**PROXY STATEMENT  
FOR  
2006 ANNUAL MEETING OF STOCKHOLDERS**

**INFORMATION CONCERNING THE PROXY MATERIALS AND THE ANNUAL MEETING**

Our Board of Directors is soliciting proxies to be voted at the 2006 Annual Meeting of Stockholders to be held on April 13, 2006. Your vote is very important. For this reason, our Board of Directors is requesting that you permit your common stock to be represented at the meeting by the proxies named on the enclosed proxy card. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

Voting materials, which include this proxy statement, the proxy card and our annual report on Form 10-K for the fiscal year ended December 31, 2005, were mailed to stockholders beginning March 23, 2006. Teton's principal executive offices are located at 410 17th Street, Suite 1850, Denver, Colorado 80202. Teton's main telephone number is (303) 565-4600. In this proxy statement, Teton Energy Corporation is referred to as the "Company," "Teton" and "we."

**Questions and Answers**

**Q: Who may vote at the meeting?**

A: You may vote your Teton stock if our records show that you owned your shares on March 6, 2006, which is referred to as the Record Date. At the close of business on the Record Date, 11,666,079 shares of Teton common stock were outstanding and eligible to vote. You may cast one vote for each share of common stock held by you on all matters presented, except for the election of the directors. Please see "Vote required" at the end of "Proposal 1 — Election of Directors" below for further explanation.

**Q: What proposals will be voted on at the annual meeting?**

A: There are two proposals scheduled to be voted on at the annual meeting:

- Election of five members of the Board; and
- Ratification of the appointment of Ehrhardt Keefe Steiner & Hottman PC as our independent registered public accounting firm for the fiscal year ending December 31, 2006.

We will also consider other business that properly comes before the meeting.

**Q: How does the Board recommend that I vote?**

A: Our Board recommends that you vote:

- "FOR" each of the nominees to the Board;
-

“FOR” ratification of the appointment of Ehrhardt Keefe Steiner & Hottman PC as our independent registered public accounting firm for the fiscal year ending December 31, 2006;

**Q: How can I vote my shares in person at the annual meeting?**

A: If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the stockholder of record with respect to those shares and the proxy materials and proxy card are being sent directly to you by Teton. As the stockholder of record, you have the right to vote in person at the meeting. If you choose to do so, you can bring the enclosed proxy card or vote using the ballot provided at the meeting. Even if you plan to attend the annual meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

1

---

Most stockholders of Teton hold their shares in street name through a stockbroker, bank or other nominee rather than directly in their own name. In that case, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you are also invited to attend the annual meeting. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. You will need to contact your broker, trustee or nominee to obtain a legal proxy, and you will need to bring it to the meeting in order to vote in person.

**Q: How can I vote my shares without attending the annual meeting?**

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the annual meeting by Internet, telephone or completing and mailing your proxy card or voting instruction card in the enclosed pre-paid envelope. Please refer to the enclosed materials for details.

**Q: What happens if additional matters are presented at the annual meeting?**

A: Other than the two items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the person named as proxy holder, Karl Arleth, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

**Q: What happens if I do not give specific voting instructions?**

A: If you hold shares in your name, and you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee will have authority to vote your shares on all matters to be considered at the meeting.

**Q: What is the quorum requirement for the annual meeting?**

A: A majority of Teton’s outstanding shares as of the record date must be present at the meeting in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting, if you:

- are present and vote in person at the meeting; or
- have properly submitted a proxy card or voted by telephone or by using the Internet.

**Q: How can I change my vote after I return my proxy card?**

A: You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may do this by signing a new proxy card with a later date, voting on a later date by telephone or by using the Internet (only your latest telephone or Internet proxy submitted prior to the meeting will be counted), or by attending the meeting and voting in person. However, your attendance at the meeting will not automatically revoke your proxy unless you vote at the meeting or specifically request in writing that your prior proxy be revoked.

**Q: Is my vote confidential?**

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Teton or to third parties, except: (1) as

necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which may be forwarded to Teton management.

