ABOUT THE MEETING

What is the Date, Time and Place of the Annual Meeting?

Beacon Roofing Supply Inc.'s 2010 Annual Shareholders' Meeting will be held on Friday, February 5, 2010, beginning at 8:00 a.m., local time, at our office at 505 Huntmar Park Drive, Suite 300, Herndon, VA 20170.

What is the purpose of the annual meeting?

At the annual meeting, shareholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, consisting of 1) the election of directors; 2) the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2010; and 3) any other matters that properly come before the meeting.

Who is entitled to vote at the meeting?

Only our shareholders of record at the close of business on December 10, 2009, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares you held on that date at the meeting, or any postponement(s) or adjournment(s) of the meeting. As of the record date, there were 45,312,780 shares of common stock outstanding, all of which are entitled to be voted at the annual meeting.

A list of shareholders will be available at our headquarters at One Lakeland Park Drive, Peabody, Massachusetts 01960 for a period of ten days prior to the annual meeting and at the annual meeting itself for examination by any shareholder.

What are the voting rights of the holders of our common stock?

Holders of common stock are entitled to one vote per share on each matter that is submitted to shareholders for approval.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Please also note that if you hold your shares in `street name` (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of common stock representing a majority of the combined voting power of the outstanding shares of stock on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, there were 45,312,780 shares of common stock outstanding, all of which are entitled to be voted at the annual meeting.

What vote is required to approve each item?

For purposes of electing directors at the annual meeting, the nominees receiving the support of stockholders representing the greatest numbers of shares of common stock present at the meeting, in person or by proxy and entitled to vote, shall be elected as directors. The affirmative vote of a majority of the shares of common stock present at the meeting in person or by proxy and entitled to vote is required for the ratification of the selection of Ernst & Young LLP and the approval of any other matter that may be submitted to a vote of our shareholders.

1

TABLE OF CONTENTS

The inspector of election for the annual meeting shall determine the number of shares of common stock represented at the meeting, the existence of a quorum and the validity and effect of proxies, and shall count and tabulate ballots and votes and determine the results thereof. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining a quorum. A broker non-vote will occur when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary power with respect to that proposal and has not received instructions from the beneficial owner. Broker non-votes will not be counted as votes cast for or votes withheld for the election of directors. On other matters submitted for a vote, broker non-votes will not be considered in tallying votes cast, and abstentions will be treated as a vote against. If less than a majority of the combined voting power of the outstanding shares of common stock is represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting from time to time without further notice.

What are the Board's recommendations?

Our board of directors recommends a vote FOR the election of the respective nominees for director named in this proxy statement and FOR the ratification of the selection of Ernst & Young LLP.

Unless contrary instructions are indicated on the enclosed proxy, all shares represented by valid proxies received pursuant to this solicitation (and which have not been revoked in accordance with the procedures set forth below) will be voted (a) FOR the election of the respective nominees for director named in this proxy statement; (b) FOR the ratification of the selection of Ernst & Young LLP; and (c) in accordance with the recommendation of our board of directors, FOR or AGAINST all other matters as may properly come before the annual meeting. In the event a shareholder specifies a different choice by means of the enclosed proxy, such shares will be voted in accordance with the specification made.

How do I vote?

You can vote in any of the following ways.

- 1.) To vote by mail:
Mark, sign and date your proxy card; and
Return it in the enclosed envelope.
- 2.) Use the Internet site if listed on your proxy card.

TABLE OF CONTENTS

Can I change my vote after I return my proxy card or vote using the internet?

Yes. The giving of a proxy does not eliminate the right to vote in person should any shareholder giving the proxy so desire. Shareholders have an unconditional right to revoke their proxy at any time prior to the exercise of that proxy, by voting in person at the annual meeting, by filing a written revocation or duly executed proxy bearing a later date with our Secretary at our headquarters, or by voting through the internet at a later date where available.

Who pays for costs relating to the proxy materials and annual meeting of shareholders?

