CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this quarterly report on Form 10-QSB/A contain or may contain forward-looking statements that are subject to known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These forward-looking statements were based on various factors and were derived utilizing numerous assumptions and other factors that could cause our actual results to differ materially from those in the forward-looking statements. These factors include, but are not limited to, economic, political and market conditions and fluctuations, government and industry regulation, interest rate risk, U.S. and global competition, and other factors. Most of these factors are difficult to predict accurately and are generally beyond our control. You should consider the areas of risk described in connection with any forward-looking statements that may be made herein. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. Readers should carefully review this quarterly report in its entirety, including but not limited to our financial statements and the notes thereto. Except for our ongoing obligations to disclose material information under the Federal securities laws, we undertake no obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events. For any forward-looking statements contained in any document, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

When used in this quarterly report, the terms "Evolve One," "we," "our," and "us" refers to Evolve One, Inc. a Delaware corporation, and our subsidiaries.

EXPLANATORY NOTE REGARDING AMENDMENT NO. 1

We are amending this Form 10-QSB for the three months ended March 31, 2005 to restate our unaudited balance sheet for the three months ended March 31, 2005 related to unrealized gain from marketable securities. We determined that the marketable securities were permanently impaired as of December 31, 2002 and we have previously restated our audited financial statements for the year ended December 31, 2004. Please see Note 3 Restatement contained in the Notes to Condensed Consolidated Financial Statements (unaudited) appearing later in this Form 10-QSB/A which further describes the effect of this restatement.

The Items of this Form 10-QSB/A for the three months ended March 31, 2005 which are amended and restated are as follows: Part I Financial Information, Item 1 Financial Statements, Condensed Consolidated Balance Sheet as of March 31, 2005 (unaudited) and Notes to Condensed Consolidated Financial Statements as of March 31, 2005 (unaudited; Item 2 Management's Discussion and Analysis or Results of Operations; and Item 3 Controls and Procedures. Further, Part II Other Information, Item 6 Exhibits of this 10-QSB/A includes currently dated certificates from the Company's President, Principal Executive Officer, and Principal Accounting and Financial Officer in Exhibits 31.1, 31.2 and 32.1.

The remaining Items contained in this Form 10-QSB/A consist of all other Items originally contained in our Form 10-QSB for the three months ended March 31, 2005 as filed on June 7, 2005. This Form 10-QSB/A does not reflect events occurring after the filing of the original Form 10-QSB, nor modify or update those disclosures in any way other than as required to reflect the effects of the restatement.

EVOLVE ONE, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS OF MARCH 31, 2005
(UNAUDITED)

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) ORGANIZATION

Evolve One, Inc. (the "Company" or "EONE") is a diversified holding company that develops and operates Internet and direct retail marketing companies. The EONE Group includes wholly owned subsidiaries, StogiesOnline.com, Inc. ("Stogies") (www.CigarCigar.com), AlDiscount Perfume, Inc. (www.AlDiscountProducts.com), Auctionstore.com Inc. ("Auctionstore") (www.Auctionstore.com), and International Internet Venture I, LLC ("Ventures"). EONE, through its Ventures division, owns an equity interest in several companies, some of which are classified as trading securities and some of which are classified as available-for-sale securities. EONE was incorporated in Delaware on June 21, 1994.

Stogies became an online distributor and retailer of brand name premium cigars

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

within the United States on November 18, 1998. Stogies' products consist of premium cigars, factory brand name seconds and mass market cigars, which are distributed online to retail and wholesale customers.

On September 28, 2001, the Company created a new Subsidiary named AlDiscountPerfume Inc. and in October 2001, launched a new e-commerce site specializing in men's and women's fragrances. The site named AlDiscountProducts.com is located at <http://www.AlDiscountProducts.com>. The site is a competitor of other discount as well as full price online retailers of Perfume and Cologne. As of December 31, 2004, the Company decided to discontinue the operations of AlDiscountProducts.com and has classified these operations as discontinued operations.

