GENERAL INFORMATION

ABOUT THE ANNUAL MEETING AND VOTING

Why did you send me this proxy statement?

We sent you this proxy statement and the enclosed proxy card because our board of directors is asking for your proxy to vote your shares at the annual meeting. We have summarized information in the proxy statement that you should consider in deciding how to vote at the annual meeting. But you do not have to attend in order to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

Who can vote?

You can vote if, as of the close of business on October 18, 2006, you were a stockholder of record of our common stock or our Series A Convertible Participating Preferred Stock (Series A Preferred Stock). On that date, 41,458,615 shares of our common stock were outstanding and entitled to vote and 2,250,000 shares of our Series A Preferred Stock were outstanding and entitled to vote. Our common stock and Series A Preferred Stock are the only classes of voting stock outstanding. On each matter to be voted upon at the annual meeting, holders of our common stock and Series A Preferred Stock will vote together as a single class. Each share of common stock is entitled to one vote. Each share of Series A Preferred Stock is convertible into two shares of common stock, therefore when the Series A Preferred Stock votes together with the common stock as a single class, each share of Series A Preferred Stock, based on the conversion ratio, will have two votes.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of 22,979,308 shares representing a majority of the votes that may be cast by all outstanding shares of common stock and Series A Preferred Stock as of the record date, voting together as a single class, must be present to hold the meeting. However, in the event that a quorum is not present, the holders of our common stock and Series A Preferred Stock present in person or by proxy entitled to cast a majority of the votes that all such shares which are present in person or by proxy may cast, when the common stock and Series A Preferred Stock vote together as a single class, shall have the power to adjourn the meeting from time to time until a quorum is present. Abstentions from voting and broker non-votes will be counted towards a quorum. A broker non-vote occurs when the nominee holding a stockholder's shares does not vote on a particular proposal because the nominee does not have discretionary voting power on that item and has not received instructions from the stockholder.

What vote is required and what is the method of calculation?

The nominees for director who receive the most votes for the number of positions to be filled will be elected.

Approval of the amendment to our 2003 Stock Incentive Plan will require the affirmative vote of a majority of the votes that may be cast by the shares of common stock and Series A Preferred Stock, voting together as a class, present in person or represented by proxy at the annual meeting and entitled to vote thereon.

The ratification of the appointment of J.H. Cohn LLP as our independent auditors will require the affirmative vote of a majority of the votes that may be cast by the shares of common stock and Series A Preferred Stock, voting together as a class, present in person or represented by proxy at the annual meeting and entitled to vote thereon.

Any other matter that may be voted on at the meeting will generally require the affirmative vote of a majority of the votes that may be cast by the shares of common stock and Series A Preferred Stock, voting together as a class, present in person or represented by proxy at the annual meeting and entitled to vote thereon.

Abstentions will have no effect on the election of directors, and abstentions or broker non-votes will not be counted for or against any other matters that may be acted on at the annual meeting.

What matters will be voted on?

Our board of directors does not intend to bring any other matters before the meeting except the election of six directors, the approval of the amendment to our 2003 Stock Incentive Plan and the ratification of J.H. Cohn LLP, as our independent auditors. We are not aware of anyone else who will submit any other matters to be voted on. However, if any other matters properly come before the annual meeting, the people named on the proxy card, or their substitutes, will be authorized to vote on those matters in their own judgment.

How do I vote by proxy?

When you return your properly signed and dated proxy card prior to the annual meeting, your shares will be voted in accordance with your instructions marked on the proxy card. If you sign your proxy card but do not specify how you want your shares to be voted, they will be voted as recommended by our board of directors.

Can I change my vote after I return my proxy card?

Yes. You can change or revoke your proxy at any time before the annual meeting by notifying us in writing, by sending another executed proxy dated later than the first proxy card or by attending the annual meeting and voting in person.

Can I vote in person at the annual meeting instead of voting by proxy?

Yes. However, we encourage you to complete and return the enclosed proxy card to ensure that your shares are represented and voted. If you attend the annual meeting in person, you may then vote in person even though you returned your proxy card.

Who will count the votes?

Representatives of American Stock Transfer & Trust Company will count the votes and will serve as the independent inspector of election.

Who pays for this proxy solicitation?

We do. We will pay all costs in connection with the meeting, including the cost of preparing, assembling and mailing proxy materials, handling and tabulating the proxies returned, and charges of brokerage houses, nominees and fiduciaries in forwarding proxy materials to our beneficial owners. We do not expect to engage an outside firm to solicit votes, but if such a firm is engaged subsequent to the date of this proxy statement, the cost is estimated to be less than \$10,000, plus reasonable out-of-pocket expenses.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the adequacy or accuracy of the disclosure in this proxy statement. Any representation to the contrary is a criminal offense.

This proxy statement provides you with detailed information about the election of six directors to our board of directors, the proposed amendment to our 2003 Stock Incentive Plan and the ratification of the appointment of J.H. Cohn LLP as our independent auditors and related matters. We encourage you to read this entire document carefully.

PROPOSAL 1--ELECTION OF DIRECTORS

(Item 1 on Proxy Card)

At the annual meeting, the stockholders will elect six directors to hold office until the next annual meeting of stockholders and until their respective successors have been duly elected and qualified. Our board of directors has nominated the individuals listed below to serve as directors. All nominees are currently members of the board of directors. Our board of directors appointed Joseph P. Cooper as a director effective October 6, 2006. Unless contrary instructions are given, the shares represented by a properly executed proxy will be voted FOR the election of each of the individuals listed below. The six nominees receiving a plurality of the votes cast for director will be elected. Should any nominee become unavailable to accept election as a director, the persons named in the enclosed proxy will vote the shares which they represent for the election of such other person as the board of directors may recommend. Our board of directors has no reason to believe that such nominees will be unable or unwilling to serve. Our board of directors does not currently have a nominating or similar committee, but the board of directors has adopted a director nomination policy whereby, in connection with the nomination of candidates to our board, director nominees will either be selected, or recommended for the board's selection, by a majority of the independent directors of our board in accordance with NASDAQ requirements.

Our board of directors has considered transactions and relationships between each director or any member of his immediate family and the company and its subsidiaries and affiliates. Our board of directors has determined that Messrs. Elms, Schiff, Nelson, Kauffman and Cooper are independent under the criteria for independence set forth in the NASDAQ listing standards, and therefore, upon the election of all six nominees, we will meet the NASDAQ requirement for a majority of independent directors serving on the board of directors.

Report of the Audit Committee of the Board of Directors*

Our board of directors audit committee carries out oversight functions with respect to the preparation, review and audit of our financial statements and operates under a written charter adopted by the board of directors.

The audit committee is comprised of Messrs. Elms and Nelson and Drs. Schiff and Kauffman; with Mr. Elms serving as chairman of the audit committee. All current and proposed audit committee members are independent, as independence is defined in Rule 4200(a)(15) of the National Association of Securities Dealers listing standards and under Rule 10A-3 of the Securities Exchange Act of 1934, as amended. All members of the audit committee are financially literate and the board of directors has determined that Mr. Nelson (i) is an audit committee financial expert and (ii) is independent, as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act. The development, maintenance and evaluation of internal controls and procedures and the financial reporting system, the maintenance of appropriate accounting and financial reporting principles or policies and the preparation of financial statements in accordance with generally accepted accounting principles are the responsibility of our management. Our independent auditors perform an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and issue a report thereon. The audit committee's responsibility is to monitor and oversee the foregoing functions. A brief description of the audit committee's responsibilities is set forth under the caption ----Board of Directors; Committees.

Edgar Filing: BIOENVISION INC - Form DEF 14A

The audit committee has met and held discussions with management and the independent auditors with respect to our consolidated financial statements for fiscal year ended June 30, 2006 and related matters. Management advised the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles and the committee has reviewed and discussed the consolidated financial statements with management and our independent auditors. The independent auditors presented to and reviewed with the audit committee the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). Our independent auditors also provided to the committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and in connection therewith the committee discussed with the independent auditors their views as to their independence. In undertaking its oversight function, the audit committee relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on our financial statements.

