(the "Company") for use at the 2008 Annual Meeting of Stockholders to be held on Monday, September 15, 2008 at 9:00 a.m. PDT in our corporate offices located at 20050 SW 112th Avenue, Tualatin, Oregon 97062 and for any postponements or adjournments thereof. The approximate date on which this Proxy Statement and the accompanying proxy card will be mailed to stockholders is August 1, 2008.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this Proxy Statement, including: (a) the election of two directors to hold office for two years or until the 2010 Annual Meeting of Shareholders or until a successor is duly elected and qualified; (b) the election of one director to hold office for one year or until the 2009 Annual Meeting of Shareholders or until a successor is duly elected and qualified; (c) To amend the Article of Incorporation of Waytronx, Inc. to increase the authorized number of Common Shares from 200,000,000 to 325,000,000; (d) To approve the Waytronx, Inc. 2008 Equity Incentive Plan; (e) To transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Who is entitled to vote?

Only stockholders of record at the close of business on July 17, 2008, the record date for the meeting, are entitled to receive notice of and to participate in the Annual Meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the Annual Meeting, or any postponements or adjournments of the meeting. Each outstanding share of Common or Preferred Stock owned by you at close of business on July 17, 2008 entitles you to one vote on each matter considered at the Annual Meeting. The enclosed proxy card shows the number of shares owned by you as of the record date.

Who may attend the annual meeting?

All stockholders of record as of the Record Date, or their duly appointed proxies, may attend the meeting.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of one third of the aggregate voting power of the Common and Preferred Stock outstanding on the record date will constitute a quorum. Each share of Common Stock and each share of Series A Convertible Preferred Stock is entitled to one vote. As of the close of business on May 31, 2008, 162,878,037 shares of Common Stock and 50,543 shares of Series A Convertible Preferred Stock were outstanding and entitled to vote at the Annual Meeting. No shares of Series B and Series C shares were outstanding at May 31, 2008. Unless otherwise indicated, all references herein to percentages of outstanding shares of stock are based on such numbers of shares outstanding. Shares entitled to vote are referred to hereafter as "Voting Shares".

How do I vote?

If you complete and properly sign the accompanying proxy card and return it, your shares of Stock will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

May I change my vote after I return my proxy card?

Yes, even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by providing Bradley J. Hallock, our Corporate Secretary, either a written notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Annual Meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Company's Board of Directors. The Board's recommendation is set forth together with the description of each item in this Proxy Statement. In summary, the Board recommends a vote:

Proposal I

FOR the election of two directors, William J. Clough and Colton Melby, to hold office for two years or until the 2010 Annual Meeting of Shareholders or until a successor is duly elected and qualified;
FOR the election of one director, Thomas A. Price, to hold office for one year or until the 2009 Annual Meeting of Shareholders or until a successor is duly elected and qualified;

Proposal II

FOR amending the Article of Incorporation to increase the authorized number of Common Shares from 200,000,000 to 325,000,000.

Proposal III

FOR approval of the Waytronx, Inc. 2008 Equity Incentive Plan.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the election of the directors. A properly executed proxy marked "Withhold Authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Voting Shares represented by properly executed proxies for which no instruction is given will be voted "FOR" election of the nominee for director

Increase the Authorized Common Shares and Approve the 2008 Equity Incentive Plan. The affirmative vote of a plurality of the votes cast at the Annual Meeting is required to increase the authorized Common Stock from 200,000,000 to 325,000,000 Common Shares and to approve the Waytronx, Inc. 2008 Equity Incentive Plan. A properly executed proxy marked "Withhold Authority" with respect to increasing the authorized Common Stock from 200,000,000 to 325,000,000 Common Shares and to approve the Waytronx, Inc. 2008 Equity Incentive Plan will not be voted with respect to increasing the authorized Common Stock and approving the Waytronx, Inc. 2008 Equity Incentive Plan, although it will be counted for purposes of determining whether there is a quorum. Voting Shares represented by properly executed proxies for which no instruction is given will be voted "FOR" increasing the authorized Common Stock from 200,000,000 to 325,000,000 Common Shares and "FOR" approving the Waytronx, Inc. 2008 Equity Incentive Plan

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

What if other matters come up at the Annual Meeting?

Aside from the election of the directors, increasing the number of authorized common shares and approval of the 2008 Equity Incentive Plan, the Board of Directors knows of no other matters to be presented at the Annual Meeting. If any other matter should be presented at the meeting upon which a vote properly may be taken, the shares represented by the proxy holders will be voted in the discretion of the proxy holders.

Proposals by Shareholders

Shareholder proposals intended to be presented at the Annual Meeting must have been received by us not later than June 15, 2008 for inclusion in the proxy materials for the Annual Meeting. We are not aware of any matters to be voted on at the Annual Meeting except those listed on the accompanying notice of Annual Meeting of Shareholders. The accompanying proxy gives discretionary authority to the persons named to vote the shares in their best judgment if any other matters are properly brought before the Annual Meeting.

What if the Annual Meeting is postponed?

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have at that time effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same or any other matter at a previous meeting.

Who pays for this proxy solicitation?

We do. The proxies being solicited in connection with this Proxy Statement are being solicited by the Board of Directors and the costs will be borne by the Company. In addition to sending you these materials, some of our employees may contact you by telephone, by mail, or in person. None of these employees will receive any extra compensation for doing this. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of our stock.

PROPOSAL I

ELECTION OF DIRECTORS

The Company's Bylaws provide that the number of directors shall be fixed from time to time by resolution of the Board of Directors, but in no instance shall there be less than one director. All directors shall be elected at the annual meeting of shareholders to serve two-year terms and shall hold office until his or her successor shall have been elected and qualified. Currently our Board of Directors authorized eight directors of which five directors currently hold office, three of whom have been nominated for election this year and have agreed to serve if elected. Two directors whose terms expire at the 2008 Annual Meeting of Shareholders, as noted below, have chosen to not stand for re-election. The Board of Directors set the directors' two year terms staggered in order to maintain continuity on the Board of Directors. In order to implement this staggered term strategy, the eight board seats are numbered consecutively, 1 through 8. Odd numbered seats (seats 1, 3, 5 and 7) will be elected at the annual shareholder meetings held on even numbered years; even numbered seats (seats 2, 4, 6 and 8) will be elected at the annual shareholder meetings held on odd numbered years. · **Director Seat #8**, Vacant.

Note: The Board of Directors two year terms are staggered in order to maintain continuity on the Board of Directors. In order to retain this staggered term strategy, the eight board seats are numbered consecutively, 1 through 8. Odd numbered seats (seats 1, 3, 5 and 7) will be elected at the annual shareholder meetings held on even numbered years; even numbered seats (seats 2, 4, 6 and 8) will be elected at the annual shareholder meetings held on odd numbered years. The one year terms as noted above are to maintain the staggered term strategy.

Shares of our Common Stock and Series A Preferred Stock are entitled to one vote per share for each Director. Cumulative voting is not permitted.

