Independent Auditors' Report

To the Board of Directors and Management of

Acadia Realty Trust

White Plains, New York

We have audited the accompanying statement of revenues and certain expenses of Parkway Crossing (the "Company") for the year ended December 31, 2010. The statement of revenues and certain expenses is the responsibility of Acadia Realty Trust's management. Our responsibility is to express an opinion on the statement of revenues and certain expenses based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in a Form 8-K of Acadia Realty Trust. As described in Note 2, material amounts that would not be comparable to those resulting from the proposed future operations of Parkway Crossing are excluded from the statement of revenues and certain expenses and the statement of revenues and certain expenses is not intended to be a complete presentation of the Company's revenues and expenses.

Edgar Filing: ACADIA REALTY TRUST - Form 8-K

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and certain expenses of Parkway Crossing for the year ended December 31, 2010, on the basis of accounting described in Note 2.

Notes to Statements of Revenues and Certain Expenses

1. Organization

Parkway Crossing (“Parkway”) is a 27-tenant shopping center located on Perring Parkway in Baltimore County, Maryland.

Acadia Realty Trust (the “Trust”) and subsidiaries (collectively, the “Company”) is a fully integrated equity real estate investment trust focused on the acquisition, ownership, management and redevelopment of high-quality retail properties and urban/infill mixed-use properties with a strong retail component located primarily in high-barrier-to-entry, densely-populated metropolitan areas along the East Coast and in Chicago, Illinois.

During December 2011, the Company, through Acadia Strategic Opportunity Fund III LLC (“Fund III”), and together with an unaffiliated joint venture partner, acquired Parkway Crossing (“Parkway”) for \$21.5 million.

2. Basis of Presentation and Significant Accounting Policies

Presented herein are the statements of revenues and certain expenses of the Property.

The accompanying statements of revenues and certain expenses (the “Statements”) have been prepared for the purpose of complying with the applicable rules and regulations of the Securities and Exchange Commission, Regulation S-X, Rule 3-14 and for inclusion in a Current Report on Form 8-K of the Company. The Statements are not intended to be a complete presentation of the revenues and expenses of the Property. Accordingly, the Statements exclude depreciation and amortization of fixed assets, amortization of intangible assets and liabilities and asset management fees not directly related to the future operations.

Revenue Recognition

Minimum rental revenue is recognized on a straight-line basis over the term of the lease. Certain of the leases acquired provide for the reimbursement to the owner of Parkway of real estate taxes, insurance and other property operating expenses. These reimbursements are recognized as revenue in the period the expenses are incurred.

Income Taxes

Parkway was organized as a limited liability company and is not directly subject to federal, state, or city income taxes.

Use of Estimates

The preparation of the Statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the statement of revenues and certain expenses and accompanying notes. Actual results could differ from those estimates.

3. Rental Income

The Company is the lessor to tenants under operating leases with expiration dates ranging from 2011 to 2032. The minimum rental amounts due under the leases are generally either subject to scheduled fixed increases or adjustments. The leases generally also require that the tenants reimburse the Company for the tenants pro rata share of increases in certain operating costs and real estate taxes. Future minimum rents to be received over the next five years and thereafter for noncancelable operating leases in effect at December 31, 2010 are as follows:

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 — Basis of Pro Forma Presentation

Acadia Realty Trust and subsidiaries (collectively, the “Company”), is a fully-integrated equity real estate investment trust focused on the ownership, management and redevelopment of retail properties and urban/infill mixed-use properties with a retail component concentration located primarily in high-barrier-to-entry, densely-populated metropolitan areas in the United States along the East Coast and in Chicago.

The consolidated financial statements include the consolidated accounts of the Company and its investments in partnerships and limited liability companies in which the Company is presumed to have control in accordance with the consolidation guidance of the Financial Accounting Standards Board Accounting Standards Codification (“ASC”). Investments in entities for which the Company has the ability to exercise significant influence but does not have financial or operating control, are accounted for under the equity method of accounting. Accordingly, the Company’s share of the net earnings (or losses) of entities accounted for under the equity method are included in consolidated net income under the caption, Equity in Earnings (Losses) of Unconsolidated Affiliates. Investments in entities for which the Company does not have the ability to exercise any influence are accounted for under the cost method of accounting.

During December 2011, the Company, through Acadia Strategic Opportunity III LLC (“Fund III”), and together with an unaffiliated joint venture partner, acquired Parkway Crossing (“Parkway”) for \$21.5 million, of which \$14.0 million was funded with new mortgage debt obtained at closing and the balance of \$7.5 million funded with cash. Fund III’s share of cash required for the acquisition was \$6.7 million.

Funds from Operations

Consistent with the National Association of Real Estate Investment Trusts ("NAREIT") definition, we define funds from operations ("FFO") as net income attributable to common shareholders (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciated property, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

We consider FFO and pro forma FFO to be an appropriate supplemental disclosure of operating performance for an equity REIT due to its widespread acceptance and use within the REIT and analyst communities. Pro forma FFO is presented to assist investors in analyzing our performance. It is helpful as it excludes various items included in net income that are not indicative of the operating performance, such as gains (or losses) from sales of operating property and depreciation and amortization. However, our method of calculating Pro forma FFO may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. Pro forma FFO does not represent cash generated from operations as defined by GAAP and is not indicative of cash available to fund all cash needs, including distributions. Pro forma FFO should not be considered as an alternative to net income for the purpose of evaluating our performance or to cash flows as a measure of liquidity.