**Q: Where can I find the voting results of the annual meeting?**

A: The preliminary voting results will be announced at the meeting. The final voting results will be tallied by our Transfer Agent and Inspector of Elections and published in our quarterly report on Form 10-Q for the fiscal quarter ended June 30, 2006. We will also make the results available on our website, which is [www.teton-energy.com](http://www.teton-energy.com). We will identify a link to the results on our website's home page.

2

---

**Q: How can I obtain a separate set of voting materials?**

A: To reduce the expense of delivering duplicate voting materials to our stockholders who may have more than one Teton stock account, we are delivering only one set of the proxy statement and the annual report on Form 10-K for the fiscal year ended December 31, 2005 to certain stockholders who share an address, unless otherwise requested. A separate proxy card is included in the voting materials for each of these stockholders. If you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request to receive a separate copy of these materials at no cost to you. Similarly, if you share an address with another stockholder and have received multiple copies of our proxy materials, you may write or call us at the address and phone number below to request delivery of a single copy of these materials. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by writing or calling us at:

Teton Energy Corporation  
Attn: Investor Relations  
410 17th Street, Suite 1850  
Denver, CO, USA 80202  
Phone: 1.303.565.4600

**Q: Who pays for the cost of this proxy solicitation?**

A: We will pay the costs of the solicitation of proxies. We may engage Georgeson Shareholder Communications Inc. as our proxy solicitor to help us solicit proxies from brokers, bank nominees and other institutions for a fee of approximately \$15,000, plus reasonable out-of-pocket expenses. We may also reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding the voting materials to their customers who are beneficial owners and obtaining their voting instructions. In addition to soliciting proxies by mail, our board members, officers, and employees may solicit proxies on our behalf, without additional compensation, personally or by telephone, or we may ask our proxy solicitor to solicit proxies on our behalf by telephone for a fee of \$5.00 per phone call, plus reasonable expenses.

**Q: How can I obtain a copy of Teton's 10-K?**

A: A copy of our 2005 Form 10-K is enclosed. You may obtain an additional copy of our 2005 Form 10-K by sending a written request to the address listed above under "How can I obtain a separate set of voting materials?" We will furnish the Form 10-K without exhibits at no charge. If you prefer a copy of the 2005 Form 10-K including exhibits, you will be charged a fee (which will be limited to our reasonable expenses in furnishing such exhibits). Our Form 10-K is available in PDF format through our Investor Relations website at <http://www.teton-energy.com> and our Form 10-K with exhibits is available on the SEC website at <http://www.sec.gov>.

**Q: What is the voting requirement to approve each of the proposals?**

A: In the election of directors, the five persons receiving the highest number of (or plurality) "FOR" votes at the annual meeting will be elected. The proposal regarding the ratification of our auditors requires the affirmative "FOR" vote of a majority of those shares present in person or represented by proxy and entitled to vote on this proposal at the annual meeting. If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur when a beneficial owner fails to give voting instructions with respect to "non-routine" matters. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, although broker non-votes are counted for purposes of determining a quorum, broker non-votes will not otherwise affect the outcome

of any matter being voted on at the meeting. There are no votes scheduled that are considered “non-routine.”

**Q: How can I communicate with the non-employee directors on Teton’s Board?**

A: The Board encourages stockholders who are interested in communicating directly with the non-employee directors as a group to do so by writing to the non-employee directors in care of the Secretary. Stockholders can send communications by mail to Secretary, Teton Energy Corporation, 410 17th Street, Suite 1850, Denver, Colorado 80202. Correspondence received that is addressed to the non-employee directors will be reviewed by our general counsel or his designee, who will regularly forward to the non-employee directors a summary of all such correspondence and copies of all correspondence that, in the opinion of our general counsel, deals with the functions of the board or committees thereof or that the general counsel otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by Teton that is addressed to the non-employee members of the board and request copies of any such correspondence.

