Proxies in the accompanying form are solicited on behalf, and at the direction, of the Board of Directors of Capstone Therapeutics Corp., (the “Company”) for use at the Annual Meeting of Stockholders to be held on Thursday, June 12, 2014, at 1:00 p.m., local time, or any adjournment thereof (the “Annual Meeting”) at the offices of the Company, 1275 West Washington Street, Suite 104, Tempe, AZ 85281. All shares represented by properly executed proxies, unless such proxies have previously been revoked, will be voted in accordance with the direction on the proxies. The Board of Directors of the Company (the “Board”) is not aware of any other matter which may come before the meeting. If any other matters are properly presented at the meeting for action, including a question of adjourning the meeting from time to time, the persons named in the proxies and acting thereunder will have discretion to vote on such matters in accordance with their best judgment.

When stock is in the name of more than one person, the proxy is valid if signed by any of such persons unless the Company receives written notice to the contrary. If the stockholder is a corporation, the proxy should be signed in the name of such corporation by an executive or other authorized officer. If signed as attorney, executor, administrator, trustee, guardian or in any other representative capacity, the signer’s full title should be given and, if not previously furnished, a certificate or other evidence of appointment should be furnished.

This Proxy Statement and the Form of Proxy which is enclosed are being mailed to the Company’s stockholders commencing on or about May 2, 2014. The Proxy Statement and Form of Proxy, as well as the Company’s Annual Report on Form 10-K are available on the Company’s website, www.capstonethx.com.

A stockholder executing and returning a proxy has the power to revoke it at any time before it is voted. A stockholder who wishes to revoke a proxy can do so by executing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company prior to the vote at the Annual Meeting, by written notice of revocation received by the Secretary prior to the vote at the Annual Meeting or by appearing in person at the Annual Meeting, filing a written notice of revocation and voting in person the shares to which the proxy relates.

In addition to the use of the mails, proxies may be solicited by personal conversations or by telephone, telex, facsimile or telegram by the directors, officers and regular employees of the Company. Such persons will receive no additional compensation for such services. Arrangements will also be made with certain brokerage firms and certain other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of Common Stock held of record by such persons, and such brokers, custodians, nominees and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses incurred in connection therewith. The mailing address of the principal executive offices of the Company is 1275 West Washington Street, Suite 104, Tempe, Arizona 85281.

Board Meetings and Committees

On April 28, 2014, the Board voted to increase the size of the Board from three to four members.

The Board of Directors is currently composed of three directors, including two outside directors. Under Proposal 1: Election of Directors, shareholders are being asked to elect Mr. Eric W. Fangmann to the Board, which will increase the Board to four, including three outside directors. The Board has determined that each director (Dr. Feldman, Mr. Howse and Mr. Fangmann) other than Mr. Holliman is independent under the standards of Nasdaq Listing Rule 5605(a)(2). The Board of Directors held a total of four meetings during the fiscal year ended December 31, 2013. No director attended fewer than 75% of the aggregate of all meetings of the Board of Directors and any committee on which such director served during the period of such service. Currently, the Board of Directors does not have a policy regarding director attendance at the Company's annual meeting of stockholders. All of the directors attended last year's annual meeting of stockholders in person.

Independent directors regularly meet in executive sessions without the Executive Chairman or other members of management, to review the criteria upon which the performance of the Executive Chairman is based, the performance of the Executive Chairman against those criteria, to ratify the compensation of the Executive Chairman as approved by the Compensation Committee, and to discuss other relevant matters.

The Board presently has an Audit Committee, a Compensation Committee and a Corporate Governance/Nominating Committee.

Audit Committee

The Audit Committee, which is a separately-designated standing committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), met four times in 2013 and consists of Mr. Howse (Chairman) and Dr. Feldman. The Audit Committee assists the Board of Directors in its oversight of financial reporting practices, including the independent auditor's qualifications and independence, and the performance of the Company's internal audit function. The Audit Committee appoints the Company's independent auditor. The Audit Committee meets independently with representatives of the Company's independent auditor and with representatives of senior management. The Committee reviews the general scope of the Company's annual audit, the fee charged by the independent auditor and other matters relating to internal control systems. In addition, the Audit Committee is responsible for approving, reviewing and monitoring the performance of non-audit services by the Company's auditor. The Audit Committee operates under a written charter that has been adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstonethx.com.