The costs of preparing, assembling and mailing this proxy statement, the Notice of Annual Meeting of Shareholders and the enclosed Annual Report and proxy card, along with the cost of posting the proxy materials on a website, are to be borne by us. In addition to the use of mail, our directors, officers and employees may solicit proxies personally and by telephone, facsimile and other electronic means. They will receive no compensation in addition to their regular salaries. Item 2. RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2010.

The Board and the Audit Committee consider Ernst & Young LLP well qualified to serve as the Company's independent registered public accounting firm and recommend ratification of such selection by the stockholders.

TABLE OF CONTENTS**AUDIT COMMITTEE MATTERS****Audit Committee's Pre-Approval and Procedures**

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of Ernst & Young LLP, our independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee. As part of its responsibility, the Audit Committee established a policy requiring the pre-approval of all audit and permissible non-audit services performed by the registered public accounting firm. In pre-approving services, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence.

Prior to the engagement of the registered public accounting firm for an upcoming audit/non-audit service period, defined as a twelve-month timeframe, Ernst & Young LLP submits a detailed list of services expected to be rendered during that period as well as an estimate of the associated fees for each of the following four categories of services to the Audit Committee for approval.

Audit Services consist of services rendered by an external auditor for the audit of our annual consolidated financial statements (including tax services performed to fulfill the auditor's responsibility under generally accepted auditing standards) and internal controls and reviews of financial statements included in Form 10-Qs, and includes services that generally only an external auditor can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the Securities and Exchange Commission.

Audit-Related Services consist of assurance and related services (e.g. due diligence) by an external auditor that are reasonably related to audit or review of financial statements, including employee benefit plan audits, due diligence related to mergers and acquisitions, and accounting consultations.

Tax Services consist of services not included in Audit Services above, rendered by an external auditor for tax compliance, tax consulting and tax planning.

Other Non-Audit Services are any other permissible work that is not an Audit, Audit-Related or Tax Service.

Circumstances may arise during the twelve-month period when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging the independent auditor. The chairman of the Audit Committee, acting pursuant to delegated authority, may pre-approve any non-audit services, up to a limit of \$20,000.

Audit and Non-Audit Fees

The table below summarizes the fees billed by our independent registered public accounting firm, Ernst & Young LLP, for the fiscal years ended September 30, 2009 and September 30, 2008.

Year	Audit	Audit-Related	Tax	All Other	Total
2009	\$ 1,030,001	\$ 37,800	\$ 159,955	\$	\$ 1,227,756
2008	\$ 1,008,214	\$ 40,800	\$ 142,700	\$	\$ 1,191,714

TABLE OF CONTENTS

Audit fees include fees for professional services rendered for the audit of our annual consolidated financial statements, the audit of our internal controls and the reviews of the interim financial statements included in our Forms 10-Q.

The audit-related services reflect audit fees for our 401(k) profit-sharing plan and associated consultations.

Tax fees represent professional services related to tax compliance and consulting.

The Audit Committee has considered the compatibility of the provision of services covered by the preceding paragraph with the maintenance of the principal accountant's independence from the Company and has determined that the provision of such services is not incompatible with the maintenance of such independence.

The Audit Committee annually reviews the performance of the independent registered public accounting firm and the fees charged for their services.

Report of the Audit Committee

The role of the Audit Committee is to assist the board of directors in its oversight of the integrity of the Company's financial reporting process and compliance with legal and regulatory requirements. The Audit Committee reviews the Company's financial reporting process on behalf of the Company's board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the Audit Committee has met and held discussions with management and the Company's independent registered public accounting firm. The Audit Committee has reviewed and discussed the audited financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended (AICPA, *Professional Standards*, Vol. 1 AU 380), and as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has discussed with the independent registered public accounting firm the auditor's independence from the Company and management. In addition, the Audit Committee received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent public accounting firm's communications with the Audit Committee concerning independence.

