The Company will bear the entire cost of preparing this proxy statement and of soliciting proxies. Proxies may be solicited by employees of the Company, either personally, by special letter, or by telephone. However, Company employees will not be specifically compensated for these services. PROPOSAL 1: ELECTION OF DIRECTORS

The number of directors constituting the Board has been fixed at five in accordance with the Company's bylaws. Under the Company's amended and restated bylaws, which were adopted in 2007, directors are elected at each annual meeting and hold office for a one-year term or until their respective successors are elected and have qualified. The terms of all five directors expire at the 2010 Annual Meeting, and thus five directors will be elected for a one-year term at the 2010 Annual Meeting.

In the absence of specifications to the contrary, proxies will be voted for the election of each of the five nominees listed in the table below, and an equal number of votes will be cast for each nominee. In no case will proxies be voted for more than five nominees. The persons who receive the highest number of votes for election at the Annual Meeting will be elected as directors. If, at or before the time of the meeting, any of the nominees becomes unavailable for any reason, the proxy holders have the discretion to vote for a substitute nominee or nominees. The Board currently knows of no reason why any of the nominees listed below is likely to become unavailable.

CORPORATE GOVERNANCE

Corporate Governance Guidelines and Committee Charters

The Board of Directors has approved Corporate Governance Guidelines, with the goal of providing effective governance of the Company's business and affairs for the benefit of shareholders. The Corporate Governance Guidelines are available on the Company's website at www.culp.com in the "Investor Relations/Governance" section and are available in print to any shareholder upon request. In addition, the charters for the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are also included in the "Investor Relations/Governance" section of the Company's website and are available in print to any shareholder upon request.

Director Independence

The Board believes that independent directors should comprise a majority of the Board, and the Company's Corporate Governance Guidelines (as well as New York Stock Exchange rules) require that a majority of the Company's Board be independent. To be considered independent, a director must be determined, by resolution of the Board as a whole, to have no material relationship with the Company other than as a director. These determinations are made annually. In each case, the Board considers all relevant facts and circumstances and applies the independence standards of the New York Stock Exchange. In addition, the Board has adopted the following categorical standards, which are included in the Company's Corporate Governance Guidelines, to assist in the determination of director independence. These categorical standards conform to, or are more exacting than, the independence requirements in the New York Stock Exchange listing standards:

(i) Disqualifying Relationships – A director will not be considered independent if any of the following has occurred within the preceding three years:

- the director was employed by the Company
- the director's immediate family member was employed by the Company as an executive officer
- the director or the director's immediate family member received more than \$25,000 per year in direct compensation from the Company (other than director's fees and pension or other forms of deferred compensation for prior service with the Company)
 - the director was affiliated with or employed by the Company's independent auditor
- the director's immediate family member was affiliated with or employed by the Company's independent auditor as a partner, principal, manager, or in any other professional capacity
- an executive officer of the Company was on the compensation committee of the board of directors of a company that employed either the director or the director's immediate family member as an executive officer

(ii) Commercial Relationships – The following commercial relationships will not be considered to be material relationships that would impair a director's status as being independent:

- the director is an executive officer or employee or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier

- the director's immediate family member is an executive officer or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier
 - the director or the director's immediate family member is an executive officer of another company that is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer
- (iii) Charitable Relationships – The following charitable relationship will not be considered to be a material relationship that would impair a director's independence: if a director of the Company, or a member of a director's immediate family, serves as an executive officer of a charitable or other not-for-profit organization, and the Company's charitable contributions to the organization, in the aggregate, are less than two percent of that organization's total revenues during its most recent fiscal year.
- (iv) Stock Ownership – Ownership of a significant amount of the Company's stock does not necessarily preclude a determination of independence.

Applying the independence standards described above, the Board has determined that the following current directors and/or nominees are independent within the meaning of the listing standards of the New York Stock Exchange and the Company's categorical standards of independence: Messrs. Flavin, Larson and McAllister. These determinations are based primarily on a review of the responses of our directors to questions regarding employment and compensation history, affiliations and family and other relationships, and on discussions with directors.

Board Leadership Structure and Lead Director; Executive Sessions of Independent Directors

The roles of Chairman of the Board and Chief Executive Officer are filled separately by two individuals, both of whom are executive officers. The Board believes it should have flexibility to decide whether it is best for the Company at a given point in time for the roles of the Chief Executive Officer and Chairman of the Board to be separate or combined and, if separate, whether the Chairman should be selected from the independent directors or be an employee. The Board believes that the complementary leadership skills of Mr. Culp, III as Chairman and Mr. Saxon as CEO are currently serving the Board and the Company well.

Independent Board members meet separately from the other directors at regularly scheduled executive sessions, without the presence of management directors or executive officers of the Company (except to the extent that the independent directors request the attendance of any executive officers). These meetings normally occur quarterly. The independent directors have designated a "lead director" to preside at these meetings, to advise management and to otherwise act as a liaison between the independent directors and the Company's management. Mr. McAllister has served as lead director since 2006.

Director Attendance at Annual Meetings

Directors are expected to attend the Company's Annual Meeting of Shareholders absent exceptional cause. All directors then on the Board attended the 2009 Annual Meeting of Shareholders.

Risk Oversight

The Board oversees risk-assessment in a number of ways, both as a full Board and through its committees. The Board assesses enterprise risk as it reviews and directs the Company's strategic plans and decisions, both for operational and financial matters. The Board as a whole, in executive sessions and in meetings with management, assesses risks faced by the Company and evaluates ways to mitigate those risks. The Audit Committee has the responsibility to review and discuss with management, and with the internal auditor and the independent auditor, as appropriate, issues regarding the Company's risk assessment and risk management policies, including the Company's major financial risk exposure and the steps management has taken to monitor and mitigate such exposure. In addition, the Compensation Committee assesses the Company's compensation policies and practices to ensure that compensation arrangements do not provide incentives that create risks that are reasonably likely to have a material adverse effect on the Company.

Code of Business Conduct and Ethics

The Company has adopted a written Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. The Code is available on the Company's website at www.culp.com under the "Investor Relations/Governance" section and is available in print to any shareholder who requests it. The Company will disclose on its website or by the filing of a Form 8-K any substantive amendments to the Code with regard to executive officers and any waivers granted under the Code for executive officers or directors.

