To Our Shareholders:

Our company's success depends on our ability to make our customers successful. It is only by achieving this goal that we are able to create value for all our stakeholders — our employees, our communities and, of course, you, our shareholders.

Over the past year, our company has undergone considerable transformation to become a business whose capabilities include the development and integration of web-based applications, mobile robotics products and IT solutions. During this transition, CoroWare launched a near-shore outsourcing practice, two new mobile robotics products and began to address legacy financial challenges in earnest. Equally important, we regained our focus on improving operational efficiencies, expense management, and cash flow.

We have been successful in achieving the following goals that will continue to drive CoroWare's growth strategy:

·  
Establishing CoroWare's presence with the mobile robotics research community, including university, government and commercial customers

·  
Gaining visibility and credibility with enterprise customers and independent software vendors by attaining Microsoft Gold Certified status

·  
Broadening our customer base within Microsoft, with enterprise customers, and with mobile robotics researchers.

·  
Reducing legacy debt that continues to burden our balance sheet and our organization. We still have considerable legacy debt to pay down, of course.

We are delivering you this proxy statement with regard to our upcoming Annual Meeting of Stockholders, which is scheduled to be held on \*, \*, 2008. At this meeting, in addition to other items, we will be asking shareholders to vote on a proposal for a reverse stock split of the issued and outstanding shares of our common stock at a ratio of 1-for-300.

A reverse split of 1 for 300 means that for every 300 shares you own, those shares will be converted into one equivalent share. In theory, the value of that one share should be worth 300 times what it was before the reverse split. As an example, if you own 3,000,000 shares of CROE.OB at a market price of \$.0005 per share with a total value of \$1,500.00 before the reverse split, you will receive 10,000 shares of CROE.OB at a market price of \$.15 per share with a total value of \$1,500.00.

CoroWare's Board of Directors, the senior management team and I believe a reverse split will create a more stable capital structure and will enable CoroWare to achieve continued growth by:

We believe bringing the number of shares outstanding to a more realistic, manageable and attractive level should help generate investor interest in CoroWare, and will help CoroWare attract and retain employees

using available shares to raise the growth capital necessary to fund future growth through acquisitions and joint ventures, and to finance further product development necessary to achieve higher levels of sales and profits.

Although we can provide no assurance that the reverse split will indeed lead directly to our goals, the Board of Directors and senior management team believe that it is a necessary step.

All of these activities will require capital growth capital and we see the reverse split as a key step in realigning the shares outstanding to be at a more balanced and reasonable level which may attract more investors to appreciate the value proposition of our company as a long term investment.

In closing, I strongly believe we need to reduce the number of outstanding shares to continue our growth plan and increase our stockholders value. Therefore, I kindly ask for your support as we move towards continuation of our growth strategy.

Thank you again for your continued support,

Lloyd T. Spencer  
Interim Chief Executive Officer

One-third of the outstanding shares of the Company common stock entitled to vote at the annual meeting, present or represented by proxy, constitutes a quorum. A quorum is necessary to conduct business at the annual meeting. You will be considered part of the quorum if you have voted by proxy. Abstentions, broker non-votes and votes withheld from director nominees count as shares present at the annual meeting for purposes of determining a quorum. However, abstentions and broker non-votes do not count in the voting results. A broker non-vote occurs when a broker or other nominee who holds shares for another does not vote on a particular item because the broker or nominee does not have discretionary authority for that item and has not received instructions from the owner of the shares.

#### **HOW MANY VOTES ARE REQUIRED?**

.

Directors nominees are elected by a plurality of the votes cast in person or by proxy, provided that a quorum is present at the Meeting.

The proposal to amend our Certificate of Incorporation, as amended, to effect a one-for-300 reverse split of our outstanding shares of common stock will require an affirmative vote of the majority of the issued and outstanding shares of common stock.

The ratification of the director's selection of LBB & Associates Ltd., LLP as the Company's independent auditors will require an affirmative vote of the majority of the votes cast in person or by proxy, provided that a quorum is present at the annual meeting.

**WHO PAYS FOR THE SOLICITATION OF PROXIES?**

We will pay the cost of preparing, printing and mailing material in connection with this solicitation of proxies. We will, upon request, reimburse brokerage firms, banks and others for their reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners of stock or otherwise in connection with this solicitation of proxies.

