Our business:

We incorporated in Delaware on March 15, 2001. Our principal business address is 1537 West Orangewood Avenue, Orange, California 92868. Our telephone number is 714.633.1400.

Private label and brand name golf merchandise and related products will also be available for sale at each retail store.

RISK FACTORS

In addition to the other information in this prospectus, the following risk factors should be considered carefully in evaluating our business before purchasing any of our shares of common stock. A purchase of our common stock is speculative and involves a significant and substantial number of risks. Any person who is not in a position to lose the entire amount of his investment should forego purchasing our common stock.

Risks related to our business:

We are a new company with losses since our formation and we may not be able to achieve profitable operations or raise sufficient financing to continue with our business plans.

We were incorporated on March 15, 2001. Our lack of operating history makes an evaluation of our business and prospects very difficult. Our prospects must be considered speculative considering the risks, expenses and difficulties frequently encountered in the golf industry. We will encounter difficulties as an early stage company with little operating capital in the rapidly evolving and highly competitive golf industry. To implement our business plan and open our planned locations, we will be required to obtain additional financing. At this time, we have no firm commitments for such financing. If we are unable to raise additional financing, our plans to open a retail location will be harmed. If our planned retail facilities are not successful and if we continue to experience losses, our ability to continue with our business plan will be harmed. As a result, our shareholders could lose their entire investment.

We do not have commitments for additional financing and our inability to obtain acceptable financing will harm our development and growth strategy as we will be unable to finance our development and any future expansion.

We will require substantial amounts of working capital to continue executing our business plan, including, but not limited to, funds to secure our initial location and funds for equipment and inventory. We cannot guaranty that additional financing will be available. In fact, we have not yet identified the source of any such funding. We expect to require substantial capital to fund our development and operating expenses. We anticipate that our available funds will be sufficient to meet our anticipated needs for working capital and capital expenditures through the next 12 months. Our anticipation of the time through which our financial resources will be adequate to support our operations is a forward-looking statement that involves risks and uncertainties, and actual results could vary as a result of a number of factors, including those described elsewhere in this risk factor section. We cannot be certain that additional financing will be available to us on favorable terms or at all. If we are unable to obtain sufficient additional capital when needed, we could be forced to alter our business strategy, or delay or abandon some of our development plans. Any of these events would impair our ability to raise revenue and would likely interfere with our ability to expand our planned operations.

We face significant competition from traditional golf retail locations. Our operations and our ability to generate revenues will be harmed if we are unable to establish a positive reputation as a provider of golf products.

Our success will depend on our ability to compete in the highly competitive retail golf industry. To succeed, we must establish our reputation for providing quality golf products and instruction. We must establish our initial presence in Orange County, California. We will compete with traditional golf retail locations that are either independent shops or part of large regional or national retail chains such as Roger Dunn or Nevada Bob's. We may not be able to compete effectively with those traditional golf retail locations. If we do not

Edgar Filing: GOLF TWO INC - Form SB-2

compete effectively, our ability to earn revenue will be affected and we may not be able to continue our planned operations.

5

We have no existing brand identity and customer loyalty; if we fail to develop and maintain our proposed brand, our business could suffer.

Since we have not yet launched the Golf Two brand, we currently do not have strong brand identity or brand loyalty. We believe that establishing and maintaining brand identity and brand loyalty is critical to attracting consumers. In order to attract and retain consumers and vendors and respond to competitive pressures, we may need to spend substantial funds to create and maintain brand loyalty among these groups. If our branding efforts are not successful, our ability to generate significant revenues will be harmed.

Our officers and directors are engaged in other activities which could divert their time away from our activities and could conflict with our business interests which could harm our ability to continue proceeding with our plan to open retail locations.

Our officers and directors engage in other activities. Those activities may divert our officers and directors' time away from our business activities. If our officers and directors are not able to devote sufficient time to our business activities, our ability to operate at a profit could be harmed. Our officers and directors may have conflicts of interests in allocating time, services, and functions between the other business ventures in which those persons may be or become involved. Neither of our officers devotes their entire business hours to our operations. However, we believe that as soon as we secure the location for our first store in Orange County, California, our officers will increase the time they dedicate to our business.

Risks related to owning our common stock:

Our officers, directors and principal security holders own approximately 70.10% of our outstanding shares of common stock, allowing these shareholders control matters requiring approval of our shareholders.

As a result of such ownership by our officers, directors and principal security holders, investors will have no control over matters requiring approval by our security holders, including the election of directors. Our officers and directors can control matters requiring approval by our security holders, including the election of directors. Moreover, if our officers and directors decide to sell a significant number of their shares, investors will likely lose confidence in our ability to earn revenues and will see such a sale as a sign that our business is failing. Each of these factors by independently or collectively, will likely harm the market price of our stock. Moreover, such concentrated control may also make it difficult for our shareholders to receive a premium for their shares of our common stock in the event we merge with a third party or enter into different transactions which require shareholder approval.