## CORPORATE GOVERNANCE

### Board of Directors

The Board oversees our business affairs and monitors the performance of management. In accordance with our corporate governance principles, the Board does not involve itself in day-to-day operations. The Directors keep themselves informed through discussions with the Chief Executive Officer, other key executives and by reading the reports and other materials that we send them and by participating in Board and committee meetings. Our Directors hold office until their successors have been elected and duly qualified unless the director resigns or by reason of death or other cause is unable to serve in the capacity of director. Biographical information about our Directors is provided in "Election of Directors - Proposal No. 1" on page 8.

### Director Independence

The Board has determined that all of the Directors and nominees who would serve after April 13, 2006 are independent except for Mr. Arleth, President, Chief Executive Officer of the Company. The Board's determinations of independence were made in accordance with Section 121A of the American Stock Exchange ("AMEX") Company Guide. The Company was a small business issuer within the meaning of Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the "1934 Act") through December 31, 2003. On that date the Company ceased to be a small business issuer because its public float exceeded \$25 million at the end of two consecutive years. As a result, the Company ceased reporting as a small business issuer commencing with the Form 10-Q filed for the quarter ended March 31, 2004. Small business issuers are not required to have a majority of independent directors until their first annual meeting of stockholders after July 1, 2005. However, as a result of its ceasing to be eligible to report as a small business issuer, the Company is now required to have a majority of independent directors within the meaning of Section 121A of the AMEX Company Guide. The Directors the Board has determined to be independent are Messrs. Woodcock, Connor, Conroy, and White.

### Board Meetings and Attendance

During 2005, the Board held 8 physical and telephonic meetings. There was 100% attendance at all meetings of the Board and committees on which he served either in person or via telephone. The Board also approved certain actions by unanimous written consent.

**Annual Meeting Attendance**

It is the Company's policy that Directors should make every effort to attend the annual meeting of stockholders. In 2005, all directors attended the Company's annual meeting in person.

## Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our Directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. A copy of the Company's Code of Business Conduct and Ethics is available on our website at <http://www.teton-energy.com>. We will post on our website any amendment to the Company's Code of Business Conduct and Ethics or waivers of the Company's Code of Business Conduct and Ethics for directors and executive officers.

## Complaints Regarding Accounting Matters

The Audit Committee has established procedures for (i) the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters ("accounting matters"), and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

## Communications with Directors

The Board has approved procedures for stockholders to send communications to individual Directors or the non-employee Directors as a group.

Written correspondence should be addressed to the Director or Directors in care of Secretary of the Company at the Company's primary address. All correspondence will be forwarded directly to the intended recipient.

You may also contact individual Directors by calling the Company's principal executive offices at (303) 565-4600.

## BOARD COMMITTEES

The Board has standing Audit, Compensation, and Governance and Nominating committees. Each committee has a written charter. The charters are included as appendices to this Proxy Statement and available on the Company's website at <http://www.teton-energy.com>. Information concerning the membership and function of each committee is as follows:

Mr. Conroy	X	X	X <sup>(1)</sup>
Mr. White	X	X	
Mr. Woodcock		X <sup>(1)</sup>	X

<sup>(1)</sup> Chairman.

## Audit Committee

The Audit Committee is responsible for determining the adequacy of the Company's internal accounting and financial controls, reviewing the results of the audit of the Company performed by the independent public accountants, and

recommending the selection of independent public accountants. The functions of the Audit Committee and its activities during 2005 are described in more detail under "Report of the Audit Committee" on page 20 as well as in the Committee's charter, which can be found at our website, <http://www.teton-energy.com>. During the year, the Board examined the composition of the Audit Committee in light of the adoption by the AMEX of new listing standards governing audit committees. Based upon this examination, the Board has determined that each of the members of the Audit Committee is unrelated, is an outside member with no other current affiliation with the Company, and is independent as defined by AMEX listing standards. The Board has determined that Mr. John Connor is an "audit committee financial expert" as that term is defined by the SEC and AMEX, and is "independent" from the Company's management as that term is defined in Item 7(d)(3)(iv) of Regulation 14A promulgated under the 1934 Act. During 2005, the Audit Committee held four meetings by teleconference.

During the year, the Board examined the composition of the Audit Committee in light of the relevant AMEX listing standards governing audit committees. Based upon this examination, the Board has determined that Mr. Connor, Mr. Conroy, and Mr. White, are unrelated, are outside members with no other current affiliation with the Company, and are independent as defined by AMEX listing standards.