Communications with Directors

The Company and the Company's Board of Directors believe it is important that a direct and open line of communication exist between the Company's Board of Directors and its shareholders and other interested parties. Any shareholder or other interested party who desires to contact the Company's directors may send a letter to the following address:

Culp, Inc. Board of Directors
c/o Corporate Secretary
P.O. Box 2686
High Point, North Carolina 27261-2686

Communications to directors will be handled by the office of the Corporate Secretary and forwarded as soon as practicable to the lead director designated by the independent directors.

The Company also has a separate policy that allows shareholders, employees or other interested parties to communicate with the Chairman of the Audit Committee of the Board of Directors to report complaints or concerns regarding accounting, internal accounting controls, or audit matters. More details about this policy are available on the Company's internet website at www.culp.com, in the "Investor Relations/Governance" section under the heading "Complaint Procedures for Accounting, Internal Accounting Controls, or Auditing Matters."

Director Nomination Process

The Corporate Governance and Nominating Committee is responsible for selecting persons to be recommended to the Board to fill vacancies on the Board, as well as persons to be recommended to the Board to be submitted to the shareholders as nominees for election as directors of the Company. The charter of the Corporate Governance and Nominating Committee sets forth the specific responsibilities and duties of that committee, and a copy of the charter may be found on the Company's internet website at www.culp.com, in the "Investor Relations/Governance" section. Among other things, the charter requires that the Corporate Governance and Nominating Committee consist of not less than three directors, each of whom must be independent as determined by the Board of Directors and as defined by New York Stock Exchange rules. All of the current members of the Corporate Governance and Nominating Committee are independent directors.

The goal of the Corporate Governance and Nominating Committee is to create a Board that will demonstrate competence, objectivity, and the highest degree of integrity on an individual and collective basis. In evaluating current members and new candidates, the Corporate Governance and Nominating Committee considers the needs of the Board of Directors in light of the current mix of director skills and attributes. In accordance with the Corporate Governance Guidelines adopted by the Board, the Corporate Governance and Nominating Committee will seek a diversity of skills and backgrounds among directors in assessing candidates for membership on the Board. The Corporate Governance and Nominating Committee will seek candidates who possess honesty and integrity, sound business judgment, financial literacy, strategic and analytical insight, and the ability to commit an adequate amount of time to make a productive contribution to the Board and the Company. In addition, the Corporate Governance and Nominating Committee will seek to assure that one or more Board members possess each of the following characteristics: knowledge and experience in the Company's industry, management experience, international business knowledge, expertise in accounting or financial analysis, and regulatory compliance expertise. When the Corporate Governance and Nominating Committee is considering current Board members for nomination for reelection, the committee also considers prior Board contributions and performance, as well as attendance records for Board and committee meetings.

The Corporate Governance and Nominating Committee may seek input from other members of the Board and management in identifying and attracting director candidates who meet the criteria outlined above. In addition, the committee may use the services of consultants or a search firm, although it has not done so in the past. Recommendations from shareholders for nominees to the Board of Directors will be considered by the Corporate Governance and Nominating Committee if made in writing addressed to any member of the committee at the Company's main office. In order to be considered, such recommendations must be received at least 120 days prior to the date of the meeting at which directors are to be elected. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as a director. Based on a preliminary assessment of a candidate's qualifications, the Corporate Governance and Nominating Committee may conduct interviews with the candidate and request additional information from the candidate. The committee uses the same process for evaluating all nominees, including those recommended by shareholders.

BOARD COMMITTEES AND ATTENDANCE

There are four standing committees of the Board of Directors: Executive Committee, Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee. Each of the members of each of our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee (and any director who served on such committees at any time during the fiscal year) has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent within the meaning of the director independence standards set forth in the regulations of the New York Stock Exchange and the Company's categorical standards of independence. Also, each of the members of our Audit Committee is "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934. The written charters of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are available on our website at www.culp.com in the "Investor Relations/Governance" section.

Executive Committee

The Executive Committee, the members of which are Messrs. Culp (Chairman), Saxon and McAllister, may exercise the full authority of the Board of Directors when the Board is not in session, except for certain powers related to borrowing and electing certain officers, and other powers that may not lawfully be delegated to Board committees. Under current management practices, the Executive Committee exists mainly to act in place of the Board in cases where time constraints or other considerations make it impractical to convene a meeting of the entire Board or to obtain written consents from all Board members. The Executive Committee did not hold any formal meetings during fiscal 2010, and all significant management decisions requiring action by the Board of Directors were considered and acted upon by the full Board.

Audit Committee

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent auditors of the Company, and must pre-approve all services provided. The committee discusses and reviews in advance the scope and the fees of the annual audit and reviews the results thereof with the independent auditors. The auditors meet with the committee to discuss audit and financial reporting issues. The committee reviews the Company's significant accounting policies, internal accounting controls, reports from the Company's internal auditor, quarterly financial information releases, Quarterly Reports on Form 10-Q, the Annual Report to shareholders, and the Annual Report on Form 10-K filed with the Securities and Exchange Commission. In addition, the committee reviews and approves all significant transactions between the Company and any related party, and reviews the Company's risk assessment and risk management policies.

Members of the Audit Committee are Messrs. Flavin (Chairman), Larson and McAllister. The Board of Directors has determined that all members of the Audit Committee are financially literate as defined by the rules of the New York Stock Exchange. In addition, the Board has determined that Mr. Flavin qualifies as an "audit committee financial expert" for purposes of the rules and regulations of the Securities and Exchange Commission adopted pursuant to the Sarbanes-Oxley Act of 2002.

Compensation Committee

The Compensation Committee reviews the performance of the chief executive officer and determines the chief executive officer's compensation after consulting with the Board of Directors. The Compensation Committee performs the same functions with regard to other executive officers after consulting with the chief executive officer. The committee also makes recommendations to the Board regarding incentive compensation plans and equity-based plans, and it administers the incentive compensation and equity-based plans after they are adopted. In

performing its obligations, the Compensation Committee regularly meets with and consults with the chief executive officer, and occasionally other executive officers, to receive their recommendations regarding executive compensation. The committee's charter does not address its ability to delegate its authority to others, and although it may have such power, in practice the Compensation Committee approves all final decisions regarding changes in the compensation of executive officers. The members of this committee are Messrs. Larson (Chairman), Flavin and McAllister.