We are registering 200,000 shares of common stock owned by our officers and directors. Those officers and directors may sell those shares as soon as possible, which could decrease the price of our common stock and reduce their desire to see us succeed.

Edgar Filing: GOLF TWO INC - Form SB-2

In the event that this individual sells his shares, the price of our common stock could decrease significantly. Also, a conflict of interest will occur between his duties to us and his personal interest in selling his shares. We cannot assure you that this individual will not sell those shares as soon as they are registered.

Because we will be subject to the "penny stock" rules, the level of trading activity in our stock may be reduced, which may make it difficult for investors in our common stock to sell their shares.

6

Broker-dealer practices in connection with transactions in "penny stocks" are regulated by certain penny stock rules adopted by the Securities and Exchange Commission. Penny stocks, like shares of our common stock, generally are equity securities with a price of less than \$5.00, other than securities registered on certain national securities exchanges or quoted on NASDAQ. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document that provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson in the transaction, and, if the broker-dealer is the sole market maker, the broker-dealer must disclose this fact and the broker-dealer's presumed control over the market, and monthly account statements showing the market value of each penny stock held in the customer's account. In addition, broker-dealers who sell these securities to persons other than established customers and "accredited investors" must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. Consequently, these requirements may have the effect of reducing the level of trading activity, if any, in the secondary market for a security subject to the penny stock rules, and investors in our common stock may find it difficult to sell their shares.

We lack a public market for shares of our common stock, which may make it difficult for investors to sell their shares.

There is no public market for shares of our common stock. An active public market may not develop or be sustained. Therefore, investors may not be able to find purchasers for their shares of our common stock. Should there develop a significant market for our shares, the market price for those shares may be significantly affected by such factors as our financial results and introduction of new products and services. Factors such as announcements of new or enhanced products by us or our competitors and quarter-to-quarter variations in our results of operations, as well as market conditions in our sector may have a significant impact on the market price of our shares. Moreover, the stock market has experienced extreme volatility that has particularly affected the market prices of stock of many companies and that often has been unrelated or disproportionate to the operating performance of those companies.

Because we lack a public market for shares of our common stock, the selling security holders will arbitrarily determine the offering price of the shares. Therefore, investors may lose all or part of their investment if the price of their shares is too high.

Our common stock is not publicly traded and we do not participate in an electronic quotation medium for securities. We cannot guaranty that an active

Edgar Filing: GOLF TWO INC - Form SB-2

public market for our stock will develop or be sustained. Therefore, the selling security holders may arbitrarily determine the offering price of shares of our common stock. Accordingly, purchasers may lose all or part of their investments if the price of their shares is too high. A purchase of our stock in this offering would be unsuitable for a person who cannot afford to lose his entire investment.

Forward Looking Statements

Information in this prospectus contains "forward looking statements" which can be identified by the use of forward-looking words such as "believes", "estimates", "could", "possibly", "probably", "anticipates", "estimates", "projects", "expects", "may", "will", or "should" or other variations or similar words. No assurances can be given that the future results anticipated by the forward-looking statements will be achieved. The following matters constitute cautionary statements identifying important factors with respect to those forward-looking statements, including certain risks and uncertainties that could cause actual results to vary materially from the future results anticipated by those forward-looking statements. Among the key factors that have a direct bearing on our results of operations are the effects of various governmental regulations, the fluctuation of our direct costs and the costs and effectiveness of our operating strategy. Other factors could also cause actual results to vary materially from the future results anticipated by those forward-looking statements.

Use of Proceeds

We will not receive any proceeds from the sale of shares of our common stock being offered by the selling security holders.

7

Determination of Offering Price

The selling security holders will sell their shares at \$0.10 per share until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices.

Dilution

Plan of Distribution

The selling security holders will sell their shares at \$0.10 per share until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. The selling security holders may sell our common stock in negotiated transactions or otherwise. The selling security holders may sell our common stock at prices then prevailing or at negotiated prices. The shares will not be sold in an underwritten public offering.

The shares may be sold directly or through brokers or dealers. The methods by which the shares may be sold include:

- o purchases by a broker or dealer as principal and resale by such broker or dealer for its account;
- o ordinary brokerage transactions and transactions in which the broker solicits purchasers; and
- o privately-negotiated transactions.

Brokers and dealers engaged by selling security holders may arrange for other

Edgar Filing: GOLF TWO INC - Form SB-2

brokers or dealers to participate. Brokers or dealers may receive commissions or discounts from selling security holders, or, if any such broker-dealer acts as agent for the purchaser of such shares, from such purchaser, in amounts to be negotiated. Broker-dealers may agree with the selling security holders to sell a specified number of such shares at a stipulated price per share, and, to the extent such broker-dealer is unable to do so acting as agent for a selling security holder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to such selling security holder. Broker-dealers who acquire shares as principal may resell those shares from time to time in the over-the-counter market or otherwise at prices and on terms then prevailing or then related to the then-current market price or in negotiated transactions and, in connection with such resales, may receive or pay commissions.

