Item 1.01 Entry into a Material Definitive Agreement.

As has been previously reported, Public Service Company of New Mexico (“PNM”), a wholly owned subsidiary of PNM Resources, Inc., leases interests in Units 1 and 2 of the Palo Verde Nuclear Generating Station (“PVNGS”) under arrangements entered into in 1985 and 1986 that are accounted for as operating leases.

As previously reported, on January 13, 2014, PNM provided notice to three Unit 2 lessors, including Cypress Verde LLC and Cypress Second PV Partnership (together, “Cypress”), that it would exercise its fair market value purchase option at the end of the original lease terms. On May 1, 2014, PNM entered into a letter agreement (the “Cypress Letter Agreement”) with Cypress, specifying and agreeing to the fair market value of the approximately 18 megawatts of generating capacity subject to the Cypress Verde LLC Unit 2 lease as of the end of the original lease term, January 15, 2016, and approximately 15 megawatts of generating capacity subject to the Cypress Second PV Partnership Unit 2 lease as of the end of the original lease term, January 15, 2016. Such agreed fair market value is \$46,453,333 for the Cypress Verde LLC Unit 2 lease and \$38,710,997 for Cypress Second PV Partnership Unit 2 lease, or \$2,600 per kilowatt.

On November 20, 2015, PNM entered into definitive Sale Agreements (the “Sale Agreements”) to implement the Cypress Letter Agreement. The Sale Agreements provide for the closing of the purchase by PNM of the generating capacity under the Cypress Unit 2 leases on January 15, 2016, at which time the specified purchase price will be paid by PNM and the transfer of the leased interests to PNM will take place.

Copies of the Sale Agreements are attached hereto as Exhibits 10.1 and 10.2, and incorporated herein by reference.
