EXPLANATORY NOTE

On February 7, 2012, Rick's Cabaret International, Inc. filed its Quarterly Report on Form 10-Q for the quarter ended December 31, 2011. This Amendment No 1 amends the Quarterly Report on Form 10-Q/A to correct certain typographical errors on the Consolidated Statement of Income for the three months ended December 31, 2010. The basic and diluted earnings per share for income from continuing operations and the basic and diluted (loss) from discontinued operations per share for the three months ended December 31, 2010 were shown as \$0.21 and \$(0.00), respectively, but should have been \$0.23 and \$(0.02). Basic and diluted net income per share reflected in the Consolidated Statement of Income correctly stated \$0.21. Note 8 of Notes to Consolidated Financial Statements correctly reported the earnings (loss) per share.

No other changes have been made to the Form 10-Q.

This Amendment No.1 continues to speak as of the date of the Original 10-Q, and we have not updated the disclosure contained herein to reflect any events that occurred at a later date other than that set forth above. All information contained in this Amendment No. 1 is subject to updating and supplementing as provided in our periodic reports filed with the SEC subsequent to the date of the filing of the Original 10-Q.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2011

(UNAUDITED)

1. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q of Regulation S-X. They do not include all information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, except as disclosed herein, there has been no material change in the information disclosed in the notes to the consolidated financial statements for the year ended September 30, 2011 included in the Company's Annual Report on Form 10-K, as filed with the Securities and Exchange Commission. The interim unaudited consolidated financial statements should be read in conjunction with those consolidated financial statements included in the Form 10-K. In the opinion of management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the three months ended December 31, 2011 are not necessarily indicative of the results that may be expected for the year ending September 30, 2012.

2. RECENT ACCOUNTING STANDARDS AND PRONOUNCEMENTS

In January 2010, new guidance was issued regarding improving disclosures about fair value measurements. This standard amends the disclosure guidance with respect to fair value measurements for both interim and annual reporting periods. Specifically, this standard requires new disclosures for significant transfers of assets or liabilities between Level 1, Level 2 and Level 3 in the fair value hierarchy; separate disclosures for purchases, sales, issuance and settlements of Level 3 fair value items on a gross rather than net, basis; and more robust disclosure of the valuation techniques and inputs used to measure Level 2 and Level 3 assets and liabilities. Except for the detailed disclosures of changes in Level 3 items, which were effective as of October 1, 2011, the remaining new disclosure requirements were effective as of October 1, 2010.

In September 2011 new guidance was issued regarding the goodwill impairment testing for reporting units. This guidance gives the entity the option to perform a qualitative assessment and determine that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. This guidance is effective for interim and annual periods beginning after December 15, 2011. The Company has early adopted this guidance beginning with our Form 10-Q for the quarter ending December 31, 2011.

In June 2011 new guidance was issued regarding the disclosure of the components of comprehensive income. This guidance gives the entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In either option, an entity is required to present each component of net income along with total net income, each component of other comprehensive income along with a total for other comprehensive income, and a total amount for comprehensive income. This guidance eliminates the option to present the components of other comprehensive income as part of the statement of changes in stockholders' equity. This guidance does not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. This guidance is effective for interim and annual periods beginning after December 15, 2011 and is required to be adopted retrospectively. The Company will adopt this guidance beginning with our Form 10-Q for the quarter ending March 31, 2012.

In December 2011, the FASB issued new guidance regarding the June 2011, guidance related to the disclosure of components of comprehensive income. The guidance was issued in order to defer only those changes that relate to the presentation of reclassification adjustments, the paragraphs in this guidance supersede certain pending paragraphs in previous guidance. The amendments are being made to allow time to redeliberate whether to present on the face of the financial statements the effects of reclassifications out of accumulated other comprehensive income on the components of net income and other comprehensive income for all periods presented. While considering the operational concerns about the presentation requirements for reclassification adjustments and the needs of financial statement users for additional information about reclassification adjustments, entities should continue to report 2 reclassifications out of accumulated other comprehensive income consistent with the presentation requirements in effect. All other requirements of the June 2011 guidance are not affected by this update, including the requirement to report comprehensive income either in a single continuous financial statement or in two separate but consecutive financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES

Following are certain remarkable accounting principles and disclosures.

Discontinued Operations

In March 2011, the Company made the decision to sell its Las Vegas location and, in April 2011, sharply reduced its operations in order to eliminate losses as it sought a buyer for the club. The Company believes that it has done everything possible to make this location viable since its acquisition in 2008 and now believes it is in its shareholders' best interests not to continue these efforts. The club was shuttered and the landlord took over the property in June 2011. Therefore, this club is recognized as a discontinued operation in the accompanying consolidated financial statements.

The Company has sold a controlling portion of the membership interest in the entity that previously operated its Rick's Cabaret in Austin, Texas. Accordingly, the Company has deconsolidated the subsidiary and carries it as an equity-method investment. The club is recognized as a discontinued operation in the accompanying consolidated financial statements.

We closed our Divas Latinas club in Houston during September 2010. This club is recognized in discontinued operations.

4. STOCK OPTIONS AND STOCK-BASED EMPLOYEE COMPENSATION

Employee and Director Stock Option Plans

In 1995, the Company adopted the 1995 Stock Option Plan (the "1995 Plan") for employees and directors. In August 1999, the Company adopted the 1999 Stock Option Plan (the "1999 Plan") and in 2010, the Company's Board of Directors approved the 2010 Stock Option Plan (the "2010 Plan") (collectively, "the Plans"). The 2010 Plan was approved by the shareholders of the Company at the 2011 Annual Meeting of Shareholders. The options granted under the Plans may be either incentive stock options, or non-qualified options. The Plans are administered by the Board of Directors or by a compensation committee of the Board of Directors. The Board of Directors has the exclusive power to select individuals to receive grants, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plans.

The compensation costs recognized for the three months ended December 31, 2011 and 2010 were \$8,254 and zero, respectively. There were no stock option grants or exercises for the three month periods ended December 31, 2011 and 2010.

7. COMMON STOCK

During the quarter ended December 31, 2011, the Company purchased 60,240 shares of Company common stock for its treasury at an aggregate cost of \$417,063. These shares have been retired.

During the quarter ended December 31, 2010, the Company purchased 123,800 shares of Company common stock for its treasury at an aggregate cost of \$894,149. These shares have been retired.