The selling security holders and any broker-dealers participating in the distributions of the shares may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act of 1933. Any profit on the sale of shares by the selling security holders and any commissions or discounts given to any such broker-dealer may be deemed to be underwriting commissions or discounts. The shares may also be sold pursuant to Rule 144 under the Securities Act of 1933 beginning one year after the shares were issued.

We have filed the Registration Statement, of which this prospectus forms a part, with respect to the sale of the shares by the selling security holders. The selling security holders may not sell any or all of the offered shares.

9

Under the Securities Exchange Act of 1934 and the regulations thereunder, any person engaged in a distribution of the shares of our common stock offered by this prospectus may not simultaneously engage in market making activities with respect to our common stock during the applicable "cooling off" periods prior to the commencement of such distribution. Also, the selling security holders are subject to applicable provisions which limit the timing of purchases and sales of our common stock by the selling security holders.

We have informed the selling security holders that, during such time as they may be engaged in a distribution of any of the shares we are registering by this Registration Statement, they are required to comply with Regulation M. In general, Regulation M precludes any selling security holder, any affiliated purchasers and any broker-dealer or other person who participates in a distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security which is the subject of the distribution until the entire distribution is complete. Regulation M defines a "distribution" as an offering of securities that is distinguished from ordinary trading activities by the magnitude of the offering and the presence of special selling efforts and selling methods. Regulation M also defines a "distribution participant" as an underwriter, prospective underwriter, broker, dealer, or other person who has agreed to participate or who is participating in a distribution.

Regulation M prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security, except as specifically permitted by Rule 104 of Regulation M. These stabilizing transactions may cause the price of our common stock to be more than it would otherwise be in the absence of these transactions. We have informed the selling security holders that stabilizing transactions permitted by Regulation M allow bids to purchase our common stock if the stabilizing bids do not exceed a

Edgar Filing: GOLF TWO INC - Form SB-2

specified maximum. Regulation M specifically prohibits stabilizing that is the result of fraudulent, manipulative, or deceptive practices. Selling security holders and distribution participants are required to consult with their own legal counsel to ensure compliance with Regulation M.

In order to be entitled to indemnification by us, such person must have acted in good faith and in a manner such person believed to be in our best interests. With respect to criminal actions, such person must have had no reasonable cause to believe his or her conduct was unlawful.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in that act and is, therefore, unenforceable.

Description of Business

Our Background. We were incorporated pursuant to the laws of the State of Delaware on March 15, 2001.

Our Business. We are a developmental stage company and we plan to initiate, establish and operate retail golf stores which will feature indoor golf instruction and custom golf clubs. We intend to operate retail locations which will offer custom-fitted golf clubs tailored to our customers' needs and marketed under the Golf Two brand name. We expect that golf instruction and training will be conducted on-site by in-store staff under the direction of a professional at each store.

12

We anticipate that our retail stores will be approximately 5,000 square feet and will include two virtual reality golf simulators, two computer swing analysis systems and a club fitting analysis system. We also plan to offer private label and brand name golf merchandise and related products for sale at each retail store.

We seek to promote the enjoyment of the game of golf by helping golfing enthusiasts of all levels play better. As such, we intend to offer indoor golf training available and individualized, quality golf clubs and related products to our clientele.

Our Proposed Products. We anticipate that our retail locations will offer customized golf clubs made on site and tailored to our customers' needs. In addition to our customized golf-clubs, we plan to offer our customers related products such as private label and brand name golf merchandise and accessories, related clothing items, instructional golf books and videos and golf novelty items.

Our Proposed Services. We seek to promote the enjoyment of the game of golf by helping golfing enthusiasts of all levels play better. We intend to offer indoor golf training available and individualized, quality golf clubs and related products to our clientele. We hope to offer our customers with on-site, indoor, individual instructional lessons with trained and qualified golf instructors utilizing the virtual reality equipment available on the market. We anticipate providing our customers with access to introductory, intermediate and advanced golf instruction and technique analysis. By providing these classes, we hope to build a client base familiar with our products and services and gain increased exposure to our brand name.

Our Business Strategy. As the popularity of golf continues to grow, we expect that easy and affordable access to proper training and specialized equipment and products is in high demand and will continue to remain so. We hope to be strategically positioned to fill the growing need for golfing instruction demanded by golf enthusiasts in the United States and what we believe to be the

Edgar Filing: GOLF TWO INC - Form SB-2

ever-growing number of new golf enthusiasts. We propose to offer our customers:

- o computerized swing analysis;
- o indoor golf practice and simulation;
- o golf lessons and instruction for beginners and experts alike;
- o customized golf clubs tailored to an individual's particular needs; and
- o related private label and brand-name gold merchandise.

Furthermore, we will strive to maintain clean, well-merchandised, attractive stores that we believe will appeal to high-caliber clientele. We hope to become a premier "center" where golfing enthusiasts of all abilities will feel welcomed and comfortable such that they will enjoy the time they spend with us and will want to return.