Corporate Governance and Nominating Committee

The current members of the Corporate Governance and Nominating Committee are Messrs. McAllister (Chairman), Larson and Flavin. The committee reviews and recommends to the Board candidates for appointment to fill vacancies on the Board as well as candidates for selection as director nominees for election by shareholders. The Corporate Governance and Nominating Committee also considers and makes recommendations to the Board on other matters relating to the size and function of the Board and its committees, to the Board's policies and procedures, and to corporate governance policies applicable to the Company.

Attendance

During the fiscal year ended May 2, 2010, the Board of Directors had six meetings; the Audit Committee had thirteen meetings; the Compensation Committee had five meetings; and the Corporate Governance and Nominating Committee had four meetings. Each Board member attended at least 75% of the aggregate number of the meetings of the Board of Directors and of the committees on which he served.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Objectives and Overview

The primary objective of our executive compensation program is to support the corporate goals of increasing our earnings, return on capital and shareholder value. We believe the best way to accomplish this objective is to focus the program on these secondary objectives:

- attracting and retaining management with the skills to lead the Company successfully;
- fairly compensating management for their service to our Company, which helps retain and motivate them;
- aligning the long-term interests of management with those of our shareholders; and
- rewarding management for achieving specific corporate goals.

Our Compensation Committee's policy is to base compensation for our executive officers on three main factors:

- (1) the compensation paid to executive officers at comparable companies;
- (2) our financial performance; and
- (3) each individual officer's performance and contribution to our Company.

The committee relies more heavily on the first two factors in setting annual base salaries for executive officers and in making decisions about non-current compensation – for example, certain retirement plans and severance protection – that is available only to top management. The committee typically links the second factor to executive officer compensation through annual incentive bonuses, periodic grants of equity-based awards to executive officers.

Compensation Elements

The following elements made up the fiscal 2010 compensation program for our executive officers, including all of the executive officers listed in the Summary Compensation Table on page 19 (whom we refer to as the “named executive officers”):

Element	Form of compensation	Purpose	Performance criteria
Base salary	Cash	Providing a competitive level of fixed compensation that attracts and retains skilled management	Not performance-based
Annual incentive bonus	Cash	Creating incentive for executive officers to direct their efforts toward achieving specified financial goals for the Company	Specific financial performance measures selected by the Compensation Committee

Long-term incentive awards	Stock options, restricted stock, and other equity-based awards	Creating a strong financial incentive for meeting or exceeding long-term financial goals, rewarding past performance, recognizing promotions and encouraging an equity stake in our Company	Common stock price and in certain cases return on capital (ROC)
----------------------------	--	---	---

Element	Form of compensation	Purpose	Performance criteria
Health and welfare plans	Eligibility to receive available health and other welfare benefits paid for, in whole or in part, by the Company, including broad-based medical, life insurance and disability plans and a severance plan	Providing a competitive, broad-based employee benefits structure	Not performance-based
Retirement plans	Eligibility to participate in, and receive Company contributions to, our 401(k) plan (available to all employees) and, for certain officers, a supplemental deferred compensation plan	Providing competitive retirement-planning benefits to attract and retain skilled management	Not performance-based
Split-dollar life insurance plan	Company-paid life insurance policy for the benefit of Mr. Culp, III, our Chairman	Providing an additional death benefit in a cost-effective manner	Not performance-based

Base salary

Our Compensation Committee sets base salaries for our named executive officers based primarily on:

- (1) base salaries paid to executive officers at comparable companies, and
- (2) each individual officer's performance and contribution to our Company.

Our financial performance for the prior year can also play a role in the committee's consideration of annual salary adjustments.

The committee's information on base salaries at comparable companies comes from SEC filings by public companies and general knowledge about manufacturing companies of similar size or within our industry. Given the size of our Company, we believe it is appropriate to research this information ourselves rather than relying on a potentially more extensive, but expensive, data review by a compensation consultant. During 2007, and in setting salaries for fiscal 2008, we considered base salary data from the companies listed below. In fiscal 2008 and 2009, some executive salaries were reduced as part of expense reduction initiatives. For that reason, data was not gathered and the previous data was deemed relevant since it was used for fiscal 2008. In setting salaries for fiscal 2010, we conducted an informal review of published compensation information of various companies, but no formal compilation of this information was made. The knowledge gained, in addition to the salary history for our executives in prior years, along with the information compiled in fiscal 2008 about the following companies, was considered in setting salaries for fiscal 2010.

Burke Mills, Inc.
Crown Crafts, Inc.
Decorator Industries, Inc.
The Dixie Group
The Hallwood Group Incorporated
Innovo Group, Inc.
International Textile Group, Inc.
JPS Textile Group, Inc.
Mohawk Industries, Inc.
Polymer Group, Inc.
Quaker Fabric Corporation
Unifi, Inc.

When the information was gathered, we considered the companies listed above to be comparable because they were other manufacturers of textile products based in the U.S. Based on the considerations discussed above, the committee decided that the salaries of our executive officers for fiscal 2010 were comparable to or below the average level within our industry, and were at levels needed to properly reward and retain qualified leadership for the Company.

In setting base salaries for the named executive officers, the committee also considers each officer's performance and contribution to our Company in the prior fiscal year, along with Company financial performance. The committee determined that each of the named executive officers performed satisfactorily during fiscal 2009.

Early in fiscal 2010, the Compensation Committee took action to adjust the salaries of the executive officers. The salaries of three of the named executive officers had been reduced during fiscal 2009 as part of our profit improvement plan. Mr. Saxon and Mr. Culp, III had also taken additional salary cuts in fiscal 2009 and fiscal 2008 as part of cost reduction initiatives. In light of improved financial performance and balance sheet strength at the beginning of fiscal 2010, the committee approved restoration of Mr. Culp, III's salary to \$250,000, restoration of Mr. Saxon's salary to \$350,000, and restoration of Mr. Bowling's salary to \$175,000. These levels were the annual salaries in place for these three individuals prior to the reductions described in the preceding sentences. In approving the salary increase for Mr. Culp, III, the committee also considered increased responsibilities that had been taken on by Mr. Culp, III in sales and marketing for the upholstery fabrics division. At the same time as these changes were made, Mr. Culp, IV's salary was increased by \$5,000.

Annual incentive bonus

For the past three fiscal years, annual incentive bonuses have been awarded to management, including the named executive officers, under our Management Incentive Plan, which awards bonuses based on our Company's

achievement of pre-established financial performance goals.