Based on the audit committee's considerations, discussions with management and the independent auditors as described above, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in our Annual Report on the Form 10-K for the fiscal year ended June 30, 2006 filed with the Securities and Exchange Commission.

- (1) The dollar amounts under these columns are the result of calculations at rates set by the Securities and Exchange Commission and, therefore, are not intended to forecast possible future appreciation, if any, in the price of the underlying common stock. The potential realizable values are calculated using the closing price of \$5.33 per share of our common stock as quoted on the NASDAQ Global Select Market and NASDAQ Global Market on the last day of the fiscal year, or June 30, 2006, and assuming that the market price appreciates from this price at the indicated rate for the entire term of each option and that each option is exercised and sold on the last day of its term at the assumed appreciated price.
- (2) On April 30, 2001, Dr. Wood was granted options to purchase 1,500,000 shares of our common stock at \$1.25 per share. The options were immediately exercisable and originally expired on April 30, 2006 but on March 30, 2006, the exercise period was subsequently extended to April 30, 2011.
- (3) Options vest 25% on the grant date and 25% on each of the first, second and third anniversaries of the grant date.
- (4) On December 12, 2005, the Company cancelled options to purchase 185,000 shares of our common stock that were originally issued below fair market value with an exercise price of \$4.05. The Company reissued these options at the fair market value on January 20, 2004 (original grant date) with an exercise price of \$4.55 and provided a cash bonus to Mr. Luci of \$91,575 in return for the increase in the exercise price. The original vesting terms and remaining exercise period of the original grant on date of modification was utilized in the amended grant.

Option Exercises and Year-End Option Values

The following table provides information regarding the exercise of stock options during the fiscal year ended June 30, 2006 and the number and value of unexercised options to purchase our common stock held as of June 30, 2006 by our named executive officers. As permitted by the rules of the SEC, we have calculated the value of the unexercised in-the-money options at fiscal year end on the basis of the closing price of \$5.33 per share of our common stock as quoted on the NASDAQ Global Select Market and NASDAQ Global Market on the last day of the fiscal year, or June 30, 2006, less the applicable exercise price multiplied by the number of shares which may be acquired on exercise. We have calculated the value realized of exercised options based on the difference between the per share option exercise price and the fair market value per share of our common stock on the date of exercise, multiplied by the number of shares for which the option was exercised.

During our fiscal year ended June 30, 2006, Hugh S. Griffith exercised options to purchase 125,000 shares of our common stock on February 27, 2006 and paid us the aggregate exercise price of \$181,250. In addition, on April 3, 2006, David P. Luci exercised options to purchase 110,000 shares of our common stock and paid us the aggregate exercise price of \$81,400. There were no other options exercised in our fiscal year ended June 30, 2006 by the named executive officers.

success and to improve our ability to attract, retain and motivate individuals upon whom our growth and financial success depends. There are 4,500,000 shares reserved for grants of options under the plan and at June 30, 2006, 3,996,500 of these options had been issued.

These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of filings made with the SEC and our records, we believe that all of our directors, executive officers and holders of more than 10% of the outstanding shares of our common stock have filed on a timely basis the reports required by Section 16(a) of the Exchange Act during, or with respect to, the year ended June 30, 2006, except as described below. A Form 4 required to be filed in September 2005 by Thomas Scott Nelson was filed five days late. A Form 4 required to be filed in March 2006 by Thomas Scott Nelson was filed one day late. A Form 4 required to be filed in March 2006 by Thomas Scott Nelson was filed one day late. Form 4s required to be filed in January 2006 by Dr. Wood, Robert Sterling, Andrew Saunders, Thomas Scott Nelson, David P. Luci, Michael Kauffman, Hugh Griffith, Kristen M. Dunker and Ian

Report of the Compensation Committee of the Board of Directors*

Introduction

Our board of directors' compensation committee administers our compensation programs. Our compensation committee is responsible for reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer, evaluating the chief executive officer's performance in light of those goals and objectives and, determining and approving the chief executive officer's compensation level based on this evaluation. Our compensation committee is also responsible for reviewing and approving the salaries and other compensation of our other executive officers.

The compensation committee is currently comprised of Mr. Elms and Drs. Schiff and Kauffman; with Dr. Kauffman serving as chairman of the compensation committee. All current compensation committee members are independent within the meaning of the listing standards of NASDAQ.

Compensation for 2006

Our 2006 executive compensation program consisted of several elements: an annual base salary, annual bonus compensation and incentive stock option grants.

Christopher B. Wood, M.D. is our chairman and chief executive officer. Dr. Wood received a \$312,000 annual base salary which was previously approved by the board of directors. The other executive officers also received their previously established or negotiated salaries. The compensation committee's goal was to provide competitive executive compensation packages as a means of retaining its executive officers. To that end and consistent with its prior practices, the committee strived to compensate executive officers with salaries commensurate with prevailing compensation practices in the bio-pharmaceutical industry. Salaries vary according to the levels of responsibility undertaken by the executive officers.

The compensation committee's goals with annual bonus and incentive stock option grants was to focus executive behavior on the fulfillment of long-term and annual business objectives, and to create a sense of ownership in the company that causes executive decisions to be aligned with the best interests of our stockholders.

For 2006, our board of directors articulated goals for our company. Our board emphasized several drug development activities and corporate development activities as the most relevant measures in determining executive compensation including obtaining requisite regulatory approval for clofarabine in Europe.

Conclusion

All aspects of our executive compensation are subject to change at the discretion of the committee in reaction to and in recognition of the changing circumstances of the current marketplace. The committee will monitor our executive compensation on an ongoing basis to ensure that it continues to support a performance-oriented environment and remains properly integrated with our annual and long-term strategic objectives.

Performance Graph*

Set forth below is a line graph comparing the yearly percentage change in the cumulative total stockholder return on shares of our common stock against (i) the cumulative total return of companies listed on Nasdaq Stock Market Index and (ii) the cumulative total return of a peer group selected by us (Vion Pharmaceuticals, Inc., Enzon Pharmaceuticals, Inc. and Genzyme Corporation). The five-year period compared commences June 29, 2001 and ends June 30, 2006. This graph assumes that \$100 was invested on July 2, 2001 in us and each of the market index and the peer group index, at the June 29, 2001 closing price, and that all cash distributions were reinvested. Our common stock price performance shown on the graph is not indicative of future price performance.

Edgar Filing: BIOENVISION INC - Form DEF 14A

The following table sets forth certain information regarding the beneficial ownership of common stock, as of October 18, 2006 by (i) each person whom we know to beneficially own 5% or more of the common stock, (ii) each of our directors, (iii) each person listed on the Summary Compensation Table set forth under Executive Compensation and (iv) all of our directors and executive officers. The number of shares of common stock beneficially owned by each stockholder is determined in accordance with the rules of the SEC and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder exercises sole or shared voting or investment power and any shares which the person has the right to acquire within 60 days through the exercise of any option, warrant or right, through conversion of any security or pursuant to the automatic termination of a power of attorney or revocation of a trust, discretionary account or similar arrangement. The percentage ownership of the common stock, however, is based on the assumption, expressly required by the rules of the SEC, that only the person or entity whose ownership is being reported has converted or exercised common stock equivalents into shares of common stock; that is, shares underlying common stock equivalents are not included in calculations in the table below for any other purpose, including for the purpose of calculating the number of shares outstanding generally. Except as otherwise noted below, the address for each person listed on the table is c/o Bioenvision, Inc., 345 Park Avenue, 41st Floor, New York, New York 10154.

An affiliate of SCO Capital Partners LLC, a beneficial owner of more than 5% of our common stock, served as our financial advisor in connection with these financings and earned a placement fee of approximately \$1,200,000 in connection with the May 2002 private placement and warrants to purchase 260,291 shares of common stock for \$6.25 per share for the March and May 2004 financings. We believe that the terms of the foregoing transactions are no less favorable than could be obtained by us from unrelated parties on an arm's-length basis.

PROPOSAL 2--AMENDMENT TO 2003 STOCK INCENTIVE PLAN

(Item 2 on Proxy Card)

Our board of directors has previously adopted, and the stockholders previously approved, the Bioenvision, Inc. 2003 Stock Incentive Plan, attached hereto as Annex A. The plan was adopted to recognize the contributions made by our employees, officers, consultants, and directors, to provide those individuals with additional incentive to devote themselves to our future success and to improve our ability to attract, retain and motivate individuals upon whom our growth and financial success depends.

