other named executive officers.

	PSUs (#)
Thomas J. Lynch Chief Executive Officer	63,480
Robert W. Hau Executive Vice President and Chief Financial Officer	16,320
Terrence R. Curtin Executive Vice President and President, Industrial Solutions	20,860
Joseph B. Donahue Executive Vice President and Chief Operating Officer and President, Network Solutions	20,860

The PSUs granted provide the named executive officer the opportunity to earn shares of the Company's stock based on the Company's earnings per share (EPS) growth relative to the Standard & Poor's 500 Non-Financial Companies Index over a three-year performance cycle. In each year of the performance cycle, one-third of the PSUs granted (the annual target amount) can be earned based on the predetermined performance schedule. Annually, a minimum threshold must be achieved in order for any portion of the PSUs to be earned. Specifically, in any year that the Company's EPS growth is within the 45th to 55th percentile of the index, the annual target amount will be reserved for delivery to the named executive officer following completion of the three-year performance cycle. If the Company's results are higher, up to 200% of the annual target amount will be reserved for delivery. If results are lower, a smaller percentage will be reserved for delivery, and no PSUs will be reserved if the performance threshold has not been met. PSUs that have been reserved will vest at the end of the three-year performance cycle. The named executive officer also will receive dividend equivalent stock units commensurate with the portion of the PSUs that are reserved and vested.