Unless stated to be voted otherwise, each proxy will be voted for the election of the nominees named. The nominees have consented to serve as director if elected. PROPOSAL II

**TO AMEND THE ARTICLES OF INCORPORATION
TO
INCREASE THE AUTHORIZED NUMBER OF COMMON SHARES
FROM 200,000,000 TO 325,000,000**

The Board of Directors believes that the best interests of the Company and its shareholders will be served by amending the Company's Restated Articles of Incorporation to increase the number of common shares from 200,000,000 to 325,000,000 shares. These common shares will be \$0.001 par value per share with full one vote per share voting privileges. This proposal was approved by the Board of Directors subject to stockholder approval. If the proposed amendment to the Articles of Incorporation is approved by a simple majority of the shareholder votes cast, then the number of common shares that the Company is authorized to issue will be increased from 200,000,000 to 325,000,000.

General

Our Articles of Incorporation currently provides for 200,000,000 shares of authorized \$0.001 par value Common Stock. Our shareholders are not entitled to a preemptive right to purchase, subscribe for, or otherwise acquire any unissued shares of stock of the corporation, or any options or warrants to purchase, subscribe for or otherwise acquire any such unissued shares, or any shares, bonds, notes, debentures, or securities convertible into or carrying options or warrants to purchase, subscribe for or otherwise acquire any such unissued shares. In May 2008 our Board of Directors adopted a resolution to amend the Articles of Incorporation to increase the authorized number of shares of Common Stock to 325,000,000, subject to stockholder approval of the proposed amendment. No changes will be made to the ten million (10,000,000) authorized shares of our preferred stock. If approved by the stockholders of the Company, the amendment will become effective upon the filing of a Certificate of Amendment of the Articles of Incorporation with the Secretary of State of Colorado which is expected to occur shortly after shareholder approval. The consent of the holders of a majority of the outstanding shares of Capital Stock is required for approval of the proposed amendment.

Paragraph A of Article II of the Company's Articles of Incorporation currently reads as follows (before giving effect to the proposed amendment):

“The aggregate number of shares which the corporation shall have the authority to issue is two hundred ten million (210,000,000) shares of which a portion shall be common stock and a portion shall be preferred stock, all as described below.

A. **Common Stock.** The aggregate number of common shares which the corporation shall have the authority to issue is two hundred _____ million (200,000,000), each with \$0.001 par value which shares shall be designated as “Common Stock”. Subject to all of the rights of the Preferred stock as expressly provided herein, by law or by the Board of Directors pursuant to this Article, the Common Stock of the corporation shall possess all such rights and privileges as are afforded to capital stock by applicable law in the absence of any express grant of rights or privileges in these Articles of Incorporation, including, but not limited to, the following rights and privileges:

- (i) dividends may be declared and paid or set apart for payment on the Common Stock out of any assets or funds of the corporation legally available for the payment of dividends;
- (ii) the holders of Common Stock shall have unlimited voting rights, including the right to vote for the election of directors and on all other matters requiring stockholder action. Each holder of Common Stock shall have one vote for each share of Common Stock standing in his name on the books of the corporation and entitled to vote, except that in the election of directors each holder of Common Stock shall have as many votes for each share of common Stock held by him as there are directors to be elected and for whose election the holder of Common Stock has a right to vote. Cumulative voting shall not be permitted in the election of directors or otherwise.
- (iii) on the voluntary or involuntary liquidation, dissolution or winding up of the corporation, and after paying or adequately providing for the payment of all of its obligations and amounts payable in liquidation, dissolution or winding up, and subject to the rights of the holders of Preferred Stock, if any, the net assets of the corporation shall be distributed pro rata to the holders of the Common Stock.”

Pursuant to the amendment, Paragraph A of Article II of the Company's Articles of Incorporation would be deleted and replaced by the following (after giving effect to the proposed amendment):

“The aggregate number of shares which the corporation shall have the authority to issue is three hundred thirty five million (335,000,000) shares of which a portion shall be common stock and a portion shall be preferred stock, all as described below.

A. **Common Stock.** The aggregate number of common shares which the corporation shall have the authority to issue is three hundred twenty five million (325,000,000), each with \$0.001 par value which shares shall be designated as “Common Stock”. Subject to all of the rights of the Preferred stock as expressly provided herein, by law or by the Board of Directors pursuant to this Article, the Common Stock of the corporation shall possess all such rights and privileges as are afforded to capital stock by applicable law in the absence of any express grant of rights or privileges in these Articles of Incorporation, including, but not limited to, the following rights and privileges:

- (iv) dividends may be declared and paid or set apart for payment on the Common Stock out of any assets or funds of the corporation legally available for the payment of dividends;
 - (v) the holders of Common Stock shall have unlimited voting rights, including the right to vote for the election of directors and on all other matters requiring stockholder action. Each holder of Common Stock shall have one vote for each share of Common Stock standing in his name on the books of the corporation and entitled to vote, except that in the election of directors each holder of Common Stock shall have as many votes for each share of common Stock held by him as there are directors to be elected and for whose election the holder of Common Stock has a right to vote. Cumulative voting shall not be permitted in the election of directors or otherwise.
-

(vi) on the voluntary or involuntary liquidation, dissolution or winding up of the corporation, and after paying or adequately providing for the payment of all of its obligations and amounts payable in liquidation, dissolution or winding up, and subject to the rights of the holders of Preferred Stock, if any, the net assets of the corporation shall be distributed pro rata to the holders of the Common Stock.”

Purpose of Increasing the Number of Authorized Common Shares

Waytronx, Inc. formed a wholly owned subsidiary into which CUI, Inc., an Oregon corporation, conveyed all of its assets, effective May 16, 2008. It is intended that the CUI name recognition and corporate identity shall be maintained as a wholly owned subsidiary of Waytronx, Inc. The consideration for this asset purchase transaction, as summarized below, includes two convertible promissory notes in the aggregate principal amount of thirty one million five hundred thousand dollars (\$31,500,000) that may convert to Company common stock at \$0.25 per share. These contractual obligations require the Company to have available up to 126,000,000 underlying common shares.

The CUI, Inc. asset acquisition transaction is summarized as follows:

Waytronx, Inc. will acquire 100% of the assets of CUI, Inc. in consideration for payment and issuance to CUI, Inc. of the following:

\$ 6,000,000 cash

\$ 14,000,000 convertible promissory note

\$17,500,000 convertible promissory note

\$37,500,000 Total

Description of funding source and transaction mechanics:

\$6,000,000 cash loan from Commerce Bank of Oregon, term of 3 years, interest only, prime rate less 0.50%, secured by Letters of Credit.

\$14,000,000 promissory note to CUI, Inc., payable monthly over three years at \$30,000 per month including 1.7% annual simple interest with a balloon payment at the thirty sixth monthly payment, no prepayment penalty, annual success fee of 2.3%, right of first refusal to the note payee, CUI, Inc., relating to any private capital raising transactions of Waytronx during the term of the note.