For fiscal 2010, the Compensation Committee set financial performance goals and potential bonus awards pursuant to the corporate Management Incentive Plan. Mr. Culp, III, Mr. Saxon, Mr. Bowling, and Mr. Gallagher were among the plan participants. The financial performance measures for fiscal 2010 were operating income, free cash flow and net sales, in each case excluding certain extraordinary and non-recurring items. These measures were weighted to make up the total bonus opportunity, as follows: operating income at 50%, free cash flow at 20%, and net sales at 30%.

The Compensation Committee set threshold, target, maximum and super maximum performance levels for each measure. The bonus levels increase, as a percentage of base salary, with the level of the participant's responsibility within our Company. For our named executive officers who participated in the plan, the target bonuses for fiscal 2010 ranged from 25% to 80% of base salary at the beginning of the year. The performance targets, actual results achieved, and the resulting bonuses paid are described in the "Grants of Plan-Based Awards" section following the Summary Compensation Table.

In fiscal 2010, Mr. Culp, IV continued to participate in a separate management incentive plan that pays bonuses to management of the Culp Home Fashions (CHF) division, which Mr. Culp, IV serves as President. Bonuses were based on the performance of the CHF division against pre-established financial performance measures for the division. Like the corporate Management Incentive Plan, the CHF incentive plan sets performance measures on the basis of operating income, free cash flow and net sales, in each case excluding extraordinary and non-recurring items. The relative weight for each performance measure is also the same as for the corporate plan. Threshold, target, maximum and super maximum bonus levels were set on the same basis as for the corporate plan. The performance targets, actual results achieved, and the resulting bonuses paid are described in the "Grants of Plan-Based Awards" section following the Summary Compensation Table. In addition to the incentive bonus under the regular CHF management incentive plan, Mr. Culp, IV also participates in an incentive plan that can result in additional bonus of up to \$10,000 per fiscal quarter to Mr. Culp, IV based on the CHF division achieving certain levels of improvement in inventory turns.

Long-term incentives awards

For many years, the Compensation Committee has used stock options and other equity awards as a tool for aligning executives' long-term interests with those of our shareholders, thereby giving the officers a strong personal incentive to help us meet or exceed our long-term financial goals and increase shareholder return. In recent years, the committee periodically approved the grant of stock options to management and other key employees, including all of the named executive officers. Our current stock option plans require that all options be granted at exercise prices that are at or above the fair market value of our common stock at the time of grant. This means that option recipients will not realize any value for their options unless our stock price increases. In addition, options have been granted with provisions that they will only become exercisable in increments over a period of time (typically five years), so optionees must remain employed for a significant additional period before realizing any value for their options.

Beginning in fiscal 2009, we also granted other types of equity-based awards to a number of key individuals in the Company. These grants included time-vested restricted stock awards and performance-based stock unit awards. Three of our named executive officers were included in the group that received these awards. The purpose of the restricted stock awards was to provide incentives for the executives to remain with the Company over an extended period while working to enhance our stock price, and the purpose of the performance-based stock awards was to provide incentives to increase the Company's return on capital over an extended period, with greater rewards of stock being earned at various levels of return on capital for six-month measurement periods during the three years following the grant.

In fiscal 2010, no stock options were granted to our executive officers, and the committee chose instead to make only selective additional grants of restricted stock to two executive officers. The restricted stock granted to Mr. Saxon and Mr. Culp, IV will vest in one-third increments beginning three years after the date of grant, helping to retain the services of these executives over the long term. In granting these awards, the committee sought to provide incentives for these officers to remain with the Company, increase their ownership position in the Company and the portion of their compensation package consisting of non-cash equity-based compensation, provide incentives to improve the financial performance of the Company, and better align the officers' compensation with the long-term interests of the Company's shareholders.

We currently do not have a formal system for determining the number of equity awards we grant each year, either in the aggregate or to any individual. In making its grant decisions, the committee generally considers the individual's level of responsibility and/or ability to affect stock price or other performance measures such as earnings. The committee also sometimes grants equity awards to recognize changes in responsibilities. It also considers other equity-based compensation granted to the individual in the current or prior years. The numbers of equity awards granted during fiscal 2010 were based upon the committee's assessment of an appropriate number to provide adequate incentive to the recipients of the grants, taking into account the number of equity awards granted in prior years, management's recommendation, and the remainder of the recipients' compensation package.

Health and welfare plans

Our current health and welfare benefit plans are open to all full-time employees. Under each plan, the named executive officers receive either the same benefit as all other salaried employees or a benefit that is exactly proportional, as a percentage of salary, to the benefits that others receive. For example, the amount of each individual's Company-paid life insurance policy is based on his or her base salary.

Retirement plans

401(k)

Participation in our tax-qualified 401(k) plan is available to all of our full-time employees over the age of 21 with at least three months of service. This plan allows our employees to save money for retirement in a tax-advantaged manner. All of our named executive officers currently participate in this plan. For each participant for fiscal 2010, we contributed 100% of the first 3% of salary that the participant contributed to the plan, and 50% of the next 2% contributed. This is the level of matching contribution that the plan prescribes, and it has not been changed in many years.

Supplemental deferred compensation plan

We provided a supplemental deferred compensation plan during fiscal 2010 for Mr. Saxon, Mr. Culp, IV and Mr. Bowling. Under this plan, we contribute 15% of Mr. Saxon's base salary each year to his plan account. For Mr. Culp, IV and Mr. Bowling, the Company contributed 7.5% of their base salary for fiscal 2010 to their respective plan accounts. The 15% amount for Mr. Saxon was set by a past Compensation Committee more than ten years ago and has been retained each year. We originally adopted this plan for Mr. Saxon instead of providing split-dollar life insurance plans similar to the one described below that we provide for our Chairman, Mr. Culp, III. In fiscal 2009, Mr. Culp, IV and Mr. Bowling were added to this plan at a contribution rate of 5%, which was increased to 7.5% for fiscal 2010. The plan also allows the participants to defer additional amounts of their salary or bonus into the plan at their discretion, up to 75% of compensation other than amounts required for withholding taxes.