8. EARNINGS PER SHARE (EPS)

The Company computes earnings per share in accordance with Accounting Standards Codification (“ASC”) 260, *Earnings Per Share*. ASC 260 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock warrants and options (the number of which is computed using the “treasury stock method”) and from outstanding convertible debentures (the number of which is computed using the “if converted method”).

RICK'S CABARET INTERNATIONAL, INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****DECEMBER 31, 2011****(UNAUDITED)****8. EARNINGS PER SHARE (EPS) - continued**

Diluted EPS considers the potential dilution that could occur if the Company's outstanding common stock options, warrants and convertible debentures were converted into common stock that then shared in the Company's earnings (as adjusted for interest expense that would no longer occur if the debentures were converted).

9. ACQUISITIONS

2011

The Company's wholly owned subsidiary, RCI Dining Services (Tarrant County), Inc., a Texas Corporation ("RCI Tarrant County"), entered into an Agreement for Purchase and Sale of Membership Units with Fred McDonald ("Seller") for the purchase of 100% of the membership units of 12291 CBW, LLC ("12291 CBW"). 12291 CBW owned and operated an adult entertainment cabaret known as "The New West" located at 12291 Camp Bowie West, Aledo, Texas. The Agreement for Purchase and Sale of Membership Units closed October 5, 2011, whereby RCI Tarrant County acquired the membership units of 12291 CBW for the purchase price of \$380,000. The Company now operates the BYOB club as "Temptations". The Company also paid \$55,000 at closing for certain costs related to the access to the club. The entire \$380,000 has been allocated to license.

Subsequent Acquisitions

As previously reported, on November 17, 2011, our wholly owned subsidiaries, RCI Dining Services (Stemmons), Inc. ("RCI Stemmons"), RCI Dining Services (Inwood), Inc. ("RCI Inwood") and RCI Dining Services (Stemmons 2), Inc. ("RCI Dining") entered into a Stock Purchase Agreement (the "Prior Agreement") with Mr. Thanasi Mantas, Green Star, Inc. ("Green Star"), Fine Dining Club, Inc. ("Fine Dining"), Blue Star Entertainment Inc. ("Blue Star"), Adelphi Group Ltd. ("Adelphi") and PNYX Limited Partnership ("PNYX"). The Prior Agreement was amended on December 28, 2011. On January 11, 2012, (i) Green Star, Fine Dining, Mr. Mantas, Adelphi, PNYX, RCI Stemmons, RCI Dining and RCI Holdings, Inc., our wholly owned subsidiary ("RCI Holdings"), entered into a new Stock Purchase Agreement (the "Silver City Purchase Agreement") and (ii) Blue Star, Mr. Mantas, PNYX, RCI Inwood and RCI Holdings entered into a separate Stock Purchase Agreement (the "Blue Star Purchase Agreement"). The entry into the Silver City Purchase Agreement and the Blue Star Purchase Agreement terminated the Prior Agreement, as amended.

Green Star owns and operates an adult entertainment cabaret known as "Silver City Cabaret," located at 7501 N. Stemmons Freeway, Dallas, Texas 75247. Fine Dining has a concession to provide alcohol sales and services to Green Star at the Silver City Cabaret. Mr. Mantas owned 100% of the stock of Green Star and Fine Dining. Pursuant to the Silver City Purchase Agreement, Mr. Mantas agreed to sell (i) all the stock of Green Star to RCI Stemmons for the purchase price of \$1,400,000 in the form of a promissory note and (ii) all the stock of Fine Dining to RCI Fine Dining for the purchase price of \$100,000 in the form of a promissory note. Each of the promissory notes will be payable over 11 years and have an adjustable interest rate of 5.5%. This transaction closed on January 17, 2012.

Adelphi owned the real properties where the Silver City Cabaret is located, including 7501 N. Stemmons Freeway, Dallas, Texas 75247 and 7600 John West Carpenter Freeway, Dallas, Texas 75247, and PNYX owned certain adjacent real property at 7506 John West Carpenter Freeway, Dallas, Texas 75247. In transactions related to the Prior Agreement, Adelphi and PNYX had previously entered into real estate purchase agreements with RCI Holdings on November 17, 2011, which agreements were subsequently amended as part of the Silver City Purchase Agreement transaction. Pursuant to the real estate purchase agreements, as amended, (i) Adelphi agreed to sell the real properties at 7501 N. Stemmons and 7600 John West Carpenter for the purchase price of \$6,500,000, payable \$300,000 in cash and \$6,200,000 in the form of an adjustable 5.5% promissory note that is payable over 11 years, and (ii) PNYX agreed to sell the real property at 7506 John West Carpenter for the purchase price of \$1,000,000, payable \$700,000 in cash and \$300,000 in the form of an adjustable 5.5% promissory note that is payable over 11 years. The real estate transactions closed contemporaneously with the Silver City Purchase Agreement.

At closing of the Silver City Purchase Agreement transactions, Mr. Mantas entered into a Non-Competition Agreement providing for him to not compete with our subsidiaries by owning, participating or operating an establishment featuring adult entertainment within Dallas County and all contiguous counties (excepting the property located at 1449 Inwood Road, Dallas, Texas 75247).

As described above, on January 11, 2012, Blue Star, Mr. Mantas, PNYX, RCI Inwood and RCI Holdings entered into the Blue Star Purchase Agreement. Blue Star holds a license to operate an adult cabaret at 1449 Inwood Road, Dallas, Texas 75247. Mr. Mantas owns 100% of the stock of Blue Star. Pursuant to the Blue Star Purchase Agreement, Mr. Mantas will sell all the stock of Blue Star to RCI Inwood for the purchase price of \$500,000 in the form of a promissory note, which note will be payable over 11 years and have an adjustable interest rate of 5.5%. The transaction is scheduled to close on the later of February 1, 2012 or five business days after RCI Inwood has obtained all required licenses needed to operate an adult cabaret at 1449 Inwood Road.

PNYX owns the real property at 1449 Inwood Road. In a transaction related to the Blue Star Purchase Agreement, PNYX is to enter into a real estate purchase agreement with RCI Holdings, which agreement will provide for PNYX to sell the real property at 1449 Inwood Road for the purchase price of \$2,500,000, payable \$500,000 in cash and \$2,000,000 in the form of an adjustable 5.5% promissory note that is payable over 11 years. This real estate transaction is to close contemporaneously with the Blue Star Purchase Agreement.

