**Forward-Looking Statements**

This Form 8-K includes forward-looking statements within the meaning of the Safe-Harbor provisions of the Private Securities Litigation Reform Act of 1995, which management believes are a benefit to shareholders. These statements are necessarily subject to risk and uncertainty and actual results could differ materially due to various risk factors, including those set forth from time to time in our filings with the SEC. You should not place undue reliance on forward-looking statements and we undertake no obligation to update any such statements. In this Form 8-K we make forward-looking statements regarding the size and growth potential from the Merger; cost savings and other synergies expected to result from the Merger; and the financial and accounting impact of the Merger and related integration activities. Specific risks that could cause results to differ from the forward-looking statements are set forth in our filings with the SEC and include, without limitation, changes in the discounted cash flow model used to determine the fair value of Sterling s assets, prolonged low interest rate environment, unanticipated weakness in loan demand or loan pricing, deterioration in the economy, material reductions in revenue or material increases in expenses, lack of strategic growth opportunities or our failure to execute on those opportunities, our inability to effectively manage problem credits, certain loan assets becoming ineligible for loss sharing, unanticipated increases in the cost of deposits; Umpqua s ability to achieve the synergies and earnings accretion contemplated by the merger; Umpqua s ability to promptly and effectively integrate the businesses of Sterling and Umpqua; the diversion of management time on issues related to merger integration; changes in laws or regulations; and changes in general economic conditions.