Split-dollar life insurance plan

We have participated in a split-dollar life insurance plan with Mr. Culp, III, our Chairman and former CEO, for more than 20 years. Under this plan, we pay the premiums on policies insuring Mr. Culp's life and, in some cases, the life of Mr. Culp's spouse as well. Upon the death of Mr. Culp or his spouse, as set forth in the individual policies, the beneficiaries named under the policy will receive the policy proceeds that remain after we have recovered an amount equal to the total policy premiums we have paid. In fiscal 2009, we suspended premium payments associated with this policy as part of the Company's profit improvement plan. We have established a procedure for monitoring the performance of the policy and will make a decision on an annual basis with regard to ongoing premium payments. No premiums were paid in fiscal 2010.

Perquisites

We provide only very limited perquisites. During fiscal 2010, the only perquisite provided to any group of the named executive officers was an automobile allowance for the named executives (except for Mr. Gallagher). This benefit has been offered for many years, and we believe it is a common element of a competitive compensation package for companies that are comparable to the Company. We also pay dues to a business club in High Point for Mr. Culp, III, for purposes of meeting with customers and other business contracts, and also because we believe it is a common element of a competitive compensation package.

Severance protection plan

We have maintained a severance protection plan for many years that covers certain of our officers, including Mr. Saxon and Mr. Culp, III. In fiscal 2008, Mr. Culp, IV and Mr. Bowling were added to the plan. The plan operates through written agreements we have with each officer. Under each of these agreements, the officer will be entitled to receive payment from the Company in certain circumstances if the officer's employment terminates in anticipation of, or within a particular time period following, a change of control of our Company. The agreements are "double trigger" arrangements that only allow an executive to receive a change of control severance payment if he demonstrates an adverse change in his conditions of employment.

In each case, upon the officer's termination the Company would pay the officer an amount that is approximately double his total compensation at the time of termination. "Total compensation" means base salary plus the target annual incentive bonus for the fiscal year in which the termination occurs. In addition, if the termination were to occur prior to the annual bonus payout for the prior fiscal year, the officer would be entitled to that bonus payment as well.

Each agreement also provides for an additional payment of one year's total compensation to the officer in exchange for non-competition covenants. For information about these covenants, the circumstances in which payments under the agreements would be triggered and the estimated amounts of the payments to our executive officers, see "Potential Payments Upon Termination or Change of Control."

Changes for Fiscal 2011

In July 2010, the Compensation Committee took action to adjust the salaries of certain executive officers. Mr. Culp, III's salary was increased to \$275,000, and Mr. Culp, IV's salary was increased to \$220,000. The committee also took action to add Mr. Culp, III to the supplemental deferred compensation plan, with an annual Company contribution of 15% of salary, and increased Mr. Bowling's Company contribution under that plan from 7.5% to 10% of salary.

Also in July 2010, the Compensation Committee approved grants of annual incentive awards that provide for possible bonuses under the Company's 2007 Equity Incentive Plan to a group of senior managers, including each of the Company's named executive officers. These awards are intended to replace the Company's former Management Incentive Plan for its senior managers.

The incentive awards provide for potential annual bonus payments (in cash or stock, as described below) to the award recipients, based upon an economic value added (EVA) performance measurement. The awards pay bonuses based upon the EVA of the entire Company in the case of corporate senior officers and managers, and upon the EVA of one of the Company's two divisions (upholstery fabrics and mattress fabrics) in the case of management of each of the respective divisions.

EVA is calculated by determining the capital employed in the portion of the Company that employs the award recipient (the Company, the upholstery fabrics division or the mattress fabrics division, referred to herein as a "reporting unit"), and then multiplying the capital employed by a cost of capital (stated as a percentage) to determine the "capital charge" for each reporting unit. The sum of operating income earned by a reporting unit for each month during the fiscal year in excess of the capital charge for the reporting unit for that month is deemed to be the economic value added, or EVA, produced by the reporting unit for the year.

To the extent that EVA is produced by a reporting unit in a fiscal year, a sharing percentage is used to determine the bonus pool for the award recipients from that reporting unit. The bonus pool is divided among the recipients from the reporting unit in accordance with proportions established by the Compensation Committee. The Committee has also established a target amount of EVA for each reporting unit. The sharing percentage for award recipients increases if the reporting unit achieves EVA above the target level.

Bonus amounts up to twice the level produced by reaching the target amount of EVA will be paid in cash, unless the recipient elects to receive a portion of the bonus in the form of restricted stock. If a restricted stock election is made, the portion of the bonus paid in restricted stock will be awarded with a grant date value of 1.25 times the amount that would have been paid in cash, with the restricted stock being subject to a three-year vesting period, such that the recipient must remain employed with the Company for three years to receive the stock, subject to certain exceptions described in the award agreement. Bonus amounts above twice the amount produced by reaching the target level of EVA will be paid only in restricted stock, subject to the same three-year vesting schedule described above. The bonus amounts that can be earned pursuant to the awards are capped at a maximum of three times the amount produced by

reaching the target level of EVA.

The bonuses paid pursuant to the annual incentive awards are also subject to a “clawback” provision, which states that if the relevant reporting unit’s financial results are restated in a future year and the bonus amount would have been lower using the restated results, all bonus awards are recalculated using the restated financial results, and any excess bonus paid or awarded must be returned to the Company by the award recipient.

Annual incentive awards using overall corporate results as the reporting unit were granted to Mr. Culp, III, Mr. Saxon, Mr. Bowling and Mr. Gallagher. An award using the mattress fabrics division as the reporting unit was granted to Mr. Culp, IV. Other senior managers of the Company and its divisions also received similar annual incentive awards. The potential bonus amounts that could be paid under the awards are from 0% to 240% of salary for Mr. Culp, III; 0% to 240% of salary for Mr. Saxon; 0% to 105% of salary for Mr. Bowling; 0% to 75% of salary for Mr. Gallagher; and 0% to 180% for Mr. Culp, IV.

Conclusions

Our Compensation Committee has considered each of the elements of the named executive officers' compensation, as described above. It also has considered the total amounts of current compensation, retirement compensation and potential compensation from equity awards and severance protection that these elements provide to the officers. The committee believes the amount of each element, and the total amount of compensation, for each named executive officer is reasonable and appropriate in light of the officer's experience and individual performance, our recent operational and financial challenges and the officer's role in leading us through those challenges, and the resulting enhancement to shareholder value.