**WHY DOES THE COMPANY NEED TO HOLD THIS VOTE RELATING TO THE PROPOSED REVERSE STOCK SPLIT?**

Our board of directors has determined that an amendment to our Certificate of Incorporation to effect a one-for-300 reverse stock split is necessary to support the company's market price and is in the best interests of the company's stockholders. Pursuant to the law of our state of incorporation, Delaware, our board of directors must adopt any amendment

to our Certificate and submit the amendment to stockholders for approval. Accordingly, our board of directors is requesting your proxy to vote FOR Proposal No. 2 to amend our Certificate of Incorporation.

**WHAT VOTE IS REQUIRED TO APPROVE THE REVERSE STOCK SPLIT?**

The proposal must be approved by the holders of a majority of the outstanding shares of our common stock.

**WHAT EFFECT WILL THE REVERSE STOCK SPLIT HAVE ON OUR ISSUED AND OUTSTANDING SHARES OF COMMON STOCK?**

If the reverse stock split is approved by our stockholders, the company will exchange one new share for every 300 outstanding shares. As a result, when the reverse stock split becomes effective, the company will have approximately one-300<sup>th</sup> as many outstanding shares, but each share will be worth approximately 300 times as much. We will not issue fractional shares. We will round up fractional shares to the next whole share. The reverse stock split will not impact the market value of the company as a whole, although the market value of our common stock may move up or down once the reverse stock split is effective.

**WHAT ARE THE MECHANICS OF THE REVERSE STOCK SPLIT?**

Assuming the reverse stock split is approved by our stockholders, this is how it will work:

If your shares are held in street name that is, through an account at a brokerage firm, bank, dealer, or other similar organization the number of shares you hold will automatically be adjusted to reflect the reverse stock split.

If your shares are registered directly in your name with our transfer agent, upon the surrender your certificates representing pre-split shares in exchange for certificates representing post-split shares. No new certificates will be issued to you until you have surrendered your outstanding certificate(s) together with the properly completed and executed letter of transmittal to our transfer agent

Whether your shares are held in street name or directly, all fractional shares shall be rounded up to the next whole number of shares.

**ARE THERE ANY DISSENTER S RIGHTS OR APPRAISAL RIGHTS?**

Pursuant to applicable Delaware law, there are no dissenter s or appraisal rights relating to the matters to be acted upon at the Meeting.

**WHEN ARE STOCKHOLDER PROPOSALS FOR THE 2008 ANNUAL MEETING DUE?**

Any stockholder proposals for the 2009 annual meeting must be received by us, directed to the attention of the Company s Interim Chief Executive Officer, Mr. Lloyd T. Spencer, Coroware, Inc., 4056 148th Avenue NE, Redmond, Washington 98052, no later than December 31, 2008. The use of certified mail, return receipt requested, is advised. Charlie House, Martin Nielson, John Kroon and Lloyd Spencer (collectively, the Nominees).

Vote required: Directors must be elected by a plurality of all votes cast at the meeting. Votes withheld for any director will not be counted.

Voting by the Proxies: The Proxies will vote your shares in accordance with your instructions. If you have not given specific instructions to the contrary, your shares will be voted to approve the election of the nominees named in the Proxy Statement. Although the Company knows of no reason why the nominees would not be able to serve, if a nominee were not available for election, the Proxies would vote your Common Stock to approve the election of any substitute nominee proposed by the Board of Directors. **THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR

**PROPOSAL NO. 2 ONE FOR 300 REVERSE SPLIT**

(ITEM 2 ON THE PROXY CARD)

**AMENDMENT OF OUR RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED,  
TO EFFECT A ONE-FOR-300 REVERSE SPLIT OF OUR COMMON STOCK**

Our board of directors has unanimously adopted and is submitting for stockholder approval an amendment to our Certificate of Incorporation, as amended, also referred to as the Charter, that would effect a one-for-300 reverse split of our common stock. The authorized shares of our common stock will not be affected. Pursuant to the law of our state of incorporation, Delaware, our board of directors must adopt any amendment to our Charter and submit the amendment to stockholders for their approval. The affirmative vote of a majority of the outstanding shares of our common stock is required to approve Proposal No. 2.

The form of the proposed amendment to our Charter to effect the reverse stock split is attached to this Proxy Statement as Annex A. The amendment will effect a one-for-300 reverse split of the issued and outstanding shares of our common stock. The reverse stock split would not have any economic effect on our stockholders, debt holders or holders of options or restricted stock, except to the extent the reverse stock split would result in fractional shares, as discussed further below.

**Reasons for the Reverse Stock Split**

Our board of directors has determined that an amendment to our Certificate of Incorporation to effect a one-for-300 reverse stock split is necessary to support the company's market price and is in the best interests of the company's stockholders. Our board of directors believes that, in addition to increasing the price of our common stock, the reverse stock split would also make our common stock more attractive to a broader range of institutional and other investors. Accordingly, we believe that effecting the reverse stock split would be in the company's and our stockholders' best interests.