## **Compensation Committee**

**James J. Woodcock - Chairman, Thomas F. Conroy, and William K. White**

The Compensation Committee determines matters pertaining to the compensation of certain executive officers of the Company and administers the Company's stock option and incentive compensation. During 2005, the Compensation Committee held two meetings by teleconference and held an executive session during a regularly scheduled board meeting to discuss compensation. The Committee's report starts on page 18. The Committee's charter is reproduced on our website and <http://www.teton-energy.com>.

## **Governance and Nominating Committee**

**Thomas F. Conroy - Chairman and James J. Woodcock**

The Board has established a Governance and Nominating Committee for purposes of nominating Directors and for all other purposes outlined in the Governance and Nominating Committee charter, including nominees submitted to the Board by stockholders. The Board has determined that each of the members of the Governance and Nominating Committee is unrelated, is an outside member with no other affiliation with the Company, and is independent as defined by the AMEX listing standards. The Committee's charter is reproduced on our website and <http://www.teton-energy.com>.

## **Nomination of Directors**

As provided in the Governance and Nominating Committee's charter and our Company's corporate governance principles, the Governance and Nominating Committee is responsible for identifying individuals qualified to become Directors. The Governance and Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Governance and Nominating Committee members, (2) our other Directors, (3) our stockholders, (4) our Chief Executive Officer or Chairman, and (5) third parties such as professional search firms. In evaluating potential candidates for director, the Governance and Nominating Committee considers the entirety of each candidate's credentials.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board. However, at a minimum, candidates for director must possess:

- high personal and professional ethics and integrity;
- the ability to exercise sound judgment;
- the ability to make independent analytical inquiries;
- a willingness and ability to devote adequate time and resources to diligently perform Board and committee duties; and
- the appropriate and relevant business experience and acumen.

In addition to these minimum qualifications, the Governance and Nominating Committee also takes into account when considering whether to nominate a potential director candidate the following factors:

- whether the person possesses specific industry expertise and familiarity with general issues affecting our business;

- whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission (the "SEC");
- whether the person would qualify as an "independent" director under the rules of the SEC and AMEX listing standards;
- the importance of continuity of the existing composition of the Board to provide long-term stability and experienced oversight; and
- the importance of diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

The Governance and Nominating Committee will consider director candidates recommended by stockholders provided such recommendations are submitted in accordance with the procedures set forth below. In order to provide for an orderly and informed review and selection process for director candidates, the Board has determined that stockholders who wish to recommend director candidates for consideration by the Governance and Nominating Committee must comply with the following:

- the recommendation must be made in writing to the attention of the Chairman of the Company's Governance and Nominating Committee;
- the recommendation must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years and evidence of the recommending person's ownership of the Company's Common Stock;
- the recommendation shall also contain a statement from the recommending stockholder in support of the candidate; professional references, particularly within the context of those relevant to Board membership, including issues of character, judgment, diversity, age, independence, expertise, corporate experience, length of service, other commitments; and personal references; and
- a statement from the stockholder nominee indicating that such nominee wants to serve on the Board and could be considered independent under SEC rules and AMEX listing standards, as in effect at that time.

All candidates submitted by stockholders will be evaluated by the Governance and Nominating Committee according to the criteria discussed above and in the same manner as all other director candidates.

#### **Compensation Committee Interlocks and Insider Participation**

In January 2006, the Board elected James J. Woodcock, Thomas F. Conroy, and William K. White to serve on the Compensation Committee for fiscal 2006. All Compensation committee members are independent pursuant to Rule 121A of the AMEX Company Guide.

**ELECTION OF DIRECTORS****PROPOSAL NO. 1**

The Board proposes the election of the current Directors of the Company for an additional term of one year. The following is information about each nominee, including biographical data for at least the last five years. Should one or more of these nominees become unavailable to accept nomination or election as a director, the individuals named as proxies on the enclosed proxy card will vote the shares that they represent for the election of such other persons as the Board may recommend, unless the Board reduces the number of Directors.