Our board of directors has adopted, subject to stockholder approval, an amendment to the plan to increase the number of shares of common stock that may be issued upon exercise of options or vesting of restricted shares under the plan from 4,500,000 to 6,750,000, which is attached hereto as Annex B.

We have registered with the SEC on a Form S-8 Registration Statement, as amended, the 4,500,000 shares of common stock currently issuable under the plan. If the amendment is approved by the stockholders, the board of directors intends to cause the additional shares that will become available for issuance to be registered on a Form S-8 Registration Statement to be filed with the SEC at our expense.

Currently, the aggregate number of shares which may be issued upon the exercise of options or the vesting of restricted shares under the plan at any time shall not exceed 4,500,000 shares of common stock. As of October 18, 2006, options to purchase 3,996,500 shares had been awarded and not cancelled. Of such options, options to purchase 730,833 shares had been exercised and options to purchase 3,625,667 shares remain outstanding with exercise prices ranging from \$1.45 to \$8.87 per share, leaving options to purchase 503,500 shares remaining to be issued under the plan.

Our board of directors continues to believe that the plan is an important factor in attracting, retaining and motivating our employees, directors, and consultants. Because of the number of our employees and the fact that we expect in the future to hire a substantial number of additional employees, the board of directors recognizes the need for an additional number of shares that may be issued under the plan.

In view of the foregoing, the board of directors believes that it is appropriate to increase the number of shares which may be issued under the plan in the form of an amendment to the plan to be presented to the stockholders. Accordingly, our board of directors has adopted, subject to stockholder approval, the amendment to the plan, which amends Section 6 of the plan to increase the aggregate number of shares which may be issued upon exercise of options under the plan by 2,250,000 shares, from 4,500,000 to 6,750,000 shares. If the amendment is not approved by the stockholders at the annual meeting, the plan will remain in effect; however, as stated above, options to purchase only 478,500 shares remained available for grant as of October 18, 2006.

If the amendment is approved by the stockholders at the annual meeting, the stockholders will suffer further dilution upon the exercise of future option exercises granted under the plan.

Vote Required and Board of Director's Recommendation

Approval of the amendment will require the affirmative vote of a majority of the votes that may be cast by the shares of common stock and Series A Preferred Stock, voting together as a class, present in person or represented by proxy at the annual meeting and entitled to vote thereon.

The key provisions of the plan are as follows:

Eligibility and Administration

The plan authorizes the board of directors or the compensation committee (the Administrator), to (i) select the participants who are to be granted options, restricted shares or performance units, (ii) determine the number of shares of common stock to be granted to each participant, (iii) designate options, to the extent the award consists of options, as incentive stock options or nonstatutory stock options, (iv) determine the vesting schedule and performance criteria, if any, for restricted shares and performance units and (v) determine to what extent the awards may be transferable. As of the date hereof, there are approximately 33 employees who are currently eligible to participate in the plan under our policies. All directors and consultants are currently eligible to participate in the plan. The Administrator's interpretations and construction of the plan are final and binding on us.

Shares Available for Issuance Under the Plan

The stock subject to options and restricted shares granted under the plan are shares of our authorized but unissued or reacquired shares of common stock. On October 18, 2006, the closing price of the common stock on NASDAQ was \$5.95 per share. As of October 18, 2006, 2,728,500 shares were available for future grants of options and restricted stock awards, assuming this Proposal 2 is approved by the stockholders. On the same date, there were 41,458,615 shares of common stock outstanding.

Grant, Exercise and other Terms of Awards

Options issued under the plan are designated as either incentive stock options or nonstatutory stock options. Incentive stock options are options meeting the requirements of Section 422 of the Code, and nonstatutory options are options not intended to so qualify.

The exercise price of options granted under the plan may not be less than 100% of the fair market value of our common stock (as defined by the plan) on the date of the grant. With respect to any participant who owns stock representing more than 10% of the voting rights of our outstanding common stock, the exercise price of any incentive stock option granted must equal at least 110% of the fair market value of the common stock on the grant date, and the maximum term of any such incentive stock option must not exceed five years.

Options, restricted shares and performance units are evidenced by written award agreements in a form approved by the Administrator from time to time and no award is effective until the applicable award agreement has been executed by both parties thereto. Options granted under the plan may become exercisable in cumulative increments over a period of months or years, or otherwise, as determined by the Administrator. The purchase price of options shall be paid in cash; provided, however, that if the applicable award agreement so provides, or the Administrator, in its sole discretion, otherwise approves thereof, the purchase price may be paid in shares of common stock having a fair market value on the

exercise date equal to the exercise price or in any combination of cash and shares of common stock, as long as the sum of the cash so paid and the fair market value of the shares so surrendered equals the aggregate purchase price. In addition, the Administrator may permit deferred compensation elections by certain directors and executive officers. The award agreement evidencing the restricted shares and/or performance units shall set forth the terms upon which the common stock subject to any awards or the achievement of any cash bonus may be earned.

No options granted under the plan are exercisable after the expiration of ten years (or less in the discretion of the Administrator) from the date of the grant, and no incentive stock options granted under the plan to a participant who owns more than ten percent of the total combined voting power of all classes of our outstanding stock shall be exercisable after the expiration of five years (or less, in the discretion of the Administrator) from the date of the grant. The aggregate fair market value (as of the respective date or dates of grant) of the shares of common stock underlying the incentive stock options that are exercisable for the first time by a participant during any calendar year

under the plan and all other similar plans maintained by us may not exceed \$100,000. If a participant ceases to be our employee for any reason other than his or her death, disability or retirement (as such terms are defined in the plan), such participant shall have the right, subject to certain restrictions, to exercise that option at any time within ninety days (or less, in the discretion of the Administrator) after cessation of employment, but, except as otherwise provided in the applicable award agreement, only to the extent that, at the date of cessation of employment, the participant's right to exercise such option had vested and had not been previously exercised. The Administrator, in its sole discretion, may provide that the option shall cease to be exercisable on the date of such cessation if such cessation arises by reason of termination for cause (as such term is defined in the plan) or if the participant becomes an employee, director or consultant of an entity that the Administrator determines is in direct competition with us.

In the event a participant dies before such participant has fully exercised his or her option, then the option may be exercised at any time within twelve months after the participant's death by the executor or administrator of his or her estate or by any person who has acquired the option directly from the participant by bequest or inheritance, but except as otherwise provided on the applicable award agreement, only to the extent that, at the date of death, the participant's right to exercise such option had vested pursuant to the terms of the applicable award agreement and had not been forfeited or previously exercised.

In the event a participant ceases to be our employee by reason of disability, such participant shall have the right, subject to certain restrictions, to exercise the option at any time within twelve months (or such shorter period as the Administrator may determine) after such cessation of employment, but only to the extent that, at the date of cessation of employment, the participant's right to exercise such option had previously vested pursuant to the terms of the applicable award agreement and had not previously been exercised.

In the event a participant ceases to be our employee by reason of retirement, such participant shall have the right, subject to certain restrictions, to exercise the option at any time within ninety days (or such longer or shorter period as the Administrator may determine) after cessation of employment, but only to the extent that, at the date of cessation of employment, the participant's right to exercise such option had vested pursuant to the terms of the applicable award agreement and had not previously been exercised.

Adjustment of Awards Upon Certain Events

If we merge with another corporation and we are the surviving corporation in such merger and under the terms of such merger the shares of common stock outstanding immediately prior to the merger remain outstanding and unchanged, each outstanding award shall continue to apply to the shares subject thereto and will also pertain and apply to any additional securities and other property, if any, to which a holder of the number of shares subject to the option would have been entitled as a result of the merger.