Our Target Markets and Marketing Strategy. We anticipate that our primary target market will consist of golfers throughout California, specifically patrons of nearby golf courses, country clubs, driving ranges and putting greens. We plan to market and promote our retail stores locally. We anticipate that our marketing initiatives will include:

- o utilizing direct response print advertisements placed primarily in specialized golf industry print media such as magazines and local newspapers;
- o advertising by television, radio, banners, affiliated marketing and direct mail in California and surrounding areas; and,
- o word of mouth advertising based on the customer loyalty and high quality service.

Growth Strategy. We seek to establish a profitable retail golf store and training facility with the intention of expanding our efforts in areas outside California. Our strategy is to provide unparalleled customer service and high-quality, competitively-priced merchandise and offer on-site, indoor, individual instructional lessons with trained and qualified golf instructors utilizing the finest virtual reality equipment available on the market, thereby creating a fun, friendly and comfortable atmosphere which we believe will achieve unequalled customer satisfaction. We intend to initiate growth throughout California by establishing more alliances with leading and local vendors and long-term customer relationships and aim to replicate this model in many markets across the United States.

13

Our Competition. We expect to face significant competition from existing golf stores. There are currently numerous local and national chains, such as Roger Dunn, that we will be competing with us as well as individually owned businesses. Current and new competitors may be able to establish new locations relatively quickly. We anticipate we will also compete directly with other companies and businesses that have several golf retail locations which will be competitive with the golf retail stores developed by us. We cannot guaranty that we will be able to compete effectively with those competitors. Many of those competitors have greater financial and other resources, and more experience in the establishment of golf retail facilities, than we have.

Government Regulation. Each retail location facility we establish will be subject to licensing and reporting requirements by numerous governmental authorities. These governmental authorities include federal, state and local health, environmental, labor relations, sanitation, building, zoning, fire and

Edgar Filing: GOLF TWO INC - Form SB-2

safety departments. Difficulties in obtaining or failure to obtain the necessary licenses or approvals could delay or prevent the development or operation of a given retail location. Any problems that we may encounter in renewing such licenses in one jurisdiction, may impact our licensing status on a federal, state or local level in other relevant jurisdictions.

Our Research and Development. We are not currently conducting any research and development activities other than the development of our website. We do not anticipate conducting such activities in the near future.

Intellectual Property. We do not presently own any patents, trademarks, copyrights, licenses, concessions or royalties.

We own the Internet domain name www.golftwo.com. Under current domain name registration practices, no one else can obtain an identical domain name, but someone might obtain a similar name, or the identical name with a different suffix, such as ".org", or with a country designation. The regulation of domain names in the United States and in foreign countries is subject to change, and we could be unable to prevent third parties from acquiring domain names that infringe or otherwise decrease the value of our domain names.

Employees. As of September 16, 2002, we have two part-time employees. We do not currently anticipate that we will hire any employees in the next six months, unless we complete our business development. From time-to-time, we anticipate that we will use the services of independent contractors and consultants to support our business development. We believe our future success depends in large part upon the continued service of our senior management personnel and our ability to attract and retain highly qualified managerial personnel.

Facilities. Our headquarters are located at 1537 West Orangewood Avenue, Orange, California 92868. We believe that our facilities are adequate for our needs and that additional suitable space will be available on acceptable terms as required. We do not own any real estate.

Management's Discussion and Analysis of Financial Condition and Results of Operations

For the six month period ended June 30, 2002.

Liquidity and Capital Resources. We have cash of \$42,019 as of June 30, 2002. Our total assets were approximately \$42,019 as of June 30, 2002. Our total liabilities were approximately \$2,563 as of June 30, 2002. In April 2002, we sold 2,093,336 shares of our common stock for \$0.03 per share. The net proceeds from the sale of those shares were \$62,800. Those proceeds were used to provide us with additional working capital.

Results of Operations.

Revenues. We have realized no revenues during the period ended June 30, 2002. We anticipate that we will generate more revenues as we commence operations and build our customer base.

Operating Expenses. For the period ended June 30, 2002, our total expenses were approximately \$103,503, which were represented by general and administrative

Edgar Filing: GOLF TWO INC - Form SB-2

expenses. Of that amount, \$90,000 was represented by stock issued for services. For the period ended June 30, 2002, we experienced a net loss of approximately \$103,666.

For the Period from March 15, 2001, our date of formation, through December 31, 2001.

Liquidity and Capital Resources. We had no cash as of December 31, 2001.

Results of Operations. We did not yet realize any revenue from operations for the period from March 15, 2001, our date of formation, through December 31, 2001. Our expenses of approximately \$13,703 consist of start-up costs from formation through December 31, 2001.

Our Plan of Operation for the Next Twelve Months. To effectuate our business plan during the next twelve months, we must locate a suitable location for our planned retail location, market our products and services and develop our brand image. Our operations to date have been focused on developing our brand name and attempting to establish strategic relationships with providers of golf products.