In reliance on the reviews and discussions referred to above, the Audit Committee approved that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2009.

INFORMATION ON EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The responsibilities of our Compensation Committee are to review our compensation and benefit plans to ensure that they meet our objectives, review the Chief Executive Officer's performance and his or her recommendations on compensation of our other executive officers, and make recommendations for adopting and changing major compensation policies and practices. The Compensation Committee reports its recommendations to the full board of directors for approval and authorization. It also recommends the annual compensation of the Chief Executive Officer to the board of directors and administers our stock plan.

Objectives of Compensation Program

Our compensation practices are intended to attract and retain highly competent executives in a competitive marketplace. The program provides named executive officers listed in our summary compensation table with compensation that is industry competitive, internally equitable and commensurate with their skills, knowledge, experience and responsibilities.

The primary objective of our executive compensation program is to firmly align total executive compensation with the attainment of our annual performance goals. These goals are principally based upon our income before income taxes.

The compensation of our executive officers consists of base salary, cash bonuses, long-term incentive compensation in the form of Company stock options, and certain perquisites such as an auto allowance. From time to time, the Company will also pay for relocation expenses, including temporary housing, commuting airfare, automobile lease and related expenses, associated with relocating executives.

Use of Consultants and Peer Group Data

The Company does not engage in specific numerical benchmarking in determining executive compensation. As described below, our Compensation Committee periodically considers available compensation data from peer companies. Because job content, accountability, responsibility, incumbent seniority and performance criteria vary from one company to the next, our Compensation Committee uses the information as a general guideline in exercising its discretion in determining compensation for our executive officers.

Our executive compensation for the fiscal year ended September 30, 2009 (fiscal 2009) was based in part on information provided by Lyons, Benenson & Company in late 2006. Lyons, Benenson & Company reviewed data for a peer group of companies of relatively the same size and market capitalization as the Company in developing its recommendations to the Compensation Committee. The peer group companies in the 2006 review included Blue Linx Holdings, Fastenal Company, Huttig Building Products, Pool Corp. and W.W. Grainger. This survey data was one consideration included in the Compensation Committee's process of determining executive compensation for fiscal 2009. The Compensation Committee used the survey data as general guidance, together with other information such as general business trends, the competitiveness of the markets in which we operate, individual performance, and its own discretion in setting overall executive compensation.

The Compensation Committee again retained Lyons, Benenson & Company in 2009, for a fee of \$39,000, to review all current aspects of executive compensation. Lyons, Benenson & Company reviewed the latest data for a peer group of distribution companies, most of which are of similar size and market capitalization as the Company, in developing its recommendations to the Compensation Committee. The peer companies included, among others,

16

BlueLinx Holdings, Builders FirstSource, Fastenal Company, Huttig Building Products, Pool Corp. and Watsco. This more recent survey data was one consideration included in the Compensation Committee's process of determining executive compensation for fiscal year 2010 and beyond (see Compensation for Fiscal Year 2010).

Base Salaries

As noted above, the Compensation Committee evaluates the performance of our Chief Executive Officer, and recommends the Chief Executive Officer's salary to the full board of directors in light of that evaluation. The Compensation Committee reviews the base salary of the Chief Executive Officer on an annual basis in consideration of his performance during the previous year. Mr. Buck's base salary was set at \$566,500 for fiscal 2009. The Compensation Committee considered the following quantitative and qualitative factors in evaluating the Chief Executive Officer's performance in setting fiscal 2009 compensation:

- the Company's performance and relative shareholder return;
- the value of Mr. Buck's leadership;
- the compensation plans of chief executive officers of comparable companies; and
- the recommendations of an independent compensation consultant (discussed above).

Base salaries of our executive officers other than the Chief Executive Officer are also recommended annually by the Compensation Committee to the full board of directors after consultation with, and upon the recommendation of, the Chief Executive Officer. The base salary of each executive officer is recommended by the Chief Executive Officer to the Compensation Committee after evaluating each executive officer's performance over the year in consideration of (i) the Company's overall financial performance, (ii) the individual's performance during the year and contributions to the Company, and (iii) other relevant factors (for example, market conditions).