On July 22, 2004 the Company created a new wholly owned subsidiary, Auctionstore.com a Florida Corporation. The Company is in the preliminary stages of finalizing a business plan relating to Internet sales.

The financial statements included in this report have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission for interim reporting and include all adjustments (consisting only of normal recurring adjustments) that are, in the opinion of management, necessary for a fair presentation. These financial statements have not been audited.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations for interim reporting. The Company believes that the disclosures contained herein are adequate to make the information presented not misleading. However, these financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report for the year ended December 31, 2004, which is included in the Company's Form 10-KSB for the year ended December 31, 2004. The financial data for the interim periods presented may not necessarily reflect the results to be anticipated for the complete year. Certain reclassifications of the amounts presented for the comparative period have been made to conform to the current presentation.

(B) ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

EVOLVE ONE, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2005 (UNAUDITED)

(C) NET EARNINGS (LOSS) PER SHARE

Basic net earnings (loss) per share is computed by dividing net earnings (loss) by the weighted-average number of shares outstanding. Diluted net earnings (loss) per share includes the dilutive effect of stock options. The calculation of diluted weighted average shares outstanding for the quarters ending March 31, 2005 and 2004 excludes 72,896,000 and 24,000 common shares respectively, issuable pursuant to outstanding options. These shares were excluded because their effect was anti-dilutive.

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

(D) STOCK-BASED COMPENSATION

The Company granted stock options to directors and employees that are more fully described in Note 5. The Company accounts for its stock options using the intrinsic value method under Accounting Principles Board Opinion ("APB") No. 25, "ACCOUNTING FOR STOCK ISSUED TO EMPLOYEES."

NOTE 2 MARKETABLE EQUITY SECURITIES

SFAS No. 115 "Accounting for Certain Investments in Debt and Equity Securities," requires that all applicable investments be classified as trading securities, available-for-sale securities or held-to-maturity securities. The Company has classified certain of its investments as trading securities which are reported at fair value, which is defined to be the last closing price for the listed securities. The unrealized gains and losses which the Company recognizes from its trading securities are included in earnings. The Company also has investments classified as available-for-sale, which are also required to be reported at fair value, with unrealized gains and losses excluded from earnings and reported as a separate component of stockholders' equity (net of the effect of income taxes). Fair value is also defined to be the last closing price for the listed security. Due to the size of certain of the Company's investments and their limited trading volume, there can be no assurance that the Company will realize the value which is required to be used by SFAS No. 115. The amortized cost of equity securities as shown in the accompanying balance sheet and their estimated market value at March 31, 2005 are as follows:

Available-for-sale securities:	
Cost	6,450
Unrealized loss	-(4,950)

Marketable equity securities classified as current	1,500
	=====

Losses from trading securities that were included in earnings for the three months ended March 31, 2005 and 2004 were as follows:

	2005	2004
	----	-----
Realized loss	\$ -	\$ (49,050)
	=====	=====
Unrealized loss	\$ -	\$ 1,652
	=====	=====

The change in unrealized gains (losses) from available-for-sale securities included as a component of equity for the three months ended March 31, 2005 and 2004 were as follows:

On June 19, 2003, Onspan Networking, Inc. granted 67,500 stock options to Evolve One, Inc. under a revolving note agreement. The options have an exercise price of \$.10 per share. Onspan Networking, Inc. also granted on June 19, 2003, 607,500 stock options to Evolve One, Inc. in the same note agreement. These options have an exercise price of \$.30 per share. The Company currently has excluded these "options" on common stock from the assets of the Company, as the underlying stock, due to market conditions, are not readily convertible to cash. If conditions are satisfied and the underlying stock becomes marketable, the "options" would be reclassified as a derivative and recorded at fair value as an adjustment through current period results of operations.