\$17,500,000 convertible promissory note plus 1.7% annual simple interest and 2.3% annual success fee, permitting payee to convert any unpaid principal, interest and success fee to Waytronx common stock at a per share price of \$0.25 and at the end of the three year term giving to Waytronx the singular, discretionary right to convert any unpaid principal, interest and success fee to Waytronx common stock at a per share price of \$0.25. This note also provides a right of first refusal to the note payee, CUI, Inc., relating to any private capital raising transactions of Waytronx during the term of the note.

Appointment of three members to Board of Directors:

As a condition of the transaction, CUI, Inc. is granted the contractual right to appoint three members to the Waytronx, Inc. Board of Directors for so long as there remains an unpaid balance on the above described promissory notes.

In order to fulfill our contractual obligation, we must increase the number of shares of common stock we are authorized to issue. Accordingly, we are seeking shareholder approval to increase the number of authorized common shares from 200,000,000 to 325,000,000. The proposed amendment increasing the authorized number of common shares would make available the 126,000,000 common shares for issuance after taking into account currently outstanding common shares and common shares reserved for outstanding options, warrants and other contractual obligations.

Although, there is no current plan to issue the additional authorized common shares for future capitalization, the Company's Board of Directors believes that it is desirable to have additional authorized shares of Common Stock available for possible future financings, possible future acquisition transactions and other general corporate purposes. The Company's Board of Directors believes that having such additional authorized shares of Common Stock available for issuance in the future should give the Company greater flexibility and may allow such shares to be issued without the expense and delay of a special shareholders' meeting.

The proposed increase in the number of shares available for issuance under the Articles of Incorporation is also intended to provide the Board of Directors with authority, without further action of the stockholders, to issue the additional shares of Common Stock, from time to time in such amounts as the Board of Directors deems necessary. Without limitation of the foregoing, the additional shares may be issued in connection with capital raising transactions through the sale of Common Stock and/or securities convertible into or exercisable for Common Stock in the private and/or public equity markets to support a higher level of growth, respond to competitive pressures, develop new products and services and support new strategic partnership expenditures and strategic partnering or acquisition transactions involving the issuance of our securities.

In the absence of a proportionate increase in our earnings and book value, an increase in the aggregate number of outstanding shares of Common Stock caused by the issuance of the additional shares would dilute the earnings per share (including projected future earnings per share) and book value per share of all outstanding shares of our Common Stock. If such factors were reflected in the price per share of the Common Stock, the potential realizable value of a stockholder's investment could be adversely affected. An issuance of additional shares of Common Stock could, therefore, have an adverse effect on the potential realizable value of a stockholder's investment. The holders of outstanding shares of Common Stock have no preemptive rights to purchase additional shares.

The proposed increase in the authorized number of shares of Common Stock could have other effects on our stockholders. The increase could deter takeovers, in that, additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of us more difficult. For example, additional shares could be issued by us so as to dilute the stock ownership or voting rights of persons seeking to obtain control. Similarly, the issuance of additional shares to certain persons allied with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal.

Effective Time of Amendments

If approved by holders of a majority of voting shares of our stock, this amendment will become effective on the date we file an amendment to our Articles of Incorporation with the Colorado Secretary of State.

Set forth below is a summary of the current outstanding securities, transactions and agreements, which relate to the 21,179,859 shares of common stock we are required to reserve for potential future issuances:

Convertible Promissory Notes.

At April 30, 2008, 20,901,873 potential common stock shares are issuable upon the exercise of warrants and options and conversion of debt to common stock

At May 16, 2008 as part of the purchase of assets from CUI, Inc., the Company executed and delivered the following two promissory notes, payable to CUI, Inc.: (i) \$14,000,000 promissory note, payable monthly over three years at \$30,000 per month including 1.7% annual simple interest with a balloon payment at the thirty sixth monthly payment, no prepayment penalty, annual success fee of 2.3%, right of first refusal to the note payee relating to any private capital raising transactions of Waytronx during the term of the note and (ii) a \$17,500,000 convertible promissory note plus 1.7% annual simple interest and 2.3% annual success fee, permitting payees to convert any unpaid principal, interest and success fee to Waytronx common stock at a per share price of \$0.25 during the three year term giving to Waytronx the singular, discretionary right to convert any unpaid principal, interest and success fee to Waytronx common stock at a per share price of \$0.25. This note also provides a right of first refusal to the note payee relating to any private capital raising transactions of Waytronx during the term of the note.

Other than as described above, there are currently no plans, arrangements, commitments or understandings for the issuance of the additional shares of Common Stock.

Interest of Certain Persons in Matters to be Acted Upon

No director, executive officer, nominee for election as a director, associate of any director, executive officer or nominee or any other person has any substantial interest, direct or indirect, by security holdings or otherwise, in the proposed amendments to our Articles of Incorporation which is not shared by all other stockholders.

The Board of Directors Unanimously Recommends a Consent “For” This Proposal to Amend the Company’s Articles of Incorporation.

PROPOSAL III

APPROVAL OF 2008 EQUITY INCENTIVE PLAN

Being submitted to the stockholders for approval at the 2008 Annual Shareholders meeting is the Waytronx, Inc. 2008 Equity Incentive Plan (the "Equity Incentive Plan"); an incentive and non-qualified stock option plan which authorizes the issuance of up to 1,500,000 shares of our common stock. The Equity Incentive Plan was approved by the Board of Directors subject to stockholder approval. If the Equity Incentive Plan is approved, the 1,500,000 shares of common stock being authorized will be used to grant non-qualified incentive stock options to our employees and consultants.

The Equity Incentive Plan is intended to: (a) provide incentive to employees of the Company and its affiliates to stimulate their efforts toward the continued success of the Company and to operate and manage the business in a manner that will provide for the long-term growth and profitability of the Company; (b) encourage stock ownership by employees, directors and independent contractors by providing them with a means to acquire a proprietary interest in the Company by acquiring shares of Stock or to receive compensation which is based upon appreciation in the value of Stock; and (c) provide a means of obtaining and rewarding employees, directors, independent contractors and advisors.

With respect to incentive stock options, the Equity Incentive Plan provides that the exercise price of each such option must be at least equal to 100% of the fair market value of our common stock on the date of grant (110% in the case of stockholders who, at the time the option is granted, own more than 10% of the outstanding common stock), and requires that all such options have an expiration date not later than that date which is one day before the tenth anniversary of the date of the grant (or the fifth anniversary of the date of grant in the case of 10% stockholders). Pursuant to the provisions of the Equity Incentive Plan, the aggregate fair market value, determined as of the date(s) of grant, for which incentive stock options are first exercisable by an option holder during any one calendar year cannot exceed \$100,000.

Options granted under the Equity Incentive Plan terminate three (3) months after the date of Termination of Employment; provided, however, that in the case of a holder whose Termination of Employment is due to death or Disability, one (1) year shall be substituted for such three (3) month period. If an optionee's employment or service is terminated within three months following a Stock Option Change of Control, then the options will remain exercisable for three months after the optionee's termination.

The Board of Directors has a limited right to modify or amend the Equity Incentive Plan, which does not include the right to increase the number of shares available for the grant of options.

During the term of the Equity Incentive Plan, our eligible employees will receive, for no consideration prior to exercise, the opportunity to profit from any rise in the market value of our common stock. This will dilute the equity interest of our other stockholders. The grant and exercise of the options also may affect our ability to obtain additional capital during the term of any options.

The Equity Incentive Plan will be administered by the Equity Incentive Plan Administrator appointed by the Board of Directors. The description of the proposed Equity Incentive Plan set forth above is a summary of various provisions of the Equity Incentive Plan and is not a complete description of the Equity Incentive Plan. The Equity Incentive Plan is attached to this proxy statement as Appendix A.

The following is a summary of the federal income tax treatment of the stock options which may be granted under the Equity Incentive Plan based upon the current provisions of the Internal Revenue Code. This summary does not purport to be a complete and detailed description of all possible tax consequences to the recipient of a stock option. It describes the federal tax consequences in effect as of the date of this Proxy Statement. Each holder of a stock option is advised to consult his or her tax advisor because tax consequences may vary depending on the individual circumstances of the holder.

An option holder who exercises a non-qualified stock option will recognize taxable compensation at the date of exercise with respect to the difference between the fair market value of the option shares at exercise and the exercise price paid to purchase such shares. Waytronx, Inc. is entitled to a corresponding deduction for such compensation. At such time as the option stock is sold, the option holder will recognize either short-term or long-term capital gain income (depending upon the length of time such stock has been held) with respect to the excess of the stock sale price over the exercise price paid to purchase such shares.

An option holder who exercises an incentive stock option will not realize any regular taxable income. At the date of exercise, the option holder may, depending on his or her personal tax situation, be subject to Alternative Minimum tax ("AMT") because the difference between the fair market value of the shares at exercise and the exercise price represents an AMT preference item.

The tax consequences of a disposition of an incentive stock option depend upon the length of time the stock has been held by the employee. If the employee holds the option stock for at least one year after the option is granted and one year after the exercise of the option, any gain realized on the sale is long-term capital gain. In order to receive long-term capital gain treatment, the employee must remain in our employ from the time the option is granted until three months before its exercise (twelve months in the event of termination due to disability of the employee). We will not be entitled to a deduction in this instance.

If the incentive option stock is not held for the requisite holding period described above, a "disqualifying disposition" will occur. A disqualifying disposition results in the employee recognizing ordinary compensation income to the extent of the lesser of: (1) the fair market value of the option stock on the date of exercise less the exercise price ("the spread") or (2) the amount realized on disposition of the option stock less the exercise price. If the amount realized on the disposition is greater than the fair market value of the stock on the date the stock option was exercised, such excess will be treated as a capital gain, which will be a long-term capital gain if the stock was held for the appropriate holding period (currently more than one year). We will be entitled to a deduction at this time for such ordinary compensation income. The option holder's basis in such shares will be the fair market value on the date of exercise.

The Board of Directors recommends that shareholders vote "FOR" approval of the Waytronx, Inc. 2008 Equity Incentive Plan.

COMMITTEES OF THE BOARD AND MEETINGS

During the fiscal year ended December 31, 2007, the Board of Directors held a total of 37 meetings (including regularly scheduled and special meetings) of which the Board took action 35 times by unanimous written consent. Those directors who were on the Board at the time of the 2007 meetings attended all of the meetings of the Board held in 2007. The Board of Directors has two standing committees: Audit Committee and Compensation Committee. No incumbent director attended fewer than 100% of the total number of meetings held by all committees on which such director served.

Our board currently appoints the members of the audit and compensation committees. Each of our board committees has a written charter approved by our board. Copies of the current committee charters for each committee are posted on our website at www.waytronx.com.

Audit Committee

The Audit Committee is established pursuant to the Sarbanes-Oxley Act of 2002 for the purposes of overseeing the company's accounts and financial reporting processes and audits of its financial statements. The Audit Committee reviews the financial information that will be provided to the shareholders and others, the systems of internal controls established by management and the Board and the independence and performance of the Company's audit process. The functions of the Audit Committee and its activities during fiscal year 2007 are described below under the heading "Report of the Audit Committee". The Audit Committee is directly responsible for, among other things, the appointment, compensation, retention and oversight of our independent Registered Public Accounting firm, review of financial reporting, internal company processes of business/financial risk and applicable legal, ethical and regulatory requirements.

The Audit Committee is currently comprised of the Company Board of Directors. Bradley J. Hallock serves as committee Chairman. During fiscal year 2007, Mr. Hallock was independent in accordance with applicable rules promulgated by the Securities and Exchange Commission and NASDAQ listing standards. Mr. Hallock has an understanding of generally accepted accounting principles and has experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breath and complexity of issues that can reasonably be expected to be raised by the financial statements of the Company, including our balance sheet, income statement and cash flow statement. He has an understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions as well as the ability to access the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves. The Board of Directors has determined that Mr. Hallock is an "audit committee financial expert" as defined in Section 401(h) of Regulation S-K promulgated by the SEC under the Exchange Act. Our Audit Committee acts pursuant to a written charter, a copy of which is available from the Company and is posted on our website at www.waytronx.com. The Audit Committee has established a procedure to receive complaints regarding accounts, internal controls and auditing issues.

Pre-approval Policies and Procedures

The Audit Committee pre-approves the audit and non-audit services rendered by Webb & Company, P. A., the Company's independent auditors. Generally, the Committee pre-approves particular services in the defined categories of audit services, audit-related services, tax services and other non-audit services, specifying the maximum fee payable with respect to that service. Pre-approval may be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service.

Audit Committee Report

THE FOLLOWING REPORT OF THE AUDIT COMMITTEE DOES NOT CONSTITUTE SOLICITING MATERIAL AND SHOULD NOT BE DEEMED FILED OR INCORPORATED BY REFERENCE INTO ANY OTHER COMPANY FILING UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934, EXCEPT TO THE EXTENT THE COMPANY SPECIFICALLY INCORPORATES THIS REPORT BY REFERENCE THEREIN.

Audit Committee Report

The Audit Committee reviews the financial information that will be provided to the shareholders and others, the systems of internal controls established by management and the Board and the independence and performance of the Company's audit process.

The Audit Committee has:

3. Received the written disclosures and letter from Webb & Company, P.A. as required by Independence Standards Board Standard No. 1; and
4. Discussed with Webb & Company, P.A. its independence.

Based on these reviews and discussions, the Audit Committee has recommended that the audited financial statements be included in the Company's annual report on Form 10-KSB for the year ended December 31, 2007. The Audit Committee has also considered whether the amount and nature of non-audit services provided by Webb & Company, P.A. is compatible with the auditor's independence.