9. ACQUISITIONS - continued

Subsequent Acquisitions – continued

The allocation of fair values to the assets and liabilities has not been completed at the time of filing of this Form 10-Q.

On December 2, 2011, RCI Holdings entered into a Real Estate Sales Agreement with Bryan S. Foster, providing for RCI Holdings to purchase from Mr. Foster the real properties located at 12325 Calloway Cemetery Road, Fort Worth, Texas and 2151 Manana Drive, Dallas, Texas, for the aggregate purchase price of \$5,500,000, including \$2,000,000 cash and \$3,500,000 in the form of an 8% promissory note that is payable over 10 years. This transaction closed on January 13, 2012.

10. INCOME TAXES

Income tax expense on continuing operations for the periods presented differs from the “expected” federal income tax expense computed by applying the U.S. federal statutory rate of 34% to earnings before income taxes for the three months ended December 31, as a result of the following:

(in thousands)	2011	2010
Computed expected tax expense	\$1,223	\$1,236
State income taxes	35	30
Stock option disqualifying dispositions and other permanent differences	(50)	(113)
Total income tax expense	\$1,208	\$1,153

Included in the Company's deferred tax liabilities at December 31, 2011 is approximately \$14.7 million representing the tax effect of indefinite lived intangible assets from club acquisitions which are not deductible for tax purposes. These deferred tax liabilities will remain in the Company's balance sheet until the related clubs are sold.

The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. During the quarters ended December 31, 2011 and 2010, the Company recognized no interest and penalties for unrecognized tax benefits. The Company or one of its subsidiaries files income tax returns in the U.S. federal jurisdiction, and various states. The last three years remain open to tax examination.

11. COMMITMENTS AND CONTINGENCIES

Legal Matters

Beginning January 1, 2008, the Company's Texas clubs became subject to a new state law requiring each club to collect and pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association ("TEA"), an organization to which the Company is a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State appealed the Court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State gave notice of its right to collect the tax pending the outcome of its appeal but took no affirmative action to enforce that right. On June 5, 2009, the Court of Appeals for the Third District (Austin) affirmed the District Court's judgment that the Sexually Oriented Business ("S.O.B.") Fee violated the First Amendment to the U.S. Constitution but on August 26, 2011, the Texas Supreme Court reversed the judgment of the Court of Appeals, ruling that the SOB Fee does not violate the First Amendment to the U.S. Constitution, and remanded the case to the District Court to determine whether the fee violates the Texas Constitution.

The TEA appealed the Texas Supreme Court's decision to the U.S. Supreme Court (regarding the constitutionality of the fee under the First Amendment of the U.S. Constitution), but the U.S. Supreme Court denied the appeal on January 23, 2012. The case will now resume in the District Court in Travis County on the remaining issues raised by the TEA that were not previously decided by the trial court. The Company has not made any payments of these taxes since the first quarter of 2009 and plans not to make any such payments while the case is pending in the courts. However, the Company will continue to accrue and expense the potential tax liability on our financial statements, so any ultimate negative ruling will not have any effect on our income statement and will only affect our balance sheet. If the decision is ultimately found in our favor, as we believe it will be, then we will have a one-time gain of the entire amount previously expensed.

The Company has paid the tax and expensed the tax in the consolidated financial statements, except for two locations in Dallas where the taxes have not been paid, but the Company is accruing and expensing the liability. For the subsequent quarters, as a result of the Third Court's decision, the Company accrued the fee, but did not pay the State. As of December 31, 2011, the Company has approximately \$7.5 million in accrued liabilities for this tax. Patron tax expense amounted to \$712,000 and \$695,000 for the three months ended December 31, 2011 and 2010, respectively. The Company has paid more than \$2 million to the State of Texas since the inception of the tax. The Company's Texas clubs have filed a separate lawsuit against the State in which we raise additional challenges to the statute imposing the fee or tax and demand repayment of the taxes. The courts have not yet addressed these additional claims. If the State's appeal ultimately fails or we are successful in the remaining litigation, the Company's current amount paid under protest would be repaid or applied to future admission tax and other Texas state tax liabilities.

In September 2011, the Company's subsidiary, RCI Entertainment Las Vegas, Inc. ("RCI Las Vegas") and Rick's Cabaret International were sued by the lessor of its club in Las Vegas for breach of contract and other issues relating to RCI Las Vegas' lease. RCI Las Vegas has no assets and, therefore, is not able to pay the "deficiency", if any is ultimately found in a court of law. If the plaintiff should attempt to claim that the "deficiency" is a liability of the parent company, the Company believes it has the legal basis upon which to refute this claim as the parent company is not liable for the debts of its subsidiaries. Therefore, the Company does not believe that this contingency will ultimately result in a liability and, therefore, no accrual has been made in the accompanying consolidated financial statements.

11. COMMITMENTS AND CONTINGENCIES - continued

In September 2011, the Company and its CEO were sued in District Court in Travis County Texas by a shareholder for damages as a result of the plaintiff's alleged inability to sell shares on the open market due to restrictive legends which the plaintiff alleges that the defendants failed to remove in a timely manner. No specific damages have been alleged. The Company denies any liability in this matter and, with its insurance company, is vigorously defending the allegations.

The Company's subsidiary that operated the club in Las Vegas has recently been audited by the Department of Taxation of the State of Nevada for sales and other taxes. The audit period was from the date of opening in September 2008 through July 31, 2010. As a result of the audit, the Department of Taxation contends that the Company's Las Vegas subsidiary owes approximately \$2.1 million, including penalties and interest, for Las Vegas Live Entertainment Taxes. The Company does not believe it is subject to the Live Entertainment Tax and is protesting the audit results. Accordingly, the Company has not accrued the contingent liability in the accompanying consolidated financial statements. It is unknown at this time whether the resolution of this uncertainty will have a material effect on the Company's operations.

