Compensation Committee Report on Executive Compensation

The Compensation Committee of the Company's Board of Directors consisted of directors Louis D. Paolino, Jr., Richard B. Muir, and Constantine N. Papadakis, Ph.D. Mr. Muir resigned due to other business commitments from the Board of Directors as well as his position on the Compensation Committee effective October 15, 2003.

The following report of the Compensation Committee is required by the rules of the Securities and Exchange Commission to be included in the Company's Proxy Statement or the Company's Annual Report on Form 10-K and addresses the Company's executive compensation policies for the fiscal year ended December 31, 2003. This report shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), by virtue of any general statement in such filing incorporating this Form 10-K by reference, except to the extent that the Company specifically incorporates the information contained in this section by reference, and shall not otherwise be deemed filed under either the Securities Act or the Exchange Act.

General. The Company's compensation policies for executives are intended to further the interests of the Company and its stockholders by encouraging growth of its business through securing, retaining, and motivating management employees of high caliber who possess the skills necessary to the development and growth of the Company.

The Company's current compensation package consists of two components: base salaries and stock options. Together these elements comprise total compensation value. The total compensation paid to the Company's executive officers is influenced significantly by the need (i) to attract management employees with a high level of expertise, and (ii) to motivate and retain key executives for the long-term success of the Company and its stockholders.

The fiscal year ended December 31, 2003, was a challenging year for the Company. In 2003, Mace focused its management efforts on maximizing operating profits in an economy which had suffered a downturn. Managements efforts were also focused on developing the Company's security electronics surveillance business. Additionally, the financing and re-financing of the Company's long-term debt demanded significant time and attention. The Compensation Committee considered these numerous factors and the Company's financial results in formulating its executive compensation policies and practices for fiscal 2003. The Committee also considered the Amper, Politziner and Mattia, P.C. study of compensation levels dated May 2003 for each executive position when determining compensation. The May 2003 compensation study by Amper, Politziner and Mattia, P.C. concluded that the total compensation packages for the top four executive officers fell below the peer group's 25th percentile. After considering all factors and through negotiation of a new employment agreement by Mr. Paolino, an annual base salary increase was given to Louis D. Paolino, Jr. in the amount of \$50,000 bringing Mr. Paolino's base salary to \$400,000.

Other than the annual salary increase given in 2003, Mr. Paolino, had not been given a salary increase from the date he was hired by the Company in 1999. Additionally on July 14, 2003, options to purchase 150,000 shares of the Company's common stock were granted each of Louis D. Paolino, Jr., Robert M. Kramer and Gregory Krzemien and on November 14, 2003 options to purchase 100,000 shares of the Company's common stock were granted to Ronald R. Pirollo. The options have an exercise price of the market price at the date of grant.

Base Compensation. The Committee established annual base salary levels for its executives based on competitive data, level of experience, position,

Edgar Filing: MACE SECURITY INTERNATIONAL INC - Form 10-K/A

responsibility, and individual and Company performance. The Committee has used comparative data provided by Amper, Politziner and Mattia, P.C. The Company has maintained total compensation levels for executives below the median in the range of survey data, which included companies providing consumer services on a national basis. The primary terms of the employment agreements of Robert M. Kramer, Gregory M. Krzemien, and Ronald R. Pirollo expired on March 26, 2003. Messrs. Kramer and Krzemien are working on a month-to-month at will-basis. Mr. Pirollo or the Company may terminate Mr. Pirollo's employment at any time.

Stock Options. The Company grants stock options to its executive management under its employee stock option plans. Option grants are intended to offer significant returns if the Company is successful and, therefore, create significant incentives to devote the effort called for in order to implement the Company's strategic plan. The Compensation Committee believes that executives' interests are directly tied to enhanced stockholder value. Thus, stock options are used to provide the executive management team with a strong incentive to perform in a manner that should result in the long-term success of the Company.

Performance Bonuses. The Company maintains the option to supplement base compensation with awards of performance bonuses in the form of cash and/or stock options to reward efforts undertaken by its key executive officers which are extraordinary in nature.

Chief Executive Officer Compensation. Mr. Paolino, in his capacity as Chairman of the Board, Chief Executive Officer, and President, participates in the same compensation programs as the other executive officers. The Committee increased Mr. Paolino's compensation on August 12, 2003 to \$400,000. The Committee believes that Mr. Paolino's compensation is competitive with the amount paid by companies in similar industries and competitive situations, as supported by a competitive compensation analysis conducted by Amper, Politziner and Mattia, P.C. and the Compensation Committee's review of Mr. Paolino's salary in the context of (i) the Company's performance and growth, and (ii) compensation packages of chief executive officers at comparable companies.
