Grupo Radio Centro Reports First Quarter 2009 Results

Mexico City, April 27, 2009 - Grupo Radio Centro, S.A.B. de C.V. (NYSE: RC, BMV: RCENTRO-A) (the "Company"), one of Mexico's leading radio broadcasting companies, announced today its results of operations for the quarter ended March 31, 2009. All figures were prepared in accordance with the Mexican Financial Reporting Standards ("MFRS") issued by the Mexican Board for Research and Development of Financial Information Standards.

First Quarter Results

Broadcasting revenue in the first quarter of 2009 was Ps. 155,791,000, 21.5% higher than Ps. 128,258,000 in the first quarter of 2008. This increase was attributable to higher advertising expenditures by the Company's clients during the first quarter of 2009 compared to the first quarter of 2008.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) in the first quarter of 2009 totaled Ps. 112,150,000, a 7.9% increase compared to Ps. 103,981,000 in the first quarter of 2008. This increase was primarily attributable to: (i) higher sales commissions due to the increase in broadcasting revenue, (ii) an increase in the peso cost of U.S. dollar-denominated rental payments pursuant to the Company's agreement to operate XHFO-FM, due to the depreciation of the Mexican peso, and (iii) higher marketing research expenses.

The Company's broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) in the first quarter was Ps. 43,641,000, a 79.8% increase compared to Ps. 24,277,000 in the first quarter of 2008. This increase was attributable to the 21.5% increase in broadcasting revenue described above combined with the much smaller increase in broadcasting expenses.

Depreciation and amortization expenses in the first quarter of 2009 were Ps. 6,540,000, a 14.9% decrease compared to Ps. 7,681,000 in the first quarter of 2008. This decrease was attributable to a reduction in the amount of depreciable assets.

The Company's corporate, general and administrative expenses in the first quarter of 2009 totaled Ps. 3,778,000, a slight increase compared to Ps. 3,495,000 in the first quarter 2008.

The Company's operating income in the first quarter of 2009 was Ps. 33,323,000, a 154.4% increase compared to Ps. 13,101,000 in the first quarter of 2008. This increase was due to the increase in broadcasting revenue during the first quarter of 2009 combined with a relatively stable level of expenses.

Other expenses, net, remained stable during the first quarter of 2009 at Ps. 11,885,000, compared to Ps. 11,823,000 in the first quarter 2008.

First Quarter 2009 Results

The Company's comprehensive financing cost in the first quarter of 2009 increased to Ps. 1,072,000 from Ps. 137,000 in the first quarter of 2008. This increase was mainly attributable to a 116.6% increase in interest expense in the first quarter of 2009, which resulted primarily from an increase in the fees payable under the Company's credit facility beginning in June 2008 as well as the higher peso cost of such fees, which are U.S. dollar-denominated. Moreover, in the first quarter of 2009 the Company borrowed under this credit facility an aggregate principal amount of Ps. 200 million in connection with the transaction described below under "Recent Events," and the loan began accruing interest on March 26, 2009 at a fixed rate of 13.0% per annum. The Company will repay principal under this loan in 20 quarterly installments through 2014.

Income before income taxes in the first quarter of 2009 totaled Ps. 20,366,000, a substantial increase compared to Ps. 1,141,000 in the first quarter of 2008, primarily as a result of the increase in broadcasting revenue.

The Company recorded income taxes of Ps. 5,703,000 in the first quarter 2009, compared to Ps. 331,000 in the first quarter 2008, due to higher taxable income.

As a result of the foregoing, the Company's net income in the first quarter of 2009 reached Ps. 14,663,000, compared to Ps. 810,000 in the first quarter of 2008.

Recent Events

- On April 3, 2009, the Company entered into a local marketing agreement (the "LMA") with Emmis Communications Corporation ("Emmis"), a U.S. radio broadcasting company. Under the LMA, the Company will provide programming to, and sell advertising time on, KMVN-FM, a radio station broadcasting in Los Angeles, California on the 93.9 FM frequency, for up to seven years. The Company began providing programming to KMVN-FM on April 15, 2009.

Under the LMA, the Company will pay Emmis US\$7 million per year, plus expenses incurred by Emmis with respect to the station. On April 7, 2009, the Company advanced US\$14 million (approximately Ps. 200 million) as prepayment for the first two years of fees under the LMA. The Company financed the prepayment with a bank loan in an aggregate principal amount of Ps. 200 million.

The Company also entered into a seven-year call and put option agreement (the "Option Agreement") with Emmis to purchase the assets of KMVN-FM. The Company is entitled to exercise its call option to purchase the KMVN-FM station assets under the Option Agreement at any time during its seven-year term, and Emmis is entitled to require the Company to purchase the station assets during the seventh year of the term. If, at the time of the exercise of the call or put, the Company is not qualified under U.S. law to own a U.S. radio station, the Company must assign the Option Agreement to a qualified third party. The purchase price under the Option Agreement is US\$110 million.

- On March 31, 2009, the shareholders approved, in accordance with the recommendation of the Company's Board of Directors, a dividend payment to all shareholders from retained earnings for fiscal year 2008 in the amount of Ps. 100,000,000, or approximately Ps. 0.614535380433443 per each of the 162,724,561 Series A Shares outstanding. The dividend was paid in one disbursement on April 13, 2009.