Two securities class action lawsuits were filed against us in June 2011 in the U.S. District Court for the Southern District of Florida. The plaintiffs claim to represent recipients of text messages. The complaints allege that we violated the Telephone Consumer Protection Act (the "TCPA") by sending unsolicited advertisements by text message to the plaintiff and other recipients nationwide during the four-year period preceding the lawsuit without the prior express invitation or permission of the recipients. On January 20, 2012, an amended complaint was filed in one of the cases to add one of our subsidiaries as a defendant. In October 2011, we filed a declaratory judgment action in U.S. District Court for the Southern District of Texas (Houston division) against our general liability insurance carrier to provide coverage for these two TCPA cases. On January 24, 2012, the presiding judge issued an order dismissing the case against our carrier. The Company denies any liability in this matter and is vigorously defending the allegations.

12. SUBSEQUENT EVENTS

See Note 9 regarding certain acquisitions made by the Company after December 31, 2011.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion should be read in conjunction with our audited consolidated financial statements and related notes thereto included in this quarterly report.

FORWARD LOOKING STATEMENT AND INFORMATION

We are including the following cautionary statement in this Form 10-Q to make applicable and take advantage of the safe harbor provision of the Private Securities Litigation Reform Act of 1995 for any forward-looking statements made by, or on behalf of, us. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements, which are other than statements of historical facts. Certain statements in this Form 10-Q are forward-looking statements. Words such as "expects," "believes," "anticipates," "may," and "estimates" and similar expressions are intended to identify forward-looking statements. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected. Such risks and uncertainties are set forth below. Our expectations, beliefs and projections are expressed in good faith and are believed by us to have a reasonable basis, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties, but there can be no assurance that management's expectation, beliefs or projections will result, be achieved, or be accomplished. In addition to other factors and matters discussed elsewhere herein, the following are important factors that, in our view, could cause material adverse effects on our financial condition and results of operations: the risks and uncertainties relating to our Internet operations, the impact and implementation of the sexually oriented business ordinances in the jurisdictions where our facilities operate, competitive factors, the timing of the openings of other clubs, the availability of acceptable financing to fund corporate expansion efforts, and the dependence on key personnel. We have no obligation to update or revise these forward-looking statements to reflect the occurrence of future events or circumstances.

GENERAL

We operate in three businesses in the adult entertainment industry:

1. We own and/or operate upscale adult nightclubs serving primarily businessmen and professionals. Our nightclubs offer live adult entertainment, restaurant and bar operations. Through our subsidiaries, we currently own and/or operate a total of twenty-four adult nightclubs that offer live adult entertainment, restaurant and bar operations. Eight of our clubs operate under the name "Rick's Cabaret"; four operate under the name "Club Onyx", upscale venues that welcome all customers but cater especially to urban professionals, businessmen and professional athletes; six operate under the name "XTC Cabaret"; one club operates as "Tootsie's Cabaret", one operates as "Cabaret North" and

one operates as “Downtown Cabaret”, one operates as “Cabaret East”, one operates as “Silver City Cabaret” and one operates as “Temptations”. Additionally, we own a 40% interest in “The Mansion” nightclub in Austin, Texas. Our nightclubs are in Houston, Austin, San Antonio, Dallas and Fort Worth, Texas; Charlotte, North Carolina; Minneapolis, Minnesota; New York, New York; Miami Gardens, Florida; Philadelphia, Pennsylvania and Indianapolis, Indiana. No sexual contact is permitted at any of our locations.

2. We have extensive Internet activities.

- a) We currently own two adult Internet membership Web sites at www.CoupleTouch.com and www.xxxpassword.com. We acquire xxxpassword.com site content from wholesalers.

b) We operate an online auction site www.NaughtyBids.com. This site provides our customers with the opportunity to purchase adult products and services in an auction format. We earn revenues by charging fees for each transaction conducted on the automated site.

In April 2008, we acquired a media division, including the leading trade magazine serving the multi-billion dollar adult nightclubs industry. As part of the transaction we also acquired two industry trade shows, two other industry trade publications and more than 25 industry websites.

Our nightclub revenues are derived from the sale of liquor, beer, wine, food, merchandise, cover charges, membership fees, independent contractors' fees, commissions from vending and ATM machines, valet parking and other products and services. Our Internet revenues are derived from subscriptions to adult content Internet websites, traffic/referral revenues, and commissions earned on the sale of products and services through Internet auction sites, and other activities. Media revenues include sale of advertising content and revenues from an annual Expo convention. Our fiscal year end is September 30.

For several years, we have greatly reduced our usage of promotional pricing for membership fees for our adult entertainment web sites. This reduced our revenues from these web sites.

CRITICAL ACCOUNTING POLICIES

Management's discussion and analysis of financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with United States generally accepted accounting principles ("GAAP"). GAAP consists of a set of standards issued by the FASB and other authoritative bodies in the form of FASB Statements, Interpretations, FASB Staff Positions, Emerging Issues Task Force consensuses and American Institute of Certified Public Accountants Statements of Position, among others. The FASB recognized the complexity of its standard-setting process and embarked on a revised process in 2004 that culminated in the release on July 1, 2010 of the Accounting Standards Codification ("ASC"). The ASC does not change how Company accounts for its transactions or the nature of related disclosures made. Rather, the ASC results in changes to how the Company references accounting standards within its reports. This change was made effective by the FASB for periods ending on or after September 15, 2010. The Company has updated references to GAAP in this Annual Report on Form 10-K to reflect the guidance in the ASC. The preparation of these consolidated financial statements requires our management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On a regular basis, we evaluate these estimates, including investment impairment. These estimates are based on management's historical industry experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

Accounts and Notes Receivable

Trade accounts receivable for the nightclub operation is primarily comprised of credit card charges, which are generally converted to cash in two to five days after a purchase is made. The media division's accounts receivable is

primarily comprised of receivables for advertising sales and Expo registration. The Company's accounts receivable, other is comprised of employee advances and other miscellaneous receivables. The long-term portion of notes receivable are included in other assets in the accompanying consolidated balance sheets. The Company recognizes interest income on notes receivable based on the terms of the agreement and based upon management's evaluation that the notes receivable and interest income will be collected. The Company recognizes allowances for doubtful accounts or notes when, based on management judgment, circumstances indicate that accounts or notes receivable will not be collected.

Inventories

Inventories include alcoholic beverages, food, and Company merchandise. Inventories are carried at the lower of cost, average cost, which approximates actual cost determined on a first-in, first-out ("FIFO") basis, or market.

Property and Equipment

Property and equipment are stated at cost. Provisions for depreciation and amortization are made using straight-line rates over the estimated useful lives of the related assets and the shorter of useful lives or terms of the applicable leases for leasehold improvements. Buildings have estimated useful lives ranging from 29 to 40 years. Furniture, equipment and leasehold improvements have estimated useful lives between five and 40 years. Expenditures for major renewals and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are charged or credited in the accompanying consolidated statement of income of the respective period.

Goodwill and Intangible Assets

FASB ASC 350, *Goodwill and Other Intangibles Assets* addresses the accounting for goodwill and other intangible assets. Under FASB ASC 350, goodwill and intangible assets with indefinite lives are no longer amortized, but reviewed on an annual basis for impairment. All of the Company's goodwill and intangible assets relate to the nightclub segment, except for \$567,000 related to the media segment. Definite lived intangible assets are amortized on a straight-line basis over their estimated lives. Fully amortized assets are written-off against accumulated amortization.

Impairment of Long-Lived Assets

The Company reviews property and equipment and intangible assets with definite lives for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of these assets is measured by comparison of its carrying amounts to future undiscounted cash flows the assets are expected to generate. If property and equipment and intangible assets with definite lives are considered to be impaired, the impairment to be recognized equals the amount by which the carrying value of the asset exceeds its fair value. Assets are grouped at the lowest level for which there are identifiable cash flows, principally at the club level, when assessing impairment. Cash flows for our club assets are identified at the individual club level. The Company's annual evaluation was performed as of September 30, 2011, based on a projected discounted cash flow method using a discount rate determined by management to be commensurate with the risk inherent in the current business model. We determined that there is no net asset impairment at September 30, 2011.

Fair Value of Financial Instruments

The Company calculates the fair value of its assets and liabilities which qualify as financial instruments and includes this additional information in the notes to consolidated financial statements when the fair value is different than the carrying value of these financial instruments. The estimated fair value of accounts receivable, accounts payable and accrued liabilities approximate their carrying amounts due to the relatively short maturity of these instruments. The carrying value of short and long-term debt also approximates fair value since these instruments bear market rates of interest. None of these instruments are held for trading purposes.

Derivative Financial Instruments

The Company accounts for financial instruments that are indexed to and potentially settled in, its own stock, including stock put options, in accordance with the provisions of FASB ASC 815, *Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in a Company's Own Stock*. Under certain circumstances that would require the Company to settle these equity items in cash, and without regard to probability, FASB ASC 815 would require the classification of all or part of the item as a liability and the adjustment of that reclassified amount to fair value at each reporting date, with such adjustments reflected in the Company's consolidated statements of income. The first instrument to meet the requirements of FASB ASC 815 for derivative accounting occurred in the quarter ended June 30, 2010 when the Company renegotiated the payback terms of certain put options and agreed to pledge as collateral to certain holders a second lien on certain property.

Revenue Recognition

The Company recognizes revenue from the sale of alcoholic beverages, food and merchandise, other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

The Company recognizes Internet revenue from monthly subscriptions to its online entertainment sites when notification of a new or existing subscription and its related fee are received from the third party hosting company or from the credit card company, usually two to three days after the transaction has occurred. The monthly fee is not refundable. The Company recognizes Internet auction revenue when payment is received from the credit card as revenues are not deemed estimable nor collection deemed probable prior to that point.

Revenues from the sale of magazines and advertising content are recognized when the issue is published and shipped. Revenues and external expenses related to the Company's annual Expo convention are recognized upon the completion of the convention in August.

Sales and Liquor Taxes

The Company recognizes sales and liquor taxes paid as revenues and an equal expense in accordance with FASB ASC 605, *How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement*. Total sales and liquor taxes aggregated \$1.6 million and 1.4 million for the three months ended December 31, 2011 and 2010, respectively.

Advertising and Marketing

Advertising and marketing expenses are primarily comprised of costs related to public advertisements and giveaways, which are used for promotional purposes. Advertising and marketing expenses are expensed as incurred and are included in operating expenses in the accompanying consolidated statements of income.

Income Taxes

Deferred income taxes are determined using the liability method in accordance with FASB ASC 740, *Accounting for Income Taxes*. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In addition, a valuation allowance is established to reduce any deferred tax asset for which it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized.

FASB ASC 740 creates a single model to address accounting for uncertainty in tax positions by prescribing a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FASB ASC 740 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. There are no unrecognized tax benefits to disclose in the notes to the consolidated financial statements.

Put Options

In certain situations, the Company issues restricted common shares as partial consideration for acquisitions of certain businesses or assets. Pursuant to the terms and conditions of the governing acquisition agreements, the holder of such shares has the right, but not the obligation, to put a fixed number of the shares on a monthly basis back to the Company at a fixed price per share. The Company may elect during any given month to either buy the monthly shares or, if management elects not to do so, the holder can sell the monthly shares in the open market, and any deficiency between the amount which the holder receives from the sale of the monthly shares and the value of shares will be paid by the Company. The Company has accounted for these shares in accordance with the guidance established by FASB ASC 480, *Distinguishing Liabilities From Equity*, as a reclassification of the value of the shares from permanent to temporary equity. As the shares become due, the Company transfers the value of the shares back to permanent equity, less any amount paid to the holder. Also see “Derivative Financial Instruments” above.

Earnings (Loss) Per Common Share

The Company computes earnings (loss) per share in accordance with FASB ASC 260, *Earnings Per Share*. FASB ASC 260 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock options and warrants (the number of which is computed using the “treasury stock method”) and from outstanding convertible debentures (the number of which is computed using the “if converted method”). Diluted EPS considers the potential dilution that could occur if the Company’s outstanding common stock options, warrants and convertible debentures were converted into common stock that then shared in the Company’s earnings (loss) (as adjusted for interest expense, that would no longer occur if the debentures were converted).

Stock Options

The Company has adopted the fair value recognition provisions of FASB ASC 718, *Compensation—Stock Compensation*.

