" I am very pleased with the progress that the Company has made in the second quarter of this year. The changes that are being implemented in our property operations have resulted in an increase in the Same Community Results of 4.0% compared to 2.9% for the first quarter. Our earnings are in line with analyst's First Call Consensus and our Fixed Charge Coverage Ratio increased to 2.0x", cited Thomas W. Toomey, President and Chief Executive Officer.

2

Portfolio Operating Performance and Same Community Results

During the second quarter, 73,348 homes were classified as same community on a weighted average basis.

Same Community Results (\$ in thousands, except monthly rent)

	2Q01	2Q00	% Change
Gross Potential Rent	\$152,634	\$146,677	4.1%
Rental & other Income	144,041	139,766	3.1%
Expenses	50,130	49,478	1.3%
Net Operating Income	93,911	90,288	4.0%
Avg. monthly rent per home	\$ 694	\$ 667	4.1%
Avg. monthly rent per SF	.795	.764	4.1%
Avg. physical occupancy	94.0%	94.4%	(0.4)%
Avg. economic occupancy	92.9%	93.6%	(0.7)%
Operating margin	65.2%	64.6%	0.6%

On a year-over-year basis, second quarter 2001 same community NOI growth of 4.0% was the result of a 3.1% increase in revenues from rental and other income and a 1.3% increase in operating expenses.

"Rents increased by 4.1% over last year, however our push for these increases, coupled with our efforts to reduce the number of month-to-month leases, as well as decreased occupancy from some of our student-oriented properties, resulted in slightly lower occupancy rates and higher concessions in the current quarter," said Toomey. "Regarding expenses, increases in utilities costs (+15.9%) and property insurance costs (+17.4%) were partially offset by decreased costs in personnel (-3.6%), marketing costs of (-3.3%) and repairs and maintenance costs of (-0.8%)."

Development Activity

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form 8-K/A

The Company currently has six communities containing 1,546 units under development with four of them scheduled for completion by year-end. The remaining two communities have an expected completion date in March 2002. Projected costs are within their original budget and lease-up is progressing on schedule. As part of a previously announced plan, the Company currently has five development sites under contract for sale for a total consideration of \$13.1 million which is slightly above carrying value. These sales are subject to due diligence evaluations by the buyers.

Capitalization

On June 15, the Company completed the redemption of all its outstanding 9.25% Series A Preferred shares, utilizing proceeds from its line of credit. Based on anticipated costs of a \$100 million FNMA financing scheduled to close in August, this transaction will result in an annual reduction of over \$3 million in capital costs.

Throughout the quarter the Company has repurchased 1.42 million common shares, at an average purchase price of \$13.55. As of July 19, year to date purchases total 2.44 million common shares at an average purchase price of \$12.73.

3

Property Management Organization

The Company took a one-time charge against earnings in the first quarter to cover costs principally associated with replacing the former senior management team, establishing a new office in Denver, reducing the total Company work force by approximately 10%, and revaluing certain real estate held for disposition. In addition to the successful implementation of those changes, we have performed a detailed analysis of the Property Management organization, resulting in the streamlining of the Company's operations. By eliminating a layer of management, the Company has moved operational decision-making closer to the real estate, and has generated savings that can be redeployed into new positions to assist our community managers with marketing and pricing decisions.

Approximately 15 positions were eliminated in the property management organization, partially offset by the addition of an Asset Manager and seven Pricing Managers. In addition we have added a new Senior Vice President in Denver who will focus on overall organizational improvement. "I'm pleased to announce the addition of Kevin McCabe to the United Dominion executive team," said Toomey. "I've known Kevin for many years, and his strengths in process and people management will be a great help to me as we work to create a unified approach to a business formerly operated as three. Kevin will be a resource for our Area Directors as they assume their increasing responsibilities," he added.