On May 2, 2007, the Registrant received and accepted the letter of resignation from its Independent Registered Public Accounting Firm, Salberg & Company, P.A., Boca Raton, Florida. The decision to change accountants was by mutual consent because of the five years partner rotation requirement of Regulation S-X (17 CFR, Part 210). The Company has had no disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure. The Board of Directors and Audit Committee approved retaining Webb & Company, P. A., Boynton Beach, Florida as the Company's Independent Registered Public Accounting Firm effective May 2, 2007.

Independent Registered Public Accounting Firm

Webb & Company, P. A. has audited the Company's financial statements for fiscal year 2007. Representatives of Webb & Company, P. A. will be present via teleconference at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Compensation of Independent Registered Public Accounting Firm

In accordance with the requirements of the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated thereunder, the Audit Committee has adopted an informal approval policy that it believes will result in an effective and efficient procedure to pre-approve services performed by the independent registered public accounting firm.

 - Reports on the Company's financial and stock performance versus a peer group of companies;
 - Reports from the Committee's compensation consultant regarding market and industry data relevant to executive officer compensation;

Compensation Philosophy

General Philosophy

Our compensation philosophy is based on the premise of attracting, retaining and motivating exceptional leaders, setting high goals, working toward the common objectives of meeting the expectations of customers and stockholders, and rewarding outstanding performance. Following this philosophy, in determining executive compensation, we consider all relevant factors, such as the competition for talent, our desire to link pay with performance, the use of equity to align executive interests with those of our stockholders, individual contributions, teamwork and performance, each executive's total compensation package, and internal pay equity. We strive to accomplish these objectives by compensating all employees with total compensation packages consisting of a combination of competitive base salary and incentive compensation.

Pay for Performance

At the core of our compensation philosophy is our strong belief that pay should be directly linked to performance. We believe in a pay for performance culture that places a significant portion of executive officer total compensation as contingent upon, or variable with, individual performance, Company performance and achievement of strategic goals including increasing shareholder value.

The performance based compensation for our executives may be in the form of (i) annual cash incentives to promote achievement of, and accountability for, shorter term performance plans and strategic goals, and (ii) equity grants, designed to align the long-term interests of our executive officers with those of our shareholders, by creating a strong and direct link between executive compensation and shareholder return over a multiple year performance cycle. Long term incentive equity awards are granted in restricted stock. These shares/units generally vest over a two-year period. This opportunity for share ownership was provided in order to provide incentive and retain key employees and align their interests with our long term strategic goals.

Base Compensation to be Competitive within Industry

A key component of an executive's total compensation base salary is designed to compensate executives commensurate with their respective level of experience, scope of responsibilities, sustained individual performance and future potential. The goal has been to provide for base salaries that are sufficiently competitive with other similar-sized companies, both regionally and nationally, in order to attract and retain talented leaders.

Compensation Setting Process

Management's Role in the Compensation Setting Process.

Management plays a significant role in the compensation-setting process. The most significant aspects of management role are:

- Assisting in establishing business performance goals and objectives;
- Evaluating employee and company performance;
- CEO recommending compensation levels and awards for executive officers;
- Implementing the Board approved compensation plans; and
- Assistance in preparing agenda and materials for the Committee meetings.

The Chief Executive Officer and General Counsel generally attend the Committee meetings. However, the Committee also regularly meets in executive session. The Chief Executive Officer makes recommendations with respect to financial and corporate goals and objectives and makes non CEO executive compensation recommendations to the Compensation Committee based on company performance, individual performance and the peer group compensation market analysis. The Compensation Committee considers and deliberates on this information and in turn makes recommendations to the Board of Directors, for the Board's determination and approval of the executives' and other members of senior management's compensation, including base compensation, short-term cash incentives and long-term equity incentives. The Chief Executive Officer's performance and compensation is reviewed, evaluated and established separately by the Compensation Committee and ratified and approved by the Board of Directors.

Setting Compensation Levels

To evaluate our total compensation is competitive and provides appropriate rewards to attract and retain talented leaders, as discussed above, we may rely on analyses of peer companies performed by independent compensation consultants and on other industry and occupation specific survey data available to us. Our general benchmark is to establish both base salary and total compensation for the executive officers at the 50th percentile of the peer group data, recognizing that a significant portion of executive officer total compensation should be contingent upon, or variable with, achievement of individual and Company performance objectives and strategic goals, as well as being variable with stockholder value. Further, while the objective for base salary is at the 50th percentile of the peer group data, executives' base salaries are designed to reward core competencies and contributions to the Company, and may be increased above this general benchmark based on (i) the individual's increased contribution over the preceding year; (ii) the individual's increased responsibilities over the preceding year; and (iii) any increase in median competitive pay levels.

Setting Performance Objectives

The Company's business plans and strategic objectives are generally presented by management at the Company's annual board meeting. The board engages in an active discussion concerning the financial targets, the appropriateness of the strategic objectives, and the difficulty in achieving same. In establishing the compensation plan, our Compensation Committee then utilizes the primary financial objectives from the adopted business plan, operating cash flow, as the primary targets for determining the executive officers' short-term cash incentives and long term equity incentive compensation. The Committee also establishes additional non-financial performance goals and objectives, the achievement of which is required for funding of a significant portion, twenty five percent, of the executive officers' incentive compensation. In 2007, these non financial performance goals and objectives included achieving accurate financial reporting and timely SEC filings; demonstrating full compliance and superior performance in the Company's environmental, health and safety practices; performing appropriate SOX/404 remediation activities and achieving successful testing of and compliance with SOX requirements; and general and administrative expense management.

Annual Evaluation

The Chief Executive Officer recommends the actual incentive award amounts for all other executives based on actual company performance relative to the targets as well as on individual performance, and recommends the executives' base salaries levels for the coming year. The Compensation Committee considers these recommendations generally at the end of each fiscal year in determining its recommendations to the Board of Directors for the final short-term cash incentive and long-term equity award amounts for each executive and for the executive's base salary levels. The actual incentive amounts awarded to each executive are ultimately subject to the discretion of the Compensation Committee and the Board of Directors.

Additional equity-based awards may be also granted to executives, as well as other employees, upon commencement of employment, for promotions or special performance recognition, or for retention purposes, based on the recommendation of the Chief Executive Officer. In determining whether to recommend additional grants to an executive, the Chief Executive Officer typically considers the individual's performance and any planned change in functional responsibility.

Elements of Executive Compensation

Total Compensation

Total compensation for our executives consists of three elements: (i) base salary; (ii) incentive cash award based on achieving specific performance targets as measured by cash flow and other objectives; and (iii) equity incentive award, which is also performance based and paid out over a future period in the form of restricted stock or warrants. Base salaries are the value upon which both the incentive compensation percentage targets are measured against. For evaluation and comparison of overall compensation of the executives, and to assist it in making its compensation decisions, the Compensation Committee reviews an executive compensation summary, which sets forth for each executive: current compensation and current equity ownership holdings as well as the projected value of each and all such compensation elements, including distributions and dividends therefrom.