The Board of Directors has determined that the composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are in accordance with Nasdaq Marketplace Rules for audit committees. In particular, all Audit Committee members possess the required level of financial literacy, at least one member of the Audit Committee meets the current standard of requisite financial management expertise and the Board of Directors has determined that Elwood D. Howse, Jr., the Chairman of the Audit Committee, is an "audit committee financial expert" as defined in Item 407(d) of Regulation S-K of the Securities and Exchange Commission (the "SEC"). Additionally, all members of the Audit Committee are "independent directors" as defined in Nasdaq Listing Rule 5605(a)(2).

Compensation Committee

The Compensation Committee consists of Dr. Feldman (Chairman) and Mr. Howse. The Committee met one time during 2013. Each member of the Compensation Committee is an “independent director” as defined in Nasdaq Listing Rule 5605(a)(2) and is an “outside director” as defined in Section 162(m) of the Internal Revenue Code. The Compensation Committee reviews salaries and benefit programs designed for senior management, officers and directors and administers certain grants under the Company’s stock option plans with a view to ensure that the Company is attracting and retaining highly qualified managers through competitive salary and benefit programs and encouraging extraordinary effort through incentive rewards. The Compensation Committee does not have a written charter.

7

Corporate Governance/Nominating Committee

The Corporate Governance/Nominating Committee examines and recommends nominations for the Board of Directors and officers of the Company. The Corporate Governance/Nominating Committee operates under a written charter, a copy of which is posted on our website at www.capstonethx.com. The Corporate Governance/Nominating Committee has not established a formal policy on Board diversity (differences of viewpoint, professional experience, education, skills, race, gender, national origin, and other qualities and attributes that contribute to board heterogeneity), or minimum standards for Board nominees. However, the Corporate Governance/Nominating Committee has developed the following outline of core Board skills as a framework for the nominee evaluation process and considers diversity to strengthen the Board where overlapping skills are present.

- § Operations Experience / Knowledge
 - o Pharmaceutical Development
- Basic Research
- IND Process
- Clinical Trial Process
- NDA Process
- § Scientific Experience / Knowledge
 - o Understanding of basic scientific principles in indications under development by the Company
- § Financial Experience / Knowledge
 - o GAAP / Disclosure Controls / SEC Reporting
 - o Business Transactions and Strategies
 - o Risk Management
- § Business Experience / Knowledge
 - o Organization Management / Corporate Governance
 - o Product Market Analysis / Strategy
 - o Investor Relations

Accordingly, the Corporate Governance/Nominating Committee generally seeks candidates with chief operating, executive or financial officer experience in complex Biotech/Pharmaceutical organizations; a commitment to give the time and attention to the duties required of them; and evidence of an independent and inquiring mind willing to question management’s assumptions. When a new director is needed, the Committee seeks recommendations from current directors, officers and business associates. The Committee, upon recommendation of a significant shareholder, Lloyd I. Miller, III, has nominated Mr. Eric W. Fangmann to be a Class I director, to be voted on at the Company’s Annual Meeting of Stockholders, to be held on June 12, 2014, as described in this Proxy Statement.

The Corporate Governance/Nominating Committee consists of Dr. Feldman (Chairman) and Mr. Howse. Each member of the Committee is an “independent director” as defined in Nasdaq Listing Rule 5605 (a)(2). The Corporate Governance/Nominating Committee met one time during 2013.

Stockholder Nomination of Director Candidates

The Corporate Governance/Nominating Committee will consider for nomination as a director of the Company any director candidate recommended or nominated by stockholders in accordance with the process outlined below. Director candidates recommended or nominated by stockholders are not evaluated differently from recommendations or nominations from other sources.

Stockholders wishing to recommend candidates for consideration by the Corporate Governance/ Nominating Committee may do so by providing the candidate’s name, contact details, biographical data, and qualifications in

writing to the Corporate Governance/Nominating Committee, c/o Secretary, Capstone Therapeutics Corp., 1275 West Washington Street, Suite 104, Tempe, Arizona 85281. The Board may change the process for the means by which stockholders may recommend director candidates to the Corporate Governance/Nominating Committee. Please refer to the Company's website at www.capstonethx.com and the Company's SEC filings for any changes to this process.