The Board adheres to corporate governance principles designed to assure the continued vitality of the Board and excellence in the execution of its duties. The Board is responsible for supervision of the overall affairs of the Company. Following the Annual Meeting, the Board will consist of five Directors. All Directors are U.S. citizens. **Long-term Incentive Plans - Awards in Last Fiscal Year**

The following table provides information related to long-term incentive plan awards granted to our named executive officers during the fiscal year ended December 31, 2005 under the Teton Energy Corporation 2005 Long-term Incentive Plan (the "2005 LTIP"). The 2005 LTIP is administered by our Compensation Committee using an administration plan and award agreements. Each year, the Compensation Committee creates new criteria based on milestones and objectives that it deems to be in the Company's and shareholders' best interests, which criteria are incorporated into a new plan administration document that establishes 1, 2, and 3 year performance milestones.

The terms of the 2005 awards provide that awards will be made in shares of common stock of the Company based on the achievement of either threshold, target, or stretch objectives, or some interpolation thereof. Initial awards are made in performance share units, which units entitle a participant to a corresponding number of shares if objectives are met. The terms of all 2005 awards provide that vesting will occur based on the achievement of 1, 2, and 3-year performance milestones based on the following criteria:

1. The achievement of certain levels of annual production of crude oil and/or natural gas, as measured in thousand cubic feet or mcf.
2. Management's efficiency and effectiveness in operating the Company.
3. The achievement of a certain level of reserves of crude oil and/or natural gas reserves, as measured in billion cubic feet or bcf.
4. The Company's ability to find and develop such reserves at a cost that is competitive within the industry.
5. Increases in the price of the Company's common stock.

The Performance Measures are consolidated into a composite measure based on the relative weighting of each component as a percentage of 100% as determined by the Company's Compensation Committee. Consistent with the Plan, the Performance Measures have been established in order to provide for the attainment of one, two, and three year objectives. In the event the employment of a participant is terminated by reason of death, disability, or retirement during the Performance Period, the participant or the participant's beneficiary or estate shall be entitled to receive a prorated payment of the Performance Share Units. Subject to the terms of the LTIP, in the event that a participant

terminates employment with the Company for any other reason, or in the event that the Company terminates the employment of the participant with or without cause, all Performance Share Units awarded to the participant under the Award Agreement, if not previously paid out, shall be forfeited; provided, however, that in the event of a termination of the employment of the participant by the Company without cause, the Compensation Committee, in its sole discretion, may waive such automatic forfeiture provision and authorize a pay out to the participant on a *pro rata* basis.

(1) Amounts set forth in the table represent the potential payout of awards under the 2005 LTIP based on achievement of target composite measurement in each of 2005, 2006, and 2007. The Award Agreements provide that payment of any earned Performance Share Units following the close of the Performance Period shall be made 100% in shares of the common stock of the Company (the “Shares”). Participants will receive one Share for each earned Performance Share Unit. The base composite measures for 2005, 2006, and 2007 are 100.00, 271.31, and 453.06, respectively. The Performance Measures are consolidated into a composite measure based on the relative weighting of each component as a percentage of 100% as determined by the Company’s Compensation Committee.

(2) Although Mr. Cooper was initially given an award of performance share units under the Company’s Long Term Incentive Plan, those units were forfeited upon his resignation from the Company’s board.

**Retirement Plan**

All employees, including named executives (excluding executives performing services on a contract basis) are entitled to participate in the plan. For the year ended December 31, 2005, Company contributed \$3,467 to such plan.

Upon vesting, performance share Units will be settled by delivery of shares to the Participant equal to the number of vested performance share units. In January 2006, the Compensation Committee determined that the 2005 performance targets had not been met. **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the 1934 Act requires that the Company's Directors and certain of its officers file reports of ownership and changes of ownership of the Company common stock with the SEC and AMEX. Based solely on copies of such reports provided to the Company, the Company believes that all Directors and officers filed on a timely basis all such reports required of them with respect to stock ownership and changes in ownership during 2005 except that Messrs. Conroy, Connor, and Woodcock were late in reporting the grant of stock in partial compensation for services as directors and Mr. White was late in reporting his initial holdings upon becoming a director of the Company.