Base Salaries

Base salaries are designed to compensate executives commensurate with their respective level of experience, scope of responsibilities, and to reward sustained individual performance and future potential. The goal has been to provide for base salaries that are sufficiently competitive with other similar-sized companies, both regionally and nationally, in order to attract and retain talented leaders.

Incentive Compensation

Incentive compensation is intended to align compensation with business objectives and performance and enable the company to attract, retain and reward high quality executive officers whose contributions are critical to short and long-term success of the Company. The executives' incentive awards are based upon three key performance metrics: 1) the Company's operating cash flow; 2) achievement of agreed-upon strategic and corporate performance goals; and 3) each executive's departmental and individual goals and performance. The actual incentive amounts awarded to each executive are ultimately subject to the discretion of the Compensation Committee and the Board of Directors

Incentive Plan Compensation

Incentive awards are paid out in cash, restricted common stock or warrant awards. The incentive award targets for the executives are established at the beginning of the year as a percentage of their base salary, and the actual awards are determined at the following year's Annual Board of Directors meetings based on actual company performance relative to established goals and objectives, as well as on evaluation of the executive's relevant departmental and individual performance during the past year. The award of restricted common stock generally vests over a two year term in four equal six months tranches. The award of restricted common stock purchased through warrants generally vests immediately upon issuance of the warrant which generally has a validity of three years and a per share purchase price of the fair market value of our common stock on the date of grant. The awards are intended to serve as a means of incentive compensation for performance.

Retirement Plans

The Company does not maintain an employee retirement plan or a 401(k) plan nor do we provide any supplemental retirement benefits to our senior executives.

Change in Control Agreements

Our executives are not awarded any type of protection upon a change in control.

Perquisites

The Company does not provide for any perquisites or any other benefits for its senior executives that are not generally available to all employees.

Based on our review and discussion with management, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2007.

SECTION 2 GENERAL TERMS

2.1 Purpose of the Plan. The Plan is intended to (a) provide incentive to employees of the Company and its affiliates to stimulate their efforts toward the continued success of the Company and to operate and manage the business in a manner that will provide for the long-term growth and profitability of the Company; (b) encourage stock ownership by employees, directors and independent contractors by providing them with a means to acquire a proprietary interest in the Company by acquiring shares of Stock or to receive compensation which is based upon appreciation in the value of Stock; and (c) provide a means of obtaining and rewarding employees, directors, independent contractors and advisors.

2.2 Stock Subject to the Plan. Subject to adjustment in accordance with Section 5.2, 1,500,000 shares of Stock (the "Maximum Plan Shares") are hereby reserved and subject to issuance under the Plan. At no time shall the Company have outstanding Awards and shares of Stock issued in respect to Awards in excess of the Maximum Plan Shares. To the extent permitted by law, the shares of Stock attributable to the nonvested, unpaid, unexercised, unconverted or otherwise unsettled portion of any Award that is forfeited, canceled, expired or terminated for any reason without becoming vested, paid, exercised, converted or otherwise settled in full shall again be available for purposes of the Plan.

2.3 Administration of the Plan. The Plan shall be administered by the Administrator. The Administrator shall have full authority in its discretion to determine the employees of the Company or its affiliates to whom Awards shall be granted and the terms and provisions of Awards, subject to the Plan. Subject to the provisions of the Plan, the Administrator shall have full and conclusive authority to interpret the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the respective Equity Ownership Agreements and to make all other determinations necessary or advisable for the proper administration of the Plan. The Administrator's determination under the Plan need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan (whether or not such persons are similarly situated). The Administrator's decisions shall be final and binding on all Participants.

2.4 Eligibility and Limits. Participants in the Plan shall be selected by the Administrator. In the case of Incentive Stock Options, the aggregate Fair Market Value (determined as at the date an Incentive Stock Option is granted) of Stock with respect to which Stock Options intended to meet the requirements of Code Section 422 become exercisable for the first time by an individual during any calendar year under all plans of the Company and its Parents and Subsidiaries shall not exceed \$100,000; provided further, that if the limitation is exceeded, the Incentive Stock Option(s) which cause the limitation to be exceeded shall be treated as Non-Qualified Stock Option(s).

SECTION 3 TERMS OF AWARDS

3.1 Terms and Conditions of All Awards.

(a) The number of shares of Stock as to which an Award shall be granted shall be determined by the Administrator in its sole discretion, subject to the provisions of Sections 2.2 and 2.4 as to the total number of shares available for grants under the Plan.

(b) Each Award shall be evidenced by an Equity Ownership Agreement in such form as the Administrator may determine is appropriate, subject to the provisions of the Plan.

(c) The date an Award is granted shall be the date on which the Administrator has approved the terms and conditions of the Equity Ownership Agreement and has determined the recipient of the Award and the number of shares covered by the Award and has taken all such other action necessary to complete the grant of the Award.

(d) The Administrator may provide in any Equity Ownership Agreement a vesting schedule. The vesting schedule shall specify when such Awards shall become Vested and thus exercisable. The Administrator may accelerate the vesting schedule set forth in the Equity Ownership Agreement if the Administrator determines that it is in the best interests of the Company and Participant to do so. In addition, the Administrator may provide in the Equity Ownership Agreement that vesting will be accelerated in the event of a Change of Control.

(e) Awards shall not be transferable or assignable except by will or by the laws of descent and distribution and shall be exercisable, during the Participant's lifetime, only by the Participant, or in the event of the Disability of the Participant, by the legal representative of the Participant.

3.2 Terms and Conditions of Options. At the time any Option is granted, the Administrator shall determine whether the Option is to be an **Incentive Stock Option** or a **Non-Qualified Stock Option**, and the Option shall be clearly identified as to its status as an Incentive Stock Option or a Non-Qualified Stock Option. At the time any Incentive Stock Option is exercised, the Company shall be entitled to place a legend on the certificates representing the shares of Stock purchased pursuant to the Option to clearly identify them as shares of Stock purchased upon exercise of an Incentive Stock Option. An Incentive Stock Option may only be granted within ten (10) years from the date the Plan is adopted or the date such Plan is approved by the Company's stockholders, whichever is earlier. Incentive Stock Options may only be granted to employees of the Company.

(a) Option Price. Subject to adjustment in accordance with Section 5.2 and the other provisions of this Section 3.2, the exercise price (the "Exercise Price") per share of the Stock purchasable under any Option shall be in the applicable Equity Ownership Agreement at the time the Option is granted. With respect to each grant of an Incentive Stock Option to a Participant who is not an Over 10% Owner, the **Exercise Price per share shall not be less than the Fair Market Value on the date the Option is granted**. With respect to each grant for an Incentive Stock Option to a Participant who is an Over 10% Owner, the Exercise Price shall not be less than 110% of the Fair Market Value on the date the Option is granted.

(b) Option Term. The **Equity Ownership Agreement shall set forth the term** of each option. Any Incentive Stock Option granted to a Participant who is not an Over 10% Owner shall not be exercisable after the expiration of ten (10) years after the date the Option is granted. Any Incentive Stock Option granted to an Over 10% Owner shall not be exercisable after the expiration of five (5) years after the date the Option is granted. In either case, the Administrator may specify a shorter term and state such term in the Equity Ownership Agreement.