The Compensation Committee considers a number of factors when evaluating the Chief Executive Officer's recommendations regarding base salaries for the other executive officers. Periodically, the Compensation Committee reviews industry specific compensation surveys that provide detailed information regarding the compensation practices of industry peers, competitors and companies of similar market value. Other information that the Committee deems relevant, such as general business trends, the competitiveness of the markets in which we operate and special circumstances, also may be considered in its evaluation.

Annual Cash Incentives

The second element of our compensation program is an annual cash incentive bonus. Annual incentives are a significant component of executive compensation, reflecting the Company's belief that management's contribution to long-term shareholder returns (via increasing stock prices) comes from increasing current earnings and properly preparing the Company for future earnings growth. We believe these bonuses play a key role in enabling us to attract, retain and motivate our employees.

For fiscal 2009, under the terms of our management cash bonus plan, a base bonus amount was set for each participant. Those amounts are set forth below in the Grants of Plan Based Awards table under the heading Target.

The bonuses for our executive officers named in the Summary Compensation Table were based 50% on a Company-wide income before taxes target and 50% on qualitative performance evaluations by the Compensation Committee of our Chief Executive Officer and by our Chief Executive Officer of the other named executive officers, as presented to the Compensation Committee. If the income before taxes target was not met at the 100% level, the participant's bonus with respect to that target was pro rated on a straight line basis if the participant

TABLE OF CONTENTS

achieves a range of 85% to 100% of target, with no bonus paid at less than 85% of target. The qualitative performance evaluations consider such factors as leadership and skills demonstrated in the individual's role with the Company, long-range planning and vision, departmental and staff development and professionalism. In addition, each participant could receive an additional maximum performance bonus if income before taxes exceeds 100% of target, up to an amount equal to 60% of the base bonus (100% for the Chief Executive Officer and 50% for Mr. Isabella). If the Company exceeds the target, the named executives each earn a bonus equal to 6% of the amount of earnings before income taxes (net of such bonuses) that exceeds the target, up to their respective maximum performance bonus amount.

For fiscal 2009, the Company achieved income before taxes of approximately \$86 million compared to an established target of approximately \$70 million for the named executives. Our board of directors established the annual income before taxes target based on market conditions and reasonable rates of expected annual growth. Based on the Company's actual results, and their individual performance, each of the named executive officers earned their maximum bonus for fiscal 2009. The bonus amounts paid to each named executive officer for fiscal 2009 are set forth below in the Summary Compensation Table under the heading Non-Equity Incentive Plan Compensation. Total bonuses earned for fiscal 2009, comprised of the base bonus plus the additional bonus, were \$682,000 for Mr. Buck, \$660,000 for Mr. Isabella, \$308,792 for Mr. Grace and \$216,194 for Mr. Cooper.

Notwithstanding the terms of the management cash bonus plan and the annual targets, the Compensation Committee retains full discretion to award discretionary bonuses to the Chief Executive Officer and others in light of the totality of the circumstances. The Compensation Committee considers the Chief Executive Officer's recommendations in determining discretionary cash awards for our other named executive officers. The Chief Executive Officer's recommendations are guided by his evaluation of the Company's actual financial performance compared with our performance goals and his assessment of the effectiveness of the individual and collective efforts of our executive officers in achieving the Company's business objectives. The Compensation Committee and the Chief Executive Officer also consider extraordinary efforts by executive officers in various projects or initiatives during the year.

Equity Compensation

The third element of our compensation program is equity compensation. Equity compensation is intended to more closely align total compensation with the long-term financial interests of our shareholders. The equity compensation component of our compensation program is based upon awards of stock options.

