**Section 1 Conflict Minerals Disclosure**

**Item 1.01 Conflict Minerals Disclosure and Report**

This Specialized Disclosure Form ( *Form SD* ) of Differential Brands Group Inc. (formerly Joe s Jeans Inc.) (the *Company* ) is filed pursuant to Rule 13p-1 (the *Rule* ) promulgated under the Securities Exchange Act of 1934, as amended (the *Exchange Act* ), for the reporting period from January 1, 2015 to December 31, 2015.

The Rule requires disclosure of certain information when a company manufactures or contracts to manufacture products for which the minerals specified in the Rule are necessary to the functionality or production of those products. The specified minerals are gold, columbite-tantalite (coltan), cassiterite and wolframite, including their derivatives, which are limited to tantalum, tin and tungsten, that originated in the Democratic Republic of the Congo ( *DRC* ) and certain adjoining countries (collectively with the DRC, the *Covered Countries* ).

The Company s principal business activity is the design, development and worldwide marketing of apparel products under the brand names Hudson®, operated by its subsidiary Hudson Clothing, LLC (the *Hudson Business* ), and Robert Graham®, operated by its subsidiary RG Parent LLC and its respective subsidiaries ( *Robert Graham* ). The Hudson Business s product line includes denim jeans, shorts, skirts, shirts and jackets. In addition to the products designed, developed and marketed by the Hudson Business during the 2015 calendar year, this Form SD covers the products of the Company s business operated under the brand names Joe s Jeans, Joe s, Joe s JD and else during that period (the *Joe s Bu.* On September 11, 2015, the Company sold certain of its operating and intellectual property assets related to the Joe s Business to GBG USA Inc. (the *Operating Assets Purchaser* ) and sold certain of the Company s intellectual property assets related to the Joe s Business to Joe s Holdings LLC (collectively, the *Asset Sale* ). From January 1, 2015 until the Asset Sale, the product line of the Joe s Business included denim jeans, pants, shorts, dresses, skirts, shirts, sweaters, jackets and other apparel products and accessories. After the Asset Sale, the Company did not manufacture any products under the Joe s Business, and purchased products from the Operating Assets Purchaser for sale at Joe s® branded retail stores that the Company retained until the stores assignment or closure in the first quarter of 2016. This Form SD does not cover the Company s Robert Graham® products, as the Company did not acquire RG Parent LLC and its subsidiaries until the first quarter of 2016.

Following a review of the products described above, the Company determined that certain products that it contracted to be manufactured in the 2015 calendar year may contain trace amounts of tin or gold used for ornamental or decorative purposes. Based on discussions with and representation made by the relevant suppliers, however, the Company reasonably determined that such products did not have any such gold, tin, tantalum, or tungsten that was necessary to their functionality or production. As such, the Company has determined that it is not subject to the reporting obligations of the Rule and is not required to file a Form SD or Conflict Minerals Report.