NOTE 3 RESTATEMENT

The Company has restated its unaudited balance sheet for the three months ended March 31, 2005 related to unrealized gain from marketable securities. The Company determined that the marketable securities were permanently impaired as of December 31, 2002 and has restated its audited financial statements for the year ended December 31, 2004. The following table shows the effect of the restatement.

NOTE 4 LOAN PAYABLE

On March 22, 2005 the Company entered into a subscription agreement with one of its directors, Robert Sands for the sale of 20 units of Evolve One, Inc, for an aggregate price of \$100,000. Each unit has a cost of \$5,000 and consists of 100,000 shares of Common Stock at \$.05, and one option consisting of 100,000 shares of common stock exercisable at \$.25 cents per share, which will expire in 3 years. Mr. Sands converted the stock into a loan payable at March 31, 2005. The loan is unsecured, non-interest bearing and due on demand (See Note 11).

NOTE 5 CAPITAL STOCK

On March 15, 2005, Evolve One entered into a Management Agreement with Diversifax Inc. Irwin Horowitz, a principal shareholder and Chief Executive officer of Evolve One, is also a principal shareholder and Chief Executive

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

Officer of Diversifax. Under the terms of the agreement, Diversifax will make available to Evolve One its facilities at 39 Stringham Avenue, Valley Stream, New York; the services on a part-time basis of 7 persons presently employed by Diversifax for approximately 100 hours per week; equipment, hardware and software of Diversifax; and related utilities and overhead functions at that facility. The term of the agreement is for six months and may be terminated prior to the conclusion of its term on ten days' prior written notice by either party, or the agreement may be renewed for a successive six-month term.

In consideration for the management services and facilities provided by Diversifax during the initial six-month term, Evolve One will issue to Diversifax 2,900,000 shares of its common stock. In addition, in the event the market price of the common stock of Evolve One on the six-month anniversary date is below \$0.15 per share, Evolve One will issue to Diversifax additional shares of its common stock so that the common shares provided to Diversifax plus such additional shares of common stock will be equal in value to \$435,000. In addition, Diversifax will receive 10% of the total amount of the monies received as a result of their efforts with regard to auctions being completed for accounts they have introduced to AuctionStore.com, Evolve One's wholly-owned subsidiary. Payment of the percentage fee will be made in cash or stock as determined by Diversifax. As of March 31, 2005, the Company recorded an expense of \$31,417 and deferred stock compensation of \$345,853. The Company will amortize the fair value of the stock over the term of the agreement.

NOTE 6 STOCK OPTIONS

In November 1999, the Board of Directors approved the establishment of Evolve One, Inc. Stock Option Plan (the "Plan") to provide incentives to attract future employees and retain existing key employees with the Company. The Company has reserved 100,000 shares of common stock for the grant of qualified incentive options or non-qualified options to employees and directors of the Company or its parents or subsidiaries, and to non-employee directors, consultants and advisors and other persons who may perform significant services for or on behalf of the Company under the Plan. These options were granted in accordance with employment agreements. Prices for incentive stock options must provide for an exercise price of not less than 100% of the fair market value of the common stock on the date the options are granted unless the eligible employee owns more than 10% of the Company's common stock for which the exercise price must be at least 110% of such fair market value. Non-statutory options must provide for an exercise price of not less than 85% of the fair market value. The Plan was approved by the shareholders at a meeting on November 11, 1999.

The Company applied Accounting Principles Board Opinion No. 25 and related interpretations in accounting for its plans. Accordingly, no compensation cost has been recognized for the incentive stock options granted to employees under its stock option plan in its statements of operations. During 2005, the Company amended its stock option Plan to increase the number of shares covered by the Plan from 8,000,000 to 100,000,000 shares of common stock.

NOTE 7 COMMITMENTS AND CONTINGENCIES

During 2005, Messrs. Schultheis and Tabin entered into separate Separation and Severance Agreements with the Company pursuant to which they provided their resignations and also agreed to the termination of their prior employment agreements with the Company. Both of them received options to purchase 10,000,000 shares of common stock at an exercise price of \$0.30 per share expiring January 26, 2013, and both were paid the sum of \$6,144 to defray health insurance premiums for the ensuing six months.