In the event all or substantially all of our assets are sold, we engage in a merger where we do not survive or we are consolidated with another corporation, each participant shall receive immediately before the effective date of such sale, merger or consolidation restricted shares and the value of any performance units to which the participant is then entitled (regardless of any vesting condition) and each outstanding option will become exercisable (without regard to the vesting provisions thereof) for a period of at least 30 days ending five days prior to the effective date of the transaction. Notwithstanding the foregoing, the surviving corporation may, in its sole discretion, (i) (a) grant to participants with options, options to purchase shares of the surviving corporation upon substantially the same terms as the options granted under the plan, (b) tender to all participants with restricted shares, an award of restricted shares of the surviving or acquiring corporation, and (c) tender to all participants with

performance units, an award of performance units of the surviving or acquiring corporation, or (ii) (a) permit participants with restricted shares to receive unrestricted shares immediately prior to the effective date of any transaction, (b) permit participants with performance units to receive cash with respect to the value of any performance units immediately before the effective date of the transaction and (c) provide participants with options the choice of exercising the option prior to the consummation of the transaction or receiving a replacement option.

Notwithstanding anything to the contrary and except as otherwise expressly provided in the applicable award agreement, the vesting or similar installment provisions relating to the exercisability of any award, option or replacement option tendered as described in the previous sentence shall be accelerated, and the participant with restricted shares or performance units shall become fully vested, and the participant with options shall have the right, for a period of at least 30 days, to exercise such options; provided that such accelerations of vesting and exercisability shall occur only in the event that the participant's employment with or services for us should terminate

24

within two years following a change of control (as defined in the plan), unless such employment or services are terminated by us for cause (as defined in the plan) or by the participant voluntarily without good reason (as defined in the plan), or such employment or services are terminated due to the death or disability of the participant. Notwithstanding the foregoing, no incentive stock option shall become exercisable pursuant to the foregoing without the participant's consent, if the result would be to cause such option not to be treated as an incentive stock option.

The number of shares of common stock covered by the plan, the number of shares of common stock covered by each outstanding option, restricted share and performance unit and the exercise price of any options shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a subdivision or consolidation of such shares or a stock split or the payment of a stock dividend (but only of common stock) or any other increase or decrease in the number of issued shares effected without receipt of consideration by us.

Transfer of Awards

Unless an award is designated transferable by the Administrator upon grant, during the lifetime of the participant who has been granted an award, the award shall not be assignable or transferable. No incentive stock option may be designated as transferable. In the event of the participant's death, any nontransferable award shall be transferable by the participant's will or the laws of descent and distribution.

Amendment and Termination

The plan will continue in effect until terminated by the board of directors or until expiration of the plan on November 17, 2013. The board may suspend or discontinue the plan or revise or amend it.

Dissenters' Appraisal Rights

Under Delaware corporation law, a stockholder of a corporation participating in certain major transactions may, under varying circumstances, be entitled to receive appraisal rights pursuant to which such stockholder may receive cash in the amount of the fair market value of his or her shares in lieu of the consideration that he or she would otherwise receive in the transaction. The fair market value is determined exclusive of any element of value arising from the accomplishment or expectation of the proposed transaction. Such appraisal rights are not available if the shares are designated as a national market system security on the NASDAQ Global Select Market and NASDAQ Global Market.

Federal Income Tax Consequences

The following discussion is intended only as a general summary of the federal income tax consequences to participants and us with respect to the plan. The discussion is based on current laws which are subject to change at any time or which may be interpreted differently. The discussion does not address tax consequences under the laws of any state, local or foreign jurisdiction, nor does it address federal and state estate, inheritance and gift taxes. Further, the tax treatment of each participant will depend in part upon such participant's particular tax situation.

The Code provides favorable tax treatment for incentive stock options. Incentive stock options are subject to certain requirements which are set forth in the plan. Generally, upon the grant of an incentive stock option, and upon the exercise of the incentive stock option during employment or within three months after termination of employment, the optionee will not recognize any income. However, any appreciation in the value of the shares from the date of grant through the date of exercise will generally be an item of adjustment in determining the optionee's potential liability for alternative minimum tax for the taxable year of exercise. The alternative minimum tax may produce a higher tax liability than the regular income tax applicable to the optionee.

The sale or disposition of common stock purchased upon exercise of an incentive stock option is generally a taxable event. The optionee will recognize a gain or loss in an amount equal to the difference between his or her basis in the common stock (normally the exercise price) and the proceeds from the sale or disposition. If the common stock acquired pursuant to an incentive stock option is not sold or otherwise disposed of within two years from the date of grant of the incentive stock option and is held for at least one year after exercise of the incentive stock option, (the holding period) any gain or loss resulting from the sale or disposition of the common stock will be treated as long-term capital gain or loss. If common stock acquired upon exercise of an incentive stock option is disposed of prior

to the expiration of the holding period, or a disqualifying disposition, the excess of the fair market value of the common stock on the date of exercise over the exercise price, or the excess of the sale price over the exercise price, whichever is less, will be treated as ordinary income in the year of disposition. However, any additional gain will be taxed as capital gain (i.e., the excess, if any, of the sales price over the fair market value on the date of exercise). If an optionee disposes of the common stock more than one year after the date of exercise, such capital gain or loss will be treated as long-term capital gain or loss.

We are not entitled to a deduction with respect to incentive stock options. However, in the event of a disqualifying disposition, we are entitled to deduct the ordinary income realized by the optionee. Optionees are required to notify the Company of any disqualifying dispositions.

No taxable income will be realized by an optionee upon the grant of a nonstatutory stock option. Upon exercise of a nonstatutory stock option, the optionee must recognize as ordinary income the excess of the fair market value of the common stock on the date of exercise over the exercise price. We may deduct the amount includible in the employee's income. An optionee's new basis in the common stock acquired upon exercise of a nonstatutory stock option will generally be the fair market value of the shares on the date of exercise. Upon a subsequent disposition of such common stock, the optionee generally will realize a capital gain or loss to the extent of any intervening appreciation or depreciation. If an optionee disposes of the common stock more than one year after the date of exercise, such capital gain or loss will be treated as long-term capital gain or loss. If the optionee makes a deferred compensation for stock option gains, the optionee will generally recognize ordinary income upon later collecting benefits. In these cases, our tax deductions would coincide in timing and amount with the optionee's income recognition.

The receipt of restricted shares of stock of us or performance based units in exchange for services provided to us may be a taxable event to the employee. The restricted shares generally are subject to vesting requirements; however, during the taxable year in which such shares are first either vested (i.e. not subject to a substantial risk of being forfeited by the employee) or transferable, the employee will have to report as ordinary income from compensation an amount of income equal to the difference between the fair market value of such shares at the time of vesting or removal of transfer restrictions over the amount paid for such shares, which amount paid generally will be zero. So long as liability under section 16(b) of the 1934 Act applies to the employee with respect to restricted shares, he or she will be deemed not to have yet incurred a taxable event. If performance based units are received subject to either vesting requirements or restrictions on transferability, the same rules apply as with restricted shares. If performance based units are not so restricted, the employee generally will incur taxable ordinary compensation income in an amount equal to the fair market value of such units in the year received, less the amount, if any, paid for such units.

PROPOSAL 3 RATIFICATION OF INDEPENDENT AUDITORS

(Item 3 on Proxy Card)

On April 4, 2005, we notified Grant Thornton LLP (Grant Thornton) of Grant Thornton 's dismissal in connection with our decision to engage new auditors as our independent registered public accounting firm. On that date, the Company appointed Deloitte & Touche LLP (Deloitte) as our new independent registered public accounting firm for the fiscal year ending June 30, 2005. The decision to engage Deloitte was made by the audit committee of our board of directors on April 4, 2005. The appointment was effective as of such date.

The reports of Grant Thornton on our financial statements for the years ended June 30, 2003 and 2004 did not contain any adverse opinion, or disclaimer of opinion, nor were they qualified or modified as to audit scope or accounting principles.

