Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related
Audit Report or Completed Interim Review.

On March 16, 2005, Luby's, Inc. (the "Company") issued a press release
announcing that, like many other retail and restaurant companies, the Company is

reviewing its accounting for leases as a result of a public letter issued by the Chief Accountant of the Securities and Exchange Commission ("SEC") to the American Institute of Certified Public Accountants on February 7, 2005, clarifying the interpretation of existing accounting literature applicable to certain leases and leasehold improvements. As reported in previous filings with the SEC, the Company has historically recorded actual rent expense in the period that it occurs. Additionally, the Company has depreciated certain of its leaseholds over useful lives that were not consistent with the terms of related leases. As a result of its review, the Company will begin to utilize straight-line accounting for its leases and align the useful lives of its leaseholds with the terms of related leases.

The Company's management and the Audit Committee of the Company's Board of Directors, after discussions with the Company's independent registered public accounting firm, Ernst and Young LLP, determined on March 16, 2005, that the Company's financial statements included in its Annual Report on Form 10-K, as amended, for the fiscal year ended August 25, 2004 and its Quarterly Report on Form 10-Q for the quarter ended November 17, 2004 should be restated to correct its method of accounting for leases. As a result, these financial statements should no longer be relied upon. The adjustments to these financial statements will not affect historical or future cash flows, the timing of payments under current leases, cash balances or compliance with any financial covenant or debt instrument.

The Company is working diligently to complete its review of its accounting for leases and to quantify the impact of the necessary adjustments on each of the reporting periods. Due to the time and effort involved in fully determining the effect of these adjustments on the Company's previously issued financial statements, the Company expects to file a Form 12b-25 with the SEC and to delay for up to five days the filing of its Quarterly Report on Form 10-Q for the quarter ended February 9, 2005.