The compensation cost recognized for the three months ended December 31, 2011 and 2010 was \$8,254 and zero, respectively. There were no stock options exercises for the three months ended December 31, 2011 and 2010.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED DECEMBER 31, 2011 AS COMPARED TO THE THREE MONTHS ENDED DECEMBER 31, 2010

For the three months ended December 31, 2011, we had consolidated total revenues of \$22.0 million compared to consolidated total revenues of \$19.7 million for the three months ended December 31, 2010, an increase of \$2.4 million or 12.0%. The increase in total revenues was primarily attributable to the increase in revenues generated by the Rick's Cabarets in Austin, San Antonio and Minneapolis, Cabaret East in Fort Worth and XTC Cabaret in Dallas and the Club Onyx locations in Philadelphia, Charlotte and Houston, in the aggregate amount of approximately \$680,000, along with new club sales of approximately \$1.1 million.

Following is a comparison of our consolidated income statements for the quarters ended December 31, 2011 and 2010 with percentages compared to total revenue:

(in thousands)	2011	%	2010	%
Sales of alcoholic beverages	\$8,916	40.5 %	\$7,758	39.4 %

Income from continuing operations before income taxes	\$3,494	15.9 %	\$3,532	18.0 %

Following is an explanation of significant variances in the above amounts.

Service revenues include cover charges, fees paid by entertainers, room rentals, memberships and fees charged for credit card processing. Other revenues include ATM commissions earned, video games and other vending and certain promotion fees charged to our entertainers. We recognize revenue from other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

Cost of goods sold includes cost of alcoholic and non-alcoholic beverages, food, cigars and cigarettes, merchandise, media printing/binding, media postage and internet traffic purchases and webmaster payouts. Media cost of goods amounted to \$50,160 and \$50,468 for the quarters ended December 31, 2011 and 2010, respectively. The cost of goods sold for the club operations for the three months ended December 31, 2011 was 13.2% compared to 12.2% for the three months ended December 31, 2010. The cost of goods sold from our internet operations for the three months ended December 31, 2011 was 2.1% compared to 2.1% for the three months ended December 31, 2010. The cost of goods sold for same-location-same-period of club operations for the three months ended December 31, 2011 was 13.3%, compared to 12.3% for the same period ended December 31, 2010.

The increase in payroll and related costs, stated as "Salaries & Wages" above, was primarily due to the addition of the new clubs during 2011. Payroll for same-location-same-period of club operations increased to \$3.7 million for the three months ended December 31, 2011 from \$3.6 million for the same period ended December 31, 2010. Management currently believes that its labor and management staff levels are appropriate.

The increase in taxes as a percentage of total revenues is due to the new clubs in Texas with its "Patron Tax".

The increase in legal and professional expense is principally due to a continuing labor lawsuit in New York which was more active in 2011 and other new active lawsuits in 2011.

The increase in depreciation and amortization is due to the acquisitions of new clubs.

The increase in the percentage of other expenses is due to slight increases in several categories of other operating costs.

The decrease in interest expense was attributable to the continuing amortization of our long-term debt.

Income taxes, as a percentage of income before taxes was 34.6% and 32.6% for the quarters ended December 31, 2011 and 2010, respectively. The increase in 2011 is due to a change in permanent differences in 2011, principally the gain on change in fair value of derivative instruments.

Operating income (exclusive of corporate overhead) for same-location-same-period of club operations increased to \$5.7 million for the three months ended December 31, 2011 from \$5.4 million for same period ended December 31, 2010, or by 4.5%.

Our Media Division lost approximately \$89,000 before income taxes for the quarter ended December 31, 2011 compared to a loss of approximately \$76,000 in the 2010 quarter. As the economy improves, we believe the Media Division will become profitable as we control costs and increase marketing revenues.

Adjusted EBITDA for the three months ended December 31, 2011 and 2010 was \$5.5 million and \$5.3 million, respectively.

Adjusted EBITDA is a financial statement measure that was not derived in accordance with GAAP. We use adjusted EBITDA (earnings before interest expense, income taxes, depreciation, amortization and impairment charges) as a non-GAAP performance measure. In calculating adjusted EBITDA, we exclude our largest recurring non-cash charge,

depreciation, amortization and impairment charges. Adjusted EBITDA provides a core operational performance measurement that compares results without the need to adjust for Federal, state and local taxes which have considerable variation between domestic jurisdictions. Also, we exclude interest cost in our calculation of adjusted EBITDA. The results are, therefore, without consideration of financing alternatives of capital employed. We use adjusted EBITDA as one guideline to assess our unleveraged performance return on our investments. Adjusted EBITDA is also the target benchmark for our acquisitions of nightclubs. Reconciliations from net income to adjusted EDITDA are provided below for the quarters ended December 31:

(in thousands)	2011	2010
Income from continuing operations	\$2,286	\$2,379
Net income from noncontrolling interests	(48)	(250)
Income taxes	1,208	1,153
Interest expense	973	1,076
Depreciation and amortization	1,120	906
Adjusted EBITDA	\$5,539	\$5,264

Our adjusted EBITDA does not include interest expense, income taxes, depreciation, amortization and impairment charges. Because we have borrowed money in order to finance our operations, interest expense is a necessary element of our costs and our ability to generate revenues. Because we use capital assets, depreciation, amortization and impairment charges are also necessary elements of our costs. Also, the payment of income taxes is a necessary element of our operations. Therefore, any measures that exclude these elements have material limitations. To compensate for these limitations, we believe that it is appropriate to consider both net earnings (loss) determined under GAAP, as well as adjusted EBITDA, to evaluate our performance. Also, we separately analyze any significant fluctuations in interest expense, depreciation, amortization, impairment charges and income taxes.

The accompanying consolidated financial statements reflect the following as discontinued operations as of and for the three months ended December 31, 2011 and 2010.

In March 2011, the Company made the decision to sell its Las Vegas location and, in April 2011, sharply reduced its operations in order to eliminate losses as it seeks a buyer for the property. The Company believes that it has done everything possible to make this location viable since its acquisition in 2008 and now believes it is in its shareholders' best interests not to continue these efforts. The club was shuttered and the landlord took over the property in June 2011. Therefore, this club is recognized as a discontinued operation in the accompanying consolidated financial statements.

The Company has sold a portion of the membership interest in the entity that previously operated its Rick's Cabaret in Austin, Texas. Accordingly, the Company has deconsolidated the subsidiary and carries it as an equity-method investment. The club is recognized as a discontinued operation in the accompanying consolidated financial statements.

We closed our Divas Latinas club in Houston during September 2010. This club is recognized in discontinued operations.