**Executive Employment Agreements**

Mr. Arleth, President and Chief Executive Officer, signed an employment agreement on May 1, 2003. The agreement is for a three-year term, with an initial salary of \$10,000 per month. Mr. Arleth's salary has been raised each year since

the initial agreement and, effective, January 1, 2006, his salary under his employment agreement is paid at \$20,833 per month. Under the terms of the agreement, Mr. Arleth is entitled to 24 months severance pay in the event of a change of position or control of the Company.

Mr. Howard Cooper, a former Director and Executive Chairman, signed a consulting agreement with the Company dated March 1, 2005. The consulting agreement was for an initial term of one year and will continue for additional one year terms unless 60 days prior to the anniversary date either party gives notice of termination. The consulting agreement entitled Mr. Cooper to receive two payments per month of \$8,333 each. On October 6, 2005, the Company replaced Mr. Cooper's consulting agreement with a severance agreement. The severance agreement entitles Mr. Cooper to a maximum benefit of \$200,000 over the course of one year, which payments are to be made monthly. The Company may terminate the severance payments prior to September 30, 2006, in the event that Mr. Cooper accepts reasonably equivalent employment with another company during the severance period, or in the event Mr. Cooper is in material breach with the terms of the severance agreement, or in the event that the Company's board unanimously adopts a resolution that he is in material breach of this agreement. The severance agreement also grants Mr. Cooper certain rights with respect to the registration of shares underlying certain options or warrants held by Mr. Cooper pursuant to various compensation programs. The severance agreement also contains certain restrictions on Mr. Cooper's ability to sell shares held by him in order to protect the price of the Company's stock.

## COMPENSATION COMMITTEE REPORT

*The Report of the Compensation Committee (the "Compensation Report") does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the 1934 Act, except to the extent the Company specifically incorporates this Compensation Report by reference therein.*

The Company's executive compensation program is designed to attract, retain and motivate executive officers capable of leading the Company to meet its business objectives, to align the interests of executive management with those of the stockholders, and to provide incentives and reward both short and long term performance based on the success of the Company in meeting its development milestones and business objectives. The Compensation Committee places a particular emphasis on variable, performance based components, such as the bonus potential and stock-based awards, the value of which could increase or decrease to reflect changes in corporate and individual performance.

### Components of Compensation

Each full-time executive officer's compensation package is generally comprised of the following elements: (1) a base salary which is established at levels considered appropriate for the duties and scope of responsibilities of each officer's position; (2) a performance-based annual bonus; and (3) periodic grants of stock-based and/or stock equivalent incentive compensation to strengthen the mutuality of interests between the executive officers and the Company's stockholders. Executive officers are also eligible to participate in compensation and employee benefits generally available to all employees of the Company.

The Compensation Committee believes that this approach best serves the interests of the Company and its stockholders. It enables the Company to meet the requirements of the highly competitive environment in which the Company operates while ensuring that executive officers are compensated in a way that advances both the short and long term interests of stockholders. Under this approach, compensation for these officers involves a high proportion of pay that is "at risk," namely, the annual bonus and stock-based compensation. The annual bonus is also based, in significant part, on Company performance. Stock-based compensation relates a significant portion of long-term remuneration directly to the achievement of certain milestones, including, among other things, relative stock price appreciation realized by all of the Company's stockholders.

### Base Salary

Base salaries for executive officers are set at levels believed by the Committee to be sufficient to attract and retain qualified executive officers based on the stage of development of the Company, the salary levels in effect for comparable positions in similarly situated companies within relevant industries, and internal comparability considerations. Base salaries for the Company's executive officers other than the Chief Executive Officer, as well as changes in such salaries, are based upon recommendations by the Chief Executive Officer, taking into account such factors as competitive industry salaries, a subjective assessment of the nature of the position and the contribution and experience of the officer and the length of the officer's service. All such recommendations are subject to approval or disapproval by the Compensation Committee in its sole discretion. Other than provisions provided for in employment agreements, changes in base salaries of executives are based on an evaluation of the personal performance of the executive, prevailing market practices, and the performance of the Company as a whole. In determining base salaries, the Committee not only considers the short term performance of the Company, but also the success of the executive officers in developing and executing the Company's strategic plans, developing management employees and exercising leadership in the development of the Company.