On January 26, 2005, Irwin Horowitz, a director of the Company was elected as President and Chief Executive Officer of Evolve One. Mr. Horowitz has entered into an employment agreement with the Company pursuant to which he will receive an annual salary of \$12,000 per year, reimbursement of his expenses, including travel and lodging costs until such as time as he relocates his principal residence to the location of the Company's offices, and an automobile allowance of up to \$1,500 on a monthly basis. In addition, the Company granted to Mr. Horowitz an option to purchase up to 50,000,000 shares of common stock exercisable at \$0.30 per share and expiring January 26, 2013.

A summary of the status of the Company's stock options as of March 31, 2005 and the changes during the three months ended March 31, 2005 and the year ended December 31, 2004 is presented below:

NOTE 8 SEGMENT INFORMATION

The Company reports segments based upon the management approach, which designates the internal reporting that is used by management for making operating decisions and assessing performance.

For the three months ended March 31, 2005, the Company operated in the following segments, none of which have inter-segment revenues:

	Ventures	Stogies	Corporate	Auction Store	Consolidat
Revenue	\$ 5	\$ 23,514	\$ -	\$ 68,798	\$ 92,31
Net income (loss) ..	5	(55,072)	(200,355)	(42,584)	(298,00

NOTE 10 GOING CONCERN

As reflected in the accompanying consolidated financial statements, the Company has incurred losses since its inception, used cash in operations during the three months ended March 31, 2005 of \$222,659 and has an accumulated deficit of \$7,124,069 This raises substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional capital and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management believes that actions presently being taken to obtain additional funding and implement its business plan provide the opportunity for the Company to continue as a going concern.

NOTE 11 SUBSEQUENT EVENTS

During April 2005, the Company entered into an employment agreement with an individual as the Director of Franchising. The agreement calls for the individual to receive a salary of \$ 52,000, 3,000,000 stock options exercisable at \$0.075 for a period of three years and 3,000,000 stock options exercisable at \$0.15 for a period of three years.

During May 2005, Irwin Horowitz, the Company's Chief Executive Officer and President, loaned the Company \$100,000 for working capital, which loan is non-interest bearing, unsecured and payable on demand. Previously, in March 2005, Robert Sands, a director of the Company, completed a subscription for units of the Company's securities, which were exchanged for a loan on the same terms as that of Mr. Horowitz. It is the intention of the Company to exchange such obligations for units of securities of the Company pursuant to which Messrs. Horowitz and Sands will each receive 6,000,000 shares of common stock and an option to purchase 6,000,000 shares of common stock exercisable at \$0.15 per share and expiring in May 2008.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The following discussion and analysis of our financial condition and results of operations should be read with the unaudited condensed consolidated financial statements and related notes contained in this report. All statements other than statements of historical fact included in this annual report are, or may be deemed to be, forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different than any expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," "continue," or the negative of these terms or other comparable terminology. Important factors that could cause actual results to differ materially from those discussed in such forward-looking statements include:

- o General economic factors including, but not limited to, changes in interest rates and trends in disposable income;
- o Information and technological advances;
- o Cost of products sold;
- o Competition; and
- o Success of marketing, advertising and promotional campaigns.

We are subject to specific risks and uncertainties related to our business model, strategies, markets and legal and regulatory environment. With respect to any forward-looking statement that includes a statement of its underlying assumptions or bases, we believe such assumptions or bases to be reasonable and have formed them in good faith, assumed facts or bases almost always vary from actual results, and the differences between assumed facts or bases and actual results can be material depending on the circumstances. When, in any forward-looking statement, we express an expectation or belief as to future results, that expectation or belief is expressed in good faith and is believed to have a reasonable basis, but there can be no assurance that the stated expectation or belief will result or be achieved or accomplished. All subsequent written and oral forward-looking statements attributable to us, or anyone acting on our behalf, are expressly qualified in their entirety by the cautionary statements. We do not undertake any obligations to publicly release any revisions to any forward-looking statements to reflect events or circumstances after the date of this prospectus or to reflect unanticipated events that may occur.