27

In connection with its audits of our financial statements for the years ended June 30, 2003 and 2004, and during the interim period through December 31, 2004, there were no disagreements with Grant Thornton on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Grant Thornton, would have caused it to make reference thereto in its reports. During our two most recent fiscal years through June 30, 2004, none of the reportable events described in Item 304(a)(1)(iv) of Regulation S-B occurred, except that in connection with Grant Thornton 's review of our consolidated financial statements for the quarter ended March 31, 2004, Grant Thornton recommended that we strengthen its internal controls over financial reporting, and we made the following disclosure in our quarterly report on Form 10-QSB for the quarter ended March 31, 2004:

In connection with its review of the Company 's consolidated financial statements for and as of the three month period ended March 31, 2004, Grant Thornton LLP (Grant Thornton), the Company 's independent accountants, advised the Audit Committee and management of certain significant internal control deficiencies that they considered to be, in the aggregate, a material weakness, including, inadequate staffing and supervision leading to the untimely identification and resolution of certain accounting matters; failure to perform timely reviews, substantiation and evaluation of certain general ledger account balances; lack of procedures or expertise needed to prepare all required disclosures; and evidence that employees lack the qualifications and training to fulfill their assigned functions. Grant Thornton indicated that they considered these deficiencies to be reportable conditions as that term is defined under standards established by the American Institute of Certified Public Accountants. A material weakness is a significant deficiency in one or more of the internal control components that alone or in the aggregate precludes our internal control from reducing to an appropriately low level the risk that material misstatements in our financial statements will not be prevented or detected on a timely basis. The Company considered these matters in connection with the quarter end closing of accounts and preparation of related quarterly financial statements at and as of March 31, 2004 and determined that no prior period financial statements were materially affected by such matters.

In response to the observations made by Grant Thornton, the Company will proceed more expeditiously with its existing plan to enhance the Company 's internal controls and procedures, which it believes addresses each of the matters raised by Grant Thornton.

During our fiscal years ended June 30, 2003 and June 30, 2004 and the period from the end of June 30, 2004 to the date of appointment of Deloitte, we nor anyone acting on our behalf consulted with Deloitte with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, or any other matters or events set forth in Items 304(a)(2)(i) and (ii) of Regulation S-B.

On January 17, 2006, Deloitte notified us of its resignation as our independent registered public accounting firm upon the completion of its review of our unaudited financial information for the quarter ended December 31, 2005. Deloitte completed their review on February 14, 2006, and Deloitte 's resignation became effective on February 15, 2006.

We appointed Deloitte as our independent registered public accounting firm on April 4, 2005. The report of Deloitte on our financial statements for the fiscal year ended June 30, 2005 did not contain any adverse opinion, or disclaimer of opinion, nor was it qualified or modified as to audit scope or accounting principles.

Edgar Filing: BIOENVISION INC - Form DEF 14A

In connection with its audit of our financial statements for the fiscal year ended June 30, 2005, and through February 15, 2006, there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused it to make reference thereto in its report. During our fiscal year ended June 30, 2005 and through February 15, 2006, none of the reportable events described in Item 304(a)(1)(v) of Regulation S-K occurred except for the identification of the following material weaknesses. In our quarterly report on Form 10-QSB for the three-month period ended March 31, 2005, we identified the following material weakness: Failure to ensure the correct application of SFAS 109 Accounting for Income Taxes with respect to purchase business combinations and failure to correct that error subsequently resulting from the lack of personnel knowledgeable in the accounting for income taxes. In our annual report on Form 10-KSB for the fiscal year ended June 30, 2005, we identified the following material weakness: Failure to maintain effective controls relating to the timely identification, evaluation and accurate resolution of non-routine or complex accounting matters.

28

Effective April 18, 2006, we appointed J.H. Cohn LLP (J.H. Cohn) as our new independent registered public accounting firm. The decision to engage J.H. Cohn was made by the audit committee of our board of directors.

During our fiscal years ended June 30, 2004 and June 30, 2005 and the period from the end of fiscal year June 30, 2005 to the date of appointment of J.H. Cohn, neither we nor anyone acting on our behalf consulted with J.H. Cohn with respect to (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on our financial statements; or (ii) any other matter that was either the subject of a disagreement (as defined in paragraph 304(a)(1)(iv) of Regulation S-K) or a reportable event (as described in paragraph 304(a)(1)(v) of Regulation S-K).

Description of Proposal

Our board of directors has appointed J.H. Cohn as our independent auditors for the fiscal year ended June 30, 2006, and has further directed that the appointment of such accountants be submitted for ratification by the stockholders at the annual meeting. We have been advised by J.H. Cohn that neither that firm nor any of its associates has any relationship with us other than the usual relationship that exists between independent certified public accountants and clients. J.H. Cohn will have a representative at the annual meeting who will have an opportunity to make a statement, if he or she so desires, and who will be available to respond to appropriate questions.

Stockholder ratification of the appointment of J.H. Cohn as our independent auditors is not required by our charter or otherwise. However, our board of directors is submitting the appointment of J.H. Cohn to the stockholders for ratification as a matter of what it considers to be good corporate practice. Even if the appointment is ratified, our board of directors in its discretion may direct the appointment of a different independent accounting firm at any time during the year if our board determines that such a change would be in our and our stockholders' best interests.

Principal Accounting Firm Fees, not including out of pocket expenses.

If the Compensation Committee grants an Award to a person subject to Code Section 162(m), each member of the Compensation Committee shall be an outside director within the meaning of that section.

5. PARTICIPATION.

(a) Eligibility.

The Participants shall be such Employees (who may be officers, whether or not they are directors) and directors of or consultants to the Corporation or a Subsidiary (whether or not they are Employees) as the Administrator may select subject to the terms and conditions of Section 5(b) below; provided that directors or consultants who are not also Employees shall not be eligible to receive Incentive Stock Options.

(b) Ten-Percent Stockholders.

A Participant who owns more than ten percent (10%) of the total combined voting power of all classes of outstanding stock of the Corporation, its parent or any of its Subsidiaries shall not be eligible to receive an Incentive Stock Option unless (i) the Exercise Price of the Shares subject to such Option is at least one hundred ten percent (110%) of the Fair Market Value of such Shares on the date of grant and (ii) such Option by its terms is not exercisable after the expiration of five (5) years from the date of grant.

(c) Stock Ownership.

For purposes of Section 5(b) above, in determining stock ownership, a Participant shall be considered as owning the stock owned, directly or indirectly, by or for his or her brothers and sisters (by whole or half blood), spouse, ancestors and lineal descendants. Stock owned, directly or indirectly, by or for a corporation, partnership, estate or trust shall be considered as being owned proportionately by or for its shareholders, partners or beneficiaries. Stock with respect to which such Participant holds an Option or any other option if (as of the time the Option or such other option is granted) the terms of such Option or other option provide that it will not be treated as an Incentive Stock Option, shall not be counted.

(d) Outstanding Stock

For purposes of Section 5(b) above, outstanding stock shall include all stock actually issued and outstanding immediately after the grant of the Option to the Participant. Outstanding stock shall not include shares authorized for issuance under outstanding Options held by the Participant or by any other person.

6. STOCK.

The stock subject to Awards granted under the Plan shall be Shares of the Corporation's authorized but unissued or reacquired Shares of Common Stock. The aggregate number of Shares as to which Awards may be granted shall be 3,000,000. Notwithstanding the foregoing, the maximum number of shares of Common Stock for which Incentive Stock Options may be granted under the Plan shall not exceed 3,000,000 shares of Common Stock, reduced by the sum of all Shares previously issued pursuant to Incentive Stock Option Awards and by the aggregate number of Shares of Common Stock subject to then-outstanding Incentive Stock Options. For purposes of the limitations set forth in this Section, if any portion of an Award is forfeited, canceled, reacquired by the Company, satisfied without the issuance of Common Stock or otherwise terminated, the shares of Common Stock underlying such portion of the Award shall be added back to the shares of Common Stock available for issuance under the Plan. The limitations established by this Section 6 shall be subject to adjustment in the manner provided in Section 11 hereof upon the occurrence of an event specified therein.

7. TERMS AND CONDITIONS OF OPTIONS.

(a) Award Agreements.

A-4

Options shall be evidenced by written Award Agreements in such form as the Administrator shall from time to time determine. Such agreements need not be identical but shall comply with and be subject to the terms and conditions set forth below. No Option shall be effective until the applicable Award Agreement is executed by both parties thereto.

(b) Participant's Undertaking.

Edgar Filing: BIOENVISION INC - Form DEF 14A

Each Participant shall agree to remain in the employ or service of the Corporation and to render services for a period as shall be determined by the Administrator, from the date of the granting of the Option, but such agreement shall not impose upon the Corporation any obligation to retain the Participant in their employ or service for any period.