Since the Company's initial public offering, stock options have been granted at an exercise price equal to the closing price of the Company's common stock as reported by Nasdaq on the date of grant. Accordingly, grants of stock options will produce value only if there are increases in the underlying stock price. Stock option grants are made by the Compensation Committee. The Company's annual equity awards are typically made by the Compensation Committee in October or early November of each year, following the close of the Company's fiscal year and as part of the process of approving the annual budget for the new year. The Company typically does not make option awards other than annually except in certain cases for key members of management hired during the course of a year.

Our Compensation Committee administers our stock option plan. The purpose of the stock option plan is to advance the interests of the Company by:

- providing directors, officers, employees and other eligible persons with additional incentives;
- encouraging stock ownership by eligible persons;

TABLE OF CONTENTS

increasing the proprietary interests of eligible persons in the success of the Company;
encouraging eligible persons to remain with the Company or its affiliates; and
attracting new employees, officers or directors to the Company or its affiliates.

In determining whether to grant options and how many options to grant to eligible persons under our stock option plan, consideration is given to each individual's past performance and contribution to the Company as well as that individual's expected ability to contribute to the Company in the future. As part of the Company's annual performance evaluation process, each year the Chief Executive Officer (the "CEO"), after consultation with each other named executive, establishes that named executive's performance objectives for the coming year. These performance objectives are not intended to be rigid or formulaic, but rather to serve as the framework upon which the CEO evaluates the executive's overall performance. Individual performance objectives may include operational metrics that may reflect corporate or departmental goals or may include specific operational objectives with respect to the executive's area of responsibility. These performance objectives also include the demonstration of leadership and decision making, effective communication, promotion of the Company's strategic initiatives and values, commitment to excellence and work ethic and may include more specific objectives for the executive, such as the successful completion of major projects, successful integration of acquisitions, and organization capability building. The CEO's evaluation of an executive's performance relative to these objectives is inherently subjective, involving a high degree of judgment based on the CEO's observations of, and interaction with, the executive throughout the year. The CEO also considers the executive's prospects for future development and advancement within the Company in formulating an equity compensation recommendation. As an additional input to the CEO's evaluation of an executive's performance, the CEO assesses the overall performance of the Company in light of the dynamics of the markets in which the Company competes. As a result, no single performance objective or group of objectives is material to the CEO's evaluation of the executive's performance. This evaluation provides the basis for the CEO's recommendation to the Compensation Committee of stock option awards for each named executive. The Compensation Committee meets with the CEO and discusses his recommendations with him before meeting separately in executive session to discuss the CEO's recommendations and making a final determination of the stock option awards to the named executives. The Compensation Committee applies similar factors in determining the stock option award to the CEO. The Compensation Committee's evaluation of the CEO's overall performance relative to these factors also is inherently subjective, involving a high degree of judgment. As additional input to the Compensation Committee's evaluation of the CEO's performance, the Compensation Committee assesses the overall performance of the Company in light of the dynamics of the markets in which the Company competes. As a result, no single performance objective or group of objectives is material to the Compensation Committee's evaluation of the CEO's performance.

In October 2008, the Compensation Committee authorized awards of options to our named executive officers and a number of other employees. The awards to each of our named executive officers were as follows and each had an exercise price of \$12.25, vest one-third annually starting on the first anniversary of the grant, and expire on the tenth anniversary of the date of grant:

Mr. Buck was granted options to acquire 50,000 common shares;
Mr. Isabella was granted options to acquire 40,000 common shares;
Mr. Grace was granted options to acquire 35,000 common shares; and
Mr. Cooper was granted options to acquire 12,000 common shares.

TABLE OF CONTENTS

Employment Agreements

The Compensation Committee reviews and approves any employment agreement entered into with our senior executives. We had an employment agreement with Mr. Buck that expired in November 2008. The board and Mr. Buck mutually agreed to allow Mr. Buck's employment agreement to expire, although he has continued serving as our CEO. The employment agreement limits Mr. Buck's ability to compete with us for 18 months after his employment ends and this provision of his employment agreement remains in effect, given his continued employment.