Overview

Our present operations consist of two Internet based businesses within the United States, Stogies and AuctionStore. Stogies is an online distributor and retailer of brand name premium cigars. AuctionStore, is an eBay(R) Trading Assistant and Internet-based seller of consigned merchandise whose primary medium of sales is eBay(R). Stogies became operational in November 1998, and AuctionStore became operational in December 2004. Effective December 31, 2004, we discontinued operations of our AlDiscount Perfume operating line of business as discussed in Note 1 of the Notes to Condensed Consolidated Financial Statements appearing elsewhere in this report. Our Stogies segment generates revenues from the sale of cigars and cigar accessories. Our AuctionStore.com

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

segment, which was formed during the third quarter of fiscal 2004, generates revenues from selling items that are generated from individuals, charity fund donation drives and business liquidations. Our focus is to continue to develop sales with a strong appeal to charities and expansion through franchising.

11

The Company will intensify its effort by increased hiring of sales people and entering into a management agreement with an affiliate which will seek to promote sales over several states. Furthermore, Evolve has engaged an expert in franchise development and marketing. We are developing a nationwide franchise model that is now in the final process of completing its regulatory documentations and government filings. The Company expects to sell franchises when the various documents are completed and/or approved by the regulatory authorities.

Critical Accounting Policies

We have identified the policies outlined below as critical to our business operations and an understanding of our results of operations. The listing is not intended to be a comprehensive list of all of our accounting policies. In many cases, the accounting treatment of a particular transaction is specifically dictated by accounting principles generally accepted in the United States, with no need for management's judgment in their application. The impact and any associated risks related to these policies on our business operations is discussed throughout Management's Discussion and Analysis or Plan of Operations where such policies affect our reported and expected financial results. For a detailed discussion on the application of these and other accounting policies, see the Notes to Condensed Consolidated Financial Statements appearing elsewhere herein. Our preparation of the financial statements requires us to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of our financial statements, and the reported amounts of revenue and expenses during the reporting period. There can be no assurance that actual results will not differ from those estimates.

New Accounting Standards

In March 2004, the Emerging Issues Task Force ("EITF") reached a consensus on Issue No. 03-01, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments." EITF 03-01 provides guidance on other-than-temporary impairment models for marketable debt and equity securities accounted for under SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities," and SFAS No. 124, "Accounting for Certain Investments Held by Not-for-Profit Organizations," and non-marketable equity securities accounted for under the cost method. The EITF developed a basic three-step model to evaluate whether an investment is other-than-temporarily impaired. In September 2004, the FASB issued FASB Staff Position EITF 03-01-1, which delays the effective date until additional guidance is issued for the application of the recognition and measurement provisions of EITF 03-01 to investments in securities that are impaired; however, the disclosure requirements are effective for annual periods ending after June 15, 2004. The adoption of the disclosure provisions of EITF 03-01 did not have a material effect on our results of operations or financial condition.

In November 2004, the Financial Accounting Standards Board ("FASB") issued SFAS 151, INVENTORY COSTS--AN AMENDMENT OF ARB NO. 43, CHAPTER 4. The Statement amends the guidance of ARB No. 43, Chapter 4, INVENTORY PRICING, by clarifying that abnormal amounts of idle facility expense, freight, handling

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

costs, and wasted materials (spoilage) should be recognized as current-period charges and by requiring the allocation of fixed production overheads to inventory based on the normal capacity of the production facilities. It does not appear that this Statement will have a material effect on our financial position, operations or cash flows when it becomes effective in 2006.

