**Item 1.01. Entry into a Definitive Material Agreement**

**Indenture with respect to 7.000% Senior Notes due 2023**

On November 18, 2015, First Data Corporation (the Company) issued and sold \$3,400,000,000 aggregate principal amount of 7.000% Senior Notes due 2023 (the notes), which mature on December 1, 2023, pursuant to an indenture, dated November 18, 2015, by and among the Company, the guarantors party thereto and Wells Fargo Bank, National Association, as trustee (the Indenture). The Company intends to use the net proceeds from the issue and sale of the notes, together with proceeds from its initial public offering and borrowings under its senior secured revolving credit facility, to (i) redeem all \$1,404 million aggregate principal amount of its outstanding 12.625% senior notes due 2021, all \$530 million aggregate principal amount of its outstanding 10.625% senior notes due 2021, and all \$1,609 million aggregate principal amount of its outstanding 11.75% senior subordinated notes due 2021 and (ii) pay any applicable premiums and related fees and expenses.

***Interest Rate***

The notes accrue interest at the rate of 7.000% per annum and mature on December 1, 2023. Interest on the notes is payable in cash on June 1 and December 1 of each year.

***Ranking***

The notes:

- rank senior in right of payment to any existing and future subordinated indebtedness;
- rank equally in right of payment with all of the Company's existing and future senior indebtedness;
- are effectively junior in right of payment to all of the Company's existing and future secured indebtedness, including indebtedness under the Company's senior secured credit facilities, its existing senior secured notes and any capital leases to the extent of the value of the collateral securing such indebtedness; and
- are effectively subordinated in right of payment to all existing and future indebtedness and other liabilities of the Company's non-guarantor subsidiaries (other than indebtedness and liabilities owed to the Company or one of the Company's subsidiary guarantors).

***Guarantees***

The notes are jointly and severally and fully and unconditionally guaranteed on a senior unsecured basis by each of the Company's existing and future direct and indirect wholly owned domestic subsidiaries that guarantees the Company's senior secured credit facilities. Each of the guarantees of the notes is a general senior obligation of each guarantor and:

- rank senior in right of payment to all existing and future subordinated indebtedness of the subsidiary guarantor;
- rank equally in right of payment with all existing and future senior indebtedness of the subsidiary guarantor;
- are effectively junior in right of payment to the guarantees of all of the Company's secured indebtedness under its senior secured credit facilities, its existing senior secured notes and any capital leases to the extent of the value of the subsidiary guarantor's collateral securing such indebtedness; and
- are effectively subordinated in right of payment to all existing and future indebtedness and other liabilities of any subsidiary of a subsidiary guarantor that is not also a guarantor of the notes.

Any guarantee of the notes will be released in the event such guarantee is released under the Company's senior secured credit facilities.

***Prepayments and Redemptions***

The Company is required to make an offer to repay the notes with net proceeds from specified asset sales, subject to the right to repay other senior secured debt and certain other types of indebtedness or reinvest such proceeds in the Company's business. In addition, the Company will be required to offer to repay the notes upon the occurrence of a change of control.

The Company may redeem the notes, in whole or in part, at any time prior to December 1, 2018, at a price equal to 100% of the principal amount of the notes redeemed plus accrued and unpaid interest to the redemption date

and a make-whole premium. Thereafter, the Company may redeem the notes, in whole or in part, at established redemption prices. In addition, on or prior to December 1, 2018, the Company may redeem up to 35% of the aggregate principal amount of notes with the net cash proceeds from certain equity offerings at established redemption prices.

*Certain Covenants and Events of Default*

The Indenture contains a number of covenants that, among other things, restricts, subject to certain exceptions, the Company's and its restricted subsidiaries' ability to:

- incur additional debt or issue certain preferred shares;
- pay dividends on or make other distributions in respect of capital stock or make other restricted payments;
- make certain investments;
- sell certain assets;
- create liens on certain assets to secure debt;
- consolidate, merge, sell or otherwise dispose of all or substantially all assets;
- enter into certain transactions with affiliates; and
- designate subsidiaries as unrestricted subsidiaries.

In addition, the Indenture imposes certain requirements as to future subsidiary guarantors. The Indenture provides that certain of the covenants will be suspended during any periods in which the notes are rated investment grade. The Indenture also contains certain customary events of default.