(c) Number of Shares.

Each Option shall state the number of Shares to which it pertains and shall provide for the adjustment thereof in accordance with the provisions of Section 11 hereof.

(d) Exercise Price.

Each Option shall state the Exercise Price. The Exercise Price shall not be less than the Fair Market Value on the date of grant and, in the case of an Incentive Stock Option granted to a Participant described in Section 5(b) hereof, shall not be less than one hundred ten percent (110%) of the Fair Market Value on the date of grant.

(e) Medium and Time of Payment.

The Purchase Price shall be payable in full in United States dollars upon the exercise of the Option; provided, however, that if the applicable Award Agreement so provides, or the Administrator, in its sole discretion otherwise approves therefor, the Purchase Price may be paid by the surrender of Shares in good form for transfer, owned by the person exercising the Option for at least six months (subject to the Administrator's discretion to waive this six-month requirement) and having a Fair Market Value on the date of exercise equal to the Purchase Price, or in any combination of cash and Shares, as long as the sum of the cash so paid and the Fair Market Value of the Shares so surrendered equals the Purchase Price.

Payment of any tax withholding requirements may be made, in the discretion of the Administrator, (i) in cash, (ii) by delivery of Shares registered in the name of the Participant, or by the Corporation not issuing such number of Shares subject to the Option, having a Fair Market Value at the time of exercise equal to the amount to be withheld or (iii) any combination of (i) and (ii) above. If the Corporation is required to register under Section 207.3 of Regulation G of the Board of Governors of the Federal Reserve System (Title 12 Code of Federal Regulations Part 207), then so long as such registration is in effect, the credit extended by the Corporation to a Participant for the purpose of paying the Purchase Price shall conform to the requirements of such Regulation G.

Upon a duly made deferral election by a Participant eligible to participate under the Corporation's Deferred Compensation Plan, Shares otherwise issuable to the Participant upon the exercise of a Nonstatutory Stock Option and payment of the Purchase Price by the surrender of Shares (or by the payment of cash if an Award Agreement so provides or if the Administrator exercises its discretion to accept cash) in accordance with the first paragraph of this Section 7(e), will not be delivered to the Participant. In lieu of delivery of such Shares, the Common Stock Account (as defined in the Corporation's Deferred Compensation Plan) of the Participant maintained pursuant to the Corporation's Deferred Compensation Plan shall be credited with a number of stock units having a value, calculated pursuant to such plan, equal to the Option Profit associated with the exercised Nonstatutory Stock Option. Such deferral of Option Profit under the Corporation's Deferred Compensation Plan is available to Participants only if the Shares surrendered in payment of the Purchase Price upon the exercise of a Nonstatutory Stock Option have been held by the Participant for at least six months (or by the payment of cash if an Award Agreement so provides or if the Administrator exercises its discretion to accept cash).

(f) Term of Options.

A-5

Each Option shall state the time or times when all or part thereof becomes exercisable. No Option shall be exercisable after the expiration of ten (10) years (or less, in the discretion of the Administrator) from the date it was granted, and no Incentive Stock Option granted to a Participant described in Section 5(b) hereof shall be exercisable after the expiration of five (5) years (or less, in the discretion of the Administrator) from the date it was granted.

(g) Cessation of Service (Except by Death, Disability or Retirement).

Except as otherwise provided in this Section 7, an Option may only be exercised by Participants who have remained continuously in service as an Employee, director or consultant with the Corporation since the date of grant of the Option. If a Participant ceases to be an Employee, director or consultant for any reason other than his or her death, Disability or Retirement, such Participant shall have the right, subject to the restrictions referred to in Section 7(f) above, to exercise the Option at any time within ninety (90) days (or such shorter period as the

Edgar Filing: BIOENVISION INC - Form DEF 14A

Administrator may determine in an Award Agreement) after cessation of service, but, except as otherwise provided in the applicable Award Agreement, only to the extent that, at the date of cessation of service, the Participant's right to exercise such Option had accrued pursuant to the terms of the applicable Award Agreement and had not previously been exercised. The foregoing notwithstanding: (i) unless otherwise provided in an Award Agreement or in the sole discretion of the Administrator, the Option shall cease to be exercisable on the date of such cessation of service if such cessation arises by reason of termination for Cause; and (ii) an Award Agreement may provide that the Option shall cease to be exercisable on the date of such cessation of service if the Participant following cessation becomes an employee, director or consultant of a person or entity that the Administrator, in its sole discretion, determines is in direct competition with the Corporation or a Subsidiary.

For purposes of this Section 7(g) the service relationship shall be treated as continuing intact while the Participant is on military leave, sick leave or other bona fide leave of absence (to be determined in the sole discretion of the Administrator). The foregoing notwithstanding, service shall not be deemed to continue beyond the ninetieth (90th) day after the Participant ceased active service, unless the Participant's reemployment rights are guaranteed by statute or by contract or the Administrator determines in its discretion that the Participant's service shall be treated as continuing for a term stated in writing.

(h) Death of Participant.

If a Participant dies while a Participant, or after ceasing to be a Participant but during the period in which he or she could have exercised the Option under this Section 7, and has not fully exercised the Option, then the Option may be exercised in full, subject to the restrictions referred to in Section 7(f) above, at any time within twelve (12) months (or such shorter period as the Administrator may determine) after the Participant's death by the executor or administrator of his or her estate or by any person or persons who have acquired the Option directly from the Participant by bequest or inheritance, but, except as otherwise provided in the applicable option agreement, only to the extent that, at the date or death, the Participant's right to exercise such Option had accrued and had not been forfeited pursuant to the terms of the applicable Award Agreement and had not previously been exercised.

(i) Disability of Participant.

If a Participant ceases to be an Employee, director or consultant by reason of Disability, such Participant shall have the right, subject to the restrictions referred to in Section 7(f) above, to exercise the Option at any time within twelve (12) months (or such shorter period as the Administrator may determine) after such cessation of service, but, except as provided in the applicable Award Agreement, only to the extent that, at the date of such cessation of service, the Participant's right to exercise such Option had accrued pursuant to the terms of the applicable Award Agreement and had not previously been exercised.

(j) Retirement of Participant.

If a Participant ceases to be an Employee by reason of Retirement, such Participant shall have the right, subject to the restrictions referred to in Section 7(f) above, to exercise the Option at any time within ninety (90) days (or such longer or shorter period as the Administrator may determine) after cessation of employment, but only to the extent that, at the date of cessation of employment, the Participant's right to exercise such Option had accrued pursuant to the terms of the applicable option agreement and had not previously been exercised.

A-6

(k) Limitation on Incentive Stock Options

If the aggregate Fair Market Value (determined as of the date an Option is granted) of the stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year under this Plan and all other plans maintained by the Corporation, its parent or its Subsidiaries, exceeds \$100,000, the Option shall be treated as a Nonstatutory Stock Option with respect to the stock having an aggregate Fair Market Value exceeding \$100,000.

(l) Other Provisions.

The Award Agreements authorized under the Plan may contain such other provisions not inconsistent with the terms of the Plan (including, without limitation, restrictions upon the exercise of the Option or the transfer of Shares of stock following exercise of the Option) as the Administrator shall deem advisable.

8. RESTRICTED SHARE AWARDS

(a) Grants.

Edgar Filing: BIOENVISION INC - Form DEF 14A

The Administrator shall have the discretion to grant Restricted Shares to Participants. As promptly as practicable after a determination is made that an Award of Restricted Shares is to be made, the Administrator shall notify the Participant in writing of the grant of the Award, the number of Shares covered by the Award, and the terms upon which the Shares subject to the Award may be earned. The date on which the Administrator so notifies the Participant shall be considered the date of grant of the Restricted Shares. The Administrator shall maintain records as to all grants of Restricted Shares under the Plan.

(b) Earning Shares.

Each Award Agreement for Restricted Shares shall state the time or times, and the conditions or circumstances under which, all or part of the Restricted Shares shall be earned and become nonforfeitable by a Participant.

(c) Accrual of Dividends.