(c) Payment. Payment for all shares of Stock purchased pursuant to exercise of an Option shall be made in any form or manner authorized by the Administrator in the Equity Ownership Agreement or by amendment thereto, including, but not limited to, cash or, if the Equity Ownership Agreement provides, (i) by delivery or deemed delivery (based on an attestation to the ownership thereof) to the Company of a number of shares of Stock which have been owned by the holder for at least six (6) months prior to the date of exercise having an aggregate Fair Market Value on the date of exercise equal to the Exercise Price or (ii) by tendering a combination of cash, Stock and/or note. Payment shall be made at the time that the Option or any part thereof is exercised, and no shares shall be issued or delivered upon exercise of an option until full payment has been made by the Participant. The holder of an Option, as such, shall have none of the rights of a stockholder.

(d) Conditions to the Exercise of an Option. Each Option granted under the Plan shall be exercisable by whom, at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Administrator shall specify in the Equity Ownership Agreement; provided, however, that subsequent to the grant of an Option, the Administrator, at any time before complete termination of such Option, may accelerate the time or times at which such Option may be exercised in whole or in part, including, without limitation, upon a Change in Control and may permit the Participant or any other designated person acting for the benefit of the Participant to exercise the Option, or any portion thereof, for all or part of the remaining Option term notwithstanding any provision of the Equity Ownership Agreement to the contrary.

(e) Termination of Incentive Stock Option. With respect to an Incentive Stock Option, in the event of Termination of Employment of a Participant, the Option or portion thereof held by the Participant which is unexercised shall expire, terminate, and become unexercisable no later than the expiration of three (3) months after the date of Termination of Employment; provided, however, that in the case of a holder whose Termination of Employment is due to death or Disability, one (1) year shall be substituted for such three (3) month period. For purposes of this Subsection (e), Termination of Employment of the Participant shall not be deemed to have occurred if the Participant is employed by another corporation (or a parent or subsidiary corporation of such other corporation) which has assumed the Incentive Stock Option of the Participant in a transaction to which Code Section 424(a) is applicable.

(f) Special Provisions for Certain Substitute Options. Notwithstanding anything to the contrary in this Section 3.2, any Option issued in substitution for an option previously issued by another entity, which substitution occurs in connection with a transaction to which Code Section 424(a) is applicable, may provide for an exercise price computed in accordance with such Code Section and the regulations thereunder and may contain such other terms and conditions as the Administrator may prescribe to cause such substitute Option to contain as nearly as possible the same terms and conditions (including the applicable vesting and termination provisions) as those contained in the previously issued option being replaced thereby.

3.3 Terms and Conditions of Stock Appreciation Rights. A Stock Appreciation Right may be granted in connection with all or any portion of a previously or contemporaneously granted Award or not in connection with an Award. A Stock Appreciation Right shall entitle the Participant to receive the excess of (1) the Fair Market Value of a specified or determinable number of shares of the Stock at the time of payment or exercise over (2) a specified price which, in the case of a Stock Appreciation Right granted in connection with an Option, shall be not less than the Exercise Price for that number of shares. The Exercise Price shall not be less than the Fair Market Value of the corresponding Stock on the date of the grant. A Stock Appreciation Right granted in connection with an Award may only be exercised to the extent that the related Award has not been exercised, paid or otherwise settled. The exercise of a Stock Appreciation Right granted in connection with an Award shall result in a pro rata surrender or cancellation of any related Award to the extent the Stock Appreciation Right has been exercised.

(a) Exercise. Upon exercise of a Stock Appreciation Right, the Company shall pay to the Participant the appreciation in cash or shares of Stock (valued at the aggregate Fair Market Value on the date of payment or exercise) as provided in the Equity Ownership Agreement or, in the absence of such provision, as the Administrator may determine.

(b) Conditions to Exercise. Each Stock Appreciation Right granted under the Plan shall be exercisable or payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Administrator shall specify in the Equity Ownership Agreement; provided, however, that subsequent to the grant of a Stock Appreciation Right, the Administrator, at any time before complete termination of such Stock Appreciation Right, may accelerate the time or times at which such Stock Appreciation Right may be exercised or paid in whole or in part.

3.4 Terms and Conditions of Stock Awards. The number of shares of Stock subject to a Stock Award and restrictions or conditions on such shares, if any, shall be as the Administrator determines, and the certificate for such shares shall bear evidence of any restrictions or conditions. Subsequent to the date of the grant of the Stock Award, the Administrator shall have the power to permit, in its discretion, an acceleration of the expiration of an applicable restriction period with respect to any part or all of the shares awarded to a Participant. The Administrator may require a cash payment from the Participant in an amount no greater than the aggregate Fair Market Value of the shares of Stock awarded determined at the date of grant in exchange for the grant of a Stock Award or may grant a Stock Award without the requirement of a cash payment.

3.5 Treatment of Awards Upon Termination of Employment or Affiliation. Except as otherwise provided by Plan Section 3.2(e), any Award to a Participant who incurs a Termination of Employment or Affiliation may be canceled, accelerated, paid or continued, as provided in the Equity Ownership Agreement or, in the absence of such provision, as the Administrator may determine. The portion of any Award exercisable in the event of continuation or the amount of any payment due under a continued Award may be adjusted by the Administrator to reflect the Participant's period of service from the date of grant through the date of the Participant's Termination of Employment or Affiliation or such other factors as the Administrator determines are relevant to its decision to continue the Award.

SECTION 4 RESTRICTIONS ON STOCK

4.1 Escrow of Shares. Any certificates representing the shares of Stock issued under the Plan shall be issued in the Participant's name, but, if the Equity Ownership Agreement so provides, the shares of Stock shall be held by a custodian designated by the Administrator (the "Custodian"). Each Equity Ownership Agreement providing for transfer of shares of Stock to the Custodian shall appoint the Custodian as the attorney-in-fact for the Participant for the term specified in the Equity Ownership Agreement, with full power and authority in the Participant's name, place and stead to transfer, assign and convey to the Company any shares of Stock held by the Custodian for such Participant, if the Participant forfeits the shares under the terms of the Equity Ownership Agreement. During the period that the Custodian holds the shares subject to this Section, the Participant shall be entitled to all rights, except as provided in the Equity Ownership Agreement, applicable to shares of Stock not so held. Any dividends declared on shares of Stock held by the Custodian shall, as the Administrator may provide in the Equity Ownership Agreement, be paid directly to the Participant or, in the alternative, be retained by the Custodian until the expiration of the term specified in the Equity Ownership Agreement and shall then be delivered, together with any proceeds, with the shares of Stock to the Participant or the Company, as applicable.