In December 2004, the FASB issued SFAS No. 123R "Share-Based Payment" ("SFAS 123R"), a revision to SFAS No. 123 "Accounting for Stock-Based Compensation" ("SFAS 123"), and superseding APB Opinion No. 25 "Accounting for Stock Issued to Employees" and its related implementation guidance. SFAS 123R

12

establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services, including obtaining employee services in share-based payment transactions. SFAS 123R applies to all awards granted after the required effective date and to awards modified, repurchased, or cancelled after that date. Adoption of the provisions of SFAS 123R is effective as of the beginning of the first interim or annual reporting period that begins after June 15, 2005. We are currently in the process of evaluating the potential impact that the adoption of SFAS 123R will have on our consolidated financial position and results of operations.

In December 2004, the FASB issued SFAS 153, "Exchanges of Non-monetary Assets, an amendment of APB 29, Accounting for Non-monetary Transactions." The amendments made by SFAS 153 are based on the principle that exchanges of non-monetary assets should be measured based on the fair value of the assets exchanged. Further, the amendments eliminate the narrow exception for non-monetary exchanges of similar productive assets and replace it with a broader exception for exchanges of non-monetary assets that do not have commercial substance. Previously, APB 29 required that the accounting for an exchange of a productive asset for a similar productive asset or an equivalent interest in the same or similar productive asset should be based on the recorded amount of the asset relinquished. APB 29 provided an exception to its basic measurement principle (fair value) for exchanges of similar productive assets. The FASB believes that exception required that some non-monetary exchanges, although commercially substantive, be recorded on a carryover basis. By focusing the exception on exchanges that lack commercial substance, the FASB believes SFAS 153 produces financial reporting that more faithfully represents the economics of the transactions. SFAS 153 is effective for non-monetary asset exchanges occurring in fiscal periods beginning after June 15, 2005. Earlier application is permitted for non-monetary asset exchanges occurring in fiscal period beginning after the date of issuance. The provisions of this Statement shall be applied prospectively. We are in the process of determining the impact of this statement on our consolidated financial statements.

Property, Plant and Equipment

Property, plant and equipment are recorded at cost and are depreciated on a straight-line basis over the estimated useful lives of such assets. Changes in circumstances such as technological advances, changes to our business model or changes in our capital strategy could result in the actual useful lives differing from our estimates. In those cases where the we determine that the useful life of property, plant and equipment should be shortened, we will depreciate the net book value in excess of the estimated salvage value over its revised remaining useful life.

Deferred Tax Assets

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

We record a valuation allowance to reduce the carrying value of our deferred tax assets to an amount that is more likely than not to be realized. While we have considered future taxable income and prudent and feasible tax planning strategies in assessing the need for the valuation allowance, should we determine that we would not be able to realize all or part of our net deferred tax assets in the future, an adjustment to the carrying value of the deferred tax assets would be charged to income in the period in which such determination was made.

Investments

Investments are classified as either available-for-sale or trading securities and are held for resale in anticipation of short-term market movements or until such securities are registered or are otherwise unrestricted. At March 31, 2005, investments consisted of common stock and options to acquire common stock held for resale.

13

Trading account assets, consisting of marketable equity securities, are stated at fair value. Unrealized gains or losses on trading securities are recognized in the statement of operations on a monthly basis based on changes in the fair value of the security as quoted on national or inter-dealer stock exchanges.

Available-for-sale assets, which are also required to be reported at fair value, with unrealized gains and losses excluded from earnings, are reported as a separate component of stockholders' equity (net of the effect of income taxes).

