Item 2 Date of Material Change

Item 3 News Release

The English version and the French translation version of the news release relating to this material change were distributed and filed by CCN Mathews through their Canadian Timely Disclosure Pack and U.S. Timely Disclosure Pack on September 6, 2007.

Item 4 Summary of Material Change

On September 6, 2007, Cameco filed a notice of intention to make a normal course issuer bid with the Toronto Stock Exchange (TSX) to repurchase, over a one year period, for cancellation up to 5% of the company's common shares, representing an investment of about \$750 million (Canadian) at Cameco's share price on September 6, 2007. The TSX accepted the company's notice on September 7, 2007.

Item 5 Full Description of Material Change

On September 6, 2007, Cameco announced its intention to proceed with a significant program to repurchase up to 5% of the company's common shares, representing an investment of about \$750 million (Canadian) at Cameco's share price on September 6, 2007. The company has concluded that, in the near term, as attractive assets have not been available at reasonable valuations, the best investment is repurchasing the company's shares.

On September 6, 2007, Cameco filed a notice of intention to make a normal course issuer bid with the TSX. Under the bid, which was accepted by the TSX on September 7, 2007, Cameco will have the ability, and has indicated its intention, to purchase for cancellation up to approximately 17.7 million of its common shares, representing 5% of the approximately 353.9 million issued and outstanding common shares as of September 5, 2007.

Under the bid, Cameco may commence purchasing shares on September 11, 2007 and may continue to do so until September 10, 2008, unless the company purchases the maximum allowable number of common shares sooner or terminates the program. Cameco will make only market purchases of its common shares and will pay the market price of the shares at the time of purchase.

Cameco expects to use predominately cash on hand and cash from operations to fund the share repurchase program.
