COCONNECT, INC.  
Notes to the condensed Financial Statements (Unaudited)  
As of June 30, 2009

GENERAL

CoConnect, Inc. (the Company) has elected to omit substantially all footnotes to the financial statements for the six months ended June 30, 2009, since there have been no material changes (other than indicated in other footnotes) to the information previously reported by the Company in their Annual Report filed on the form 10 K for the twelve months ended December 31, 2008.

EQUITY TRANSACTIONS

None.

RELATED PARTY TRANSACTIONS

For the six months ended June 30, 2009, the Noctua Fund Manager, LLC paid \$9,972 to cover professional fees and certain general and administrative expenses of the Company. As of June 30, 2009, there is \$21,581 due to related parties. Noctua Fund Manager, LLC's managing member is Mark Baum our President.

UNAUDITED INFORMATION

The information furnished herein was taken from the books and records of the Company without audit. However, such information reflects all adjustments which are, in the opinion of management, necessary to properly reflect the results of the interim period presented. The information presented is not necessarily indicative of the results from operations expected for the full fiscal year.

GOING CONCERN

The accompanying financial statements have been prepared assuming we will continue as a going concern. Because of the recurring operating losses and excess of current liabilities over current assets, there is substantial doubt about the Company's ability to continue as a going concern. The Company had substantial operating losses for the past years and is dependent upon outside financing to continue operations. The Company's continuation as a going concern is dependent on attaining profitable operations, restructuring its financial obligations, and obtaining additional outside financing. The Company plan to raise necessary funds from shareholders to satisfy the expense requirements of the Company.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

The below discussion is furnished in accordance with Item 303 of Regulation S-B.

### FORWARD-LOOKING STATEMENTS

This discussion and analysis in this Quarterly Report on Form 10-Q should be read in conjunction with the accompanying Consolidated Financial Statements and related notes. Our discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of any contingent liabilities at the financial statement date and reported amounts of revenue and expenses during the reporting period. We review our estimates and assumptions on an on-going basis. Our estimates are based on our historical experience and other assumptions that we believe to be reasonable under the circumstances. Actual results are likely to differ from those estimates under different assumptions or conditions, but we do not believe such differences will materially affect our financial position or results of operations. Our critical accounting policies, the policies we believe are most important to the presentation of our financial statements and require the most difficult, subjective and complex judgments, are outlined below in "Critical Accounting Policies," and have not changed significantly.

In addition, certain statements made in this report may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements involve known or unknown risks, uncertainties and other factors that may cause the actual results, performance, or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Specifically, but not limited to, 1) our ability to obtain necessary regulatory approvals for our products; and 2) our ability to increase revenues and operating income, is dependent upon our ability to develop and sell our products, general economic conditions, and other factors. You can identify forward-looking statements by terminology such as "may," "will," "should," "expects," "intends," "plans," "anticipates," "believes," "estimates," "predicts," "potential," "continues" or the negative of these terms or other comparable terminology. We base these forward-looking statements on our expectations and projections about future events, which we derive from the information currently available to us. Such forward-looking statements relate to future events or our future performance. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Forward-looking statements are only predictions. The forward-looking events discussed in this Quarterly Report, the documents to which we refer you, and other statements made from time to time by us or our representatives, may not occur, and actual events and results may differ materially and are subject to risks, uncertainties, and assumptions about us. For these statements, we claim the protection of the "bespeaks caution" doctrine. The forward-looking statements speak only as of the date hereof, and we expressly disclaim any obligation to publicly release the results of any revisions to these forward-looking statements to reflect events or circumstances after the date of this filing.

### OVERVIEW AND PLAN OF OPERATION

We are currently seeking to acquire assets or shares of an entity actively engaged in business which generates revenues. We have several acquisitions in mind and are investigating the candidates to determine whether or not they will add value to the Company for the benefit of our shareholders. Our Board of Directors intends to obtain certain assurances of value of the target entity's assets prior to consummating such a transaction. Any business combination or transaction will likely result in a significant issuance of shares and substantial dilution to our present stockholders.

## RECENT DEVELOPMENTS

On July 16, 2009, we retained Chang G. Park, CPA to review all interim period financial statements going forward and audit our financial statements for the upcoming year ending December 31, 2009.

## RESULTS OF OPERATIONS

During the periods ended June 30, 2009 and 2008, the Company had no revenues from operations.

The Company had \$2,123 in total operating expenses for the three months ended June 30, 2009. Total operating expenses for the three months ended June 30, 2008 were \$0.

For the current fiscal year, the Company anticipates incurring a loss as a result of legal and accounting expenses, and expenses associated with locating and evaluating acquisition candidates. The Company anticipates that until a business combination is completed with an acquisition candidate, it will not generate revenues, and may continue to operate at a loss after completing a business combination, depending upon the performance of the acquired business.

## LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2009, the Company had total assets of \$0 and total liabilities of \$114,121, resulting in a working capital deficiency of \$114,121. The Company had a stockholders' deficit of \$114,121 at June 30, 2009.

## NEED FOR ADDITIONAL FINANCING

Additional funding will be required in order for the company to survive as a going concern and to finance growth and to achieve our strategic objectives. Management is actively pursuing additional sources of funding. If we do not raise sufficient funds in the future, we may not be able to fund expansion, take advantage of future opportunities, meet our existing debt obligations or respond to unanticipated requirements. Financing transactions in the future may include the issuance of equity or debt securities, obtaining credit facilities, or other financing mechanisms.

The amount and timing of our future capital requirements will depend upon many factors, including the level of funding received from possible future private placements of our common stock and the level of funding obtained through other financing sources, and the timing of such funding.

We intend to retain any future earnings to retire any existing debt, finance the expansion of our business and any necessary capital expenditures, and for general corporate purposes.

## GOING CONCERN

The accompanying financial statements have been prepared assuming we will continue as a going concern. We have had substantial operating losses for the past years and are dependent upon outside financing to continue operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. It is management's plan to raise necessary funds from shareholders to satisfy the expense requirements of the Company.

## OFF-BALANCE SHEET FINANCINGS

None.

## GOVERNMENTAL REGULATIONS

None.

RESEARCH AND DEVELOPMENT

None.

EMPLOYEES

We currently have no full time employees.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

None.

ITEM 4. CONTROLS AND PROCEDURES

As required by Rule 13a-15 under the Securities Exchange Act of 1934 ("Exchange Act") we carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as June 30, 2009, being the date of our most recently completed fiscal quarter. This evaluation was carried out under the supervision and with the participation of our Chief Executive and Chief Financial Officer. Based upon that evaluation, our Chief Executive and Chief Financial Officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to them to allow timely decisions regarding required disclosure.

During our most recently completed fiscal quarter ended June 30, 2009, there were no changes in our internal control over financial reporting that have materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

We currently do not have an audit committee, or a person serving on our Board of Directors who would qualify as a financial expert.