Results of Operations

We reported sales and revenues of \$92,317 for the three months ended March 31, 2005 as compared to \$241,799 for the three months ended March 31, 2004, a decrease of \$149,482, or approximately 61.8%. Included in sales and revenues for the three months ended March 31, 2005, are sales and revenues of \$23,514 attributable to our Stogies segment, a decrease of \$217,979 or approximately 90.3%, from our sales and revenues from this segment of \$241,493 for the three months March 31, 2004. The decrease in sales and revenues from our Stogies segment is primarily attributable to our plan to reduce inventory and refocus of our business effort in this segment to concentrate more on cigar accessories, including cigar ashtrays, cigar books, cigar cutters, cigar humidors and cigar lighters, which earn a greater gross profit percentage, as well as an increased focus on our Auctionstore.com segment. During the three months ended March 31, 2005 we reported sales and revenues from our Auctionstore.com segment of \$68,798. Because this segment was formed in the third quarter of fiscal 2004 we did not have comparable sales and revenues during the three months ended March 31, 2004. During the three months ended March 31, 2004 we reported sales and revenues of \$8,306 from our A1 Discount Perfume segment. As described earlier in this section, this segment was discontinued in fiscal 2004. For the balance of fiscal 2005 we anticipate that sales and revenues will increase from its present rate as the franchise program expands. No assurances can be provided that any of our marketing programs will succeed.

Our cost of sales as a percentage of sales and revenues was 70.5% for the three months ended March 31, 2005 as compared to 54.2% for the three months ended March 31, 2004. This increase in cost of sales and corresponding decrease in our gross profit margins is primarily attributable to increase in overhead

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

and our inability to acquire better brands of cigars.

Operating expenses for the three months ended March 31, 2005 decreased \$60,085, or approximately 15.6%, to \$325,216 from \$385,301 for the comparable three-month period in fiscal 2004. Included in this change was a decrease of \$91,502, or approximately 23.7%, in selling, general and administrative expenses for the three months ended March 31, 2005 as compared to the three months ended March 31, 2004. The decrease in selling, general and administrative expenses was due to the decrease in payroll expense. Internet cigar sales decreased due to lack of our ability to buy brand name cigars at a discounted price. This decrease in selling, general and administrative expenses was offset by a non-cash expense of \$31,417 for stock based compensation representing the current portion of the expense attributable to the value of stock issued to a company controlled by Dr. Irwin Horowitz, our CEO, as compensation for management services and facilities provided us by this company as more fully described in Note 5 of the Notes to Condensed Consolidated Financial Statements appearing elsewhere in this report. We did not have a comparable expense during the first quarter of fiscal 2004. We anticipate that operating expenses will substantially increase due to the roll out of our franchising marketing program during the balance of fiscal 2005.

14

We reported \$0 in other income (expense) for the three months ended March 31, 2005 as compared to \$(39,006) for the three months ended March 31, 2004. The expense during 2004 was related to a loss from the sale of marketable securities we held which was offset by investment income and an unrealized gain on marketable securities we held. We also reported \$0 in loss from discontinued operations during the three months ended March 31, 2005 as compared to \$(4,358) during the three months ended March 31, 2004 which related to the discontinuation of our AlDiscount Perfume segment.

Liquidity and Capital Resources

Liquidity is the ability of a company to generate funds to support its current and future operations, satisfy its obligations and otherwise operate on an ongoing basis. We had working capital at March 31, 2005 of \$30,838, a decrease of \$176,979, or approximately 85%, from working capital of \$207,817 at December 31, 2004. The working capital change consists primarily of a decrease of \$(101,959) in cash, \$(940) in accounts receivable, \$(15,346) in inventory, \$(845) in other current assets and \$(42,111) in accounts payable which was offset by an increase of \$100,000 in loan payable.

Net cash used in operating activities for the three months ended March 31, 2005 was \$(222,659) as compared to \$(60,928). This increase of \$161,731, or approximately 265%, is primarily attributable to:

- o an increase of \$46,256 in loss on impairment of property and equipment related to a one-time write down of certain computer equipment, and

- o an increase of \$31,417 in stock-based compensation representing the current portion of the value of the shares of our common stock issued to a company controlled by our CEO as compensation for management services and the provision of facilities to us,

which were primarily offset by:

- o a decrease of \$20,810 in our net loss,

- o a decrease of \$49,050 in loss on marketable equity securities,

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

- o a decrease of \$5,950 in accounts receivable,
- o a decrease of \$83,234 in inventory,
- o a decrease of \$64,760 in accounts payable, and
- o a decrease of \$58,949 in accrued salaries.