Any stockholder entitled to vote for the election of directors at a meeting may nominate persons for election as directors only if written notice of such stockholder's intent to make such nomination is given, either by personal delivery at 1275 West Washington Street, Suite 104, Tempe, Arizona or by United States mail, postage prepaid to Secretary, Capstone Therapeutics Corp., 1275 West Washington Street, Suite 104, Tempe, Arizona 85281, not later than: (i) with respect to the election to be held at an annual meeting of stockholders, 20 days in advance of such meeting; and (ii) with respect to any election to be held at a special meeting of stockholders for the election of directors, the close of business on the fifteenth (15th) day following the date on which notice of such meeting is first given to stockholders. Each such notice must set forth: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that such stockholder is a holder of record of stock of the corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between such stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such stockholder; (d) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC if such nominee had been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Company if elected. The chairman of the stockholders' meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Board Leadership Structure and Role in Risk Oversight

The Company believes that the value to an organization of a separation of the duties of the Chairman of the Board and Principal Executive Officer depends largely on the operating characteristics and organizational structure of the Company.

Currently, the Company's operations are focused on pre-clinical studies and small early stage clinical trials. We have no products close to market and, accordingly, no product marketing, sales or manufacturing activities. We are a small organization of currently two full-time employees.

The Board believes the Company is at a stage where the Board can effectively perform its oversight responsibilities, including its responsibilities to oversee risk, without a separation of the Chairman and Principal Executive Officer position and that its leadership structure is currently the most efficient way to conduct its business. The Board administers these oversight responsibilities through review and approval of short and long term strategic plans, annual budgets, annual Company goals and objectives, executive management's compensation structure, and all transactions, contracts or agreements that could have, in the Board's opinion, a material effect on the Company. Additionally, the Board's Audit Committee assists the Board in its oversight of the Company's financial reporting process as outlined in this Proxy Statement and the Audit Committee's Charter.

The Company has a lead independent director (Elwood D. Howse, Jr.), who sets the agenda and leads the periodic meetings of non-executive independent directors. Under leadership of the lead independent director, the non-executive independent directors privately review and approve the Executive Chairman's annual goals and objectives and related compensation structure, as well as address any other business matters on which a director believes private discussion is required.

Stockholder Communications with Board

Stockholders wishing to communicate with the Board of Directors or with a Board member should address communications to the Board or to the particular Board member, c/o Secretary, Capstone Therapeutics Corp., 1275 West Washington Street, Suite 104, Tempe, Arizona 85281. All communications sent in this manner to the Board members will be forwarded directly to the Board. From time to time, the Board may change the process for the means

by which stockholders may communicate with the Board or its members. Please refer to the Company's website at www.capstonethx.com for any changes to this process.

COMPENSATION OF DIRECTORS

The following table sets forth compensation awarded to, earned by or paid to the Company's directors during the last fiscal year. EXECUTIVE COMPENSATION

The Compensation Committee's Conclusion

The Compensation Committee, at its meeting held at the beginning of the fiscal year, formulates its recommendations regarding what areas of the compensation components will be adjusted for the upcoming year and what the performance bonus for the prior year will be.

Board Approval

At the first Compensation Committee meeting of the year, the Compensation Committee reviews the Executive Chairman and other executive officers' compensation and bonuses and presents its recommendations to the Board of Directors. The final total compensation package decision regarding the Executive Chairman is made by the Independent Directors in an Executive Session without the Executive Chairman or other members of management present, and the final decisions on other executives' total compensation packages are made by the full Board of Directors.

The following discussion is provided to facilitate stockholder understanding of the named executive officer compensation information included in this Annual Report on Form 10-K.