Our plan of operation is materially dependent on our ability to raise additional working capital. We believe that we have sufficient cash resources to fund most of our initial development plans. However, we will need additional capital to finance our proposed retail location. We are in the process of estimating the cost of opening our initial retail location. We hope to open our initial retail location in the next twelve months if we have adequate funding to do so. There is no guaranty that we will be able to arrange for financing. We may raise the necessary funds through equity financings or through loans from banks or other lending institutions. We may not be able to arrange for loans on favorable terms. Such additional capital may be raised through public or private financing. We cannot guaranty that additional funding will be available on favorable terms, if at all. If adequate funds are not available, then our ability to commence operations may be harmed.

We have cash of \$42,019 as of June 30, 2002. In the opinion of management, available funds will satisfy our working capital requirements through the next twelve months. For the next twelve months, we anticipate that our day-to-day expenses will be approximately \$1,000 per month until and unless we secure our first location. We believe that our expenses will significantly increase once we begin renovating and developing our first location. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could fail as a result of a number of factors.

We are not currently conducting any research and development activities and do not anticipate conducting such activities in the near future. We do not anticipate that we will purchase or sell of any significant equipment. In the event that we generate significant revenues and expand our operations, then we may need to hire additional employees or independent contractors as well as purchase or lease additional equipment.

There are no shares of our common stock that can be sold pursuant to Rule 144. There are no outstanding options or warrants to purchase, or securities convertible into, shares of our common stock. There are no outstanding shares of our common stock that we have agreed to register under the Securities Act for sale by security holders. The approximate number of holders of record of shares of our common stock is thirty-six.

There have been no cash dividends declared on our common stock. Dividends are declared at the sole discretion of our Board of Directors.

Penny Stock Regulation. Shares of our common stock are subject to rules adopted by the Securities and Exchange Commission that regulate broker-dealer practices in connection with transactions in "penny stocks". Penny stocks are generally equity securities with a price of less than \$5.00, other than securities registered on certain national securities exchanges or quoted on the NASDAQ system, provided that current price and volume information with respect to transactions in those securities is provided by the exchange or system. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from those rules, deliver a standardized risk disclosure document prepared by the Securities and Exchange Commission, which contains the following:

- o a description of the nature and level of risk in the market for penny stocks in both public offerings and secondary trading;
- o a description of the broker's or dealer's duties to the customer and of the rights and remedies available to the customer with respect to violation to such duties or other requirements of securities' laws;
- o a brief, clear, narrative description of a dealer market, including "bid" and "ask" prices for penny stocks and the significance of the spread between the "bid" and "ask" price;

16

- o a toll-free telephone number for inquiries on disciplinary actions;
- o definitions of significant terms in the disclosure document or in the conduct of trading in penny stocks; and
- o such other information and is in such form including language, type, size and format, as the Securities and Exchange Commission shall require by rule or regulation.

Prior to effecting any transaction in penny stock, the broker-dealer also must provide the customer the following:

- o the bid and offer quotations for the penny stock;
- o the compensation of the broker-dealer and its salesperson in the transaction;
- o the number of shares to which such bid and ask prices apply, or other comparable information relating to the depth and liquidity of the market for such stock; and
- o monthly account statements showing the market value of each penny stock held in the customer's account.

In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from those rules, the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written acknowledgment of the receipt of a risk disclosure statement, a written agreement to transactions involving penny stocks, and a signed and dated copy of a written suitability statement. These disclosure requirements may have the effect of reducing the trading activity in

Edgar Filing: GOLF TWO INC - Form SB-2

the secondary market for a stock that becomes subject to the penny stock rules. Holders of shares of our common stock may have difficulty selling those shares because our common stock will probably be subject to the penny stock rules.

Executive Compensation

Any compensation received by our officers, directors, and management personnel will be determined from time to time by our Board of Directors. Our officers, directors, and management personnel will be reimbursed for any out-of-pocket expenses incurred on our behalf.

Summary Compensation Table. The table set forth below summarizes the annual and long-term compensation for services in all capacities to us payable to our Chief Executive Officer and our other executive officers whose total annual salary and bonus are anticipated to exceed \$50,000 during the years ending December 31, 2001 and 2002. Our Board of Directors may adopt an incentive stock option plan for our executive officers which would result in additional compensation.

The stock option plan will be designed to retain qualified and competent officers, employees, and directors. Our Board of

Directors, or a committee thereof, shall administer the stock option plan and will be authorized, in its sole and absolute discretion, to grant options thereunder to all of our eligible employees, including officers, and to our directors, whether or not those directors are also our employees. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Golf Two, Inc. as of June 30, 2002 and December 31, 2001 and the results of its operations and its cash flows for the period from March 15, 2001 (inception) to December 31, 2001, six months ended June 30, 2002 and the periods from March 15, 2001 (inception) to June 30, 2002 and 2001 in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the accompanying financial statements, the Company has no established source of revenue, which raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also discussed in Note 1. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO FINANCIAL STATEMENTS

PERIOD FROM MARCH 15, 2001 (INCEPTION)
TO DECEMBER 31, 2001, SIX MONTHS
ENDED JUNE 30, 2002 AND THE
PERIODS FROM MARCH 15, 2001 (INCEPTION)
TO JUNE 30, 2002 AND 2001

(1) Summary of Significant Accounting Policies:

Nature of Business:

Edgar Filing: GOLF TWO INC - Form SB-2

Golf Two, Inc. (the "Company") is currently a development stage company under the provisions of Statement of Financial Accounting Standards ("SFAS") No. 7 and was incorporated under the laws of the State of Delaware on March 15, 2001. The Company plans to operate retail golf stores that will feature indoor golf instruction and sell custom golf clubs throughout California.