Net cash used in investing activities was \$0 for the three months ended March 31, 2005 as compared to \$(15,467) for the three months ended March 31, 2004. Net cash provided by financing activities for the three months ended March 31, 2005 was \$120,700 as compared to \$0 for the three months ended March 31, 2004. The increase in the 2005 period represents \$20,700 received from the exercise of stock options and \$100,000 received as a loan from one of our directors as further described in Note 4 of the Notes to Condensed Consolidated Financial Statements appearing elsewhere herein.

We do not generate sufficient sales and revenues to fund our ongoing operations and satisfy our obligations. At March 31, 2005 we had cash and cash equivalents of \$74,965, which includes \$100,000 of loan proceeds received from one of our directors during the quarter. Subsequent to March 31, 2005 our CEO has also lent us \$100,000 for working capital. At March 31, 2005 we had an accumulated deficit of \$(7,124,069) and an accumulated other comprehensive loss of \$(4,950). The report from our independent registered public accounting firm on our audited financial statements at December 31, 2004 contains an explanatory

15

paragraph regarding doubt as to our ability to continue as a going concern as a result of our significant recurring losses from operations since inception. We will require funds to satisfy our current obligations and implement our business model. We do not presently have any commitments for additional working capital and there are no assurances that such capital will be available to us when needed or upon terms and conditions which are acceptable to us. If we are able to secure additional working capital through the sale of equity securities, the ownership interests of our current stockholders will be diluted. If we raise additional working capital through the issuance of debt or dividend paying securities our future interest and dividend expenses will increase. If we are unable to secure additional working capital as needed, our ability to implement our business model and meet our operating obligations as they become due and continue our business and operations could be in jeopardy and we may be required to cease operations. In that event, you would lose your investment in our company.

ITEM 3. CONTROLS AND PROCEDURES

Our management, which includes our CEO who is our sole officer, has conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-14(c) promulgated under the Securities and Exchange Act of 1934, as amended) as of a date (the "Evaluation Date") as of the end of the period covered by this report. In connection with the restatement described in Note 2 to the Company's Condensed Consolidated Financial Statements (unaudited) appearing elsewhere in this report, management determined that there was a material weakness in the Company's internal control over financial reporting as of March 31, 2005 as more fully described below. Based upon that evaluation, our CEO has concluded that our disclosure controls and procedures are not effective because of the material weakness described below.

As more fully described in Note 3 to the Company's Condensed Consolidated Financial Statements (unaudited), we are amending our original Form

Edgar Filing: EVOLVE ONE INC - Form 10QSB/A

10-QSB for the three months ended March 31, 2005 to restate our unaudited balance sheet for the three months ended March 31, 2005 related to unrealized gain from marketable securities. Management recently determined that the marketable securities were permanently impaired as of December 31, 2002 and the Company has previously restated its audited financial statements for the year ended December 31, 2004. As a result of this restatement, the amount of the Company's accumulated other comprehensive loss was at March 31, 2005 as reported was overstated and its accumulated deficit at March 31, 2005 was understated. Because of this accounting error, the Company has determined that a deficiency in internal controls existed related to the accounting for unrealized gain from marketable securities. Specifically, the Company did not have adequate controls over the presentation of unrealized gain from marketable securities. Accordingly, management determined that this control deficiency constituted a material weakness. A material weakness is a control deficiency, or combination of control deficiencies, that results in a more than remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected.

Management has taken the remedial steps necessary to eliminate the material weakness relating to financial disclosure controls that resulted in the restatement discussed above. Other than the changes discussed above, there have been no significant changes made in our internal controls or in other factors that could significantly affect our internal controls subsequent to the end of the period covered by this report based on such evaluation.