Stock Ownership Guidelines

We do not have a formal policy regarding minimum stock ownership requirements for our named executive officers. We encourage ownership through option grants and with an option to invest in the Company's stock in our 401(k) plan.

Retirement Plans

We sponsor a defined contribution 401(k) plan, which covers substantially all of our U.S. employees, including our named executive officers. We currently provide a match of 50% of participants' before-tax contributions up to 3% of eligible compensation. During fiscal 2009, we contributed a match of \$6,900 for each of the named executives. Additional annual profit-sharing contributions may be made at the discretion of the board of directors. Total Company profit-sharing contributions of approximately \$3.4 million were made for fiscal 2009 and allocated to participants' accounts based on a formula that considers a participant's compensation below and above the social security taxable base, up to certain IRS limits (\$230,000 for fiscal 2009).

Our named executive officers do not participate in any special or separate executive retirement plans. We consider our 401(k) plan to be an important factor in our ability to hire, retain and motivate our employees by providing an added measure of financial security for our employees.

Perquisites

We have no formal perquisites program. Personal benefits may be provided from time to time when we determine that such personal benefits are a useful part of an executive's compensation package. Specifically, we have agreed to provide each of the named executive officers with a monthly auto allowance of \$1,000 and reimbursement of their fuel costs.

Tax Deductibility of Compensation

Section 162(m) of the Code generally precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer and other specified officers, unless, in addition to other requirements, the compensation qualifies as performance based compensation. The Company is currently entitled to a deduction in connection with options exercised under our stock option plan by such executive officers. The Compensation Committee will continue to consider Section 162(m) implications in making compensation recommendations and in designing compensation programs for our named executive officers. However, the Compensation Committee reserves the right to pay non-deductible compensation if it determines that to be in our best interests and in the best interests of our stockholders.

Compensation for Fiscal Year 2010

In setting executive compensation for the fiscal year ending September 30, 2010 (fiscal 2010), the Compensation Committee followed the same methodology used in setting executive compensation for prior years,

20

TABLE OF CONTENTS

including consideration of the 2009 Lyons, Benenson & Company review report mentioned above. Based in part on this review, executive compensation for fiscal 2010 generally will follow the same methodology as in 2009, with the exception that the percentage of executive officer performance bonuses that are based upon achievement of earnings targets versus individual performance objectives will differ from 2009 depending upon the officer's position, with a greater weight given to the achievement of the earnings targets and less to the discretionary portion.

With respect to base salaries, the Compensation Committee most recently reviewed Mr. Buck's base salary in November 2009 and set his salary at \$577,830 for fiscal 2010. The Compensation Committee set Mr. Isabella's base salary for fiscal 2010 at \$471,240, Mr. Grace's base salary at \$427,650 and Mr. Cooper's base salary at \$355,365. These salaries each reflect a 2% increase for fiscal 2010 and were based on the Compensation Committee's annual considerations discussed above.

With respect to annual cash incentives for fiscal 2010, a base bonus amount has again been set for each participant. The bonuses for our named executive officers will be based 90% on a Company-wide income before taxes target and 10% on qualitative performance evaluations by the Compensation Committee of our Chief Executive Officer and by our Chief Executive Officer of the other named executive officers, as presented to the Compensation Committee. If the income before taxes target is not met at the 100% level, the participant's bonus with respect to that target is pro-rated on a straight line basis if the participant achieves a range of 85% to 100% of target, with no bonus paid at less than 85% of target. The qualitative performance evaluations consider such factors as leadership and skills demonstrated in the individual's role with the Company, long-range planning and vision, departmental and staff development and professionalism. In addition, each participant can receive an additional maximum performance bonus if income before taxes exceeds 100% of target, generally up to an amount equal to 60% of the base bonus (100% for Mr. Buck and 50% for Mr. Isabella). If the Company exceeds the target, the named executives each earn a bonus equal to 6% of the amount of earnings before income taxes (net of such bonuses) that exceeds the target, up to their respective maximum performance bonus amount. The named executives have an opportunity to earn total bonuses for fiscal 2010 of up to \$695,640 (Mr. Buck), \$673,200 (Mr. Isabella), \$314,970 (Mr. Grace) and \$220,518 (Mr. Cooper), respectively.