Officer and Key Consultant Compensation

On October 13, 2011, the Company's Board of Directors (the "Board") adopted a plan to preserve cash during ongoing partnering efforts. Included in the actions taken was the termination of the employment of John M. Holliman, III, Executive Chairman and Randolph C. Steer, MD, Ph.D., President. These individuals have continued as consultants, rather than as employees, at consulting rates which would equate to approximately \$100,000 per year for Mr. Holliman and \$120,000 (increased to \$135,000 for 2014) per year for Dr. Steer. As employees, their base compensation had historically been \$200,000 for Mr. Holliman and \$325,000 for Dr. Steer. Les M. Taeger, Chief Financial Officer and Senior Vice President has continued as an employee, but his base compensation was reduced from \$242,000 per year to \$120,000 (increased to \$135,000 for 2014) per year. All of these officers had also been eligible for an annual bonus based on individual and Company performance goals of up to 40% of their base compensation. The Board's actions included cancellation of the Company's bonus plan. The vested outstanding stock options held by each executive will continue to be exercisable while such executive is serving as a consultant to the Company.

Equity Based Compensation

We provide a certain level of cash compensation to each executive as both a short-term reward and to focus executive performance on short-term goals that are part of our long-term strategies. Additionally, we use a combination of stock option grants and common stock awards to generate a commitment to and a long-term investment in our Company. Grants and awards were determined based on the position and competitive factors, as well as substantial compensation reductions effective October 31, 2011.

Stock Option Grants

In 2013, the Company granted options to employees to purchase 181,000 shares of the Company's Common Stock with the exercise price determined by the closing market price on the date of grant (\$0.17 to \$0.35) and an aggregate grant date fair value of \$26,000. This grant included grants to the named executives (Holliman 61,000 shares, Steer 61,000 shares and Taeger 39,000 shares).

Common Stock Awards

There were no common stock awards in 2013.

13

Fringe Benefits, Perquisites and Retirement Benefits.

Our executive employee participates in group health, dental, life, and disability programs and participates in our 401K plan on the same basis as other employees. No perquisites are provided to executives that in aggregate exceed \$10,000 per year.

Joint Venture Bonus Plan

On August 9, 2012, our Board approved a performance based incentive compensation plan (the “Plan”) for our executive and consultants who were primarily responsible for identifying the investment opportunity for the development of Apo E mimetic peptide AEM-28 and analogs, a class of Cardiovascular drugs targeting indications related to lowering blood cholesterol levels, completing the formation of the joint venture LipimetiX Development LLC (JV), and who will participate in the management of JV.

The Plan provides for a bonus pool, shared 40% by Mr. Holliman, 40% by Dr. Steer and 20% by Mr. Taeger, of 2.5% of the cash or in kind distributions from JV to the Company after the Company has received return of its initial \$6,000,000 investment. The individuals’ interest in the bonus pool vested 50% upon Board approval of the Plan (August 9, 2012) and will vest 50% upon the presentation by the JV to its Members of quantitative/qualitative safety and efficacy results from all protocol-designated endpoints of the AEM-28 Phase 1b/2a clinical trial. There will be accelerated vesting upon the sale of the Company’s interest in JV. To continue vesting, participants must be an employee or active consultant of the Company.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT, AND
CHANGE-IN-CONTROL ARRANGEMENTS

Effective April 5, 2006, Mr. John M. Holliman, III, became Executive Chairman and Principal Executive Officer. On May 12, 2006, the Company entered into an agreement to compensate Mr. Holliman for his services as the Company's Executive Chairman and principal executive officer (the "Holliman Agreement").

Effective October 31, 2011, the employment of Mr. Holliman was terminated which resulted in the acceleration of the vesting of the options to purchase shares of the Company's common stock held by Mr. Holliman, so that his options became exercisable, and payment of his severance benefit. Subsequent to October 31, 2011, Mr. Holliman has continued his role as Executive Chairman under a consulting agreement, which provides for compensation at an annual rate of \$100,000. Mr. Holliman did not receive a bonus in 2013.

Effective April 5, 2006, Randolph C. Steer, MD, Ph.D., became President of the Company. Dr. Steer has performed services for the Company since 2002. On May 12, 2006, the Company also entered into an agreement with Randolph C. Steer, MD, Ph.D., to compensate Dr. Steer for his services as the Company's President and Chief Operating Officer (the "Steer Agreement").

