OVERVIEW

The Company is a switch-less and facilities-based provider of Internet protocol and traditional fiber-based communications services, including voice and data, along with toll free and related services. We market our services to groups specializing in specific ethnic demographics, residential communities located in major metropolitan areas, associations, network marketing organizations, and multi-level-marketing organizations (MLM's). Our goal is to become a leading provider of payroll services and communication services, including voice, data and Internet services to our targeted markets, comprised of affinity communities. We have an extensive network available to us of IP gateways, international gateways, and domestic switches.

Through our subsidiary WorldTeq Corporation we provide agents, associations, and businesses with opportunities to generate revenues by supplying those associations, individuals, and businesses with Internet technology and communications solutions and services. Our products and services enable the agents and affinity groups to offer their members, customers and others a variety of revenue producing solutions and services without making large investments in technology, infrastructure or staff. The principal products and services which we offer are:

- Long Distance Service
- Toll Free Products

- Billing Services

RECENT DEVELOPMENTS

During the second quarter of 2005, WorldTe concentrated all its efforts on closing The proposed merger with Yin Hai Harbin of China. Unfortunately, as of the writing of this 10Q, Harbin had decided to discontinue the merger based on our inability to get re-listed with the OTC-BB. Since then the company has been re-listed and we are actively looking for another merger candidate at this time.

FINANCIAL CONDITION

We have limited financial resources and currently do such a small amount of business that the company cannot pay its staff on a regular basis. The company is aggressively looking for a merger candidate.

Edgar Filing: CHINA PRINTING, INC. - Form 10QSB

RESULTS OF OPERATIONS

Total sales for the second quarter 2005 was \$95,228 as compared to \$106,398 for the quarter ended June 30, 2004, an approximately 10% decrease.

The continuing decrease in revenues is primarily due to the loss of long distance customers as they leave to sign on with the competitions unlimited plans.

Our net loss for the quarter ending June 30, 2005 was \$587 or less then \$.01 per share, as compared to \$163,823 for the same period in 2004

Selling, general and administrative expenses for the second quarter of fiscal 2005 were \$63,951 as compared to \$188,681 for the same quarter in fiscal 2004.

Cost of sales for the second quarter of fiscal 2005 was \$25,963 as compared to \$37,295 for the same quarter in fiscal 2004. This decrease of 20% was primarily attributable to efficiencies in our sales organization, but also slightly lower sales.

LIQUIDITY AND CAPITAL RESOURCES

Net cash used in operating activities for the period ended June 30th, 2005 and 2004 was \$0.00 and \$31,807 respectively, this in part due to the committed expenses for the marketing of MundoTeq

The Company, at June 30th, 2005 and Year End of 2004, respectively, had total assets of approximately \$153,779 and \$164,479.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements with any party.

Critical Accounting Estimates

There have been no material changes in our critical accounting policies or critical accounting estimates since 2000 nor have we adopted an accounting policy that has or will have a material impact on our consolidated financial statements. For further discussion of our accounting policies see Footnote 1