With respect to equity compensation, in November 2009 the Compensation Committee authorized awards of options to our named executive officers and a number of other key employees, using the same consideration as in previous years. The awards to each of our named executive officers were as follows and each had an exercise price of \$14.45, vest one-third annually starting on the first anniversary of the grant, and expire on the tenth anniversary of the date of grant:

Mr. Buck was granted options to acquire 41,100 common shares;
Mr. Isabella was granted options to acquire 31,100 common shares;
Mr. Grace was granted options to acquire 26,100 common shares; and
Mr. Cooper was granted options to acquire 15,000 common shares.

CORPORATE GOVERNANCE

We operate within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. We regularly monitor developments in the area of corporate governance. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002 which, among other things, establishes, or provides the basis for, a number of corporate governance standards and disclosure requirements. We are following the requirements of the Sarbanes-Oxley Act and SEC rules as they relate to us.

EMPLOYEE CODE OF BUSINESS ETHICS AND CONDUCT

We have adopted the Beacon Roofing Supply, Inc. Code of Conduct, a code of ethics that applies to all of our directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, Corporate Controller, and any other persons performing similar functions. This code of conduct is available on our website at www.beaconroofingsupply.com. If we make any substantive amendments to this code of conduct or grant any waiver, including any implicit waiver, from a provision of the code to our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, Corporate Controller, or any other persons performing similar functions, we will disclose the nature of such amendment or waiver on our website within four business days.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The following is a summary of certain agreements and transactions among related parties and us.

We currently lease two buildings, at a cost of approximately \$0.4 million in fiscal 2009, from a limited liability company that is partly owned by Andrew R. Logie, director. The director's interest in the dollar value of these lease arrangements, which were approved by our Audit Committee, was approximately 33% at September 30, 2009. We believe that the terms of these leases approximate those we would negotiate in arms-length transactions with unrelated third parties.

POLICIES AND PROCEDURES WITH RESPECT TO TRANSACTIONS WITH RELATED PERSONS

Our finance and legal departments are primarily responsible for identifying and reviewing relationships and transactions in which the Company and our directors, executive officers, and/or certain of our stockholders or their immediate family members are participants to determine whether any of these related parties had or will have a direct or indirect material interest. In order to identify potential related person transactions, our legal department annually prepares and distributes to all directors and named executives a written questionnaire which includes questions intended to elicit information about any related person transactions. Pursuant to the Company's written contract review policy, approved by our Board, all agreements covered by this policy with Related Persons, as that term is defined pursuant to Item 404(a) of SEC Regulation S-K, must be submitted for review and approval by the Audit Committee. In evaluating related person transactions, our Audit Committee members apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board and as individual directors. The Audit Committee may approve a related person transaction when, in its good faith judgment, the transaction is in the best interests of the Company.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The firm of Ernst & Young LLP, independent registered public accounting firm, has been our auditor since 1997 and has advised us that the firm does not have any direct financial interest or indirect financial interest in the Company or any of its subsidiaries. It is expected that a representative of such firm will (i) attend the 2010 annual meeting, (ii) have an opportunity to make a statement if they desire to do so, and (iii) be available to respond to appropriate questions.

OTHER BUSINESS

The board of directors knows of no other business to be brought before the annual meeting. If, however, any other business should properly come before the annual meeting, the persons named in the accompanying proxy will vote proxies as in their discretion they may deem appropriate, unless they are directed by a proxy to do otherwise.

A copy of our annual report on Form 10-K for the fiscal year ended September 30, 2009, including the financial statements and schedules but excluding certain exhibits, will be made available without charge to interested shareholders upon written request to us.