Reducing the number of outstanding shares of our common stock through the reverse stock split is intended, absent other factors, to increase the per share market price of our common stock. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our common stock. As a result, there can be no assurance that the reverse stock split, if completed, will result in the intended benefits described above, that the market price of our common stock will increase following the reverse stock split or that the market price of our common stock will not decrease in the future.

**Effect on Existing Shares of Common Stock**

The proposed reverse stock split would affect all of our stockholders uniformly and would not affect any stockholder's percentage ownership interest in the company, except to the extent that the reverse stock split results in any of our stockholders owning a fractional share, as described below. Proportionate voting rights and other rights and preferences of the holders of our common stock would not be affected by a reverse stock split, other than as a result of rounding up fractional shares to the next whole number. The below table provides specifics with respect to the number of shares of the Company's common stock currently authorized, currently issued and outstanding, and currently authorized but unissued.

	<b>Pre-Reverse</b>	<b>Post Reverse</b>
Authorized Shares	900,000,000	900,000,000
Issued and Outstanding Shares	811,037,063	2,703,457
Authorized but unissued	88,962,937	897,296,543

Since the reverse stock split will result in increased available shares, it may be construed as having an anti-takeover effect. Although neither the Board of Directors nor the management of the Company views this proposal as an anti-takeover measure, the Company could use the increased available shares to frustrate persons seeking to effect a takeover or otherwise gain control of the Company. For example, the Company could privately place shares with purchasers who might side with the Board of Directors in opposing a hostile takeover bid or issue shares to a holder which would, thereafter, have sufficient voting power to assure that any proposal to amend or repeal the Bylaws or certain provisions of the Certificate of Incorporation would not receive the requisite vote. Our Certificate of Incorporation already include authorization of preferred stock, which can also be seen as an anti-takeover measure, and our Board of directors can designate the rights, preferences, privileges and restrictions of series of preferred stock without further shareholder action. Cumulative voting is not provided for in our Certificate of Incorporation or Bylaws, which also may make it harder for third parties to gain control over the Company. We do not currently have a staggered Board of Directors, and we have not adopted any shareholders

rights plans, or so-called poison pills. Further, there are no other plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences

Except as set forth below, the Company presently does not have any plans, proposals or arrangements to issue for any purpose, including future acquisitions and/or financings any of the authorized shares of common stock that would become newly available following the reverse stock split:

On July 21, 2006, the Company consummated a Securities Purchase Agreement dated July 21, 2006 with Cornell Capital Partners LP (Cornell) providing for the sale by the Company to Cornell of its 10% secured convertible debentures in the aggregate principal amount of \$2,825,000, net of deferred financing costs of \$263,143 of which \$1,250,000 was advanced immediately and \$575,000 was advanced in August concurrent with its filing of the Registration Statement with the Securities and Exchange Commission (SEC). The last installment of \$1,000,000 was advanced on December 7, 2006.

The Debentures mature on the third anniversary of the date of issuance. The holder of the Debentures may, at any time, convert amounts outstanding under the Debentures into shares of common stock of the Company at a fixed conversion price per share equal to \$0.04. The Company's obligations under the Purchase Agreement are secured by substantially all of the assets of the Company and those of its wholly owned subsidiary, CoroWare.

Under the Purchase Agreement, the Company also issued to Cornell five-year warrants to purchase 1,000,000 and 1,500,000 shares of Common Stock at prices equal to \$0.50 and \$1.00, respectively, together with three-year warrants to purchase 2,300,000, 2,000,000 and 2,500,000 shares of Common Stock at prices equal to \$0.25, \$0.65 and \$0.75, respectively.

The Company has the right to redeem a portion or all amounts outstanding under the Debenture prior to the Maturity Date at a 10% redemption premium plus accrued provided that the closing bid price of the Common Stock is less than the Conversion Price and there is an effective Registration Statement covering the shares of Common Stock issuable upon conversion of the Debentures and exercise of the Warrants (as defined below). In addition, beginning on the earlier of: (i) the first trading day following the day which the Registration Statement is declared effective by the Commission, or (ii) December 1, 2006, and continuing on the first trading day of each calendar month thereafter, Cornell may require the Company to redeem up to \$500,000 of the remaining principal amount of the Debentures per calendar month. However, Cornell may not require the Company to redeem the Debentures if the closing bid price of the Common Stock exceeds the Conversion Price for each of the five consecutive trading days immediately prior to the redemption date, and the Registration Statement has been declared effective and remains effective on the redemption date. The Company has the option, in its sole discretion, to settle any requested redemptions by either paying cash plus a 10% redemption premium plus accrued interest or issuing the number of shares of the Company's common stock equal to the cash amount owed divided by a stock price equal to 95% of the lowest daily volume weighted average price of the Company's common stock during the thirty (30) trading days immediately preceding the date of the redemption.