Basis of Presentation:

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company has no established source of revenue. This matter raises substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Management plans to take the following steps that it believes will be sufficient to provide the Company with the ability to continue in existence:

Management intends to continue to raise additional financing through joint venturing of projects, exchange of asset, debt financing, equity financing or other means and interests which it deems necessary with a view to moving forward and sustain a prolonged growth in its strategy phases.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported periods.

Comprehensive Income:

SFAS No. 130, "Reporting Comprehensive Income," establishes standards for the reporting and display of comprehensive income and its components in the financial statements. As of June 30, 2002 and December 31, 2001, and for the periods from inception to June 30, 2002, the Company has no items that represent other comprehensive income and, therefore, has not included a schedule of comprehensive income in the consolidated financial statements.

See accompanying independent auditors' report.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

PERIOD FROM MARCH 15, 2001 (INCEPTION)

ENDED JUNE 30, 2002 AND THE
PERIODS FROM MARCH 15, 2001 (INCEPTION)
TO JUNE 30, 2002 AND 2001

(1) Summary of Significant Accounting Policies, Continued:

Cash and Cash Equivalents:

For purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Basic and Diluted Loss Per Share:

In accordance with SFAS No. 128, "Earnings Per Share," the basic loss per common share is computed by dividing net loss available to common stockholders by the weighted average number of common shares outstanding. Diluted loss per common share is computed similar to basic loss per common share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. As of June 30, 2002, the Company does not have any equity instruments outstanding that can be converted into common stock.

Income Taxes:

The Company accounts for income taxes under SFAS 109, "Accounting for Income Taxes." Under the asset and liability method of SFAS 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under SFAS 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations.

(1) Summary of Significant Accounting Policies, Continued:

Stock-Based Compensation:

The Company accounts for stock-based employee compensation arrangements in accordance with the provisions of Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" and complies with the disclosure provisions of SFAS 123, "Accounting for Stock-Based Compensation." Under APB 25, compensation cost is recognized over the vesting period based on the excess, if any, on the date of grant of the deemed fair value of the Company's shares over the employee's exercise price. When the exercise price of the employee share options is less than the fair value price of the underlying shares on the grant date, deferred stock compensation is recognized and amortized to expense in accordance with FASB Interpretation No. 28 over the vesting period of the individual options. Accordingly, because the exercise price of the Company's employee options equals or exceeds the market price of the underlying shares on the date of grant, no compensation expense is recognized. Options or shares awards issued to non-employees are valued using the fair value method and expensed over the period services are provided.

Fair Value of Financial Instruments:

The estimated fair values of cash and cash equivalents, accounts payable and accrued expenses, approximate their carrying value because of the short term maturity of these instruments or the stated interest rates are indicative of market interest rates.

Advertising Costs:

Advertising costs are expensed as incurred. There were no advertising expenses for any of the periods from March 15, 2001 (inception) to June 30, 2002.

Segment Reporting:

Based on the Company's integration and management strategies, the Company operated in a single business segment. For the periods from inception to June 30, 2002, all revenues have been derived from domestic operations.

(1) Summary of Significant Accounting Policies, Continued:

New Accounting Pronouncements:

In July 2001, the FASB issued SFAS No. 141 "Business Combinations." SFAS No. 141 supersedes Accounting Principles Board ("APB") No. 16 and requires that any business combinations initiated after June 30, 2001 be accounted for as a purchase; therefore, eliminating the pooling-of-interest method defined in APB 16. The statement is effective for any business combination initiated after June 30, 2001 and shall apply to all business combinations accounted for by the purchase method for which the date of acquisition is July 1, 2001 or later. The Company has implemented this pronouncement and has concluded that the adoption has no material impact to the financial statements.

In July 2001, the FASB issued SFAS No. 142, "Goodwill and Other Intangibles." SFAS No. 142 addresses the initial recognition, measurement and amortization of intangible assets acquired individually or with a group of other assets (but not those acquired in a business combination) and addresses the amortization provisions for excess cost over fair value of net assets acquired or intangibles acquired in a business combination. The statement is effective for fiscal years beginning after December 15, 2001, and is effective July 1, 2001 for any intangibles acquired in a business combination initiated after June 30, 2001. The Company has implemented this pronouncement and has concluded that the adoption has no material impact to the financial statements.