Unless otherwise provided in an Award Agreement, on the last day of each fiscal year of the Corporation, the Administrator shall credit to the Participant's Restricted Share account under the Plan a number of Restricted Shares having a Fair Market Value, on that date, equal to the sum of any cash and stock dividends paid on Restricted Shares previously credited to the Participant's account during such fiscal year. The Administrator shall hold each Participant's Restricted Shares until distribution is required pursuant to subsection (d) hereof.

(d) Distribution of Restricted Shares.

Timing of Distributions; General Rule. Except as otherwise expressly stated in this Plan, the Administrator shall distribute Restricted Shares and any Restricted Shares attributable to accumulated cash or stock dividends thereon to the Participant or his or her beneficiary, as the case may be, as soon as practicable after they have been earned. No fractional shares shall be distributed.

Form of Distribution. The Administrator shall distribute all Restricted Shares, together with any Shares representing dividends, in the form of Common Stock. One Share shall be given for each Restricted Share earned.

9. PERFORMANCE UNITS

(a) Performance Units. A Performance Unit is an Award denominated in cash, the amount of which may be based on the achievement of specific goals with respect to Corporation, Subsidiary or individual performance over a specified period of time. The maximum amount of such compensation that may be paid to any one Participant with respect to any one Performance Period (hereinafter defined) shall be \$50,000. Performance Units may be settled in Shares (based on their Fair Market Value at the time of settlement, unless an Award

A-7

Agreement provides otherwise) or cash or both, and may be awarded by the Administrator to Employees, directors or consultants to the Corporation or its Subsidiaries.

(b) Performance Compensation Awards.

(1) The Administrator may, at the time of grant of a Performance Unit or Restricted Share Award, designate such Award as a Performance Compensation Award in order that such Award constitutes qualified performance-based compensation under Code Section 162(m), in which event the Administrator shall have the power to grant such Awards upon terms and conditions that qualify such awards as qualified performance-based compensation within the meaning of Code Section 162(m). With respect to each such Performance Compensation Award, the Administrator shall establish, in writing, a Performance Period, Performance Measure(s) (hereinafter defined), and Performance Formula(s) (hereinafter defined). Once established for a Performance Period, such items shall not be amended or otherwise modified to the extent such amendment or modification would cause the compensation payable pursuant to the Award to fail to constitute qualified performance-based compensation under Code Section 162(m).

(2) A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that the Performance Measure(s) for such Award are achieved and the Performance Formula as applied against such Performance Measure(s) determines that all or some portion of such Participant's Award has been earned for the Performance Period. As soon as practicable after the close of each Performance Period, the Administrator shall review and certify in writing whether, and to what extent, the Performance Measure(s) for the Performance Period have been achieved and, if so, determine and certify in writing the amount of the Performance Compensation Award to be paid to the Participant and, in so doing, may use negative discretion to decrease, but not increase, the amount of the Award otherwise payable to the Participant based upon such performance. The maximum Performance Compensation Award for any one Participant for any one

Edgar Filing: BIOENVISION INC - Form DEF 14A

Performance Period shall be 25,000 performance Restricted Shares or \$50,000.

(c) Definitions.

(1) **Performance Formula** means, for a Performance Period, one or more objective formulas or standards established by the Administrator for purposes of determining whether or the extent to which an Award has been earned based on the level of performance attained or to be attained with respect to one or more Performance Measure(s). Performance Formulas may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative.

(2) **Performance Measure** means one or more of the following selected by the Administrator to measure Corporation, Subsidiary and/or business unit performance for a Performance Period, whether in absolute or relative terms (including, without limitation, terms relative to a peer group or index): basic or diluted earnings per share; sales or revenue; earnings before interest and taxes (in total or on a per share basis); net income; returns on equity, assets, capital, revenue or similar measure; economic value added; working capital; total shareholder return; and product development, product market share, research, licensing, litigation, human resources, information services, mergers, acquisitions, sales of assets or subsidiaries. Each such measure shall be to the extent applicable, determined in accordance with generally accepted accounting principles as consistently applied by the Corporation (or such other standard applied by the Administrator) and, if so determined by the Administrator, and in the case of a Performance Compensation Award, to the extent permitted under Code Section 162(m), adjusted to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles. Performance Measures may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative.

(3) **Performance Period** means one or more periods of time (of not less than one fiscal year of the Corporation), as the Administrator may designate, over which the attainment of one or more Performance Measure(s) will be measured for the purpose of determining a Participant's rights in respect of an Award.

A-8

10. TERM OF PLAN.

Awards may be granted pursuant to the Plan until the expiration of the Plan ten years after the date (specified in Section 3) on which the Plan received Board approval.

11. RECAPITALIZATIONS; CHANGE OF CONTROL.

(a) Adjustments in Respect of Recapitalizations and Other Corporate Transactions.

The number of Shares covered by the Plan as provided in Section 6 hereof, the number of Shares covered by each outstanding Award and the Exercise Price of Options shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a subdivision or consolidation of Shares or a stock split or the payment of a stock dividend (but only of Common Stock) or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Corporation.

If the Corporation shall merge with another corporation and the Corporation is the surviving corporation in such merger and under the terms of such merger the shares of Common Stock outstanding immediately prior to the merger remain outstanding and unchanged, each outstanding Award shall continue to apply to the Shares subject thereto and shall also pertain and apply to any additional securities and other property, if any, to which a holder of the number of Shares subject to the Award would have been entitled as a result of the merger. If the Corporation sells all, or substantially all, of its assets, or the Corporation merges (other than a merger of the type described in the immediately preceding sentence) or consolidates with another corporation, this Plan and each Award shall terminate; provided that in such event (i) each Participant to whom no replacement Award has been tendered by the surviving or acquiring corporation (or the parent corporation of the surviving or acquiring corporation) in accordance with all of the terms of clause (ii) immediately below, shall receive immediately before the effective date of such sale, merger or consolidation, unrestricted Shares equal to the number of Restricted Shares and the value of any Performance Units to which the Participant is then entitled (regardless of any vesting condition), and shall have the right, for a period of at least thirty days, until five days before the effective date of such sale, merger or consolidation, to exercise, in whole or in part (in the discretion of the Participant), any unexpired Option or Options issued to him or her, without regard to the installment or vesting provisions of any option agreement, or (ii) in its sole and absolute discretion, the surviving or acquiring corporation (or the parent corporation of the surviving or acquiring corporation) may, but shall not be obligated to, (I) tender to all Participants with then Restricted Shares, an award of restricted shares of the surviving or acquiring corporation (or the parent corporation of the surviving or acquiring corporation), tender to all Participants with then Performance Units, an award of performance units of the surviving or acquiring corporation (or the parent corporation of the surviving or acquiring corporation), and tender to

Edgar Filing: BIOENVISION INC - Form DEF 14A

Participants with outstanding Options under the Plan an option or options to purchase shares of the surviving or acquiring corporation (or of the parent corporation of the surviving or acquiring corporation), in which each new award or awards contain such terms and provisions as shall be required substantially to preserve the rights and benefits of all Awards then held by such Participants or, (II) permit Participants to receive unrestricted Shares with respect to any Restricted Shares (regardless of any vesting condition) immediately before the effective date of the transaction, permit Participants to receive cash with respect to value of any Performance Units (regardless of any vesting condition) immediately before the effective date of the transaction, honor deferral elections that Participants make pursuant to Section 8(e), and grant the choice to all Participants with then outstanding Options of (A) exercising the Options in full as described in clause (i) above or (B) receiving a replacement Option as set forth in clause (ii)(I). A dissolution or liquidation of the Corporation, other than a dissolution or liquidation immediately following a sale of all or substantially all of the assets of the Corporation, which shall be governed by the immediately preceding sentence, shall cause each Award to terminate. In the event a Participant receives any unrestricted Shares in satisfaction of Restricted Shares, any payment in satisfaction of Performance Units, or exercises any unexpired Option or Options prior to the effectiveness of a sale of all or substantially all of the Corporation's assets or a merger or consolidation of the Corporation with another corporation in accordance with clause (i) of this Section 11, such receipt of unrestricted Shares, such payment, or exercise of any Option or Options shall be subject to the consummation of such sale, merger or consolidation. If such sale, merger or consolidation is not consummated, any otherwise unearned Restricted Shares shall be deemed not to have been distributed to the Participant, any payment made to satisfy Performance Units shall be returned to the Corporation, and any otherwise unexpired Option or Options shall be deemed to have not been exercised, and the Participant and the Corporation shall take all steps necessary to achieve this effect including, without limitation, the Participant delivering to the Corporation the stock certificate representing the Shares issued with respect to Restricted Shares, the return to the Corporation of any payments made to the Participant, or upon the exercise of the Option, endorsed

A-9

in favor of the Corporation, and the Corporation returning to the Participant the consideration representing the Purchase Price paid by the Participant upon the exercise of the Option.