On October 25, 2007, the Company consummated a Securities Purchase Agreement dated October 25, 2007 with Y.A. Global Investments L.L.C. (Yorkville) for the sale by the Company to Yorkville of its 12% secured convertible debentures in the aggregate principal amount of \$600,000, net of deferred financing costs of \$75,000.

The Debentures mature on the third anniversary of the date of issuance. The holder of the Debentures may, at any time, convert amounts outstanding under the Debentures into shares of common stock of the Company at a fixed conversion price per share equal to \$0.02 or 85% of the lowest volume weighted average price for the 30 days preceding the conversion date. The Company may elect to pay in cash plus a conversion premium of 12% plus accrued interest. The Company's obligations under the Purchase Agreement are secured by substantially all of the assets of the Company and those of its wholly owned subsidiary, CoroWare.

The Company has the right to redeem a portion or all amounts outstanding under the Debenture prior to the Maturity Date at a 12% redemption premium provided that the closing bid price of the Common Stock is less than the Conversion Price and there is an effective Registration Statement covering the shares of Common Stock issuable upon conversion of the Debentures and exercise of the Warrants (as defined below). In addition, beginning on the earlier of: (i) the first trading day following the day which the Registration Statement is declared effective by the Commission, or (ii) December 1, 2006, and continuing on the first trading day of each calendar month thereafter, Yorkville may require the Company to redeem up to \$500,000 of the remaining principal amount of the Debentures per calendar month. However, Yorkville may not require the Company to redeem the Debentures if the closing bid price of the Common Stock exceeds the Conversion Price for each of the five consecutive trading days immediately prior to the redemption date, and the Registration Statement has been declared

effective and remains effective on the redemption date. The Company has the option, in its sole discretion, to settle any requested redemptions by either paying cash or issuing the number of shares of the Company's common stock equal to the cash amount owed divided by a stock price equal to 95% of the lowest daily volume weighted average price of the Company's common stock during the thirty (30) trading days immediately preceding the date of the redemption. If the Company elects to pay a requested redemption in cash, Yorkville will receive warrants to purchase 35,000 shares of common stock with an exercise price of \$0.025 per share for each \$100,000 redeemed.

On March 20, 2008, the Company entered into a Securities Purchase Agreement (the "Purchase Agreement") with Yorkville Advisors providing for the sale by the Company to Yorkville of (i) 14% Secured Convertible Debentures in the aggregate principal amount of \$300,000 (the "Debentures") due on March 20, 2010 (the "Repayment Date") and (ii) warrants to purchase 10,000,000 shares of common stock (the "Warrants"). Terms defined will have the same meaning as in the Purchase Agreement or the Debenture.

The Debentures are convertible into shares of the Company's common stock at \$0.02. On each Installment Date, the Company shall pay to Yorkville an amount equal to the lesser of (a) \$13,044 and (b) the Principal amount under the Debenture as of such Installment Date. On the Repayment Date, the Company shall pay to the Holder an amount in cash representing all outstanding Principal, accrued and unpaid Interest.

The Warrants to purchase 10,000,000 shares of Common Stock have an exercise price of \$0.02 per share. The Warrants have a term of five (5) years and shall be exercised on a cash basis.

Additionally, the Company entered into an amendment agreement (the "Amendment Agreement") with Yorkville, which amends all outstanding debentures, including (i) Secured Convertible Debenture due July 20, 2009 (#IVHG-2-1) issued on July 20, 2006, as amended in the original principal amount of US\$1,250,000, (ii) Secured Convertible Debenture due August 22, 2009 (#IVHG-2-2) issued on August 22, 2006, as amended in the original principal amount of US\$575,000. (iii) Secured Convertible Debenture due December 7, 2009, (#IVHG-2-3) issued on December 7, 2006, as amended in the original principal amount of US\$1,000,000., and (iv) Secured Convertible Debenture due November 2, 2010, (#INRA-1-1) issued on November 2, 2007, as amended in the original principal amount of US\$600,000 (collectively, the "Prior Debentures") held by Yorkville with the following:

interest will accrue on the outstanding principal balance of each of the Prior Debentures at an annual rate equal to fourteen percent (14%) effective as of the date hereof;

the conversion price shall be the lower of .02 or eighty-five percent (85%) of the lowest Volume Weighted Average Price in the thirty (30) trading days prior to the conversion date.