COMPENSATION COMMITTEE REPORT

Our Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on its review and discussion, the committee recommended to the board that the Compensation Discussion and Analysis be included in this proxy statement and in our Annual Report on Form 10-K for filing with the SEC.

The foregoing report has been furnished by members of the Compensation Committee.

(1) These numbers reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 for fiscal 2008 through fiscal 2010 for equity-based awards granted to each officer. The awards therefore reflect the unrecognized compensation expense that will be recorded in the Company's financial statements, and do not reflect the actual value, if any, that may be received by executive officers for their awards. For information about the relevant assumptions we made in calculating the expense, please see note 15 to the financial statements included in our fiscal 2010 Annual Report on Form 10-K.

(4) Mr. Saxon was our principal financial officer during fiscal 2007. Effective May 1, 2007, the Board promoted Mr. Bowling from vice president, finance and treasurer to chief financial officer.

The stock award expense reflected in column (e) of the table is for restricted stock awards and restricted stock units we granted in January and July 2009. For additional information, see the narrative following the “Grants of Plan-Based Awards” table below.

The option award expense reflected in column (f) of the table is for options we granted to the officers in fiscal years 2008 and 2009. For all of these options:

- the exercise price is at least equal to the fair market value of our common stock at the time of grant;
- the term is ten years;
- 20% of each grant vests on each of the first five anniversaries of the grant date;
- the options terminate three months after the optionee’s death, disability or termination (immediately, for termination due to misconduct);
- no dividends are paid or accrue on unexercised options; and
- there may be no transfers except upon the optionee’s death or, if approved by the Compensation Committee, by gift to an immediate family member or family trust.

Column (h) shows the amount of interest earned during the fiscal year on the officer's account balance under our deferred compensation plan that the SEC considers to be "above market." The Compensation Committee is responsible for setting this interest rate. The current rate, which is the rate for 30-year treasury notes plus 2.5%, has been in place since fiscal 2003. For more information about this plan, see "--Non-Qualified Deferred Compensation" below.

The other stock awards listed in column (i) are restricted stock awards we granted in July 2009 under our 2007 equity incentive plan. One-third of the restricted stock awards will vest on each of July 1, 2012, July 1, 2013 and July 1, 2014. The recipients have full voting rights and are eligible to receive dividends on these restricted stock awards prior to vesting. In the event of a change of control, the vesting of these awards is accelerated.

Management incentive plan bonus

For the past three fiscal years, annual incentive bonuses have been awarded to management, including the named executive officers under our Management Incentive Plan, which awards bonuses based on our Company's achievement of pre-established financial performance goals.

For fiscal 2010, the Compensation Committee set financial performance goals and potential bonus awards under the corporate Management Incentive Plan. Mr. Culp, III, Mr. Saxon, Mr. Bowling, and Mr. Gallagher were among the plan participants. The financial performance measures for fiscal 2010 were operating income, free cash flow and net sales, in each case excluding certain extraordinary and non-recurring items. These measures are weighted to make up the total bonus opportunity, as follows:

Measure	Weight	
Operating income	50	%
Free cash flow	20	%
Net Sales	30	%

The Compensation Committee set threshold, target, maximum and super maximum performance levels for each measure.

The committee awarded each participant a target bonus opportunity under the plan. For each measure, the committee also established a performance level below the target and two performance levels above the target. The lower or “threshold” performance level was the level below which no participant would receive a bonus based on that measure. For performance at that threshold level, a participant would receive 10% of his targeted bonus for that measure. The two higher performance levels, which we call the “maximum” and “super maximum,” corresponded to higher bonus payments of 150% and 200% of target, respectively, for the measure. For performance between any of these levels, participants would receive a proportional payout. The four performance levels, and the percentages of target bonus to which they corresponded, were as follows:

Threshold	10	%
Target	100	%
Maximum	150	%
Super maximum	200	%

For fiscal 2010, the target bonus opportunities for the named executive officers ranged from 25% to 80% of salary. Thus, assuming the Company met at least the threshold performance levels under the plan, the potential bonuses for these officers ranged from 2.5% to 160% of salary.

The thresholds for all named executives except Mr. Culp, IV were operating income at \$8.0 million for minimum, \$10.5 million for target, \$12.5 million for maximum, and \$14.5 million for super maximum. Free cash flow thresholds were \$1.8 million for minimum, \$4.4 million for target, \$6.1 million for maximum, and \$7.9 million for super maximum. Net sales thresholds were \$177 million for minimum, \$185.5 million for target, \$194.6 million for maximum, and \$203.9 million for super maximum.

The actual results that determined incentive bonuses for all named executives except Mr. Culp, IV were as follows: operating income was \$16.0 million, free cash flow was \$13.0 million, and net sales were \$206.4 million, as calculated in accordance with the plan. These levels were at the super maximum level for all three performance measures, which resulted in an incentive bonus of 200% of the target levels disclosed in the “Grants of Plan-Based Awards” table, as reflected in column (g) of the Summary Compensation table. These bonus levels resulted from corporate financial performance that was much stronger than anticipated.

In fiscal 2010, Mr. Culp, IV continued to participate in a separate incentive bonus plan that provides for bonuses to senior management of the Culp Home Fashions (CHF) division, which Mr. Culp, IV serves as President. Bonuses were based on the performance of the CHF division against pre-established financial performance measures for the division. Like the corporate Management Incentive Plan, the CHF incentive plan sets performance measures on the basis of operating income, free cash flow and net sales, in each case excluding extraordinary and non-recurring items. Threshold, target, maximum and super maximum bonus levels were set on the same basis as for the corporate Management Incentive Plan.

The thresholds for Mr. Culp, IV were based upon the performance of the mattress fabrics segment only. These thresholds for operating income were \$9.5 million for minimum, \$12.3 million for target, \$13.9 million for maximum, and \$15.6 million for super maximum. The free cash flow thresholds for the mattress fabrics segment were \$9.5 million for minimum, \$11.3 million for target, \$12.3 million for maximum, and \$13.3 million for super maximum. The net sales thresholds for the mattress fabrics segment were \$105 million for minimum, \$110.3 million for target, \$114.6 million for maximum, and \$118.9 million for super maximum.