Following is summarized information regarding the discontinued operations:

(in thousands)	Quarter Ended September 30,	
	2011	2010
Loss from discontinued operations	\$ (74)	(385)
Loss on disposition	\$ -	-
Income tax - discontinued operations	26	135

LIQUIDITY AND CAPITAL RESOURCES

Working Capital and Cash Flows

At December 31, 2011, we had working capital of \$1.7 million compared to \$2.0 million at December 31, 2010.

Net cash provided by operating activities in the three months ended December 31, 2011 was \$5.2 million compared to \$2.9 million for the three months ended December 31, 2010. The increase in cash provided by operating activities was primarily due to the deferred taxes and an increase in accounts payable during the quarter ended December 31, 2011.

We used \$1.6 million of cash in investing activities during the three months ended December 31, 2011 compared to \$1.2 million during the three months ended December 31, 2010. Cash of \$2.4 million was used by financing activities during the three months ended December 31, 2011 compared to \$2.1 million cash used during the three months ended December 31, 2010.

We require capital principally for construction or acquisition of new clubs, renovation of older clubs and investments in technology. We may also utilize capital to repurchase our common stock as part of our share repurchase program.

Put Options

As part of certain of our acquisition transactions, we have entered into Lock-Up/Leak-Out Agreements with the sellers pursuant to which, on or after a contractual period after the closing date, the seller shall have the right, but not the obligation, to have us purchase from seller a certain number of our shares of common stock issued in the transactions in an amount and at a rate of not more than a contractual number of the shares per month (the "Monthly Shares") calculated at a price per share equal to a contractual value per share ("Value of the Rick's Shares"). At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the seller, then the seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the seller receives from the sale of the Monthly Shares and the value of the shares shall be paid by us within three (3) business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the seller has received a contractual amount from the sale of the Rick's Shares and any deficiency. Under the terms of the Lock-Up/Leak-Out Agreements, the seller may not sell more than a contractual number of our shares per 30-day period, regardless of whether the seller "Puts" the shares to us or sells them in the open market or otherwise.

The maximum obligation that could be owed if our stock were valued at zero is \$2.4 million at December 31, 2011. If we are required to buy back any of these put options, the buy-back transaction will be purely a balance sheet transaction, affecting only Temporary Equity or Derivative Liability and Stockholders' Equity and will have no income statement effect. The only income statement effect from these put options is the "mark to market" valuation quarterly of the derivative liability.

Following is a schedule of the annual obligation (after the renegotiation) we would have if our stock price remains in the future at the closing market price on December 31, 2011 of \$8.46 per share, of which there can be no assurance: (This includes the derivative financial instruments recognized in our balance sheet at December 31, 2011.)

For the Year Ended September 30:	(in thousands)
2012	\$1,448
2013	131
Total	\$1,579

Each \$1.00 per share movement of our stock price has an aggregate effect of \$102,000 on the total obligation.

Other Liquidity and Capital Resources

We have not established lines of credit or financing other than the above mentioned notes payable and our existing debt. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise.

On September 29, 2008, our Board of Directors authorized us to repurchase up to \$5 million worth of our common stock. During the three months ended December 31, 2011, we purchased 60,240 shares of common stock in the open market at prices ranging from \$6.32 to \$7.79. During the three months ended December 31, 2010, we purchased 123,800 shares of common stock in the open market at prices ranging from \$7.03 to \$7.43.

We believe that the adult entertainment industry standard of treating entertainers as independent contractors provides us with safe harbor protection to preclude payroll tax assessment for prior years. We have prepared plans that we believe will protect our profitability in the event that sexually oriented business industry is required in all states to convert dancers who are now independent contractors into employees.

The sexually oriented business industry is highly competitive with respect to price, service and location, as well as the professionalism of the entertainment. Although management believes that we are well-positioned to compete successfully in the future, there can be no assurance that we will be able to maintain our high level of name recognition and prestige within the marketplace.

IMPACT OF INFLATION

We have not experienced a material overall impact from inflation in our operations during the past several years. To the extent permitted by competition, we have managed to recover increased costs through price increases and may continue to do so. However, there can be no assurance that we will be able to do so in the future.

SEASONALITY

Our nightclub operations are affected by seasonal factors. Historically, we have experienced reduced revenues from April through September with the strongest operating results occurring during October through March. Our experience to date indicates that there does not appear to be a seasonal fluctuation in our Internet activities.

GROWTH STRATEGY

We believe that our nightclub operations can continue to grow organically and through careful entry into markets and demographic segments with high growth potential. Our growth strategy is: (a) to open new clubs after careful market research, (b) to acquire existing clubs in locations that are consistent with our growth and income targets and which appear receptive to the upscale club formula we have developed, as is the case with the acquisitions of the clubs in Austin, Dallas and Fort Worth, Texas, Miami Gardens, Florida, Philadelphia, Pennsylvania, and Indianapolis, Indiana, (c) to form joint ventures or partnerships to reduce start-up and operating costs, with us contributing equity in the form of our brand name and management expertise, (d) to develop new club concepts that are consistent with our management and marketing skills, (e) to acquire real estate in connection with club operations, although some clubs may be in leased premises, and/or (f) to enter into licensing agreements in strategic locations.

We continue to evaluate opportunities to acquire new nightclubs and anticipate acquiring new locations that fit our business model as we have done in the past.

We also expect to continue to grow our Internet profit centers. We plan to focus on high-margin Internet activities that leverage our marketing skills while requiring a low level of start-up cost and ongoing operating costs and refine and tune our Internet sites for better positioning in organic search rankings amongst the major search providers. We will restructure affiliate programs to provide higher incentives to our current affiliates to better promote our Internet sites, while actively seeking new affiliates to send traffic to our Internet sites.

The acquisition of additional clubs and/or internet operations will require us to obtain additional debt or issuance of our common stock, or both. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise. An inability to obtain such additional financing could have an adverse effect on our growth strategy.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As of December 31, 2011, there were no material changes to the information provided in Item 7A of the Company's Annual Report on Form 10-K for fiscal year ended September 30, 2011.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of the Company's senior management, including the Company's chief executive officer and chief financial officer, the Company conducted an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of the end of the period covered by this quarterly report (the "Evaluation Date"). Based on this evaluation, the Company's chief executive officer and chief financial officer concluded as of the Evaluation Date that the Company's disclosure controls and procedures were effective such that the information relating to the Company, including consolidated subsidiaries, required to be disclosed in the Company's Securities and Exchange Commission ("SEC") reports (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to the Company's management, including the Company's chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting that occurred during the quarter ended December 31, 2011 that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings.