Effective October 31, 2011, the employment of Dr. Steer was terminated which resulted in the acceleration of the vesting of the options to purchase shares of the Company's common stock held by Dr. Steer, so that his options became exercisable, and payment of his severance benefits. Subsequent to October 31, 2011, Dr. Steer has continued to provide services under a consulting agreement, which provides for compensation at an annual rate of \$120,000. Dr. Steer did not receive a bonus in 2013. Dr. Steer's compensation rate for 2014 will be \$135,000.

On January 10, 2006, the Company entered into an employment agreement with Les M. Taeger, dated as of January 10, 2006, effective as of January 16, 2006 (the "Taeger Employment Agreement"), pursuant to which Mr. Taeger serves as the Company's Senior Vice President / Chief Financial Officer. Under the Taeger Employment Agreement, Mr. Taeger may be terminated at any time, with or without cause, at the option of either the Company or Mr. Taeger. Mr. Taeger will receive medical, dental and other fringe benefits generally granted to the Company's senior management.

Effective October 31, 2011, Mr. Taeger's annual base salary was reduced to \$120,000 and the Company's bonus plan was terminated. Mr. Taeger did not receive a bonus in 2013. Mr. Taeger's salary for 2014 will be \$135,000.

Under the Company's stock option plans, upon the occurrence of a merger in which the Company is not the surviving entity, a sale of substantially all of the assets of the Company, an acquisition by a third party of 100% of the Company's outstanding equity securities or a similar reorganization of the Company, 75% of all unvested options will vest, with the balance vesting equally over 12 months or according to the individual's vesting schedule, whichever is earlier. If the option holder loses his position with the Company as a result of the merger or sale, 100% of his options will immediately vest. Additionally, the Company's 1997 Stock Option Plan and 2005 Equity Incentive Plan provide that, upon a merger, consolidation or reorganization with another corporation in which the Company is not the surviving corporation, outstanding options shall be substituted on an equitable basis for options for appropriate shares of the surviving corporation, or optionees shall receive cash in exchange for cancellation of outstanding options.

At December 31, 2013, unvested options held by named executive officers had intrinsic value of \$41,000 and accordingly, accelerated vesting clauses if triggered at December 31, 2013, would have provided \$41,000 of additional compensation to the named executive officers.

As such, the Board reviews all proposals submitted by stockholders for action at the annual stockholders' meeting with regards to each such proposal.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors reviews transactions with related parties, but has no formal policies in place with respect to such reviews or the approval of such transactions. During 2013 there were no reported related party transactions with directors, executive officers or other related parties, which might have required disclosure under SEC rules or which were otherwise material to the Company.

The Company has entered into indemnity agreements with all of its directors, officers and key consultant for the indemnification of and advancing of expenses to such persons to the fullest extent permitted by law.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, its executive officers and any persons holding more than 10% of the Company's Common Stock are required to report their initial ownership of the Company's Common Stock and any subsequent changes in that ownership to the SEC. Specific due dates for these reports have been established, and the Company is required to disclose any failure to file by these dates. The company believes that all of these filing requirements were satisfied during the year ended December 31, 2013, except for Form 4's, filed with the SEC on October 30, 2013 by Randolph C. Steer and Leslie M. Taeger, each for options granted on October 25, 2013, to purchase 10,000 shares of the Company's common stock, that required reporting on or before October 29, 2013.

In making these disclosures, the Company has relied solely on written representations of those persons it knows to be subject to the reporting requirements and copies of the reports that they have filed with the SEC.

A list of directors, executive officers and persons holding more than 10% of the Company's Common Stock is included in Item 12 under the caption "Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters" in this Annual Report on Form 10-K.

PROPOSAL 2: APPROVAL OF AMENDMENT TO THE COMPANY'S 2005 EQUITY INCENTIVE PLAN INCREASING SHARES AVAILABLE FOR GRANT BY 500,000 SHARES

Overview

Capstone Therapeutics Corp. is proposing to amend its 2005 Equity Incentive Plan (the "2005 Plan") to increase the size of the pool of available securities for issuance to its employees, directors and appropriate third parties. The stated purposes of the 2005 Equity Incentive Plan are to attract and retain the best available employees and directors of the Company or any subsidiary which now exists or hereafter is organized or acquired by the Company, as well as appropriate third parties who can provide valuable services to the Company, to provide additional incentive to such persons and to promote the success and growth of the Company. The Company currently has two employees and three non-employee directors on its Board who may participate in the 2005 Plan. We also may provide grants to appropriate third parties in the future as provided in the 2005 Plan.