For Mr. Culp, IV, the results of the mattress fabrics segment that determined his incentive bonus were as follows: operating income was \$15.5 million, free cash flow was \$15.3 million, and net sales were \$114.8 million, as calculated in accordance with the plan. The mattress fabrics segment achieved operating income between the

maximum and super maximum levels, free cash flow at the super maximum level, and net sales between the maximum and super maximum levels, which resulted in Mr. Culp, IV receiving an incentive bonus of 184% of his target opportunity set forth in the “Grants of Plan-Based Awards” table.

In addition to the incentive bonus under the regular CHF incentive plan, we also paid additional bonus amounts totaling \$30,000 to Mr. Culp, IV based on the CHF division achieving specified levels of improvement in inventory turns. Mr. Culp, IV participates in a bonus arrangement that pays certain members of the CHF division’s management a quarterly bonus for improvements in division inventory management. Under the plan, Mr. Culp, IV earns a bonus of \$5,000 for each quarter that division inventory turns exceed the same quarter of the prior year, \$7,500 for any quarter in which inventory turns improve by 7.5%, and \$10,000 for any quarter in which inventory turns improve by 15%. Pursuant to this arrangement, Mr. Culp, IV received a bonus of \$10,000 for each of the 2nd, 3rd and 4th quarters of fiscal 2010.

Nonqualified Deferred Compensation

We maintain a nonqualified deferred compensation plan for certain management employees. The following table provides information about amounts we contributed to the named executive officers' plan accounts in fiscal 2010, voluntary contributions to the plan by those executive officers, and the executive officers' earnings under the plan. The last column shows each executive officer's total account balance as of the end of fiscal 2010.

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)

Kenneth R. Bowling	--	10,940	762	--	35,152
Thomas B. Gallagher, Jr.	--	--	64	--	2,699

(1) All amounts in this column are included in column (i), "All Other Compensation," of the Summary Compensation Table on page 19.

(2) Of the amounts reported in this column, the following amounts are reported as above-market earnings on deferred compensation in column (h), "Change in Pension Value and Nonqualified Deferred Compensation Earnings," of the Summary Compensation Table: Mr. Culp, III - \$4,347; Mr. Saxon - \$9,307; Mr. Culp, IV - \$296; Mr. Bowling - \$568; and Mr. Gallagher - \$47.

Under the plan, each participant may elect to defer any or all of his annual salary or bonus into his plan account. In addition, we have the ability to make Company contributions in any amount to any participant's account. We have agreed with Mr. Saxon to contribute an amount equal to 15% of his annual salary to his plan account each year. Additionally, Mr. Culp, IV and Mr. Bowling received Company contributions equal to 7.5% of their annual salaries each year. We have also agreed to pay the officer's share of social security taxes on the amount of our contributions. Aside from the aforementioned contributions, we did not make Company contributions to the account of any plan participant in fiscal 2010.

Our Compensation Committee sets the rate of interest for plan accounts. The current rate, set in fiscal 2003, is equal to the rate for 30-year treasury notes plus 2.5%. We currently compound interest on a monthly basis.

In general, if a participant's employment terminates for any reason other than death, he will receive his account balance in a lump sum payment within 30 days after termination. However, certain participants who are officers or shareholders of our Company, including the five named executive officers listed above, must wait six months after termination before receiving a distribution from the plan.

If a participant dies, we will pay his account balance to his beneficiary in a single lump sum within 30 days.

A participant may request to receive an early distribution of all or a portion of his account balance if he suffers a financial hardship involving unexpected and unforeseeable emergency medical expenses that are beyond the participant's control. A committee consisting of the chief executive officer, the chief financial officer and the head human resources officer has sole discretion to grant or deny such requests.

In addition, we have the right to terminate the plan at any time and distribute all account balances. If we choose to do this, we must make the distributions between the date that is 12 months after we have completed all action necessary to terminate the plan and the date that is 24 months after the termination.

Because this is a nonqualified plan, benefits are unsecured. This means that a participant's claim for benefits is no greater than the claim of a general creditor.

Potential Payments Upon Termination or Change of Control

During fiscal 2010, the Company was party to change of control and non-competition agreements with Mr. Culp, III, Mr. Saxon, Mr. Culp, IV and Mr. Bowling.

The purpose of these agreements is to encourage the officers to carry out their duties in the event of a possible change in the control of our Company. The agreements are not ordinary employment agreements. Unless there is a change of control (as defined in the agreements), they do not provide any assurance of continued employment, or any severance. Each agreement has a rolling three-year term.

Under these agreements, any of the following events would be a "change of control":

- any person, entity or group acquiring, directly or indirectly, 35% or more of our common voting stock (subject to certain exceptions);
- a merger or consolidation involving us and another entity, if we are not the surviving entity and after the merger or consolidation the holders of 35% or more of the voting stock of the surviving corporation were not holders of our voting stock immediately before the transaction;
 - our liquidation or dissolution, or a sale or transfer of substantially all of our assets; or
 - a change in the majority of our directors that our directors have not approved.

Each agreement provides for payment to the officer in connection with a change of control if any of the following triggering events were to occur:

- (1) the officer is terminated in anticipation of the change of control,

- (2) the officer is terminated within three years after the change of control for any reason other than death, disability or for cause, or
- (3) the officer terminates his employment during that three-year period following the change of control because we (or our survivor) change his employment conditions in a negative and material way.

Following a triggering event, the officer would be entitled to payment in the amount of 1.99 times his total compensation. "Total compensation" means base salary plus the target annual incentive bonus for the fiscal year in which the termination occurs. In addition, if the termination were to occur prior to the annual bonus payout for the prior fiscal year, the officer would be entitled to that bonus payment as well. However, any compensation that would constitute a parachute payment under Section 280G of the federal tax code would be reduced to the extent necessary to avoid a federal excise tax on the officer or the loss of our federal income tax deduction.

Each agreement currently allows the officer to choose whether to receive his change of control payment in a single lump sum or in equal monthly installments over the thirty-six month period following termination.

The agreements also provide for an additional payment of one year's total compensation to each officer in exchange for non-competition covenants by the officer that take effect only if the officer's employment terminates following a change of control. Under these covenants, each officer has agreed not to compete with us or solicit our customers or employees for 12 months following termination. The officer would receive the non-competition payment in 12 equal monthly installments beginning on the date of termination.

In addition, the agreements require us to reimburse the officers for any fees and expenses incurred in connection with any claim or controversy arising out of or relating to the agreements.