4.2 Forfeiture of Shares. Notwithstanding any vesting schedule set forth in any Equity Ownership Agreement, in the event that the Participant violates a non-competition agreement as set forth in the Equity Ownership Agreement, all Awards and shares of Stock issued to the holder pursuant to the Plan shall be forfeited; provided, however, that the Company shall return to the holder the lesser of any consideration paid by the Participant in exchange for Stock issued to the Participant pursuant to the Plan or the then Fair Market Value of the Stock forfeited hereunder.

4.3 Restrictions on Transfer. The Participant shall not have the right to make or permit to exist any Disposition of the shares of Stock issued pursuant to the Plan except as provided in the Plan or the Equity Ownership Agreement. Any Disposition of the shares of Stock issued under the Plan by the Participant, not made in accordance with the Plan or the Equity Ownership Agreement, including, but not limited to, any right of repurchase or right of first refusal, shall be void. The Company shall not recognize, or have the duty to recognize, any Disposition not made in accordance with the Plan and the Equity Ownership Agreement, and the shares of Stock so transferred shall continue to be bound by the Plan and the Equity Ownership Agreement.

SECTION 5 GENERAL PROVISIONS

5.1 Withholding. The Company shall deduct from all cash distributions under the Plan any taxes required to be withheld by federal, state or local government. Whenever the Company proposes or is required to issue or transfer shares of Stock under the Plan or upon the vesting of any Stock Award, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy any federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such shares or the vesting of such Stock Award. A Participant may pay the withholding tax in cash, or, if the Equity Ownership Agreement provides, a Participant may also elect to have the number of shares of Stock he is to receive reduced by, or with respect to a Stock Award, tender back to the Company, the smallest number of whole shares of Stock which, when multiplied by the Fair Market Value of the shares determined as of the Tax Date (defined below), is sufficient to satisfy federal, state and local, if any, withholding taxes arising from exercise or payment of an Award (a "Withholding Election"). A Participant may make a Withholding Election only if both of the following conditions are met:

(a) The Withholding Election must be made on or prior to the date on which the amount of tax required to be withheld is determined (the "Tax Date") by executing and delivering to the Company a properly completed notice of Withholding Election as prescribed by the Administrator; and

(b) Any Withholding Election made will be irrevocable; however, the Administrator may in its sole discretion approve or give no effect to the Withholding Election.

5.2 Changes in Capitalization; Merger; Liquidation.

(a) The number of shares of Stock reserved for the grant of Options, Stock Appreciation Rights and Stock Awards; the number of shares of Stock reserved for issuance upon the exercise or payment, as applicable, of each outstanding Option and Stock Appreciation Right and upon vesting or grant, as applicable, of each Stock Award; the Exercise Price of each outstanding Option and the specified number of shares of Stock to which each outstanding Stock Appreciation Right pertains may be proportionately adjusted by the Administrator for any increase or decrease in the number of issued shares of Stock resulting from a subdivision or combination of shares or the payment of a stock dividend in shares of Stock to holders of outstanding shares of Stock or any other increase or decrease in the number of shares of Stock outstanding effected without receipt of consideration by the Company.

(b) In the event of a merger, consolidation or other reorganization of the Company or tender offer for shares of Stock, the Administrator may make such adjustments with respect to awards and take such other action as it deems necessary or appropriate to reflect or in anticipation of such merger, consolidation, reorganization or tender offer, including, without limitation, the substitution of new awards, the termination or adjustment of outstanding awards, the acceleration of awards or the removal of restrictions on outstanding awards. Any adjustment pursuant to this Section 5.2 may provide, in the Administrator's discretion, for the elimination without payment therefore of any fractional shares that might otherwise become subject to any Award.

(c) The existence of the Plan and the Awards granted pursuant to the Plan shall not affect in any way the right or power of the Company to make or authorize any adjustment, reclassification, reorganization or other change in its capital or business structure, any merger or consolidation of the Company, any issue of debt or equity securities having preferences or priorities as to the Stock or the rights thereof, the dissolution or liquidation of the Company, any sale or transfer of all or any part of its business or assets, or any other corporate act or proceeding.

5.3 Cash Awards. The Administrator may, at any time and in its discretion, grant to any holder of an Award the right to receive, at such times and in such amounts as determined by the Administrator in its discretion, a cash amount which is intended to reimburse such person for all or a portion of the federal, state and local income taxes imposed upon such person as a consequence of the receipt of the Award or the exercise of rights thereunder.

5.4 Compliance with Code. All Incentive Stock Options to be granted hereunder are intended to comply with Code Section 422, and all provisions of the Plan and all Incentive Stock Options granted hereunder shall be construed in such manner as to effectuate that intent.

5.5 Right to Terminate Employment. Nothing in the Plan or in any Award shall confer upon any Participant the right to continue as an employee or officer of the Company or any of its affiliates or affect the right of the Company or any of its affiliates to terminate the Participant's employment at any time.

5.6 Restrictions on Delivery and Sale of Shares; Legends. Each Award is subject to the condition that if at any time the Administrator, in its discretion, shall determine that the listing, registration or qualification of the shares covered by such Award upon any securities exchange or under any state or federal law is necessary or desirable as a condition of or in connection with the granting of such Award or the purchase or delivery of shares thereunder, the delivery of any or all shares pursuant to such Award may be withheld unless and until such listing, registration or qualification shall have been effected. If a registration statement is not in effect under the Securities Act of 1933 or any applicable state securities laws with respect to the shares of Stock purchasable or otherwise deliverable under Awards then outstanding, the Administrator may require, as a condition of exercise of any Option or as a condition to any other delivery of Stock pursuant to an Award, that the Participant or other recipient of an Award represent, in writing, that the shares received pursuant to the Award are being acquired for investment and not with a view to distribution and agree that shares will not be disposed of except pursuant to an effective registration statement, unless the Company shall have received an opinion of counsel that such disposition is exempt from such requirement under the Securities

Act of 1933 and any applicable state securities laws. The Company may include on certificates representing shares delivered pursuant to an Award such legends referring to the foregoing representations or restrictions or any other applicable restrictions on resale as the Company, in its discretion, shall deem appropriate.

-9-

5.7 Non-alienation of Benefits. Other than as specifically provided with regard to the death of a Participant, no benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge; and any attempt to do so shall be void. No such benefit shall, prior to receipt by the Participant, be in any manner liable for or subject to the debts, contracts, liabilities, engagements or torts of the Participant.

5.8 Termination and Amendment of the Plan. The Board at any time may amend or terminate the Plan without stockholder approval; provided, however, that the Board may condition any amendment on the approval of stockholders of the Company if such approval is necessary or advisable with respect to tax, securities or other applicable laws. No such termination or amendment without the consent of the holder of an Award shall adversely affect the rights of the Participant under such Award.

5.9 Stockholder Approval. The Plan shall be submitted to the stockholders of the Company for their approval within twelve (12) months before or after the adoption of the Plan by the Board. If such approval is not obtained, any Award granted hereunder shall be void.

5.10 Choice of Law. The laws of the State of Oregon shall govern the Plan, to the extent not preempted by federal law.

5.11 Effective Date of Plan. The Plan shall be effective as of May 15, 2008.