The 2005 Plan provides for the grant of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock shares and restricted stock units. A maximum of 3,250,000 shares of Common Stock may be issued under the 2005 Plan and no person may receive awards for more than 300,000 shares in any calendar year. At March 31, 2014, 519 shares remain available to grant under the 2005 Plan, and 500,000 shares is approximately 1.2% of the Company's Common Stock outstanding at April 25, 2014. This amendment increases the maximum number of shares that may be issued under the 2005 Plan by 500,000 shares to 3,750,000 shares. The closing price of our Common Stock on April 25, 2014 was \$.26.

Vote Required for Amendment of the Plan

The amendment to the 2005 Plan will be submitted to the stockholders for approval in order to satisfy applicable SEC and Internal Revenue Code requirements. Stockholder approval enables the Company to take tax deductions for awards paid to an executive officer of the Company whose annual compensation exceeds \$1 million. Any awards granted prior to such stockholder approval shall be expressly conditioned upon such stockholder approval of the Plan. The affirmative vote of a majority of the votes cast, with a majority of the shares entitled to vote constituting a quorum, is required to approve the amendment to the 2005 Plan. The following is a summary of the material terms and provisions of the 2005 Plan. This summary is qualified in its entirety by reference to the complete text of the 2005 Plan, which was attached to the Proxy Statement filed on form 14A with the Securities and Exchange Commission on April 14, 2006, and is also available upon request to the Secretary of the Company.

Principal Features of the 2005 Equity Incentive Plan

The 2005 Plan will be administered by a committee (the “Committee”) designated by the Company’s Board of Directors. For purposes of the power to grant awards to Company directors, the Committee shall consist of the entire Board. For other 2005 Plan purposes, the 2005 Plan shall be administered by a committee designated by the Board to administer the 2005 Plan and shall initially be the Compensation Committee of the Board. The Committee may delegate some of its responsibilities and powers to any executive officer or officers of the Company selected by it.

Stock Options. Options may be incentive stock options (“ISOs”) or non-qualified stock options (“NSOs”); provided, however, that incentive stock options may not be granted to directors or other non-employees. The exercise price for any option shall not be less than one hundred percent of the fair market value of the shares on the date of grant.

Each option grant will be evidenced by a stock option agreement containing the terms and conditions required by the 2005 Plan and such other terms as the Committee may deem appropriate in each case. Each stock option agreement shall state the period or periods of time within which an option may be exercised, as determined by the Committee. Options will have a maximum exercise term of ten years from the date of grant. The Committee does not have the authority to “reprice” options.

Stock Appreciation Rights. Stock Appreciation Rights (“SARs”) provide a benefit that is measured by the appreciation in value of the Company’s Common Stock over a period of time. Each SAR grant will be evidenced by an agreement containing the terms and conditions required by the 2005 Plan and such other terms as the Committee may deem appropriate in each case. Upon the exercise of SARs, the Grantee (as defined in the 2005 Plan) will receive an amount determined by multiplying (1) the difference obtained by subtracting the value of Company Common Stock on the grant date from the value of Company Common Stock on the exercise date, by (2) the number of SARs exercised. The Committee may elect to pay the amount payable in cash, in shares of Company Common Stock, or in some combination thereof.

Restricted Stock. Restricted Stock Awards may consist of shares of Common Stock issued subject to forfeiture if specified conditions are not satisfied (“Restricted Stock Shares”) or agreements to issue shares of Common Stock in the future if specified conditions are satisfied (“Restricted Stock Units”). The Committee will determine the eligible persons to whom and the times at which restricted stock awards will be made, the number of shares to be awarded, the time or times within which such awards may be subject to forfeiture, and any other terms and conditions of the awards.