To the extent that the foregoing adjustments relate to securities of the Corporation, such adjustments shall be made by the Administrator, whose determination shall be conclusive and binding on all persons.

Except as expressly provided in this Section 11, the Participant shall have no rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class or by reason of any dissolution, liquidation, merger or consolidation or spin-off of assets or stock of another corporation, and any issue by the Corporation of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or Exercise Price of Shares subject to an Option or the number or type of Shares subject to an Award of Restricted Shares.

The grant of an Award pursuant to the Plan shall not affect in any way the right or power of the Corporation to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

(b) Acceleration under Certain Circumstances Following a Change of Control.

Notwithstanding any other provision of the Plan to the contrary and except as otherwise expressly provided in the applicable Award Agreement, the restrictions relating to any Restricted Shares, the vesting of any Performance Units, the vesting or similar installment provisions relating to the exercisability of any Option, and the restrictions, vesting or installment provisions relating to any replacement award tendered to a Participant pursuant to or as a result of, or relating to, a transaction described in the second paragraph of Section 11(a) hereof shall be waived or accelerated, as the case may be, and the Participant shall receive unrestricted Shares with respect to any Restricted Shares, a payment with respect to the value of any Performance Units, or a similar replacement award, and shall have the right, for a period of at least thirty days, to exercise such an Option or replacement option in the event the Participant's employment with or services for the Corporation should terminate within two years following a Change of Control, unless such employment or services are terminated by the Corporation for Cause or by the Participant voluntarily without Good Reason, or such employment or services are terminated due to the death or Disability of the Participant. Notwithstanding the foregoing, no Incentive Stock Option shall become exercisable pursuant to the foregoing without the Participant's consent, if the result would be to cause such option not to be treated as an Incentive Stock Option.

12. RIGHTS AS A STOCKHOLDER; NONTRANSFERABILITY.

(a) A Participant or a transferee of an Award shall have no rights as a stockholder with respect to any Shares covered by such Award until the date of the issuance of a stock certificate to such Participant or transferee for such Shares. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued, except as provided in Section 8(c) or Section 11 hereof.

(b) Awards are nontransferable except as provided in this paragraph and as the Administrator may otherwise provide. Awards may be transferred by will or by the laws of descent and distribution. Unless otherwise provided in an Award Agreement, a Participant may give an Award that is not an Incentive Stock Option to an immediate family member, to a partnership or trust solely benefiting the Participant or immediate family members, or to an *inter vivos* trust or testamentary trust from which the Award (or the Award proceeds) will be transferred after the Participant's death. An immediate family member is a Participant's natural or adopted child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law. A transfer shall not relieve a Participant from his or her obligations under this Plan or the applicable Award Agreement with respect to the transferred Award or Award proceeds.

A-10

13. AGREEMENT BY PARTICIPANT REGARDING WITHHOLDING TAXES

(a) No later than the date of exercise of any Option, the distribution of Shares to a Participant pursuant to a Restricted Share Award, or the payment of any Performance Units, the Participant shall pay to the Corporation or make arrangements satisfactory to the Administrator regarding payment of any federal, state or local taxes of any kind required by law to be withheld, and may satisfy minimum withholding consequences through the surrender of shares subject to the Award; provided that an Award Agreement may provide, or the Administrator may in its discretion permit, a Participant to surrender Shares (including any Shares subject that the Participant has the present right to receive pursuant to the Award) having a Fair Market Value equal to the minimum statutory tax withholding associated with the Award giving rise to the taxable income.

(b) The Corporation shall, to the extent permitted or required by law, have the right to deduct from any payment of any kind otherwise due to the Participant any federal, state or local taxes of any kind required by law to be withheld with respect to an Award.

14. SECURITIES LAW REQUIREMENTS.

(a) Legality of Issuance.

No Shares shall be issued pursuant to any Award unless and until the Corporation has determined that:

1. it and the Participant have taken all actions required to register the offer and sale of the Shares under the Act, or to perfect an exemption from the registration requirements thereof;
2. any applicable listing requirement of any stock exchange on which the Common Stock is listed has been satisfied; and
3. any other applicable provision of state or Federal law has been satisfied.

(b) Restrictions on Transfer; Representations of Participant; Legends.

Regardless of whether the offering and sale of Shares under the Plan has been registered under the Act or has been registered or qualified under the securities laws of any state, the Corporation may impose restrictions upon the sale, pledge or other transfer of such Shares (including the placement of appropriate legends on stock certificates) if, in the judgment of the Corporation and its counsel, such restrictions are necessary or desirable in order to achieve compliance with the provisions of the Act, the securities laws of any state or any other law. In the event that the sale of Shares under the Plan is not registered under the Act but an exemption is available which requires an investment representation or other representation, each Participant shall be required to represent that any Shares being acquired by the Participant are being acquired for investment, and not with a view to the sale or distribution thereof, and to make such other representations as are deemed necessary or appropriate by the Corporation and its counsel. Stock certificates evidencing Shares acquired under the Plan pursuant to an unregistered transaction shall bear the following restrictive legend (or similar legend in the discretion of the Administrator) and such other restrictive legends as are required or deemed advisable under the provisions of any applicable law:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933. THESE SECURITIES HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO DISTRIBUTION AND MAY

Edgar Filing: BIOENVISION INC - Form DEF 14A

NOT BE OFFERED FOR SALE, SOLD, PLEDGED OR OTHERWISE TRANSFERRED IN THE ABSENCE OF AN EFFECTIVE REGISTRATION STATEMENT FOR SUCH SECURITIES UNDER THE SECURITIES ACT OF 1933 OR AN OPINION OF COUNSEL REASONABLY SATISFACTORY IN FORM AND CONTENT TO THE ISSUER THAT SUCH REGISTRATION IS NOT REQUIRED UNDER SUCH ACT.

A-11

Any determination by the Corporation and its counsel in connection with any of the matters set forth in this Section 13 shall be conclusive and binding on all persons.

(c) Registration or Qualification of Securities.

The Corporation may, but shall not be obligated to, register or qualify the sale of Shares under the Act or any other applicable law. The Corporation shall not be obligated to take any affirmative action in order to cause the sale of Shares under the Plan to comply with any law.

(d) Exchange of Certificates.

If, in the opinion of the Corporation and its counsel, any legend placed on a stock certificate representing Shares sold under the Plan is no longer required, the holder of such certificate shall be entitled to exchange such certificate for a certificate representing the same number of Shares but without such legend.

15. AMENDMENT OF THE PLAN; MODIFICATION OF AWARDS.

- (a) The Board may from time to time, with respect to any Shares at the time not subject to Awards, suspend or discontinue the Plan or revise or amend it in any respect whatsoever.

Within the limitations of the Plan, the Administrator may modify any Award, accelerate the vesting of any Restricted Share Award or the rate at which an Option may be exercised, or extend or renew outstanding Options. The foregoing notwithstanding, no modification of an Award shall, without the consent of the Participant, adversely alter or impair any rights or obligations under any Award previously granted to the Participant.

16. APPLICATION OF FUNDS.

The proceeds received by the Corporation from the sale of Common Stock pursuant to the exercise of an Option will be used for general corporate purposes.

17. APPROVAL OF STOCKHOLDERS.

The adoption of this restated Plan is subject to approval by the stockholders of the Corporation.

18. EXECUTION.

To record the adoption of the amended and restated Plan by the Board on November 17, 2003 the Corporation has caused its authorized officers to affix the corporate name and seal hereto.