In October 2001, the FASB recently issued SFAS No. 143, "Accounting for Asset Retirement Obligations," which requires companies to record the fair value of a liability for asset retirement obligations in the period in which they are incurred. The statement applies to a company's legal obligations associated with the retirement of a tangible long-lived asset that results from the acquisition, construction, and development or through the normal operation of a long-lived asset. When a liability is initially recorded, the company would capitalize the cost, thereby increasing the carrying amount of the related asset. The capitalized asset retirement cost is depreciated over the life of the respective

Edgar Filing: GOLF TWO INC - Form SB-2

asset while the liability is accreted to its present value. Upon settlement of the liability, the obligation is settled at its recorded amount or the company incurs a gain or loss. The statement is effective for fiscal years beginning after June 30, 2002. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

New Accounting Pronouncements, Continued:

In October 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." Statement 144 addresses the accounting and reporting for the impairment or disposal of long-lived assets. The statement provides a single accounting model for long-lived assets to be disposed of. New criteria must be met to classify the asset as an asset held-for-sale. This statement also focuses on reporting the effects of a disposal of a segment of a business. This statement is effective for fiscal years beginning after December 15, 2001. The Company has implemented this pronouncement and has concluded that the adoption has no material impact to the financial statements.

In April 2002, the FASB issued Statement No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." This Statement rescinds FASB Statement No. 4, "Reporting Gains and Losses from Extinguishment of Debt", and an amendment of that Statement, FASB Statement No. 64, "Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements" and FASB Statement No. 44, "Accounting for Intangible Assets of Motor Carriers." This Statement amends FASB Statement No. 13, "Accounting for Leases", to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions. The Company does not expect the adoption to have a material impact

to the Company's financial position or results of operations.

(2) Related-Party Transactions:

Note Payables

In April 2001, the Company entered into a \$10,000 non interest-bearing note with a stockholder. The note was due upon demand and repaid in April 2002. The Company recorded interest expense on this note at 8% per annum as a contribution to capital.

Office Expense

An officer of the Company provides office space to the Company for \$100 per month on a month-to-month basis, which was recorded as a contribution to capital.

(3) Stockholders' Equity:

Common Stock

In March 2001, the Company issued 5,650,000 shares of its common stock in exchange for services to incorporate the Company. In February 2002, the Board of Directors declared that the Company had not received consideration for the issuance of 3,325,000 shares of the previously issued shares and canceled those shares leaving 2,325,000 shares totaling \$2,325. The Founder Shares were valued at the par value of the Company's common stock, which represented its fair market value on the date of issuance. The Company has not recognized the issuance of the cancelled shares in the financial statements.

In February 2002, 3,000,000 shares of common stock were issued at \$0.03 per share in exchange for prior services rendered for a total of \$90,000, which was fair market value of the Company's common stock on the date of issuance.

In April 2002, the Company performed a private placement and issued

2,093,336 shares of its common stock at \$0.03 per share for an aggregate total of \$62,800.

Preferred Stock

The Company is authorized to issue 5,000,000 shares of Preferred stock, par value at \$.001 per share. As of June 30, 2002 and December 31, 2001, none of the shares was issued and outstanding.

(4) Provision for Income Taxes:

(4) Provision for Income Taxes, Continued:

Deferred tax assets and liabilities reflect the net effect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and amounts used for income tax purposes. Significant components of the Company's deferred tax assets and liabilities at June 30, 2002 and December 31, 2001 are as follows:

	June 30, 2002	December 31, 2001
	-----	-----
Deferred tax assets:		
Net operating loss carryforwards	\$ 38,900	\$ 4,600
Less: valuation allowance	38,900	4,600
	-----	-----
	\$ -	\$ -
	=====	=====

At December 31, 2001 and June 30, 2002, the Company has provided a 100% valuation allowance for the deferred tax asset since management has not been able to determine that the realization of that asset is more likely than not. The net change in the valuation allowance for the six months ended June 30, 2002 and the year ended December 31, 2001 was an increase of \$34,300 and \$200, respectively. As of June 30, 2002, the Company had net operating loss carryforwards ("NOLs") of approximately \$118,000. If unused, the NOLs will begin to expire during 2019.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

In July 2002, our Board of Directors appointed Stonefield Josephson, Inc., independent accountant, to audit our financial statements for the period from March 15, 2001, our date of formation, through June 30, 2002. Prior to our appointment of Stonefield Josephson, Inc. as our auditor, our financial statements had not been audited. Prior to engaging Stonefield Josephson, Inc., we had not consulted with them on the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on our financial statements. There have been no disagreements with our accountant since our formation required to be disclosed pursuant to Item 304 of Regulation S-B.

PART II - INFORMATION NOT REQUIRED IN PROSPECTUS

Indemnification of Directors and Officers

Article Seventh of our Certificate of Incorporation provides, among other things, that our directors shall not be personally liable to us or our shareholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- o for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; or
- o for unlawful payments of dividends or unlawful stock purchase or redemption by us.

Accordingly, our directors may have no liability to our shareholders for any mistakes or errors of judgment or for any act of omission, unless such act or omission involves intentional misconduct, fraud, or a knowing violation of law or results in unlawful distributions to our shareholders.