In addition, commencing with the effective date of the Reverse Stock Split, all outstanding derivative securities, unless the amount of shares that such security is convertible into is protected against stock splits, entitling the holders thereof to purchase shares of the Company's common stock will entitle such holders to receive, upon exercise or conversion of their derivative security, 1/300th of the number of shares of the Company's common stock which such holders may purchase upon exercise or conversion of their derivative securities. In addition, commencing on the effective date of the Reverse Stock Split, the exercise price of all outstanding derivative securities will be increased by a multiple of 300 unless the exercise or conversion price is protected against stock splits.

The Company believes that the Federal income tax consequences of the reverse stock split to holders of Common Stock will be as follows:

(i)

Except as explained in (v) below, no income gain or loss will be recognized by a shareholder on the surrender of the current shares or receipt of the certificate representing new post-split shares.

(ii)

Except as explained in (v) below, the tax basis of the New Shares will equal the tax basis of the Old Shares exchanged therefore.

(iii)

Except as explained in (v) below, the holding period of the New Shares will include the holding period of the Old Shares if such Old Shares were held as capital assets.

(iv)

The conversion of the Old Shares into the new shares will produce no taxable income or gain or loss to the Company.

(v)

The Federal income tax treatment of the receipt of the additional fractional interest by a shareholder is not clear and may result in tax liability not material in amount in view of the low value of such fractional interest.

The Company's opinion is not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above.

THE ABOVE REFERENCED IS A BRIEF SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON THE PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE REVERSE STOCK SPLIT. THIS SUMMARY DOES NOT PURPORT TO BE COMPLETE AND DOES NOT ADDRESS THE FEDERAL INCOME TAX CONSEQUENCES TO TAXPAYERS WITH SPECIAL TAX STATUS. IN ADDITION, THIS SUMMARY DOES NOT DISCUSS THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE, AND DOES NOT DISCUSS ESTATE, GIFT OR OTHER TAX CONSEQUENCES OTHER THAN INCOME TAX CONSEQUENCES. THE COMPANY ADVISES EACH PARTICIPANT TO CONSULT HIS OR HER OWN TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT AND FOR REFERENCE TO APPLICABLE PROVISIONS OF THE CODE

### **Effectiveness of Reverse Stock Split**

The reverse stock split, and the reduction in the authorized shares of common stock, if approved by the company's stockholders, would become effective on the date (the Effective Date) of filing of a Certificate of Amendment to our Charter with the Secretary of State of the State of Delaware. It is expected that such filing will take place on or shortly after the date of the Meeting, assuming the stockholders approve the amendment. However, the exact timing of the filing of the amendment will be determined by the board of directors based on its evaluation as to when such action will be the most advantageous to us and our stockholders, and the board of directors. In addition, the board of directors reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the reverse stock split, and reduction in authorized shares of common stock if, at any time prior to filing the amendment, the board of directors, in its sole discretion, determines that it is no longer in our best interests and the best interests of our stockholders. The Company's authorized shares of our common stock will not be affected.

### **No Appraisal Rights**

Under the Delaware General Corporation Law, our stockholders are not entitled to appraisal rights with respect to the reverse stock split described in this Proposal No. 2, and we will not independently provide our stockholders with any such rights.

**BENEFICIAL OWNERSHIP OF THE COMPANY'S COMMON STOCK OF PRINCIPAL  
STOCKHOLDERS, DIRECTORS AND MANAGEMENT**

The following table sets forth certain information regarding the beneficial ownership of our common stock as of October 17, 2008 by each person or entity known by us to be the beneficial owner of more than 5% of the outstanding shares of common stock, each of our directors and named executive officers, and all of our directors and executive officers as a group. Beneficial ownership has been determined in accordance with Rule 13d-3 of the Securities Exchange Act of 1934, as amended. Generally, a person is deemed to be the beneficial owner of a security if he has the right to acquire voting or investment power within 60 days.

Percentage ownership in the following table is based on 811,037,063 shares of common stock outstanding as of October 17, 2008. A person is deemed to be the beneficial owner of securities that can be acquired by that person within 60 days from October 17, 2008 upon the exercise of options, warrants or convertible securities, or other rights. Each beneficial owner's percentage ownership is determined by dividing the number of shares beneficially owned by that person by the base number of outstanding shares, increased to reflect the shares underlying options, warrants, convertible securities, or other rights included in that person's holdings, but not those underlying shares held by any other person.