Beginning January 1, 2008, our Texas clubs became subject to a new state law requiring each club to collect and pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association ("TEA"), an organization to which we are a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State appealed the Court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State gave notice of its right to collect the tax pending the outcome of its appeal but took no affirmative action to enforce that right. On June 5, 2009, the Court of Appeals for the Third District (Austin) affirmed the District Court's judgment that the Sexually Oriented Business ("S.O.B.") Fee violated the First Amendment to the U.S. Constitution but on August 26, 2011, the Texas Supreme Court reversed the judgment of the Court of Appeals, ruling that the SOB Fee does not violate the First Amendment to the U.S. Constitution, and remanded the case to the District Court to determine whether the fee violates the Texas Constitution.

The TEA appealed the Texas Supreme Court's decision to the U.S. Supreme Court (regarding the constitutionality of the fee under the First Amendment of the U.S. Constitution), but the U.S. Supreme Court denied the appeal on January 23, 2012. The case will now resume in the District Court in Travis County on the remaining issues raised by the TEA that were not previously decided by the trial court. We have not made any payments of these taxes since the first quarter of 2009 and plan not to make any such payments while the case is pending in the courts. However, we will continue to accrue and expense the potential tax liability on our financial statements, so any ultimate negative ruling will not have any effect on our income statement and will only affect our balance sheet. If the decision is ultimately found in our favor, as we believe it will be, then we will have a one-time gain of the entire amount previously expensed.

We have paid the tax under protest during all four quarters of 2008 and the first quarter of 2009 and expensed the tax in the consolidated financial statements, except for two locations in Dallas where the taxes have not been paid, but we are accruing and expensing the liability. For the subsequent quarters, as a result of the Third Court's decision, we accrued the fee, but did not pay the State. As of December 31, 2011, we have approximately \$7.5 million in accrued liabilities for this tax. Patron tax expense amounted to \$712,000 and \$695,000 for the three months ended December 31, 2011 and 2010, respectively. We have paid more than \$2 million to the State of Texas since the inception of the tax. Our Texas clubs have filed a separate lawsuit against the State in which we raise additional challenges to the statute imposing the fee or tax and demand repayment of the taxes. The courts have not yet addressed these additional claims. If the State's appeal ultimately fails or we are successful in the remaining litigation, our current amount paid under protest would be repaid or applied to future admission tax and other Texas state tax liabilities.

In September 2011, the Company's subsidiary, RCI Entertainment Las Vegas, Inc. ("RCI Las Vegas") and Rick's Cabaret International were sued by the lessor of its club in Las Vegas for breach of contract and other issues relating to RCI Las Vegas' lease. RCI Las Vegas has no assets and, therefore, is not able to pay the "deficiency", if any is ultimately found in a court of law. If the plaintiff should attempt to claim that the "deficiency" is a liability of the parent company, the Company believes it has the legal basis upon which to refute this claim as the parent company is not liable for the debts of its subsidiaries. Therefore, the Company does not believe that this contingency will ultimately result in a liability and, therefore, no accrual has been made in the accompanying consolidated financial statements.

In September 2011, the Company and its CEO were sued in District Court in Travis County Texas by a shareholder for damages as a result of the plaintiff's alleged inability to sell shares on the open market due to restrictive legends which the plaintiff alleges that the defendants failed to remove in a timely manner. No specific damages have been alleged. The Company denies any liability in this matter and, with its insurance company, is vigorously defending the allegations.

The Company's subsidiary that operated the club in Las Vegas has recently been audited by the Department of Taxation of the State of Nevada for sales and other taxes. The audit period was from the date of opening in September 2008 through July 31, 2010. As a result of the audit, the Department of Taxation contends that the Company's Las Vegas subsidiary owes approximately \$2.1 million, including penalties and interest, for Las Vegas Live Entertainment Taxes. The Company does not believe it is subject to the Live Entertainment Tax and is protesting the audit

results. Accordingly, the Company has not accrued the contingent liability in the accompanying consolidated financial statements. It is unknown at this time whether the resolution of this uncertainty will have a material effect on the Company's operations.

Two securities class action lawsuits were filed against us in June 2011 in the U.S. District Court for the Southern District of Florida. The plaintiffs claim to represent recipients of text messages. The complaints allege that we violated the Telephone Consumer Protection Act (the "TCPA") by sending unsolicited advertisements by text message to the plaintiff and other recipients nationwide during the four-year period preceding the lawsuit without the prior express invitation or permission of the recipients. On January 20, 2012, an amended complaint was filed in one of the cases to add one of our subsidiaries as a defendant. In October 2011, we filed a declaratory judgment action in U.S. District Court for the Southern District of Texas (Houston division) against our general liability insurance carrier to provide coverage for these two TCPA cases. On January 24, 2012, the presiding judge issued an order dismissing the case against our carrier. The Company denies any liability in this matter and is vigorously defending the allegations.

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, "Item 1A. Risk Factors" in the Company's Annual Report on Form 10-K for the year ended September 30, 2011, as such factors could materially affect the Company's business, financial condition or future results. In the three months ended December 31, 2011, there were no material changes to the risk factors disclosed in the Company's 2011 Annual Report on Form 10-K. The risks described in the Annual Report on Form 10-K are not the only risks the Company faces. Additional risks and uncertainties not currently known to the Company, or that the Company deems to be immaterial, also may have a material adverse impact on the Company's business, financial condition or results of operations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

During the three months ended December 31, 2011, we purchased 27,240 shares of common stock in the open market at prices ranging from \$6.32 to \$6.55 per share. During the three months ended December 31, 2011, we purchased 33,000 shares of common stock from put option holders at prices ranging from \$6.53 to \$7.79 per share. Following is a summary of our purchases by month:

Period:	(a)	(b)	(c)	(d)
Month Ending	Total Number of Shares (or Units) Purchased	Average Price Paid per Share	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet be Purchased Under the Plans or Programs
October 31, 2011	38,240	\$6.53	-	2,890,057
November 30, 2011	11,000	\$7.63	-	2,890,057
December 31, 2011	11,000	\$7.79	-	2,890,057
Total	60,240	\$6.92	-	2,890,057