The following table estimates the total amounts we would owe Mr. Culp, III, Mr. Saxon, Mr. Culp, IV and Mr. Bowling under these agreements if there had been a change of control (and all agreements had been in effect at that time), and the officers had been terminated, on May 2, 2010, the last day of fiscal 2010.

Estimated Payments under Change of Control and Non-competition Agreements

Name	Change of Control Payment (\$)	Non-Competition Payment (\$)	Total Payment (\$)

Mr. Culp, IV	901,434	452,982	1,354,416
Mr. Bowling	592,025	297,500	889,525

COMPENSATION OF DIRECTORS

Directors who are also employees of the Company do not receive additional compensation for service as directors. In fiscal 2010, we paid each of our non-employee directors the following compensation:

- an annual retainer of \$32,500 (\$37,500 for the lead director).
- a grant under our 2007 equity incentive plan of 2,000 stock options, with an exercise price equal to fair market value on the date of grant (as defined in the plan) and a 10-year term.

For fiscal 2011, the annual retainer for non-employee directors has been increased to \$40,000 (\$45,000 for the lead director), with the annual grant of options unchanged. The following table shows the total compensation we paid our non-employee directors in fiscal 2010 for their service on our board.

Patrick B. Flavin	15,625
Kenneth R. Larson	11,875
Kenneth W. McAllister	15,625

(2) The amounts reflected in this column are the grant date fair market value of the options awarded.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee, all of whom are non-employee directors and independent directors, are Mr. Larson (Chairman), Mr. Flavin, and Mr. McAllister. None of our executive officers serves as a director or member of the compensation committee of another entity, one of whose executive officers serves on our Board or Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

All transactions between the Company and related parties are reviewed and approved by our Audit Committee, which is made up entirely of independent directors. We collect information about related party transactions from our officers and directors through annual questionnaires distributed to officers and directors. Each director and officer agrees to abide by our Code of Business Conduct and Ethics, which provides that officers and directors should avoid conflicts of interest and that any transaction or situation that could involve a conflict of interest between the Company and the

officer or director must be reported to the Audit Committee of the Board and is subject to approval by the Audit Committee if and when appropriate. The Code of Business Conduct and Ethics identifies a non-exclusive list of situations that may present a conflict of interest, including significant dealings with a competitor, customer or supplier, similar dealings by an immediate family member, personal investments in entities that do business with the Company, and gifts and gratuities that influence a person's business decisions, as well as other transactions between an individual and the Company. The Audit Committee's charter provides that the Audit Committee will review, investigate and monitor matters pertaining to the integrity or independence of the Board, including related party transactions. The Audit Committee reviews and makes determinations about related party transactions or other conflicts of interest as they arise, and in addition the Audit Committee conducts an annual review of all related party transactions early in each fiscal year, after director and officer questionnaires have been received from management and the Board. Policies requiring review and approval of any transaction or arrangement with a director or executive officer that may present a conflict of interest are set forth in the Code of Business Conduct and Ethics, which states that such transactions will only be approved when the Audit Committee finds that the transaction is in the best interests of the Company even though it presents or appears to present a conflict of interest. The Company is not aware of any such transaction with any shareholder owning more than five percent of our stock who is not a director or officer, but any such transaction would be reviewed using the same guidelines as for officers and directors. The transaction described below was reviewed and approved by the Audit Committee using the Company's policies and procedures described herein.

Lease Transactions. During fiscal 2010, the Company leased an industrial facility from a partnership owned by Robert G. Culp, III, Chairman of the Board of Directors, and his spouse. The lease was assumed by the Company in connection with its August 2008 acquisition of the knitted mattress fabrics operation of Bodet & Horst USA, LP, as the leased facility contained the fabric manufacturing operations of Bodet & Horst. The facility contains approximately 63,522 square feet of floor space and is located in High Point, North Carolina. The term of the lease was through June 2010, with one three-year renewal option that may be exercised by the Company. The Company and the lessor are currently negotiating a renewal of this lease. Base rent for the leased facility during fiscal 2010 was \$12,704 per month. The lessor is generally responsible for maintenance only of roof and structural portions of the leased facility. The industrial facility is leased on a “triple net” basis, with the Company responsible for payment of all property taxes, insurance premiums and maintenance, other than structural maintenance. The Company believes that at the time the lease and any lease renewals were executed, the terms of this lease were no less favorable to the tenant than could have been obtained in arm’s length transactions with unaffiliated persons. The total amount of rent paid by the Company under this related party lease during fiscal 2010 was approximately \$152,453.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company’s directors, its executive officers, any persons who hold more than ten percent of the Company’s common stock and certain trusts (collectively, “insiders”) to report their holdings of and transactions in the Company’s common stock to the Securities and Exchange Commission (the “SEC”). Specific due dates for these reports have been established, and the Company is required to disclose in this proxy statement any late filings and any failures to file that have occurred since May 3, 2009. Insiders must file three types of ownership reports with the SEC: initial ownership reports, change-in-ownership reports and year-end reports. Under the SEC’s rules, insiders must furnish the Company with copies of all Section 16(a) reports that they file. Based solely on a review of copies of these reports and on written representations the Company has received, the Company believes that since May 3, 2009, its insiders have complied with all applicable Section 16(a) reporting requirements, except that Robert G. Culp, IV did not timely file reports for four transactions during fiscal 2010 that were made in his 401(k) account and for one transaction that occurred as a result of the vesting of restricted stock.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company’s website at www.culp.com under the “Investor Relations/Governance” section. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the Company’s financial reports and information, systems of internal controls, and accounting, auditing and financial reporting processes. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent auditors and must pre-approve all services provided by the independent auditors. Both the independent auditors and the Company’s internal auditor report directly to and meet with the Audit Committee.

Management has the primary responsibility for financial statements and the reporting process. The Company’s firm of independent auditors, which for fiscal year 2010 was Grant Thornton LLP, is responsible for expressing an opinion on the conformity of the Company’s audited financial statements with U.S. generally accepted accounting principles. The Audit Committee has reviewed and discussed with management and Grant Thornton the audited financial statements as of and for the year ended May 2, 2010. The Audit Committee has also discussed with Grant Thornton the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has received from Grant Thornton the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence, and has discussed with Grant Thornton its independence from the

Company and its management. The Audit Committee also has considered whether Grant Thornton's provision of non-audit services to the Company is compatible with the concept of auditor independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended May 2, 2010 for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by members of the Audit Committee.