### Cash-Based Incentive Bonus

The Committee believes that a portion of the total cash compensation for executive officers should be based on the Company's success in meeting certain objectives, including its annual or its short-term performance objectives and contributions by the executive officers that enable the Company to meet its long-term objectives, and has structured the executive compensation program to reflect this philosophy. This approach creates a direct incentive for executive officers to achieve desired short-term corporate goals that also further the long-term objectives of the Company, and places a significant portion of each executive officer's annual compensation at risk.

### **Stock-based Incentive Compensation**

The Compensation Committee believes that equity participation is a key component of the Company's executive compensation program. Stock options were historically awarded by the Committee to executive officers primarily based on potential contributions to the Company's growth and development and marketplace practices. In 2005, the Company's shareholders approved the 2005 Long-term Incentive Plan ("LTIP"). Subsequently, the Compensation Committee instituted certain procedures and measurement metrics designed to implement the LTIP's performance share unit program. Grants under the LTIP are intended to promote the Company's desire to assure that executives and employees focus on the achievement of 1, 2, and 3-year objectives designed to promote the longer-term value creation for shareholders. These awards are tailored to retain executive officers and to motivate them to enhance stockholder value by aligning the financial interests of executive officers with those of stockholders. LTIP awards provide an effective incentive for management to create stockholder value over the long term because the vesting and full benefits of performance share units into stock cannot be realized unless specific milestones are achieved over 1, 2, and 3-year periods.

### **CEO Compensation**

With the framework described above, the Committee determines the salary and bonus of the Chief Executive Officer based on his leadership, the execution of business plans, and strategic results. The complexity of the business and his experience are also key factors. The Committee has used the following metrics to determine the CEO's compensation: the historical complexity of the Company's international operations, the CEO's success in transforming the Company from a Russian Oil concern to a domestic resources company, the experience that the CEO brings to the Company and its business, the CEO's ability to continuously improve the Company's results, and the CEO's ability to evaluate and execute on acquisitions that will enable the Company to grow its asset base. The Committee meets annually to establish operational and financial goals and objectives for the CEO and throughout the year regularly meets in executive sessions and with the CEO to review performance against those objectives. A final meeting of the Compensation Committee as well as with the entire Board is held at the end of each fiscal year to measure results of the prior year as well as to set objectives and establish compensation benchmarks for the subsequent year. Beginning in 2005, annual performance reviews are held during the first quarter of the year following the close of the previous calendar year.

## AUDIT COMMITTEE REPORT

*The following Report of the Audit Committee (the "Audit Report") does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Audit Report by reference therein.*

### **Role of the Audit Committee**

The Audit Committee's primary responsibilities fall into three broad categories:

First, the Committee is charged with monitoring the preparation of quarterly and annual financial reports by the Company's management, including discussions with management and the Company's outside auditors about draft annual financial statements and key accounting and reporting matters;

Second, the Committee is responsible for matters concerning the relationship between the Company and its outside auditors, including recommending their appointment or removal; reviewing the scope of their audit services and related fees, as well as any other services being provided to the Company; and determining whether the outside auditors are independent (based in part on the annual letter provided to the Company pursuant to *Independence Standards Board Standard No. 1*); and

Third, the Committee reviews financial reporting, policies, procedures, and internal controls of the Company.

The Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. In overseeing the preparation of the Company's financial statements, the Committee met with management and the Company's outside auditors, including meetings with the Company's outside auditors without management present, to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication With Audit Committees)*.

With respect to the Company's outside auditors, the Committee, among other things, discussed with Ehrhardt Keefe Steiner & Hottman PC matters relating to its independence, including the disclosures made to the Committee as required by the *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

*Recommendations of the Audit Committee.* In reliance on the reviews and discussions referred to above, the Committee recommended to the Board that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC.