Our Certificate of Incorporation provides that we will indemnify our directors to the extent permitted by Delaware General Corporation Law, including circumstances in which indemnification is otherwise discretionary under the Delaware General Corporation Law. Our Certificate of Incorporation also provides that to the extent that Delaware General Corporation Law is amended to permit further indemnification, we will so indemnify our directors.

Section 145 of the Delaware General Corporation Law provides that a corporation

Edgar Filing: GOLF TWO INC - Form SB-2

shall have the power to indemnify any person who was or is a party or is threatened to be made a party to or is involved in any pending, threatened, or completed civil, criminal, administrative, or arbitration action, suit, or proceeding, or any appeal therein or any inquiry or investigation which could result in such action, suit, or proceeding, because of his or her being or having been our director, officer, employee, or agent or of any constituent corporation absorbed by us in a consolidation or merger or by reason of his or her being or having been a director, officer, trustee, employee, or agent of any other corporation or of any partnership, joint venture, sole proprietorship, trust, employee benefit plan, or such enterprise, serving as such at our request or of any such constituent corporation, or the legal representative of any such director, officer, trustee, employee, or agent, from and against any and all reasonable costs, disbursements, and attorney's fees, and any and all amounts paid or incurred in satisfaction of settlements, judgments, fines, and penalties, incurred or suffered in connection with any such proceeding.

Section 17 of our Bylaws also provides that our officers and directors shall be indemnified and held harmless by us to the fullest extent permitted by the provisions of Section 145 of the Delaware General Corporation Law.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

Other Expenses of Issuance and Distribution

We will pay all expenses in connection with the registration and sale of the common stock by the selling security holders. None of the expenses will be borne by the selling security holders. The estimated expenses of issuance and distribution are set forth below.

Registration Fees	Approximately	\$22.25
Transfer Agent Fees	Approximately	\$650.00
Costs of Printing and Engraving	Approximately	\$500.00
Legal Fees	Approximately	\$10,000.00
Accounting Fees	Approximately	\$2,500.00

Recent Sales of Unregistered Securities

There have been no sales of unregistered securities within the last three years which would be required to be disclosed pursuant to Item 701 of Regulation S-B, except for the following:

In April 2002, we issued 2,093,336 shares of our common stock to thirty-four investors for \$0.03 per share. The shares were issued in a transaction which we believe satisfies the requirements of that exemption from the registration and prospectus delivery requirements of the Securities Act of 1933, which exemption is specified by the provisions of Section 4(2) of that act and Rule 506 of Regulation D promulgated pursuant to that act by the Securities and Exchange Commission. Specifically, the offer was made to "accredited investors", as that term is defined under applicable federal and state securities laws, and no more than 35 non-accredited investors. We believe that each purchaser who was not an

Edgar Filing: GOLF TWO INC - Form SB-2

accredited investor has such knowledge and experience in financial and business matters that he is capable of evaluating the merits and risks of the prospective investment. Each investor was given adequate access to sufficient information about us to make an informed investment decision. There were no commissions paid on the sale of these shares. The net proceeds to us were \$62,800.

32

In February 2002, we issued 3,000,000 shares of our common stock to David Bennett, our president, treasurer and one of our directors. We believe that Mr. Bennett has such knowledge and experience in financial and business matters that he is capable of evaluating the merits and risks of the prospective investment. In addition, Mr. Bennett had sufficient access to material information about us because he was our president, treasurer and one of our directors. The shares were issued in a transaction which we believe satisfies the requirements of that certain exemption from the registration and prospectus delivery requirements of the Securities Act of 1933, which exemption is specified by the provisions of Section 4(2) of the Securities Act of 1933, as amended. The shares were issued in exchange for services provided to us, which were valued at \$90,000. That amount represented the fair value of the common stock on the date of issuance.

In March 2001, we issued 2,325,000 shares of our common stock to two individuals, one of which was Daniel Bernstein, our secretary and one of our directors. We believe that those shareholders have such knowledge and experience in financial and business matters that they are capable of evaluating the merits and risks of the prospective investment. The shares were issued in a transaction which we believe satisfies the requirements of that certain exemption from the registration and prospectus delivery requirements of the Securities Act of 1933, which exemption is specified by the provisions of Section 4(2) of the Securities Act of 1933, as amended. The shares were issued in exchange for services provided to us, which were valued at \$2,325. That amount represented the fair value of the common stock on the date of issuance.

Undertakings

A. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is,

33

therefore, unenforceable. In the event that a claim for indemnification against such liabilities, other than the payment by us of expenses incurred or paid by our director, officer or controlling person in the successful defense of any action, suit or proceeding, is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

B. We hereby undertake:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To specify in the prospectus any facts or events arising after the effective date of the Registration Statement or most recent post-effective amendment thereof which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered, if the total dollar value of securities offered would not exceed that which was registered, and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b), Section 230.424(b) of Regulation S-B, if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and

Edgar Filing: GOLF TWO INC - Form SB-2

- (iii) To include any additional or changed material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