Grants of restricted stock may be conditioned upon the attainment of specified performance goals or other criteria determined by the Committee. Unless otherwise provided in the applicable agreement, the portion of the restricted stock award still subject to restriction will be forfeited by the Grantee upon termination of the Grantee’s service for any reason. If and when the applicable restrictions lapse, unrestricted certificates for such shares will be delivered to the Grantee.

Change of Control. Upon a Change of Control (as defined in the 2005 Plan), 75% of the unvested Awards (as defined in the 2005 Plan) held by each Grantee shall automatically become vested. The balance of each Grantee’s unvested Awards will vest in 12 equal monthly installments following the occurrence of a Change of Control, or according to the Grantee’s individual vesting schedule, whichever is earlier. If a Grantee loses his position with the Company as a result of or subsequent to the occurrence of a Change of Control, 100% of the unexpired and unvested Awards granted pursuant to the 2005 Plan held by such Grantee shall automatically become vested upon such loss of position.

Amendment of the 2005 Plan. The Board may from time to time amend, modify, suspend or terminate the 2005 Plan; provided, however, that no such action shall (a) impair without the Grantee’s consent any Award theretofore granted under the Plan or (b) be made without stockholder approval where such approval would be required as a condition of

compliance with the Code or other applicable laws or regulatory requirements.

Certain Federal Income Tax Consequences of the 2005 Plan

The following is a brief summary of the principal income tax consequences under the Internal Revenue Code (the "Code") of awards made under the 2005 Plan.

Nonqualified Stock Options. A Grantee will not recognize taxable income at the time an NSO is granted. Upon exercise of the NSO, a Grantee will recognize compensation income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. The amount of such difference will be a deductible expense to the Company for tax purposes.

Incentive Stock Options. A Grantee, upon exercise of an ISO, will not recognize taxable income, if the Grantee complies with two separate holding periods: shares acquired upon exercise of an ISO must be held for at least two years after the date of grant and for at least one year after the date of exercise. The difference between the exercise price and the fair market value of the stock at the date of exercise is, however, a tax preference item. When the shares of stock received pursuant to the exercise of an ISO are sold or otherwise disposed of in a taxable transaction, the optionee will recognize a capital gain or loss, measured by the difference between the exercise price and the amount realized.

Ordinarily, an employer granting ISOs will not be allowed any business expense deduction with respect to stock issued upon exercise of an ISO. However, if all of the requirements for an ISO are met except for the holding period rules set forth above, the Grantee will be required, at the time of the disposition of the stock, to treat the lesser of the gain realized or the difference between the exercise price and the fair market value of the stock at the date of exercise as ordinary income and the excess, if any, as capital gain. The Company will be allowed a corresponding business expense deduction to the extent of the amount of the Grantee's ordinary income.

Stock Appreciation Rights. A participant will not recognize taxable income upon the grant of an SAR. Upon the exercise of an SAR, the amount paid or the value of stock delivered to the Grantee will constitute compensation taxable to the Grantee as ordinary income. The Company is generally entitled to an income tax deduction for any compensation income taxed to the Grantee upon exercise of an SAR.

Restricted Stock Shares. A Grantee receiving a restricted stock award will generally recognize ordinary income in an amount equal to the fair market value of the stock at the time the stock is no longer subject to forfeiture. While the restrictions are in effect, the Grantee will recognize compensation income equal to the amount of any dividends received and the Company will be allowed a deduction for that amount. A Grantee may elect, under Section 83(b) of the Code, within 30 days of the stock grant to recognize taxable ordinary income on the date of grant equal to the fair market value of the shares (determined without regard to the restrictions) on such date. The Company will generally be entitled to a deduction equal to the amount that is taxable as ordinary income to the Grantee in the year that such income is taxable.

Restricted Stock Units. A Grantee who has been granted restricted stock units will not recognize taxable income until the applicable restriction has lapsed. The Grantee will then recognize taxable income equal to the fair market value of the shares delivered or the amount of cash paid. The Company is generally entitled to an income tax deduction for any compensation income taxed to the grantee.

THE BOARD RECOMMENDS A VOTE IN FAVOR OF APPROVAL OF THE AMENDMENT TO THE COMPANY'S 2005 EQUITY INCENTIVE PLAN TO INCREASE SHARES AVAILABLE TO GRANT BY 500,000 SHARES.
