Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7): "

Explanatory Note:

The Registrant's Board of Directors has approved entry into new employment agreements with key members of management to align their interests with the favorable operating performance of the Registrant. To ensure management's long-term commitment to the Registrant and to demonstrate the Registrant's similar commitment, the new employment agreements will provide that a voluntary departure by the member of management or termination for cause will result in immediate cancellation of unvested stock and option awards and that a termination without cause by the Registrant will result in severance payments to such members of management. The terms of such employment agreements will be negotiated with each of the Chief Executive Officer, Chief Financial Officer and Chief Technology Officer.

In addition, the Board of Directors approved grants of restricted stock to management that are forfeited and cancelled automatically in the event the company fails to meet certain operating performance goals. The Registrant has previously elected to follow home country practice in the issuance of securities as compensation, and this grant is not made pursuant to the terms of any shareholder-approved incentive plan. To avoid cancellation of some or all of such grants, (a) the Registrant must have positive gross margin (equal to total revenue minus cost of goods sold) for the audited fiscal year then ended; (b) the Registrant's audited total revenues must hit certain target levels and (c) the recipient must be employed by the Registrant as of the time of the filing of the annual report for the fiscal year then ended. The Board of Directors has approved a grant of, in aggregate, 3,010,000 ordinary shares, all of which may be forfeited in the event of a failure of the above terms. Shenping Yin and Guoqiang Chen will each be granted 1,354,500 shares and Jia Liu will be granted 301,000 shares, subject to forfeiture. Assuming the Registrant has positive gross margin and the recipient remains employed as discussed above, the Recipient will receive the below net grants of shares for each of the years ending June 30, 2017, 2018 and 2019 if the Registrant's total revenues reach the following levels:
